## CATALOG 2024-2025

This catalog is valid from August 1, 2024 through July 31, 2025. It is in effect for the Fall and Spring semesters and any session (intersession) which commences within this defined period of time.

Every reasonable effort has been made to determine that everything stated in this Catalog is accurate. Because this publication must be prepared well in advance of the period of time it covers, changes in some courses and programs inevitably will occur.

Courses and programs offered, together with other matters contained herein, are subject to change without notice by the Administration of the Desert Community College District or College of the Desert and, in addition, some courses or programs that are offered may have to be cancelled because of insufficient enrollment or because of elimination or reduction in programs or because of any other reason considered sufficient by the Superintendent/President or designee.

The District and College further reserve the right to add, amend, or repeal any of their rules, regulations, policies, procedures or timelines.

College of the Desert is accredited by the Accreditation Commission for Community and Junior Colleges of the Western Association of Schools and Colleges, 10 Commercial Blvd., Suite 204, Novato, CA 94949, 415.506.0234, an institutional accrediting body recognized by the Council for Higher Education Accreditation and the U.S. Department of Education.

## DESERT COMMUNITY COLLEGE DISTRICT

College of the Desert

### ADMINISTRATION

**Laura Hope, M.A.**  
Interim  
Superintendent/President

**Misty Burruel, M.F.A**  
Vice President, Instruction

**Val Martinez Garcia, M.S.**  
Vice President, Student Services

**Rodrigo Garcia, C.P.A., M.B.A.**  
Vice President, Administrative Services

**Diana Galindo, M.P.A.**  
Vice President, Human Resources  
and Employee Relations

Welcome to College of the Desert!

Your admission to College of the Desert is your ticket to pathways, classes, support services, and a community that can change the trajectory of your life.

We are excited to serve as your launching point into a bright future. With hundreds of classes to support your educational goals, you'll find everything you need to start here and then go anywhere--whether your next chapter involves transferring to a four-year university, pursuing advancement in your current career, or beginning a new career all together.

During your time at College of the Desert, you'll find that we support the whole student. We offer resources and support services to ensure your experience is a good one. Programs such as tutoring, counseling, wellness, food pantries, and financial support are designed to address your full range of needs.

Get plugged in with a variety of campus activities. On-campus clubs provide specialized assistance to veterans, LBGTQIA+ and other student populations, and help create a rich, diverse, and inclusive learning environment that is a hallmark of College of the Desert.

Build a flexible class schedule around your responsibilities with a variety of class formats. Classes at our five campuses across the Coachella Valley are offered in-person, online or a combination of both, so you can take the classes you want, when you want, where you want.

Your experience at College of the Desert is going to be a great one! Thank you for allowing College of the Desert to be a part of this leg of your journey.

I look forward to seeing you around campus.

Sincerely,

Laura Hope

Interim Superintendent/President

# DESERT COMMUNITY COLLEGE DISTRICT

## Board of Trustees 2024-2025

The members of the Board of Trustees are elected by the people of the Desert Community College District for a term of four years. A Student Trustee is elected annually by College of the Desert students.

# WHO ARE WE?

## History of the College

The College's pLEDGE program commits to providing free tuition for two years to local high school students who enroll at College of the Desert full time. In 2020, the program was expanded to include Coachella Valley residents who have attended College of the Desert in the past but are not currently enrolled. In June 2021, College of the Desert received \$18 million from philanthropist MacKenzie Scott, the largest one-time grant in the College's 60+ year history. That endowment continues to support the continuation of free tuition through the pLEDGE program.

In 2024, the College opened its second Child Development Center and is poised to open the Indio Expansion site across the street, which will significantly add learning opportunities to the surrounding communities to explore both career certification and transfer programming in order to achieve their goals. Classes will begin in the new Indio expansion in fall 2024.

College of the Desert will open a one-of-a-kind campus site focused on automotive technology programming which will include emphasis areas in traditional combustion engines, electric, and hydrogen. This state-of-the-art facility will uniquely support the transportation sector in the Coachella Valley and will open in 2026.

Fall 2024 will also include the dedication and groundbreaking for the new Palm Springs campus location. The Palm Springs campus is planned as a destination learning space focusing on hospitality, culinary, digital media/film, healthcare, and sustainability. Classes will begin in 2027.

To support students beyond the classroom, College of the Desert offers food pantry access every week, \$5 textbook rental, transportation between campuses on Roadrunner Express, financial support through scholarships, grants, and internships, centers focused on the needs of Dreamers, Foster Youth, LGBTQ, and Black student groups.

Through the College's expansive academic programming, students can access a variety of career certifications in professions like HVAC, welding, and EMT while also providing excellent transfer preparation to both public and private universities throughout the country. All of the college's degrees and certificates are Accredited through the Accreditation Commission of Community and Junior Colleges (ACCJC), of which COD is a member.

College of the Desert continues to evolve its programming, facilities, and supports in order to serve the communities of the Coachella Valley.

The faculty, staff, and administrators of College of the Desert endeavor every day to make sure that students can improve their quality of life and economic mobility as a result of their relationship and study with College of the Desert.

## Mission, Vision & Values

### Mission

College of the Desert is an inclusive, student-centered community college providing high-quality degree, certificate, and transfer programs that are accessible, affordable, and responsive to the diverse needs of students and our community. By preparing workforce professionals and leaders, the College enhances the local economy, closes persistent equity gaps, and improves the quality of life in the Coachella Valley and surrounding communities.

### Vision

College of the Desert will be a culture of diversity, equity, inclusion, and social justice, while continually improving community access to relevant training, certificates, degree programs, services, and transfer opportunities.

### Values

We fulfill our Vision and Mission by creating and sustaining a community where all are welcomed and valued. Recognizing the importance of diversity, we acknowledge the rich and unique contributions each person makes to achieve the Vision and advance the Mission of the College. To this end, the following Values will guide our actions:

**Access:** To fulfill our Mission and achieve our Vision, we commit to ensuring open access to educational opportunities.

**Collegiality:** We value the thoughts, words, and actions of our students, colleagues, and community members. We encourage open dialogue, respectful dissent, and varying opinions in an inclusive forum. We pursue broad understanding, effective dialogue, and inclusive decision-making.

**Diversity, Equity, Inclusion, and Accessibility (DEIA):** We embrace the diversity of our community and uphold the dignity and worth of every individual. We strive to create safe, equitable, and accessible environments so individuals can learn, grow, and complete their educational goals.

**Empathy:** We listen to each other compassionately, with open minds, and without judgment.

**Fiscal Accountability:** As good stewards of the public trust, we take thoughtful, intentional, and responsible action in allocating resources to fulfill our Mission and Vision. We anticipate and respond to dynamic fiscal conditions through ongoing evaluation, effective planning, reallocating existing resources with an equity lens, and developing and seeking new funds.

**Innovation:** We create an environment of empowerment, creativity, courage, and exploration to provide a unique student-learning-centered culture that fosters innovation.

**Social Justice:** We commit to a fair and equal society in which all people and groups are valued and affirmed. We embrace efforts to end systemic racism. We recognize the legacy of past injustices and promote actions in support of restorative justice and full implementation of human and civil rights. (Based on: John Lewis, Institute for Social Justice.)

**Student Success:** We commit to student learning, goal completion, personal fulfillment, and lifelong learning.

## Institutional Outcomes

### Institutional Learning Outcomes

Institutional Learning Outcomes (ILOs) include the knowledge, skills, and abilities embedded within every aspect of our college to inspire and enhance each student's transferable learning skills. The ILOs represent the broad categories of competence that enable students to be successful in further education, careers, as citizens and in their personal lives. These ILOs were written collaboratively by faculty, approved by the Academic Senate, and mapped to PLOs.

## Critical Thinking

Apply principles of logic to analyze problems, develop arguments, and derive conclusions.

## Communication

Use various communication modalities effectively and participate in the exchange of ideas.

## Information Literacy

Demonstrate the critical competencies for finding, assessing, synthesizing, and applying factual evidence from information sources in an ethical and legal manner.

## Scientific Inquiry

Interpret quantitative and qualitative data logically to solve problems and innovate.

## Aesthetics

Evaluate cultural and natural forms according to objective and subjective aesthetic criteria.

## Professional Development

Self-evaluate knowledge, skills, and abilities in the pursuit of realistic goals.

## Personal Development

Develop the self-awareness, confidence, and discipline to pursue intellectual curiosities.

## Global Citizenship

Recognize the interconnectedness of global, national, and local concerns and develop respect for diverse cultures and viewpoints.

## Ethics

Apply ethical reasoning to contemporary issues and moral dilemmas with integrity.

## Social Justice

Recognize and respect diversity, promote equity, and practice environmental and social justices in our communities.

# Student Learning Outcomes & Assessment

In concert with the nationwide effort among colleges and universities to create an evidence-based process that documents the effectiveness of teaching and learning, as well as improvements to that process, College of the Desert is positioned to enrich the lives of our students by stating and assessing learning outcomes. Faculty at the College believe in integrative general education that encompasses not only knowledge and abilities, but values, attitudes, and habits that create success within and outside of the academic arena.

Learning is a complex process. Assessing learning should reflect the adequacy and intricacy of its subject. Effective assessment includes diverse methods of measurement designed to give educators an understanding of how students learn and perform over time. Therefore, assessment is ongoing, revealing change, growth, and increasing degrees of integration. As our picture of learning comes into clear view, we provide

ourselves with a solid foundation for improving our students' educational experience.

As we embark upon understanding students' educational experience in the 21st century, faculty at College of the Desert recognize that student learning is a campus-wide responsibility and assessment is a way of executing that responsibility. While faculty are the main drivers of this movement, we appreciate that we will also rely upon participation from student services, librarians, administrators, and students. Assessment may also involve community members such as alumni/ae, trustees, and employers. It is our shared understanding of assessment as a continual learning cycle that includes measurement, feedback, reflection, and change that will foster teaching excellence as we challenge and support our students' active engagement in the learning process.

## General Education Philosophy

At College of the Desert, we provide students with the opportunity to engage in meaningful learning experiences that challenge and encourage them to become lifelong learners. The promise of general education is that it provides an integrative and comprehensive program that is broad and deep, introducing students to skills, knowledge, and patterns of learning that foster better understanding of themselves and the world around them.

The need for skills, the quest for knowledge, and the curiosity of the human spirit is interdisciplinary in nature, as reflected by the areas of study that comprise general education at College of the Desert. **Natural Sciences** lay the foundation for understanding living and non-living systems, introducing students to the power of systematic questioning. **Social and Behavioral Sciences** heighten students' awareness of social, political, and economic institutions and human behavior in contemporary, historical, and geographical contexts. **Arts, Humanities, and Culture** allow students to appreciate and develop philosophical, cultural, and literary perspective, encouraging independence and aesthetic sensibility. **Language and Rationality** emphasize active participation in clear communication, logical thought, and quantitative reasoning. Ultimately, as students are exposed to **Personal Growth and Development**, they are asked to adapt, respond, and grow in the diverse, global, and rapidly changing environment of the 21st century as well-rounded global citizens.

General education at College of the Desert prepares students to live productive lives with self-understanding, respect for others, and skills critical to lifelong learning.

## Supporting Organizations

### Alumni Association

The College of the Desert Alumni Association, a nonprofit chartered in 1983, was established to enhance the success of College of the Desert students and enrich the campus environment. The Association provides financial assistance for student programs and scholarships with funds raised from the popular Street Fair. For more information, please contact the Alumni Association at 760.636.7957 or email [byoung@collegeofthedesert.edu](mailto:byoung@collegeofthedesert.edu).

### College of the Desert Foundation

College of the Desert Foundation is a nonprofit organization whose primary purpose is to provide financial support from the private and public sectors to help underwrite those programs and facilities at the College, which cannot be funded through other means. The Foundation Board and committees are composed of community leaders who

volunteer to work with College staff to support the College's specific needs, present and future. Giving programs of the Foundation include:

### **The Fund for Student Success**

Contributions to the Fund for Student Success empower the COD Foundation to respond quickly in meeting some of the most pressing initiatives so students can continue learning their trade, preparing for management-level positions, and pursuing and completing the quality education every student deserves. The fund promotes success in a range of ways such as purchasing textbooks, providing meal cards for food insecure students, supplying regalia for graduating students, supporting childcare tuition and services for student parents, funding Veteran support services, and meeting the basic needs of our most vulnerable student populations. Gifts of any amount make a significant difference.

### **The President's Circle**

The President's Circle is the Foundation's leadership giving society. Members of the President's Circle are philanthropic leaders from across the Coachella Valley who partner with the College Superintendent/President and leaders of the Foundation to support the priority needs of College of the Desert. Gifts between \$1,000 and \$25,000 are recognized as President's Circle leadership gifts.

### **Legacy Leaders**

The Legacy Society recognizes donors who have made provisions for the College of the Desert Foundation through their estate plans. In addition, those who make donations through rollover IRAs, gifts of life insurance, and all forms of life income gifts such as charitable gift annuities and gift trusts, are recognized as Legacy Society members.

### **Scholarship and Program Endowments**

Gifts of \$50,000 or more can be used to create endowed scholarships and endowed funds to support programmatic activities throughout the college.

### **Space Naming Opportunities**

Legacy space naming opportunities for classrooms, labs, buildings and outdoor spaces are available for new, renovated or existing areas on all five of the College's campuses.

### **Academic Angels**

Academic Angels is a committee of the Foundation whose purpose is to serve as goodwill ambassadors for College of the Desert and to assist the Foundation in pursuing its goals. The organization hosts luncheons, events, and guest speakers and supports "Learning to Lead" a Leadership development program designed to help grow tomorrow's leaders in the Coachella Valley throughout the year to raise funds for scholarships and other College programs and services. For more information, call 760.773.2561 or visit [codfoundation.org](http://codfoundation.org)

Donations to College of the Desert Foundation can be of any size and may be designated to a particular department or project. For more information on any of these gift opportunities, please call 760.773.2561 or visit [codfoundation.org](http://codfoundation.org)

# HOW ARE WE ORGANIZED?

## Extended Campus Locations

There are several College of the Desert locations throughout the Coachella Valley, where credit, non-credit, and not-for-credit college courses are offered.

### **College of the Desert – Desert Hot Springs**

In the Fall 2016 semester, College of the Desert expanded its reach across the Valley and opened our College of the Desert – Desert Hot Springs location at the Edward L. Wenzlaff Education Center, 11625 West Drive in Desert Hot Springs. Here, students can take general education and transfer classes, basic skills coursework, career and technical classes, and Adult Basic Education coursework. For more information about programs, classes, and schedules, visit the "Catalogs & Schedules" tab on the College's homepage.

In addition to taking classes, students also receive support services to guide them along their journey. Services include admissions and records, financial aid assistance, matriculation support (online application and orientation guidance), assistance with referrals/connection to resources on and off-campus, general COD and EDGE/pLEDGE information and workshops, testing accommodations from our Disabled Students Programs and Services (DSPS), Food Pantry, and academic support services in our Student Services Suite including a Tutoring and Academic Skills Center (TASC) and Course Textbook Reserves. For more information, call 760.776.7370.

### **College of the Desert – Indio**

The College of the Desert Indio Campus is located at 45524 Oasis Street in Indio. Since opening in February 2014, the site has seen tremendous growth. We proudly provide students with full degree and certificate options at our state-of-the-art facility. Students can complete programs in Child Development Education, Liberal Arts, Psychology, Communications, and some business pathways. Our flexible class schedule allows students to pursue their educational goals during the day, evenings, and weekends. Please refer to the current Schedule of Classes for more information. In addition to degrees, students may also participate in career training programs offered by the College's PaCE or Partners and Community Education program. Training includes Clinical Medical Assistant, Phlebotomy Technician, Veterinary Assistant, and Pharmacy Technician. For more information, please refer to the PaCE Career Training Programs website.

The faculty and staff at the Indio Campus are also pleased to provide students with access to robust, wrap-around student support services. Students may see a counselor for assistance in several areas, including career exploration, transfer support, and personal counseling. Counselors from special programs in the areas of Adult Basic Education and GED Test Preparation guidance, Extended Opportunity Programs and Services (EOPS), CARE (Cooperative Agencies Resources for Education), CalWorks, and Disabled Students Programs and Services (DSPS) are also available to support students. On-site bilingual in Spanish staff are also available to help guide students through the application and registration process (for credit and non-credit programs), issue student ID cards, take fee payments, and offer in-person financial aid assistance.

At College of the Desert, we understand students have more happening in their lives than just school. Mental health services, student life activities, including ASCOD meetings, a student food pantry in partnership with FIND Foodbank, workshops, a campus bookstore with

all your supply needs, and many other referral resources and services are available to help connect students with vital support systems. Lastly, to help students meet their educational goals, we offer day, evening, and weekend in-person and 24/7 online tutoring and access to library and learning resources. For additional information about the Indio location, please call our main office line at 760.776.7200 or email [OffCampusSites@collegeofthedesert.edu](mailto:OffCampusSites@collegeofthedesert.edu).

### **College of the Desert – Mecca/Thermal**

Furthering the College's mission of providing greater access and higher education opportunities for residents at all ends of the Coachella Valley, College of the Desert opened its Mecca/Thermal Campus location in the Spring 2009 semester. The College of the Desert – Mecca/Thermal is located at 61120 Buchanan Street in Thermal. We are pleased to offer a variety of general education courses, counseling, and bilingual enrollment services support. Please refer to the "Catalogs & Schedules" for future course offering information. For additional information, please call 760.396.2010 or email [OffCampusSites@collegeofthedesert.edu](mailto:OffCampusSites@collegeofthedesert.edu).

### **College of the Desert – Palm Springs Temporary Campus**

In the Spring 2018 semester, College of the Desert launched our first college site in Palm Springs (*Temporary Campus*) located at 1300 East Baristo Road, with further expansion planned in the coming years. Students will be able to complete general education coursework and career and technical education programs. For more information about programs, classes, and schedules, visit the "Catalogs & Schedules" tab on the College's homepage.

In addition to taking classes, students also receive support services to guide them along their journey. Services include admissions and records, financial aid assistance, matriculation support (online application and orientation guidance), assistance with referrals/connection to resources on and off-campus, general COD and EDGE/pLEDGE information and workshops, testing accommodations from our Disabled Students Programs and Services (DSPS), Food Pantry, Student IDs, and academic support services from our Learning Resource Center including Tutoring and Academic Skills Center (TASC) and Library Support Services and Course Textbook Reserves. For more information, call 760.674.3784 or 760.674.7800.

### **High School and Other Class Locations**

#### ***Coachella Valley Unified School District, Desert Sands Unified School District, and Palm Springs Unified School District***

In addition to campus locations noted above, College of the Desert also offers a variety of dual and concurrent enrollment courses in partnership with the three local school districts: Coachella Valley Unified School District, Desert Sands Unified School District, and Palm Springs Unified School District. Please refer to the current Schedule of Classes for course information, location, and meeting times. For more information about our sites, please visit our COD locations website or email [OffCampusSites@collegeofthedesert.edu](mailto:OffCampusSites@collegeofthedesert.edu). Visit our website for more details about dual and concurrent enrollment.

#### ***Coachella Library***

College of the Desert also offers a variety of general education (GE) courses, which transfer to the UC and CSU system at the Coachella Library, located at 1500 6<sup>th</sup> Street. Classes at the Coachella Library are generally offered Monday-Thursday beginning at 5:30 PM. In addition to COD credit classes, students also have access to key academic and student support services such as basic financial aid support, hands-on registration assistance, online and in-person counseling, and free 24/7/365 online tutoring and library support

services to help them achieve success at our Student Services Suite located at 1279 6th Street, Coachella, CA 92236. For more information, email [OffCampusSites@collegeofthedesert.edu](mailto:OffCampusSites@collegeofthedesert.edu) ([offcampussites@collegeofthedesert.edu](mailto:offcampussites@collegeofthedesert.edu)) or call 760.776.7200 and speak with the administration office.

## Organization of the College

The Board of Trustees has ultimate responsibility for the integrity, quality, and fiscal stability of the District.

The chief administrator of the District is the Superintendent/President, who is also the chief administrative officer of the College. The Superintendent/President serves as the Secretary to the Board of Trustees.

The Vice President of Instruction is the chief academic officer of the College and is responsible for academic schools, the COD Libraries, instructional support services, career and technical education, the Tutoring and Academic Skills Center and off-campus programs. College of the Desert has five schools: Applied Sciences & Business, Social Sciences & Arts, Communication & Humanities, Health Sciences & Education, and Mathematics & Sciences. Each school is under the supervision of a dean, who is responsible for coordinating the departments within that school. Career programs are coordinated with cooperation from advisory committees consisting of representatives from business and industry.

The Vice President of Student Services is the chief student services officer of the College responsible for Counseling and Counseling services, student enrollment services including Admissions & Records and Financial Aid, Disabled Students Programs and Services, International Education Program, Veterans Services, Student Health and Wellness, Student Support Programs and Services, Student Life, Student Leadership, student due process and discipline, and EDGE and pLEDGE Programs.

The Vice President of Administrative Services functions as the chief financial officer of the College. In addition to budget development and oversight, Administrative Services is responsible for Fiscal Services, Maintenance and Operations, Public Safety and Emergency Preparedness, Information Technology, Auxiliary Services, Contracts and Purchasing, Bond Program and Facilities Planning, and Institutional Grants.

The Vice President of Human Resources & Employee Relations is responsible for management and operation of all human resources and employee relations functions of the College, including developing and recommending policies, goals and objectives for human resources. It is also responsible for collective bargaining and contract administration, classification and compensation, diversity and EEO compliance, benefits, retirement, risk management, and Title IX. The office serves as the single District office responsible for receiving all unlawful discrimination complaints.

# HOW DO I BECOME A STUDENT AT COD?

## Student Success & Support Program

College of the Desert offers a comprehensive **Student Success & Support Program (SSSP)** involving the entire campus community. The goals are to ensure that all students complete their college courses, persist to the next academic term, and achieve their educational objectives through the components of the student success process. It is the College's way of supporting the student's right to succeed in college. Student Success is a partnership/agreement between students and College of the Desert.

## College Responsibilities Include

1. Providing an admissions and records process that will enable the College to collect state-required demographic information that will be used as a basis for providing students with appropriate services.
2. Facilitating a student self-guided placement process that uses multiple measures to determine academic readiness in English, reading, and math.
3. Providing an orientation process designed to acquaint students with college programs and services, facilities and grounds, academic expectations, and College policies and procedures.
4. Providing counseling and advisement services to assist students in course selection, development of an Abbreviated Student Education Plan (SEP) prior to enrolling the first time, and the development of a Comprehensive SEP. Providing follow-up advisement and counseling services to all students with a particular focus on students who have not declared an educational goal, are enrolled in basic skills courses, are on academic or progress probation/disqualification, or have been identified as high-risk students.
5. Establishing a process to monitor student progress and provide the necessary assistance toward meeting the student's goals.

As part of the State of California Title 5 Regulations, all students are expected to participate in the activities to promote success unless they are exempt (see *Exemptions* section on "How do I enroll in courses at COD?").

## Student Responsibilities Include

1. Participating in placement, orientation, and counseling/advisement services and other follow-up services deemed necessary by the College in order to complete their stated educational goal.
2. Acquiring and reading the College catalog, schedule of classes, handouts, and other student materials that detail College policies and procedures.
3. Submitting unofficial transcripts for all high schools and/or colleges attended to their counselor/advisor if the student would like prior coursework to be utilized for course placements.
4. Submitting official transcripts to the Admissions & Records Office if the student is requesting official course credit for prior coursework. All official transcripts submitted to Admissions & Records Office become the property of College of the Desert.
5. Stating an educational goal at the time of registration and a specific informed educational goal after completion of 15 units.
6. Completing an online individual Student Education Plan (SEP) with the assistance of a counselor or advisor.

7. Attending all classes and completing all course assignments.
8. Completing courses and maintaining progress toward their stated goals.

## Admission

Individuals who meet any one of the following criteria are eligible to attend College of the Desert:

- Have graduated from high school or
- Have passed the CA High School Proficiency Exam or
- Have passed the GED Examination or
- 18 years of age or older and can benefit from instruction

Certain programs have special admission requirements.

## Non-graduates of High School

For those interested, the Adult Basic Education (ABE) program provides an alternative way to complete high school graduation requirements. Please contact 760.776.7318 for more information.

## Early College: Free College for High School Students

Students in grades K-12 may enroll at College of the Desert (COD) to pursue advanced scholastic or vocational education [Education Code 48800(a)]. All K-12 students attending COD for the first-time must complete all matriculation steps, which include: online application, K12 enrollment authorization form, online orientation, and add course form. Continued enrollment in subsequent semesters will only require submission of the add course form.

Students enrolled as Early College Students have the option of taking COD courses at their high school or at any COD location, including online.

## Taking Courses at Your High School

College of the Desert has partnered with the following public-school systems to offer COD courses at local high school campuses through a College and Career Access Pathways Agreement (CCAP):

- Coachella Valley Unified School District
- Desert Sands Unified School District
- Palm Springs Unified School District
- Riverside Office of Education
- Nova Academy Early College High School
- Altus Schools

These agreements allow students to take COD courses at their high school campus, during the school day, and earn both college and high school credit at the same time.

To participate in COD's Early College Program at Your High School, students must complete all matriculation steps listed below. Enrollment in courses at your high school is based on the student course request process at each individual high school. When seeking enrollment in a course offered at a specific high school, students should work with their high school counselor to identify the appropriate course to take and the required registration process. To see what courses are offered at your school, please visit our Early College for High School Students webpage under the Admissions tab at [www.collegofthedesert.edu](http://www.collegofthedesert.edu).

All courses offered at a high school site, during the high school day, are free of charge for students. This includes tuition, student fees, and course materials. K-12 Students taking courses at their high school site

may be permitted to enroll in up to 15 units. The Director of Educational Partnerships may make exceptions, subject to consideration and approval.

### Taking Courses at College of the Desert

All K-12 students are eligible to take courses at COD, even if they do not attend one of the schools or school districts listed above. If a specific course that a student would like to take is not offered at their high school, or if a student's high school does not have a current CCAP agreement with COD, the student is still eligible to participate in COD's Early College Program.

To participate, students must complete all matriculation steps listed below. Once all matriculation steps are complete, K-12 students will be permitted to enroll in a COD course during open enrollment. Open enrollment dates can be found on the COD website. Registration in all COD courses is based on a first-come, first serve basis, and K12 students will be permitted to enroll if the requested course still has open seats.

To best understand degree requirements and the appropriate courses that a student should take, it is a good idea to schedule an appointment with a COD counselor. This can be done by calling 760-773-2521. Once students have identified which COD course they would like to take, students will need to submit an add course form to the Early College Office. This request will then be communicated to Admissions and Records and the student will be enrolled permitted there is still space in the course.

K-12 students who take courses at a COD site do not need to pay tuition for the course, but may be required to pay for student fees and course materials. K-12 Students taking courses at a COD site may be permitted to enroll in up to 11 units. The Director of Educational Partnerships may make exceptions, subject to consideration and approval.

### Eligibility Requirements

To participate in any of the Early College Programs at COD, students must:

- Be in the 9<sup>th</sup>-12<sup>th</sup> grade (special permission given to younger student based on program)
- Maintain satisfactory academic progress at COD and at High School
- Submit a College of the Desert Application
- Submit a K12 enrollment authorization form, which includes school and parent consent

### Matriculation Steps

#### ***COD Courses at Your High School (see Early College Webpage for more details)***

1. Meet with your high school counselor to determine if a COD course will fit in your high school schedule
2. Complete COD application
3. Complete K-12 Authorization form
4. Complete online orientation
5. Enroll in COD course (done by submitting your name to your high school counselor)
6. Attend welcome session (available in person at your high school site or online)

#### ***COD Courses at a COD Location (see Early College Webpage for details)***

1. Complete COD application
2. Complete K-12 Authorization form
3. Complete online orientation
4. Meet with COD Counselor to identify appropriate courses
5. Enroll in COD course (done by submitting an add course form)

Attend welcome session (available at in person at COD locations and online)

**College Credits** Students will earn college credit applied to COD certificate and/or degree programs for all courses completed with a C or better. In some cases, a grade of a D will allow a student to earn college credit, but students should seek counseling services to understand how a D could impact their progress towards degree completion. Under certain conditions, credits earned are transferable to CSU's and UC's. Students should always consult with a COD counselor to understand degree and transfer requirements.

Students can earn credit towards their high school diploma upon successful completion of COD courses. Students should always consult with their high school counselor to understand which COD courses can be applied towards their high school diploma. The high school of attendance always maintains the right to apply course credits earned by the student towards the student's high school diploma.

### Removal From an Early College Program

Students can be removed from any of COD's Early College Programs for any of the following reasons:

- Failure to meet student conduct standards
- Two consecutive semesters of not meeting satisfactory academic progress at COD
- Written removal of consent from parent or high school of attendance

### Important Student Records Considerations

Early College students are enrolled in a college course. As such, the instructor works directly with the student. Under the Family Educational Rights and Privacy Act (FERPA), instructors are not required to discuss student performance or other student-related issues with parents/guardians. Written student consent is required for access and release of information defined as educational records in federal and state law as described in College of the Desert Board Policy 5040. More information about the federal regulation may be found here **Family Educational Rights and Privacy Act (FERPA)**.

### Probationary Transfer Students

Applicants whose scholastic achievement at another college represents less than a "C" average may be admitted for a restricted academic program. Satisfactory performance in this work may allow admission to subsequent semesters. Admission on probation is a privilege granted, not a right of the applicant.

### Nursing Program Supplemental Application

The Nursing department has a screening process and supplemental application for their candidates due to department requirements and enrollment limitations for Nursing. Students accepted in the Nursing Program must follow the requirements as set forth by the State Board of Nursing. Policies and Procedures are in the Nursing Handbook.

Information regarding this application is available on the School of Health Sciences & Education webpage.

## International Applicants

College of the Desert welcomes applications from international students and offers a full-service International Student Program to support students throughout their studies. In order to be considered for admission, international students must complete the online International Student Application form. **(International students should not apply through CCCApply.)** In addition to the application, applicants must submit proof of adequate funding for studies at COD and verification of high school/secondary school graduation. Applicants must also submit a minimum TOEFL score of 400 (paper-based test) or 40 (internet-based test). For more information, visit the International Education webpage.

All international students must purchase the COD international health insurance plan. International students are also required to enroll for a minimum of 12 units each semester to maintain their F-1 visa status. Students in this status must pay foreign student tuition and capital outlay fees.

Students wishing to study at the Intensive English Academy (IEA) may also apply using the online International Student Application form. Students applying for the IEA do not need to submit a TOEFL score. Students can choose from 8-week and 16-week programs at the IEA. The IEA is offered on a full-time basis and offers various entry dates throughout the year. International students in the IEA will benefit from 30 hours per week of English instruction in both the classroom and language lab. Students in the IEA must purchase COD's international student health insurance plan.

For more information and to obtain an application, please visit the International Education webpage.

## Non-graduates of High School

For those interested, the Adult Basic Education (ABE) program for high school completion and General Education Development (GED) test provides an alternative way to complete high school graduation requirements. For more information, contact 760.776.7348 or email [abepd@collegeofthedesert.edu](mailto:abepd@collegeofthedesert.edu).

## Concurrent Enrollment of High School Students

In accordance with the California Education Code 76000-76002, College of the Desert will consider students K-12th grades only for concurrent enrollment as Special Admit Students. The College authorizes the admission of special admit students, who are highly talented and/or highly gifted minor students without high school diplomas, who can benefit from advanced scholastic or career/technical work. The responsibility to make the determination of the student's preparation belongs to the school district in which the student is enrolled. To be considered for admission as a special part-time or full-time student, the student must meet the eligibility standards established in Education Code, Sections 48800 and 76001. Special part-time and full-time students are given low enrollment priority in accordance with AB 967.

Courses in which high school and other young students are permitted to enroll will be open to the entire college population, and will be taught with the rigor appropriate to college-level courses in accordance with the approved course outline.

Authority to restrict the admission or enrollment of a special part-time or full-time student in any session based on age, grade-level completion, current school performance, or assessment and placement procedures in conformance with matriculation regulations remains the prerogative of the College. Admission or enrollment is based on demonstration that the student is capable of profiting from instruction. The Dean of Enrollment Services has the authority to make the final decision whether a student can benefit from instruction.

The school of attendance maintains the right to apply course credits earned by the student.

The parent or guardian of a pupil not enrolled in a public school retains the ability to petition directly to the Superintendent/President or designee for the pupil's special admission on a part-time or full-time basis.

If a request for special part-time or full-time enrollment is denied for a pupil who has been identified as highly talented and/or highly gifted, the Board shall provide written findings and reasons for the denial within 60 days. A recommendation regarding the request for admission, and the denial shall be submitted to the Board at a regularly scheduled meeting that falls at least 30 days after the request for admission has been submitted.

### High School Students

To be considered for admission as a special part-time or full-time student, the student must meet the eligibility standards established in Education Code, section 48800.05. Special part-time and full-time students are given low enrollment priority in accordance with AB 967. Full-time students are subject to full tuition and fees. Tuition as well as all fees, except parking, if applicable, are waived for part-time students. The application is available under the Admissions & Records webpage of the College website.

The Dean of Enrollment Services will review the materials and will determine if the student has the abilities and sufficient preparation to benefit from instruction at the college. The decision of the Dean of Enrollment Services shall be final. This determination may be done by one or more of the following options:

- a review of the materials submitted by the student;
- meeting with the student and his/her parent or guardian;
- consultation with appropriate college staff;
- consideration of the welfare and safety of the student and others; and/or
- consideration of local, state, and/or federal laws.

College of the Desert will admit high school students for enrollment to the College who are eligible to participate based on the criteria established below.

The student must be recommended by his/her high school principal or designee. As part of the approval process, the principal or designee must verify through consent and signature on the High School Concurrent Enrollment Application Form that the recommended student can benefit from college instruction. A pupil who is not enrolled in a public or private school does not need to provide written acknowledgment from his/her school principal.

A parent/guardian consent and signature on the High School Concurrent Enrollment Form, verifying parental/guardian approval of student's participation, must be submitted in addition to the College application by the established deadlines. Parents/guardians must also acknowledge

on the High School Concurrent Enrollment Form that the student will be expected to conform to all College policies.

Concurrent enrollment students are enrolled in a college course. As such, the instructor works directly with the student. Under the Family Educational Rights and Privacy Act (FERPA), instructors are not required to discuss student performance or other student-related issues with parents/guardians.

College of the Desert will admit high school students who meet the following conditions:

- Students wishing to enroll in courses must have a cumulative high school grade point average of 3.0 or better as reflected on their most recent official high school transcript.
- For all courses attempted, students must complete the appropriate College assessment process and meet the stated prerequisite(s) and/or co-requisite(s) for the desired course.

The following are **not** allowed:

- Physical Education classes
- Beginning music performance or art activity courses
- Recreation or hobbies

Students who wish to be considered for enrollment in a Career Tech program (ex: Automotive) who do not meet the grade point average (3.0) required for Concurrent Enrollment/Special Admit Students may be granted admission by exception; the student must submit a letter of recommendation by the COD instructor along with the required Concurrent Enrollment Application. An assessment test may not be required if the course selected by the student does not have a prerequisite.

#### Limitations on Enrollment

- A high school student may be permitted to enroll in up to 11 units (or up to 15 units if the student is enrolled in a College and Career Access Pathway). The Dean of Enrollment Services may make exceptions, subject to consideration and approval.
- Students may not enroll in physical education activity courses.
- Students who have previously enrolled and who have dropped their courses and/or have not made satisfactory progress will not be allowed to continue in the college program without approval from the Dean of Enrollment Services.
- Students will not receive priority enrollment status.
- Part-time students will have enrollment fees waived.

#### Summer Enrollment of K-12 Students

To be considered for admission as a special summer session student, the student must meet the eligibility standards as established in Education Code Sections 48800 and 76001.

Students will not be admitted unless they have availed themselves of all opportunities to enroll in equivalent courses at their schools of attendance.

In addition to the above, minor students wishing to attend summer session must submit:

- written and signed parental or guardian consent;
- written and signed approval of his/her principal that the student has availed himself/herself of all opportunities to enroll in an equivalent course at his/her school of attendance; and

- demonstration that the student has adequate preparation in the disciplines to be studied.

All required documents shall be submitted to the Office of Admissions & Records.

#### Dual Enrollment at Public High Schools

The College has partnered with Coachella Valley, Desert Sands, and Palm Springs Unified School Districts to offer Dual Enrollment as well as College and Career Access Pathways courses. In accordance with protocols established by the state, admission is restricted to students from the high school or school district as outlined by each agreement in place. If you have questions, please contact the counseling center at your local public high school.

#### High School Students Admittance into Career Technical Education Classes

**CTE Transitions** is defined in the Carl D. Perkins Vocational and Technical Education Act (Perkins) as a national strategy designed to prepare high school students for improving their academic knowledge and technical skills. High school students who fulfill course specific requirements in Career and Technical Education completer programs can earn college credits for their secondary coursework through the completion of articulated courses. The CTE Transitions Model combines at least two years of secondary and two years of postsecondary education in rigorous academic standards and technical hands-on learning to form a balanced and practical program of study or career pathway development in high school and ROP CTE classes, and/or college classes. This effectively results in a well-rounded educational experience and the increased likelihood of high school graduation and college enrollment in pursuit of post-secondary degrees and/or certificates of completion. CTE Transitions prepares students to be college and career ready.

#### Admittance into Performing Arts Classes for Minor Students

All K-12 students who have auditioned and been accepted for a performing role in a theatre arts or music production must submit the online COD Application for Admission, the High School Concurrent Enrollment application, and written permission of the appropriate dean and faculty member.

## Probationary Transfer Students

Applicants whose scholastic achievement at another college represents less than a "C" average may be admitted for a restricted academic program. Satisfactory performance in this work may allow admission to subsequent semesters. Admission on probation is a privilege granted, not a right of the applicant.

## Nursing Program Supplemental Application

The Nursing department has a screening process and supplemental application for their candidates due to department requirements and enrollment limitations for Nursing. Students accepted in the Nursing Program must follow the requirements as set forth by the State Board of Nursing. Information regarding this application is available on the Nursing webpage.

## International Applicants

College of the Desert welcomes applications from international students and offers a full-service International Student Program to support students throughout their studies. In order to be considered for admission, international students must complete the online International Student Application form. **(International students should not apply through CCCApply.)** In addition to the application, applicants must submit proof of adequate funding for studies at COD and verification of high school/secondary school graduation. Applicants must also submit a minimum TOEFL score of 400 (paper-based test) or 40 (internet-based test). For more information, visit the International Education webpage or send an email ([iep@collegeofthedesert.edu](mailto:iep@collegeofthedesert.edu)).

All international students must purchase the COD international health insurance plan. International students are also required to enroll for a minimum of 12 units each semester to maintain their F-1 visa status. Students in this status must pay foreign student tuition and capital outlay fees.

Students wishing to study at the Intensive English Academy (IEA) may also apply using the online International Student Application form. Students applying for the IEA do not need to submit a TOEFL score. Students can choose from 8-week and 16-week programs at the IEA. The IEA is offered on a full-time basis and offers various entry dates throughout the year. International students in the IEA will benefit from 30 hours per week of English instruction in both the classroom and language lab. Students in the IEA must purchase COD's international student health insurance plan.

For more information and to obtain an application, please visit the International Education webpage or send an email ([iep@collegeofthedesert.edu](mailto:iep@collegeofthedesert.edu)).

# HOW DO I ENROLL IN COURSES AT COD?

## Enrollment Steps

There are six important steps a student should take before beginning coursework at College of the Desert:

1. Admission Application
2. Financial Aid Application (optional)
3. Orientation
4. Placement
5. Counseling/Advising
6. Registration

The College requires all NEW students to participate in these steps.

### 1. Admission Application

Complete the COD Admission Application and submit all necessary transcripts to the Admissions & Records Office.

- The COD Admission Application is available online and must be completed by all new students intending to enroll at College of the Desert.
- Continuously enrolled students are not required to reapply. However, two semesters break in enrollment requires a new application.
- After completing the application, the Admissions & Records Office will email all new students (to the email provided in the admission application) information regarding next steps as outlined on College of the Desert's Getting Started webpage. The email includes instructions on how to log into their MyCOD Student Portal where they will receive their College of the Desert Student Identification Number and complete the next steps toward enrolling.

### 2. Financial Aid Application (optional)

Students in need of financial assistance to help afford college should apply for financial aid.

- Complete the Free Application for Federal Student Aid (FAFSA) or a California Dream Act Application (CADA) (for students who do not qualify for FAFSA and have AB540 status).
- See the Financial Aid section (p. 75) on "What Programs & Services are available for students?" for more information about available financial aid resources and visit the Financial Aid Office webpage.

### 3. Orientation

Orientation services are required for all students entering COD.

- Students will receive academic planning assistance; information about college facilities, resources, and policies; and a review of student rights and responsibilities.
- An online orientation is available through the MyCOD portal. Instructions for accessing the online orientation are located on the College of the Desert's "Getting Started" webpage.
- Contact the Counseling Center by phone at 760.773.2521 or visit the Counseling webpage for more information.

### 4. Placement

All students have a right to access transfer-level English and math. New, first-time students are placed in English, reading, and mathematics based on a multiple measures. Placement information and resources for guided self-placement are available on the College website. Students are encouraged to speak with a counselor regarding their placement.

### 5. Counseling/Advising Student Education Plans (SEPs)

Upon admission to the College all students are required to declare an educational goal. A specific educational goal, along with a Student Education Plan (SEP), is required of all students once they have completed 15 degree applicable units or attended three consecutive semesters.

An SEP is a planning tool that students complete online via Self-Service Student Planning. The Counseling Center offers many opportunities for students to create an SEP, including workshops, open labs and individual appointments. The SEP is based on a student's future academic and career goals. It outlines a semester by semester plan of suggested courses to take based on major and transfer plans, taking into consideration the sequence of courses.

**Priority Registration** will be given to students who work with a counselor to develop a Student Education Plan (SEP), succeed in their classes, and stay on track.

**Abbreviated SEP** - one to two terms in length designed to meet students' immediate needs that must be created before registering for first term classes.

**Comprehensive SEP** - a more detailed SEP that outlines completion to students' education objectives. A comprehensive SEP takes into account students' interests, skills, career and educational goals, major, potential transfer institutions, and the steps needed to take on an educational path to complete the educational goal. The comprehensive SEP includes the student's educational goal and course of study requirements, such as the requirements for the major, transfer, certificate, program, applicable course prerequisites or corequisites, the need for basic skills, placement, and the need for referral to other support and instructional services. The comprehensive SEP is tailored to meet each student's individual needs and interests and can be created before or after registering for classes.

The Comprehensive SEP is a participation requirement for the following programs:

- EOPS
- DSPS
- CalWORKs
- Veterans
- Athletics
- Reentry

If a student is **transferring to College of the Desert** from another college or university, prior to scheduling an appointment for an SEP, he or she must:

- Send official transcripts from ALL colleges and universities previously attended to the Admissions & Records Office.
- Verify with the Admissions & Records Office that transcripts have been received.

Counseling faculty are available in the Counseling Center. Counselors will assist students with academic, personal, and career goal setting and

provide information about available campus resources to help students achieve their goals. A primary role of a counselor is to assist students in developing a Student Education Plan (SEP).

Faculty Advisors are available in every academic department. Advisors can provide valuable information about department majors, career pathways, and will work collaboratively with counselors to advise students with regard to the student's educational and career goals. A list of advisors and their contact information is listed in the Schedule of Classes each semester.

### Exemptions

Some students may be exempt from the placement, orientation, and/or the counseling/advising components if they meet certain criteria (Title 5, section 55532). However, students will not be exempt from the admissions and follow-up components. Information about exemption eligibility is available on the Counseling Center webpage.

Students wishing to obtain an exemption in any of the three areas mentioned should submit an Exemption Request, along with supporting documentation, to the Counseling Center. If approved, the Counseling Center staff will clear the student to register for classes. This does not exempt students from meeting prerequisite requirements. For more information, contact the Counseling Center at 760.773.2521.

## 6. Registration

### Priority Registration

College of the Desert is committed to the philosophy that all students should have fair and equitable access to courses and programs within the resources and in accordance with State Education Code, Title 5 Section 58108, provisions and guidelines adopted by the Board of Governors. Furthermore, the College believes that students should be able to progress toward their stated educational objectives in a timely manner.

The primary mission of the College is to provide transfer and vocational courses and programs. Therefore, priority is extended to students who have demonstrated satisfactory academic progress toward their declared educational objectives.

## Open Enrollment Policy

Unless specifically exempted by statute, every course, course section, or class which is to be reported for state apportionment, is open for enrollment, and participation by any person who has been admitted to the College and who meets the student success requirements.

## AB 705 - California Community Colleges Assessment & Placement

AB 705 is a bill signed by the Governor on October 13, 2017 that took effect on January 1, 2018. The bill requires that a community college district or college maximize the probability that a student will enter and complete transfer-level coursework in English and Math within a one-year timeframe and use, in the placement of students into English and Math courses, one or more of the following: high school coursework, high school grades, and high school grade point average.

**Students now can enroll in specified transfer-level English and math courses.** We recommend that you speak with a counselor about these courses before registration. Counselors can provide a multiple measures review of your preparation for transfer-level work. They can also inform you about the particular courses that are required to meet your goal.

## Enrollment Procedures

### Priority Registration

College of the Desert is committed to the philosophy that all students should have fair and equitable access to courses and programs within the resources and in accordance with State Education Code, Title 5 Section 58108, provisions and guidelines adopted by the Board of Governors. Furthermore, the College believes that students should be able to progress toward their stated educational objectives in a timely manner.

The primary mission of the College is to provide transfer and vocational courses and programs. Therefore, priority is extended to students who have demonstrated satisfactory academic progress toward their declared educational objectives.

## Limitations on Enrollment

Limitations on enrollment are restrictions imposed due to the nature of the course such as prerequisites, corequisites, intercollegiate competition, honors, public performance or restrictions imposed in the number of students who may enroll in a course subject to "first come, first serve" or due to health and safety considerations, facilities limitations, faculty workload, the availability of qualified instructors, funding limitations, the constraints of regional planning, legal requirements imposed by statutes, regulations, or contracts, or other such limitations as designated by the District. Students on probation or who are subject to dismissal may also experience a limitation as to the number of units in which they are allowed to enroll until they have removed themselves from probation or dismissal status.

### Prerequisites, Corequisites, & Advisories

Complete course prerequisites, corequisites, and advisories are listed in this catalog. These requirements are intended to ensure students a reasonable chance of success. Questions regarding course eligibility should be discussed with the faculty advisor.

**Prerequisites** are a course or courses, skills, or a body of knowledge that students should possess prior to enrolling in a course or program. Prerequisites indicate the College of the Desert course which **must be taken prior** to enrollment in a given course. **Prerequisite requirements must be met before enrollment is permitted. Prerequisite courses must be completed with a grade of "C" or better.**

**Corequisites** are a course or courses students are required to take simultaneously in order to enroll in another course. Corequisites represents a set of skills or a body of knowledge students must acquire through concurrent and continued enrollment in another course or courses in order to receive a "C" or better in the course requiring the corequisite.

An **advisory** is a condition of enrollment that students are advised, but not required, to meet before or concurrently with enrollment in a course or educational program. An advisory suggests skills, experiences, or a body of knowledge with which students would achieve a greater depth or breadth of knowledge or skill development, but without which students are likely to receive a satisfactory grade.

The District has established procedures by which any student who does not meet a prerequisite or corequisite or who is not permitted to enroll due to a limitation on enrollment, but who provides satisfactory evidence, may seek entry into the class according to a challenge process.

Any prerequisite or corequisite may be challenged by a student on one or more of the following grounds:

1. The prerequisite or corequisite has not been established according to the District's process of establishing prerequisites and corequisites;
2. The prerequisite or corequisite violates Title 5, section 55003 (Policies for Prerequisites);
3. The prerequisite or corequisite is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner;
4. The student has the knowledge or ability to succeed in the course or program despite not meeting the stated prerequisite or corequisite;
5. The student will be subject to undue delay in attaining the goal stated in the Student Education Plan (SEP) because the prerequisite or corequisite course has not been made reasonably available.

The determination of whether a student meets a prerequisite or corequisite shall be made prior to the student's enrollment in the course.

Students who are seeking to challenge a course prerequisite or corequisite are encouraged to consult with a counselor in the Counseling Center to receive guidance on how to complete the process and on the validity of a challenge prior to it being submitted.

### Basic Skills Course Limitation

Basic skills or pre-collegiate courses are designed to prepare students for college-level work. Students may be recommended to enroll in certain basic skills courses if the student's past academic performance indicates they will benefit by this special preparation for college-level courses. A total of 30 units are allowed. Any student who completes a total of 30 units in any combination will be notified and referred to a counselor for educational planning or exceptions to the limits. Basic skills courses may not be used to satisfy general education requirements for an associate degree. Exceptions to the basic skills limitations are: students enrolled in one or more courses of ESL, or students identified by the District as having a learning disability as defined in Title 5, section 56036.

Students who are financial aid recipients are reminded that only 30 units of remedial course work are excluded from the established unit limit for financial aid eligibility. Please check the Financial Aid Office webpage for further details on courses excluded from remediation.

### Courses Related in Content

Many Art, Kinesiology, and Performing Arts courses have enrollment limitations. Active participatory courses that share a similar educational objective are grouped together as a "family" of courses related in content. Students are allowed four enrollments within each "family", but each course in the "family" is limited to one enrollment unless it has been designated as repeatable, per Title 5, Section 55040 (c), California Code of Regulations:

"The policies and procedures adopted by the governing board of each community college district pursuant to subdivision (a) may not permit student enrollment in active participatory courses, as defined in section 55000, in physical education/kinesiology, visual arts, or performing arts that are related in content, **more than four times** for semester courses." This limitation applies even if a student receives a substandard grade or "W" during one or more of the enrollments in such a course or petitions for repetition due to extenuating circumstances as provided in Title 5, section 55045.

### Maximum Unit Load

An average class load for fall and spring semesters is considered to be 12-17 units. Students working full time are encouraged to carry a reduced load. Students with advanced standing and having a "C" average (2.0

grade point average) or better, are permitted to enroll in a maximum of 19 units. During the summer term an average class load is two classes; however, students may be limited to a total of 7 units. During the winter term, an average class load is one class; however, students may be limited to a total of 7 units.

Students who wish to obtain a variance from the above unit limitations should meet with a counselor in the Counseling Center to discuss their need for an overload and for assistance in completing a Request to Add Class form. Upon completion of the form, students should set up a meeting with the Dean of Counseling or designee to discuss their prior academic performance and their reasons for requesting a unit overload. The Dean or designee will provide final approval for a unit overload if deemed appropriate.

### Multiple Enrollments

College of the Desert does not permit a student to enroll in two or more sections of the same credit course during the same term unless the two sections are short term courses that do not overlap within the same term (Title 5, section 55007.a).

### Overlapping Enrollments - Time Conflicts

College of the Desert does not permit a student to enroll in two or more courses where the meeting times for the courses overlap (Title 5, section 55007.b).

### Students with Minimum Unit Requirements

Veteran's Benefits Recipients	Varies by program

*Each program may have additional eligibility requirements. Please contact the program for additional information.*

## Prerequisites, Corequisites, & Advisories

Complete course prerequisites, corequisites, and advisories are listed in this catalog. These requirements are intended to ensure students a reasonable chance of success. Questions regarding course eligibility should be discussed with the faculty advisor.

**Prerequisites** are a course or courses, skills, or a body of knowledge that students should possess prior to enrolling in a course or program. A prerequisite indicates the College of the Desert course which **must be taken prior** to enrollment in a given course. **Prerequisite requirements must be met before enrollment is permitted. Prerequisite courses must be completed with a grade of "C" or better.**

**Corequisites** are a course or courses students are required to take simultaneously in order to enroll in another course. A corequisite represents a set of skills or a body of knowledge students must acquire through concurrent and continued enrollment in another course or

courses in order to receive a "C" or better in the course requiring the corequisite.

An **advisory** is a condition of enrollment that students are advised, but not required, to meet before or concurrently with enrollment in a course or educational program. An advisory suggests skills, experiences, or a body of knowledge with which students would achieve a greater depth or breadth of knowledge or skill development, but without which students are likely to receive a satisfactory grade.

The District has established procedures by which any student who does not meet a prerequisite or corequisite or who is not permitted to enroll due to a limitation on enrollment, but who provides satisfactory evidence, may seek entry into the class according to a challenge process.

Any prerequisite or corequisite may be challenged by a student on one or more of the following grounds:

1. The prerequisite or corequisite has not been established according to the District's process of establishing prerequisites and corequisites;
2. The prerequisite or corequisite violates Title 5, section 55003 (Policies for Prerequisites);
3. The prerequisite or corequisite is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner;
4. The student has the knowledge or ability to succeed in the course or program despite not meeting the stated prerequisite or corequisite;
5. The student will be subject to undue delay in attaining the goal stated in the Student Education Plan (SEP) because the prerequisite or corequisite course has not been made reasonably available.

The determination of whether a student meets a prerequisite or corequisite shall be made prior to the student's enrollment in the course.

Students who are seeking to challenge a course prerequisite or corequisite are encouraged to consult with a counselor in the Counseling Center to receive guidance on how to complete the process and on the validity of a challenge prior to it being submitted.

## Basic Skills Course Limitation

Basic skills or pre-collegiate courses are designed to prepare students for college-level work. Students have a right to enroll in transfer-level work but may choose to enroll in certain basic skills courses if they decide they will benefit by this special preparation for college-level courses. A total of 30 units are allowed. Basic skills courses may not be used to satisfy general education requirements for an associate degree. Exceptions to the basic skills limitations are: students enrolled in one or more courses of ESL, or students identified by the District as having a learning disability as defined in Title 5, section 56036.

Students who are financial aid recipients are reminded that only 30 units of remedial course work are excluded from the established unit limit for financial aid eligibility. Please check the Financial Aid Office webpage for further details on courses excluded from remediation.

## Courses Related in Content

Many Art, Kinesiology, and Performing Arts courses have enrollment limitations. Active participatory courses that share a similar educational objective are grouped together as a "family" of courses related in content. Students are allowed four enrollments within each "family", but each course in the "family" is limited to one enrollment unless it has been

designated as repeatable, per Title 5, Section 55040 (c), California Code of Regulations:

"The policies and procedures adopted by the governing board of each community college district pursuant to subdivision (a) may not permit student enrollment in active participatory courses, as defined in section 55000, in physical education/kinesiology, visual arts, or performing arts that are related in content, **more than four times** for semester courses." This limitation applies even if a student receives a substandard grade or "W" during one or more of the enrollments in such a course or petitions for repetition due to extenuating circumstances as provided in Title 5, section 55045.

## Maximum Unit Load

An average class load for fall and spring semesters is considered to be 12-17 units. Students working full time are encouraged to carry a reduced load. Students with advanced standing, and having a "C" average (2.0 grade point average) or better, are permitted to enroll in a maximum of 19 units. During the summer term an average class load is two classes; however, students may be limited to a total of 7 units. During the winter term, an average class load is one class; however, students may be limited to a total of 7 units.

Students who wish to obtain a variance from the above unit limitations should meet with a counselor in the Counseling Center to discuss their need for an overload and for assistance in completing a Request to Add Class form. Upon completion of the form, students should set up a meeting with the Dean of Counseling or designee to discuss their prior academic performance and their reasons for requesting a unit overload. The Dean or designee will provide final approval for a unit overload if deemed appropriate.

## Multiple Enrollments

College of the Desert does not permit a student to enroll in two or more sections of the same credit course during the same term unless the two sections are short term courses that do not overlap within the same term (Title 5, section 55007.a).

## Overlapping Enrollments - Time Conflicts

College of the Desert does not permit a student to enroll in two or more courses where the meeting times for the courses overlap (Title 5, section 55007.b).

## Classification of Students

**Freshman:** A student who has completed fewer than 30 units of college credit.

**Sophomore:** A student who has completed 30 or more units of college credit.

**Post-Graduate:** A student who has been awarded a degree and has enrolled for further study.

**Full Time:** A student enrolled for 12 or more units during the Fall and Spring semesters. A student enrolled for 6 or more units during the Summer and Winter terms.

**Part Time:** A student enrolled for fewer than 12 units during the Fall and Spring semesters. A student enrolled for fewer than 6 units during the Summer and Winter terms.

## Residency Requirements

### Residency Rules

This section of the catalog provides a general summary of the principal rules on residency and their exceptions. For the detailed rules used by the Admissions & Records Office for residency determination, reference should be made to regulations of the Board of Governors of the California Community Colleges in Sub-Chapter 1 (commencing with Section 54000) of Division 6 of Chapter V of Title 5 of the California Administrative Code, and the regulations and guidelines available at the Admissions and Records Office. These regulations are subject to change without notice by the State Legislature.

### Resident/Non-Resident Fees

Each person applying for admission to a California community college is, for purposes of admission and/or tuition fees, classified as a "California resident" or as a "non-resident" according to the Admission Application completed by the potential student. Students classified as California residents will be subject to pay the stated California resident enrollment fees in effect at the time of admission as stated in the corresponding Schedule of Classes. Students classified as non-residents will be subject to pay non-resident tuition in addition to the stated California resident enrollment fees in effect at the time.

A "California resident" is a person who has resided within California for at least one year and one day prior to the first day of the term of enrollment and can provide documentation of his or her intent to make California their permanent residence.

A "non-resident" student is one who does not have residence in the state for more than one year prior to the residence determination date and cannot provide documentation of intent to make California their permanent residence.

### Reclassification

Applicants classified as nonresidents will receive notice of their status to the email address provided on the Admission Application.

Students who have been classified as nonresidents are not automatically reclassified as residents. It is the responsibility of the student to request reclassification to residency status.

A Residency Questionnaire along with the required documentation must be submitted to the Admissions & Records Office before the start of the term (not the start date of the course) and by the deadline published in the schedule of classes to be considered for a residency adjustment. Residency Questionnaires submitted after the start of the term may be considered for the next term.

Student must meet the 1 year and 1 day physical presence (Ed.Code 6801, 68070; Title 5 54022) and intent (Ed. Code 68041; Title 5 54024) requirements for residency to be reclassified.

The Residency Questionnaire must be accompanied by documentation verifying the student's physical presence coupled with intent to become a California resident and/or evidence of financial independence. Title 5 54026 clearly states that the burden is on the student to demonstrate both physical presence in California and intent to establish California residence. Failure to provide requested residency information will result in a determination of non-resident.

The Residency Questionnaire Form is available online by logging into the MyCOD Student Portal. Questions regarding residency should be directed to the Admissions & Records Office at [enrolls@collegeofthedesert.edu](mailto:enrolls@collegeofthedesert.edu).

If you do not have the required documentation the state requires for residency determination by the College, you will need to pay the out-of-state fees and/or drop your classes before the term begins so you are not responsible to pay the fees. Failure to drop classes before the term begins and/or by the published course deadlines may result in you paying nonresident fees. This is a state audited item and fees cannot be changed. NOTE: If you are applying and enrolling during the first week of the term, you may be responsible for fees due regardless of residency.

Applicants who are not U.S. citizens may need to provide proof of immigration status.

Applicants who are U.S. citizens but have resided in California for less than two years must provide proof of:

- Intent to become a California resident (1 year and 1 day prior to the residence determination date)
- Physical presence in California (1 year and 1 day prior to the residence determination date)
- Financial independence

A student seeking reclassification as a resident, who was classified a nonresident in the preceding term, shall be determined to be financially independent or dependent.

A student who has established financial independence may be classified as a resident if the student has demonstrated clearly physical presence and intent to be a California resident for 1 year and 1 day prior to the residence determination date.

In determining whether the student has objectively manifested intent to establish California residence, financial independence shall weigh in favor of finding California residence, and financial dependence shall weigh against finding California residence.

Financial dependence in the current or preceding calendar year shall weigh more heavily against finding California residence than shall financial dependence in earlier calendar years. Financial dependence in the current or preceding calendar year shall be overcome only if (1) the

parent on whom the student is dependent is a California resident, or (2) there is no evidence of continuing residence in another state.

## Establishing Residence

A person capable of establishing residence in California must couple his or her physical presence in California with objective evidence that the physical presence is with the intent of making California his or her permanent home. The burden is on the student to demonstrate clearly both physical presence in California and intent to establish California residence. The following explanations will assist in determining physical presence and intent.

### Physical Presence (Education Code 68017, 68070; Title 5 54022)

A. A person capable of establishing residence in California must be physically present in California for one year and one day prior to residence determination date to be classified as a resident student.

B. A temporary absence for business, education, or pleasure will not result in loss of California residence if, during the absence, the person always intended to return to California and did nothing inconsistent with that intent.

C. Physical presence within the state solely for educational purpose does not constitute establishing California residence regardless of the length of that presence.

### Intent

A. Intent to make California the home for other than a temporary purpose may be manifest in many ways. No one factor is controlling.

B. A student who is 19 years of age or over and who has maintained a home in California continuously for the last two years shall be presumed to have the intent to make California home for other than a temporary purpose unless the student has evidenced a contrary intent by having engaged in any of the activities listed in subsection (f) of this section.

C. A student who is under 19 years of age shall be presumed to have the intent to make California home for other than a temporary purpose if both the student has evidenced a contrary intent by having engaged in any of the activities listed in subsection (f) of this section.

D. A student who does not meet the requirements of subsection (b) or subsection (c) of this section shall be required to provide evidence of intent to make California home for other than a temporary purpose as specified in subsection (e) of this section.

E. COD requires a minimum of 3 documents evidencing support for California residence, including filing California state or Federal taxes and California driver's license/state ID. One year and one day evidence must be clearly demonstrated by two of the three documents. Objective manifestations of intent to establish California residence include, but are not limited to:

1. Ownership of residential property or continuous occupancy of rented or leased property in California.
2. Registering to vote and voting in California.
3. Licensing from California for professional practice.
4. Presence of spouse, children, or other close relatives in the state.
5. Showing California as home address on federal income tax form.
6. Payment of California state income tax as a resident.
7. Payment of California state income tax as a resident.
8. Maintaining California motor vehicle license plates/registration.
9. Maintaining a California driver's license or California ID.

10. Maintaining a permanent military address or home of record in California while in the armed forces.

11. Establishing and maintaining active California bank accounts.

12. Being the petitioner of divorce in California.

13. Remaining in California during academic breaks.

14. Registering for the Selective Service in California (indicating California address).

F. Conduct inconsistent with a claim of California residence includes, but is not limited to:

1. Maintaining voter registration and voting in another state.
2. Being the petitioner for a divorce in another state.
3. Attending an out-of-state educational institution as a resident of that other state.
4. Declaring nonresidence for state income tax purposes; paying taxes in another state or country as a resident of that state or country or not fulfilling tax obligations to the State of California.

## Exceptions to 1 Year and 1 Day Residency Requirement

Exceptions to the residency determination as set forth above will be applied to qualifying and document supported situations. If the student would otherwise be classified a non-resident but fits within one of the following exceptions and is able to provide proof of eligibility, he or she will be granted a waiver of non-resident tuition charges and fees and will be charged the CA resident rate while maintaining non-resident classification status.

### Examples of some, but not all, exceptions are:

- Military Students Stationed in California (Ed. Code 68075; Title 5 section 54042)
- Dependents of Active Duty Military Members (Ed. Code 68074 and Title 5 section 54041)
- Discharged Members of the Armed Forces (Ed. Code 68075.5 and Title 5 section 54041)
- Nonresident Veterans (Title 38, U.S. Code 3679(c); Ed. Code 68075.5 and 68075.7)
- A student who has been hired by a California public agency as a peace officer as a resident for purposes of enrollment in police academy training courses (Ed. Code 76140.5).
- Foster Youth
- Qualifying surviving spouse or child of a licensed physician/nurse or first responder who died of COVID-19 during the COVID-19 state of emergency in California and was a California resident. (AB 1113)
- Qualifying students residing in the named communities in Nevada attending Lake Tahoe Community College (SB 436)

An eligible AB540 student is exempt from paying nonresident tuition if the student meets all of the following four requirements:

1. The student must have:
  - attended a combination of California high school, adult school, and California Community College for the equivalent of three years or more, or
  - attained credits earned in California from a California high school equivalent to three or more years of full-time high school course work and attended a combination of elementary, middle and/or high schools in California for a total of three or more years, and

## 2. The student must have:

- graduated from a California high school or attained the equivalent prior to the start of the term (for example, passing the GED or California High School Proficiency exam), or
- completed an associate degree from a California Community College, or
- completed the minimum requirements at a California Community College for transfer to the California State University or the University of California, and

## 3. The student must register as an entering student at, or current enrollment at, an accredited institution of higher education in California, and

## 4. The student must file an affidavit with the college or university stating that if the student is a non-citizen without current or valid immigration status, the student has filed an application to legalize immigration status, or will file an application as soon as the student is eligible to do so.

- Students who are nonimmigrants who are victims of trafficking, domestic violence, and other serious crimes who have been granted T or U visa status, under Title 8 of the United States Code, sections 1101(a)(15)(T) or (U) are eligible for this exemption.
- Students who are nonimmigrants, other than those with T or U visa status as noted above, [for example, those who hold F (student) visas, B (visitor) visas, etc.] are not eligible for this exemption.
- A year's equivalence at a California Community College is a minimum of 24 semester units of credit or 36 quarter units of credit. For noncredit courses, a year's attendance is a minimum of 420 hours, 210 hours for a semester, and 140 hours a quarter.
- The accumulation of credit and/or non-credit in any academic year shall be calculated in reference to a year's equivalence. Partial completion in an academic year is allowed. (Example: 12 units of credit courses in an academic year is equal to a semester for purposes of determining eligibility.)
- Attendance in credit courses at a California Community College towards the attendance requirements shall not exceed two years of full-time attendance.
- The student must file an exemption request including a signed affidavit with the college that indicates the student has met all applicable conditions described above. Student information obtained in this process is strictly confidential unless disclosure is required under law.
- Students eligible for this exemption who are transferring to another California public college or university must submit a new request (and documentation if required) to each college under consideration.
- Nonresident students meeting the criteria will be exempted from the payment of nonresident tuition, but they will not be classified as California residents. They continue to be "nonresidents".
- The California Dream Act extends Cal Grant A and B Entitlement awards, Cal Grant C awards, the California Promise Grant (formerly known as the BOG fee waiver), Chaffee grants, and

institutional financial aid to students that meet these criteria as well as the applicable criteria for eligibility for specific types of financial aid refer to Financial Aid Office web pages for additional information.

- AB 540 does not provide federal student financial aid eligibility for undocumented students. These students remain ineligible for federal financial aid.
- Exemption is not available for persons who are absent from California and who are taking distance education classes.

## Instructions for completing and submitting the AB540 form:

1. Download the California Nonresident Tuition Exemption Request Form
2. Print form and complete all applicable fields
3. Sign form
4. Submit form to Admissions and Records Office located at Cravens Student Services Center, 2nd floor, or email to [enrolls@collegeofthedesert.edu](mailto:enrolls@collegeofthedesert.edu).

## SB 141 California Nonresident Tuition Exemption Request For Eligible Children of Deported or Voluntarily Deported Parents

Students who are U.S. citizens and who may presently reside in a foreign country will be exempt from nonresident tuition by meeting the following requirements:

- Demonstrates a financial need for the exemption.
- Has a parent or guardian who has been deported or was permitted to depart voluntarily under the federal Immigration and Nationality Act.
- Moved abroad as a result of the deportation or voluntary departure.
- Lived in California immediately before moving abroad.
- Attended a public or private secondary school in California for three or more years.
- Upon enrollment, will be in his or her first academic year as a matriculated student in California public higher education.
- Will be living in California and will file an affidavit with the community college stating that he or she intends to establish residency in California as soon as possible.

Documentation shall be provided by the student as required by statute as specified in Ed Code section 76140 and 89705.

### AB 2210 Nonresident Tuition Exemptions for Refugees with Special Immigrant Visas

Education Code 68075.6 grants an immediate nonresident tuition fee exemption to eligible Special Immigrant Visa (SIV) holders and refugee students who settled in California upon entering the United States. This

exemption is granted to one year from the date the student settled in California upon entering the United States.

This exemption applies to the following:

- Iraqi citizens or nationals (and their spouses and children) who were employed by or on behalf of the United States Government in Iraq
- Afghan and Iraqi translators (and their spouses and children) who worked directly with the United States Armed Forces
- Afghanistan nationals who were employed by or on behalf of the U.S. government or in the International Security Assistance Force (ISAF) in Afghanistan
- Refugee students admitted to the United States under Section 1157 of Title 8 of the United States Code

## Fees

All fees must be paid within the time frame allotted to avoid a drop for non-payment. Please refer to the College website for current fees.

1. **Resident Tuition:** Fees for California residents are listed on the College website for each semester or intersession.
2. **Nonresident Tuition:** As permitted by Education Code section 76140, a community college district may admit, and shall charge a tuition fee to nonresident students. Per Education Code section 68018, a nonresident is a student who does not have residence in the state for more than one year immediately preceding the residence determination date. See College website for the current fee. Questions relating to the establishment of California residency should be directed to the Admissions & Records Office.
3. **Exemption of Nonresident Fees:** Under Education Code 76140-76143, exemption of the nonresident portion of tuition and enrollment fees may be granted, including but not limited to:
  - AB540 Exemption includes eligible students who meet all of the eligibility criteria: (1) Attendance at California Schools (2) Completion of a Course of Study (3) Registration (4) Affidavit of student without lawful immigration status.
  - Refugees
  - Students who qualify under SB 141 and meet all eligible criteria.
  - Dependents of any individual killed in the September 11, 2001, terrorist attacks on the World Trade Center in New York City, the Pentagon building in Washington, D.C., or the crash of the United Airlines Flight 93 in southwestern Pennsylvania. Financial need requirements apply.
  - Students taking noncredit or apprenticeship courses. *Documentation is required for all eligible students.* Please contact the Admissions & Records Office with any questions.
4. **Tuition Fee for Foreign Students:** Foreign students will be charged the same fee as nonresidents. See College website for the current fee.
5. **Capital Outlay Fee:** In addition to the non-resident fee computed as specified above, foreign and non-resident students will be charged an amount not to exceed the amount that was expended by the District for capital outlay in the preceding year, divided by the total full-time equivalent students. See the *Schedule of Classes* for the current fee.
6. **Credit by Examination Fee:** A non-refundable application fee, equal to the State mandated enrollment fee, is charged for Credit by Examination. Please check the Admissions & Records Office webpage for current fees.
7. **Duplicate Diploma/Certificate Fee:** A fee is charged for a duplicate diploma/certificate. Please check the Admissions & Records Office webpage for current fees.
8. **Enrollment Verification Fee:** Students requesting enrollment verification pay a nominal fee. Enrollment verifications are obtained by completing an online request form. Enrollment verifications requested for the purpose of student loan deferment are fee exempt. Additional information is available on the Admissions & Records Office webpage.
9. **Health Fee:** Assembly Bill No. 2236, passed by the California State Legislature, and under authority of Education Code, section 76355 authorizes College of the Desert to charge a Health Fee for the operation of a Student Health Center. Exempted students include:
  - All active duty military personnel attending classes on a military base and their dependents.
  - Apprentice students.
  - All students who depend exclusively on prayer for healing in accordance with a bonafide religious sect.
10. **Health Occupations Programs:** College policy requires each student enrolled in Health Occupations programs which require patient contact for the development of specific skills to secure insurance coverage against liability for malpractice.
11. **Instructional Materials Fee:** Students may be required to provide required instructional and other materials for a credit or noncredit course, provided such materials are of continuing value to the student outside the classroom and provided that such materials are not solely or exclusively available from the District.
12. **International Student Insurance:** International students enrolled at COD or in the Intensive English Academy, apart from those enrolled through university partnerships, must purchase the COD international student health insurance plan. Information regarding benefits and costs of the COD international student health insurance plan are available in the International Education Program Office.
13. **International Student Processing Fee:** The College may charge a student who is both a citizen and a resident of a foreign country a fee to process his or her application for admission. This processing fee and regulations for determining economic hardship may be established by the Superintendent/President. The fee shall not exceed the lesser of (1) the actual cost of processing an application and other documentation required by the U.S. government; or (2) one hundred dollars (\$100), which shall be deducted from the tuition fee at the time of enrollment.
14. **Transportation Fee:** A fee is charged to students, which includes the cost for parking permits. A valid permit must be displayed to park on campus. There is a charge for replacement of parking permits. Citations are assessed for violation of parking regulations.
15. **Refund Processing Fee:** A fee is charged for the processing of a refund. Please check the Bursar's Office webpage for additional information.
16. **Student Center Fee:** Approved by student vote in accordance with Education Code, section 79121, for the purpose of refinancing, constructing, enlarging, remodeling, refurbishing, and operating a student center
17. **Student Representative Fee:** Assembly Bill (AB) 1504 was approved by Governor Gavin Newsom on October 4, 2019. AB 1504, also known as the student representation fee, requires that all California Community

Colleges charge a \$2 student representation fee at the time of registration, starting on January 1, 2020. Per law, our institution will charge a \$2 student representation fee every term you plan to enroll at College of the Desert.

- As part of the \$2 student representation fee, College of the Desert will keep \$1 from each fee collected for the operation of our student government. Revenue generated will be used to support student government representatives who may be stating their positions and viewpoints before city, county and district government, and before offices and agencies of the state and federal government.
- College of the Desert will send \$1 of each fee collected to the Chancellors office to help with costs associated with running a statewide community college student organization. The fee will add supporting student participation and engagement in statewide higher education policy and advocacy activities to the required goals of the statewide community college student organization.
- If you choose to opt-out of the fee, you will be given an opportunity to do so without providing a reason at registration.

**18. Transcript Fee:** An official transcript of a student's record is obtained by completing the Transcript Request online. Sealed transcripts sent directly from the College to the destination requested by the student are considered official unless unsealed. There is no charge for the first two official transcripts provided a student orders the transcripts in-person through the Admissions & Records Office (allow minimum of 21 working days). Additionally, a student may receive an official transcript same day by paying a \$25.00 fee at the Bursar's Office and then taking the receipt to the Admissions & Records Office.

### Please Note

All fees are subject to change according to changes in the California Educational Code and the State Legislature.

All information relative to enrollment fees and health fees is subject to change as mandated by the California Community College Board of Governors and California law.

### Accident Insurance

The Health Fee entitles students to accident insurance. This policy covers accidents on campus or campus-related activities only. Athletes engaged in interscholastic sports have separate coverage.

### Medical Insurance

Students may voluntarily purchase supplementary health insurance to cover sickness and hospitalization at minimum cost. This insurance is required for all foreign students each semester.

## Financial Aid Recipients

All financial aid recipients, including those receiving scholarships, should do the following prior to receiving their funds:

- Check campus email for recent financial aid announcements and updates.
- Verify the financial aid file is complete by viewing the required document status information on the Financial Aid Student Self Service Portal.

- Visit the Financial Aid Office website to view disbursement dates, Satisfactory Academic Progress (SAP), withdrawal policy, Financial Aid Student Handbook, and other pertinent information.

## Payment Plan

College of the Desert offers a payment plan option to pay enrollment fees. The optional payment plan is offered for a \$20 processing fee. For more information on the payment plan, please go to the Bursar's Office webpage.

To establish a repayment plan for prior semesters' account balances, the following fees apply:

- \$25 for 3 to 6 payments
- \$45 for 9 to 12 payments
- \$2 fee for single payment to pay off account balance

## Refund Policy

Students receive an automatic refund if the College cancels a class or if the student finds it necessary to drop a class or classes within the deadline to be eligible for a refund. Refunds are issued beginning the sixth week of the semester and are either mailed to the student's address on file with Admissions & Records Office or returned as a credit to the credit card from which fees were originally paid. There will be a \$10 processing fee deducted from the refund when the student initiates a reduction of program. Students may request a refund prior to that time by completing a refund request form available in the Bursar's Office. Refunds of less than \$10 will not be processed automatically and must be requested in person from the Bursar's Office.

### Limitations on Refunds

Enrollment, Student Center, and Student Representation Fees are refundable if class is dropped on or before the "last day to drop and be eligible to receive a refund." See Schedule of Classes for deadline dates. Contact the Admissions & Records Office for deadlines attached to short-term classes.

The student health fee is refundable if classes are dropped on or before the "last day to drop and be eligible to receive a refund" if the student completely withdraws from school. It is not refundable for a reduction of program.

Non-resident and foreign student tuition fees are refundable for a reduction of program or a complete withdrawal. See Schedule of Classes for deadlines to drop and be eligible to receive a refund.

### Transportation Fee Refunds

The transportation fee is refundable if classes are dropped on or before the "last day to drop and be eligible to receive a refund," if the student completely withdraws from school. The parking sticker must be returned to the Bursar's Office to receive a refund.

### Returned Checks

A service charge of twenty-five dollars (\$25.00) will be assessed for any check returned to College of the Desert by a bank. Students who have a returned check will be notified by the Bursar's Office. A hold will be placed on the students' records preventing any registration activity (including registration for subsequent terms) and verification of enrollment or other transactions. The hold will remain until the financial obligation is met.

# CAN I EARN COLLEGE CREDIT WITHOUT TAKING CLASSES AT COD?

## Credit by Examination

In accordance with Title 5, section 55050, College of the Desert allows for the granting of units through credit by examination for a course. Credit by Exam is based on the principle that previous experience, training, or instruction is the equivalent of a specific course taught by the College. The faculty shall determine that the examination adequately measure mastery of the course content as set forth in the Course Outline of Record. The faculty may choose to accept an examination conducted at a location other than the community college for this purpose.

If an examination shows that the student possesses adequate equivalency and mastery of the subject, credit is granted. A student seeking credit by examination will receive a letter grade (A, B, C, D, F, P, NP) and grade points in the same way as if enrolled in a regular course.

A student may challenge a course only once. Credit earned according to this policy shall not count toward determination of eligibility for veteran's benefits. Credit by examination is possible in selected courses only. Exceptions to the above may be made when necessary to meet provisions of California state law or the rules and regulations of state agencies governing programs of the California Community Colleges. Credit by examination may be granted only to a student who

- is currently enrolled in at least one course in the College,
- is not on academic probation,
- has submitted transcripts of all previous course work,
- has not earned college credit in more advanced subject matter, and
- has not received a grade (A, B, C, D, F, P, NP), or equivalent, in the course for which he or she is seeking credit by examination at this or any other educational institution.

Unit credit granted by examination to a student shall not count toward the minimum of 12 units required for College residency to earn a degree or certificate at COD. The 12 units College residency requirement is waived for high school students who have successfully completed a high school course that has been articulated with a COD course and have earned credit by Credit By Examination (CBE). Students interested in credit by examination will be required to submit a Credit by Examination form to the Admissions & Records Office to initiate the approval process. Prior to submitting the form, interested students should meet with a counselor or faculty advisor to discuss their eligibility for credit by examination. The signature of the appropriate Instructional Dean will also be required, prior to submitting the Credit by Examination form to the Admissions & Records Office. Payment of a nonrefundable fee is required prior to the submission of the Credit by Examination form (please check the Admissions & Records Office web page for current fees.) The request must be approved by the midpoint of the semester, and the examination must be given prior to the last day of the final examination period

## Credit from High Schools & Regional Occupational Programs

College of the Desert cooperates with high schools and Regional Occupational Programs (ROP) within the boundaries of the college

district in an effort to assist students to transition from secondary to post-secondary levels without a duplication of learning. Opportunities to earn credit or request a prerequisite course waiver may be offered to qualifying high school and ROP students in approved areas of study. For complete information, please contact the **CTE Transitions Office** at 760.346.8041 ext. 4832.

## Credit for Military Service Schools

College of the Desert allows the granting of units for validated college level skills and knowledge gained outside a college classroom, in accordance with Title 5, Sections 55050 and 55052, and Administrative Procedure 4235.

For more information refer to the Credit for Prior Learning page.

## Credit for CEEB Advanced Placement Examinations (AP)

College of the Desert grants credit for scores of 3 or higher on the Advanced Placement Examinations of the College Entrance Examination Board (CEEB). **Such credit may apply toward requirements for COD degrees and for transfer programs to both the California State University and University of California systems.** The CSU and UC campuses determine what courses and credits are awarded on their campus. AP Foreign Language credit may prevent you from earning credits in a lower level foreign language course. Please see a counselor for additional information.

High School students who intend to participate in this program should make the necessary arrangements with their high schools. Students should request that their test scores be sent to College of the Desert at the time they take the Advanced Placement Examinations. To apply for credit for advanced placement, students should contact the **Admissions & Records Office** at 760.773.2516.

College of the Desert grants credit for scores of 3 or higher on the Advanced Placement Examinations of the College Entrance Examination Board (CEEB). **Such credit may apply toward requirements for COD degrees and for transfer programs to both the California State University and University of California systems.** The CSU and UC campuses determine what courses and credits are awarded on their campus. AP Foreign Language credit may prevent you from earning credits in a lower level foreign language course. Please see a counselor for additional information.

### California Community College (CCC) AP Policy for General Education Credit

Colleges shall award General Education Area credit as shown on the CCC AP GE list below. For General Education Requirements refer to title 5 § 55063. If the college does not have a course similar in content to the AP Examination, then the college shall award credit for the indicated GE Area as shown on the CCC AP GE Areas List. If there is no GE Area that fits the AP Examination, the college may award elective credit. This policy does not address course-to-course awarding of AP credit as that is a local decision made by the appropriate discipline faculty.

High School students who intend to participate in this program should make the necessary arrangements with their high schools. Students should request that their test scores be sent to College of the Desert at the time they take the Advanced Placement Examinations. To apply for credit for advanced placement, students should contact the

Admissions & Records Office at (760) 773-2516. For more information visit [calstate.policystat.com](http://calstate.policystat.com)

<sup>1</sup> These units count toward eligibility for admission. The units may not all apply toward certification of the corresponding GE Breadth area. See Executive Orders 1033 and 1036 for details.

<sup>2</sup> Areas of GE Breadth (A1 through E) are defined in Executive Order 1100. Areas of American Institutions (US-1 through US-3) are set forth in Sections IA and IB of EO 1061, and at [assist.org](http://assist.org)

- <sup>3</sup> Advanced Placement score of 3, 4, or 5 is required for general education certification
- <sup>4</sup> If a student passes more than one AP exam in calculus or computer science, only one examination may be applied to the baccalaureate.
- <sup>5</sup> Students who pass AP Environmental Science earn 4 units of credit. Tests prior to Fall 2009 may apply to either B1+B3 or B2+B3 of GE Breadth. Fall of 2009 or later, those credits may only apply to B1+B3.
- <sup>6</sup> If a student passes more than one AP exam in physics, only six units of credit may be applied to the baccalaureate, and only four units of credit may be applied to a certification in GE Breadth.

AP Government & Politics: United States *does not satisfy CSU baccalaureate constitution requirement.*

Note: College of the Desert does not have comparable courses for all courses listed above.

<sup>1</sup>These units count toward eligibility for admission. The units may not all apply toward certification of the corresponding GE Breadth area. See Executive Orders 1033 and 1036 for details.

<sup>2</sup>Areas of GE Breadth (A1 through E) are defined in Executive Order 1100. Areas of American Institutions (US-1 through US-3) are set forth in Sections IA and IB of EO 1061, and at assist.org

<sup>3</sup>Advanced Placement score of 3, 4, or 5 is required for general education certification.

<sup>4</sup>If a student passes more than one AP exam in calculus or computer science, only one examination may be applied to the baccalaureate.

<sup>5</sup>Students who pass AP Environmental Science earn 4 units of credit. Tests prior to Fall 2009 may apply to either B1+B3 or B2+B3 of GE Breadth. Fall of 2009 or later, those credits may only apply to B1+B3.

## Credit for College Level Examination Program (CLEP)

A maximum of 30 semester units of credit is given for CLEP (College Level Examination Program) with scores at the 50th percentile or higher. Credit is not awarded for English composition. Official CLEP examination results must be submitted to the Admissions & Records Office. CLEP exams are offered through COD's Partnership and Community Education Division (PaCE) Office, 760.776.7420. CLEP credit will not be used to meet IGETC General Education Requirements for Certification. CLEP may be used to meet CSU General Education requirements for certification. Below is the list of exams for which College of the Desert awards credit.

## Credit for College Level Examination Program (CLEP)

College-Level Examination Program (CLEP)	Passing Score	Minimum Semester Credits Earned <sup>1</sup>	Semester Credits Toward GE Breadth	American Institutions and/or GE Breadth Area <sup>2</sup>
American Government	50	3	3	D
American Literature	50	3	3	C2
Analyzing & Interpreting Literature	50	3	3	C2
Biology	50	3	3	B2
Calculus	50	3	3	B4
Chemistry	50	3	3	B1
College Algebra	50	3	3	B4
College Algebra - Trigonometry	50	3	3	B4
French Level II <sup>3</sup>	59	3	3	C2
German Level II <sup>3</sup>	60	3	3	C2
History, United States I	50	3	3	D+US-1
History, United States II	50	3	3	D+US-1
Human Growth & Development	50	3	3	E
Humanities	50	3	3	C2
Introductory Business Law	50	3	0	n/a
Introductory Psychology	50	3	3	D
Introductory Sociology	50	3	3	D
Natural Sciences	50	3	3	B1 or B2
Pre-Calculus	50	3	3	B4
Principles of Macroeconom	50	3	3	D
Principles of Microeconomics	50	3	3	D
Spanish Level II <sup>3</sup>	63	3	3	C2
Spanish with Writing Level II <sup>3</sup>	63	3	3	C2
Western Civilization I	50	3	3	C2 or D
Western Civilization II	50	3	3	D

<sup>1</sup> These units count toward eligibility for admission. The units may not all apply toward certification of the corresponding GE Breadth area. See Executive Orders 1033 and 1036 for details.

<sup>2</sup> Areas of GE Breadth (A1 through E) are defined in Executive Order 1100. Areas of American Institutions (US-1 through US-3) are set forth in Sections IA and IB of EO 1061, and at assist.org.

<sup>3</sup> If a student passes more than one CLEP test in the same language other than English (e.g., two exams in French), then only one examination may be applied to the baccalaureate. For each test in a language other than English, a passing score of 50 is considered "Level I" and earns six units of baccalaureate credit; the higher the score listed for each test is considered "Level II" and earns additional units of credit and placement in Area C2 of GE Breadth, as noted.

**Note:** College of the Desert does not have comparable courses for all courses listed above.

## International Baccalaureate (IB) Credit

The Desert Community College District may award International Baccalaureate Examination (IB) credit toward a Certificate or Associate Degree, or for CSU GE or IGETC Transfer Certification to those who attain an appropriate score on Higher Level (HL) Exams. If you are intending to transfer to a four-year institution, you should consult with a counselor or the individual institution regarding its IB credit policy.

College of the Desert cannot certify the IB English A: Literature for CSU GE Area A2 or IGETC Area 1A. You have the option to submit the official IB score report directly to the CSU/UC campus, at the time of admission, for evaluation of credit towards a GE area not included in the system wide GE approved list.

A score of 5, 6, or 7 on Higher Level exams is required to grant credit for IGETC and CSU GE Breadth Certification (exception: a score of 4 on the following IB subjects is considered a passing score for CSU GE Breadth Certification: Language A HL, Language B HL, Mathematics HL, and Theatre HL). An acceptable IB score for IGETC or CSU GE Breadth equates to either 3 semester or 4 quarter units for certification purposes.

If you have earned credit from an IB exam, you should not enroll in a comparable college course because credit will not be granted for both. (CSU may grant additional units for eligibility for admission.) If you wish to apply for IB credit, you should: (1) Submit an official IB transcript to Admissions & Records; (2) Review IB scores with a counselor. For more information visit [calstate.policystat.com](http://calstate.policystat.com).

International Baccalaureate Exam (IB)	Passing Score	Minimum Semester Credits Earned <sup>1</sup>	Semester Credits Toward GE Breadth	IGETC	American Institutions and/or GE Breadth Area <sup>2</sup>

<sup>1</sup> These units count toward eligibility for admission. The units may not all apply toward certification of the corresponding GE Breadth area. See Executive Orders 1036 and 1100 for details.

<sup>2</sup> Areas of GE Breadth (A1 through E) are defined in Executive Order 1100. Areas of American Institutions (US-1 through US-3) are set forth in Sections IA and IB of EO 1061, and at assist.org.

**Note:** College of the Desert does not have comparable courses for all courses listed above.

## Transfer of Credit from Other Colleges

Units earned at other institutions for courses completed with a grade of "C" or better may be found sufficient for registration purposes. Students who have completed coursework at another institution should meet with a counselor with **unofficial** transcripts. Counselors can verify completion of prerequisite courses for registration purposes.

Students who wish to obtain a degree or certificate from College of the Desert and have completed coursework at other regionally accredited institutions must provide an **official** transcript when they request an evaluation of other college coursework. Students need to meet with a COD Counselor and request a formal transcript evaluation.

Students may also have a formal transcript evaluation by submitting a Degree Application online via the MyCOD Student Portal, Admissions & Records Forms when they have **completed 40 units, with at least 12 units completed in residence at COD**. (Approved regional accreditation associations: NASC, NCA, NEASC, MSA, SACS, WASC)

To determine General Education and/or Associate Degree equivalency, the course must be easily identifiable by a commonly used course prefix and title. To be verified, sufficient information including course descriptions and prerequisite information must be available from the accredited institution. The College reserves the right to deny acceptance of any course for the purpose of General Education, Associate Degree graduation requirements, or subject requirements.

Transcripts are not considered official unless they arrive in the Admissions & Records Office unopened. Official transcripts received

## Credit for Prior Learning

College of the Desert allows the granting of units for validated college-level skills and knowledge gained outside a college classroom, in accordance with Title 5, Sections 55050 and 55052, and Administrative Procedure 4235.

Students may demonstrate proficiency in a course eligible for Credit for Prior Learning and receive college credit through the approved alternative methods for awarding credit listed below:

- Achievement of a satisfactory score on an Advanced Placement (AP) examination
- Achievement of a satisfactory score on a higher level International Baccalaureate (IB) examination
- Achievement of a satisfactory score on the College Level Examination Program (CLEP)
- Evaluation of Joint Service Transcripts (JST)
- Achievement of an examination administered by other agencies approved by the district
- Evaluation of industry-recognized credential documentation
- Evaluation of student-created portfolios
- Satisfactory completion of an institutional examination, known as Credit by Examination, administered by the college in lieu of completion of an active course listed in the current college catalog

For more information regarding Advanced Placement (AP), International Baccalaureate (IB), College Level Examination Program (CLEP), or Credit by Examination please refer to their respective catalog sections.

from other institutions become the property of College of the Desert and cannot be returned to the student or forwarded to other institutions.

Students are encouraged to visit the Counseling webpage and review the Transfer Equivalencies link to determine if courses completed at other institutions are an allowable equivalent for credit at College of the Desert.

### Understanding Your Transfer Credit

As a student with transfer credit, you may be wondering exactly how your previously completed courses fit into your intended degree program or if they can be used to meet prerequisite requirements for courses you wish to enroll. Students with transfer credit should review the College of the Desert Transfer Course Equivalency Database (TCED) to determine if previous coursework from another college has already been equated to a COD course. The database is located on the Counseling webpage. If the database does not identify an equated COD course, please consult with a counselor.

For registration clearance of prerequisites, students are encouraged to visit the TCED webpage, print out the course equivalency (if available) and meet with a counselor to have the prerequisite validated and cleared for registration.

For degree completion, students are encouraged to visit the TCED webpage to determine if previously completed courses at another institution meet their intended degree requirements at COD (print out your research results). It is recommended students bring their research results to meet with a counselor before the end of their first semester in order to verify course equivalency and develop a Student Education Plan (SEP).

### Foreign Transcript Evaluations

Students entering COD who have earned university/college credits in foreign countries and believe the courses are comparable to those offered at COD can meet with a COD Counselor to start the process of having the credits evaluated. Before meeting with a COD Counselor make sure the foreign coursework has been evaluated by an evaluation service and the official results are on file with Admissions and Records.

## Eligibility for Credit for Prior Learning

- The student must be in good standing in the district
- The student must have previously earned credit or noncredit from the district or be currently registered in the district
- Current students must have an education plan on file
- The course is listed in the current college catalog
- The student is not currently enrolled in the course to be challenged
- Credit by Examination: The student is registered in the district and not currently enrolled in nor received credit for a more advanced course in the same subject (may be waived by department)
- Credits acquired by examination are not applicable to meeting of such unit load requirements as Selective Service deferment, Veterans, or Social Security benefits. Credits acquired by examination shall not be counted in determining the 12 semester hours of credit in residence required for an associate's degree.

## Prior Learning Assessment Grading Policy

- Grading shall be according to the regular grading system in accordance with Administrative Procedure 4230 Grading and Academic Record Symbols
- Students shall be offered a "Pass/No Pass" option if that option is ordinarily available for the course, in accordance with Administrative Procedure 4230 Grading and Academic Record Symbols.
- Students shall be given the opportunity to accept, decline, or appeal the grade assigned by the faculty, and in cases of Credit by Examination, pursuant to Administrative Procedure 4230 Grading and Academic Record Symbols and Administrative Procedure 4231 Grade Changes

## Transcription of Credit for Prior Learning

- The student's academic record shall be clearly annotated to reflect that credit was earned by assessment of prior learning

## Credit for Military Service/Training

Students interested in Credit for Prior Learning using Joint Service Transcripts shall receive credit as recommended by the American Council on Education (ACE) Directory and approved by the appropriate discipline faculty of the college under the following circumstances:

- The student shall complete the Credit for Prior Learning assessment petition
- Official transcripts must be on file in the Admissions and Records Office. These may include Joint Services Transcript (JST), Sailor/ Marine American Council on Education Registry Transcript (SMART), Army and American Council on Education Registry Transcript Service (AARTS), Community College of the Air Force (CCAF), Coast Guard Institute (CGI), DANTES/USAFI, Defense Language Institute Foreign Language Transcripts (DLIFLC), Defense Manpower Data Center (DMDC), DLPT Examinee Results, DA Form 330 Language Proficiency Questionnaire, or verified copies of DD214 or DD295 military records.
- Credit course equivalency shall be determined by the faculty of the appropriate discipline

## Industry Recognized Credentials

Students interested in Credit for Prior Learning using industry recognized credential(s) shall receive credit as recommended by the appropriate department chair or faculty designee:

- The student shall complete the Credit for Prior Learning assessment petition and include all industry recognized credential documents
- Enrollment services shall grant credit for industry recognized credential(s) that have already been evaluated and approved by the appropriate department chair or faculty designee
- If an industry recognized credential(s) has not yet been evaluated and approved by the appropriate faculty, the student meets with the department chair or faculty designee to receive further instructions for industry recognized credential(s) assessment
- If the department chair or faculty designee determine the industry certification adequately measures mastery of the course content as set forth in the Course Outline of Record, the appropriate faculty shall sign the petition with the recorded grade, attach the industry recognized credential(s), and forward the completed petition and supporting documents to the Admissions and Records Office to be kept on file and recorded on the student transcript

# WHAT LEARNING OPPORTUNITIES ARE AVAILABLE FOR STUDENTS?

## Libraries, Labs & Activities

### College Libraries

The mission of the **College of the Desert Libraries** is to contribute to institutional outcomes by developing library collections that support faculty and curriculum, and instructional programming that will give students a transferable information literacy skill set that will prepare them for a changing workplace.

The COD Libraries recognize and appreciate the diverse community that we serve, and we strive to assist our users in achieving all of their academic, career-oriented, and personal goals.

The Palm Desert, Palm Springs & Indio Libraries provide access to:

- Computer workstations in labs and/or open areas
- Professional, experienced librarians providing f2f instruction on how to find and use information
- Online Chat/Reference, 24/7
- Course textbooks on reserve for most COD courses
- full-text magazines, journals, and newspapers online
- full-text electronic books online
- A large print collection at the Palm Desert location

### Library and Research Instruction

The Libraries are very active in providing students with the tools they need to succeed in their college courses. The staff offers library and research instruction to students in several ways:

**Individually** – Students are encouraged to ask for instructional assistance at the Library Information Desk. Professional librarians are on duty at all times to provide a full range of assistance in using the Library for assignments and interests.

**In Groups** – Every semester, the professional librarians provide many course-related instruction sessions to students in all areas. Each of these sessions last from one to two hours and are geared toward the specific areas of study as requested by the course instructors.

The **College Libraries** invite all students, faculty, community members and visitors to visit the library and discover all the services, equipment, and other resources available online and in person.

For more information, please call 760.773.2563

### Library Fines

Fines will be charged for overdue materials, and fees will be charged for lost or severely damaged materials. The fee for lost or severely damaged material is the current market value for the item as determined by the Technical Services Department, plus a \$25.00 processing fee.

To avoid overdue fines, most materials may be renewed by phone or online, please call for assistance.

Unpaid Library fines/fees will result in a hold on student records and transcripts.

Contact the Library Information Desk at 760.773.2563

### Intensive English Academy

International students seeking English-language skills development are invited to enroll in the Intensive English Academy (IEA). The IEA consists of 30 hours per week of instruction and lab work. This fee-based program includes classes in reading, writing, grammar, oral communication, and conversation. Classes are offered from beginning to advanced levels. The IEA course offers both 8-week and 16-week sessions.

For more information and to obtain an application, please visit the International Education Program webpage, or contact the IEA Office at:

#### International Education Program

43500 Monterey Avenue  
Palm Desert, CA 92260

by email

(iep@collegeofthedesert.edu): iep@collegeofthedesert.edu

by telephone: 001.760.776.7205

### Math/Science Study Center

The **Math and Science Study Center (MSSC)** is a welcoming environment that is located in the **Math Building (Room 4)**. There are 16 computers with internet access, as well as software and videos to support all mathematics and science classes. Math and science students are invited to drop in anytime to use the provided services which include individual study, group study and expert help from science and math instructors. Look for flyers with schedules of available faculty, planned study sessions, and workshops. For more information, please call 760.674.3769 or 760.773.2573

### Online Classes

College of the Desert offers over 1300 sections of online classes each academic year covering a wide variety of academic disciplines. Some of these include Accounting, Criminal Justice, Automotive Technology, Business, Computer Information Systems, Digital Design & Production, Childhood Development Education, English, Fire Science, Health Sciences, History, Kinesiology, Music, Natural Resources, Political Science, Psychology, Sociology, and Theatre Arts. See the class schedule for a complete listing.

Online courses have the same transfer status and prerequisites as traditional on-campus classes and are subject to the same standards of academic quality. The difference is that the student completes his or her coursework via COD's learning management system CANVAS. This can be a tremendous advantage for those students who have trouble getting to one of COD's campuses or who have schedules that do not allow them to take classes scheduled at specific times. Online students must have their own computers and high-speed internet access, and must be proficient in using the internet, a word processing program, and email. Some courses may require students to have a webcam. For further information, please go to the college's **Online Classes** information page.

### Tutoring & Academic Skills Centers (TASC)

**TASC is the Tutoring and Academic Skills Center.** The mission of TASC is to support independent study habits and sustainable learning for all students at College of the Desert. This is accomplished by providing the academic support and tools that empower individuals to take charge of their goals. TASC labs can be found at all major sites for College of the Desert.

**These resources include:**

## Other Noncredit Certificate Programs

- Peer tutors for general subjects
- Tutor and staff support with writing and math
- Computer lab space for coursework and research
- 24/7 Online tutoring access (with synchronous subjects) through Smarthinking
- Helpful, friendly staff

When students use our drop-in tutoring program, they will now be enrolled in “**ASC 300: Supervised Tutoring**.” Supervised tutoring “courses” are common at many community colleges. Here’s some general information:

- Students do not need to do anything extra beyond working with a tutor.
- The course will be listed on students’ transcripts as “ASC 300, Supervised Tutoring.”
- **This is a free, pass/no pass, zero-unit course.** In order to receive a passing grade, students need to work with a tutor (as they’re already doing by working with you on Zoom).
- This course enables the TASC to better track student tutoring usage, which in turn is helpful for our funding.
- If student have questions, please refer them to a tutoring coordinator.

We want to collaborate with you for your success. Stop by any of the five TASC locations listed below, and let’s get started!

### Palm Desert Campus (PDC)

TASC Main Line: 760.773.2557

## Other Noncredit Certificate Programs

**Certificate of Completion and Certificate of Competency programs are noncredit career development programs. These programs provide vocational training in focused areas and do not appear on the transcript.**

A noncredit Certificate of Competency means a document confirming that a student enrolled in a noncredit educational program of noncredit courses has demonstrated achievement in a set of competencies that prepares students to progress in a career path or to undertake degree-applicable or non degree-applicable credit courses.

A noncredit Certificate of Completion means a document confirming that a student has completed a noncredit educational program of noncredit courses that prepares students to progress in a career path or to take degree-applicable credit courses.

The following are other noncredit certificates offered at College of the Desert. Please refer to the programs pages (p. 100) of the catalog for detailed information on a particular program.

1. Automotive Technology (p. )
  - a. Automotive Oil Change (p. 139)
  - b. Automotive Quick Service (p. 140)
  - c. Automotive Terminology (p. 140)
2. Building Energy Systems Professional (p. )
  - a. Air Properties and Economizer Performance (p. 118)
  - b. Proper HVAC System Preparation and System Charging (p. 119)
  - c. Refrigerant Management and EPA-608 Preparation (p. 119)
  - d. Residential Solar Installation (p. 148)
  - e. Residential Solar Surveying & Planning (p. 148)
  - f. Solar Battery Storage Installation & Maintenance (p. 148)
  - g. Solar Site Planning Project (p. 148)
  - h. Welding

- i. Gas Metal Arc Welding
  - ii. Gas Tungsten Arc Welding (p. 149)
  - iii. Shielded Metal Arc Welding (p. 150)
- 3. Culinary Arts (p. )
  - a. Baker (p. 167)
  - b. Bread Baker (p. 167)
  - c. Culinary Catering (p. 167)
  - d. Culinary Menu Planning (p. 168)
  - e. Culinary Procurement and Cost Control (p. 168)
  - f. Culinary Safety & Sanitation (p. 168)
  - g. Employment Preparation: Entry Cook (p. 168)
  - h. Employment Preparation: Line Cook (p. 168)
  - i. Prep Cook (p. 169)
- 4. Digital Design and Production (p. )
  - a. After Effects (p. 174)
  - b. Illustrator Skills (p. 174)
  - c. InDesign (p. 174)
  - d. Photoshop Skills (p. 174) (p. 174)
  - e. Premiere Pro (p. 175)
- 5. English (p. )
  - a. Language and Thought (p. 186)
  - b. Organization (p. 186)
  - c. Research & Argument (p. 186)
  - d. Sentence (p. 187)
- 6. English as a Second Language (p. )
  - a. Advanced Academic ESLN (p. 187)
- 7. Emergency Medical Services (p. )
  - a. Emergency Medical Responder (p. 181)
  - b. Emergency Medical Responder Intermediate (p. 181)
- 8. Film (p. )
  - a. Basic Film Production (p. 218)
  - b. Film Production Scheduling and Budgeting (p. 216)
  - c. Introduction to Film (p. 218)
  - d. Introduction to Screenwriting (p. 219)
- 9. Natural Resources (p. )
  - a. Geographic Information Systems for Business (p. 223)
  - b. Geographic Information Systems for Data Acquisition (p. 224)
  - c. Geographic Information Systems for Essentials (p. 224)
  - d. Geographic Information Systems for Spatial Analysis (p. 224)
- 10. Mathematics (p. )
  - a. Integers (p. 213)
  - b. Rational Numbers (p. 213)
  - c. Whole Numbers (p. 214)

## College Libraries

The mission of the **College of the Desert Libraries** is to contribute to institutional outcomes by developing library collections that support faculty and curriculum, and instructional programming that will give students a transferable information literacy skill set that will prepare them for a changing workplace.

The COD Libraries recognize and appreciate the diverse community that we serve, and we strive to assist our users in achieving all of their academic, career-oriented, and personal goals.

The Palm Desert, Palm Springs & Indio Libraries provide access to:

- Computer workstations in labs and/or open areas
- Professional, experienced librarians providing f2f instruction on how to find and use information
- Online Chat/Reference, 24/7
- Course textbooks on reserve for most COD courses
- full-text magazines, journals, and newspapers online
- full-text electronic books online
- A large print collection at the Palm Desert location

### Library and Research Instruction

The Libraries are very active in providing students with the tools they need to succeed in their college courses. The staff offers library and research instruction to students in several ways:

**Individually** – Students are encouraged to ask for instructional assistance at the Library Information Desk. Professional librarians are on duty at all times to provide a full range of assistance in using the Library for assignments and interests.

**In Groups** – Every semester, the professional librarians provide many course-related instruction sessions to students in all areas. Each of these sessions last from one to two hours and are geared toward the specific areas of study as requested by the course instructors.

The **College Libraries** invite all students, faculty, community members and visitors to visit the library and discover all the services, equipment, and other resources available online and in person.

For more information, please call 760.773.2563

### Library Fines

Fines will be charged for overdue materials, and fees will be charged for lost or severely damaged materials. The fee for lost or severely damaged material is the current market value for the item as determined by the Technical Services Department, plus a \$25.00 processing fee.

To avoid overdue fines, most materials may be renewed by phone or online, please call for assistance.

Unpaid Library fines/fees will result in a hold on student records and transcripts.

Contact the Library Information Desk at 760.773.2563

## Intensive English Academy

International students seeking English-language skills development are invited to enroll in the Intensive English Academy (IEA). The IEA consists of 30 hours per week of instruction and lab work. This fee-based program includes classes in reading, writing, grammar, oral communication, and conversation. Classes are offered from beginning to advanced levels. The IEA course offers both 8-week and 16-week sessions.

For more information and to obtain an application, please visit the International Education Program webpage, or contact the IEA Office at:

### International Education Program

by telephone: 001.760.776.7205

## Math/Science Study Center

The **Math and Science Study Center (MSSC)** is a welcoming environment that is located in the **Math Building (Room 4)**. There are 16 computers with internet access, as well as software and videos to support all mathematics and science classes. Math and science students are invited to drop in anytime to use the provided services which include individual study, group study and expert help from science and math instructors. Look for flyers with schedules of available faculty, planned study sessions, and workshops. For more information, please call 760.674.3769 or 760.773.2573

## Online Classes

College of the Desert offers over 1300 sections of online classes each academic year covering a wide variety of academic disciplines. Some of these include Accounting, Criminal Justice, Automotive Technology, Business, Computer Information Systems, Digital Design & Production, Childhood Development Education, English, Fire Science, Health Sciences, History, Kinesiology, Music, Natural Resources, Political Science, Psychology, Sociology, and Theatre Arts. See the class schedule for a complete listing.

Online courses have the same transfer status and prerequisites as traditional on-campus classes and are subject to the same standards of academic quality. The difference is that the student completes his or her coursework via COD's learning management system CANVAS. This can be a tremendous advantage for those students who have trouble getting to one of COD's campuses or who have schedules that do not allow them to take classes scheduled at specific times. Online students must have their own computers and high-speed internet access, and must be proficient in using the internet, a word processing program, and email. Some courses may require students to have a webcam. For further information, please go to the college's **Online Classes** information page.

## Tutoring & Academic Skills Center

**TASC is the Tutoring and Academic Skills Center.** The mission of TASC is to support independent study habits and sustainable learning for all students at College of the Desert. This is accomplished by providing the academic support and tools that empower individuals to take charge of their goals. TASC labs can be found at all major sites for College of the Desert.

### These resources include:

- Peer tutors for general subjects
- Tutor and staff support with writing and math
- Computer lab space for coursework and research
- 24/7 Online tutoring access (with synchronous subjects) through Smarthinking
- Helpful, friendly staff

When students use our drop-in tutoring program, they will now be enrolled in "**ASC 300: Supervised Tutoring**." Supervised tutoring "courses" are common at many community colleges. Here's some general information:

- Students do not need to do anything extra beyond working with a tutor.
- The course will be listed on students' transcripts as "ASC 300, Supervised Tutoring."

- **This is a free, pass/no pass, zero-unit course.** In order to receive a passing grade, students need to work with a tutor (as they're already doing by working with you on Zoom).
- This course enables the TASC to better track student tutoring usage, which in turn is helpful for our funding.
- If student have questions, please refer them to a tutoring coordinator.

We want to collaborate with you for your success. Stop by any of the five TASC locations listed below, and let's get started!

Friday-Sunday Closed

## Learning Opportunities

### Career Pathways

A career pathway is an effective way to help students see the application of academic knowledge and make meaningful connections between education and a variety of career options. Career pathways include career preparation recommendations for coursework that prepares students to:

- enter directly into the workforce;
- continue education focused on the associate degree; and/or
- pursue baccalaureate degrees and beyond.

### Career Education (formerly career technical education, CTE)

Career Education programs prepare students for high-skill, high-demand technical careers to be competitive in the job market. Rigorous programs of study emphasize skills and Career Preparation in Office, Accounting, Health, Early Childhood, and applied STEM (Science, Technology, Engineering, and Math) technologies. Programs are intended to lead to an associate's degree or a certificate in a specific career field, and ultimately to high-wage, high-skill employment, or advanced education.

### Career and Workforce Solutions Center (CWSC)

Students seeking career information or career planning assistance should visit the CWSC.

Career counselors are available to assist in providing career, job, and internship information and offer a variety of career assessments. The Center provides guidance with resume writing, interviewing skills, job search strategies, and choosing a college major. The CWSC provides diverse career-related workshops and events and sponsors job fairs and the [www.CODjobHUB.com](http://www.CODjobHUB.com), which allows students seeking employment to match with industry openings.

Work Experience program staff and faculty are available to answer any questions related to enrolling into Work Experience courses.

### Business and Industry

California Education Code requires advisory committees for specific CTE programs receiving funding from the federal Carl D. Perkins Act. Business and industry partners representing automotive, business, construction, agriculture, public safety, health education, and more are active leaders in providing input on programs and curriculum and serve as a liaison between educators and the broader employment community. Advisory members conduct a variety of activities, such as providing speakers for CTE classes, hosting workplace field trips, serving as mentors, and providing internships and/or employment.

Moreover, members strategize on what areas of improvement are needed in career and technical education to maintain California's competitive edge in the global marketplace. For more information on advisory

committee membership, please call the CTE Transitions Office at 760.565.4832.

### High School/Regional Occupational Program (ROP) Articulation

Articulation is the process of developing formal, written agreements that identify High School and CTE ROP courses (or sequence of courses) that align with and are recognized by postsecondary institutions. Ideally, it includes a seamless transition of course work where academic standards are designed, reviewed, and implemented to eliminate the duplication of skills and student learning outcomes. The primary goal is to avoid duplication of coursework required of students as they move through our educational system and to speed the completion of a certificate or degree from a postsecondary institution. This increases secondary retention, reduces the cost of education, and increases the likelihood of attendance at the postsecondary level. Articulation is student-focused and effective if college-discipline instructors and secondary CTE teachers collaborate and develop curriculum to best prepare students for success in their career.

At College of the Desert, the agreements provide an opportunity whereby students earn college units or placement credit for approved coursework. The assessment component of articulation ensures that outcomes for students are similar to those that would have been attained had the course been taken at the community college. This enables the student to progress to the next level of instruction.

The assessment component of articulation ensures that outcomes for students are similar to those that would have been attained had the course been taken at the community college. This enables the student to progress to the next level of instruction.

## What are Basic Skills?

Every college student needs a set of basic skills to navigate the world of higher education and to succeed at participating in college level learning.

These skills are normally acquired in the course of elementary and secondary study, and they typically include: time management, reading and note taking methods, test taking strategies, and clear, concise writing. Everyone could use a refresher, and Tutoring and Academic Skills Center provides a series of live workshops and exciting videos in the TASC Canvas page that touch on those topics and the places where students can learn more about them! TASC videos in Canvas provide guidance for the following: accessing support resources such as tutors, research sites, citation guidance (MLA and APA), ESL and math resources, and tips for succeeding with online learning and tutors.

Visit a TASC lab (please see schedule below) or the TASC website for more information. We want to collaborate with you for your success. Stop by any of the five TASC locations listed below, and let's get started!

## Partnership & Community Education (PaCE)

**Community Education** – PaCE offers fee-based programs for professional development, workforce training, and personal enrichment. Career certificate programs are offered in Digital Arts & Media, Permanent Cosmetic & Microblade Technician, Professional Security Officer, Cannabis Industry, Veterinary Assistant, and Healthcare including Clinical Medical Assistant, Medical Administrative Assistant, EKG Technician and Phlebotomy Technician, to name a few. The accelerated, not-for-credit classroom or online training format is compatible with busy schedules.

**Contract Education** – PaCE offers programs that are developed for and in consultation with the employer and delivered at a time and location suitable to them on a fee basis. These custom designed training programs are for every employee from entry level to executive.

For more information about Community or Contract Education, please contact PaCE at 760.776.7420 or 760.862.1367.

**Proctoring Services** - PaCE offers proctoring services for students who need to take supervised exams, as well as those needing professional certification and/or licensure exams. Exams are offered online as well

as conventional paper-and-pencil style assessments. (Fees apply) Call: 760.636.7941

## Noncredit Courses and Certificates

### Adult Basic Education (ABE)

Recognizing the role of the community college in the area of adult education, College of the Desert makes available noncredit courses for development of necessary skills and knowledge in **Adult Basic Education** (reading, writing, and math), **Adult High School Diploma**, and preparation for the **General Education Development (GED) Test**. No enrollment fees are charged to students taking adult education courses.

Many courses are offered on an open-entry, open-exit basis. In addition to regular class offerings, emphasis is placed on self-paced, independent, student-centered learning.

Students interested in completing Adult Basic Education courses may begin the process by completing the Admission Application available online from the College of the Desert website.

#### Steps to Enrollment:

1. Complete the online Admission Application (available with Spanish translation only), or visit the Admissions & Records Office.
2. Reference the Admissions/Adult Basic Education webpage or call 760.776.7348 to ascertain next steps in preparation of enrolling.
3. Register
4. Pay fees.

#### **Instruction is provided in the following areas:**

##### *Basic Skills*

Basic Skills is the study of reading, writing, and math. It is designed for adults to learn these skills. Basic Skills students will be better prepared to pursue further education, including GED and High School Completion, or pursue employment opportunities. Students may earn the following certificates of completion:

- Certificate in Reading Completion
- Certificate in Basic Math Completion
- Certificate in Advanced Math Completion
- Certificate in Basic English Completion
- Certificate in Advanced English Completion

##### *General Education Development Test (GED)*

General Education Development (GED) is the study of social studies, math, reading, writing, and science. Students completing this course of study will be better prepared to take the GED test. The GED certificate (Certificate of Completion in Secondary Education/GED) is an alternative to a high school diploma and is accepted by many employers, community colleges, vocational training programs, and governmental agencies. For more information, please call 760.776.7348.

##### *High School Completion/Diploma*

High School Completion is the study of subjects required to obtain a high school diploma. Students completing their required coursework and passing the proficiency exams will receive an Adult High School Diploma issued by College of the Desert. For more information, please call 760.776.7348.

### English as a Second Language (ESL) Noncredit Program

The **Noncredit ESL** program is an intensive series of multi-skill courses which meet the needs of students not fluent in English.

Classes are open-entry, thereby allowing students to register throughout the school year up until the 10th week of primary term. Classes are held day and evening at Palm Desert and various campus sites.

All persons 18 years of age and older regardless of their educational background are welcome to enroll in this program.

#### Steps to Enrollment:

1. Complete the online Admission Application (available with Spanish translation only), or visit the Admissions & Records Office.
2. Make an appointment to take the English as a Second Language Placement Test.
3. Register
4. Pay fees

ESLN offers the following noncredit certificates of completion:

- English Proficiency Certificate: Life & Work Skills
- Academic English Certificate
- Vocational ESLN Certificate of Completion

Please refer to the sequence of noncredit ESL courses required for these certificates (English as a Second Language Programs (p. 100)). For more information or assistance, please reference the Admissions/Adult Basic Education webpage, or call 760.776.7348.

#### Other Noncredit Certificate Programs

**Certificate of Completion and Certificate of Competency programs are noncredit career development programs. These programs provide vocational training in focused areas and do not appear on the transcript.**

A noncredit **Certificate of Competency** means a document confirming that a student enrolled in a noncredit educational program of noncredit courses has demonstrated achievement in a set of competencies that prepares students to progress in a career path or to undertake degree-applicable or non degree-applicable credit courses.

A noncredit **Certificate of Completion** means a document confirming that a student has completed a noncredit educational program of noncredit courses that prepares students to progress in a career path or to take degree-applicable credit courses.

The following are other noncredit certificates offered at College of the Desert. Please refer to the programs pages (p. 100) of the catalog for detailed information on a particular program.

1. Applied Construction Technology
  - a. Construction Technology Career Preparation
  - b. Construction Technology Concrete and Masonry
  - c. Construction Technology Drywall Installation and Finish
  - d. Construction Technology Electrical
  - e. Construction Technology Exterior Finishes
  - f. Construction Technology Finish Carpentry
  - g. Construction Technology Framing
  - h. Construction Technology Introduction
  - i. Construction Technology Plumbing
  - j. Construction Technology Site Preparation and Layout

## Noncredit Courses and Certificates

2. Automotive Technology
  - a. Automotive Oil Change
  - b. Automotive Quick Service
  - c. Automotive Terminology
  - d. Compressed Natural Gas Essentials
  - e. Compressed Natural Gas Inspection
  - f. Compressed Natural Gas Installation
3. Building Energy Systems Professional
  - a. Air Properties and Economizer Performance
  - b. Proper HVAC System Preparation and System Charging
  - c. Refrigerant Management and EPA-608 Preparation
  - d. Residential Solar Installation
  - e. Residential Solar Surveying & Planning
  - f. Solar Battery Storage Installation & Maintenance
4. Welding
  - a. Gas Metal Arc Welding
  - b. Gas Tungsten Arc Welding
  - c. Shielded Metal Arc Welding
5. Building Inspection Technology
  - a. California Building Codes
  - b. California Building/Fire Codes
  - c. California Electrical Codes

# WHAT ARE THE ACADEMIC STANDARDS OF COD?

## Attendance

### Student Responsibilities

It is important that students attend the first class meeting of each course in which they are enrolled, whether or not it is designated as a lecture or a lab. Faculty may drop students who do not appear in the first lecture or lab session. The primary responsibility for class attendance and following the course schedule provided by the instructor rests with the student. Consequently, students must process all adds or drops to their course schedules and are held responsible for updating their own enrollment records. To be officially recorded, adds and drops must be submitted electronically by the appropriate deadlines (check deadline dates in the Schedule of Classes or online by viewing section detail). Students are expected to attend all sessions of a course in which they are enrolled. Anticipated absences should be reported to instructors in advance in order to complete assigned work by due dates. All other absences should be reported to instructors immediately upon returning to class and any missed coursework should be made up. If an emergency requires a long absence and the instructor cannot be reached, students should contact the appropriate instructional dean or designee. Students are held financially accountable for every course in which they are registered and are responsible for their own class schedule and any changes.

### Faculty Responsibilities

Prior to census (20% of the class), a faculty member *may* drop a student as a "no show". A "no show" is a student who is registered but does not attend the first class session.

At census, in accordance with Title 5, section 58004, instructors *shall* drop any inactive students. Instructors shall clear their rolls of inactive students not later than the end of the last business day before the census day for all students.

"Inactive students" include:

1. Students identified as "no-shows"
2. Students who officially withdraw from the course
3. Students who are "no longer participating"; "no longer participating" includes, but is not limited to:
  - a. Excessive unexcused absences without any "extenuating circumstances" (must relate to nonattendance); excessive unexcused absences are normally defined as more than the number of times the class meets per week
  - b. "Extenuating circumstances" are verified cases of accidents, illness, other circumstances beyond the control of the student

The instructor has the responsibility for maintaining accurate attendance records in accordance with established procedures.

## Grading

### Course Units

The term "unit of credit" is a measure of time and study devoted to a course. One credit unit is equivalent to one hour of lecture per week plus at least two hours of study outside of class or at least three hours of lab per week per semester. Many courses are made up of a combination of lecture sessions and laboratory sessions.

## Grades

Final grades are recorded on a student's permanent record at the end of each academic term. Grades may be accessed online through WebAdvisor two weeks after the end of the class.

## Grading System

Instructors base assigned grades on class work and tests. The grades assigned are as follows:

Symbol	Definition	Grade Point Value
A	Excellent	4
B	Good	3
C	Satisfactory	3
D	Less than Satisfactory	2
F	Failing	0
EW	Excused Withdraw )by appeal only)	0
FW	Failing for unofficial withdrawal*	0
P	Passing At least satisfactory- A,B,C grades; units awarded but not counted in GPA	
NP	No Pass Less than Satisfactory, or failing- D or F grades; units not counted in GPA	

*\*For a student who has ceased to participate in a course after the last day to officially drop or withdraw without having achieved a passing grade. The FW grade shall be used in determining grade point average and academic standing. Students who have verifiable extenuating circumstances may petition to withdraw (W) or for an (EW) excused withdraw after receiving an FW. A petition for extenuating circumstances, with accompanying documentation, must be submitted electronically to Admissions & Records no later than one semester after receiving the grade.*

## Grade Points and Grade Point Average

### Grade Points

College of the Desert follows the same system of **grade points** used by most colleges and universities in the State to give an overall appraisal of the student's level of achievement. Semester grades are assigned grade points as follows:

A	4 grade points per unit earned
B	3 grade points per unit earned
C	2 grade points per unit earned
D	1 grade point per unit earned
F	0 grade points per unit earned

Semester marks with no assigned grade points are as follows: I, P, NP, and W. Units for F grades are counted in computing grade point averages.

## Grade Point Average (GPA)

The GPA is computed by dividing all graded (A–F) units attempted into all grade points received. Note: Do not include the marks of W, I, P or NP. The following example illustrates the grade point average calculation:

Course	Units	Grade	Grade Points per Unit	Grade Points per Class
ENG 005A	3	B	3	9
BUAC 019	2	A	4	8
KINE 010	3	C	2	6
NR 001	3	B	3	9
NR 001L	1	B	3	3
HIST 017	3	A	4	12
Totals	15			47
Total Grade Points				47
divided by Total Units Attempted				15
equals Grade Point Average (GPA)				3.13

## Non-Evaluation Symbols

The following non-evaluation symbols may appear on official college transcripts:

**"I" (Incomplete)** is a temporary mark assigned by the instructor when the instructor and student mutually determine that the student has been unable to complete course requirements by the designated ending date of the course according to the following definition.

Definition (Title 5, section 55758): Incomplete academic work for unforeseeable, emergency and justifiable reasons at the end of the term may result in an "I" symbol being entered in the student's record. The condition for removal of the "I" shall be stated by the instructor in a written record. This record shall contain the conditions for removal of the "I" and the grade assigned in lieu of its removal. This record must be given to the student with a copy on file with the Admissions & Records Office until the "I" is made up or the time limit has passed. A final grade shall be assigned when the work stipulated has been completed and evaluated, or when the time limit for completing the work has passed.

The "I" must be made up no later than one semester following the end of the term in which it was assigned.

The "I" symbol shall not be used in calculating units attempted nor for grade points.

An Incomplete is issued only upon mutual agreement between the instructor and the student. The instructor and the student will agree upon coursework and/or other requirements necessary for the removal of the incomplete mark and the grade to be assigned, as well as the grade to which the incomplete will default if the requirements are not met. The student is expected to make up the incomplete by the end of the semester immediately following the receipt of this mark or the grade will default to an "F." In unusual circumstances, the student may petition the instructor for a one-semester extension.

The **Incomplete Grade Form** is issued only to instructors. In addition to the terms of agreement as outlined in the previous paragraph, this form will contain the student's signature and the instructor's signature. The

student and the instructor will each retain a copy of this agreement. A third copy will be kept on file with the permanent roster in the Admissions & Records Office.

**"IP" (In Progress)** mark indicates that work is in progress and that upon completion of this work an evaluative symbol (grade) will be assigned. The "IP" shall not be used in calculating grade point average.

**"RD" (Report Delayed)** is a mark used when there is a delay in reporting the grade of a student due to circumstances beyond the student's control. This mark is a temporary notation and is to be replaced as soon as possible by a permanent symbol. Only the Admissions & Records Office may assign the "RD" mark. The "RD" notation shall not be used in calculating grade point average.

**"W" (Withdrawal)** is a mark assigned to students who withdraw after 20 percent and prior to 75 percent of the term. Withdrawal after the 75 percent point is not possible. "W" grades are final pursuant to State regulations and cannot be removed. Title 5, section 55024(a)(10)

Effective Summer 2012, in accordance with Title 5, sections 55024 and 55040, a student may not withdraw and receive a "W" symbol on his or her record for enrollment in the same course more than three times. In the event a student has documented extenuating circumstances, they must petition the Appeals Review Committee to enroll again, after having previously received three "W" symbols in the same course. If the enrollment is allowed, the student cannot receive a "W" and must receive an evaluative symbol other than a "W" (Title 5, section 55023) recorded on his or her academic record.

**"MW" (Military Withdrawal)** is issued when unexpected military duty requires a student to withdraw from their course. A military withdrawal can be granted as a result of an appeal supported by a specific military documentation. The "MW" notation shall not be used in calculating grade point average.

**"EW" (Excused Withdrawal)** occurs when a student is permitted to withdraw from a course(s) due to specific events beyond the control of the student affecting their ability to complete a course(s). This grade shall not be counted in progress probation and dismissal calculations nor shall it be counted toward the permitted number of withdrawals or counted as an enrollment attempt.

## Grade Change Policy and Grade Appeals

### Grade Change Policy

Per Title 5, section 55025, College of the Desert adheres to the following policy and procedures for **issuing and changing grades**:

- Grade changes must be presented within two years from the time the grade was assigned.
- The instructor of record for the class has the right to issue a letter grade to a student. Once a grade has been given, that grade is final.
- A change of grade may be made in only one of two ways:
  - A grade of Incomplete (I) is changed to a final grade. See Grading, Non-Evaluation Symbols (p. 58) for definition and limitations.
  - The instructor is making a grade change for reasons other than the absence of demonstrated error, fraud, bad faith, or incompetence.
- All Change of Grade and Incomplete Grade forms will be evaluated based upon the Grading Policy adopted by the Board of Trustees.

- All requests for Grade Changes that do not adhere to the Grading Policy shall be returned to the instructor submitting the request.

No grade that has been placed in a student's record may be changed unless the instructor submits a Grade Change form to the Admission & Records Office stating the reason for the change as listed above.

### Grade Appeals

The student shall first attempt to solve the problem with the instructor involved. If the problem is not solved, the student may follow the steps outlined in the *Grade Grievance Procedure*.

## Grade Grievance Procedure

By law, an instructor is solely responsible for the grades assigned; no instructor may be directed to change a grade except in certain narrow circumstances authorized by the Education Code, section 76224(a), which reads as follows: "When grades are given for any courses of instruction taught in a community college, the grade given to each student shall be that determined by the instructor of the course and its determination, in the absence of mistake, fraud, bad faith, or incompetency, shall be final."

When a student believes that the District grading policy has not been followed, and that the grade received in class was the result of "mistake, fraud, bad faith, or incompetency," the student **MUST** discuss this concern with the course instructor by the end of the fourth week of the following semester (excluding summer). Any student who is not satisfied after meeting with the instructor, may choose to pursue a grievance.

**FRAUD:** A deliberate misrepresentation of the truth or a fact used to take money, rights, or other privilege or property away from a person or persons may be found to be fraud.

**BAD FAITH:** Bad faith may be found in an instance of intent to deceive, in an act of dishonesty.

**INCOMPETENCY:** Incompetency may be found in a lack of ability, qualifications, fitness, or performance.

If a student files a grade grievance in accordance with the definitions and procedures described herein, and if, following the grievance procedures, it is found that the grade assigned has in fact been the result of "mistake, fraud, bad faith, or incompetency," then a new grade will be assigned, and that grade will become the final grade.

The student must observe the following procedures. The procedures must be completed by the end of the following semester (excluding Summer School) during which the cause for grievance occurred.

Please Note: A grade is not a disciplinary action but an evaluation of work, and is not subject to appeal except as provided in the grade grievance procedures outlined below:

**LEVEL 1: The student meets with the instructor and the department chair.** Prior to filing a formal written grievance, the student must attempt to solve the problem. When grades are available, the student must contact his or her instructor directly to discuss their differences not later than the fourth week of the following semester. At this stage most differences will be resolved. This contact should be conducted in the privacy of the instructor's office whenever possible, and the pertinent issues should be well defined so that they may be discussed as objectively as possible.

If the problem cannot be resolved at this level, the student may, after informing the instructor that he or she plans to file a written grievance, progress to Level 2.

**LEVEL 2: The student submits a written request for a meeting with the instructor's dean to resolve the grievance.** The written request must include, in detail, the student's basis for initiating the grievance. The student shall initiate this request within five (5) days after meeting with the instructor and the department chair. The dean shall meet with the instructor, department chair and student within five (5) days of reception of the formal grievance accompanied by all supporting data supplied by the student in an attempt to resolve the issue at this level. Any such meeting regarding a grade grievance will be closed to all observers.

At this level, if the issue can be resolved to the satisfaction of the instructor and student, and the action to be taken is to change a grade due to a mistake, fraud, bad faith or incompetency, the incorrect grade shall be removed from the student's record. Within two (2) school days, the decision and proposed action of the dean will be communicated in writing with copies to the student involved, the faculty member involved, the Vice President of Instruction or designee, and the Office of Admissions & Records.

If the problem cannot be resolved at this level, the student may, after informing the instructor and dean that he or she plans to file a written grievance, progress to Level 3.

**LEVEL 3: The student submits a written request for a meeting with the Vice President of Instruction or designee to resolve the grievance.** The written request must include, in detail, the student's basis for initiating the grievance. The student shall initiate this request within five (5) days of receiving the decision and proposed action of the dean. The Vice President or designee shall meet with the instructor, department chair, dean, and student within five (5) days of reception of the formal grievance accompanied by all supporting data supplied by the student in an attempt to resolve the issue at this level. Any such meeting regarding a grade grievance will be closed to all observers.

At this level, if the issue cannot be resolved to the satisfaction of the dean, department chair, instructor, and student, the Vice President assumes the responsibility for arriving at a decision regarding the validity of the grievance and appropriate action to be taken. If the action to be taken is to change a grade due to a mistake, fraud, bad faith, or incompetency, the incorrect grade shall be removed from the student's record. Within two (2) days, the decision and proposed action of the Vice President of Instruction or designee will be communicated in writing with copies to the student involved, the faculty member involved, the department chair involved, the dean involved, and the Admissions & Records Office. **The Vice President of Instruction or designee's decision completes and exhausts the Desert Community College District's Grade Grievance Procedure.**

The Superintendent/President or his or her designee may shorten or lengthen the times specified in these procedures. The intent, however, is to ensure that each and every step will take place as expeditiously as possible. Any changes to the time requirement will be made in writing. Failure of the student to adhere to the time requirements of the procedures will be considered a waiver of the right to proceed further in the grievance process.

## Academic Honors

### Dean's List

Students earning 12 or more credit units in a semester with a grade point average of 3.50 or better are named to the "Dean's List" in recognition of their academic achievements.

### Honor Roll

Students earning 12 or more credit units in a semester with a grade point average between 3.00 and 3.49 are listed on the "Honor Roll."

### Graduation Honors

Students receiving associate degrees may graduate with honors as indicated below. All grades earned at all colleges attended will be included in the computation of the cumulative grade point average (GPA) for graduation honors. Academic Renewal will not be used to qualify for graduation honors. Designations will be made on diplomas of all recipients and recognized at Graduation for students who participate. Academic honors are awarded as follows:

Honor	Cumulative GPA
Highest Honors	3.90 - 4.00
High Honors	3.750-03.89
Academic Distinction	3.50 - 3.74

## Probation, Disqualification, & Reinstatement

Probation, disqualification, and reinstatement policies and procedures are an important part of the Follow-Up component of the College's Student Success & Support Program (SSSP) and are designed to assist students in making progress toward realistic academic, career, and personal goals.

### Probation Standards

**ACADEMIC PROBATION** occurs after a student has attempted at least twelve (12) units, as shown by the official academic record, and has earned a term grade point average (GPA) below 2.0 for all units graded according to the established College grading scale.

**PROGRESS PROBATION** occurs after a student has attempted at least twelve (12) units, as shown by the official academic record, and has earned a grade of "W," "I," "NC", and/or "NP" in fifty percent (50%) or more of all units attempted.

Students can be placed on both academic and progress probation simultaneously. A student will be subject to disqualification in the 3rd semester if the student remains on probation for three consecutive semesters.

Students transferring to College of the Desert from another college are subject to the same probation and dismissal policies as College of the Desert students.

Students on two consecutive terms of probation may lead to the loss of the California College Promise Grant. See *Satisfactory Academic Progress*, Financial Aid (p. 75) section.

### Notification of Probation

The College shall make a reasonable effort to notify a student of their probationary status at or near the beginning of the semester in which the probation will take effect no later than the start of the fall semester. As a condition of continuing enrollment, a student placed on probation is required to receive counseling services, including the regulation and monitoring of his or her academic program. Each student shall also receive any other support services to help him or her overcome any

academic difficulties. Prior to registration, a student on probation must have counselor approval of his or her educational program.

### Removal from Probation

A student on academic probation shall be removed from probation when the student's accumulated grade point average reaches 2.0 or higher.

A student on progress probation shall be removed from probation when the percent of units with an earned grade of "W," "I," "NC", and/or "NP" drops below fifty percent (50%).

### Standards for Disqualification

A student on academic probation shall be subject to disqualification if in each of three consecutive semesters of enrollment the student's cumulative and semester grade point averages are below 2.00 in all units attempted which were graded according to the established District grading scale, or a student's cumulative progress is below 50% completion, or any combination thereof.

Students on progress probation shall be subject to disqualification if progress probation has been earned for three (3) consecutive semesters of enrollment. Students subject to disqualification may also lead to the loss of the California College Promise Grant. See *Satisfactory Academic Progress*, Financial Aid (p. 75) section.

### Notification of Disqualification

The College shall make a reasonable effort to notify a student, subject to disqualification, at or near the beginning of the semester in which the disqualification will take effect but no later than the start of the fall semester. A student subject to disqualification has the right of appeal. An exception to disqualification may be made in the event of extreme and unusual circumstances that can be supported by documented evidence provided by the student. Requests for appeal shall be submitted by completing a Petition for Exception to Policy. Disqualified students who register for classes without prior approval from the appropriate dean or their designee will be administratively dropped from classes.

### Reinstatement

A disqualified student applying for reinstatement shall not be reinstated until a minimum of one semester has elapsed since disqualification. A student applying for reinstatement must submit a Petition for Exception to Policy. The request shall explain what circumstances or conditions would justify reinstatement. A student who is reinstated shall receive individual counseling to assess his or her academic and career goals and may be required to participate in periodic monitoring of their academic progress and/or take an assigned student development course. Prior to registration, a reinstated student must have counselor approval of his or her educational program.

**PLEASE NOTE:** Students on probation for 2 semesters or disqualification will lose their priority registration status and will be moved to the open enrollment registration period.

## Repeating Courses

### Substandard Grades

A student who earns a grade of D, F, FW, NP, NC, or W [as defined in Title 5, sections 55023, 55030, and 58161(d)] for a course may repeat the course to alleviate the substandard grade.

### Repeat Limitations for Substandard Grades

Enrollment in a single course may be limited to two enrollments where a grade of D, F, FW, NP, NC, or W has been earned. Students may be allowed one additional enrollment where specific circumstances exist and may submit a petition to repeat by completing the Petition for Exception to

Policy and submitting it electronically via their MyCOD Student portal for consideration.

(Title 5, sections 55024, 55040, 55042, 58161, and 58161.5)

### Annotation of Record/Course Repetition

A student's permanent record (transcript) will be annotated in such a manner that all course work will remain legible ensuring a true and complete academic history. Transcripts will be annotated as follows:

1. Courses with substandard grades may be repeated in order to raise the grade and grade points. The units attempted, grade, and grade points of the first attempt will be subtracted from the totals for that semester and will be listed on the record with an "R" which denotes repetition. In no case will duplicate units be allowed.
2. For students attempting a course for the third time in which a substandard grade was received, the first attempt will be subtracted from the totals. Petitions must include documentation verifying the extenuating circumstance. All subsequent attempts will be averaged together and counted in the calculation of the grade point average. In no case will duplicate units be allowed.

Where a substandard grade is received in the second attempt and extenuating circumstances exist, a student may be allowed to repeat a course a third time, by submitting a Petition for Exception to Policy. The petition must be submitted electronically via their MyCOD Student portal by the printed deadline that may be found in the Schedule of Classes. Students are strongly encouraged to submit petitions one term prior to the scheduled enrollment.

Extenuating circumstances are defined as:

- Illness, hospitalization, or medical reasons
- Employment
- Relocation
- Illness or death of a family member or loved one
- Incarceration

Note: Academic records must demonstrate successful completion of recent courses or terms.

### Grades of "C" or Better

Students are not eligible to repeat any other course for which they have been granted a grade of "C" or better except where special circumstances exist which justify repeating the course. Special circumstances include:

1. The lapse of time - a significant number of years since the course was completed; and
  - a. The College has properly established a recency prerequisite for a course or program pursuant to Title 5, section 55003, or
  - b. The College or another institution of higher education to which the student seeks to transfer has established a recency requirement which the student will not be able to satisfy without repeating the course in question.
2. Legally mandated training where a course may be repeated if "necessary to meet requirements as a condition of paid or volunteer employment" Title 5, section 55041(b). Students enrolling in courses under this provision shall provide documented proof by the employer that such training is necessary to complete legally mandated training for continued paid or volunteer employment.

Grades earned in such cases are not included in the student's grade point average. The credit is not awarded. The courses, grades, and units will be listed on the student's transcript.

Petition for Exception to Policy must be submitted electronically via the College's MyCOD Student Portal. It is the responsibility of the student petitioning to look up the deadline for submitting a petition and to provide documentation along with the petition. Students are strongly encouraged to submit petitions one term prior to the scheduled enrollment, well in advance of registration to allow time for the Appeals Review Committee to review.

## Course Units

The term "unit of credit" is a measure of time and study devoted to a course. One credit unit is equivalent to one hour of lecture per week plus at least two hours of study outside of class or at least three hours of lab per week per semester. Many courses are made up of a combination of lecture sessions and laboratory sessions.

## Grades

Final grades are recorded on a student's permanent record at the end of each academic term. Grades may be accessed online through WebAdvisor two weeks after the end of the class.

## Grading System

Instructors base assigned grades on class work and tests. The grades assigned are as follows:

Symbol	Definition	Grade Point Value
A	Excellent	4
B	Good	3
C	Satisfactory	2
D	Less than Satisfactory	1
F	Failing	0
EW	Excused Withdrawal (by 0 appeal only)	
FW	<sup>1</sup> Failing for unofficial withdrawal	0
P	<b>Passing</b>  (At least satisfactory - A, B, C grades; units awarded but not counted in GPA)	
NP	<b>No Pass</b>  (Less than Satisfactory, or failing - D or F grades; units not counted in GPA)	

<sup>1</sup> For a student who has ceased to participate in a course after the last day to officially drop or withdraw without having achieved a passing grade. The FW grade shall be used in determining grade point average and academic standing. Students who have verifiable extenuating circumstances may petition to withdraw (W) or for an (EW) excused withdraw after receiving an FW. A petition for extenuating circumstances, with accompanying documentation, must be submitted

electronically to Admissions & Records no later than one semester after receiving the grade.

Students may choose the Pass/No Pass grading option on designated courses. This choice can be made at the time of registration, or a student may file a Petition in the Admissions & Records Office prior to the first 30% of the class.

Grades of F count as units attempted and completed with a failing grade. Such grades are computed in the grade point average (both semester and cumulative). Units for which grades of F are assigned do not earn units and do not fulfill course, certificate, or degree requirements.

## Grade Points and Grade Point Average

### Grade Points

College of the Desert follows the same system of **grade points** used by most colleges and universities in the State to give an overall appraisal of the student's level of achievement. Semester grades are assigned grade points as follows:

A	4 grade points per unit earned
B	3 grade points per unit earned
C	2 grade points per unit earned
D	1 grade point per unit earned
F	0 grade points per unit earned

Semester marks with no assigned grade points are as follows: I, P, NP, EW and W. Units for F grades are counted in computing grade point averages.

### Grade Point Average (GPA)

The GPA is computed by dividing all graded (A - F) units attempted into all grade points received. Note: Do not include the marks of W, EW, I, P or NP. The following example illustrates the grade point average calculation:

Course	Units	Grade	Grade Points per Unit	Grade Points per Class
ENG 1B	3	B	3	9
ART 7A	2	A	4	8
HE 1	3	C	2	6
NR 1	3	B	3	9
NR 1L	1	B	3	3
HIST 17	3	A	4	12
Totals	15			47
Total Grade Points				47
divided by Total Units Attempted				15
equals Grade Point Average (GPA)				3.13

## Non-Evaluation Symbols

The following non-evaluation symbols may appear on official college transcripts:

**"I" (Incomplete)** is a temporary mark assigned by the instructor when the instructor and student mutually determine that the student has been unable to complete course requirements by the designated ending date of the course according to the following definition.

Definition (Title 5, section 55758): Incomplete academic work for unforeseeable, emergency and justifiable reasons at the end of the term may result in an "I" symbol being entered in the student's record. The condition for removal of the "I" shall be stated by the instructor in a written record. This record shall contain the conditions for removal of the "I" and the grade assigned in lieu of its removal. This record must be given to the student with a copy on file with the Admissions & Records Office until the "I" is made up or the time limit has passed. A final grade shall be assigned when the work stipulated has been completed and evaluated, or when the time limit for completing the work has passed.

The "I" must be made up no later than one semester following the end of the term in which it was assigned.

The "I" symbol shall not be used in calculating units attempted nor for grade points.

An Incomplete is issued only upon mutual agreement between the instructor and the student. The instructor and the student will agree upon coursework and/or other requirements necessary for the removal of the incomplete mark and the grade to be assigned, as well as the grade to which the incomplete will default if the requirements are not met. The student is expected to make up the incomplete by the end of the semester immediately following the receipt of this mark or the grade will default to an "F." In unusual circumstances, the student may petition the instructor for a one-semester extension.

The **Incomplete Grade Form** is issued only to instructors. In addition to the terms of agreement as outlined in the previous paragraph, this form will contain the student's signature and the instructor's signature. The student and the instructor will each retain a copy of this agreement. A third copy will be kept on file with the permanent roster in the Admissions & Records Office.

**"IP" (In Progress)** mark indicates that work is in progress and that upon completion of this work an evaluative symbol (grade) will be assigned. The "IP" shall not be used in calculating grade point average.

**"RD" (Report Delayed)** is a mark used when there is a delay in reporting the grade of a student due to circumstances beyond the student's control. This mark is a temporary notation and is to be replaced as soon as possible by a permanent symbol. Only the Admissions & Records Office may assign the "RD" mark. The "RD" notation shall not be used in calculating grade point average.

**"W" (Withdrawal)** is a mark assigned to students who withdraw after 20 percent and prior to 75 percent of the term. Withdrawal after the 75 percent point is not possible. "W" grades are final pursuant to State regulations and cannot be removed. Title 5, section 55024(a)(10)

Effective Summer 2012, in accordance with Title 5, sections 55024 and 55040, a student may not withdraw and receive a "W" symbol on his or her record for enrollment in the same course more than three times. In the event a student has documented extenuating circumstances, they must petition the Appeals Review Committee to enroll again, after having previously received three "W" symbols in the same course. If the enrollment is allowed, the student cannot receive a "W" and must receive an evaluative symbol other than a "W" (Title 5, section 55023) recorded on his or her academic record.

"MW" (Military Withdrawal) is issued when unexpected military duty requires a student to withdraw from their course. A military withdrawal can be granted as a result of an appeal supported by a specific military documentation. The "MW" notation shall not be used in calculating grade point average.

"EW" – Excused Withdrawal: The "EW" symbol may be used (by appeal only with supporting documentation) to denote withdrawal in accordance with Title 5 Section 55024.

## Grade Change Policy and Grade Appeals

### Grade Change Policy

Per Title 5, section 55025, College of the Desert adheres to the following policy and procedures for **issuing and changing grades**.

The instructor of record for the class has the right to issue a letter grade to a student. Once a grade has been given, that grade is final in the absence of mistake, fraud, bad faith, or incompetence. No grade that has been placed in a student's record may be changed without a Grade Change form being submitted to the Admission & Records Office stating one of aforementioned reasons for the change.

- Grade changes must be presented within two years from the time the grade was assigned.
- For purposes of this section, "mistake" may include, but is not limited to, clerical errors and errors made by an instructor in calculating a student's grade.
- Procedures for the correction of grades shall be consistent with Education Code section 76232 or provide an alternative mechanism which will ensure that students receive a reasonable and objective review of the requested grade change. If the procedure requires the student to first request a grade change from the instructor, provisions shall be made for another faculty member to substitute for the instructor if the instructor is not available, the student has filed a discrimination complaint, or the district determines that it is possible there has been gross misconduct by the original instructor.
- Procedures shall also include expunging the incorrect grade from the record.
- When grade changes are made as a result of course repetition, appropriate annotations of any courses repeated shall be entered on the student's permanent academic record in such a manner that all work remains legible, insuring a true and complete academic history.
- If a grade change is related to an Incomplete (I) being changed to a final grade, see Grading, Non-Evaluation Symbols (p. 58) for definition and limitations.
- All Change of Grade and Incomplete Grade forms will be evaluated based upon the Grading Policy adopted by the Board of Trustees.
- All requests for Grade Changes that do not adhere to the Grading Policy shall be returned to the instructor submitting the request.

### Grade Appeals

The student shall first attempt to solve the problem with the instructor involved. If the problem is not solved, the student may follow the steps outlined in the *Grade Grievance Procedure*.

## Grade Grievance Procedure

By law, an instructor is solely responsible for the grades assigned; no instructor may be directed to change a grade except in certain narrow circumstances authorized by the Education Code, section 76224(a), which reads as follows: "When grades are given for any courses of instruction taught in a community college, the grade given to each student shall be that determined by the instructor of the course and its determination, in the absence of mistake, fraud, bad faith, or incompetency, shall be final."

When a student believes that the District grading policy has not been followed, and that the grade received in class was the result of "mistake, fraud, bad faith, or incompetency," the student **MUST** discuss this concern with the course instructor by the end of the fourth week of the following semester (excluding summer). Any student who is not satisfied after meeting with the instructor, may choose to pursue a grievance.

**FRAUD:** A deliberate misrepresentation of the truth or a fact used to take money, rights, or other privilege or property away from a person or persons may be found to be fraud.

**BAD FAITH:** Bad faith may be found in an instance of intent to deceive, in an act of dishonesty.

**INCOMPETENCY:** Incompetency may be found in a lack of ability, qualifications, fitness, or performance.

If a student files a grade grievance in accordance with the definitions and procedures described herein, and if, following the grievance procedures, it is found that the grade assigned has in fact been the result of "mistake, fraud, bad faith, or incompetency," then a new grade will be assigned, and that grade will become the final grade.

The student must observe the following procedures. The procedures must be completed by the end of the following semester (excluding Summer School) during which the cause for grievance occurred.

Please Note: A grade is not a disciplinary action but an evaluation of work, and is not subject to appeal except as provided in the grade grievance procedures outlined below:

**LEVEL 1: The student meets with the instructor and the department chair.** Prior to filing a formal written grievance, the student must attempt to solve the problem. When grades are available, the student must contact his or her instructor directly to discuss their differences not later than the fourth week of the following semester. At this stage most differences will be resolved. This contact should be conducted in the privacy of the instructor's office whenever possible, and the pertinent issues should be well defined so that they may be discussed as objectively as possible.

If the problem cannot be resolved at this level, the student may, after informing the instructor that he or she plans to file a written grievance, progress to Level 2.

**LEVEL 2: The student submits a written request for a meeting with the instructor's dean to resolve the grievance.** The written request must include, in detail, the student's basis for initiating the grievance. The student shall initiate this request within five (5) days after meeting with the instructor and the department chair. The dean shall meet with the instructor, department chair and student within five (5) days of reception of the formal grievance accompanied by all supporting data supplied

by the student in an attempt to resolve the issue at this level. Any such meeting regarding a grade grievance will be closed to all observers.

At this level, if the issue can be resolved to the satisfaction of the instructor and student, and the action to be taken is to change a grade due to a mistake, fraud, bad faith or incompetency, the incorrect grade shall be removed from the student's record. Within two (2) school days, the decision and proposed action of the dean will be communicated in writing with copies to the student involved, the faculty member involved, the Vice President of Instruction or designee, and the Office of Admissions & Records.

If the problem cannot be resolved at this level, the student may, after informing the instructor and dean that he or she plans to file a written grievance, progress to Level 3.

**LEVEL 3: The student submits a written request for a meeting with the Vice President of Instruction or designee to resolve the grievance.** The written request must include, in detail, the student's basis for initiating the grievance. The student shall initiate this request within five (5) days of receiving the decision and proposed action of the dean. The Vice President or designee shall meet with the instructor, department chair, dean, and student within five (5) days of reception of the formal grievance accompanied by all supporting data supplied by the student in an attempt to resolve the issue at this level. Any such meeting regarding a grade grievance will be closed to all observers.

At this level, if the issue cannot be resolved to the satisfaction of the dean, department chair, instructor, and student, the Vice President assumes the responsibility for arriving at a decision regarding the validity of the grievance and appropriate action to be taken. If the action to be taken is to change a grade due to a mistake, fraud, bad faith, or incompetency, the incorrect grade shall be removed from the student's record. Within two (2) days, the decision and proposed action of the Vice President of Instruction or designee will be communicated in writing with copies to the student involved, the faculty member involved, the department chair involved, the dean involved, and the Admissions & Records Office. **The Vice President of Instruction or designee's decision completes and exhausts the Desert Community College District's Grade Grievance Procedure.**

The Superintendent/President or his or her designee may shorten or lengthen the times specified in these procedures. The intent, however, is to ensure that each and every step will take place as expeditiously as possible. Any changes to the time requirement will be made in writing. Failure of the student to adhere to the time requirements of the procedures will be considered a waiver of the right to proceed further in the grievance process.

## Academic Honors

### Dean's List

Students earning 12 or more credit units in a semester with a grade point average of 3.50 or better are named to the "Dean's List" in recognition of their academic achievements.

### Honor Roll

Students earning 12 or more credit units in a semester with a grade point average between 3.00 and 3.49 are listed on the "Honor Roll."

### Graduation Honors

Students receiving associate degrees may graduate with honors as indicated below. All grades earned at all colleges attended will be included in the computation of the cumulative grade point average (GPA) for graduation honors. Academic Renewal will not be used to qualify

for graduation honors. Designations will be made on diplomas of all recipients and recognized at Graduation for students who participate. Academic honors are awarded as follows:

Honor	Cumulative GPA
Highest Honors	3.90 - 4.00
High Honors	3.75 - 3.89
Academic Distinction	3.50 - 3.74

## Probation, Disqualification, & Reinstatement

Probation, dismissal, and reinstatement policies and procedures are designed to assist students in making progress toward realistic academic, career, and personal goals.

### Probation Standards

**ACADEMIC PROBATION** occurs after a student has attempted at least twelve (12) units, as shown by the official academic record, and has earned a term grade point average (GPA) below 2.0 for all units graded according to the established College grading scale.

**PROGRESS PROBATION** occurs after a student has attempted at least twelve (12) units, as shown by the official academic record, and has earned a grade of "W," "I," "NC", and/or "NP" in fifty percent (50%) or more of all units attempted.

Students can be placed on both academic and progress probation simultaneously.

Students transferring to College of the Desert from another college are subject to the same probation and dismissal policies as College of the Desert students.

Students on two consecutive terms of probation may lead to the loss of the California College Promise Grant. See *Satisfactory Academic Progress*, Financial Aid (p. 75) section.

### Notification of Probation

The College shall make a reasonable effort to notify a student of their probationary status at or near the beginning of the semester in which the probation will take effect no later than the start of the fall semester. As a condition of continuing enrollment, a student placed on probation is required to receive counseling services, including the regulation and monitoring of his or her academic program. Each student shall also receive any other support services to help him or her overcome any academic difficulties. Prior to registration, a student on probation must have counselor approval of his or her educational program.

### Removal from Probation

A student on academic probation shall be removed from probation when the student's accumulated grade point average reaches 2.0 or higher.

A student on progress probation shall be removed from probation when the percent of units with an earned grade of "W," "I," "NC", and/or "NP" drops below fifty percent (50%).

### Standards for Dismissal

A student on academic probation shall be subject to dismissal if in each of three consecutive semesters of enrollment the student's cumulative and semester grade point averages are below 1.75 in all units attempted which were graded according to the established District grading scale.

Students on progress probation shall be subject to dismissal if the cumulative percentage of units in which the student has been enrolled for which entries of "W", "I", "NC", and "NP" are recorded in at least three (3) consecutive semesters reaches or exceeds 50 percent.

Students subject to dismissal may also lead to the loss of the California College Promise Grant. See *Satisfactory Academic Progress*, Financial Aid (p. 75) section.

### Notification of Dismissal

The College shall make a reasonable effort to notify a student, subject to dismissal, at or near the beginning of the semester in which the dismissal will take effect but no later than the start of the fall semester. A student subject to dismissal has the right of appeal. An exception to dismissal may be made in the event of extreme and unusual circumstances that can be supported by documented evidence provided by the student. Requests for appeal shall start with a meeting with a counselor. Dismissed students who register for classes without prior approval from the appropriate dean or their designee will be administratively dropped from classes.

### Reinstatement

A disqualified student applying for reinstatement shall not be reinstated until a minimum of one semester has elapsed since dismissal. A student applying for reinstatement must submit a Request for Reinstatement to the Counseling Department. The request shall explain what circumstances or conditions would justify reinstatement. A student who is reinstated shall receive individual counseling to assess his or her academic and career goals and may be required to participate in periodic monitoring of their academic progress and/or take an assigned student development course. Prior to registration, a reinstated student must have counselor approval of his or her educational program.

**PLEASE NOTE:** Students on probation for 2 semesters or dismissal will lose their priority registration status and will be moved to the open enrollment registration period.

## Repeating Courses

### Substandard Grades

A student who earns a grade of D, F, FW, NP, NC, W, or EW [as defined in Title 5, sections 55023, 55030, and 58161(d)] for a course may repeat the course to alleviate the substandard grade.

### Repeat Limitations for Substandard Grades

Enrollment in a single course may be limited to two enrollments where a grade of D, F, FW, NP, NC, or W has been earned. Students may be allowed one additional enrollment where specific circumstances exist and may submit a petition to repeat by completing the Petition for Exception to Policy and submitting it electronically via their MyCOD Student portal for consideration.

(Title 5, sections 55024, 55040, 55042, 58161, and 58161.5)

### Annotation of Record/Course Repetition

A student's permanent record (transcript) will be annotated in such a manner that all course work will remain legible ensuring a true and complete academic history. Transcripts will be annotated as follows:

1. Courses with substandard grades may be repeated in order to raise the grade and grade points. The units attempted, grade, and grade points of the first attempt will be subtracted from the totals for that

semester and will be listed on the record with an "R" which denotes repetition. In no case will duplicate units be allowed.

2. For students attempting a course for the third time in which a substandard grade was received, the first attempt will be subtracted from the totals. Petitions must include documentation verifying the extenuating circumstance. All subsequent attempts will be averaged together and counted in the calculation of the grade point average. In no case will duplicate units be allowed.

Where a substandard grade is received in the second attempt and extenuating circumstances exist, a student may be allowed to repeat a course a third time, by submitting a Petition for Exception to Policy. The petition must be submitted electronically via their MyCOD Student portal by the printed deadline that may be found in the Schedule of Classes. Students are strongly encouraged to submit petitions one term prior to the scheduled enrollment.

Extenuating circumstances are defined as:

- Illness, hospitalization, or medical reasons
- Employment
- Relocation
- Illness or death of a family member or loved one
- Incarceration

Note: Academic records must demonstrate successful completion of recent courses or terms.

### Grades of "C" or Better

Students are not eligible to repeat any other course for which they have been granted a grade of "C" or better except where special circumstances exist which justify repeating the course. Special circumstances include:

1. The lapse of time - a significant number of years since the course was completed; and
  - a. The College has properly established a recency prerequisite for a course or program pursuant to Title 5, section 55003, **or**
  - b. The College or another institution of higher education to which the student seeks to transfer has established a recency requirement which the student will not be able to satisfy without repeating the course in question.
2. Legally mandated training where a course may be repeated if "necessary to meet requirements as a condition of paid or volunteer employment" Title 5, section 55041(b). Students enrolling in courses under this provision shall provide documented proof by the employer that such training is necessary to complete legally mandated training for continued paid or volunteer employment.

Grades earned in such cases are not included in the student's grade point average. The credit is not awarded. The courses, grades, and units will be listed on the student's transcript.

Petition for Exception to Policy must be submitted electronically via the College's MyCOD Student Portal. It is the responsibility of the student petitioning to look up the deadline for submitting a petition and to provide documentation along with the petition. Students are strongly encouraged to submit petitions one term prior to the scheduled enrollment, well in advance of registration to allow time for the Appeals Review Committee to review.

## Academic Renewal Regulations

Per Title 5, section 55044, **Academic Renewal** permits the alleviation of previously recorded sub-standard (D and F) academic performance

that is not reflective of a student's present demonstrated academic ability and level of performance. The permanent academic record shall be annotated in such a manner that all work remains legible, ensuring a true and complete academic history.

Petitions are submitted electronically via the A&R Forms link.

1. A student may request that up to 18 units substandard course work attempted be annotated and disregarded in the computation of the student's grade point average or requirements for a degree. Only those requested courses with substandard grades will be disregarded.
2. Twelve (12) months must have passed since attempting the course work to be excluded from GPA calculation.
3. Courses from other regionally accredited colleges or universities will be accepted to provide evidence of academic ability. Students must provide official transcripts.
4. Evidence of academic ability since the 18 units in question shall include one of the following:
  - 15 semester units with a minimum of 3.00 GPA
  - 30 semester units with a minimum of 2.50 GPA
  - 45 semester units with a minimum of 2.00 GPA
5. A student may be granted academic renewal only once.
6. No alleviated coursework shall apply toward degree requirements.
7. In the petition, the student must specify the course(s) to be considered under the academic renewal policy as well as the term in which the coursework was attempted.
8. Some institutions do not honor academic renewal. It is the student's responsibility to ensure that the transfer institution will approve of academic renewal from College of the Desert.
9. Academic renewal will not be used to qualify for graduation honors.

The Academic Renewal Form may be downloaded from the Admissions & Records Office webpage under Forms and submitted electronically.

## **Annotation of Record**

All course work will remain legible on the student's permanent record (transcript), ensuring a true and complete academic history. However, the student's permanent record will be annotated so that it is readily evident to all users of the record that the units are to be disregarded and may not apply to certificate, degree, or general education requirements.

## **Petitions for Exception to Policy**

The Educational Policies & Procedures Committee has established an Appeals Review Committee to review and take action on student requests for waiver of academic regulations and policies. It is the responsibility of the student petitioning to look up the deadline for submitting a petition and to provide documentation along with the petition. Students are strongly encouraged to submit petitions one term prior to the scheduled enrollment.

A student may petition (in writing) to request an exception to the Academic regulations and policies. A decision will be rendered normally within 10 business days. During peak high volume registration periods a decision may take up to three weeks. Students are strongly encouraged to submit petitions well in advance and one term prior to the term they wish to repeat a course. Students will be notified via College of the Desert email. In the event a petition is denied, a student may provide additional documentation to the Appeals Review Committee and appeal the decision. The Committee will review additional information and make a final decision.

# WHAT ARE THE RIGHTS AND RESPONSIBILITIES OF STUDENTS?

## Student Conduct Standards

When a student enters College of the Desert, it is taken for granted by the College authorities that an earnest purpose exists and that the student's conduct will demonstrate that assumption. If, however, the student's conduct is not appropriate, and the student should be guilty of one or more of the violations listed in the **Student Conduct Standards and Procedures** policy, then appropriate disciplinary action will be taken as listed in the policy.

The following conduct shall constitute good cause for discipline, including but not limited to the removal, suspension, or expulsion of a student.

1. Causing, attempting to cause, or threatening to cause physical injury or physical or verbal abuse or any threat of force or violence, to a person, property or family member of any member of the college community, whether on or off District property or at District sponsored or supervised functions.
2. Possession, sale, or otherwise furnishing any firearm, knife, explosive, or other dangerous object, including but not limited to any facsimile firearm, knife, or explosive, unless, in the case of possession of any object of this type, the student has obtained written permission to possess the item from a District employee, which is concurred in by the college Superintendent/President.
3. Unlawful possession, use, sale offer to sell, or furnishing, or being under the influence of, any controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the California Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind; or unlawful possession of, or offering, arranging or negotiating the sale of any drug paraphernalia, as defined in California Health and Safety Code Section 11014.5 on District property or at District sponsored or supervised functions.
4. Committing or attempting to commit robbery or extortion.
5. Causing or attempting to cause damage to District property or to private property on campus, or at District sponsored or supervised functions.
6. Stealing or attempting to steal District property or private property on campus, or knowingly receiving stolen District property or private property on campus.
7. Willful or persistent smoking in any area where smoking has been prohibited by law or by District policy.
8. Sexual assault or sexual exploitation regardless of the victim's affiliation with the District.
9. Committing sexual harassment as defined by law or by District policies and procedures.
10. Engaging in harassing or discriminatory behavior based on disability, age, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other status protected by law.
11. Engaging in intimidating conduct or bullying against another student through words or actions, including direct physical contact; verbal assaults, such as teasing or name-calling; social isolation or manipulation; and cyberbullying.
12. Willful misconduct which results in injury or death to a student or to college personnel; or which results in defacing or other damages to any real or personal property owned by the District or on campus, or at District sponsored or supervised functions.
13. Disruptive behavior, violating the rights of other students, willful disobedience, habitual profanity or vulgarity, or the open and persistent defiance of the authority of, or persistent abuse of District personnel.
14. Cheating, plagiarism (including plagiarism in a student publication), or engaging in other academic dishonesty.
  - a. Cheating is the use of any unauthorized materials, or information in academic work, records, or programs, the intentional failure to follow express directives in academic work, records, or programs, and/or assisting others to do the same including, but not limited to, the following:
    - i. Knowingly procuring, providing, or accepting unauthorized examination materials or study aids.
    - ii. Completing, in part or in total, any examination or assignment for another person.
    - iii. Knowingly allowing any examination or assignment to be completed, in part or in total, for himself or herself by another (e.g., take-home exams or online assignments which have been completed by someone other than the student).
    - iv. Copying from another student's test, paper, lab report, or other academic assignment.
    - v. Copying another student's test answers.
    - vi. Copying, or allowing another student to copy, a computer file that contains another student's assignment, homework lab reports, or computer programs and submitting it, in part or in its entirety, as one's own.
    - vii. Using unauthorized sources of information such as crib sheets, answers stored in a calculator, or unauthorized electronic devices.
    - viii. Storing answers in electronic devices and allowing other students to use the information without the consent of the instructor.
    - ix. Employing aids excluded by the instructor in undertaking course work.
    - x. Looking at another student's exam during a test.
    - xi. Using texts or other reference materials (including dictionaries) when not authorized to do so.
    - xii. Knowingly gaining access to unauthorized data.
    - xiii. Altering graded class assignments or examinations and then resubmitting them for regarding or reconsideration without the knowledge and consent of the instructor.
  - b. Plagiarism is any conduct in academic work or programs involving misrepresentation of someone else's words, ideas or data as one's original work, including, but not limited to, the following:
    - i. Intentionally representing as one's own work the work, words, ideas, or arrangement of ideas, research, formulae, diagrams, statistics, or evidence of another.
    - ii. Taking sole credit for ideas and/or written work that resulted from collaboration with others.
    - iii. Paraphrasing or quoting material without citing the source.
    - iv. Submitting as one's own a copy of or the actual work of another person, either in part or in entirety, without appropriate citation (e.g., term-paper mill or internet derived products).

- v. Sharing computer files and programs or written papers and then submitting individual copies of the results as one's own individual work.
  - vi. Submitting substantially the same material in more than one course without prior authorization from each instructor involved.
  - vii. Modifying another's work and representing it as one's own work
15. Dishonesty; forgery; alteration or misuse of District documents, records or identification; or knowingly furnishing false information to the District.
  16. Unauthorized entry into or use of District facilities.
  17. Lewd, indecent or obscene conduct on District-owned or controlled property, or at District sponsored or supervised functions.
  18. Engaging in expression which is obscene; libelous or slanderous; or which so incites students as to create a clear and present danger of the commission of unlawful acts on District premises, or the violation of lawful District regulations, or the substantial disruption of the orderly operation of the District.
  19. Persistent, serious misconduct where other means of correction have failed to bring about proper conduct or where the presence of the student causes a continuing danger to the physical safety of students or others.
  20. Unauthorized preparation, giving, selling, transfer, distribution, or publication, for any purpose, including commercial, of any contemporaneous recording of an academic presentation in a classroom or equivalent site of instruction, including but not limited to handwritten or typewritten class notes, except as permitted by any District policy or administrative procedures.
  21. Harassment of students and/or District employees that creates an intimidating, hostile, or offensive environment.
  22. A direct or implied expression of intent to inflict physical or mental/emotional harm and/or actions, such as stalking, which a reasonable person would perceive as a threat to personal safety or property. Threats may include verbal statement, written statements, telephone threats, or physical threats.
  23. Theft or abuse of computer resources including but not limited to:
    - a. Unauthorized entry into a file to use, read, or change the contents, or for any other purpose.
    - b. Unauthorized transfer of a file.
    - c. Unauthorized use of another individual's identification and password.
    - d. Use of computing facilities to interfere with the work of a student, faculty member or college official, or to alter District records.
    - e. Use of unlicensed software.
    - f. Unauthorized copying of software.
    - g. Use of computing facilities to access, send, or engage in messages which are obscene, threatening, defamatory, present a clear and present danger, violate a lawful regulation and/or substantially disrupt the orderly operation of a college campus.
    - h. Use of computing facilities to interfere with the regular operation of the District's computing system.
  24. Use of the District's computer systems or electronic communications systems and services for any purpose prohibited by Administrative Procedure 3720.
  25. Failure to identify oneself when requested to do so by District officials acting in the performance of their duties.
  26. Misrepresentation of oneself or of any organization to be an agent of the District.
  27. Violation of District rules or regulations concerning the student organizations, the use of District facilities, or the time, place and manner of public expression.
  28. Persistent violation of classroom standards of conduct as established by the instructor.

Students who engage in any of the above are subject to the procedures outlined in the Student Disciplinary Sanctions. Students are guaranteed the rights of due process when charged with a violation of conduct standards. **Student Discipline Procedures** are available online.

This list is not all-inclusive, and the list itself is not meant to limit the definition of cheating to just those items mentioned. The Instructor will, in writing, refer incidents of cheating or plagiarism to department chair and dean to make a recommendation for final disciplinary action.

## Student Disciplinary Sanctions

Consequences of violating the **Student Code of Conduct** may include one or more of the following actions.

1. **Verbal Reprimand/Warning** – An oral admonition or warning to cease and desist from conduct that has been determined to violate the standards of student conduct. A record of the fact that a verbal reprimand has been issued may be retained as part of a student's record for a period up to one year and is considered in the event of future violations of the standards of student conduct during the period of retention.
2. **Written Reprimand/Warning** – Written admonition or warning to cease and desist from conduct that has been determined to violate the standards of student conduct. This formal reprimand may become part of a student's permanent record and is considered in the event of future violations of the standards of student conduct.
3. **Mental Health Clearance** – Under circumstances where an administrator has reasonable belief based on objective evidence that a student's presence on campus is a threat to the student or others, mental health clearance may be required before a student is readmitted to a particular class or allowed to be on District property. This determination will be made following consultation with legal counsel. The campus chief administrative officer, or designee, must receive a letter from a licensed mental health professional stating that in his or her professional judgment, the student's presence on campus is not a threat to himself or herself or others. The mental health professional must be licensed by the State of California. The student shall bear the cost and expenses of obtaining mental health clearance.
4. **Restitution** – Reimbursement for damage to or misappropriation of property. This may take the form of requiring appropriate service or other compensation.
5. **Disciplinary Probation** – Disciplinary action is monitored for a period less than a semester with student assigned duties supervised by a faculty or administrative mentor to correct conduct violation. Successful completion of the assigned duties within the defined time limits warrants removal of discipline status. Assigned duties that are incomplete/unsatisfactory within the defined time warrants advanced disciplinary sanctions.
6. **Removal from Class** – The exclusion of a student by the instructor from class for the day of the removal and the next class meeting for a maximum period of two consecutive class sessions (Education Code, section 76032).

7. **Short-term Suspension** – Exclusion of the student by College Superintendent/President or designee for good cause from one or more classes for a period up to ten consecutive days of instruction.
8. **Long-term Suspension** – Exclusion of the student by College Superintendent/President or designee for good cause from one or more classes for the remainder of the college term, or from all classes and activities of the college for one or more terms.
9. **Immediate Interim Suspension** – The College Superintendent/President or designee may order immediate suspension of a student where the president concludes that immediate suspension is required to protect lives or property and to ensure the maintenance of order. In cases where an interim suspension has been ordered, the right to an opportunity for a hearing will be afforded to the student within ten (10) days. (Education Code, section 66017)
10. **Removal from Facility** – The involuntary removal of a student by an administrator from a District or College facility, or facility under the control of the District or College, for a maximum period of two consecutive days/class session(s).
11. **Withdrawal of Consent to Remain on Campus** – Withdrawal of consent by the Superintendent/President or designee for a student or other person to remain on a College campus where they have reasonable cause to believe that the student has willfully disrupted the orderly operation of the campus. Violation of this withdrawal during the designated time is a misdemeanor subject to arrest (California Penal Code, section 626.4).
12. **Expulsion** – Termination of a student's right and privileges, noted in student's file. The involuntary removal of a student from the District and all District programs for one or more terms, or permanently, by action of the Board of Trustees (Education Code, section 72122).

## Student Grievance Policy & Procedures

### Purpose

The purpose of this procedure is to provide a prompt and equitable means of resolving student grievances. These procedures shall be available to any student who reasonably believes a college decision or action has adversely affected their status, rights, or privileges as a student as outlined in the College catalog.

There are two parts to this process. The informal process attempts to seek positive resolution for all parties involved. Only those directly involved plus any appropriate administrator will be present. The formal process may include appropriate representation for all parties involved.

Each student who has a grievance shall make a reasonable effort to resolve the matter on an informal basis prior to requesting a grievance hearing, and shall attempt to solve the problem with the person with whom the student has the grievance, that person's immediate supervisor, and/or the Vice President or designee.

**Please note:** If your complaint is related to a grade that has been issued, please refer to the Grade Grievance Procedure. (p. 59)

### Time Limits

The Superintendent/President or designee may shorten or lengthen the times specified in these procedures. The intent, however, is to ensure that each and every step will take place as expeditiously as possible. Any change to the time requirements will be made in writing.

### Informal Grievance Resolution Procedure

**Each student who has a grievance shall make a reasonable effort to resolve the matter on an informal basis prior to requesting a grievance hearing, and shall attempt to solve the problem with the person with whom the student has the grievance, that person's immediate supervisor, or the College administration.**

1. The student shall first discuss the matter with the party in question. If, however, the student cannot discuss the matter with the other party or if the student is not satisfied with the discussion, he or she may proceed with the informal grievance process.
2. A student must begin the informal grievance procedure within five (5) days from the date of the alleged grievance. The informal procedure must precede the formal procedure. The student may choose to terminate the grievance at any time during the informal procedure. A grievance filed within thirty (30) days of the end of the semester will be deferred until the following semester.
3. The informal procedure shall be completed within ten (10) days of reporting of the original complaint to the other party. It is the student's responsibility to describe to the parties involved the nature of the grievance so that involved parties understand that the grievance procedure has been initiated.
4. An informal meeting will be held by the student and appropriate college staff. The purpose of the meeting is to identify the perceived violation of the student's rights and to develop a resolution that is of mutual satisfaction to all parties involved. The student shall discuss and attempt to resolve the matter with the faculty, the person's immediate supervisor, or the administrator at the informal meeting. If the student is satisfied with the outcome of the informal meeting, the process could end.

### Formal Procedure

#### Filing Statement of Student Grievance

1. If the student is not satisfied with the outcome of the informal procedure, a Student Statement of Grievance may be filed within ten (10) days following the informal meeting to the Grievance Officer. Grievance Forms are available at the offices of the deans, counselors, and the Office of Student Life. The student may choose to terminate the grievance at any time during the formal procedure.
2. A summary of the outcomes of the informal process will be prepared by the faculty or the immediate supervisor and forwarded to the Grievance Officer.
3. The Grievance Officer shall investigate the nature of the grievance including meeting with the parties involved and possible witnesses for each, clarification of the perceived violation of rights and investigation of college policies that may or may not have been followed.
4. The Grievance Officer, after conferring with the student may determine that the grievance can be resolved by an additional attempt to engage in the informal procedure within ten (10) days. If the student isn't satisfied with the outcome of this informal procedure, the student may still request a formal hearing. The Grievance Officer shall give written notice to the student if it is determined that additional informal procedures should not be pursued.

#### Request for Student Grievance Hearing

A request for a Student Grievance Hearing shall be filed within twenty (20) days by the student if the student is not satisfied with the outcome of the informal procedure after filing a Student Statement of Grievance, or, if after conferring with the student, the Grievance Officer has determined an informal procedure would be unlikely to help resolve the matter.

Within ten (10) days following receipt of the Request for Student Grievance Hearing, the Superintendent/President shall appoint a Student Grievance Hearing Committee as described below, and the Student Grievance Hearing Committee shall meet in private and without the parties present to select a chair and to determine on the basis of the Statement of Grievance whether it presents sufficient grounds for a hearing.

The determination of whether the Statement of Grievance presents sufficient grounds for a hearing shall be based on the following:

- The statement contains facts which, if true, would constitute a grievance under these procedures;
- The grievant is a student as defined in these procedures, which include applicants and former students;
- The grievant is personally and directly affected by the alleged grievance;
- The grievance was filed in a timely manner;
- The grievance is not clearly frivolous, clearly without foundation, or clearly filed for purpose of harassment.

If the grievance does not meet each of the requirements, the Hearing Committee chair shall notify the student in writing of the rejection of the Request for a Student Grievance Hearing, together with the specific reasons for the rejection and the procedures for appeal. This notice will be provided within five (5) days of the date the decision is made by the Student Grievance Hearing Committee.

If the Request for Student Grievance Hearing satisfies each of the requirements, the Grievance Officer or designee shall schedule a grievance hearing. The hearing will begin within ten (10) days following the decision to grant a Student Grievance Hearing. All parties to the grievance shall be given not less than five (5) days' notice of the date, time, and place of the hearing.

## Students with Disabilities

### Background

The Americans with Disabilities Act (ADA) and ADA Amendments Act (ADAAA) is a civil rights statute that prohibits discrimination against people with disabilities. The protection is similar to that given to women, minorities, and others through the Civil Rights Act of 1964. Protected are an estimated 61 million Americans with disabilities that substantially limit a major life activity such as working, walking, talking, seeing, hearing, or caring for oneself. People who have documentation of such an impairment, and those regarded as having an impairment, are also protected. This federal legislation prohibits excluding individuals from jobs, services, activities, or benefits based on their ability.

### Student Rights

Students have the following rights under Section 504 of the 1973 Rehabilitation Act, as revised (29 U.S.C. 794), The Americans with Disabilities Act (28 CFR35.102-35104), California Assembly Bill 803 (Government Code, section 7405 et seq.) and Title 5 (section 56008) of the California Education Code:

- Right to voluntary participation in Disabled Students Programs and Services (DSPS).
- Right to confidentiality and protected disclosure of student records.
- Right to access college classes, programs, activities, services, and facilities to facilitate learning. The college will make a reasonable effort to provide equal and timely access.

- Right to request an appropriate accommodation to facilitate participation in class and campus activities.
- Right to participate in campus activities, class demonstrations and laboratory experiments to the extent that the disability does not pose a risk to the student or to others.
- Right to protection against discrimination and harassment. Students have the right to participate in classes and campus activities without being harassed or discriminated against.

If a student with a disability feels that they are the target of discriminatory treatment, the student can file a complaint.

Phone: 760.773.2529

Location: Office of Human Resources

### Student Responsibilities

- To provide DSPS with documentation of disability;
- To request accommodations in a timely manner and according to established procedures;
- To utilize accommodations according to established policies and procedures;
- To notify DSPS 24 hours in advance for planned absences from classes where services are being provided (i.e., American Sign Language interpreters or captioning services). Failure to notify DSPS may result in a suspension of services; and
- To abide by the College Student Conduct Standards.

### Determining Need

Students who need reasonable accommodations must submit disability documentation and complete the DSPS application, then meet with a DSPS counselor to determine educational limitations and services needed, and complete an academic accommodation plan.

### Contact the DSPS Office

The faculty and staff of the DSPS Office are available for consultation on any questions students may have related to accommodations for a disability. The highest standard of confidentiality is maintained. For more information, please call 760.773.2534, email DSPS (dspd@collegeofthedesert.edu), or visit the DSPS website.

# WHAT OTHER COLLEGE POLICIES SHOULD I KNOW?

## Computer & Technology Literacy

One of the institutional outcomes for all COD students is technological literacy. As such, any class may be web enhanced and might require access to online sites such as Canvas, MyMathLab, MyLab, or the textbook publisher's website for assignments, testing, homework, etc. Internet-ready computers are available in a variety of locations, including the Tutoring and Academic Skills Center (TASC) and Library.

## Distribution of Non-College Publications

Students must receive permission from the Office of Student Life before posting or distributing any non-college materials. Such materials must have an official stamp of approval or will otherwise be promptly removed from circulation or bulletin boards.

## Drug-Free Workplace & Campus

The Desert Community College District intends to maintain a safe, healthful, and productive work and learning environment for all employees and students. To accomplish this, the District will act to eliminate any drug abuse, which increases the potential for accidents, absenteeism, low academic and work performance, poor employee and student morale, and damage to the District's reputation. The unlawful manufacture, distribution, dispensation, possession, or use of an illegal drug or the unlawful possession, use, or distribution of alcohol is prohibited in all buildings, property, facilities, service areas, off-campus sites of the District, or in any location where any District activity is occurring.

The District shall discipline a student, up to and including expulsion, for the unlawful manufacture, distribution, dispensation, or possession of controlled substances on the District's property or as part of any of its activities.

Students who think they may have an alcohol or drug usage problem are urged to voluntarily seek confidential assistance from the **Student Health Center** and/or the **Counseling Center**. While the District will be supportive of those who seek help voluntarily, the District will be equally firm in identifying and disciplining those students who continue to be substance abusers and do not seek help or continue to abuse drugs or alcohol after treatment or counseling.

Materials and information on counseling, treatment and rehabilitation resources, health risks, Federal trafficking penalties, and uses and effects of controlled substances are available in the Counseling Center, the Student Health Center, and the Library.

## Non-Discrimination Policy

The District is committed to equal opportunity in educational programs, employment, and all access to institutional programs and activities.

The District, and each individual who represents the District, shall provide access to its services, classes, and programs without regard to national origin, religion, age, sex, gender, race, color, medical condition, ancestry, sexual orientation, gender identity or expression, marital status, genetic

information, physical or mental disability, veteran status, or because he or she is perceived to have one or more of the listed characteristics, or based on association with a person or group with one or more of these actual or perceived characteristics.

The Diversity, EEO, and Title IX Officer serves as the District contact responsible for receiving all unlawful discrimination complaints. Persons who seek information and/or resolution of alleged acts of discrimination and/or resolution of sexual harassment contact the Diversity, EEO, and Title IX Officer, in Human Resources and Employee Relations, at (760) 773-2529 or (760) 874-8030.

## Política Sobre La Discriminación Ilegal

El distrito cumple con la igualdad de oportunidades en programas educativos, de trabajo, y a todo acceso a los programas y a las actividades institucionales.

El distrito, y cada individuo que representa el distrito, proporcionará el acceso a sus servicios, clases, y programas sin discriminar por el origen nacional, religión, edad, sexo, raza, tez, condición médica, ascendencia, orientación sexual, incapacidad física o mental, estado civil, o porque lo o la perciben de tener una o más de las características precedentes, o se basan en la asociación con una persona o un grupo con una o más de estas características reales o percibidas.

Las personas que buscan información o resolución de presuntos actos de discriminación y resolución de acoso sexual se dirigen para contactarse con el departamento de recursos humanos y relaciones laborales que sirve como el único oficial de distrito encargado de recibir todas las denuncias de discriminación ilegal. El número de teléfono es (760)773-2529 or (760) 874-8030.

## Pets and Animals on Campus

State and local laws prohibit animals on campus at any time with the exception of service dogs, service dogs in training, and law enforcement dogs. The Humane Society removes animals at owner's expense. Students who violate this law are subject to disciplinary action.

## Prohibition of Harassment

All forms of harassment are contrary to basic standards of conduct between individuals and are prohibited by state and federal law, as well as this policy, and will not be tolerated. The District is committed to providing an academic and work environment that respects the dignity of individuals and groups. The District shall be free of sexual harassment and all forms of sexual intimidation and exploitation. It shall also be free of other unlawful harassment, including that which is based on any of the following statuses: race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, or sexual orientation of any person, or because he or she is perceived to have one or more of the listed characteristics. The complete policy can be accessed under Board Policy 3430.

Human Resources and Employee Relations serves as the single District office responsible for receiving all unlawful discrimination complaints. Persons who seek information and/or resolution of alleged acts of discrimination and/or resolution of sexual harassment are directed to contact the District's Diversity, EEO, Title IX Officer at 760.773.2529 or (760) 874-8030.

## Prohibición del Acoso

Todas las formas de acoso son contrarias a los estándares básicos de conducta entre los individuos y son prohibidas por el estado y la ley federal, esta póliza, y no será tolerada. El distrito está comprometido en proporcionar un ambiente académico y de trabajo que respete la dignidad de individuos y de grupos. El distrito estará libre del acoso sexual y de todas las formas de intimidación y de explotación sexual. También estará libre de todo tipo de acoso ilegal, incluyendo los que se basen en las siguientes categorías: raza, credo religioso, tez, origen nacional, ascendencia, incapacidad física, incapacidad mental, condición médica, estado civil, sexo, edad, orientación sexual de cualquier persona, o porque lo o la perciben de tener una o más de las características precedentes. La póliza completa se puede encontrar en: bajo política 3430 de la junta.

Las personas que buscan información o resolución de presuntos actos de discriminación y resolución de acoso sexual se dirigen para contactarse con la oficina de recursos humanos y relaciones laborales que sirve como el único departamento oficial de distrito encargado de recibir todas las denuncias de discriminación ilegal. El número de teléfono es (760) 773-2529 or (760) 874-8030.

## Sexual & Other Assaults on Campus

Any sexual assault or physical abuse, including, but not limited to, rape, as defined by California law, whether committed by an employee, student, or member of the public, which occurs on District property, is a violation of District policies and procedures, and is subject to all applicable punishment, including criminal procedures and employee or student discipline procedures. Students, faculty, and staff who may be victims of sexual and other assaults shall be treated with dignity and provided comprehensive assistance.

The Diversity, EEO, and Title IX Officer is designated as a central referral source for information relating to the rights, options, and services available to a sexual assault victim. For additional information and the procedures for reporting incidents of sexual and other assaults on campus, contact the Diversity, EEO, and Title IX Officer at **(760) 773-2529 or (760) 874-8030** or fill out the online form at <https://dcdclfs4.dccd.cc.ca.us/Forms/SMRF>.

## Smoking Policy

In the interest of employee health and the general welfare of students and the public, the Desert Community College District shall be considered a **smoke-free environment**. Smoking of any form, including vaping, of tobacco or non-tobacco products is prohibited anywhere on campus (inside any college facility; in any vehicle owned, operated, leased, or chartered by the District; in all established eating areas; and in the seating areas of all outdoor athletic facilities owned, operated, or leased by the District). Smoking may be permitted for approved theatrical rehearsals and performances where smoking is determined to be an integral part of the rehearsal or performance.

## Student Records & Privacy Act (FERPA)

### Family Educational Rights & Privacy Act (FERPA)

College of the Desert student education records are maintained in accordance with the Family Educational Rights and Privacy Act (FERPA) of 1974 and the California Education Code, Sections 76200 et seq and Title 5, Sections 54600, et seq., U.S. Patriot Act; Civil Code 1798.85.

Written student consent is required for access and release of information defined as educational records in federal and state law as described in College of the Desert Board Policy 5040. More information about the federal regulation may be found here **Family Educational Rights and Privacy Act (FERPA)**.

### Annual Notification

Students will be notified of their FERPA rights annually by publication in the College Catalog and by email to their COD email address. Questions regarding annual notification can be directed to the Admissions & Records Office.

### Amendment of Student Records

Any student may file a written request with the appropriate dean to correct or remove information recorded in his or her student records that the student alleges to be: (1) inaccurate; (2) an unsubstantiated personal conclusion or inference; (3) a conclusion or inference outside of the observer's area of competence; or (4) not based on the personal observation of a named person with the time and place of the observation noted.

Within 30 days of receipt of the request, the Superintendent/President or designee shall meet with the student and the employee who recorded the information in question, if any, if the employee is presently employed by the District. Should the employee no longer be employed, the appropriate dean will meet with the student. The Superintendent/President or designee shall then sustain or deny the allegations.

If the Superintendent/President or designee sustains any or all of the allegations, he or she shall order the correction or removal and destruction of the information. If the Superintendent/President or designee denies any or all of the allegations and refuses to order the correction or removal of the information, the student, within 30 days of the refusal, may appeal the decision in writing to the Board of Trustees.

Within 30 days of receipt of an appeal, the Board of Trustees shall, in closed session with the student and the employee who recorded the information in question, if any, and if that employee is presently employed by the District, determine whether to sustain or deny the allegations. If the Board of Trustees sustains any or all of the allegations, it shall order the Superintendent/President or designee, to immediately correct or remove and destroy the information. The decision of the Board of Trustees shall be final.

If the final decision is unfavorable to the student, the student shall have the right to submit a written statement of his or her objections to the information. This statement shall become a part of the student's record until the information objected to is corrected or removed.

### Disclosure of Educational Records

The District may permit access to student records to any person for whom the student has executed written consent specifying the records to be released and identifying the party or class of parties to whom the records may be released. The District may not permit access to student records to any person without the written consent of the student or under judicial order except:

1. To officials and employees of the District who have a legitimate educational interest to inspect a record. A school official is:

- A person employed by the District in an administrative, supervisory, academic, research, support staff, or security position.
- A person elected to the Board of Trustees.
- A student government officer conducting student elections.
- A person employed by or under contract to the District to perform a special task, such as the attorney or auditor.

**School officials have a legitimate educational interest if they are:**

- Performing a task that is specified in their position description or by a contract agreement.
  - Performing a task related to a student’s education.
  - Performing a task related to the discipline of a student.
  - Providing a service or benefit relating to the student such as health care, counseling, job placement, or financial aid.
2. To officials of another school or school system, upon request, in which a student seeks, intends, or is directed to enroll, including local, county, or state correctional facilities where educational programs are provided.
  3. To certain officials of the U. S. Department of Education, the Comptroller General, and state and local educational authorities, in connection with certain state or federally supported education programs.
  4. In connection with a student’s request for or receipt of financial aid, as necessary to determine the eligibility, amount, or conditions of the financial aid, or to enforce the terms and conditions of the aid.
  5. To other state and local officials or authorities to the extent that information is specifically required to be reported pursuant to state law adopted prior to November 19, 1974.
  6. To organizations conducting certain studies for or on behalf of the College.
  7. To organizations conducting studies for, or on behalf of, educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, student aid programs, and improving instruction.
  8. To accrediting organizations in order to carry out their accrediting functions.
  9. To comply with a judicial order or a lawfully issued subpoena.
  10. To appropriate persons in connection with an emergency if the knowledge of that information is necessary to protect the health or safety of a student or other persons.
  11. To an alleged victim of any crime of violence, or the results of an institutional disciplinary proceeding against the alleged perpetrator of that crime with respect to that crime.

### Inspection & Review of Educational Records

All currently enrolled or former students have a right to inspect and review all student records relating to them. Student record is defined according to the Family Educational Rights and Privacy Act (FERPA). To access any student documentation, students must file a letter of request with the Admissions & Records Office. Access shall be granted no later than 15 school days following the date the written request is received. Within the same 15 school days, the student will be notified of the location of all official student records if not centrally located and qualified personnel will be made available to interpret records where appropriate. At that time the

student must present appropriate identification verifying their identity.

### Release of Student Information

The District does not release student record information without the written consent of the student, except as outlined under Disclosure of Education Records. Although the District adheres to this policy, the law allows the College to release student directory information, except when students have specifically requested that directory information be kept confidential. Directory information may be released by exception upon determination of the Vice President or designee, that such release is appropriate and not likely to put students at risk. The District directory information shall include:

- Name, address, phone number, internet address, dates of attendance, major field of study, awards, certificates and degrees received, previous institutions, current enrollment status, photographs, date, and place of birth.
- Student participation in officially recognized activities and sports including weight, height, and high school of graduation of athletic team members.
- Degrees and awards received by students, including honors, scholarship awards, athletic awards, and Dean’s List recognition.

In completing the admission application, students are provided the opportunity to request that their directory information be maintained as confidential. Students who wish to change their request may do so in writing to the Admissions & Records Office. (Education Code, section 76240; Title 5 section 54626)

Questions concerning student rights under the privacy act should be directed to the **Admissions & Records Office** 760.776.2516.

### Transcripts

An official transcript of a student’s record may be obtained by completing an online request on the Admissions & Records Office webpage under “COD Transcripts.” This process has several options of delivery service and the processing time varies according to the service selected.

Sealed transcripts sent directly from the College to the destination requested by the student are considered official. Current students may print an unofficial transcript for their own records via the web.

## Student Right-to-Know Disclosure

In compliance with the **Student Right-to-Know and Campus Security Act of 1990**, it is the policy of the Desert Community College District to make available its completion and transfer rates to all current and prospective students.

Beginning in Fall 2019, a cohort of all certificate-, degree-, and transfer-seeking first-time, full-time students were tracked over a three-year period. Their completion and transfer rates are listed below. These rates do not represent the success rates of the entire student population at the College of the Desert, nor do they account for all student outcomes occurring after this three-year tracking period.

Completion Rate: 27.47%

Based upon the cohort defined above, a Completer is a student who attained a certificate or degree or became ‘transfer prepared’ during a three year period, from Fall 2019 to Spring 2022. Students who

*Student Right-to-Know Disclosure*

have completed 60 transferable units with a GPA of 2.0 or better are considered 'transfer-prepared.'

Transfer Rate: 5.07%

Based upon the cohort defined above, students who transferred to another post-secondary institution, prior to attaining a degree, certificate, or becoming 'transfer-prepared' during a five semester period, from Spring 2020 to Spring 2022, are transfer students.

More information about Student-Right-to-Know rates and their interpretation can be found at the California Community Colleges Chancellor's Office, "Student Right-to-Know" website.

# WHAT PROGRAMS AND SERVICES ARE AVAILABLE FOR STUDENTS?

## Associated Students of COD (ASCOD) & Office of Student Life

The **Associated Students of COD** serves as the recognized voice of students on campus, and operates under the direction of officers who are elected by the College of the Desert student body. The organization is the vehicle through which students may actively participate in shared governance. Students who serve on college and district wide committees are appointed by ASCOD. ASCOD is dedicated to serving the student body by specifically helping to promote the interests and rights of the students it represents.

The **Interclub Council (ICC)** serves to promote student club & organization involvement and activities. As the promoter of student clubs & organizations to the campus community, representatives exchange ideas, review club charters, and host events that promote a sense of unity between clubs and the intellectual, artistic, and social life of students.

The **Office of Student Life** provides College of the Desert students a variety of opportunities to become involved in extra- and co-curricular activities. The Office of Student Life connects students to clubs & organizations, the Associated Students of COD, and the Student Ambassador Program. The Office of Student Life provides an inclusive, experiential learning environment and creates dynamic opportunities for the intellectual growth of students through leadership and learning. In addition, the Office of Student Life offers leadership development, student clubs of varying interests, meeting rooms, and facilities for socializing and student recognition ceremonies. For more information, please call 760.862.1317

The **Student Ambassador Program** is a comprehensive student advancement program of prestige that encourages connective leadership as it supports the mission and vision of College of the Desert. The student ambassador program is a dynamic team of student leaders dedicated to supporting student success, serving, and promoting College of the Desert to current and prospective students, guests, and Alumni. SAP offers leadership training and professional development opportunities for its members. The heart of what an ambassador does is "Student Engagement" using public relations skills to build community and serve students in two main areas: campus and community services and student support services.

## Athletics

College of the Desert Athletics is a member of the California Community College Athletics Association (CCCCAA) and offers 15 intercollegiate sports, eight for women (basketball, cross country, golf, beach volleyball, soccer, softball, tennis, and volleyball) and seven for men (baseball, basketball, cross country, football, golf, soccer, and tennis). 10 of our sports teams compete in the Inland Empire Athletic Conference, while beach volleyball (South Coast), football (Southern California Football Association), golf (Orange Empire), and women's tennis (South Coast) are members of other conferences.

Students interested in participating in Athletics should complete the online questionnaire found on the Athletics webpage or contact the **Athletics Department** at 760.773.2591.

## Basic Needs Center

The Basic Needs Center aims to meet the basic needs of College of the Desert students. The Basic Needs Center assists students by connecting them to both on-campus and off-campus resources, organizations and other support services to address food and housing insecurity, transportation, health and wellness and other social service needs.

## Central Pantry

College of the Desert has two on-campus food pantries, services are free for currently enrolled College of the Desert students are able to access non-perishable items, fresh fruits, vegetables and other household items. The Central Pantry at Palm Desert is located at South Annex 6, and the Indio campus is located in the former Roadrunner Cafe behind the Bookstore. The pantry is opened Monday through Thursday from 8:30 AM to 4:30 PM. Hours are subject to change, and limits may apply. For questions, students can contact the Basic Needs Center via email at [basicneeds@collegeofthedesert.edu](mailto:basicneeds@collegeofthedesert.edu).

## Black Student Success Center

**Black Student Success Center (BSSC)** is designed for students that identify as Black and/or African American, however is open and welcoming to all students. To be eligible for BSSC, students are encouraged to maintain a 2.5 GPA, attend two meetings a semester and see a counselor once a semester. The primary focus of the program is to assist with the academic, social and cultural progress of COD's Black population. In addition, the program is committed to academic success, leadership development, community service and mentoring for our Black students.

For additional information about the Black Student Success Center (BSSC), please visit the center in South Annex 9, or call 760.565.4872.

## Bookstore

The **College of the Desert Bookstore** is located in two permanent locations, one located on the Palm Desert Campus and the other on the Indio Campus.

The Palm Desert Campus Bookstore is located on the first floor of the Cravens Student Services Center. This Bookstore contains all needed course materials, whether required or optional. Both new and used textbooks are available for purchase, and most textbooks are available for rent and in digital format. The Bookstore also carries a wide variety of school supplies (imprinted and non-imprinted), in addition to software, electronics, and Tablets. BarCharts and other student reference materials are also available to help students succeed academically. In addition, College of the Desert clothing and gift items are available, as well as a variety of snacks, drinks, and sundries. For more information, including hours of operation, call 760.773.2564, or visit online at College of the Desert Shop. The Bookstore website can also be accessed from the COD homepage, by clicking on "Student Services" and then on "Bookstore."

The Indio Campus Bookstore is located on the east side of the main Indio Campus building. It contains all needed course materials for any classes offered at the Indio or at Mecca/Thermal campus. Both new and used textbooks are available for purchase, and many are available for rent and in digital format. The Indio Campus Bookstore also carries supplies

(imprinted and non-imprinted), and some electronic supplies. BarCharts and other reference materials are also available. The Indio Bookstore also has a wide array of College of the Desert clothing and gift items. In addition, available is a large convenience store assortment: sandwiches, drinks, snacks, candy, and other food items. For hours of operation and other information, contact the Indio Campus Bookstore at 402.400.5319.

## Sunline Student Bus Pass

SunLine Transit Agency has its **Haul Pass** program providing free unlimited SunBus rides for students actively enrolled in College of the Desert (COD). To be eligible, students must be actively enrolled at COD. Students will utilize their active student ID card by swiping them through the SunBus card reader on the fare box. Should a student require assistance, the bus operators can help. In addition to transportation to and from College of the Desert, the Haul Pass program allows students to use their active student ID cards to make unlimited local fixed route transit trips any day of the week as well as transfers on the SunBus. Free fare for college students excludes the SunDial paratransit service and the Commuter Link 220.

SunLine can assist with trip planning over the phone or SunLine also offers free group training as well as one-on-one travel training for anyone who is new to transit or needs assistance. Sunline's SunBus Tracker App, along with sunline.org, are other resources that can be helpful trip planners providing trip/route information.

## Sunline Student Bus Pass

SunLine Transit Agency launched its new **Haul Pass** program providing free unlimited SunBus rides for students actively enrolled in College of the Desert (COD). To be eligible, students must be actively enrolled at COD. Students will utilize their active student ID card by swiping them through the SunBus card reader on the fare box. Should they require assistance, bus operators can help. In addition to transportation to and from College of the Desert, the Haul Pass program allows students to use their active student ID cards to make unlimited local fixed route transit trips any day of the week as well as transfers on the SunBus. Free fare for college students excludes the SunDial paratransit service and the Commuter Link 220.

SunLine can assist with trip planning over the phone, or, the Agency also offers free group training as well as one-on-one travel training for anyone who is new to transit or needs assistance. Sunline's SunBus Tracker App, along with sunline.org, are other resources that can be helpful trip planners providing trip/route information.

## California Mini-Corps

The California Mini-Corps program is a statewide program that places college students in local elementary and high schools in an effort to develop future teachers. College of the Desert students who join the Mini-Corps program will provide academic support to students from migrant family backgrounds and serve as a liaison between the child's parents and the local school systems. To be eligible to participate in the Mini-Corps program, a student should come from a migrant family background and be enrolled in 12 semester units. To learn more or to request an application, please call 760.862.1316.

## CalWORKs

The California Work Opportunity and Responsibility to Kids (CalWORKs) Program at College of the Desert provides intentional and intensive support services and resources to parenting and/or expecting parenting

students who are CalWORKs recipients. Our program works in collaboration with the Riverside County Department of Social Services (DPSS) and GAIN to offer support services that will assist students with navigating and successful completion of their educational and career goals. The primary purpose of the CalWORKs program is to prepare and equip our students with the necessary tools to becoming self-sufficient and successful. We aim to increase employability of CalWORKs students through achievement of higher education and work-study experiences in order to transition from public assistance to sustained economic self-sufficiency.

Our program provides individualized academic, career, and transfer counseling from dedicated counselors in order to identify a clear path to the student's educational goal and create a student educational plan to guide students on their path. We utilize a case management model, which ensures that we are intentional at connecting our students to resources and providing equitable services designed to increase their success and assist with reaching their goals.

The CalWORKs program is dedicated to providing the following essential support services and resources to its students:

- Priority registration
- Work study opportunities
- Assistance with job placement
- Transportation assistance
- Meal cards
- Educational supplies
- Individualized counseling services
- Assistance with meeting County compliance requirements
- Referrals to campus and community resources
- Textbook assistance
- CalWORKs grants (dependent on funding for the year)

\*Support services and resources are not limited to this list. Availability for some may vary semester to semester.

For more information, please visit the College of the Desert CalWORKs webpage and/or email us at calworksinfo@collegeofthedesert.edu or call us at 760.862.1343. We are located on the second floor of the Cravens Student Services Center.

## Campus Meal Plan

College of the Desert (COD) offers a campus meal plan for students who wish to eat on campus and obtain a great deal for their money. Students can use their COD student ID card as a way to pay for their campus meal at Beeps Café. Beeps Café services is only available at Palm Desert campus. Beeps Café offers a variety of meals for students to choose from and select. The Café provides affordable breakfast, lunch, and dinner options. Please visit Beeps Café to see the range of options students can choose for their campus meal plan as well as their hours of operations.

Students can enroll in our campus meal plan by signing up by using financial aid or personal funds. Please read the details of each option on the Campus Meal Plan page and select the plan that is most appropriate for you.

Once your authorization form has been processed, your student ID card will be the official way to pay for your campus meal plan. You will swipe your COD student identification to purchase your campus meal. With each transaction, you will know your remaining balance from your original amount of purchase. All forms must be submitted to the appropriate

department. You will be notified when your form has been processed and are ready to start using your campus meal plan.

## Campus Safety

In case of any emergency, please call 911. For non-emergencies, please call the Public Safety Department Dispatch at 760.341.2111. This number is answered 24/7.

The College encourages all persons on campus to practice low-risk and defensive behaviors, and to be especially alert at night. Students and others are advised to park in well-lit and trafficked areas, and to always lock their vehicles. Students should not pick up strangers or accept rides from persons they do not know. **Nighttime Escorts** are also available by calling 760.341.2111.

If you suspect a crime is being committed against persons or property, call 911 or 760.341.2111 for non-emergencies.

Safety and Security information published in accordance with the federal CLERY Act is available online at [www.collegeofthedesert.edu/students/public-safety/clery.php](http://www.collegeofthedesert.edu/students/public-safety/clery.php) or go the main website and type "CLERY" in the search bar.

## Career & Workforce Solutions Center

The mission of the **Career and Workforce Solutions Center (CWSC)** is to enhance student success by empowering students with the tools and skills necessary to be active participants in their career development. The CWSC supports the economic vitality of the Coachella Valley and beyond by serving as a bridge between individuals seeking gainful employment and diverse industries needing to attract and retain a skilled and educated workforce.

The CWSC provides comprehensive career services that guide, engage, and inspire students to reach their full potential by maximizing campus, community, and technology resources. Services offered through the CWSC include career assessments, career counseling, work experience classes, workshops, in-class presentations, career fairs, and assistance with navigating Handshake, which includes detailed information about events, career, job and internship opportunities. The CWSC is located on the Palm Desert Campus, Administration Building rooms 5 and 6. For more information, please call 760.674.7799 or visit the Career and Workforce Solutions Center website.

## Counseling Center

The primary goal of the Counseling Center is to provide learning opportunities for students to clarify their values and goals, to make decisions, and to develop self-esteem, self-confidence, and self-direction as related to their educational objectives.

Toward this goal, the staff of highly trained and diversely experienced professional counseling faculty are available to assist students with identifying their needs, assessing their strengths, and overcoming barriers. Counselors assist students in selecting the appropriate programs of study relative to their chosen objectives. Educational objectives may include completion of a vocational program, meeting major requirements for transfer to a four-year college or university, enhancement of employment skills, or improvement of basic skills. Services available include:

- Academic, Career, and Personal Counseling
- Development of Student Educational Plans (SEPs)

- New Student Orientation
- Crisis Intervention
- Student Success and Study Skill Development Courses and Workshops
- Information about Campus Resources and Financial Aid

Counseling services are offered to day and evening students. Appointments are encouraged and can be made by telephone or in person. Counselors are also available on a limited basis for drop-in counseling. To see a counselor or to obtain more information, please visit the **Counseling Center**, located on the second floor of the Cravens Student Services Center, or call 760.773.2521.

Counseling Services are also regularly available at the Coachella, Indio, Mecca/Thermal and Palm Springs Campuses.

Online Counseling is available by appointment. Information on scheduling online appointments is available on the Counseling Center webpage.

## Disabled Students Programs & Services (DSPS)

Students with disabilities at the College participate in the same activities and courses as any other student. Specialized services and mandated accommodations are offered to provide a more equitable classroom experience and to help successfully integrate the student into college life. Services and accommodations are determined by an interactive process with a DSPS counselor regarding disability related limitations to accessing the educational environment. Interested students must meet with a DSPS counselor to apply for these services.

Disabled Students Programs and Services (DSPS) is located on the first floor of the Cravens Student Services Center and provides specialized instructional opportunities to qualified students. Specialized instructional programs include the DSPS High Tech Center, WorkAbility III, Social Skills 1 and 2, DSPS Transition to College, Wellness and Stress Management, Adapted Kinesiology courses, Adaptive Makerspace courses, and several other DSPS course offerings.

The WorkAbility III program also offers specialized courses, employment counseling, and placement assistance in cooperation with the California Department of Rehabilitation.

Participation in DSPS services is voluntary. For more information, please call 760.773.2534, email DSPS ([dsps@collegeofthedesert.edu](mailto:dsps@collegeofthedesert.edu)), or visit the DSPS website.

## Dreamer Resource Center

The Dreamer Resource Center provides support services to successfully transition undocumented/ AB-540 /Dreamer students into college. The following services and resources are available for current and prospective students:

- Assistance completing California Dream Act financial aid application,
- Assistance completing the AB-540 affidavit;
- Free immigration legal services through our partnership with TODEC Legal Services;
- Dedicated counselor to assist with academics, matriculation, personal and career counseling;
- Dedicated space with computer access, printing, study, lounge;

- Referrals for medical and mental health services with community partners
- Student organization support - *Alas Con Futuro* student organization
- Volunteer opportunities for professional development
- Information hub for regular information updates for undocumented students.

For more information, please visit the Dreamer Resource Center webpage. You can also email us at [dreamers@collegeofthedesert.edu](mailto:dreamers@collegeofthedesert.edu) or call us at 760.565.4850. We are located in South Annex #1, in the Palm Desert Campus.

## EDGE - Engage. Develop. Grow. Empower.

The EDGE Program includes a summer bridge experience offering non-credit courses in math, English, and student development to prepare students for college and college-level coursework. EDGE students also receive additional wrap around support services while enrolled at COD.

These support services include follow up calls, informational emails, dedicated counseling, financial aid assistance, and student success workshops.

EDGE courses are offered over the summer at various campus locations. Students interested in taking EDGE courses will enroll in MATH-300 or SOC-300, COUN-300, and ENGLISH-300 via their self-service student portal.

Benefits of EDGE:

- Preparation for college and college-level coursework
- Priority registration for one semester following the completion of EDGE
- Dedicated faculty, counselors, and staff
- Student success strategies
- Assistance with the financial aid process
- Completing one EDGE Summer Bridge course will allow qualified students to receive free tuition and fees for two years with pLEDGE

For additional information about EDGE, please email ([edge@collegeofthedesert.edu](mailto:edge@collegeofthedesert.edu)) or call 760.636.7970.

## pLEDGE

College of the Desert is pleased to offer students the opportunity to take the pLEDGE! The pLEDGE Program provides 2024 high school graduates (or equivalent) from the Coachella Valley\* with two full years of free tuition and fees at College of the Desert!

Participating students must commit to:

- Completing a Summer Engagement Requirement of either an EDGE Summer Bridge Non-Credit Course or a Summer Credit Course
- Enrolling full-time during the Fall & Spring semesters
- Maintaining good academic standing
- Completing 10 hours of community service
- Attending a career pathway workshop at the COD Career and Workforce Solutions Center
- Completing a financial aid file

Contact the EDGE office for more information at [edge@collegeofthedesert.edu](mailto:edge@collegeofthedesert.edu) or 760.636.7970

## Enrichment Activities

COD offers various co-curricular events to enrich student learning opportunities outside the normal classroom setting.

**Celebrating Diversity #** The College has several events and activities to celebrate diversity, including International Day/Week celebrations and Council on Diversity activities celebrating gender equity and ethnic heritage. These events are open to all students, exposing them to the rewards of cultural awareness and diversity.

**Live Performances #** The College offers several plays, musical performances, and cultural events for student and staff participation and enjoyment throughout the year. Students can participate as performers, set designers, and stage crew. Theater performances occur in Theatre Too, the Pollock Theatre, and the McCallum Theatre while many student government and club activities will often include live concerts in outdoor venues.

**Art Exhibits #** The Walter N. Marks Center for the Arts offers regular art shows featuring student, faculty, and professional artists.

**Student Publications #** The Chaparral, the student-run newspaper, allows students to hone their journalism and media skills in a real-world setting. It is an online news platform entirely managed by students with guidance from a faculty advisor. Additionally, faculty members in the Communication Division support students in publishing The Solstice, a creative writing and poetry journal that fosters intellectual growth and showcases the development of students' writing skills and creativity.

**Student Radio Station, COD Roadrunner Radio #** In association with the College of the Desert's broadcast announcing, writing, and podcasting/radio production courses, students gain hands-on experience in media broadcasting at COD Roadrunner Radio. They create multimedia content, schedule automated programs, conduct live shows, cover remote events, and stream over the Internet. Programming includes unique music genres, cultural commentary, news, comedy, and talk shows. COD Roadrunner Radio is the Coachella Valley's national award-winning college and community radio station, serving as a platform for students & faculty, rising artists, and the greater Coachella Valley community.

## EOPS & CARE

The **Extended Opportunity Programs & Services (EOPS)** program is a State-funded program designed to provide "Over and Above" support services to students who are from educationally and financially disadvantaged backgrounds. EOPS promotes student success with priority one registration, educational planning, progress monitoring, and assistance with the cost of required textbooks. Participation in this program is limited to California residents or California Dream Act students who are eligible to receive the California College Promise Grant A or B (formerly the Board of Governors Enrollment Fee Waiver A or B), are in good academic standing, are enrolled full-time, and have an educational disadvantage.

EOPS students who are single, head of household, CalWORKs/TANF recipients may also be eligible to participate in the Cooperative Agencies Resources for Education (CARE) program. CARE provides specialized counseling and workshops, as well as transportation services and financial assistance with child care expenses.

For additional information about the EOPS and CARE programs, please visit the **EOPS/CARE** office located on the second floor of the Cravens Student Services Center or call 760.773.2539.

## Financial Aid

College of the Desert provides a variety of financial assistance for eligible students. Federal grants, state grants, fee waivers, scholarships (need-based and non-need-based), loans, and part-time employment opportunities are available through the Financial Aid Office. All students are encouraged to apply. For more information, please visit the Financial Aid Office webpage.

### Apply for Financial Aid

First step in applying for financial aid is to submit a financial aid application every academic year, *starting every October 1st!* Be sure to list COD's school code (**001182**).

Workshops are available to assist students with completing their FAFSA or Dream Act Application. Please refer to the Financial Aid Office webpage for workshop dates, times, and locations.

After the Financial Aid Office receives FAFSA or Dream Act Application, students may be required to submit additional documents directly to the Financial Aid Office. Financial aid status can be viewed by logging on to the Financial Aid Student Self Service Portal. The Financial Aid Office will review a student's financial aid file to determine eligibility and send out communications via MyCOD email. If eligible, the California College Promise Grant will be awarded automatically once FAFSA or Dream Act Applications are reviewed.

### Financial Aid Programs

- Pell Grant
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- Cal Grant
- Chafee Grant
- California College Promise Grant (CCPG)
- Student Success Completion Grant
- Federal Work-Study
- Federal Subsidized and Unsubsidized Loans
- Scholarships
- Book Authorizations

### Financial Aid Satisfactory Academic Progress

To maintain eligibility for most forms of financial aid, a student must meet the Satisfactory Academic Progress (SAP) standard. College of the Desert is required to determine whether students are making Satisfactory Academic Progress toward their educational goals (AA, AS, certificate, or transfer). This policy applies to all students whether or not they were previous recipients of financial aid. All students receiving financial aid are required to meet the following standards:

- Be enrolled in an eligible program.
- Maintain a minimum cumulative 2.0 Grade Point Average (GPA).
- Complete at least 67% of all coursework attempted.
- Complete their educational goal within the maximum time frame (150%) of the published unit requirement.

For more information on College of the Desert's SAP policy, please visit the Financial Aid Office webpage.

## Minimum Requirements for the California College Promise Grant

Once a student is qualified for the California College Promise Grant, it is essential to ensure that academic and progress standards are met to avoid losing it. Any combination of two consecutive terms of cumulative GPA below 2.0 and/or cumulative unit completion of not more than 50% may result in the California College Promise Grant eligibility loss.

### Scholarships

COD's scholarship program provides scholarship opportunities to new, current, and transfer students. The COD Foundation Scholarship application is available online at the Financial Aid Office webpage December of each year. External scholarships are posted on the Financial Aid website under scholarships.

The College is fortunate to assist in coordinating and delivering many external or private scholarship awards from various civic groups, clubs, and agencies. Potential donors or scholarship committee chairpersons are encouraged to contact the COD Foundation Office if assistance is needed in establishing or implementing a private scholarship program. For more information, please call 760.776.7435.

### Repayment of Funds

Per federal regulations, students who receive federal financial aid and withdraw from or receive FW grades in their classes for the semester may be required to repay any unearned grant funds they have received. Students who drop or withdraw from a portion of their classes may have an adjustment made to their subsequent disbursement(s) or be required to repay a part of the entire grant. All forms of Federal Grants or Loans monies are subject to repayment requirements. Funds are returned to the appropriate federal program based on the percentage of unearned aid using the Federal formula. For additional information, please visit Financial Aid webpage and click on Award Information, and click on Drops, Withdrawals, and Repayment of Funds.

## Food Services

College of the Desert's Palm Desert Campus and Indio Campus offers fresh-serve dining services during normal operating hours at Beeps Cafe, which offers a wide variety of menu choices. Additionally, snacks and beverages are available in the bookstore at the Palm Desert and Indio campuses. Snacks and Beverage vending machines are available at all College of the Desert campuses.

## Foster Youth Services (FYS)

**Foster Youth Services (FYS)** is designed for current or former foster youth. To be eligible for FYS, a student must be a current or former foster care youth and provide official documentation from the Department of Public Social Services (DPSS). FYS promotes student success with priority one registration, enrollment assistance, educational planning, transfer application assistance, and assistance with completing the Chafee Grant application process as well as the Burton Book Fund Application. To learn more, please visit the Foster Youth Services Center (FYSC) located in South Annex, Room 2. Our large, spacious Center offers 4 computer workstations for student use, a printer, a conference table for club meetings and workshops, and a comfortable lounge area for quiet study. FYS also provides community resources and referrals.

For additional information about Foster Youth (FY) Services, please visit the Foster Youth Services Center (FYSC) located in South Annex, Room 2 or by calling 760.776.7498.

## Gender and Sexual Diversity Pride Center

The Gender and Sexual Diversity Pride Center (GSD Pride Center) provides support and resources to facilitate the success, learning, and achievement of College of the Desert's LGBTQIA+ students. The GSD Pride Center also serves as a space for educational programming, activities, events, and collaboration that unite our LGBTQIA+ campus community, allies, and local community. Through inclusive programming, faculty & staff engagement, and community partnerships, the GSD Pride Center positions College of the Desert as a beacon for the region's LGBTQIA+ students.

The GSD Pride Center offers in-person services in the South Annex 5 building on the Palm Desert campus. Virtual services are provided through a GSD Pride Center Canvas group, via Zoom, and by phone.

For service hours and more information, please visit the GSD Pride Center website, email [gsdpridecenter@collegeofthedesert.edu](mailto:gsdpridecenter@collegeofthedesert.edu), or call 760.776.7238.

## Housing

There are no facilities for on-campus housing at College of the Desert. Information regarding off-campus housing is posted on bulletin boards on campus. The College does not inspect or approve the posted facilities and assumes no liability or responsibility for agreements between landlords and the students.

## International Education Program

College of the Desert believes that international education programming adds to the multiculturalism and diversity of our campus while aligning with COD's Mission, Vision, and Values. International Education is an active program with students from approximately 30 countries studying at COD. The International Education Program office is committed to offering extensive services to support international students throughout their studies at COD and in the Intensive English Academy. Services include orientation, counseling, university transfer assistance, activities, immigration advising, and housing assistance. Although there are no dormitories on campus, the International Education Program office works closely with the International Student Placements organization to arrange homestays for our students. We also offer information regarding off-campus apartments. In addition to serving international students, the International Education Program facilitates study abroad participation for any interested COD students and faculty.

Obtain the International Student Application online, or contact the office at:

International Education Program  
43500 Monterey Avenue  
Palm Desert, CA 92260  
by email ([iep@collegeofthedesert.edu](mailto:iep@collegeofthedesert.edu))  
by telephone: 001.760.776.7205

## Mathematics, Engineering, Science Achievement Program (MESA)

MESA is an academic enrichment program that serves students seeking degrees in the Science, Technology, Engineering, and Mathematics (STEM) fields. The program provides academic support to students from educationally disadvantaged backgrounds throughout the education

pathway so they will excel in math and science and ultimately attain four-year degrees in science, technology, engineering or math (STEM) fields.

MESA offers curricular and extracurricular services that include, but are not limited to, physical sciences, life sciences, computer science, engineering, pre-medicine, pre-veterinary, and pre-pharmacy. The MESA Program provides support through the following:

- Academic Excellence Workshops
- Tutoring
- MESA Student Study Center (MSTC, Room 146)
- Textbook Loans
- Career Advising
- Internships and Job Information
- Transfer Assistance to Four-year Institutions
- Scholarship and Financial Aid Assistance
- Online Orientation Course for Math and Science Majors
- Field Trips to Universities, Industry Sites, and Special Events
- Part-time Student Employment

Through participation in the MESA Program, students will:

- Develop a command of collaborative work skills in their chosen field of study and exhibit the appropriate study skills to master the material.
- Identify long-term support systems including faculty, on-campus resources, professional organizations, and potential employers.
- Produce an educational plan that outlines the requirements needed for transfer to and completion of a degree at a four-year institution.
- Develop a resume in order to obtain internships to professionally develop themselves for tomorrow's workforce.
- Demonstrate the confidence required to successfully navigate the academic process at their transfer institution.

To apply for the MESA Program you can complete an application online by going to the MESA website and clicking on the apply now button on the bottom of the page. You must fill out the form completely before you submit your application and once you apply you will be contacted to complete a short interview (face-to-face, phone, or virtual) to determine if you are eligible for the Program.

The **MESA Program** is administered by the **School of Mathematics and Sciences** and is located in the **Math Science Technology Center, Room 146**. For additional information, call 760.776.7470 to contact: Aletse Camacho, MESA Student Center Assistant or Carl Farmer, Director.

## McCarthy Family Child Development & Training Center

The **McCarthy Family Child Development & Training Center (MFCDDTC)** is nationally accredited by the National Association for the Education of Young Children (NAEYC). MFCDDTC serves as the model lab/demonstration program for the Child Development & Education (CDE) Department and related disciplines at College of the Desert. College students perform observations and participate in on-the-job training as well as conduct student teaching in the Center. The Center welcomes and supports children ages 12 months to 5 years from diverse backgrounds with differing abilities in a safe and welcoming setting. Responsive and professional teachers and caregivers build trusting relationships with the children and families. Children learn by doing in an environment that offers challenge and support. We proudly serve College of the Desert

students, faculty, staff, and local community members. The children of COD students receive priority enrollment into the Center; however, all are welcome to apply. The Center's fees are determined on a sliding fee schedule based on family income. For more information, please call the Center at 760.862.1308.

## New Horizons Book Loan Program

The **New Horizons Book Loan** program provides students with majors in Career and Technical Education books for eligible courses. The book loan program is funded through the Carl D. Perkins Career and Technical Act of 2006, a federal funded grant to improve the career and technical education programs. To be eligible to participate in the book loan program, students must be recipients of the California College Promise Grant (formerly known as the BOG Fee Waiver) and meet other specified criteria. To learn more or to request an application, please call 760.773.2577.

## Parking

Parking lots are conveniently located throughout campuses. Red, yellow, and blue curb markings, all no-parking signs, and emergency parking zones are to be observed at all times. Parking on or in front of ramps is forbidden. Restricted parking is in effect from 06:00 a.m. to 10:30 p.m. Monday through Friday where permits are required.

All vehicles and motorcycles are required to have a parking permit. Visitors to campus may purchase a daily permit from one of the machines on campus if parking for an extended period of time in student lots. Visitor parking is available for 30 minutes in Lot 2 on the southside of the Cravens Student Service Center on the Palm Desert Campus.

Daily Permits for visitors are \$1.00 and may be purchased at the permit dispenser in Lot 4, Lot 28 (South and Middle), Lot 23 (near Ag Science) or Lot 14 (Softball field). Daily permits are valid in any student lot.

Parking Permits for the Fall and Spring Semesters are now included in the cost of your Tuition through the Transportation Fee. All vehicles are required to display a Parking Permit, including motorcycles and vehicles displaying a disabled placard. There is no charge for parking in student lots during the summer or winter intercessions. Staff/Faculty parking lots always require a staff parking permit. For more information, please go to the [Parking Site](#) or call the Public Safety Department at 760.341.2111.

Motorcycles may park in any designated motorcycle parking space and are required to display a valid parking permit while parking on campus.

Disabled Persons parking areas are marked with the traditional blue sign and symbol. Disabled parking spaces are strictly enforced at COD and must have a disabled placard, license plate and a valid COD parking permit. Disabled Parking Placards may be obtained from the Department of Motor Vehicles and must be displayed when parking in designated areas.

Citations are issued by the Public Safety Department and may be paid online at [www.paymycite.com](http://www.paymycite.com), by mail at College of the Desert C/O Parking Citation Service Center P.O. Box 11923, Santa Ana, CA 92711 or in person at the Bursars office. To dispute a citation, citation contest forms are found online at <http://dcccdfs4.dccd.cc.ca.us/Forms/CPV>.

Effective July 1, 2018: AB503 states that an individual has the option of making payments to their parking citation(s). The registered owner of the vehicle receiving the parking citation must show that he/she is indigent and in need of a payment plan. The individual will need to pay

by the 1st of each month, as little as \$10 per month but must have the citation paid within 6 months of beginning the payment plan. There will be a \$5 fee to begin any payment plan for a parking citation. If you have any questions or would like to request a payment plan, please go to [www.paymycite.com](http://www.paymycite.com) and click on this link <https://www.paymycite.com/ab503.aspx>

### WHAT TO DO IF YOU GET A TICKET

The College assumes no liability for vehicles parked on campus. If you receive a parking citation you can appeal it by clicking on this link: <http://dcccdfs4.dccd.cc.ca.us/Forms/CPV>. Citation appeals are made online only. If you do decide to contest the citation, keep in mind the following:

- DO NOT WAIT UNTIL THE LAST MINUTE. You have 21 calendar days from the day the citation was issued to request an initial administrative review.
- If you do not begin the initial review within 21 days, you have forfeited your right to appeal the citation at any level.
- Once you submit appeal forms, it is your responsibility to find out if they were sent to you or received by us.

The appellate process that the District follows is set by the State of California. Therefore, time frames and deadline dates cannot and will not be extended, nor can any District personnel waive or modify this process.

Contact the Public Safety Department at 760.341.2111 for more information.

## Smoking Policy

In the interest of employee health and the general welfare of students and the public, the Desert Community College District shall be considered a **smoke-free environment**. Smoking of any form, including vaping, of tobacco or non-tobacco products is prohibited anywhere on campus (inside any college facility; in any vehicle owned, operated, leased, or chartered by the District; in all established eating areas; and in the seating areas of all outdoor athletic facilities owned, operated, or leased by the District). Smoking may be permitted for approved theatrical rehearsals and performances where smoking is determined to be an integral part of the rehearsal or performance.

## Student Health & Wellness Center

The **Student Health and Wellness Center (SHWC)** is located on the first floor of the Cravens Student Services Center. All students pay a fee each academic session/semester to support the provision of physical and mental health services. A professional nurse is on duty daily to provide services to students which include health evaluations, first aid, emergency evaluation, health education, consultation, vaccinations, limited laboratory services, and referrals. Vision screening, blood pressure screening, tuberculosis screening (TB testing), blood glucose, urinalysis for specific illnesses are also available at the SHWC Office. HIV/STD screening is provided by an outside agency. The staff at the Student Health and Wellness Center also process COD student accident insurance claims. Information regarding additional student insurance for sickness and accidents is available through the Student Health and Wellness Center. Limited services are also extended to the Indio Campus and

Mecca-Thermal Campus students. For more information, please call 760.776.7211.

The **Student Health and Wellness Center (SHWC)** is located on the first floor of the Cravens Student Services Center. All students pay a fee each academic session/semester to support the provision of physical and mental health services. A professional nurse is on duty daily to provide services to students which include health evaluations, first aid, emergency evaluation, health education, consultation, vaccinations, limited laboratory services, and referrals. Vision screening, blood pressure screening, tuberculosis screening (TB testing), blood glucose, urinalysis for specific illnesses are also available at the SHWC Office. HIV/STD screening is provided by an outside agency, on a weekly basis. The staff at the Student Health and Wellness Center also process all COD student accident insurance claims. Information regarding additional student insurance for sickness and accidents is available through the Student Health and Wellness Center. Limited services are also extended to the Indio Campus and Mecca-Thermal Campus students. For more information, please call (760) 776-7211.

## Student Mental Health Services

Mental Health Services is located on the first floor of the Cravens Student Services Center, within the Student Health and Wellness Center. All students pay a fee each academic session/semester to support the provision of both physical and mental health services for students. Mental Health services for students involve solution-focused, short-term personal counseling aimed at enhancing understanding and resolution of current problems. Individual sessions are made on an appointment basis. For a significant personal crisis requiring immediate assistance, students may go to the Counseling Center or the Student Health and Wellness Center during open office hours to access resources. A crisis counselor is available in the Student Health and Wellness Center during regular business hours or 24/7 Dispatch at 888-374-1113. Students requiring long-term or more specialized services may be referred to qualified community resources. Self-help brochures, hand-outs, websites, and reading lists are available, free of charge, as related to mental health and wellness issues. For more information, please call 760.776.7211.

## Transfer Center

Located next to the Counseling Center in the Cravens Student Services Center, the **Transfer Center** is available to assist students with completing the transfer process to a four-year institution. A resource library of select college catalogs and reference materials are also available. Services include counseling, workshops, and assistance in completing transfer applications to CSU, UC, independent, or out-of-state colleges and universities. Counselors and university representatives are available by appointment to work with prospective transfer students.

Each spring and fall the Transfer Center hosts a **College and University Day**, during which representatives from various public and private four-year institutions are available to meet with students who are planning to transfer. In the spring, students are awarded with Transfer Certificates and medallions at the annual Transfer Recognition Ceremony. For more information about available transfer services, please call 760.862.1351.

## TRiO-ETS

The TRiO Educational Talent Search Program (ETS) is a federally funded post-secondary outreach program designed to motivate middle school

and high school students to excel in school while encouraging their pursuit at a post-secondary education.

The TRiO ETS program provides academic, career, and college guidance to 500 low income and first generation students at three target schools in Desert Hot Springs (Desert Springs Middle School, Painted Hills Middle School, and Desert Hot Springs High School). In addition, ETS staff provides bilingual services to families that include workshops about college selection, the admissions process, financial aid, and referrals to academic services.

For more information about how to apply to TRiO ETS please call 760.568.3090.

## TRiO-Upward Bound

**Upward Bound (UB)** is a TRiO program sponsored by the U.S. Department of Education. The UB program provides academic and counseling support to local low-income high school students who would be first-generation college students. The UB program requires students to attend two Saturday Academies per month and a six-week summer program. Some benefits of the program include academic and cultural field trips, SAT and ACT preparation, and financial support. For more information, please visit the TRiO Programs office located South Annex room 10, or call 760.773.2541 to request an application.

## TRiO-SSS

The **TRiO Student Support Services (SSS)** programs, sponsored by the U.S. Department of Education, seeks to assist low-income, first generation college students to complete their degrees and transfer to four-year institutions. Currently, COD supports three TRiO SSS programs: SSS-ACES, SSS-DSPS and the SSS-Veterans programs. The programs provide free one-on-one counseling, graduation and transfer assistance, tutorial services, college tours, and priority enrollment for eligible participants.

All SSS programs are open to any COD student who meets low-income criteria and who would be the first in their family to attain a college degree. SSS-ACES serves the general student population while SSS-DSPS has a similar eligibility criteria; however, it has a special focus on assisting students who have verified disabilities. The SSS-Veterans program aims to help veteran students succeed academically. The eligibility requirements are the same as the other two SSS programs; however, participants must be military veterans or reservists. Spanish translation is available upon request. La traducción en español está disponible a la petición.

Students interested in participating in the programs should visit the following TRiO offices in South Annex rooms 10 & 12 or call the following numbers:

SSS-ACES: 760.776.7347  
SSS-DSPS: 760.636.7974  
SSS-Veterans: 760.674.7805

## Veterans Resource Center (VRC)

### Veteran Services

The Veterans Resource Center (VRC) provides support and resources to facilitate the success, learning and achievement of College of the Desert's veteran and military affiliated students.

The VRC is home to the Veterans Academic Counselor and the VA School Certifying Official, who assists students with veterans education benefits.

The center provides study space with access to computers, internet, printer and opportunities to meet and socialize with other veteran and military affiliated students at the college.

Registration priority enrollment for eligible Veteran, Active Duty, Reserves, and National Guard participants.

For additional information and assistance, please visit the Veterans Resource Center (VRC) located in the Cravens Student Services Center Room 125, call 760.773.2536 or email [veterans@collegeofthedesert.edu](mailto:veterans@collegeofthedesert.edu).

# HOW DO I EARN A CERTIFICATE, COMPLETE A PROGRAM, GRADUATE, AND/OR TRANSFER FROM COD?

## Catalog Rights

Students who maintain continuous attendance at College of the Desert will maintain the right to follow the graduation requirements listed in the catalog under which they first entered the College. Changing a major program of study does not change catalog rights for general education or other graduation requirements beyond the major if continuous attendance is maintained. Continuous attendance for this purpose is defined as attendance in at least one semester during a calendar year, provided that at least one course during that semester of attendance is posted on the official college transcript with a grade symbol or a semester mark of "I", "W" or "EW". Absence from College of the Desert due to an approved educational leave or for attendance at another regionally accredited higher education institution is not considered an interruption in attendance if the absence does not exceed two years.

## Diplomas

Diplomas are mailed to graduates approximately twelve weeks after the end of the semester in which students have satisfied all degree requirements and grades have been verified as a result of applying for graduation. Consequently, at the graduation ceremony, students are presented with a diploma cover. There is a fee for a duplicate diploma; please check the Admissions & Records Office web page for current fees.

## Grade Requirements for an Associate's Degree

Effective for all students admitted to College of the Desert for Fall 2009 term or any term thereafter, all courses used to fulfill major area requirements or area of emphasis **requirements must be completed with a minimum grade of "C" or a "P"** if the course is taken on a "Pass/No Pass" basis. All Associate Degrees require a minimum Cumulative Grade Point Average of 2.0 ("C" average) for all coursework taken at all accredited institutions including College of the Desert.

The Associate Degree is not automatically awarded when a student completes required courses. Students must submit a Degree Application electronically via MyCOD Student Portal under the A&R Forms link. All transcripts from all colleges and universities attended must be on file in the Admissions & Records Office. At least 40 units must have been completed, including 12 in residence at COD before an application is accepted.

## Graduation

Once it has been determined that a student is eligible for graduation, a **Degree Application** or **Certification Application** must be completed electronically via the MyCOD Student Portal under the A&R Forms link. The deadline to submit this form is found in the Schedule of Classes. This requirement applies to all Associate Degrees.

Formal graduation activities are held at the end of the spring semester. Students who complete degree or certificate requirements during the spring, preceding fall, or subsequent summer term are invited to participate in the ceremony. Students must file a degree application electronically via the College MyCOD Student Portal by the posted deadlines.

## Earning an Additional Associate Degree

An additional Associate Degree may be earned if the student completes a minimum of 12 degree applicable units in residence at College of the Desert beyond the prior degree, makes a complete change of major, and fulfills all requirements for the new major field including any additional General Education requirements that are appropriate.

## Career & Technical Education

College of the Desert offers **Career Education (formerly Career and Technical Education, CTE)** in over 30 separate program areas. Students have the ability to complete Associate Degrees, Certificates, or single courses in specific subjects depending upon their educational or workforce preparation needs. Courses are run in a variety of formats including lecture, lab, online, and performance-based learning. At COD, career education is both an educational strategy in its own right and the cornerstone of the College's workforce development efforts. As an educational strategy, it inspires and facilitates learning and, unlike traditional vocational education, aims to prepare students for ongoing education, long-term careers, and citizenship, as well as entry into the workplace. With its focus on rigorous and relevant content, experiential learning, career awareness, supportive relationships, and demonstrated outcomes career education can provide a context for academic coursework and set the standard for the kind of challenging, engaging, student-centered instruction that is required for students of all ages to succeed. Career Education programs are for students who desire to transfer to four-year universities as well as those wishing to enter the workforce or build new technical skills.

As the foundation for workforce development and economic vitality in the state, Career Education responds to the needs of the economy – with regard to both industry focus and skills taught. To further address its dual purpose, Career Education is designed to provide seamless pathways that bridge secondary and postsecondary education, enabling students to develop skills required in the workplace while pursuing their personal aspirations. COD has the ability to offer education through credit, noncredit and not-for-credit depending upon the needs of the individual or organization.

## Certificates of Achievement

A **Certificate of Achievement** may be awarded to a student who has completed a required sequence of courses in an occupational field. Students must file a Certificate Application electronically via MyCOD Student Portal under the A&R Forms link by the posted deadline. All transcripts from other colleges must be on file before a request can be filed.

The certificate requires fewer than 60 units of college work. At least six (6) units in the certificate field shall be completed in residence at College of the Desert. A minimum of a "C" average shall be maintained in all courses required for the certificate. All courses shall be approved by the department advisor. See **Programs of Study** section in this catalog for specific certificate requirements. A fee is charged for a duplicate

certificate; please check the Admissions & Records Office webpage for current fees.

## Associate Degrees

College of the Desert offers Associate Degrees to assist students in transferring to bachelor's degree-granting institutions and Associate Degrees for Career & Technical Education to prepare students locally for the workforce.

## Types of Associate Degrees

### I. Associate Degrees for Transfer: AA-T and AS-T

California Community Colleges offer associate degrees for transfer to the CSU system. These may include Associate in Arts (AA-T) or Associate in Science (AS-T) degrees. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. California Community College students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses.

Students who have been awarded an AA-T or AS-T are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60 semester or 90 quarter units.

To view the most current list of College of the Desert Associate Degrees for Transfer, please go to Academic Programs. Current and prospective community college students are encouraged to meet with a counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

### Requirements For The Associate In Arts For Transfer (AA-T) Or Associate In Science For Transfer (AS-T) - SB 1440

The Student Transfer Achievement Reform Act (Senate Bill 1440, codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college.

The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete a minimum of 60 required semester units of CSU-transferable coursework with a minimum GPA of 2.0. Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is a designated "high-unit" major).

This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

### Requirements

The following is required for all AA-T or AS-T degrees:

1. Completion of 60 CSU-transferable semester units.
2. Minimum Grade Point Average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some majors may require a higher GPA. Please consult with a counselor for more information.
3. Completion of a minimum of 18 semester units in an "AA-T" or "AS-T" major as detailed in the Program of Study section of the catalog. All courses in the major must be completed with a grade of "C" or better or a "P" if the course is taken on a "Pass/No Pass" basis (Title 5, section 55063).
4. Certified completion of the California State University General Education-Breadth (CSU GE Breadth) pattern ; OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern.
5. Students do not need to complete the local requirements of Kinesiology and Reading 051 or 061.

### II. Career Technical Education Degrees: AA and AS

#### ASSOCIATE DEGREE *with emphasis on CAREER & TECHNICAL PREPARATION*

Students planning to earn an Associate Degree with emphasis on career and technical preparation, and who have no plans to pursue a bachelor's degree, must follow the District's General Education requirements.

Students must complete the course requirements as specified in the program of study for the declared major, in addition to general education courses.

The Career and Technical Degree is not designed to prepare students for university transfer and is identified in this catalog as: **ASSOCIATE DEGREE (employment preparation)**.

### III. Local Degrees: AA and AS

#### ASSOCIATE DEGREE *with emphasis on TRANSFER PREPARATION*

Students planning to earn an Associate Degree while preparing to transfer to a 4-year college or university must complete the appropriate transfer general education pattern as well as the course requirements specified in the program of study for the declared major. A minimum of 60 transferable units are required for upper division transfer.

Students preparing to transfer to the California State University (CSU) may follow the General Education requirements outlined in the CSU Certification Pattern. This is identified as the **CSU General Education Pattern** in the list of requirements for Transfer Degree programs.

Student preparing to transfer to the University of California (UC) or the CSU systems may follow the Intersegmental General Education Transfer Curriculum (IGETC). This is identified as the **IGETC Pattern** in the list of requirements for Transfer Degree programs. See your counselor or faculty advisor for exceptions.

The transfer preparation degree is identified in this catalog as: **ASSOCIATE DEGREE (transfer preparation)**.

## Associates Degree Requirements

Students may graduate from College of the Desert with an Associate of Arts or Science degree upon meeting the following District requirements:

### A. Competency Requirements

**Reading Competency:** All students earning an Associate Degree must demonstrate a reading proficiency at the collegiate level by passing ENG 001A with a grade of "C" or better, or the equivalent.

**Writing Competency:** All students earning an Associate Degree must demonstrate a writing proficiency at the collegiate level by passing ENG 001A with a grade of "C" or better, or the equivalent.

**Mathematics Competency:** All students earning an Associate Degree in Career and Technical Preparation must demonstrate a mathematics proficiency by passing with a grade of "C" or better, MATH 49, or any college mathematics course determined by the District to be equivalent to, or higher than, MATH 049. All students earning Associate Degree for Transfer Preparation are required to complete the UC or CSU Mathematics requirements.

### B. General Education (GE) Requirements

A single course, even though listed in more than one area, can only be used to satisfy one GE requirement. Courses for the major may also be used to satisfy general education requirements- units will only be counted once for the degree. Students should confer with a Counselor.

### C. Major Requirements

Complete one of the degree programs listed in the Certificate and Degree Programs section of this catalog. Each course in the major or area of emphasis must be completed with a grade of "C" or better or "P" if the course is taken on a "Pass/No Pass" basis.

College authorities may approve or require substitutions for discontinued courses or for courses not offered. College of the Desert requires that students declaring or changing a major program of study must complete the major requirements in effect at the time of the declaration of change. For programs of study requiring special selection procedures, students are required to complete major requirements in effect at the time of entrance to the program.

### D. Kinesiology Activity Requirement

Two (2) units are required from kinesiology (KINE), recreation (RE) or varsity sports (VSM, VSO, VSW). Note: If KINE-010 is used to fulfill COD General Education Area C2 or C5, it may not be used to fulfill this requirement.

**E.** A minimum of sixty (60) degree-applicable units with a 2.0 ("C") Grade Point Average (GPA). Basic skills courses do not apply toward the degree. Grades earned in non-degree credit courses are not included in the calculation of the degree-applicable GPA.

**F.** Completion of twelve (12) units in residence at College of the Desert.

# COLLEGE OF THE DESERT GENERAL EDUCATION REQUIREMENTS (COD GE)

## 2024 - 2025

Students must complete the course requirements as specified in the program of study for the declared major in addition to the general education courses in order to earn an Associate's Degree.

**Supplementary notes- See a counselor for more information:**

1. A single course, even though listed in more than one area, can only be used to satisfy one General Education requirement.
2. See degree and graduation requirements, in addition to General Education requirements. Also, see COD's kinesiology requirement for an A.S. or A.A. degree, and English, reading and math minimum competencies.

**Footnotes**

1. Indicates cross listed courses. Only one course can be taken: ART 030A & DDP 135, ART 031 & DDP 131, ENG 036 & CDE 229, MUS 007 & TA 007, SJS 020 & CJ 020, PS 003 & PHIL 003.

# TRANSFER TO FOUR-YEAR COLLEGES & UNIVERSITIES

## Preparation for Transfer

As an integral unit of the California system of public higher education, the College provides programs of study providing students the opportunity to prepare for transfer to four-year colleges and universities. The College aspires to do this in such a manner that students may transfer without loss of time or credit.

Most professions and careers requiring study beyond that available at College of the Desert are such that the first 60 college level units may be completed before transferring from College of the Desert to another institution of higher education. To assure transfer students of obtaining the maximum benefit from their College of the Desert experience prior to transferring, it is important for students to engage in careful, long-range planning. In general, students planning to transfer should follow the procedure outlined below:

- 1. Tentative Choice:** Because course requirements vary among colleges and universities, it is advantageous to research and select the school(s) to which students plan to transfer as early as possible in their college career. The College Transfer Center offers a research library to help students prepare to transfer, including catalogs from California public and private institutions, as well as from many out-of-state colleges. Transfer admission information, applications, and other reference materials are also available. The Transfer Center is located in the Cravens Student Services Center.
- 2. Catalog:** Examine catalogs of prospective colleges and universities. Carefully study those sections that cover requirements for (a) transfer admission, (b) the major, and (c) graduation. Finding all requirements often warrants a review of the entire catalog, as requirements may be listed in different sections of the catalog. Many of these requirements must be taken during the freshman and sophomore years. Failure to do so can unduly extend the time required for transfer admission and graduation.
- 3. Financial Aid:** Apply for financial aid as directed on the College website. Financial aid information is also available in the Financial Aid Office, located in the Cravens Student Services Center and online.
- 4. General Education Requirements:** Students may complete their lower division general education or breadth requirements while at College of the Desert. COD has articulation agreements with the California State Universities (CSU) and the University of California (UC) systems that allow students to be certified for these requirements. To select the pattern that is most appropriate, consult a counselor or faculty advisor.
- 5. Application Filing Period:** Check carefully the dates of the application filing period. This is the time between the first date applications will be received and the deadline. Many colleges have initial filing periods ten months before admission. In all cases, submission of applications early within the filing period is recommended.
- 6. Letters of Recommendation & Rating Forms:** Some independent colleges require letters of recommendation or rating forms. Students should get to know their instructors well enough so that they can comment accurately on the students' characteristics.
- 7. Grade Point Requirements:** Grade Point Average requirements for admission and selection to majors vary. Study catalogs carefully for all requirements.

- 8. Admission Requirements of the Public California Institutions:** The filing periods for CSU are the months of October and November. The filing period for UC is the month of November. These are the initial filing periods for fall admission. Both CSU and UC require completion of 60 transferable units to enter as a junior.
- 9. Admission to Independent California or Out-of-State Colleges:** Students who follow transfer courses of study find they are given credit for most, if not all, courses when they transfer to independent or out-of-state colleges and universities. Some colleges require a certain number of completed units before considering students as eligible for transfer, while others accept students at any time. Admission requirements are outlined in the respective college catalogs. Catalogs are available for use in the College of the Desert Transfer Center. Independent colleges encourage students to make an appointment with their Office of Admissions in order to discuss transfer opportunities on a personal basis.
- 10. Transferable Courses:** Courses transferable to the California State University system are indicated by "CSU" and those transferable to the University of California system are indicated by "UC" under the course description in the "Courses of Instruction" section of this catalog. The CSU or UC designates courses accepted for elective credit. Such courses count for the 60 units required for advanced standing transfer to CSU or UC. Students interested in transferring to the University of California should refer to the University of California Transfer Course Agreement, available in the Transfer Center, to make sure they have enough units, since we offer several UC transferable courses for which credit is decreased by one or more units by UC; such courses are marked in this catalog with an asterisk, as **CSU, UC\***. This acceptance can change annually. Students should visit the ASSIST website to confirm how each college's course will be accepted at a particular four-year college or university for transfer credit. Consult the Transfer Center for more detailed information.

## Admission to the University of California

Students transferring to the UC system from College of the Desert may, in most cases, follow the Intersegmental General Education Transfer Curriculum (IGETC) to meet lower-division general education requirements for the UC system. To meet the minimum UC system eligibility requirements, residents of California must have a GPA of 2.4 and nonresidents must have a GPA of 2.8. However, higher grade point averages are required to be a competitive transfer applicant to most UC campuses. Students are advised to visit a COD counselor for a realistic estimate of the current GPA actually required for admission to various major programs at various campuses, and to verify whether IGETC will meet their lower-division general education requirements.

To be minimally eligible to transfer to the UC system, assuming ineligibility from high school, a student with California residency must accumulate a minimum of 60 UC-transferable semester units from an accredited college or university while maintaining a minimum 2.4 GPA. The 60 units will consist of general education and major requirements. Nonresidents must accumulate 60 UC-transferable semester units and have a minimum GPA of 2.8. Specified high unit majors do not completed the transfer general education pattern and must meet with a COD counselor for general education requirements for graduation.

**NOTE:** Being "eligible" for admission in NO way guarantees admission. Higher grade point averages are required by most UC campuses, and students with 60 or more transferable semester units receive priority consideration for transfer admission.

## Admission to California State University

Students must complete either the CSU General Education (p. 89) Certification Course Pattern or the IGETC (p. 93) and the major requirements as specified in the program of study for the declared major for a total of 60 units. You may consult with a COD counselor or visit the ASSIST website for the major requirements. Specified high unit majors do not complete the transfer general education certification and must meet with a COD counselor for general education requirements for graduation. A student must complete 60 or more transferable semester units with a minimum GPA of 2.0 (C) or higher (2.4 for nonresidents), be in good standing at the last college or university attended, and have completed or made up any missing college preparatory subject requirements. Certain "impacted" programs, which have more applicants than there are spaces available, have additional screening requirements. Please see a COD counselor for details.

**NOTE:** Being "eligible" for admission in NO way guarantees admission. Higher grade point averages may be required by CSU campuses, and students with 60 or more transferable semester units receive priority consideration for transfer admission.

## General Education Programs Intersegmental General Education Transfer Curriculum (IGETC)

The IGETC (p. 93) is a general education program that California community college transfer students can use to fulfill lower-division general education requirements at a California State University or University of California campus. This curriculum provides an alternative to CSU General Education-Breadth requirements and UC campus GE/Breadth requirements. IGETC can be a good option if students know they want to transfer, but do not know if they will go to a CSU or a UC, or if they do not know which major to pursue.

Courses must be completed for all areas with a grade of "C" or better. Completion of IGETC is not an admission requirement nor does completion of IGETC guarantee admission to the campus or program of choice.

## CSU General Education-Breadth Certification Course Pattern

The CSU General Education-Breadth (p. 89) (GE-Breadth) program allows California community college transfer students to fulfill lower-division general education requirements for any CSU campus prior to transfer. This curriculum provides an alternative to the IGETC requirements and campus-specific GE-Breadth requirements. This can be a good option if students know they want to transfer to a CSU but do not know which campus they will attend, or if they know which campus they will attend but do not know which major to pursue.

It is important to note that CSU GE-Breadth certification is not an admission requirement nor does completion guarantee admission to the campus or program of choice. The GE-Breadth program requires that students who select this option complete at least 48 semester units of general education to receive a baccalaureate degree. At least nine of these units must be upper-division level and taken at the university.

Students planning to transfer should consult with a COD counselor early in their first semester of enrollment. Counselors and faculty advisors will assist students with program planning and course options.

General Education classes are designed to educate students to: think, write, and speak clearly and logically; reason quantitatively; gain

knowledge about the human body and mind; the development and functioning of human society; the physical and biological world; and human cultures and civilizations; and develop an understanding of the principles, methods, and values of human inquiry.

## General Education Certification

Verification by the College of a student's completion of lower division General Education/Breadth requirements for the California State University or the University of California must be requested by the student at the time transcripts are requested to be sent to the university. Students may apply for Certificates of General Education completion of either/both the IGETC and CSU General Education patterns in the semester in which they will satisfy all requirements.

## CSU Government/History Certification

College of the Desert, pursuant to Title 5, Section 40404 of the California Administrative Code and in accordance with Executive Order 405 from the Office of the Chancellor, California State University (effective date 11/15/82), certifies the following course/examination combinations as meeting the baccalaureate requirements in U.S. History, Constitution and American Ideals at CSU, except that no student may meet the requirement by examinations alone. It is important to note that certification may take place if and only if an entire history/government combination has been completed. (Requirements at CSU institutions may vary; consult your faculty advisor or counselor.)

A student may fulfill the history/government requirement by completing Political Science 1 (PS 001) **and** either History 17 (HIST 017) or History 18 (HIST 018). AP Government credit does not fulfill this requirement at CSU.

## Course Identification Numbering System (C-ID)

The Course Identification Numbering System (C-ID) is a statewide numbering system independent from the course numbers assigned by local California community colleges. A C-ID number next to a course signals that participating California colleges and universities have determined that courses offered by other California community colleges are comparable in content and scope to courses offered on their own campuses, regardless of their unique titles or local course number. Thus, if a schedule of classes or catalog lists a course bearing a C-ID number, for example COMM 110, students at that college can be assured that it will be accepted in lieu of a course bearing the C-ID COMM 110 designation at another community college. In other words, the C-ID designation can be used to identify comparable courses at different community colleges. However, students should visit the ASSIST website to confirm how each college's course will be accepted at a particular four-year college or university for transfer credit.

The C-ID numbering system is useful for students attending more than one community college and is applied to many of the transferable courses students need as preparation for transfer. Because these course requirements may change and because courses may be modified and qualified for or deleted from the C-ID database, students should always check with a counselor to determine how C-ID designated courses fit into their educational plans for transfer.

Students may consult the ASSIST database for specific information on C-ID course designations. Counselors can always help students interpret or explain this information.

# CALIFORNIA STATE UNIVERSITY GENERAL EDUCATION REQUIREMENTS

## 2024 - 2025

Students who plan to transfer to a CSU campus may complete their lower division General Education requirements for graduation at COD. Students may follow the CSU GE-Breadth Certification pattern listed below, which is accepted by all CSU campuses in most majors to fulfill these requirements. [This course pattern may also satisfy COD's General Education requirements.](#)

To be fully certified, students must complete a minimum of 9 units each in Areas A, B, C, 6 units in D, 3 units in Area E and F. At least 30 of these units must be completed with a grade of "C" or better, including the 9 units in Area A: Communication in the English Language; and 3 units in Area B-4: Mathematics.

GE-Breadth Certification is *not* automatic and must be requested by the student at the same time transcripts are requested to be sent to the CSU following the posting of final grades.

**Note: A single course, even though listed in more than one area, can only be used to satisfy one General Education requirement.**

## A. English Language Communication & Critical Thinking

**Nine (9) units minimum;** select **1 course from each of the 3 groups.** (C or better required in all courses.)

### A-1. Oral Communication

Course Code	Title	Units
COMM 001	Introduction to Public Speaking	3
COMM 005	Survey of Human Communication	3
COMM 009	Intro to Interpersonal Communication	3
COMM 013	Small Group Communication	3
COMM 017	Intercultural Communication	3
COMM 021	Introduction to Persuasion	3

### A-2. Written Communication

Course Code	Title	Units
ENG 001A	English Composition	4
ENG 001X	English Composition with Co-Curricular,Support	5

### A-3. Critical Thinking

Course Code	Title	Units
COMM 025	Argumentation and Debate	3
ENG 002	Argumentative Writing and Critical,Thinking through Literature	4
PHIL 010	General Logic	3
SOC 004	Sociological Analysis& Critical Thinking	3

## B. Scientific Inquiry & Quantitative Reasoning

**Nine (9) units minimum;** select **one course from each group.** One course must include laboratory.

### B-1. Physical Science

Course Code	Title	Units
A 001	Descriptive Astronomy	3
A 002	Descriptive Astronomy	4
A 003	Planetary Astronomy	4
CH 001A	General Chemistry I	5
CH 001B	General Chemistry II	5
CH 003	Introductory General Chemistry	4
CH 005	Bio-organic Chemistry	4
CH 007	Fundamentals of Chemistry	5
CH 010A	Organic Chemistry I	5
CH 010B	Organic Chemistry II	5
G 001	Physical Geology	4
G 002	Historical Geology with Laboratory	4
G 005	Environmental Geology	4
G 010	The Earth Sciences	4
G 022	Introduction to Environmental Sciences	3
GEOG 001	Physical Geography	3
PH 001	Introductory Physics	4
PH 002A	College Physics I	4
PH 002B	College Physics II	4
PH 003A	Engineering Physics	4
PH 003B	Engineering Physics	4
PH 003C	Engineering Physics	4
PH 017	Introduction to Meteorology	3
PH 020A	Physics for Life Sciences Majors I	4
PH 020B	Physics for Life Sciences Majors II	4

### B-2. Life Science

Course Code	Title	Units
AGEH 001	Horticulture	3
AGPS 002	Entomology - General & Applied	4
AGPS 005	Plant Science	3
ANTH 001	Human Evolution: Introduction to,Biological Anthropology	3
BI 004	Elements of Biology	4
BI 005	Molecular and Cell Biology	5
BI 006	Biology of Organisms	5
BI 007	Biology of Mammals	3
BI 011	Biology of Viruses	3
BI 013	Human Anatomy and Physiology I	4
BI 014	Human Anatomy and Physiology II	5
BI 015	General Microbiology	5
NR 001	Conservation of Natural Resources	3

**B-3. Laboratory Activity**

Course Code	Title	Units
A 002	Descriptive Astronomy	4
A 003	Planetary Astronomy	4
AGEH 001L	Horticulture Laboratory	1
AGPS 002	Entomology - General & Applied	4
AGPS 005L	Plant Science Lab	1
ANTH 001L	Human Evolution: Introduction to,Biological Anthropology Lab	1
BI 004	Elements of Biology	4
BI 005	Molecular and Cell Biology	5
BI 006	Biology of Organisms	5
BI 007L	Biology of Mammals Lab	1
BI 013	Human Anatomy and Physiology I	4
BI 014	Human Anatomy and Physiology II	5
BI 015	General Microbiology	5
CH 001A	General Chemistry I	5
CH 001B	General Chemistry II	5
CH 003	Introductory General Chemistry	4
CH 005	Bio-organic Chemistry	4
CH 007	Fundamentals of Chemistry	5
CH 010A	Organic Chemistry I	5
CH 010B	Organic Chemistry II	5
G 001	Physical Geology	4
G 002	Historical Geology with Laboratory	4
G 005	Environmental Geology	4
G 010	The Earth Sciences	4
GEOG 001L	Physical Geography Lab	1
NR 001L	Conservation of Natural Resources Lab	1
PH 001	Introductory Physics	4
PH 002A	College Physics I	4
PH 002B	College Physics II	4
PH 003A	Engineering Physics	4
PH 003B	Engineering Physics	4
PH 003C	Engineering Physics	4
PH 017L	Introduction to Meteorology Lab	1

**B-4. Mathematics/Quantitative Reasoning**

Course Code	Title	Units
BUMA 003	Business Statistics	3
CIS 009	Mathematical Modeling for Business	3
MATH 001A	Calculus	4
MATH 001B	Calculus II	4
MATH 002A	Multivariate Calculus	4
MATH 002B	Linear Algebra	4
MATH 002C	Ordinary Differential Equations	4
MATH 005	Trigonometry	5
MATH 009	Business Calculus	4
MATH 010	College Algebra	4
MATH 011	Math Concepts for Elementary School,Teachers - Number Systems	4
MATH 012	Pre-calculus	5
MATH 013	Liberal Arts Math	4

MATH 014	Statistical Methods	4
MATH 015	Discrete Mathematics for Computers	4
MATH 016	Finite Mathematics	3
SOC 003	Fundamentals of Statistics	3

**C. Arts & Humanities**

**Nine (9) units** minimum; **one** course must in the **ARTS** and **one** in the **HUMANITIES**

**C-1. Arts (Arts, Cinema, Dance, Music, Theatre)**

Course Code	Title	Units
ARCH 014	History of Architecture I	3
ART 003A	Basic Design & Color	3
ARTH 002A	History of Art I: Prehistoric to,Medieval	3
ARTH 002B	History of Art II: Renaissance to,Contemporary	3
ARTH 002C	History of Modern Art	3
ARTH 010	Understanding Art	3
ARTH 012A	Arts of Asia	3
ARTH 012B	Arts of Africa, Oceania, & Indigenous,North America	3
ARTH 012C	Arts of Latin America	3
ARTH 033	History of Photography	3
DANC 010	Introduction to Choreography	2
DANC 015	History of Dance	3
FILM 001	Introduction to Film	3
FILM 021	Contemporary World Film	3
FILM 022	American Film to the 1960s	3
FILM 023	Contemporary American Film	3
MUS 005	History of Rock 'n' Roll	3
MUS 006	History of Film Music	3
MUS 007	History of Musical Theatre <sup>1</sup>	3
MUS 010	Introduction to Music	3
MUS 011	The History of Jazz	3
MUS 012	Fundamentals of Music	3
TA 001	Introduction to Theatre	3
TA 002	Acting I	3
TA 007	History of Musical Theatre <sup>1</sup>	3

**C-2. Humanities (Literature, Philosophy, Languages Other than English)**

Course Code	Title	Units
ASL 001	Elementary American Sign Language I	5
ASL 002	Elementary American Sign Language II	5
ASL 003	Intermediate American Sign Language I	4
ASL 004	Intermediate American Sign Language II	4

			SOC 002	Social Problems	3
			SOC 005	Sociology of Gender and Sexuality	3
			SOC 006	Introduction to Criminology	3
			SOC 009	Sociology of Sport	3
			SOC 014	Introduction to Race & Ethnicity	3

## D. Social Sciences

Six (6) units minimum, two different disciplines recommended.

Note: The "American Institutions" requirement may be satisfied by taking either HIST 017 or 018, plus PS 001. AP Government credit does not count toward this requirement.

Course Code	Title	Units
ANTH 002	Cultural Anthropology	3
ANTH 003	Archaeology, Introduction to Prehistory	3

SOC 015	Mexican American Culture & Society	3
SPAN 020	Latin American Culture and Civilization	3
SPAN 022	Spanish for Heritage Speakers II	5

## E. Lifelong Understanding & Self-Development

Three (3) units minimum

Course Code	Title	Units
CDE 101	Child Growth & Development (Fall 2011)	3
CDE 102	Child, Family, & Community (Fall 2011)	3
COLL 001	First Year Seminar	3
COUN 101	Career/Life Planning & Personal,Exploration	3
EDUC 001	Introduction to Elementary Classroom,Teaching	3
HS 013	General Nutrition	3
HS 073	Introduction to Public Health	3
HSAD 001	Introduction to Alcohol & Drug Studies (Fall 2015)	3
KINE 006	Women's Self Defense, Health & Fitness	3
KINE 008	Introduction to Kinesiology	3
KINE 010	Personal & Community Health	3
KINE 011	Men's Self Defense, Health & Fitness	3
PHIL 013	Perspectives on Death & Dying	3
PSY 003	Developmental Psychology	3
PSY 007	Positive Psychology (Fall 2014)	3
PSY 010	Psychological Aspects/Marriage & Family	3
PSY 012	Human Sexuality	3
PSY 020	Adolescent Psychology	3
PSY 023	Psychology of Women and Gender	3
PSY 033	Personal & Social Adjustment	3

## F. Ethnic Studies

Three (3) units minimum

Course Code	Title	Units
ETHN 001	Introduction to Ethnic Studies	3
ETHN 002	Introduction to Chicanx & Latinx,Studies	3
ETHN 003	Introduction to Black Studies	3
ETHN 004	Introduction to Native American,Studies	3
ETHN 005	Introduction to Asian American Studies	3

### Supplementary notes- See a counselor for more information:

1. A single course, even though listed in more than one area, can only be used to satisfy one General Education requirement.
2. See degree and graduation requirements, in addition to General Education requirements. Also, see COD's kinesiology requirement for an A.S. or A.A. degree, and English, reading and math minimum competencies.

### Footnote

<sup>1</sup> Indicates cross listed courses. Only one course can be taken: ENG 036 & CDE 229, MUS 007 & TA 007, SJS 020 & CJ 020, PS 003 & PHIL 003.

# INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC)

## 2024 - 2025

The course requirements for all areas must be **completed** before IGETC can be fully certified. After final grades are posted, you must **request** IGETC Certification at the time you request final transcripts to be sent to your chosen transfer campus(es). **The IGETC must be certified prior to transfer. All courses must be completed with grades of "C" or better.** Completion of area 1C (CSU) and/or area 6A (UC) must be completed for certification. Documentation of meeting this requirement must be on file in the Admissions & Records Office prior to granting certification. For more information, please see a Counselor.

Completion of the IGETC is not a requirement for transfer to a CSU or UC, nor is it the only way to fulfill the lower-division, general education requirements of the CSU or UC prior to transfer. Students may find it advantageous to take courses fulfilling CSU's general education requirements or those of a particular UC campus.

## 1. English Communication

One course from each group:

### 1-A. English Composition

Course Code	Title	Units
ENG 001A	English Composition	4
ENG 001X	English Composition with Co-Curricular, Support	5

### 1-B. Critical Thinking/English Composition

Course Code	Title	Units
ENG 002	Argumentative Writing and Critical, Thinking through Literature <sup>2</sup>	4
SOC 004	Sociological Analysis & Critical Thinking	3

### 1-C. Oral Communication (required by CSU only)

Course Code	Title	Units
COMM 001	Introduction to Public Speaking	3
COMM 005	Survey of Human Communication	3
COMM 009	Intro to Interpersonal Communication	3
COMM 013	Small Group Communication	3
COMM 017	Intercultural Communication	3
COMM 021	Introduction to Persuasion	3

## 2. Mathematical Concepts & Quantitative Reasoning

One course:

Course Code	Title	Units
BUMA 003	Business Statistics <sup>1</sup>	3
MATH 001A	Calculus <sup>1</sup>	4
MATH 001B	Calculus II <sup>1</sup>	4
MATH 002A	Multivariate Calculus	4

MATH 002B	Linear Algebra	4
MATH 002C	Ordinary Differential Equations	4
MATH 009	Business Calculus	4
MATH 010	College Algebra <sup>1</sup>	4
MATH 012	Pre-calculus <sup>1</sup>	5
MATH 013	Liberal Arts Math	4
MATH 014	Statistical Methods <sup>1</sup>	4
MATH 015	Discrete Mathematics for Computers	4
MATH 016	Finite Mathematics	3
SOC 003	Fundamentals of Statistics <sup>1</sup>	3

## 3. Arts & Humanities

At least three courses; minimum of one from the Arts and one from the Humanities (See "Language Other Than English")

### 3-A. Arts

Course Code	Title	Units
ARTH 002A	History of Art I: Prehistoric to, Medieval	3
ARTH 002B	History of Art II: Renaissance to, Contemporary	3
ARTH 002C	History of Modern Art	3
ARTH 010	Understanding Art	3
ARTH 012A	Arts of Asia	3
ARTH 012B	Arts of Africa, Oceania, & Indigenous, North America	3
ARTH 012C	Arts of Latin America	3
ARTH 033	History of Photography	3
DANC 015	History of Dance	3
FILM 001	Introduction to Film	3
FILM 021	Contemporary World Film	3
FILM 022	American Film to the 1960s	3
FILM 023	Contemporary American Film	3
MUS 005	History of Rock 'n' Roll	3
MUS 006	History of Film Music	3
MUS 007	History of Musical Theatre <sup>4</sup>	3
MUS 010	Introduction to Music	3
MUS 011	The History of Jazz	3
MUS 012	Fundamentals of Music	3
TA 007	History of Musical Theatre <sup>4</sup>	3

### 3-B. Humanities

Course Code	Title	Units
ASL 002	Elementary American Sign Language II <sup>2</sup>	5
ASL 003	Intermediate American Sign Language I <sup>2</sup>	4
ASL 004	Intermediate American Sign Language II <sup>2</sup>	4
CDE 229	Children's Literature <sup>4</sup>	3
ENG 002	Argumentative Writing and Critical, Thinking through Literature <sup>2</sup>	4
ENG 010A	American Literature I	3
ENG 010B	American Literature II	3
ENG 011A	English Literature I	3
ENG 011B	English Literature II	3
ENG 012A	Global Literature I	3
ENG 012B	World Literature II	3

Intersegmental General Education Transfer Curriculum (IGETC)

## 4. Social & Behavioral Sciences

At least 2 courses, from two different disciplines\*:

\*See a counselor to verify two disciplines

Course Code	Title	Units
ANTH 002	Cultural Anthropology	3
ANTH 003	Archaeology, Introduction to Prehistory	3
ANTH 007	Anthropology of Religion, Magic,,Witchcraft, and Healing	3
CJ 001	Introduction to Criminal Justice	3
CJ 020	Introduction to Social Justice Studies <sup>4</sup>	3
ECON 001	Principles of Macroeconomics	3
ECON 002	Principles of Microeconomics	3

## 5. Physical & Biological Science

At least 2 courses; one physical science and one biological science; at least one must include a laboratory.

### 5-A. Physical Science

Course Code	Title	Units
A 001	Descriptive Astronomy	3
A 002	Descriptive Astronomy	4
A 003	Planetary Astronomy	4
CH 001A	General Chemistry I	5
CH 001B	General Chemistry II	5
CH 003	Introductory General Chemistry <sup>1</sup>	4
CH 005	Bio-organic Chemistry	4
CH 010A	Organic Chemistry I	5
CH 010B	Organic Chemistry II	5
G 001	Physical Geology	4
G 002	Historical Geology with Laboratory	4
G 005	Environmental Geology	4
G 010	The Earth Sciences	4
G 022	Introduction to Environmental Sciences	3
GEOG 001	Physical Geography	3
PH 001	Introductory Physics <sup>1</sup>	4
PH 002A	College Physics I <sup>1</sup>	4
PH 002B	College Physics II <sup>1</sup>	4
PH 003A	Engineering Physics <sup>1</sup>	4
PH 003B	Engineering Physics <sup>1</sup>	4
PH 003C	Engineering Physics <sup>1</sup>	4
PH 017	Introduction to Meteorology	3
PH 020A	Physics for Life Sciences Majors I	4
PH 020B	Physics for Life Sciences Majors II	4

### 5-B. Biological Science

Course Code	Title	Units
AGPS 002	Entomology - General & Applied	4
AGPS 005	Plant Science	3
ANTH 001	Human Evolution: Introduction to, Biological Anthropology	3
BI 004	Elements of Biology <sup>1</sup>	4
BI 005	Molecular and Cell Biology	5
BI 006	Biology of Organisms	5
BI 007	Biology of Mammals	3
BI 011	Biology of Viruses	3
BI 013	Human Anatomy and Physiology I	4
BI 014	Human Anatomy and Physiology II	5
BI 015	General Microbiology	5
NR 001	Conservation of Natural Resources	3

### 5-C. Science Laboratory

Course Code	Title	Units
A 002	Descriptive Astronomy	4
A 003	Planetary Astronomy	4
AGPS 002	Entomology - General & Applied	4
AGPS 005L	Plant Science Lab	1

ANTH 001L	Human Evolution: Introduction to, Biological Anthropology Lab	1
BI 004	Elements of Biology <sup>1</sup>	4
BI 005	Molecular and Cell Biology	5
BI 006	Biology of Organisms	5
BI 007L	Biology of Mammals Lab	1
BI 013	Human Anatomy and Physiology I	4
BI 014	Human Anatomy and Physiology II	5
BI 015	General Microbiology	5
CH 001A	General Chemistry I	5
CH 001B	General Chemistry II	5
CH 003	Introductory General Chemistry <sup>1</sup>	4
CH 005	Bio-organic Chemistry	4
CH 010A	Organic Chemistry I	5
CH 010B	Organic Chemistry II	5
G 001	Physical Geology	4
G 002	Historical Geology with Laboratory	4
G 005	Environmental Geology	4
G 010	The Earth Sciences	4
GEOG 001L	Physical Geography Lab	1
NR 001L	Conservation of Natural Resources Lab	1
PH 001	Introductory Physics <sup>1</sup>	4
PH 002A	College Physics I <sup>1</sup>	4
PH 002B	College Physics II <sup>1</sup>	4
PH 003A	Engineering Physics <sup>1</sup>	4
PH 003B	Engineering Physics <sup>1</sup>	4
PH 003C	Engineering Physics <sup>1</sup>	4
PH 017L	Introduction to Meteorology Lab	1

## 6. Language Other Than English

(UC Requirement Only)

Students must complete two years of the same foreign language of high school work with a grade of "C" or better; or, earn a score of 3 or higher on the Foreign Language Advanced Placement test, or 550 on the College Board Achievement Test in Foreign Language; or, complete coursework from the following which meets the Level One proficiency requirement, e.g. SPAN 1 or higher.

Course Code	Title	Units
ASL 001	Elementary American Sign Language I	5
ASL 002	Elementary American Sign Language II <sup>2</sup>	5
ASL 003	Intermediate American Sign Language I <sup>2</sup>	4
ASL 004	Intermediate American Sign Language II <sup>2</sup>	4
FR 001	Elementary French I	5
FR 002	Elementary French II <sup>2</sup>	5
FR 003	Intermediate French I <sup>2</sup>	4
FR 004	Intermediate French II <sup>2</sup>	4
GER 001	Elementary German I	5
GER 002	Elementary German II <sup>2</sup>	5
JPN 001	Elementary Japanese I	5
JPN 002	Elementary Japanese II <sup>2</sup>	5
SPAN 001	Elementary Spanish I	5
SPAN 002	Elementary Spanish II <sup>2</sup>	5
SPAN 003	Intermediate Spanish I <sup>2</sup>	4

SPAN 004	Intermediate Spanish II <sup>2</sup>	4
SPAN 020	Latin American Culture and Civilization <sup>2</sup>	3
SPAN 021	Spanish for Heritage Speakers I	5
SPAN 022	Spanish for Heritage Speakers II	5

IGETC track designed specifically for these disciplines, or the GE Breadth for STEM.

This general education plan will allow STEM students to concentrate on the required lower-division math and science courses needed for success in the major. Visit [Icangotocollege.com](http://Icangotocollege.com) for details on which Associate in Science for Transfer (AS-T) degrees will allow IGETC for STEM Majors and which ones require the traditional IGETC certification.

## 7. Ethnic Studies

One course required. Only courses taken Fall 2023 or later will apply.

Course Code	Title	Units
ETHN 001	Introduction to Ethnic Studies	3
ETHN 002	Introduction to Chicanx & Latinx, Studies	3
ETHN 003	Introduction to Black Studies	3
ETHN 004	Introduction to Native American, Studies	3
ETHN 005	Introduction to Asian American Studies	3

### Footnotes

- <sup>1</sup> Indicates that transfer credit is limited by either UC or CSU or both. Consult your faculty advisor/counselor, for specific information.
- <sup>2</sup> Indicates that a single course, even though listed in more than one area, can only be used to satisfy one requirement.
- <sup>3</sup> Courses used to meet IGETC requirements may also be used to satisfy the "American History and Institutions Requirement" at CSU. See Transfer Center IGETC handout for clarification.
- <sup>4</sup> Indicates cross listed courses. Only one course can be taken. ENG 036 & CDE 229, MUS 007 & TA 007, SJS 020 & CJ 020, PS 003 & PHIL 003

### Supplementary notes - See a counselor for clarification on the following items:

1. A single course, even though listed in more than one place, can only be used to satisfy one subject area of the IGETC.
2. IGETC is not advisable for high-unit majors, e.g. sciences, engineering.
3. Revelle College at UC San Diego does not accept the IGETC.
4. IGETC may not be appropriate for students who have completed courses at a CSU or UC campus.
5. "Double Counting" of courses toward the major is not limited by the IGETC, but is limited by other directives. The UC will also allow IGETC courses to count toward major requirements. CSU campus limitations on double-counting of general education courses toward major requirements are not changed by the IGETC.
6. If you are transferring to a UC campus, the UC Transfer Course Agreement lists unit limitations that might apply to the courses you have selected.
7. **See degree and graduation requirements in addition to General Education requirements. Also see COD's kinesiology requirement for an A.S. or A.A. degree, and English, reading, and math minimum competencies.**

# Intersegmental General Education Transfer Curriculum (IGETC) for STEM 2024-2025

Students preparing for a major in science, technology, engineering, or mathematics (STEM) are eligible to complete IGETC (Intersegmental General Education Transfer Curriculum) for STEM Majors, a separate

## 1. English Communication

One course from **each group**.

### 1-A. English Composition

Course Code	Title	Units
ENG 001A	English Composition	4
ENG 001X	English Composition with Co-Curricular, Support	5

### 1-B. Critical Thinking/English Composition

Course Code	Title	Units
ENG 002	Argumentative Writing and Critical, Thinking through Literature	4
SOC 004	Sociological Analysis & Critical Thinking	3

### 1-C. Oral Communication (required by CSU only)

Course Code	Title	Units
COMM 001	Introduction to Public Speaking	3
COMM 005	Survey of Human Communication	3
COMM 009	Intro to Interpersonal Communication	3
COMM 013	Small Group Communication	3
COMM 017	Intercultural Communication	3
COMM 021	Introduction to Persuasion	3

## 2. Mathematical Concepts & Quantitative Reasoning

One course. Minimum 3 semester units.

### Math Concepts and Quantitative Reasoning

Course Code	Title	Units
BUMA 003	Business Statistics	3
MATH 001A	Calculus	4
MATH 001B	Calculus II	4
MATH 002A	Multivariate Calculus	4
MATH 002B	Linear Algebra	4
MATH 002C	Ordinary Differential Equations	4
MATH 009	Business Calculus	4
MATH 010	College Algebra	4
MATH 012	Pre-calculus	5
MATH 013	Liberal Arts Math	4
MATH 014	Statistical Methods	4
MATH 015	Discrete Mathematics for Computers	4
MATH 016	Finite Mathematics	3
SOC 003	Fundamentals of Statistics	3

### 3. Arts & Humanities

At least **one** course from **each group**. Minimum 6 semester units.

#### 3-A. Arts

Course Code	Title	Units
ARTH 002A	History of Art I: Prehistoric to,Medieval	3
ARTH 002B	History of Art II: Renaissance to,Contemporary	3
ARTH 002C	History of Modern Art	3
ARTH 010	Understanding Art	3
ARTH 012A	Arts of Asia	3
ARTH 012B	Arts of Africa, Oceania, & Indigenous, North America	3
ARTH 012C	Arts of Latin America	3
ARTH 033	History of Photography	3
DANC 015	History of Dance	3
FILM 001	Introduction to Film	3
FILM 021	Contemporary World Film	3
FILM 022	American Film to the 1960s	3
FILM 023	Contemporary American Film	3
MUS 005	History of Rock 'n' Roll	3
MUS 006	History of Film Music	3
MUS 007	History of Musical Theatre <sup>4</sup>	3
MUS 010	Introduction to Music	3
MUS 011	The History of Jazz	3
MUS 012	Fundamentals of Music	3
TA 007	History of Musical Theatre <sup>4</sup>	3

#### 3-B. Humanities

Course Code	Title	Units
ASL 002	Elementary American Sign Language II <sup>2</sup>	5
ASL 003	Intermediate American Sign Language I <sup>2</sup>	4
ASL 004	Intermediate American Sign Language II <sup>2</sup>	4
CDE 229	Children's Literature <sup>4</sup>	3
ENG 002	Argumentative Writing and Critical, Thinking through Literature	4

GEOG 001L	Physical Geography Lab	1
NR 001L	Conservation of Natural Resources Lab	1
PH 001	Introductory Physics <sup>1</sup>	4
PH 002A	College Physics I <sup>1</sup>	4
PH 002B	College Physics II <sup>1</sup>	4
PH 003A	Engineering Physics <sup>1</sup>	4
PH 003B	Engineering Physics <sup>1</sup>	4
PH 003C	Engineering Physics <sup>1</sup>	4
PH 017L	Introduction to Meteorology Lab	1

- <sup>1</sup> Indicates that transfer credit is limited by either UC or CSU or both. Consult the University of Transfer Course Agreement, available in the Transfer Center, or your faculty advisor/counselor, for specific information.
- <sup>2</sup> Indicates that a single course, even though listed in more than one area, can only be used to satisfy one requirement.
- <sup>3</sup> Courses used to meet IGETC requirements may also be used to satisfy the "American History and Institutions Requirement" at CSU. See Transfer Center IGETC handout for clarification.
- <sup>4</sup> Indicates cross listed courses. Only one course can be taken. ENG 036 & CDE 229, MUS 007 and TA 007, SJS 020 & CJ 020, PS 003 & PHIL 003

## 6. Language Other Than English (UC Requirement Only)

Students must complete **two years of the same foreign language** of high school work with a grade of "C" or better; or, earn a score of 3 or higher on the Foreign Language Advanced Placement test, or 550 on the College Board Achievement Test in Foreign Language; or, complete coursework from the following which meets the Level One proficiency requirement, e.g. SPAN 1 or higher.

Course Code	Title	Units
ASL 001	Elementary American Sign Language I	5
ASL 002	Elementary American Sign Language II <sup>2</sup>	5
ASL 003	Intermediate American Sign Language I <sup>2</sup>	4
ASL 004	Intermediate American Sign Language II <sup>2</sup>	4
FR 001	Elementary French I	5
FR 002	Elementary French II <sup>2</sup>	5
FR 003	Intermediate French I <sup>2</sup>	4
FR 004	Intermediate French II <sup>2</sup>	4
GER 001	Elementary German I	5
GER 002	Elementary German II <sup>2</sup>	5
JPN 001	Elementary Japanese I	5
JPN 002	Elementary Japanese II <sup>2</sup>	5
SPAN 001	Elementary Spanish I	5
SPAN 002	Elementary Spanish II <sup>2</sup>	5
SPAN 003	Intermediate Spanish I <sup>2</sup>	4
SPAN 004	Intermediate Spanish II <sup>2</sup>	4
SPAN 020	Latin American Culture and Civilization <sup>2</sup>	3
SPAN 021	Spanish for Heritage Speakers I <sup>2</sup>	5
SPAN 022	Spanish for Heritage Speakers II <sup>2</sup>	5

## Supplementary Notes

See Counselor for clarification on the following items:

1. A single course, even though listed in more than one place, can only be used to satisfy one subject area of the IGETC.
2. Revelle College at UC San Diego does not accept the IGETC.
3. IGETC may not be appropriate for students who have completed courses at a CSU or UC campus.
4. "Double Counting" of courses toward the major is not limited by the IGETC, but is limited by other directives. The UC will also allow IGETC courses to count toward major requirements. CSU campus limitations on double-counting of general education courses toward major requirements are not changed by the IGETC.
5. If you are transferring to a UC campus, the UC Transfer Course Agreement lists unit limitations that might apply to the courses you have selected.
6. **See degree and graduation requirements in addition to General Education requirements. Also see COD's kinesiology requirement for an A.S. or A.A. degree, and English, reading, and math minimum competencies.**

## 7. Ethnic Studies

One course. Minimum 3 semester units. Only courses taken Fall 2023 or later will apply.

Course Code	Title	Units
ETHN 001	Introduction to Ethnic Studies	3
ETHN 002	Introduction to Chicanx & Latinx, Studies	3
ETHN 003	Introduction to Black Studies	3
ETHN 004	Introduction to Native American, Studies	3
ETHN 005	Introduction to Asian American Studies	3

\* Locally approved certificates are not notated on the student's transcript in accordance with State regulations.

† Certificates have three designations: C (credit) certificates, L (local) certificates, and NC (noncredit) certificates.

## Adult Basic Education

Recognizing the role of the community college in the area of adult education, College of the Desert makes available courses not for college credit (noncredit) for the development of necessary skills and knowledge in Adult Basic Education (reading, writing, and math), Adult High School Diploma, and preparation for the General Education Development Test (GED). No enrollment fees are charged to students taking adult education courses.

Many courses are offered on an open-entry, open-exit basis. Admission of students can occur on a daily basis and no prior educational background is required. In addition to regular class offerings, emphasis is placed on self-paced, independent, student-centered learning. For more information, please call 760.776.7348. Specifically, instruction is provided in the following areas:

### Basic Skills

Basic Skills includes the study of reading, writing, and math. It is designed for adults to learn these skills and, if desired, earn certificates of completion in these specific areas. Basic Skills students will be better prepared to pursue further education, including GED and Adult High School Diploma, or pursue employment opportunities.

### General Education Development Test (GED)

General Education Development (GED) is the study of social studies, math, reading, language arts, and science. Students completing this course of study will be better prepared to take the official GED test. The GED test is an alternative to a high school diploma and is accepted by many employers, community colleges, vocational training programs, and government agencies.

### High School Completion/Diploma

High School Completion is the study of subjects required to obtain a high school diploma. Students completing their required coursework and passing the proficiency exams will receive an Adult High School Diploma issued by College of the Desert.

#### Advisor:

**Alison Airhart**

aaairhart@collegeofthedesert.edu (tthomas@collegeofthedesert.edu)  
760.568.7509

## Adult High School Diploma

The completion of this diploma program will help students be successful in a wide variety of college courses. It also improves their employability and job opportunities.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. The students will be able to demonstrate proficiency in reading, writing, and mathematics, including the ability to comprehend complex texts, write clearly and effectively, and perform arithmetic calculations.
2. The students will be able to think critically about information on various topics such as U.S. History, Government, Health, and Fine Arts to make reasoned judgments, and apply knowledge to solve complex problems in various contexts.
3. The students will be able to use organizational strategies and time management skills to manage their time to meet academic workload, deadlines, and balance work/life commitments.

## Basic English Certificate of Completion

This certificate will help the student be successful in college level English courses. It also meets the requirements for the General Education Development (GED) certificate as well as the high school diploma.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Apply English conventions of grammar, mechanics, usage, punctuation, and format according to course intensity.
2. Summarize written texts with ability to differentiate fact from opinion.
3. Illustrate self-expression and original thinking through writing
4. Recognize writing as a process (brainstorming, organizing, drafting) and revise and edit original work based on self-evaluation and peer review.
5. Apply standard conventions in grammar, mechanics, usage and punctuation.
6. Assess relevant information and come to thought-out conclusions and solutions
7. Recognize Plagiarism in any shape or form and be mindful of its consequences

### Program Requirements

<b>Required Courses</b>		
ABE 320A	Fundamentals of English	0
ABE 320B	Fundamentals of English	0

## Advanced English Certificate of Completion

This certificate will help prepare the student to be successful in college level English courses and prepare them to pass the General Education Development (GED) test. The certificate also fulfills the English requirements for the high school diploma.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Summarize written texts with ability to differentiate fact from opinion.
2. Illustrate self-expression and original thinking through writing.
3. Recognize writing as a process (brainstorming, organizing, drafting) and revise and edit original work based on self-evaluation and peer review.
4. Assess relevant information and come to thought-out conclusions and solutions.
5. Recognize Plagiarism in any shape or form and be mindful of its consequences.
6. Type structured texts in a variety of written forms according to purpose and audience.

7. Compose and present structured texts in a variety of oral and written forms according to purpose, audience, and occasion with implementation of thesis, supporting details and idea development.
8. Locate questions and problems as a result of conversation, reading, and lectures.
9. Assess relevant information and come to thought-out conclusions and solutions.

ABE 320D	Fundamentals of English	0

## Basic Math Certificate of Completion

This certificate will help the student be successful in college level math courses. It also meets the requirements for the General Education Development (GED) certificate as well as high school diploma.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Use and comprehend quantitative language in a variety of contexts including units of measurement (e.g. milliseconds, calories), visual representations (e.g. graphs and maps), and scales.
2. Show quantitative intuition: a subjective "feel" for numbers including the ability to estimate, have a sense of scale, and appropriately use heuristics (rules-of-thumb).
3. Practice quantitative reasoning: when is quantitative reasoning appropriate and how can it be applied to simple-life problems.
4. Restate (formulate) a problem mathematically.

### Program Requirements

<b>Required Courses</b>		
ABE 342A	Practical Basic Math I	0
ABE 342B	Practical Basic Math II	0
ABE 344A	Math for Living I	0
ABE 344B	Math for Living II	0

## Advanced Math Certificate of Completion

This certificate will help the student be successful in college level math courses as well as prepare them to pass the General Education Development (GED) test. The certificate also fulfills the math requirements for the high school diploma.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Use and comprehend quantitative language in a variety of contexts including units of measurement (e.g. milliseconds, calories), visual representations (e.g. graphs and maps), and scales.

2. Show quantitative intuition: a subjective "feel" for numbers including the ability to estimate, have a sense of scale, and appropriately use heuristics (rules-of-thumb).
3. Practice quantitative reasoning: when is quantitative reasoning appropriate and how can it be applied to simple-life problems.
4. Restate (formulate) a problem mathematically.
5. Identify what isn't known, but needs to be known in order to solve a problem (depending on the problem domain, reading and/or mathematical skills are helpful).
6. Apply principles of logic to problem solve and reason with a fair and open mind.
7. Use a variety of solution methods and techniques, for example, making a sketch, systematic listing, using the solution of a simpler (but related) problem.
8. Recognize the importance of checking a proposed solution to verify that it satisfies the requirements of a problem.
9. Assess relevant information and come to thought-out conclusions and solutions.

ABE 346B	Algebra II	0

## Reading Certificate of Completion

This certificate will help prepare the student to be successful in college level reading and English courses as preparation for the General Education Development (GED) test. The certificate also fulfills the reading requirements for the high school diploma.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Locate questions and problems as a result of conversation, reading, and lectures.
2. Assess relevant information and come to thought-out conclusions and solutions.
3. Demonstrate reading skills to multiple texts.
4. Read complex passages with understanding.
5. Summarize written texts with ability to differentiate fact from opinion.

## Advanced Transportation Technologies

The Advanced Transportation Technologies program offers students the opportunity to learn the academic and occupational skills needed by future entry-level technicians in the transportation industry.

The curriculum was developed with industry guidance and prepares students with foundation courses, and then focuses on the new electronic technologies used in light, medium and heavy-duty vehicles. The program has special emphasis on the hybrid and alternate fuel vehicles being introduced by the major manufacturers.

The degree program's emphasis is on engine performance and emission systems, vehicle computer systems, electronic controls and vehicle system diagnostics that are used in both conventional and alternate fueled vehicles. In addition to the degree option, the advanced transportation technology certificate programs are designed to be as flexible as possible in offering students and working technicians the opportunity to gain the needed knowledge and skills with a short term commitment.

As students progress through the program, they will be exposed to other aspects of the transportation industry that include personal planning, development of individual and team working skills, development of advanced technical knowledge, health and safety, and environmental issues.

# Advanced Transportation Technologies AS Degree

The **Associate of Science in Advanced Transportation Technologies** degree program offers students the opportunity to learn the academic and occupational skills needed by entry-level technicians in the advanced transportation industry.

The curriculum was developed with industry guidance and prepares students with foundation courses. A key focus is on electronic technologies used in light-, medium-, and heavy-duty vehicles. The program has special emphasis on the CNG, hybrid, electric, and alternate fuel vehicles being introduced by the major manufacturers.

The degree program's emphasis is on engine performance and emission systems, vehicle computer systems, electronic controls, and vehicle system diagnostics that are used in both conventional and alternate fueled vehicles. In addition to the degree option, the advanced transportation technology certificate program is designed to be as flexible as possible in offering students and working technicians the opportunity to gain the needed knowledge and skills with a short-term commitment.

As students progress through the program, they will be exposed to other aspects of the transportation industry that include personal planning, development of individual and team working skills, development of advanced technical knowledge, health and safety, and environmental issues.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Safely work in an automotive/truck shop environment while performing maintenance, diagnosis and repair on alternative fuel vehicles.
2. Perform basic to intermediate maintenance, diagnosis and repair of alternative fuel vehicles.
3. Prepared for the applicable Student Automotive Service Excellence (ASE) exams.

<sup>1</sup> For extenuating circumstances, as deemed by the automotive advisor, work experience may be fulfilled through a special shop project or an appropriate elective.

## Automotive Alternative Fuels Certificate of Achievement

The emphasis of the **Automotive Alternative Fuels Certificate** is on key alternative vehicle systems including their basic operation, function, and service. The systems include engine management, emission controls, electronic/electronic controls, and on-board diagnostics related to alternate fueled vehicles. This certificate is designed to prepare students and incumbent employees for entry-level positions at local automotive dealerships, independent repair facilities, national repair chains, and parts suppliers, as well as fleet services specializing in alternative fuels. The applicable courses are National Automotive Technicians Education Foundation (NATEF) compliant, meet the standards of National Coalition of Certification Centers (NC3), and integrate Mopar College Automotive Program (CAP) Local levels 0 and 1 online coursework.

## Compressed Natural Gas Essentials Certificate of Completion

The emphasis of the *Compressed Natural Gas Essentials Certificate* is on key compressed natural gas (CNG) vehicle systems including their basic operation, function, service and maintenance. The systems include: engine management, emission controls, electronic/electronic controls and on-board diagnostics related to CNG.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Safely work in shop environment and on CNG vehicles.
2. Perform intermediate to advanced service, repair, maintenance and diagnostics on CNG fueled vehicles.
3. Describe the basic operation of the major systems on CNG vehicles.

### Program Requirements

Course Code	Title	Units
AUTO 340	CNG Fundamentals & Safety	0
AUTO 340A	CNG Component Function & Operation	0
AUTO 340B	CNG Maintenance & Repair	0
AUTO 340C	CNG Diagnosis & Troubleshoot	0
AUTO 340D	CNG Diagnosis with Scan Tool	0

## Compressed Natural Gas Inspection Certificate of Completion

The emphasis of the *Compressed Natural Gas Inspection Certificate* is on inspecting compressed natural gas (CNG) vehicle systems including their basic operation, function, service and maintenance. The systems include: cylinder standards and inception procedures.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Identify safety procedures and equipment related to work on compressed natural gas (CNG) vehicles.
2. Inspect a CNG fuel system as per industry standards.

### Program Requirements

Course Code	Title	Units
AUTO 340	CNG Fundamentals & Safety	0
AUTO 349	CNG Fuel System Inspection	0

## Compressed Natural Gas Installation Essentials Certificate of Completion

The emphasis of the *Compressed Natural Gas Installation Essentials Certificate* is on installing and inspecting compressed natural gas (CNG) vehicle systems including their basic operation, function, service and maintenance. The systems include: engine management, emission controls, electronic/electronic controls and on-board diagnostics and fuel system inspection related to CNG.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Identify safety procedures and equipment related to work on compressed natural gas (CNG) vehicles.
2. Install a CNG system given an installation kit with instructions.

### Program Requirements

Course Code	Title	Units
AUTO 340	CNG Fundamentals & Safety	0
AUTO 341A	CNG Conversion & Installation A	0
AUTO 341B	Compressed Natural Gas (CNG) Conversion & Installation B	0

## Agriculture

The programs in Agriculture at College of the Desert are designed to serve both occupational and transfer students. Many courses primarily serve students who wish to enter an occupation after graduation. Courses are designed to provide practical experience, as well as academic background.

Students who wish to prepare for four-year colleges will find not only the necessary required transfer courses in English, science, mathematics, and related subjects available to them, but also departmental courses related to their majors. Students should see an Advisor for additional information and program planning regarding their major.

Advisors:

**Jeff Place**

jplace@collegeofthedesert.edu  
760.862.1335

**Eddie Vaca**

evaca@collegeofthedesert.edu  
760.776.7384

## Agriculture Plant Science AS-T Degree

The **Associate in Science in Agriculture Plant Science for Transfer**, also called Agriculture Plant Science AS-T, is intended for students who plan to complete a bachelor's degree in Plant Science, Horticulture or related major at a CSU campus. Students who complete this degree will receive "priority admission with junior status to the California State University system." Completing this degree guarantees admission to the CSU system but not a particular campus or major.

Agriculture Plant Science AS-T prepares students for a career as a plant scientist, agriculture teacher, biotechnologist, agronomist or crop

scientist, turf manager, farm manager, weed scientist, entomologist, nursery manager, garden specialist, researcher, or landscape manager.

This degree requires students to meet both of the following requirements:

1. Completion of 60 semester units that are eligible for transfer to the California State University, including both of the following:
  - The Intersegmental GE Transfer Curriculum (IGETC) or the California State University GE-Breadth Requirements (CSU GE-B).
  - A minimum of 18 semester units in a major or area of emphasis. All courses in the major or area of emphasis must be completed with a grade of "C" or better.
2. Obtainment of a minimum grade point average of 2.0.

There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Demonstrate the ability to communicate with clients, and assess landscape or nursery for ecological and economic sustainability.
2. Explain and apply basic principles of botany to horticulture practices, plant growth, development and harvest.
3. Meet the requirements for transfer to a California State University with a major in Plant Science or Horticulture.

## Program Requirements

Course Code	Title	Units
<b>Required Core Courses</b>		
AGPS 001	Soils & Plant Nutrition	4
AGPS 005	Plant Science	3
AGPS 005L	Plant Science Lab	1
AGEH 005	Ornamental Plant Identification	3
CH 003	Introductory General Chemistry	4
ECON 002	Principles of Microeconomics	3
MATH 014	Statistical Methods	4
<b>Required Subtotal</b>		<b>22</b>
Select one of the following: <sup>1</sup>		37-39
CSU General Education (p. 89)		
IGETC Pattern (p. 93)		
Transferable Electives (as needed to reach 60 transferable units) <sup>2</sup>		
<b>DEGREE TOTAL</b>		<b>60</b>

<sup>1</sup> Units for the major may be double counted for CSU GE or IGETC, confer with Counselor.

<sup>2</sup> Elective units to reach 60 unit total must be CSU transferable, confer with Counselor.

Please refer to Associate Degree for Transfer (SB 1440).

## Plant Science AS Degree (employment preparation)

This program provides instruction in a wide array of career opportunities in horticulture, agronomic and other related fields. These careers also

include many areas that support these industries such as landscape irrigation, water management, soil science and conservation, agricultural biology, entomology, environmental protection of water, farmlands, open spaces, and landscaped areas.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Fulfill the requirements for an entry-level position in their field.
2. Apply critical thinking skills to execute daily duties in their area of employment.
3. Apply critical thinking skills to research, evaluate, analyze, and synthesize information.
4. Display the skills and aptitude necessary to qualify for certification exams in their field.
5. Exhibit effective written, oral communication and interpersonal skills.

## Program Requirements

## Agri-Business AS Degree

This degree prepares students for entry-level employment and/or potential further study in the field of Agriculture Business through the study of professional and computer skills, soil and plant nutrition, and bookkeeping. Upon successful completion of this degree, students will be prepared for careers or employment as bookkeepers, farm managers, and in retail sales in agriculture.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Demonstrate managerial and leadership abilities for employment that will enhance opportunities and success in agriculture business.
2. Be prepared for a career within agriculture and agri-business fields.
3. Be able to present ideas effectively in oral and written forms to those in the agriculture and related fields.

## General Agriculture AS Degree

The **Associate of Science in General Agriculture** prepares students for entry-level employment in the field of agriculture through the study of soil and plant nutrition, plant science, pesticides, and more. Students will also learn the basic computer and business skills needed to succeed in agriculture and farming. Upon successful completion of this degree, students will be prepared for careers or employment as farm managers and in retail sales in agriculture.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Demonstrate managerial and leadership abilities for employment that will enhance opportunities and success in the agriculture industry.
2. Be prepared for careers or employment as farm managers and in retail sales in agriculture.
3. Apply critical thinking skills to execute daily duties in the agriculture industry.

# Agriculture Food Safety Certificate of Achievement

This certificate prepares students for entry-level employment in a variety of office and agriculture-related fields in which food safety is of primary importance. Students completing this certificate will acquire skills in Biology, Entomology, Soils, and knowledge of Pesticide and Food Safety Laws and Regulations.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Ensure sanitary procedures for processing, preparing, and packaging food, and inspect equipment and facilities.
2. Be qualified for jobs as food inspector, consumer inspector or in agriculture farm-to-table logistics.

# Agriculture Irrigation Technician Certificate of Achievement

This certificate introduces students to the design, installation and management of landscape and agricultural irrigation systems. Students completing this certificate will acquire familiarity with plant science and nutrition, irrigation equipment, and the techniques and design of irrigation systems. Upon successful completion of this certificate, students will be prepared for employment as irrigation consultants and landscape architects.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Demonstrate managerial and leadership abilities in ag irrigation classes for employment that will enhance opportunities and success in the agriculture field.
2. Master academic proficiency and demonstrate specific skills within agriculture and landscape irrigation disciplines needed for employment within the industry.
3. Master skills needed to obtain a certificate.
4. Be qualified for jobs as irrigation consultants and landscape architects.

## Agriculture Office Assistant Certificate of Achievement

This certificate prepares students for entry-level employment as an agriculture office assistant. Students completing this certificate will acquire familiarity with the principles of plant science and food safety, be adept at using Microsoft Office for agriculture business purposes, and acquire professional office skills. Upon successful completion of this certificate, students will be prepared for employment in agriculture and retail sales, as an agriculture bookkeeper, an agriculture marketing assistant, or a farm and ranch manager assistant.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Demonstrate office and computer skills in day-to-day agriculture business.
2. Be prepared for employment in the agriculture industry, typically at the entry level.

## Agriculture Pest Management Certificate of Achievement

This certificate prepares students for entry-level employment in the field of plant protection. Students completing this certificate will acquire skills in fertilizer and chemical application, laws, and regulations, as well as integrated pest management. Upon successful completion of this certificate, students will be prepared for employment as pest control operators, pesticide applicators, or crop advisors. In order to seek further pesticide licensing requirements, log on to <http://www.cdpr.ca.gov/>.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

- Using industry standards, accurately apply fertilizer and chemicals for weed management, crop production, and integrated.
- Be qualified for jobs as pest control operator, pesticide applicator, or crop advisor or serving as an agronomist or farm manager.

## Agriculture Technician Certificate of Achievement

This certificate prepares students for entry-level employment in positions related to agriculture technology. Agriculture Technicians develop and improve ideas to make crops grow more efficiently in their environments. Agriculture Technicians run series of tests and experiments with different variables to determine which soil, bacteria, etc. are most suitable for a crop. Students completing this certificate will acquire skills in biology,

entomology, soils, and knowledge of pesticide and food safety laws and regulations.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Demonstrate creative problem solving by investigating an agricultural situation and proposing options for evaluation.
2. Be prepared for entry-level positions as Automation Specialist, Plant System Technician, Agricultural Technician, Agricultural Aide, Production Technician.

## Arborist Technician Certificate of Achievement

This program provides entry level instruction in the proper identification, cultural practices, disease identification, planting and management of

landscape trees. Career opportunities include landscape and irrigation management of trees, pest management and pesticide application, tree management safety skills, and nursery sales and management of trees.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Acquire proficiency in identifying tree diseases, pests, and environmental stressors, assessing tree health, and implementing appropriate maintenance techniques.
2. Demonstrate competence in safe tree climbing techniques using industry-standard equipment. As part of their training, they will demonstrate proficiency in tree rigging methods for efficient and safe tree removal, pruning, and maintenance operations, adhering to industry safety standards and best practices.
3. An understanding of urban forestry management principles and arboriculture practices will be gained by students. Through the development of tree management plans, arboricultural strategies, and a thorough understanding of factors such as species selection, site conditions, and community needs, these students will be able to enhance the ecological, aesthetic, and social value of urban tree populations.

## Environmental Horticulture AS Degree (transfer preparation)

The **Associate of Science in Environmental Horticulture** program provides instruction in the design, construction, and maintenance of landscapes, nursery practices, and management of large turf areas. Career opportunities in Environmental Horticulture include landscape management and construction, pest control, sales of fertilizer and horticultural supplies, irrigation equipment supply and sales, and plant material sales.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Fulfill the requirements for an entry-level position in their field.
2. Apply critical thinking skills to execute daily duties in their area of employment.
3. Apply critical thinking skills to research, evaluate, analyze, and synthesize information.
4. Display the skills and aptitude necessary to qualify for certification exams in their field.

- Exhibit effective written, oral communication and interpersonal skills.
- Transfer to a higher level learning institution.

## Landscape & Irrigation Technician Certificate of Achievement

This program provides instruction in the designing, construction, and maintenance of landscapes, and in the design and construction of irrigation systems. Entry-level career opportunities in environmental horticulture include landscape and irrigation management and construction, irrigation equipment supply and sales, and plant material supply and sales.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

- Demonstrate mastery in Landscape Design and Installation methodologies, deeply informed by the principles of environmental horticulture and turfgrass management, to stand out and flourish within the professional landscape sector.
- Excel academically and showcase specialized skills in irrigation, essential for securing employment opportunities within the industry.
- Acquire certifications for a diverse array of roles, such as Ground Maintenance Irrigation Specialist, Irrigation Technician, Golf Course Irrigation Specialist, and adept Irrigation Designer and Installer.

## Pest Management Technician Certificate of Achievement

This program provides entry level instruction in the identification and control of pests found in landscape areas, large turfgrass areas, and turfgrass areas on a golf course. This includes the safe handling of pesticides and protection to the environment. Also included is preparation for the State Certificate for Pesticide Application.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

- Develop a comprehensive understanding of Pest Identification for precise application of fertilizers and chemicals to eliminate weeds, diseases, and pests.
- Demonstrate valuable skills that will facilitate employment opportunities and success in pest management-related fields.
- Achieve certifications for a range of positions, such as Pest Control Operator and Licensed Pesticide Applicator, across different environmental settings and landscapes.

## Air Conditioning/HVACR

The Air Conditioning/HVACR program is a well established curriculum and has long served the desert community by providing highly trained individuals to work in various businesses throughout the Coachella Valley. The program offers a Certificate and Associate of Science degree for employment preparation that is designed to provide a wide range of courses in order to best serve student needs. In addition, required courses listed in the program are derived from the collaboration and dedicated efforts of members of a Technical Advisory Committee and other individuals' experiences in the specific occupational areas.

### Advisors:

## Air Conditioning & Refrigeration AS Degree

The **Associate of Science Degree in Air Conditioning & Refrigeration** offers the students the opportunity to learn academic, occupational, communication, and technical training skills needed by lead technician or project management personnel in the residential Heating, Ventilating, and Air Conditioning (HVAC) industry. Students completing this degree will develop multiple skills that include real-world knowledge of: air conditioning and refrigeration theory and application, equipment tools, systems and components, duct and envelope testing, fundamentals of motors and capacitors, interpreting electrical diagrams, air supply and delivery, system evacuation and charging, troubleshooting, equipment service and installation, energy conservation, design, and safety. This curriculum was developed in collaboration with several community colleges and industry partners to provide a path to various residential Heating, Ventilating, and Air Conditioning (HVAC) career areas.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Fulfill the requirements for an entry-level position in the Air conditioning and refrigeration industries related to proper service and installation of HVAC equipment.
2. Apply critical thinking skills to execute daily duties in industry workplaces related to Air conditioning and refrigeration employment.
3. Display the skills and aptitude necessary to pass industry credential and certification exams in the Air conditioning and refrigeration fields.

## Air Properties & Economizer Performance Certificate of Completion

This program is designed to train HVAC technicians to understand Air properties and how it effects system performance. It is also designed to train technicians to properly install and set up economizers.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Demonstrate plotting psychometric diagrams
2. Diagnose HVAC system performance using air properties and system charge verification procedures
3. Demonstrate proper economizer set up.

## Program Requirements

Course Code	Title	Units
Required courses		
ACR 378A	Introduction to Refrigerants Management	0
ACR 378D	System Performance and Charging Procedures	0
ACR 378E	Study of Air Properties & Human Comfort	0
ACR 378F	Indoor Air Quality & Economizers	0

## Proper HVAC Systems Preperation and Systems Charging Certificate of Completion

This program is designed to train HVAC Technicians the proper methods of system recovery, system evacuation, and proper system charging.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Preform proper recovery Preform proper evacuation complete HVAC system charging. Obtain EPA 608 Universal License.

## Program Requirements

Course Code	Title	Units
Required Courses		
ACR 378A	Introduction to Refrigerants Management	0
ACR 378D	System Performance and Charging Procedures	0

## Refrigerant Management & EPA-608 Preparation Certificate of Completion

This program is for the HVAC industry to learn the best methods for handling refrigerants, recovery, reclamation and evacuation. This program also prepares students for the EPA-608 Refrigerant Handling License.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Acquire EPA 608 Universal License.
2. Acquire the skills to perform proper recovery and reclamations.
3. Acquire the skills to evacuate an HVAC System properly.

## Program Requirements

Course Code	Title	Units
Required Courses:		
ACR 378A	Introduction to Refrigerants Management	0
ACR 378B	Recovery and Evacuation Practices in Refrigerant Management	0
ACR 378C	EPA-608 Preparation for Refrigerant Management	0

## Anthropology AA-T Degree

Anthropology is the comparative study of human societies and cultures. Anthropology concerns all aspects of being human, throughout all time

and worldwide. It is an examination of human nature, human society, and human past. The study of Anthropology provides an understanding of the globally interconnected world in which we live, the human past and present, and the unity and diversity that characterize the human species. Anthropology prepares students for dealing with the challenges of an increasingly international economy, globally connected communities, and multicultural peoples.

The three anthropology courses offered at College of the Desert (Introduction to Cultural Anthropology, Introduction to Physical Anthropology, Introduction to Archaeology/ Prehistory introduce fundamental concepts, theories, methods, data, and references in ways that are exciting and informative for students. The **Associate in Arts in Anthropology for Transfer**, also called the Anthropology AA-T Degree, requires students to complete 60 CSU transferable units including completion of CSU GE or IGETC and 18-20 units in the major with a cumulative GPA of 2.0 or better. Title 5 requires that students must earn a "C" or better in all courses required for the major or area of emphasis. There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

Course Code	Title	Units
<b>Required Core Courses</b>		
ANTH 001	Human Evolution: Introduction to Biological Anthropology	3
ANTH 002	Cultural Anthropology	3
ANTH 003	Archaeology, Introduction to Prehistory	3
<b>List A</b>		
Select one course from the following (3-4 units):		
MATH 014	Statistical Methods	4
SOC 003	Fundamentals of Statistics	3
<b>List B</b>		
Select one course from the following (3-4 Units):		
BI 013	Human Anatomy and Physiology I	4
G 001	Physical Geology	4
G 005	Environmental Geology	4
G 010	The Earth Sciences	4
NR 021	Introduction to GIS	3
PHIL 018	Philosophy of Science	3
PSY 025	Intro to Research Methods for Soc Sciences	3
<b>List C</b>		
Select one course from the following (3 units):		
GEOG 002	Cultural Geography	3
PHIL 012	Religions of the World	3
SOC 001	Introductory Sociology	3
SOC 014	Introduction to Race & Ethnicity	3
SOC 015	Mexican American Culture & Society	3
<b>Required Subtotal</b>		<b>18-20</b>
Select one of the following: <sup>1</sup>		37-39
CSU General Education (p. 89)		
IGETC Pattern (p. 93)		
Transferable Electives (as needed to reach 60 transferable units) <sup>2</sup>		
<b>DEGREE TOTAL</b>		<b>60</b>

- <sup>1</sup> Units for the major may be double counted for CSU GE or IGETC, confer with Counselor.  
<sup>2</sup> Elective units to reach 60 unit total must be CSU transferable, confer with Counselor.

Please refer to Associate Degree for Transfer (SB 1440).

## Applications and Information Systems

The Applications & Information Systems (AIS) program at College of the Desert offers a degree in Applications & Information Systems. It also offers certificates such as Business Information Worker (BIW), BIW-Manager, and also specialties in Legal Office, Medical Office and Marketing. The program includes courses that are part of many other programs including accounting, business administration, hospitality, digital design and it takes advantage of a cross disciplinary integration of information systems with other fields of high demand in the Coachella Valley. The program is currently expanding to satisfy demand of additional industries in the area.

The Applications & Information Systems program meets both the State of California's CTE program career advancement and California Community College goals. The development of this program is the result of the need for active professionals with the skills set used in multiple office environments.

The curriculum includes transferable courses that provide the computer literacy required for transfer to the California State University, courses that provide a general overview of the discipline, and courses that deal with more advanced software concepts and tools used in the business environment. Students pursuing undergraduate studies in AIS commonly enter career paths that include office administration, general business, web design, database management, or electronic bookkeeping.

## Applications and Information Systems AS Degree

The Associate Degree in Applications and Information Systems (AIS) prepares students to either enter the workforce as an entry-level office support and/or upskill in the office professional field.

Students who choose not to major in Application Information Systems or as Business Information Workers and/or Specialists find that coursework in the field can improve their abilities in several ways: to think analytically, solve problems, organize thoughts and information, and utilize new technology more efficiently and effectively. AIS classes also provide technical and office support skills required for success in an entry-level office/administrative assistant position. The coursework also lays the foundation for careers in medical, insurance, and law office positions.

Our discussions with industry representatives indicate that in today's world, employers expect and demand a certain minimum of computer skills as a given, much as they expect an employee to be able to read, write, and use basic math. College of the Desert's AIS curriculum includes course offerings that provide a general overview of the discipline, as well as courses dealing with more advanced software concepts and tools used in the office support environment.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Analyze office problems, and then design and use appropriate technology to effectively, accurately, and then coherently communicate solutions.
2. Develop creative methods for applying technology to solve office problems.
3. Employ technological tools to expedite workflow within an office.
4. Identify and demonstrate professional work behaviors and personal qualities needed to be employable in office support positions.

## Program Requirements

Course Code	Title	Units
<b>Required Courses (BIW I) 12-Units</b>

## BIW I: Office Support and Technologies Certificate of Achievement

BIW I: Office Support & Technologies Certificate of Achievement prepares students for entry-level administrative support positions in a variety of fields and businesses. After successful completion of the BIW I: Office Support & Technologies Certificate of Achievement, students may seek employment as office clerks, retail salespersons, customer service representatives, and receptionists. This certificate is the first in a progression of office professional certificates that build upon each other. Although, the courses can be completed out of order, the certificates are meant to progress accordingly as to be a solid base to effectively strengthen your skills toolbox as you move through levels.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Have developed the skills to navigate a variety of modern-day office technology.
2. Be able to interact, communicate and perform different business processes with vendors, clientele, and/or coworkers at different ranking levels.

### Program Requirements

Course Code	Title	Units
<b>Required Courses- 12 Units</b>		
AIS 005	Office Technology Skills	3
AIS 012	Office Support Skills	3
AIS 074	Presentation Software	3
AIS 073	Word Processing Software	3
<b>CERTIFICATE TOTAL</b>		<b>12</b>

## BIW II: Office Support and Technologies Certificate of Achievement

The Business Information Worker BIW II: Office Support & Technologies Certificate of Achievement is the second of a set of stackable certificates that prepares students for entering and advancement in administrative support positions throughout a variety of fields and businesses. After successful completion of the BIW II Office Support & Technologies Certificate of Achievement, students will achieve enough skills in collaboration software and procedures, which may increase their value and promotability. This certificate is the second in a progression of office professional certificates that build upon each other. Although, the courses can be completed out of order, the certificates are meant to progress accordingly as to be a solid base to strengthen your skills toolbox as you move through levels.

## Learning Programs

Upon satisfactory completion of this program students will be able to:

1. Navigate a variety of modern-day office technology.
2. Be able to analyze current office support performance and be able to demonstrate the ability to make educated office support decisions to achieve desirable outcomes.

### Program Requirements

Course Code	Title	Units
<b>Required Courses</b>		
AIS 013	Office Workplace Employment Preparation	3
AIS 023	Digital Security & Cloud Storage for Office Professionals	2

BUMA 094	Business Communications	3
<b>CERTIFICATE TOTAL</b>		<b>15</b>

## BIW III: Remote Office Support and Technologies Certificate of Achievement

The BIW III: Remote Office Support & Technologies Certificate of Achievement is part of a progression of office professional certificates that build upon each other. Although the courses can be completed out of order, the certificates are meant to be a solid base to strengthen your skills toolbox as you move through the levels. Therefore, this certificate includes some of the courses from BIW I, BIW II, and a few additional courses. This collection of courses prepares students to develop dynamic skills to provide office support for employers from their own home. Thus, allowing them the flexibility to attend to personal matters that otherwise would be more time limiting. It also prepares students to efficiently transition from office to home in case of an emergency while adhering to regulations and etiquette.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Students will be prepared as remote office support staff for one or more employers.
2. Students will be prepared to maintain proper accessibility standards as well as maintain proper business digital security and remote etiquette.

## Real Estate Development Certificate of Achievement

The **Certificate of Achievement in Real Estate Development** is designed to serve students seeking either to enter or enhance their careers in the Real Estate profession. The courses in the certificate program will provide the foundational knowledge for a person to enter the profession of Real Estate as a developer, manager or investor.

Career paths chosen by students pursuing undergraduate studies in real estate development include small business owners, residential or commercial real estate developers, construction managers and members of the trades. The student usually enters the real development field from the construction industry and advances either in a corporate or private pathway to management or entrepreneurship. *All courses must be completed with a grade of "C" or better.*

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Prepare current and future construction and real estate development professionals for the dynamic challenges of succeeding in the field of real estate development.
2. Encourage students to develop a sense of the scope of the Real Estate Development industry and an understanding of the basic requirements for success in the future.
3. Enable College of the Desert to foster articulations with four-year universities who offer degrees in this field.
4. Allow students to complete the certificate program while working part or full-time, with courses offered during the day and evening through traditional means, in concentrated seminars, as well as offered over the Internet when possible/appropriate.

This certificate introduces building and fire codes and applications training for students desiring to build or enhance a career in construction-related fields, such as: compliance documentation management, permit technicians, building inspectors, plans examiners, building officials, general contractors and all sub-trades interacting with building regulation, and trainers and educational professionals. This certificate provides the training required to understand, interpret, and meet compliance under the California Title 24 Building and Fire Codes. Students will be introduced to the code process and will learn the coordination between trades, design limitations, and workflow processes.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Fulfill the requirements for an entry-level position in their field.
2. Apply critical thinking skills to execute daily duties in their area of employment.

## Program Requirements

Course Code	Title	Units
BIT 326A	Building & Fire Codes Introduction	0
BIT 326B	Building & Fire Codes Applied to Construction	0

## California Electrical Codes Certificate of Completion

This certificate provides electrical code skills and training for students desiring to build or enhance a career in construction-related fields, such as: compliance documentation management, permit technicians, building inspectors, plans examiners, building officials, general contractors and all sub-trades interacting with building electrical regulation, and trainers and educational professionals. This certificate provides the training required to understand, interpret, and meet compliance under the California Title 24, Part 3, Electrical Codes. Students will be introduced to the code process and will learn the coordination between trades, design limitations, and workflow processes.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Fulfill the requirements for an entry-level position in their field.
2. Apply critical thinking skills to execute daily duties in their area of employment.

## Program Requirements

Course Code	Title	Units
BIT 340A	California Electrical Codes Introduction	0
BIT 340B	California Electrical Codes in Construction	0

## California Energy Codes Certificate of Completion

The California Energy Codes Certificate of Completion provides energy code skills and training for students desiring to build a career in energy-related fields, such as: energy analysis and consulting, compliance documentation management, building energy efficiency auditing, permit technicians, building inspectors, plans examiners, building officials, general contractors and all sub-trades interacting with building energy efficiency regulation, and trainers and educational professionals. This certificate provides the training required to understand, interpret and meet compliance under the California Title 24, Part 6, Energy Codes. Students will be introduced to the code process and will learn the coordination between trades, design limitations, and workflow processes.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Fulfill the requirements for an entry-level position in their field.
2. Apply critical thinking skills to execute daily duties in their area of employment.

## Program Requirements

Course Code	Title	Units
BIT 324A	California Energy Codes Introduction	0
BIT 324B	California Energy Codes Envelope & Mechanical	0
BIT 324C	California Energy Codes Water & Lighting	0

## California Mechanical Codes Certificate of Completion

This certificate provides mechanical code skills and training for students desiring to build or enhance a career in construction-related fields, such as: compliance documentation management, permit technicians, building inspectors, plans examiners, building officials, general contractors and all sub-trades interacting with building mechanical regulation, and trainers and educational professionals. This certificate provides the training required to understand, interpret, and meet compliance under the California Title 24, Part 4, Mechanical Codes. Students will be introduced to the code process and will learn the coordination between trades, design limitations, and workflow processes.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Fulfill the requirements for an entry-level position in their field.
2. Apply critical thinking skills to execute daily duties in their area of employment.

## Program Requirements

Course Code	Title	Units
BIT 320A	California Mechanical Codes Introduction	0
BIT 320B	California Mechanical Codes in Construction	0

## California Plumbing Codes Certificate of Completion

This certificate provides plumbing code skills and training for students desiring to build or enhance a career in construction-related fields, such as: compliance documentation management, permit technicians, building inspectors, plans examiners, building officials, general contractors and all sub-trades interacting with building plumbing regulation, and trainers and educational professionals. This certificate provides the training required to understand, interpret, and meet compliance under the California Title 24, Part 5, Plumbing Codes. Students will be introduced to the code process and will learn the coordination between trades, design limitations, and workflow processes.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Fulfill the requirements for an entry-level position in their field.
2. Apply critical thinking skills to execute daily duties in their area of employment.

## Program Requirements

Course Code	Title	Units
BIT 330A	California Plumbing Codes Introduction	0
BIT 330B	California Plumbing Codes in Construction	0

## California Residential Codes Certificate of Completion

This certificate provides building code skills and training for students desiring to build or enhance a career in construction-related fields, such as: compliance documentation management, permit technicians, building inspectors, plans examiners, building officials, general contractors and all sub-trades interacting with building regulation, and trainers and educational professionals. This certificate provides the training required to understand, interpret, and meet compliance under the California Title 24, Part 2.5, Residential Codes. Students will be introduced to the code process and will learn the coordination between trades, design limitations, and workflow processes.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Fulfill the requirements for an entry-level position in their field.
2. Apply critical thinking skills to execute daily duties in their area of employment.

## Program Requirements

Course Code	Title	Units
BIT 325A	California Residential Code Administration & Planning	0

BIT 325B	California Residential Code for Construction	0
----------	--	---

## Construction Technology Career Preparation Certificate of Completion

The Construction Technology Career Preparation Certificate of Completion provides students with an in-depth analysis of the organization and structure of the construction industry; the many career choices the industry offers; and an introduction to pathways selected from Framing, Finish Carpentry, Plumbing, Electricity, Masonry, Finishes, or Building Inspection. The certificate emphasizes green construction practices, jobsite safety, practical knowledge of tool and equipment use, basic construction math, basic rigging techniques, and communication as well as employability skills. Guest speakers and site visits provide students a wide view of the expectations of entry-level work, wages, benefits, and work place culture.

This certificate does not provide the complete, in-depth training required to begin a career in the construction industry. However, every course in this certificate can be applied to one of the College of the Desert Short Term Vocational Construction Technology or Building Inspection Technology programs.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Document the safety, environment, tools and equipment, and math concepts required for an entry-level position in the construction field.
2. Evaluate the variety of careers in the construction field and explain the training requirements for each and the opportunity for pursuing a California Contractor's License in each field.
3. Apply critical thinking skills to determine future career goals and training commitments within the construction industry.

## Construction Technology Concrete and Masonry Certificate of Completion

The Construction Technology Concrete and Masonry Certificate of Completion provides students with the understanding and skills necessary to understand the significance of concrete as a building material and the importance of Masonry as both construction material and artistic form of expression in construction. Topics include the properties of cement, composition of concrete, reinforcement materials and the various types of forms needed for each particular footing. Topics in Masonry include basic materials, tools and techniques and the concept of modularity and layout of masonry units. Students participate in a practical lab or an actual project site under close supervision of trade professionals.

Students completing this certificate may seek an entry level career in the construction industry; pursue additional training in Framing Carpentry, Site Preparation and Layout, Electrical Construction Technology, Plumbing Construction Technology and Exterior Finishes. Students may also apply for credit by exam to transfer into a credit certificate or degree

in Construction Management, Building and Energy Systems Professional, or Architecture/Drafting.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Outline the safety procedures associated with the construction and use of concrete forms and masonry applications.
2. Calculate volume estimates for concrete quantity requirements.
3. Describe modern masonry materials, methods of applications and procedure for laying out masonry units in a true course.
4. Apply critical thinking skills to execute daily duties in their area of employment.

## Program Requirements

Course Code	Title	Units
ACT 320	Construction Safety	0
ACT 321	Site Preparation & Layout Essentials	0
ACT 321A	Site Preparation & Layout Lab	0
ACT 322	Concrete & Formwork	0
ACT 329	Masonry Fundamentals	0
ACT 329A	Masonry Fundamentals Lab	0

## Construction Technology Drywall Installation and Finish Certificate of Completion

The Construction Technology Drywall Installation and Finish Certificate of Completion provides students with the understanding and skills necessary to understand proper installation, types of application and various finishes applied on gypsum board. Topics include tools, fasteners, materials, soundproofing, estimating, and avoidance of problems through appropriate selection of procedure and careful installation. Students participate in an actual practical labor project site under the close supervision of a qualified instructor.

Students completing this certificate may seek an entry level career in the construction industry; pursue additional training in Framing Carpentry, Site Preparation and Layout, Electrical Construction Technology, Plumbing Construction Technology and Concrete and Masonry. Students may also apply for credit by exam to transfer into a credit certificate or degree in Construction Management, Building and Energy Systems Professional, or Architecture/Drafting.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Demonstrate effective performance of all safety procedures associated with drywall installation projects.
2. Evaluate drywall installation options and install using the most appropriate method for assuring soundproofing and avoidance of future issues.
3. Apply critical thinking skills to execute daily duties in their area of employment.

## Program Requirements

Course Code	Title	Units
ACT 320	Construction Safety	0
ACT 320A	Construction Tools & Equipment	0
ACT 326	Drywall Installation & Finish	0

## Construction Technology Electrical Certificate of Completion

The Construction Technology Electrical Certificate of Completion provides students with the understanding and skills necessary to complete the initial stages of electrical wiring and grounding in building construction. General topics include planning the electrical service; installation of panels; switches; receptacles; lighting; and other outlets. In addition, load calculations are used to size the electrical service for dwellings. Safety procedures are emphasized as students participate in a practical lab or actual project site under close supervision of trade professionals.

Students completing this certificate may seek an entry level career in the construction industry; pursue additional training in Framing Carpentry, Site Preparation and Layout, Plumbing Construction Technology, Concrete and Masonry, and Exterior Finishes. Students may also apply for credit by exam to transfer into a credit certificate or degree in Construction Management, Building and Energy Systems Professional, or Architecture/Drafting.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. 1. Outline the purpose of OSHA and the safety procedures required in the workplace.
2. 2. Explain the role of the National Electrical Code in residential wiring.
3. 3. Design and install the electric service requirements in a residential dwelling.
4. 4. Apply critical thinking skills to execute daily duties in their area of employment.

## Program Requirements

Course Code	Title	Units
ACT 320	Construction Safety	0
ACT 321	Site Preparation & Layout Essentials	0
ACT 321A	Site Preparation & Layout Lab	0
ACT 331	Electrical Fundamentals	0
ACT 331A	Electrical Fundamentals Lab	0

## Construction Technology Exterior Finishes Certificate of Completion

The Construction Technology Exterior Finishes Certificate of Completion provides students with the understanding and skills necessary to understand the environmental significance of insulation, thermal insulation, air infiltration and vapor barriers in construction and the artistic and environmental significance of roofing and exterior finish choices. Topics include roofing tools including shingles, shakes, metal roofing, slate and tile; single-ply and foam applications; proper roof ventilation; siding materials including wood, brick, vinyl, metal and stucco; insulation and waterproofing and the fundamentals of thermal

insulation and vapor barriers. Students participate in a practical lab or actual job site under close supervision from qualified instructors.

Students completing this certificate may seek an entry level career in the construction industry; pursue additional training in Framing Carpentry, Site Preparation and Layout, Electrical Construction Technology, Plumbing Construction Technology and Concrete and Masonry. Students may also apply for credit by exam to transfer into a credit certificate or degree in Construction Management, Building and Energy Systems Professional, or Architecture/Drafting.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Demonstrate effective performance of all safety procedures associated with roofing projects and installation of exterior finishes on construction projects.
2. Understand and outline the environmental significance of insulation, thermal insulation, air infiltration and vapor barriers in construction.
3. Evaluate the environmental and artistic significance of various types of exterior finishes.
4. Apply critical thinking skills to execute daily duties in their area of employment.

## Program Requirements

Course Code	Title	Units
ACT 320	Construction Safety	0
ACT 324	Roofing Applications	0
ACT 324A	Roofing Applications Lab	0
ACT 325	Thermal & Moisture Protection	0
ACT 327	Exterior Finish	0

## Construction Technology Finish Carpentry Certificate of Completion

The Construction Technology Finish Carpentry Certificate of Completion provides students with the understanding of interior carpentry and the practical techniques used to install doors, windows, cabinets, counter tops and moldings and trims. Topics include the fundamentals of doors and door jambs; manufactured pre-hung doors; windows and window trim; class and sizes of interior cabinets and the variety of manufactured cabinet solutions available; moldings and mitered corners; coping cuts; and construction trims. In addition to learning vocabulary and techniques of construction, students participate in a practical lab or actual project site under close supervision of trade professionals.

Students completing this certificate may seek an entry level career in the construction industry; pursue additional training in Site Preparation and Layout, Electrical Construction Technology, Plumbing Construction Technology, Concrete and Masonry, and Exterior Finishes. Students may also apply for credit by exam to transfer into a credit certificate or degree in Construction Management, Building and Energy Systems Professional, or Architecture/Drafting.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Outline the procedure for estimating the materials used in interior construction including doors, windows, trims, and cabinets.

2. Demonstrate safe, industry recommended procedures for installation doors, windows, cabinets and trims.
3. Apply critical thinking skills to execute daily duties in their area of employment.

## Program Requirements

Course Code	Title	Units
ACT 320	Construction Safety	0
ACT 320B	Construction Math Concepts	0
ACT 328	Finish Carpentry Fundamentals	0
ACT 328A	Finish Carpentry - Doors and Windows Lab	0
ACT 328B	Finish Carpentry - Moldings and Trims Lab	0
ACT 328C	Finish Carpentry - Cabinets Lab	0

## Construction Technology Framing Carpentry Certificate of Completion

The Construction Technology Framing Carpentry Certificate of Completion provides students with the understanding of framing systems and the practical framing techniques used to construct the floor, walls, and roof of a simple structure. Topics include the fundamentals of wood lumber, fasteners, adhesives, layout, assembly, bracing, sheathing and truss identification. In addition to learning vocabulary and techniques of construction, students participate in a practical lab or actual project site under close supervision of trade professionals.

Students completing this certificate may seek an entry level career in the construction industry; pursue additional training in Site Preparation and Layout, Electrical Construction Technology, Plumbing Construction Technology, Concrete and Masonry, and Exterior Finishes. Students may also apply for credit by exam to transfer into a credit certificate or degree in Construction Management, Building and Energy Systems Professional, or Architecture/Drafting.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Outline the procedure for estimating the materials used in wood frame construction.
2. Identify the procedure and construction of different types of framing systems including the various members and fasteners used.
3. Construct a simple structure.
4. Apply critical thinking skills to execute daily duties in their area of employment.

## Program Requirements

Course Code	Title	Units
ACT 320	Construction Safety	0
ACT 320A	Construction Tools & Equipment	0
ACT 320B	Construction Math Concepts	0
ACT 323	Construction Framing Essentials	0
ACT 323A	Construction Framing - Walls Lab	0
ACT 323B	Construction Framing - Floors Lab	0
ACT 323C	Const Framing - Ceilings & Roofs Lab	0

## Construction Technology Introduction Certificate of Completion

The Construction Technology Introduction Certificate of Completion provides students with an in-depth analysis of the organization and structure of the construction industry and the many career choices the industry offers. The certificate emphasizes green construction practices, jobsite safety, practical knowledge of tool and equipment use, basic construction math, basic rigging techniques, and communication as well as employability skills. Guest speakers and site visits provide students a wide view of the expectations of entry-level work, wages, benefits, and work place culture.

Students completing this certificate may seek an entry level career in the construction industry; pursue additional training in Site Preparation and Layout, Framing Carpentry, Electrical Construction Technology, Plumbing Construction Technology, Concrete and Masonry, and Exterior Finishes.

Students may also apply for credit by exam to transfer into a credit certificate or degree in Construction Management, Building and Energy Systems Professional, or Architecture/Drafting. Students completing this certificate may seek an entry level career in the construction industry; pursue additional training in Site Preparation and Layout, Electrical Construction Technology, Plumbing Construction Technology, Concrete and Masonry, and Exterior Finishes. Students may also apply for credit by exam to transfer into a credit certificate or degree in Construction Management, Building and Energy Systems Professional, or Architecture/Drafting.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Demonstrate an understanding of the safety, environment, tools and equipment, and math concepts required for an entry level position in the construction field.
2. Understand the variety of careers in the construction field, the training requirements for each and the opportunity for pursuing a California Contractor's License.
3. Apply critical thinking skills to execute daily duties in their area of employment.

### Program Requirements

Course Code	Title	Units
ACT 320	Construction Safety	0
ACT 320A	Construction Tools & Equipment	0
ACT 320B	Construction Math Concepts	0
ACT 320C	Construction Careers & Employability Skills	0
ACT 320D	Construction & the Environment	0

## Construction Technology Plumbing Certificate of Completion

The Construction Technology Plumbing Certificate of Completion provides students with the understanding and skills necessary to complete the initial mechanics of plumbing including the design, installation, and maintenance of drain, waste and vent systems in buildings in addition to significant code and health issues violations, and consequences related to those systems. Methods of measuring, cutting, and joining different materials and schedules of plastic and

copper piping are covered along with the peripheral types of fittings and valves used in plumbing. Installation of water heaters, gas piping and finish fixtures are also demonstrated. Safety procedures are emphasized as students participate in a practical lab or an actual project site under close supervision of trade professionals.

Students completing this certificate may seek an entry level career in the construction industry; pursue additional training in Framing Carpentry, Site Preparation and Layout, Electrical Construction Technology, Concrete and Masonry, and Exterior Finishes. Students may also apply for credit by exam to transfer into a credit certificate or degree in Construction Management, Building and Energy Systems Professional, or Architecture/Drafting.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Outline the safety procedures for hand and power tools used in plumbing applications.
2. Recognize the various types of drain, waste, and vent fittings and describe their application.
3. Demonstrate the procedure for installing rough plumbing and finish fixtures.
4. Apply critical thinking skills to execute daily duties in their area of employment.

### Program Requirements

Course Code	Title	Units
ACT 320	Construction Safety	0
ACT 321	Site Preparation & Layout Essentials	0
ACT 321A	Site Preparation & Layout Lab	0
ACT 330	Plumbing Fundamentals	0
ACT 330A	Plumbing Fundamentals Lab	0

## Construction Technology Site Preparation and Layout Certificate of Completion

The Construction Technology Site Preparation and Layout Certificate of Completion provides students with the understanding and skills necessary to complete the initial stages of building construction. General topics include project site clearance, reading and implementing the information from the Precise Grading Plan, concepts of cutting and filling, and site layout.

The certificate emphasizes green construction practices, jobsite safety, practical knowledge of tool and equipment use, basic construction math and communication as well as employability skills. Guest speakers and site visits provide students a wide view of the expectations of entry-level work, wages, benefits, and work place culture.

Students completing this certificate may seek an entry level career in the construction industry; pursue additional training in Framing Carpentry, Electrical Construction Technology, Plumbing Construction Technology, Concrete and Masonry, and Exterior Finishes. Students may also apply for credit by exam to transfer into a credit certificate or degree in Construction Management, Building and Energy Systems Professional, or Architecture/Drafting.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Outline the major responsibilities of a carpenter relative to site layout.
2. Demonstrate competence with the manual and electronic tools and equipment commonly associated with distance measurements and site layout.
3. Prepare field notes in a format acceptable within the construction industry.
4. Apply critical thinking skills to execute daily duties in their area of employment.

## Program Requirements

Course Code	Title	Units
ACT 320	Construction Safety	0
ACT 320B	Construction Math Concepts	0
ACT 321	Site Preparation & Layout Essentials	0
ACT 321A	Site Preparation & Layout Lab	0

## Art History

The Art History program provides the academic experience to prepare students for further education at a four-year institution in art history and related fields, such as museum studies, art education, and arts administration. The Associate in Arts in Art History for Transfer, also called the Art History AA-T Degree, provides the academic experience to transfer into the CSU system to complete a baccalaureate degree that will prepare students for a career in art history and the arts. The Art History AA-T is especially designed for students who plan to complete a bachelor's degree in Art History at a CSU campus. Students completing an Art History AA-T are guaranteed admission to the CSU system, but not to a particular campus or major. The Art History AA-T degree requires students to complete 60 CSU transferable units including completion of CSU GE or IGETC and 18-20 units in the major with a cumulative GPA of 2.0 or better. Title 5 requires that students must earn a "C" or better in all courses required for the major or area of emphasis. There are no additional graduation requirements. Students are advised to consult with a counselor to verify transfer requirements.

The Art History program promotes awareness of the relationship between art and the history of human values, cultural diversity, and the liberal arts tradition and provides a broad foundation of knowledge in the global history of art, architecture, and culture for students wishing to pursue a degree, and prepare for transfer.

Students who complete the Art History AA-T degree will be able to:

- Demonstrate knowledge of conventions of representation, systems of support, and materials and techniques used in artistic production in diverse cultures.
- Communicate the value and function of art to human experience throughout time and across cultures.
- Evaluate works of art in relation to socio-historical context and to influence on subsequent cultural developments and human activity.

Students with an art history degree are prepared for a variety of careers in the arts. In the museum field, art history majors may work as curators, educators, exhibition designers, researchers, in marketing and outreach, and in art restoration and conservation. Art history degrees prepare

graduates to work in art galleries (commercial or not-for-profit). Art history degree-holders can work as art consultants for private or corporate clients. There are also teaching opportunities at the elementary and high school levels for art history majors with proper teaching credentials.

## Art History AA-T Degree

The **Associate in Arts in Art History for Transfer**, also called the Art History AA-T Degree, prepares students academically to transfer to a university or other four-year college to complete a baccalaureate degree in Art History or a related field. More broadly, Art History majors develop critical thinking and communication skills, along with a knowledge of global history and culture, that are sought after in a wide range of employment sectors, including hospitality, health and human services, and education.

The Art History AA-T is especially designed for students who plan to complete a bachelor's degree in Art History at a CSU campus. Students completing an Art History AA-T are guaranteed admission to the CSU system, but not to a particular campus or major. The Art History AA-T degree requires students to complete 60 CSU transferable units including completion of CSU GE or IGETC and 18 units in the major with a cumulative GPA of 2.0 or better. Title 5 requires that students must earn a "C" or better for each course in the major or area of emphasis. There are no additional graduation requirements. Students are advised to consult with a counselor to verify transfer requirements.

Students with an Art History undergraduate degree are prepared for entry-level career opportunities in the arts, humanities, and education, and for graduate-level education. Art History majors may find work in museums and art galleries as curators, educators, exhibition designers, researchers, in marketing and outreach, and in art restoration and conservation; curatorial and conservation work often requires an advanced degree. There are also teaching opportunities at the elementary and high school levels for Art History majors with proper teaching credentials, while post-secondary teaching requires at least a master's degree in the field.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Describe the materials, techniques, conventions of representation, and systems of patronage involved in the production of art and architecture in different times and places.
2. Explain the functions of art in human society to express religious beliefs, political power, social relations, and psychological experience throughout history and across cultures.
3. Evaluate works of art in relation to socio-historical context, and influence on subsequent cultural developments and human activity.
4. Transfer successfully to an Art History baccalaureate program in the CSU system, or at another college or university.

## Program Requirements

Course Code	Title	Units
<b>Required Core Courses</b>		
ART 001A	Beginning Drawing & Composition	3
ARTH 002A	History of Art I: Prehistoric to Medieval	3
ARTH 002B	History of Art II: Renaissance to Contemporary	3
<b>List A</b>

## Automotive Technology

The Automotive Technology curriculum at College of the Desert is aligned with the standards of the National Institute for Automotive Service Excellence (ASE). The program is ASE certified, a member of the National Coalition of Certification Centers (NC3), and a Local Mopar Career Automotive Program (MCAP Local).

Automotive Technology is the study of automotive systems as they relate to the current generation of computer controlled vehicles. Career paths in this discipline include automotive service technician, automotive service consultants, various supervisor and management positions, automotive parts sales people, and vehicle modifiers in the alternate fuels and fuel cells. Learners who choose not to major in automotive technology find that coursework in the field can improve their ability to solve complex problems, improve diagnostic skills, and research complex problems. As learners progress through the program, they will be exposed to other aspects of the industry that include personal planning, development of individual and team working skills, development of advanced technical knowledge, and safety and environmental issues and concerns.

College of the Desert's automotive curriculum includes course offerings that provide a general overview of the discipline as well as specific courses in steering, suspension, braking systems, automatic and manual transmission, air conditioning, electrical systems, electric/hybrid/hydrogen, engine performance, and emission control systems. The College also offers certificates of achievement for learners to specialize in these areas. Those earning the certificates of achievement in the various specialty areas may choose to continue towards an associate's degree or go directly to entry level jobs in that aspect of the automotive service industry.

This program is designed to prepare learners and incumbent employees for entry-level and mid/advanced-level positions at local automotive dealerships, independent repair facilities, national repair chains, and parts suppliers.

## Automotive Technology AS Degree

The **Associate of Science in Automotive Technology** degree program offers students the opportunity to learn the academic and occupational skills needed by entry-level technicians in the automotive industry.

The degree is aligned with the standards of the National Automotive Technicians Education Foundation (NATEF). The program is NATEF certified, a member of the National Coalition of Certification Centers (NC3), and a Local Mopar College Automotive Program (Mopar CAP Local).

The curriculum was developed with industry guidance and prepares students with foundation courses. A key focus is on electronic technologies and other advanced diagnostic technologies used in light-duty vehicles currently produced and serviced by the major manufacturers.

The degree program's emphasis is on key vehicle systems including: electrical, engine performance, emissions, braking, steering & suspension, engine, transmission, and heating and air conditioning. Within each system, the student is taught to understand its operation, function, maintenance, repair, and diagnosis. In addition to the degree option, the automotive technology certificate programs are designed to be as flexible as possible in offering students and working technicians the opportunity to gain the needed knowledge and skills with a short term commitment as students progress through the program, they will be exposed to other

aspects of the transportation industry that include personal planning, development of individual and team working skills, development of advanced technical knowledge, health and safety, and environmental issues.

## Automotive Air Conditioning Certificate of Achievement

The emphasis of the Automotive Air Conditioning Certificate is on vehicle heating, ventilation, and air conditioning (HVAC) systems, including their basic operation, function, service, and maintenance. The systems include heaters, air conditioners, manual controls, and computer controls. This certificate prepares students and incumbent employees for entry-level positions at local automotive dealerships, independent repair facilities, national repair chains, fleets, and parts suppliers. The applicable courses comply with National Automotive Technicians Education Foundation (NATEF), meet the standards of National Coalition of Certification Centers (NC3), and integrate Mopar College Automotive Program (CAP) Local levels 0 and 1 online coursework.

## Automotive Braking Systems Certificate of Achievement

The emphasis of the Automotive Braking Systems Certificate is on vehicle braking systems including their basic operation, function, service, and maintenance. The systems include Hydraulic principles, mechanical braking systems, measures, parking brake systems and computer-controlled antilock braking systems (ABS). The applicable courses comply with the National Automotive Technicians Education Foundation (NATEF), meets the standards of National Coalition of Certification Centers (NC3) and integrate Mopar College Automotive Program (CAP) Local levels 0 and 1 online coursework.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Safely work in shop environment and uphold environmental safety and regulations.
2. Describe the basic operation of the major components of the braking systems.
3. Perform basic service, repair, maintenance and diagnostics on braking systems.
4. Pass the applicable Student Automotive Service Excellence (ASE) exams.

## Automotive Electrical Certificate of Achievement

The emphasis of the **Automotive Electrical Certificate** is on vehicle electrical/electronic systems including their basic operation, function, and service. The systems include battery, starting, charging, body control, lighting, restraint systems, and on-board diagnostics. This certificate is designed to prepare students and incumbent employees for entry-level positions at local automotive dealerships, independent repair facilities, national repair chains, fleets, and parts suppliers. The applicable courses are National Automotive Technicians Education Foundation (NATEF) compliant, meet the standards of National Coalition of Certification Centers (NC3), and integrate Mopar College Automotive Program (CAP) Local levels 0 and 1 online coursework.

## Automotive Emissions Certificate of Achievement

The emphasis of the **Automotive Emissions Certificate** is on vehicle emission systems, including their basic operation, function, service, and maintenance. The systems include on-board diagnostics (OBD), engine, exhaust, and fuel emission systems. This certificate is designed to prepare students and incumbent employees for entry-level positions at local automotive dealerships, independent repair facilities, national repair chains, fleets, and parts suppliers. The applicable courses are National Automotive Technicians Education Foundation (NATEF) compliant, meet the standards of National Coalition of Certification Centers (NC3), and integrate Mopar College Automotive Program (CAP) Local levels 0 and 1 online coursework. College of the Desert is a Bureau of Automotive Repair Certified Training Institution for the SMOG courses.

<sup>1</sup> For extenuating circumstances, as deemed by the automotive advisor, work experience may be fulfilled through a special shop project or an appropriate elective.

## Hybrid, Fuel-Cell, & Electric Vehicle Certificate of Achievement

The emphasis of the Hybrid, Fuel-cell and Electric Vehicles Certificate is on key hybrid, fuel-cell and electric vehicle systems including their basic operation, function, service and maintenance. The systems include: engine management, emission controls, electronic/electronic controls and onboard diagnostics related to hybrid, fuel-cell and electric vehicles.

This certificate is designed to prepare students and incumbent employees for entry-level positions at local automotive dealerships, independent repair facilities, national repair chains, parts suppliers as well as fleet service specializing in hybrid, fuel-cell and electric vehicles. The applicable courses are National Automotive Technicians Education Foundation (NATEF) complaint, meet the standards of National Coalition

of Certification Centers (NC3) and integrate Mopar College Automotive Program (CAP) Local levels 0 and 1 online coursework.

<b>CERTIFICATE TOTAL</b>		<b>21</b>

## Automotive Oil Change Certificate of Completion

The emphasis of the **Automotive Oil Change Certificate** is on safely performing a light-duty, engine oil and filter change. This certificate is designed to prepare students and incumbent employees for entry-level positions at local automotive dealerships, independent repair facilities, national repair chains, parts suppliers as well as fleet service performing oil changes. The applicable courses integrate Mopar College Automotive Program (CAP) Local levels 0 and 1 online coursework.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Identify safety procedures and equipment related to light-duty vehicle engine oil & filter change.
2. List the basic components and their functions of components related to light-duty vehicle engine oil & filter change.
3. Perform a light-duty vehicle engine oil & filter change.

## Automotive Quick Service Certificate of Completion

This certificate is geared for the quick service technician and provides training regarding services performed in most quick service facilities.

Course Code	Title	Units
<b>Required courses</b>		
AUTO 304	Automotive Calculation	0
AUTO 325	Automotive Express Service	0

## Automotive Safety & Sustainability Certificate of Completion

The emphasis of the Automotive Safety and Environmental Protection Certificate is on safety in a working automotive shop environment including general shop safety with basic equipment operation, function, service, and maintenance. Additional focus on waste management and environmental safety including hazardous waste handling, recycling, environmental protection and obligations. Information covered is currently used in the automotive industry on a regular basis and will prepare the learner to enter the workforce.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Indicate proper safety procedures and possible hazards.
2. Determine proper safety actions for first aid.
3. Handle hazardous waste appropriately in accordance with Occupational Safety and Health Administration (OSHA).

### Program Requirements

Course Code	Title	Units
AUTO 777A	Automotive Service Safety, Pollution Prevention, & Lift Institute	0
AUTO 778A	Automotive Shop Sustainability	0

## Automotive Terminology Certificate of Completion

This program prepares the student for an entry-level position in the area of parts distribution, and will also prepare students for further automotive courses. Completion of this program provides students with a detailed understanding of key components within each automotive system.

Course Code	Title	Units
<b>Required courses</b>		
AUTO 310	Automotive Components	0
AUTO 301	Automotive Terminology	0

## Basic Fire Fighter Academy

The College of the Desert **Basic Fire Fighter Academy** program provides individuals with the knowledge and skills to safely perform, under minimal supervision, essential and advanced fire ground tasks. These

shall include basic rescue operations, auto extrication, basic fire suppression, prevention and investigation, a basic knowledge of the "Incident Command System" (ICS) and an introduction to the potential dangers of hazardous materials. In addition, students will learn to use, inspect, and maintain various types of firefighting and rescue equipment.

BFFA 063A (Basic Firefighter I Academy-Part 1) is the first required course of a sequential two semester accredited State Fire Marshal (SFM) Basic Firefighter Academy designed to provide cadets with a basic knowledge of fire service operations and the entry level skills required by the vast majority fire departments nationwide.

Successful completion of both BFFA 063A and BFFA 063B (Basic Firefighter I Academy-Part 2) are required to be eligible to apply for the State Firefighter I Certificate after completing the required experience requirement. The Fire Academy course units are part of required electives for Fire Technology Associates Degree for employment preparation. Students completing the Fire Academy will receive certificates of achievement through the California State Fire Marshal's Office and IFSAC / Pro Board, California State Training Institute, the National Wildland Coordinating Group, and FEMA. This certificate is also nationally recognized by the IFSAC / Pro Board standard of certification for the Fire Fighter I. Completion of this certificate satisfies the manipulative and academic training requirements as established by the SFM to become certified as a Fire Fighter 1.

The COD Basic Fire Academy is accredited through the California State Fire Marshal's Office and adheres to the SFM's 2013 Certified Firefighter I requirements.

## Building & Energy Systems Professional

The Building & Energy Systems Professional program offers students various coursework that gives a broad overview of the energy conservation industry and maintains a strong emphasis in employment preparation. A variety of cross-disciplinary courses are available in Energy Systems, Heating Ventilation and Air Conditioning, Architecture, Computer Information Systems, and Building Inspection Technology. Core and elective courses are offered to support a concentration on industry specialties that allow students to earn stackable certificates and build on their career skill-set. Students have the option to focus on particular energy sectors by choosing from various depths of study including: Solar Systems, Building Control Systems, Building Operator, Advanced Lighting Systems, and/or Zero Net Energy (ZNE) Technician. Completed coursework in this program provides students with a technical background that can lead to multiple industry-recognized credentials and careers as an Energy Auditor, Energy Consultant, ZNE Technician, Green HVAC Technician, Facility Management, Construction Management, and Solar Residential Technician.

## Building & Energy Systems Professionals AS Degree

The Building & Energy Systems Professionals (BESP) Associates of Science Degree is developed to offer students a broad overview of the energy conservation industry and includes cross-disciplinary courses in Energy Systems, Heating Ventilation and Air Conditioning, Architecture, Computer Information Systems, and Building Inspection Technology. The completion of the Building Energy Systems Professional AS degree is especially advantageous for the student who has the goal to obtain leadership positions. Electives are selected to support a concentration on industry specialties. Students will have the option to focus on particular energy sectors by choosing from various depths of study: Solar Systems, Building Control Systems Building Operator, Advanced Lighting Systems, or Zero Net Energy (ZNE) Technician. The student may choose their elective based on their immediate energy other defined degrees

within the ZNE industry. Students will have the technical background that can lead to multiple industry-recognized credentials and careers as an Energy Auditor, Energy Consultant, ZNE Technician, HVACR Technician, Facility Management, Construction Management, and Solar Residential Technician.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Fulfill the requirements for an entry-level position in renewable and sustainable energy industries related to building and construction.
2. Apply critical thinking skills to execute daily duties in industry workplaces related to renewable and sustainable energy employment.
3. Display the skills and aptitude necessary to pass industry credential and certification exams in the renewable and sustainable energy fields.\
4. Exhibit effective written, oral communication, and interpersonal skills necessary to effectively interact within the many trades related to the renewable and sustainable energy fields.

## Building Automation Control Certificate of Achievement

The **Building Automation Control Certificate of Achievement** offers the students the opportunity to learn the academic, occupational, communication, and technical training skills needed by entry level technicians in the commercial Heating, Ventilating, and Air Conditioning (HVAC) industry. Students completing this certificate will develop multiple skills that include real-world knowledge of: Fundamentals of electricity, physics for building science, building commissioning, schematic and blueprint reading, mechanical and electrical devices, hardware and software for building technicians, digital controls, control networks and programming, BAS system installation, service, operation, maintenance, and troubleshooting, automated HVAC system controls, energy management system controls, and lighting and security system controls. This curriculum was developed in collaboration with several community colleges and industry partners to provide a path to various commercial Heating, Ventilation, and Air Conditioning (HVAC) career areas.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Fulfill the requirements for an entry-level position in their field.
2. Apply critical thinking skills to execute daily duties in their area of employment.
3. Display the skills and aptitude necessary to pass certification exams in their field.
4. Exhibit effective written, oral communication and interpersonal skills.

### Program Requirements

Course Code	Title	Units
<b>Required Courses</b>		
ACR 060	Air Conditioning & Refrigeration I	3
ACR 064	Air Conditioning & Refrigeration Electricity I	3
ACR 065	Air Conditioning & Refrigeration Electricity II	3
ACR 076	Facilities Maintenance - Chillers	3

ACR 090	Building Automation Fundamentals	3
ACR 091	Advanced Building Control Networks	3
ACR 092	Advanced Building Automation Networks and Programming	3
<b>CERTIFICATE TOTAL</b>		<b>21</b>

## Building Commissioning Technician Certificate of Achievement

The **Building Commissioning Technician Certificate of Achievement** offers students the opportunity to learn the occupational skills needed by future entry-level commissioning technicians in the energy efficient building industry. Building Commissioning (Cx) is the process of verifying that a building's systems operate as intended. Commissioning Technicians (CxT) and Commissioning Agents (CxA) work in a team environment, coordinating directly with architects, engineers, subcontractors, and the building owner to oversee, examine, and verify that the building systems are designed, installed, and tested according to the project's design specifications. This certificate focuses on how the building commissioning process is applied to new and existing buildings. Students will learn the fundamentals of the commissioning process through each step of a construction project – from predesign to occupancy and operations. Courses in Heating Ventilation and Air Conditioning, Building Controls Automaton and California energy codes will provide the student an opportunity to discover all the stakeholders involved in the commissioning process.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Fulfill the requirements for an entry- level position in their field.
2. Apply critical thinking skills to execute daily duties in their area of employment.
3. Display the skills and aptitude necessary to pass certification exams in their field.
4. Exhibit effective written, oral communication and interpersonal skills.

### Program Requirements

Course Code	Title	Units
<b>Required Courses</b>		
ESYS 002	Electricity & Electrical Theory	3
ESYS 006	Fundamentals of Building Commissioning	3
ESYS 035	Advanced Lighting Controls	3
ACR 075	HVACR Systems Design	3
ACR 084	Boiler & Hydronic Heating	3
ACR 090	Building Automation Fundamentals	3
ACR 091	Advanced Building Control Networks	3
BIT 020	California Mechanical Codes	2
BIT 040	California Electrical Codes	2
<b>CERTIFICATE TOTAL</b>		<b>25</b>

## Building Energy Consultant Certificate of Achievement

This certificate of achievement is for students interested in a career in the building energy consulting industry. Energy consultants select the energy systems, documents, and verify energy code is being met.

Energy consultants work in a team environment, coordinating directly with architects, engineers, subcontractors, and the building owner to oversee and examine multiple pathways to achieve the energy goals set by the owner and city ordinances. The student will model the building with alternative wall systems, roofs, window, and energy systems to meet the owner's energy goals. The student will receive comprehensive training in energy analysis software programs that may be used to document compliance with CA Building Energy Efficiency Standards (Title 24, Part 6), ASHRAE 90.1 Standards, HERS energy rating systems as well as residential and nonresidential Green Building rating systems, such as GreenPoint Rated and LEED.

## Learning Outcomes

### Program Requirements

Course Code	Title	Units
<b>Required Courses</b>		
ESYS 004	Industrial Calculations	3
ESYS 005	Zero Net Energy Building Science	4
ESYS 021	Residential Energy Modeling	3
ESYS 022	Residential Energy Modeling Design Project	2
ACR 075	HVACR Systems Design	3
ACR 077	Energy Conservation Methods for HVACR	3
BIT 020	California Mechanical Codes	2
BIT 024	California Energy Codes	3
ARCH 011	Architectural Blueprint Reading	3
<b>CERTIFICATE TOTAL</b>		<b>26</b>

## Commercial Gas Heating Certificate of Achievement

The **Commercial Gas Heating Certificate of Achievement** offers the students the opportunity to learn the academic, occupational, communication, and technical training skills needed by entry level technicians in the commercial Heating, Air Conditioning, and Refrigeration industry. Students completing this certificate will develop multiple skills that include real-world knowledge of combustion theory and application, combustion analysis, equipment tools, heating systems and components, electrical troubleshooting, heating safety, fuel properties, carbon monoxide measurements, safety, and health effects, building pressure measurements, static pressure, pressure imbalances, combustion appliance zone testing, and furnace installation and service. This curriculum was developed in collaboration with several community colleges and industry partners to provide a path to various commercial Heating, Air Conditioning, and Refrigeration career areas including, but not limited to facilities maintenance, building engineer, manufacturing, design, installation, service, sales, and entrepreneurship.

## Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

1. Fulfill the requirements for an entry- level position in their field.
2. Apply critical thinking skills to execute daily duties in their area of employment.
3. Display the skills and aptitude necessary to pass certification exams in their field.
4. Exhibit effective written, oral communication and interpersonal skills.

## Program Requirements

<b>Required Courses</b>		
ACR 060	Air Conditioning & Refrigeration I	3
ACR 064	Air Conditioning & Refrigeration Electricity I	3
ACR 065	Air Conditioning & Refrigeration Electricity II	3
ACR 076	Facilities Maintenance - Chillers	3
ACR 080	Gas Heating	3
ACR 084	Boiler & Hydronic Heating	3
<b>CERTIFICATE TOTAL</b>		<b>18</b>

## Facilities Operations Technician Certificate of Achievement

The **Facilities Operations Technician Certificate Of Achievement** offers the students the opportunity to learn the academic, occupational, communication, and technical training skills needed by entry level technicians in the commercial Heating, Ventilating, and Air Conditioning (HVAC) industry. Students completing this certificate will develop multiple skills that include real-world knowledge of: Air conditioning and refrigeration theory and application, equipment tools, systems and components, interpreting electrical diagrams, physics for building science, building commissioning, building automation controls, control networks, carbon monoxide analysis, building pressure measurements, general combustion theory, plumbing fundamentals, boilers, chillers, air supply and delivery, system evacuation and charging, equipment service and installation, energy conservation, design, troubleshooting, and safety. This curriculum was developed in collaboration with several community colleges and industry partners to provide a path to various commercial Heating, Ventilating, and Air Conditioning (HVAC) career areas.

## Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

1. Fulfill the requirements for an entry- level position in their field.
2. Apply critical thinking skills to execute daily duties in their area of employment.
3. Display the skills and aptitude necessary to pass certification exams in their field.
4. Exhibit effective written, oral communication and interpersonal skills.

ACR 090	Building Automation Fundamentals	3
ACT 030	Plumbing Fundamentals	3

ARCH 011	Architectural Blueprint Reading	3
<b>CERTIFICATE TOTAL</b>		<b>30</b>

## Green HVAC Commercial Certificate of Achievement

**Green HVAC Commercial** offers the students the opportunity to learn the academic, occupational, communication, and technical training skills needed by entry level technicians in the commercial Heating, Ventilating, and Air Conditioning (HVAC) industry. Students completing this certificate will develop multiple skills that include real-world knowledge of air conditioning and refrigeration theory and application, equipment tools, systems and components, fundamentals of motors and capacitors, interpreting electrical diagrams, building automation controls, control networks, principles of hydronic heat, boilers, chillers, duct and envelope testing, air supply and delivery, system evacuation and charging, troubleshooting, equipment service and installation, energy conservation, design, and safety. This curriculum was developed in collaboration with several community colleges and industry partners to provide a path to various commercial Heating, Ventilating, and Air Conditioning (HVAC) career areas.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Fulfill the requirements for an entry-level position in their field.
2. Apply critical thinking skills to execute daily duties in their area of employment.
3. Display the skills and aptitude necessary to pass certification exams in their field.
4. Exhibit effective written, oral communication and interpersonal skills.

<b>CERTIFICATE TOTAL</b>		<b>30</b>

## Heat Pumps Certificate of Achievement

The **Heat Pumps Certificate** offers students the opportunity to learn the academic, occupational, communication, and technical training skills needed by entry level technicians in the Heating, Ventilating, and Air Conditioning (HVAC) industry. All weather heating and cooling systems, better known as heat pumps, are a specialized cost saving device typically found in commercial buildings that are now becoming more commonplace in residential buildings. Students completing this certificate will develop advanced theory, troubleshooting, and service skills, as well as an advanced understanding of heat pump schematics, components, and controls. This curriculum was developed in collaboration with several community colleges and industry partners to provide a path to careers that require heat pump technical servicing skills.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Fulfill the requirements for an entry-level position in their field.
2. Apply critical thinking skills to execute daily duties in their area of employment.
3. Display the skills and aptitude necessary to pass certification exams in their field.
4. Exhibit effective written, oral communication and interpersonal skills.

## Program Requirements

Course Code	Title	Units

ACR 078	Safe Refrigerant Handling & Management	3
ACR 083	All Weather Heating & Cooling Systems	3
<b>CERTIFICATE TOTAL</b>		<b>18</b>

## Lighting and Controls Technology Certificate of Achievement

Lighting and Controls Technology Certificate of Achievement provides training and preparation for an industry-recognized credential to electricians, contractors, acceptance test technicians, building operators, and managers. The training helps the electrical industry increase the use of energy-saving lighting controls in commercial buildings and ensures they are properly installed and commissioned for maximum effectiveness.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Apply critical thinking skills to execute daily duties in industry workplaces related to lighting and lighting controls.
2. Fulfill the requirements for an entry-level position in renewable and sustainable energy industries related to lighting and lighting controls.
3. Display the skills and aptitude necessary to pass California acceptance exams in the lighting and lighting control fields.
4. Exhibit effective written, oral communication, and interpersonal skills necessary to effectively interact within the workplaces related to the lighting and lighting control fields.

ESYS 095A	Energy Systems Technology Work Experience	1
<b>CERTIFICATE TOTAL</b>		<b>19</b>

## Power Generation and Distribution Certificate of Achievement

The **Power Generation and Distribution Certificate of Achievement** will provide students with the knowledge and skills necessary for an entry-level position in the power generation industry ranging from small stand-alone systems designed for minimal single electrical load devices to centralized utility-scale operations designed to provide power to large regions supporting residential, commercial and/or industrial customers. Students will gain foundational skills in both the conceptual and practical side of power generation as well as an overview of the current electrical infrastructure including; Centralized Power Generation Stations, Distributed Power Generation, Transmission Systems, Distribution Systems, Switchyards, and Sub-stations. Upon completion of the core courses, the students are given several elective course options to provide a measure of flexibility in the determination of the student's occupational path. Elective courses cover fundamental skills in natural resources, business, alternative transportation, construction technology, HVAC, design and earth sciences.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Apply critical thinking skills to execute daily duties in industry workplaces related to power generation and distribution.
2. Fulfill the requirements for an entry-level position in renewable and sustainable energy industries related to power generation and distribution.
3. Exhibit effective written, oral communication, and interpersonal skills necessary to effectively interact within the workplaces related to the power generation and distribution fields.

# Residential Solar Certificate of Achievement

The Residential Solar Certificate of Achievement is developed to prepare the students for careers in the field of renewable energy, focusing on solar energy technology. Graduates will be prepared for careers in design, installation, and repairing solar energy systems. Graduates will also be prepared to work with architects and engineers who consult, design, and guide solar installations, solar thermal, and battery storage projects.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Apply critical thinking skills to execute daily duties in industry workplaces related to residential solar.
2. Fulfill the requirements for an entry-level position in renewable and sustainable energy industries related to residential solar.
3. Display the skills and aptitude necessary to pass California acceptance exams in the residential solar field.

4. Exhibit effective written, oral communication, and interpersonal skills necessary to effectively interact within the workplaces related to the residential solar field.

# Welding Technology SENSE Entry-Level Welder Certificate of Achievement

This program provides the necessary industry-standard recognition according to AWS QC10 specifications in Shielded Metal Arc Welding, Gas Metal Arc Welding, and Gas Tungsten Arc Welding in requirements of Level One, Entry-Level Welder. Industry certification provides the student an opportunity to demonstrate to potential employers evidence of competency for entry-level positions in the welding industry.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Student will demonstrate proper welding techniques using SMAW, GMAW and GTAW welding equipment in all four positions.
2. Student will demonstrate fabrication techniques including measuring, bending, cutting, and fitting.

## Program Requirements

Course Code	Title	Units
WELD 011A	Introduction to Shielded Metal Arc Welding	2
WELD 011B	Intermediate Shielded Metal Arc Welding	2

WELD 011C	Advanced Shielded Metal Arc Welding	2
WELD 012A	Introduction to Gas Metal Arc Welding	2
WELD 012B	Intermediate Gas Metal Arc Welding	2
WELD 012C	Advanced Gas Metal Arc Welding	2
WELD 013A	Introduction To Gas Tungsten Arc Welding	2
WELD 013B	Intermediate Gas Tungsten Arc Welding	2
WELD 013C	Advanced Gas Tungsten Arc Welding	2
May substitute WELD 011 for WELD 011A		
May substitute WELD 012 for WELD 012A		
<b>CERTIFICATE TOTAL</b>		<b>18</b>

## Residential Solar Installation Certificate of Completion

This Certificate is for students interested in installing and maintaining photovoltaics, and earning the North American Board of Certified Energy Practitioners (NABCEP) industry recognized credential and furthering their career in the solar industry. The fundamental principles and functions of the photovoltaic industry in solar fundamentals will be introduced along with the planning, installation, and maintenance of all necessary components for a photovoltaic system. Students will have an understanding of NEC guidelines.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Display the skills and aptitude necessary to pass certification exams in their field.
2. Fulfill the requirements for an entry-level position in their field.
3. Apply critical thinking skills to execute daily duties in their area of employment.

### Program Requirements

Course Code	Title	Units
<b>Required courses</b>		
ESYS 312A	Module 1 Residential Solar Installation	0
ESYS 312B	Module 2 Residential Solar Installation Management	0
ESYS 312C	Module 3 Residential Solar Installation Management	0

## Residential Solar Surveying and Planning Certificate of Completion

This Certificate is for students engaged in a solar related field that have a need for a fundamental knowledge and skills of solar function and design of solar photovoltaic. The coordination between trades, design limitations, and workflow processes will be explained. The fundamental principles and functions of the photovoltaic industry will be introduced. Students will be prepared to work as site planning technicians or solar sales advisors.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Fulfill the requirements for an entry-level position in their field.
2. Apply critical thinking skills to execute daily duties in their area of employment.

### Program Requirements

Course Code	Title	Units
<b>Required courses</b>		
ESYS 311A	Module 1 Residential Solar Surveying & Planning	0
ESYS 311B	Module 2 Residential Solar Surveying & Planning	0
ESYS 311C	Module 3 Residential Solar Surveying & Planning	0

## Solar Battery Storage Installation and Maintenance Certificate of Completion

This certificate provides a broad overview of electric energy storage technologies, benefits, economics, California policies and a discussion of energy storage in microgrid systems. This course addresses students considering a career in the advanced energy industry or want to know how energy storage fits into energy and solar industry. Students will be prepared to work as site planning technicians or solar sales advisors.

### Learning Outcomes

### Program Requirements

Course Code	Title	Units
<b>Required courses</b>		
ESYS 311A	Module 1 Residential Solar Surveying & Planning	0
ESYS 311B	Module 2 Residential Solar Surveying & Planning	0
ESYS 311C	Module 3 Residential Solar Surveying & Planning	0
ESYS 311E	Introduction to Energy Storage	0

## Solar Site Planning Project Certificate of Completion

This certificate provides training in applying the principles and techniques of solar surveying and planning to residential building projects. Projects take a hands-on approach and will be aligned to meet California Energy Commission solar guidelines. California state approved software will be applied.

### Learning Outcomes

### Program Requirements

Course Code	Title	Units
<b>Required courses</b>		
ESYS 311A	Module 1 Residential Solar Surveying & Planning	0
ESYS 311B	Module 2 Residential Solar Surveying & Planning	0

ESYS 311C	Module 3 Residential Solar Surveying & Planning	0
ESYS 311D	Solar Site Planning Project	0

## Gas Metal Arc Welding Certificate

This program provides the necessary industry-standard recognition according to American Welding Society (AWS) QC10 specifications in Gas Metal Arc Welding (GMAW) in partial requirements of Level One, Entry-Level Welder. Industry certification provides the student an opportunity to demonstrate to potential employers evidence of competency for entry-level positions in the welding industry. *This certificate is locally approved and is NOT notated on the student's academic transcript in accordance with State regulations.*

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Student will demonstrate proper welding techniques using GMAW welding equipment in the vertical position.
2. Student will demonstrate fabrication techniques including measuring, bending, cutting, and fitting.

### Program Requirements

Course Code	Title	Units
WELD 012A	Introduction to Gas Metal Arc Welding	2
WELD 012B	Intermediate Gas Metal Arc Welding	2
WELD 012C	Advanced Gas Metal Arc Welding	2
<b>CERTIFICATE TOTAL</b>		<b>6</b>

## Gas Metal Arc Welding Certificate of Completion

This program provides the necessary industry-standard recognition according to the American Welding Society (AWS) QC10 specifications in Gas Metal Arc Welding (GMAW) in partial requirements of Level One, Entry Level Welder. Industry certification provides the student an opportunity to demonstrate to potential employers evidence of competency of entry-level positions in the welding industry.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Students will demonstrate proficiency in GMAW Welding in all four positions at the level required for the AWS Entry Level Welder test.
2. Students will demonstrate skills that will enable them to understand GMAW weld symbols, different welding processes, different alloy compositions and their applications, blueprint reading, and understanding of quality welds.

### Program Requirements

Course Code	Title	Units
WELD 312A	Introduction to Gas Metal Arc Welding	0
WELD 312B	Intermediate Gas Metal Arc Welding	0
WELD 312C	Advanced Gas Metal Arc Welding	0

## Gas Tungsten Arc Welding Certificate

This program provides the necessary industry-standard recognition according to American Welding Society (AWS) QC10 specifications in Gas Tungsten Arc Welding (GTAW) in partial requirements of Level One, Entry-Level Welder. Industry certification provides the student an opportunity to demonstrate to potential employers evidence of competency for entry-level positions in the welding industry. *This certificate is locally approved and is NOT notated on the student's academic transcript in accordance with State regulations.*

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Student will demonstrate proper welding techniques using GTAW welding equipment in the all four positions.
2. Student will demonstrate fabrication techniques including measuring, bending, cutting, and fitting.

### Program Requirements

Course Code	Title	Units
WELD 013A	Introduction To Gas Tungsten Arc Welding	2
WELD 013B	Intermediate Gas Tungsten Arc Welding	2
WELD 013C	Advanced Gas Tungsten Arc Welding	2

## Business

Students should consult their advisors/counselors to determine courses within and outside the School of Applied Sciences and Business that are most appropriate for individual objectives. Assistance for helping the student make career choices is available at the College's Career Center as well as with advisors and counselors. Many programs are offered in either Associate Degree [two-year] or 1 year certificate formats. Options are available for the student to earn multiple certificates while earning an associate degree.

## Accounting/Finance

Programs and courses are available for students wishing to pursue a career in accounting and:

- Prepare non-transfer students for entry level accounting positions
- Build skills and knowledge in accounting for promotional opportunities in their careers.
- Transfer to a four-year college or university to obtain a bachelor's degree and/or advanced degree.
- Complete education hours needed to pursue the California CPA exam.
- Provide non-accounting majors with sufficient knowledge to enable them to make informed use of accounting information.

## Business

Programs and courses in the Business Discipline have been developed for general business-oriented students who wish to:

- Transfer to a four-year college or university to obtain a bachelor's degree and/or advanced degree.
- Meet occupational qualifications in a variety of businesses and industries for immediate career entry or promotional opportunities.
- Build skills and knowledge in different parts, or functional areas, within a business in order to move to a new area of business or gain promotional opportunities.
- Start their own business, build their family business, or convert their non-business skills or talents to money-making entrepreneurial opportunities.

## Hospitality

Programs and courses are available for students wishing to pursue a career in hotels, restaurants, tourism, events, entrepreneurial endeavors in hospitality, and other hospitality organizations.

- Hospitality management involves applying strategic thinking, innovation, financial acumen, and a passion for service to the business of making guests or customers feel welcome.
- This discipline also offers opportunities for transfer to a four-year college or university to obtain a bachelor's degree and/or advanced degree or build skills and knowledge in all areas of hospitality for transfer or promotional opportunities in their careers.
- These programs are particularly advantageous for those working to move into management positions in the hospitality industry who have a desire to use their leadership skills and education to contribute to shaping the industry and developing a career that is uniquely their own.

**Accounting AS Degree**

Accounting is the study of analyzing, recording, summarizing, and reporting financial information to managers, owners, customers, investors, and other decision-makers inside and outside a business organization. Career paths chosen by students pursuing undergraduate studies in accounting commonly include financial accounting, management accounting, tax accounting, governmental and not-for-profit accounting, and auditing. Careers in the discipline that generally require graduate-level degrees include forensic auditing, management consulting services, and education. Even students who choose not to major in accounting find that coursework in the field can improve their ability to understand the role of accounting as a part of the overall business management team, as well as their ability to comprehend financial information as it pertains to their personal wealth management.

The accounting program at College of the Desert is designed to:

- Prepare non-transfer accounting students for entry-level positions in the field by completing the Accounting Certificate and/or Associate of Science degree in Accounting.
- Prepare business majors for transfer to four-year institutions.
- Provide non-accounting students with sufficient knowledge and expertise to make intelligent use of accounting information.

COD's accounting program is constantly updated to provide students with current accounting information. In addition, current textbooks are used in all of our classes as well as popular commercial accounting software programs in our accounting software classes.

Our core accounting courses (BUAC 020A), Financial Accounting, and (BUAC 020B), Managerial Accounting, are required for transfer to most California four-year universities. We regularly monitor the course content of these universities so that we continually meet the needs of the transfer students.

All of our instructors have accounting experience in addition to completing academic studies of accounting. We believe that our instructors do a better job of teaching when they have both academic and practical experience.

For more information please contact the School of Applied Sciences and Business Office, the Counseling Center or call 760.776.7316.

**Learning Outcomes**

Upon satisfactory completion of this program students will be able to:

1. Analyze and record business transactions using the double-entry accounting method and in accordance with generally accepted accounting principles (GAAP).
2. Prepare an Income Statement, Balance Sheet, and Statement of Cash Flows.
3. Analyze and interpret the Income Statement, Balance Sheet, and Statement of Cash Flows for the purpose of making credit, investment, and operating decisions.
4. Prepare and evaluate information and reports used by management to plan, direct, motivate, and control manufacturing processes for various business costing models.
5. Prepare tax returns and research tax issues for individuals and non-business tax filers.

## Accounting Certificate of Achievement

Accounting is the study of analyzing, recording, summarizing, and reporting financial information to managers, owners, customers, investors, and other decision makers inside and outside a business organization. Career paths chosen by students pursuing undergraduate studies in accounting commonly include financial accounting, management accounting, tax accounting, governmental and not-for-profit accounting, and auditing. Careers in the discipline that generally require graduate-level degrees include forensic auditing, management consulting services and education. Even students who choose not to major in accounting find that coursework in the field can improve their ability to understand the role of accounting as a part of the overall business management team, as well as their ability to comprehend financial information as it pertains to their personal wealth management.

College of the Desert's accounting curriculum includes course offerings that provide a general overview of the discipline, as well as a specialized focus on bookkeeping, financial accounting, managerial accounting, tax accounting, cost accounting, and computer accounting. The college offers an Associates of Science Degree for employment preparation and a Certificate of Achievement in Accounting, as well as courses leading to transfer to a four-year institution. Both the AS degree and the certificate are designed to provide students with skills necessary for employment or advancement in the accounting profession. Students earning the certificate may also choose to continue their study toward an associate, baccalaureate, or advanced degree in the field. Past recipients of the COD Certificate of Achievement in Accounting have obtained positions as accounting clerks, bookkeepers, accountants, controllers and tax preparers.

For more information, please contact the School of Applied Sciences and Business Office, the Counseling Center, or call 760.776.7316.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Identify, measure, record, and communicate financial information relating to business organizations varying from small service enterprises to large manufacturing firms.
2. Prepare tax returns for individuals and small business entities based on accurate understanding of tax laws.
3. Establish procedures to gather, present, and interpret internal data for management decision-making purposes.

## Business Administration 2.0 AS-T Degree

Business Administration is the study of basic principles and techniques to effectively manage and lead organizations.

The **Associate in Science in Business Administration for Transfer 2.0** is designed for students planning to transfer to a 4-year university and major in general business or a more specialized field of business such as finance, accounting, international business, marketing, hospitality or management. The intent of the degree is to assist students in seamlessly transferring to a CSU. However, transfer requirements at four-year colleges and universities tend to vary from institution to institution; students should consult with a counselor for specific information regarding the transfer requirements of their preferred college or university.

This degree requires students to meet the following requirements:

- Completion of 60 semester units or 90 quarter units of degree-applicable courses,
- Minimum overall grade point average of 2.0,
- Minimum grade of "C" (or "P") for each course in the major, and
- Completion of IGETC and/or CSU GE-Breadth.

This degree requires students to complete 60 CSU transferable units including completion of IGETC and 27 - 29 units in the major with a cumulative GPA of 2.0 or better. Title 5 requires that students must earn a "C" or better in all courses required for the major or area of emphasis. There are no additional graduation requirements. Students should

consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Be competitive in transferring to a four-year business school and/or acquire those skills necessary for success in business.
2. Weigh information for solving business problems and responding to opportunities and changes.
3. Communicate business information effectively using a variety of formats for a variety of audiences and purposes.
4. Differentiate between different key functional areas of business and describe key skills needed in each area.

## Required Courses

## General Business AS Degree

General Business is the study of basic principles, concepts and the language of organizations. The **Associate of Science in General Business** Degree focuses on employment preparation. This program was not developed to be transferable to a four-year university. Changing academic goals will generally require additional courses, consult with a counselor for further information. Career paths chosen by students pursuing the Associate of Science in General Business Degree include not only entry-

level general business positions. The program provides the flexibility for students to pursue other more specialized interests in business. These would include areas like finance, human resources, hospitality, information technology and public administration. Even students who choose not to major in General Business find that coursework in the field can improve their ability to think critically, problem-solve, manage their lives, and understand the business issues that engage our world, our country, and our communities.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Realize various opportunities for employment and advancement in the business field.
2. Apply concepts, methods, processes and functions of management to business operations.
3. Recognize, apply, analyze, summarize, interpret, and evaluate information for solving business problems and responding to opportunities and changes.
4. Communicate business information effectively using a variety of formats for a variety of audiences and purposes.
5. Incorporate appropriate interpersonal relationship and ethical decision-making skills.

## Hospitality Management AS Degree (transfer preparation)

Hospitality Management is the study of different aspects of management and leadership as they relate to the hospitality industry. Included in the hospitality industry are such sectors as hotels, restaurant, travel services, gaming and entertainment, recreation, managed services, and special events. The **Associate of Science in Hospitality Management** (transfer preparation) will enable students to transfer to universities, including California State Polytechnic University Pomona where a transfer agreement is in place. Transfer requirements at other four-year institutions may vary, so students should consult with a counselor for specific information regarding the transfer requirements for their preferred college or university.

More immediate employment opportunities are also available through this degree without additional higher education preparation. These would include many entry-level and sometimes mid-level management positions in any number of the hospitality sectors. Careers and discipline that generally [but not always] require higher level degrees include general managers, club managers, chefs, and directors of various operational areas in the hospitality sector such as human resource, finances, and operations. Even students who choose not to major in hospitality management find that course work in the field can improve their ability to think critically and solve complex problems, be more aware of their personal abilities/skills, and simply manage in general more effectively.

COD Hospitality Management curriculum includes course offerings that provide a general overview of the hospitality sector as well as course offering in hospitality operations, cooking, finance and law.

College level skill in English is prerequisite for many of these hospitality management courses. For more information please call 760.776.7360. *This degree satisfies the lower division core courses and general education requirements leading to a B.S. degree in Hotel and Restaurant Management from California State Polytechnic University, Pomona.*

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Demonstrate a basic understanding of the various sectors of the hospitality industry.
2. Demonstrate a basic understanding of fundamental hospitality sector operations.
3. Realize the various opportunities for employment and advancement in the hospitality industry.
4. Use critical thinking and analytical skills to problem solve and understand hospitality issues in our community, our country, and the world.
5. Self analyze their personal/professional abilities for any hospitality management situation.

## Hospitality Management AS Degree (employment preparation)

Hospitality Management is the study of different aspects of management and leadership as they relate to the hospitality industry. Included in the hospitality industry are such sectors as hotels, restaurants, travel services, gaming and entertainment, recreation, managed services, meetings and events, senior housing, and club management. The **Associate of Science in Hospitality Management** for Employment Preparation will allow graduates of the program to compete for entry-level and sometimes mid-level management positions, such as Front Office Supervisor, Reservations Manager, Executive Housekeeper, Sales Coordinator, Senior Housing Sales, and Operations Supervisors/Managers. Students who wish to pursue education beyond the AS Degree for Employment Preparation should consider the Hospitality AA Degree and Transfer Preparation. Even students who choose not to major in hospitality management find that course work in the field can improve their ability to think critically and solve complex problems, be able to learn guest service strategies, and be more aware of the personal abilities/skills, and simply manage more effectively.

<b>CERTIFICATE TOTAL</b>		<b>21-25</b>

## Human Resource Generalist Certificate of Achievement

The Human Resource Generalist program is intended to prepare students to enter the dynamic business environment of human resources. Students become familiar with various approaches to business organizations and the strategic nature of human resource management. Studies in human resource law, compensation systems, training, and development provide students with a solid foundation from which to build a career in human resource management. Individuals already active in the work arena will acquire new, highly desirable

workplace skills. The **Human Resource Generalist Certificate of Achievement** prepares students for jobs as Human Resource Generalists and/or Human Resource Assistants. Students successfully completing the certificate may find entry-level positions in various Human Resource specializations, such as:

- Employment, Recruitment, and Placement
- Compensation, Benefits, and Job Analysis
- Training and Development
- Human Resources, Training, and Labor Relations
- Payroll

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Utilize human resources as a strategic tool in business management.
2. Navigate the wide variety of legal, EEO, diversity, and ethical arenas of human resources in today's society.

## Program Requirements

## Makerspace Basic Skills

Makerspaces teach 21st-century manufacturing techniques: rapid prototyping, additive manufacturing, computer-controlled machinery, computer-aided design, etc. Explore your creativity and gain knowledge on equipment used in the maker movement. This certificate is ideal for entrepreneurs developing products and services, artists creating interactive installations, educators developing STEM activities for use in the classroom, hobbyists, makers, inventors, and anyone interested in enhancing job skills and solving real-world problems.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Gain experience in modern making technologies, techniques, materials, and production processes.
2. Demonstrate the safe use of makerspace equipment.

## Program Requirements

Course Code	Title	Units
MAKR 301	Basic Makerspace Skills I	0
MAKR 302	Basic Makerspace Skills II	0

## Retail Management Certificate of Achievement

Retail is a growing, fast-paced, and diverse industry with many opportunities for advancement. With over 42 million people employed, retail is responsible for 1 in 4 jobs in the United States, Retail is a great place to be.

The Retail Management Certificate of Achievement is an accredited business program recognized by leading retailers across the nation and provides you with the skills these retailers are actively looking for in their employees. The Certificate is available to anyone. Classes may be taken in any sequence. Full time students can achieve the Certificate in as little as one year.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Ability to read, comprehend and compose basic and technical business documents.
2. Ability to identify and apply relevant information needed to set goals, perform job-related tasks, and make business decisions.
3. Ability to follow and enforce company policies, procedures, and perform job duties in an ethical manner.
4. Ability to adopt and lead change, refocus and prioritize actions in the business environment.
5. Ability to interpret oral instructions and communicate to a variety of diverse audiences.
6. Ability to interact with business contacts in a professional manner while accepting and delivering constructive feedback.
7. Ability to promote products and services through techniques that lead to increased sales, including explaining the flow of goods and services in a retail environment and recognizing the cause and effect of issues in the supply chain.
8. Ability to apply math skills to calculate, interpret, and analyze financial information to make business decisions.
9. Ability to motivate, influence, and support others to achieve desired outcomes.
10. Ability to utilize relevant technology-based business applications.

## Small Business Certificate of Achievement

This program is designed for prospective and current small business owners/managers, including Gig workers and free lancers, and those seeking to become significant contributors to small business as well as those interested in entrepreneurship within larger organizations. The curriculum is centered on an array of structural, relationship and process elements such as: financial and physical assets, leadership/management/customer issues, human relations, planning, and marketing. Elective courses allow the student to customize the program to their particular needs and interests while still ensuring the certificate recipient understands and demonstrates the knowledge required for small business/entrepreneur success.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. .

## Program Requirements

## Social Media Marketing Certificate of Achievement

The Social Media Marketing Certificate of Achievement provides students with practical, critical marketing skills that are not limited by any

geographical location. Students can use their new skills to work as contractors or as a part of a bigger enterprise anywhere in the country or the world. Students will explore the possibilities and limitations of social media and will have hands-on experience with several of the outlets such as Facebook, X, Instagram, Snapchat, blogs, wikis, and other current media. Students will be able to relate the effects of these marketing strategies to a business. They will also learn about other marketing tools that can be used in combination with social media for a more effective marketing strategy.

Upon successful completion of the Social Media Certificate of Achievement, students should be able to: use current social media outlets to promote business, create demand, and increase sales based on popularity and specific client response. At the same time, students will be able to evaluate the use of social networking and online marketing channels, and to create an online presence to build businesses.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Create marketing strategies and plans using social media and other marketing tools.
2. Evaluate success of social media marketing programs via goals and metrics.

## Child and Adolescent Development

Social and Behavioral Sciences heighten students' awareness of social, political, and economic institutions and human behaviors in contemporary, historical, and geographical contexts. The AA-T Degree in Child and Adolescent Development is designed to allow students to transfer seamlessly as a junior to a CSU campus offering a similar major. Students completing this degree are guaranteed admission to the CSU system, but not to a particular campus or major.

### Advisors:

**Maria Avalos**

maavalos@collegeofthedesert.edu

760.674.7817

## Child and Adolescent Development AA-T Degree

College of the Desert offers a **Child and Adolescent Development Associate in Arts for Transfer** degree, also called Child and Adolescent Development AA-T. Students completing this interdisciplinary degree are prepared to understand the processes of change and growth that characterize human development from conception to age 18. Course offerings are drawn from psychology, sociology, human development, anthropology, and biology, with electives from other departments. Students completing an associate's degree in Child and Adolescent Development are qualified to work in school districts as classroom paraprofessionals and for social services programs as entry-level social workers. Students completing a Bachelor of Arts degree in this major typically choose careers in education, social services, counseling, and guidance, or in the field of health.

The Child and Adolescent Development AA-T is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing this degree are guaranteed admission to the CSU system, but not to a particular campus or major. This degree requires students to complete 60 CSU transferable units including completion of CSU GE or IGETC and 21-23 units in the major with a cumulative GPA of 2.0 or better. Title 5 requires that students must earn a "C" or better in all courses required for the major or area of emphasis. There are no additional graduation requirements. Student should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Identify and analyze key concepts and theories about human and/or societal development.
2. Critique generalizations and popular opinion about human behavior and society, distinguishing opinion and values from scientific observations and study.
3. Understand and think critically about different cultures (including topics such as race, gender and class) and their influence on human development or society.
4. Examine the biological, psychological, and sociological factors that influence the personalities and behaviors of females and males from a multicultural perspective.
5. Develop individual responsibility, personal integrity, and respect for diverse people and culture.

## Communication Studies

The dynamic field of Communication Studies provides students at College of the Desert with valuable skills and knowledge that are applicable across various personal, academic, and professional contexts, empowering them to succeed in a rapidly changing world. A degree in Communication Studies offers students a wide range of skills and benefits:

- **Understanding Communication Dynamics:** Communication Studies majors gain a deep understanding of communication processes, including verbal and nonverbal communication, interpersonal communication, group communication, and mass communication. This knowledge equips students with the skills to effectively navigate various communication contexts in their personal and professional lives.
- **Enhanced Interpersonal Skills:** Students learn how to communicate effectively with diverse audiences, improve active listening skills, and understand the dynamics of human interaction. These interpersonal skills are valuable in building relationships, resolving conflicts, and collaborating with others in any field.
- **Critical Thinking and Analysis:** Communication Studies majors develop critical thinking skills by analyzing messages, media, and communication strategies. They learn to evaluate the credibility of information, identify biases, and understand the impact of communication on society and culture.
- **Media Literacy:** In an age of digital media and information overload, media literacy is essential. Communication Studies majors learn to critically evaluate media messages, understand media production processes, and analyze the role of media in shaping public opinion and culture.
- **Public Speaking and Presentation Skills:** Effective public speaking and presentation skills are crucial in many professions. Communication Studies programs often include courses in public speaking, rhetoric, and persuasion, helping students become

confident and persuasive communicators in front of diverse audiences.

- **Professional Communication Skills:** Whether in business, government, or nonprofit sectors, effective communication is key to success in the workplace. Communication Studies majors learn how to write clear and concise messages, craft professional emails, and communicate persuasively in various professional settings.
- **Preparation for Diverse Careers:** A degree in Communication Studies prepares students for a wide range of careers, including public relations, marketing, advertising, journalism, human resources, event planning, social media management, and more. The versatile skills gained through this major make graduates highly sought after in today's job market.
- **Preparation for Further Education:** Communication Studies also serves as a solid foundation for further education in fields such as law, public policy, education, and social sciences. Many graduates go on to pursue advanced degrees in communication, business, or related fields.

There are seven different communication studies courses offered at College of the Desert: COMM 001, COMM 005, COMM 009, COMM 013, COMM 017, COMM 021, and COMM 025.

## Computer Information Systems

The goal of the Computer Information Systems (CIS) program is to train students for employment or transfer within the ever-expanding field of computer technology. This expansion is driven by widespread technology use across all sectors and continual industry evolution.

The CIS program offers 15 courses (p. ) across two Associate of Science (AS) degrees (p. ) covering subjects such as general IT support, Cyber Security, software development, and data analytics. Courses are designed to meet industry standards for certifications like CompTIA, Cisco, and Certified Ethical Hacker, and are aligned with C-ID (ITIS descriptors). The CIS program also proudly offers dual enrollment options with CVUSD and DSUSD.

Students can pursue two pathways:

- **AS Employment Preparation (p. 160)** prepares students for jobs through industry-aligned courses
- **AS Transfer Preparation (p. 160)** facilitates transfer to four-year universities such as CSUSB's IST Program

These paths aim to equip students with the necessary skills to tackle real-world challenges and innovate within the rapidly changing tech landscape.

## Computer Information Systems AS Degree (employment preparation)

The Associate's degree in Computer Information Systems prepares students to enter the workforce as an entry-level computer or network support technician.

Computer support technicians provide technical assistance to computer users. They may answer questions or resolve computer problems for clients in person, via telephone, or electronically. They may provide assistance concerning the use of computer hardware and software, including printing, installation, word processing, electronic mail, and operating systems. Computer network technicians analyze, test, troubleshoot, and evaluate existing network systems, such as local area network (LAN), wide area network (WAN), and internet systems or a segment of a network system. They may perform network maintenance to ensure networks operate correctly with minimal interruption. Graduates of the Computer Information Systems A.S. Employment Prep are prepared to complete CompTIA's A+ and Network+ certification exams. Optional elective courses prepare students for Cisco's CCNA, CompTIA's Server+, Linux+ Security+, Ethical Hacking Council, AWS Cloud Certifications exams, among others.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Exhibit basic understanding of information technology and information systems challenges and opportunities from a multi-faceted perspective of hardware, software, databases, telecommunications, people, and procedures.
2. Demonstrate the ability to locate, critically evaluate and solve business problems with technology solutions using qualitative and quantitative information.
3. Demonstrate a fundamental ability to identify and analyze user needs in the selection, creation, evaluation and administration of computer-based systems.
4. Prepare students for entry-level employment in the field of computer systems.

## Computer Science

The Computer Science program at College of the Desert is designed to assist in preparing students for a more seamless transition into the CSU system to complete a baccalaureate degree in Computer Science or similar major.

Computer programming, algorithms, data structures, and networks play an increasingly important role in academic, science and a wide variety

of related careers. Our curriculum is current and valuable for advancing into a wide variety of careers including software development, project management, systems analysis, and maintenance, among other areas.

**Advisor:**

**Robert Kelbley**

rkelbley@collegeofthedesert.edu

760.862.1353

## Computer Science AS-T Degree

The **Associate in Science in Computer Science for Transfer**, also called Computer Science AS-T Degree, is designed to prepare students for a seamless transfer with junior status to a CSU campus in a program or major in Computer Science for completion of a baccalaureate degree. Students completing this Computer Science AS-T degree are guaranteed admission to the CSU system, but not to a particular campus or major. Major Graduates of the Computer Science AS-T will have the skills in computer programming required for transfer to a four-year college. This degree program prepares students for transfer to four-year colleges for further study in Computer Science, as well as related areas such as Computer Engineering. The curriculum includes instruction in the fundamentals of problem solving and analysis, programming, data structures, and architecture. Additional requirements include Calculus, Physics and Discrete Mathematics. Students who complete the two-year Associate in Science degree program are encouraged to continue their education and earn a Bachelor's degree. College of the Desert has transfer agreements with many of the California State Universities and University of California campuses. Students who are interested in transferring after completion of the two-year degree program should consult the "Transfer Information" section of the catalog and discuss their plans with their program advisor or counselor. Four-year universities may have additional or different course requirements for completion of lower division. Students need to check the particular institution for their requirements.

Upon completion of this program, students will be able to:

- Satisfy the requirements to successfully transfer to a CSU program for a degree in computer science or a related field.
- Analyze a program by reading its code and debugging it.
- Develop programming solutions using a high-level language such as C++

Enrollment is recommended only to students who have a solid understanding of Geometry and Algebra (at the level of Math 5, Trigonometry, or higher). Assuming students start this AS-T with transfer#level math and English eligibility, the minimum time for completion is 4 semesters. Completion time will vary based on student preparation and number of units completed per semester.

This degree requires students to meet the following requirements:

- Completion of 60 semester units of degree-applicable courses,
- Minimum overall grade point average of 2.0,
- Minimum grade of "C" (or "P") for each course in the major, and
- Completion of IGETC and/or CSU GE-Breadth.

The Computer Science AS-T degree requires students to complete 60 CSU transferable units including completion of IGETC and 30 units in the major with a cumulative GPA of 2.0 or better. Units for the major may be double counted for **IGETC only** (*not CSU GE*). Title 5 requires that students earn a grade of "C" or better in all courses required for the major or area of emphasis. There are no additional graduation requirements. Students are advised to consult with a counselor to verify transfer requirements.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Satisfy the requirements to successfully transfer to a CSU program for a degree in computer science or a related field.
2. Analyze a program by reading its code and debugging it.
3. Develop programming solutions using a high level language such as C++.

## Program Requirements

Course Code	Title	Units
<b>Required Core Courses</b>		
CS 007A	Computer Science I	4
CS 007B	Computer Science II	3
CS 008	Computer Architecture and Organization	3
MATH 015	Discrete Mathematics for Computers	4
MATH 001A	Calculus	4
MATH 001B	Calculus II	4
PH 003A	Engineering Physics	4
PH 003B	Engineering Physics	4
<b>Required Subtotal</b>		<b>30</b>
IGETC Pattern (p. 93) <sup>1</sup>		37
<b>DEGREE TOTAL</b>		<b>60</b>

<sup>1</sup> Units for the major may be double counted for **IGETC only** (*not CSU GE*), confer with Counselor.

Please refer to **Associate Degree for Transfer (SB 1440)**.

## Counseling

Counseling programs and courses are designed to prepare students for college experiences, academic achievement, and success in educational and occupational pursuits. Each course is designed to assist groups of students who share either common goals or common difficulties in reaching their goals.

New and re-entering students who might benefit from guidance in time management, study techniques, educational planning, setting realistic goals, changing careers, etc., are able to earn credit and reap personal benefits through Counseling courses. For more information, please call 760.773.2521.

The **Associate of Arts degree in Liberal Arts** is designed for students who wish to have a broad knowledge of liberal arts and sciences plus additional coursework in an "Area of Emphasis." This area of emphasis would be an ideal choice for students planning on transferring to the California State University or University of California, as the student can satisfy their general education requirements, plus focus on transferable course work that relates to majors at CSU or UC. Please consult with a counselor for specific information regarding your intended major or the specific colleges/university of your choice.

- Choose either the California State University General Education Certification or the Intersegmental General Education Transfer Curriculum for the General Education pattern related to your educational goal;
- Complete 18 units in one "**Area of Emphasis**" from those outlined below. (Note: Where appropriate, courses in the "area of emphasis" may also be counted for a GE area; see a counselor for appropriate course selection.)
- For **All Options**: complete necessary College of the Desert Graduation and Proficiency requirements.

- All courses listed under Liberal Arts transfer to CSU. Refer to [www.assist.org](http://www.assist.org) for transfer details or see a counselor or faculty advisor for additional details.

### General Education Certification

College of the Desert may certify a student who has completed the lower-division general education requirements and this guarantees that no additional lower-division courses may be imposed on a student as a condition of graduation at the California State University (CSU) or University of California (UC) systems. "Certified" community college students are deemed to have satisfied lower-division general education requirements, while "Non-certified" or "Partially-certified" students may find additional lower-division course requirements upon transfer to these institutions. Therefore, it is recommended that students seek "Full Certification" prior to transfer.

Note: Nine (9) additional upper-division general education units must be completed at the CSU system after transfer to fulfill graduation requirements.

College of the Desert is authorized to certify completion of lower-division coursework completed at College of the Desert and other regionally-accredited institutions through a process of "pass-along" credit. To receive credit from prior or concurrent colleges and universities, students must submit official transcripts for evaluation to Admissions and Records at College of the Desert. Counselors are available for assistance.

### IGETC Certification

College of the Desert may certify completion of the Intersegmental General Education Transfer Curriculum (IGETC) for a student when COD is the last/most recent school of attendance. Completion of the IGETC general education pattern satisfies the lower-division general education requirements for both the UC and CSU systems. All IGETC coursework must be completed prior to transfer to be "Fully-Certified". Students will be "Partially certified" if they are missing no more than two (2) courses from the IGETC pattern. Select STEM majors may qualify for IGETC for STEM certification. Students should see a counselor for further information.

### CSU GE Certification

The California State University (CSU) will accept "Full CSU GE Certification" from students completing all 6 areas of the general education pattern. Completion of one or more areas, but not all six, will result in "Partial Certification". CSU GE certification should be requested in the semester in which the lower-division general education coursework is completed. If a student is only "partially certified", most CSU campuses will allow the student to complete full certification by taking COD coursework during winter/summer terms or during concurrent COD-CSU enrollment.

## Career Exploration Certificate of Completion

Students are empowered with the resources necessary to determine their career goals, identify an educational path to achieve those goals, and confidently pursue entering or transitioning in the professional world. This noncredit certificate requires completion of two courses: COUN 301 Career Exploration and COUN 302 Career Readiness.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Identification of career and educational goals based on informed decision making.
2. Job-applicant ready with professional resume and 30-second self-pitch.

## Program Requirements

Course Code	Title	Units
COUN 301	Career Exploration	0
COUN 302	Career Readiness	0

## EDGE Certificate of Completion

The EDGE certificate program comprises the summer and winter bridge courses that help students make a smooth and successful transition into college. The program consists of three courses, usually taken simultaneously: one focused on math concepts and skills that prepare students for college-level quantitative reasoning courses; one focused on English concepts and skills that prepare students for college-level English and other written communication courses; and one focused on college success, which helps students to navigate the college environment and guides students through COD's myriad support services and programs.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Navigate the college environment, and access college resources.
2. Bridge their prior preparation in English and math with relevant college courses.

## Program Requirements

Course Code	Title	Units
Required Courses		
ENG 300	English Edge	0
MATH 300	Math Edge	0
or SOC 300	Statistics Edge	
COUN 300	Student Development Edge	0

## Criminal Justice

Students desiring careers in Criminal Justice may elect a program of study for upper division transfer, or one which is oriented towards job entry either as sworn or non-sworn employees at a Local, State, or Federal Agency within the Criminal Justice System. The Criminal Justice System includes three components:

- Law Enforcement
- Courts
- Corrections

Students intending to transfer to a four-year college, such as CSUSB-Palm Desert Campus, for a degree in Criminal Justice, should pursue the Associate in Science in Administration of Justice for Transfer Degree. Students planning to pursue a career in Criminal Justice after graduation from College of the Desert should include more specialization and emphasis in the Criminal Justice courses.

Students desiring the California POST Certified - Basic Peace Officer Training, should visit the Public Safety Academy under Academic Programs on the College of the Desert website.

## Administration of Justice AS-T Degree

The Associate in Science in Administration of Justice for Transfer, also called the Administration of Justice AS-T Degree, is intended to prepare students to transfer to CSU campuses that offer bachelor's degrees in Administration of Justice or Criminal Justice. Students who complete this degree will receive "priority admission with junior status to the California State University system."

This degree requires students to complete 60 CSU transferable units including completion of CSU GE or IGETC and 18-19 units in the major with a cumulative GPA of 2.0 or better as required by CSU. Title 5 requires that students must earn a "C" or better in all courses required for the major or area of emphasis. There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Be prepared to transfer to a higher level learning institute in a field related to Administration of Justice or Criminal Justice.
2. Demonstrate the skills and aptitude necessary to pass entrance exams in the field of Administration of Justice or Criminal Justice.
3. Apply critical thinking skills to research, evaluate, analyze and synthesize information in the Criminal Justice field.
4. Apply critical thinking skills to research, evaluate, analyze and synthesize information in the Criminal Justice field.

## Program Requirements

Course Code	Title	Units
Required Core Courses		
CJ 001	Introduction to Criminal Justice	3
CJ 002	Concepts of Criminal Law	3
CJ 004	Criminal Court Process	3
CJ 006	Criminal Investigation	3
Electives		
Select two courses from the following (6-7):		
CJ 003	Legal Aspects of Evidence	3
CJ 005	Racial Issues and the Police	3
CJ 010	Juvenile Procedures	3
CJ 021	Introduction to Forensics	3
CJ 030	Introduction to Corrections	3
PSY 001	General Psychology	3
SOC 001	Introductory Sociology	3
SOC 003	Fundamentals of Statistics	3
or MATH 014	Statistical Methods	
<b>Required Subtotal</b>		<b>18-19</b>
Select one of the following: <sup>1</sup>		37-39
CSU General Education (p. 89)		
IGETC Pattern (p. 93)		

Transferable Electives (as needed to reach 60 transferable units) <sup>2</sup>	
<b>DEGREE TOTAL</b>	<b>60</b>

<sup>1</sup> Units for the major may be double counted for CSU GE or IGETC, confer with Counselor.

<sup>2</sup> Elective units to reach 60 unit total must be CSU transferable, confer with Counselor.

Please refer to Associate Degree for Transfer (SB 1440).

## Criminal Justice AS Degree

The **Associate of Science in Criminal Justice** degree is intended to prepare students academically to perform effectively in a host of careers pertaining to the Criminal Justice system. Students will be exposed to a series of courses within the major intended to develop social awareness, written communication skills, cultural sensitivity, concepts of law and the physical ability to cope with the many demands of Criminal Justice careers.

Course Code	Title	Units

## Culinary Menu Planning Certificate of Completion

This program studies the basic principles of menu making for a variety of types of food service operations, considering the factors of clientele, types of operations, economic requirements, nutritional adequacy, skill of personnel, and equipment limitations.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Implement the strategies of planning and design by producing an effective and efficient menu for a variety of foodservice operations.
2. Apply critical thinking skills to develop a sales menu for a restaurant considering current demographic, market, cost of recipes and nutrition.

## Program Requirements

Course Code	Title	Units
<b>Required Courses</b>		
CART 351A	Commercial Menu Design	0
CART 351B	Commercial Menu Economics	0

## Culinary Procurement and Cost Control Certificate of Completion

This program studies the basic principles of purchasing food and beverages, as well as nonfood items, with particular attention to product identification and to the ordering, receiving, storing, and issuing sequence. Topics covered include: market distribution systems; market forces; purchasing overview and specifications; the optimal amount, payment policy, and supplier; the mechanics of purchasing; convenience foods; nonfood expense items; furniture, fixtures and equipment; fresh produce; eggs and dairy products; poultry; fish and shellfish; meat and beverages.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Define the specific product characteristics of food, beverages and supplies used in the food service industry.
2. Understand the concepts of procurement and purchasing; market distribution systems; and Point of Sale systems.
3. Apply critical thinking skills to analyze and evaluate the selection factors for foods and supplies and determine quality standards required.

## Program Requirements

Course Code	Title	Units
<b>Required Courses</b>		
CART 350A		
CART 350B	Food Cost Control	0

## Culinary Safety & Sanitation Certificate of Completion

This program studies the principles of hygiene and sanitation and the control and prevention of foodborne illnesses in food service operations. Emphasis is placed on the food handler's responsibility in maintaining high sanitation and safety standards. At the completion of this program students should have the knowledge required to pass an industry certification.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Identify steps to establishing a Hazard Analysis and Critical Control Point (HACCP) Plan; explain the role of the health department sanitarian and evaluate a sanitation report.
2. Explain the roles of the food service worker and management in the prevention of food-borne illnesses.
3. Apply critical thinking skills to analyze and evaluate basic safety and accident prevention techniques in the food service industry.

## Program Requirements

## Digital Design & Production

The Digital Design & Production (DDP) courses and program lay the foundation for student-success into the field of digital media. It involves bringing ideas to the printed page or screens using industry standard software. Topics covered include design history, page layout, typography, research, branding, and interaction design, video, animation and more. It is a field where art and design practices meet technology with courses on Digital Imaging, Digital Illustration, Publication Design & Production, Digital Typography, Graphic Design, Advertising Design, Video Post-Production, Motion Graphics, Digital Photography, Commercial Photography, Character Animation, Digital Darkroom, Social Media Design, 3D Animation, and Business Practices for Creatives. The program stresses the design thinking process as well as the professional and production methods used currently in the industry in building their portfolio. Whether they enter the workforce or transfer to a university the DDP program prepares students with skills that increase student success.

For more information, please call 760.674.5684.

## Digital Design & Production AS Degree

The College offers an **Associate of Science Degree in Digital Design & Production (DDP)**, as well as courses leading to transfer. Course work in DDP lays the foundation for student-success as the first step toward successful entry into the labor market. Geared toward students interested in digital media, UX design, creative content, graphic design, interaction design, web design, motion graphics, photography and video production. Skills covered are production processes, design thinking, project management and collaborative teamwork. The program also places an emphasis on creativity, design skills, digital portfolios, project management, problem solving, global teamwork, and entrepreneurship options.

This program provides students with a comprehensive hands-on education using industry-standard digital media tools. Focusing on the design and implementation of digital media for the entertainment industry, this program covers a range of real-world audio and video production and post-production techniques, as well as traditional principles of storytelling and visual communication.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Produce creative, professional projects that align with current market trends and industry standards.
2. Explain strategies to support self-initiated lifelong learning to continually upgrade knowledge and skills in the field of digital media and entrepreneurship opportunities.

## Digital Design Studies AA Degree

Digital Design Studies is the vehicle by which business communicates visually by infusing art and technology to communicate ideas through images and other communications media. The graphic designer and content creator are often working closely with marketing departments to develop and implement branding strategies, communications, and presence, including many other related business activities. Students working toward their Associates degree in this program study computer graphic design for print, web, and video. This cross-discipline program is designed to prepare students for employment in the diverse fields of Web Design, Graphic Design, Motion Graphics, and Interactive Multimedia.

Career paths may also lead to working in advertising, marketing or independently. Careers in the discipline that generally require graduate-level degrees include college teacher, video editor, web developer, creative director, and art director.

This degree replaces the Graphic Design & Marketing, will be deactivated as of Spring 2023, local transfer degree to CSUSB for more accurate academic alignment.

## Graphic Design & Marketing AA Degree

Graphic Design & Marketing (GDM) is the vehicle by which business communicates visually by infusing art and technology to communicate ideas through images and other communications media. The graphic designer is often working closely with marketing to develop and implement branding strategies, communications, market development, and presence, including many other related business activities. A graphic designer who is familiar with marketing from a marketing point-of-view is better equipped to understand the role of graphic design as a vital component in the world of business. Students working toward their associates degree in this program study computer graphic design for print, web, and video.

This cross-discipline program is designed to prepare students for employment in the diverse fields of Web Design, Graphic Design, Motion Graphics, and Interactive Multimedia. Career paths may also lead to working in advertising, marketing or independently. Careers in the discipline that generally require graduate-level degrees include college teacher, video editor, web developer, creative director, and art director. The graphic designer is often working closely with marketing departments to develop and implement branding strategies, communications, market development, and presence, including many other related business activities.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Employ research, ideation, development, analysis, and prototyping to solve a variety of business marketing problems.

- Combine appropriate aesthetic form and content to create evocative and engaging work.
- Create appropriate typographic solutions for a variety of design situations.
- Demonstrate proficiency with computers, software and production processes.
- Select appropriate tools, materials and processes for a range of media products.
- Work collaboratively within a creative team.
- Students will have the skills necessary to get entry level jobs or better in areas related to graphic design, marketing and advertising.
- Students will have the skills necessary to run their own design company.

## Program Requirements

## Interaction Design AS Degree

The College offers an **Associate of Science Degree in Interaction Design**, as well as courses leading to transfer. Course work in this pathway lays the foundation for student-success as the first step toward successful entry into the labor market. Interaction Design curriculum prepares students for entry-level positions in web design and development, creative coding, front-end web, and mobile application design, interaction design, or UX (User Experience) design. Interaction design students apply industry-standard user experience strategies to the development of effective information architecture, intuitive user interfaces, and compelling interactive content. Utilizing research, experience mapping, wire-framing, usability testing, and other strategies, students use empathy to develop strong digital products. Students utilize visual communication and technology to create interactive experiences on a

wide variety of digital platforms. The diverse body of work is refined into a strategic professional portfolio aimed at accomplishing each student's educational and employment goals.

**Upon satisfactory completion of this program students will be able to:**

- Design, publish, and maintain websites, using authoring or scripting languages, content creation tools, management tools and a variety of digital media assets.
- Research, problem-solve, and organize a consistent and functional website, mobile application, or user experience for a targeted user group or persona using agile and iterative methodologies.
- Evaluate and create code that is valid, properly structured, meets industry standards, and is accessible and compatible with browsers, mobile devices and/or operating systems.

## Animation Certificate of Achievement

This Animation program teaches entry-level animation skills for a variety of fields including entertainment, game design, the web, advertising, broadcasting, social media, and mobile apps. Using industry-standard 2D and 3D animation technologies, students develop professional skills for creative expression and visual storytelling. Students gain a fundamental understanding of industry-standard software applications. a solid foundation in animation history and visual storytelling, as well as hands-on exposure to digital animation pre-production and production processes.

**Upon satisfactory completion of this program students will be able to:**

- Develop original animations using foundational creative processes, principles of design, principles of animation, and digital techniques.

- Identify essential industry skills, explore their applications, and use learning resources to identify practical approaches to problem-solving.
- Strategize and manage efficient design and production workflows.
- Demonstrate the ability to work in teams effectively.
- Communicate through animated content effectively with appropriate verbal, written and visual techniques.

## Digital Design & Production Certificate of Achievement

The **Digital Design & Production Certificate of Achievement** is designed to provide students with entry-level skills in visual communication, for careers in marketing, film, video, advertising, animation, digital media, gaming, web development and graphic design. Students develop an online portfolio through learn basic skills, processes, and practices needed to begin working as content creators. The courses within this certificate prepare students to take the rigorous Adobe Certification Associate exam which shows employers that they are proficient in the software. Students earning the certificate may also choose to continue their study toward an associate, baccalaureate, or advanced degree in the field.

### Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

- Demonstrate competence in the technical skills of digital design software by preparing to take the Adobe Certification Associate exam.
- Demonstrate the ability to use fundamentals of design while practicing the design process when developing their creative content.
- Evaluate design aesthetic strategies for selecting design work for their online portfolio.

## Graphic Design Certificate of Achievement

The **Graphic Design Certificate of Achievement** curriculum prepares students for entry-level positions in the field of graphic design, digital media, content creation, UX design, interaction design, web design, motion graphics, photography, animation, and video production. The skills covered include production processes, design thinking, project management, and collaborative teamwork. The program stresses design thinking processes as well as the professional and production methods used currently in industry. This program provides students with a comprehensive hands-on education that prepares them to earn industry-standard certifications. Students emerge with design practices to develop and produce marketing materials for their professional portfolio. Students develop a portfolio from projects that require written, oral, and visual presentations. The program also places an emphasis on creativity, design skills, digital portfolios, project management, problem-solving, global teamwork, and entrepreneurship options.

**Upon satisfactory completion of this program students will be able to:**

- Understand and apply the vocabulary of the graphic design field, design research, and the process of design thinking.
- Create advanced original design projects that analyze, define, and solve problems in visual communications.
- Utilize the critique process and research to analyze the effectiveness of visual communications on graphic design projects.
- Apply knowledge of page layout software to produce graphic design projects.
- Create and present a portfolio of original student work that reflects an advanced understanding of visual communication and design principles.

## Photography Certificate of Achievement

In today's world, images have become the most dominant global form of communication. Images are used to sell the products that surround us, drive valuable traffic in the online environment, influence public perception, as well inform, entertain, or inspire. These images are created by highly skilled photographers who are able to use tools such as lighting, composition, digital editing software, and the full capabilities of their camera to create their desired effect.

The **Photography Certificate of Achievement** provides a strong foundation for students wishing to enter the workforce as photographers as well as to further their education in the fields of photography, fine arts, or graphic design. Students will learn the basic skills, processes, and practices needed to begin working as photographers. Students will create a portfolio of images, a website, and CV/resume for professional or academic use.

### Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

1. Demonstrate competence in the technical skills of photography.
2. Demonstrate the ability to evaluate photographic aesthetic strategies.
3. Demonstrate soft skills necessary to succeed in the photography workforce.

## Program Requirements

DDP 095A	Digital Design & Production Work Experience	1-6
<b>CERTIFICATE TOTAL</b>		<b>26.5-30.5</b>

## Video Post Production Certificate of Achievement

The Video Post-Production Certificate of Achievement provides hands-on instruction in digital video post-production editing, motion graphics, screenwriting, and digital storyboarding, giving students the skillset to work in the video post-production industry. Students dive deep into all aspects of video post-production editing and finishing techniques. They utilize industry-standard software to acquire, manage and edit digital video for corporate, governmental, commercial, educational, and social media channels. This is a highly collaborative and engaging field that utilizes art, design, communication, collaboration, craft, problem-solving, passion, and precision.

**Upon satisfactory completion of this program students will be able to:**

1. Create effective communication using post-production audio and visual methods in a media context.
2. Integrate critical thinking into a post-production audio/video context.
3. Integrate standards of professional conduct in a post-production audio/video context.
4. Develop technological proficiency in a media context.

<b>Total Units</b>		<b>30</b>

## Web Design Certificate of Achievement

The Web Design Certificate of Achievement prepares students for entry-level positions in web design and development, creative coding, front-end web, social media, interaction design or UX (User Experience) design. The program stresses the design thinking process as well as the professional and production methods used currently in industry. Projects encompass content management, user interface, interactive behaviors, information design, and selection of appropriate form factors for user experiences in the Internet. This certificate also gives students crucial communication and digital media tools they may apply in almost any area of study where web design is utilized today. Students emerge with ideation practices to develop and produce marketing materials for their professional portfolio. Coursework lays the foundation for student-success as the first step toward successful entry into the labor market and places an emphasis on creativity, the user experience, design skills, digital portfolios, project management, problem solving, global teamwork, and entrepreneurship options. This program provides students with a comprehensive hands-on education that prepares them to earn industry-standard certifications in digital media tools.

**Upon satisfactory completion of this program students will be able to:**

1. Design implement, publish, and maintain websites, using authoring or scripting languages, content creation tools, management tools and a variety of digital media assets.
2. Research, problem-solve, and organize a consistent and functional website, mobile application, or user experience for a targeted user group or persona using agile and iterative methodologies.
3. Evaluate and create code that is valid, properly structured, meets industry standards, and is accessible and compatible with browsers, mobile devices and/or operating systems.
4. Demonstrate the ability to work in teams effectively.
5. Demonstrate project management skills and practices that emphasize content development in all aspects of web design, user interface, interaction design, information design, database design, and front end development.

## After Effects Certificate of Completion

The Digital Design & Production: After Effects Certificate provides an entry level course of study in Adobe After Effects. This course of study helps prepare the student to take the Adobe Certified Associate (ACA) industry-standard exam in Adobe After Effects.

An After Effects ACA is an earned certification that validates entry-level skills in visual communication for careers including, but not limited to, marketing, Web development, photography, digital media, and graphic design. It indicates an intermediate level of depth and breadth of After Effects knowledge which experience and enhances the recipients' value in the job market.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Prepare for entry-level position in marketing, web development, film, video, animation, digital media, social media and graphic design.
2. Take the Adobe Certified Associate (ACA) industry-standard exam in Adobe After Effects.

### Program Requirements

Course Code	Title	Units
DDP 321A	After Effects A	0
DDP 321B	After Effects B	0

## Illustrator Skills Certificate of Completion

The Digital Design & Production: Illustrator Skills Certificate of Completion provides an entry-level course of study in Adobe Illustrator. This course of study helps prepare the student to take the Adobe Certified Associate (ACA) industry-standard exam in Adobe Illustrator.

An Adobe Illustrator ACA is an earned certification that validates entry-level skills in visual communication for careers including, but not limited to, marketing, Web development, photography, animation, digital media, and graphic design. ACA certification indicates an intermediate level of depth and breadth of Illustrator knowledge and experience and enhances the recipient's value in the job market.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Prepare for entry-level position in animation, film & video, web development, graphic design, digital media, and publishing.
2. Prepare to take the Adobe Illustrator Adobe Certification Associate exam.

### Program Requirements

Course Code	Title	Units
DDP 302A	Illustrator A	0
DDP 302B	Illustrator B	0

## InDesign Certificate of Completion

The Digital Design & Production: InDesign Certificate of Completion provides an entry level course of study in Adobe InDesign. This course of study helps prepare the student to take the Adobe Certified Associate (ACA) industry-standard exam in Adobe InDesign.

An InDesign ACA is an earned certification that validates entry-level skills in visual communication, for careers including, but not limited to, marketing, web development, digital media, publishing and graphic design. This certification indicates an intermediate level of depth and breadth of InDesign knowledge and experience and enhances the recipients' value in the job market.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Prepare for entry-level positions in marketing, publishing, graphic design or web design.
2. Prepare the student to take the Adobe Certified Associate (ACA) industry-standard exam in Adobe InDesign.

### Program Requirements

Course Code	Title	Units
DDP 303A	InDesign A	0
DDP 303B	InDesign B	0

## Photoshop Skills Certificate of Completion

The Digital Design & Production:Photoshop Skills Certificate provides an entry level course of study in Adobe Photoshop. This course of study helps prepare the student to take the Adobe Certified Associate (ACA) industry-standard exam in Adobe Photoshop.

A Photoshop ACA is an earned certification that validates entry-level skills in visual communication, for careers including, but not limited to,

marketing, Web development, photography, digital media, and graphic design. It indicates an intermediate level of depth and breadth of Photoshop knowledge and experience and enhances the recipients' value in the job market.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Create and edit complex digital images using basic through intermediate Photoshop features essential to an entry-level position in photography, digital art or web page design..
2. Use critical thinking skills to evaluate an image, develop a strategy to repair and/or enhance it, and make the appropriate adjustments.

## Program Requirements

Course Code	Title	Units
DDP 301A	Digital Imaging A	0
DDP 301B	Digital Imaging B	0

## Premier Pro Certificate of Completion

The Digital Design & Production: Premiere Pro Certificate of Completion provides an entry level course of study of Adobe Premiere Pro. This course of study helps prepare the student to take the Adobe Certified Associate (ACA) industry-standard exam in Adobe Premiere Pro and validates entry-level skills in visual communication for careers including marketing, film, video, advertising, digital media, and graphic design. This certificate indicates an intermediate level of depth and breadth of Premiere Pro knowledge and experience and enhances the recipients' value in the job market.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Apply for an entry-level position in advertising, marketing, film, video post production, animation, digital media, social media, and graphic design.
2. Take the Adobe Certified Associate (ACA) industry-standard exam in Adobe Premiere Pro.

## Program Requirements

Course Code	Title	Units
DDP 320A	Premiere Pro A	0
DDP 320B	Premiere Pro B	0

## Disabled Students Programs and Services (DSPS)

Students with disabilities at College of the Desert participate in the same activities and courses as any other student. Mandated accommodations and specialized services are offered to provide a more equitable educational experience and to help successfully integrate the student into college life. Interested students must meet with a DSPS counselor to apply for and discuss these services and accommodations.

Disabled Students Programs and Services (DSPS) provides specialized instructional opportunities to qualified students. Specialized instructional programs include the DSPS High Tech Center, WorkAbility III, non-credit Educational Assistance Courses, and Adapted Kinesiology courses.

The WorkAbility III program also offers specialized courses, employment counseling, and placement assistance in cooperation with the California Department of Rehabilitation.

Participation in DSPS services is voluntary.

## Early Childhood Education

Early Childhood Education (ECE) is the study of child development and developmentally appropriate practices for young children. Career paths chosen by students pursuing undergraduate studies in ECE commonly include infant/toddler or preschool teachers and administrators. Careers in the discipline that generally require graduate-level degrees include teachers and administrators of government funded programs like Head Start and state preschools. Even students who choose not to major in ECE find that coursework in the field improves their parenting skills. College of the Desert's ECE curriculum includes course offerings that provide a general overview of the discipline, as well as teaching strategies that are developmentally appropriate for young children. Students earning ECE certificates may also choose to continue their study toward an associate, baccalaureate or advanced degree in the field. Students earning an associate's degree in ECE may pursue entry-level positions as preschool teachers or may choose to continue their study in the discipline toward a bachelor's or graduate degree. COD has transfer agreements with CSUSB, in this discipline/program. However, transfer requirements at four-year colleges and universities tend to vary from institution to institution; students should consult with a counselor for specific information regarding the transfer requirements of their preferred college or university.

## Early Childhood Education AS-T Degree

The **Associate in Science in Early Childhood Education for Transfer**, also called the Early Childhood Education AS-T Degree, provides a clearly articulated curricular track for students who wish to transfer to a CSU campus, while also serving the diverse needs of students interested in the breadth and depth of the field of early childhood education. Additionally, this degree exposes students to the core principles and practices of the field in order to build a foundation for their future personal, academic, or vocational paths. The degree was designed to facilitate students' successful transfer to certain California State University (CSU) campuses that prepare them for advanced study in

a variety of graduate programs, as well as a variety of careers such as teaching, Child Development Specialist, Program Directors, and Child Life Specialists. This degree requires students to complete 60 CSU transferable units including completion of CSU GE or IGETC and 25 units in the major with a cumulative GPA of 2.0 or better. Title 5 requires that students must earn a "C" or better in all courses required for the major or area of emphasis. Units for the major may be double-counted for CSU GE only (**not IGETC**). *Early Childhood Education AA-T* degree works only with the CSU General Education pattern. There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Integrate understanding of the needs, the characteristics and multiple influences on development of children from birth to age eight as related to high quality care and education of young children.
2. Design, implement and evaluate environments and activities that support positive, developmental play and learning outcomes for all young children.
3. Apply effective guidance and interaction strategies that support all children's social learning, identity and self-confidence.
4. Develop strategies that promote partnerships between programs, teachers, families and their communities.
5. Apply ethical standards and professional behaviors that demonstrate understanding and knowledge, deepening the commitment to the Early Care and Education profession.

## Early Childhood Education AS Degree

The **Associate of Science in Early Childhood Education** for employment preparation provides a clearly articulated curricular track for students who wish to pursue employment in early childhood education while also serving the diverse needs of students interested in the breadth and depth of the field of early childhood education. Additionally, this degree exposes students to the core principles and practices of the field in order to build

a foundation for their future personal, academic, or vocational paths. The degree was designed to facilitate students' successful pursuit in a variety of careers in Early Childhood Education such as Assistant Teacher, Teacher, Child Development Specialist. This degree requires students to complete 60 units of course work including completion of 25 units in the major with a cumulative GPA of 2.0 or better. Students should consult with a counselor for educational planning or an advisor for more information on the degree and permit opportunities. Graduates with this degree will meet the requirements for a Site Supervisor permit in child development issued by the California Teacher Credentialing Commission.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Integrate understanding of the needs, the characteristics and multiple influences on development of children from birth to age eight as related to high quality care and education of young children.
2. Design, implement and evaluate environments and activities that support positive, developmental play and learning outcomes for all young children.
3. Apply effective guidance and interaction strategies that support all children's social learning, identity and self-confidence.
4. Develop strategies that promote partnerships between programs, teachers, families and their communities.
5. Apply ethical standards and professional behaviors that demonstrate understanding and knowledge, deepening the commitment to the Early Care and Education profession.

## Early Childhood Education Associate Teacher Certificate of Achievement

The following courses fulfill the California State requirement of 12 semester units for fully qualified teachers in private preschool programs and child care centers (Community Care Licensed, Title 22). The State of California also requires 50 days of experience working in a child care program to apply for an Associate Teacher Permit through the California Commission on Teacher Credentialing.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Apply for an Associate Teacher Permit from the California Commission on Teacher Credentialing.
2. Be competent capable caregivers who apply principles of developmentally appropriate practices in the care and education of children in licensed programs.
3. Continue towards a teacher certificate.

### Program Requirements (and Preparation for State Permit)

Course Code	Title	Units
<b>Required courses</b>		
CDE 101	Child Growth & Development	3
CDE 102	Child, Family, & Community	3
CDE 103	Principles & Practices of Teaching	3
CDE 104	Introduction to Curriculum	3
<b>CERTIFICATE TOTAL</b>		<b>12</b>

## Early Childhood Education Teacher Certificate of Achievement

Early Childhood Education (ECE) is the study of child development and developmentally appropriate practices for young children. Students completing the **Early Childhood Education Teacher Certificate** will be prepared for positions such as lead teachers in private preschool programs, instructional assistants in public schools, and associate teachers in a Head Start or teacher in a State Preschool Program.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Apply for a Teacher Permit from the California Commission on Teacher Credentialing.
2. Be competent capable caregivers who apply principles of developmentally appropriate practices in the care and education of young children in licensed programs.
3. Continue towards a master teacher certificate.

### Program Requirements (and Preparation for State Permit)

Course Code	Title	Units
<b>Required Courses</b>		
CDE 101	Child Growth & Development	3
CDE 102	Child, Family, & Community	3
CDE 103	Principles & Practices of Teaching	3

*Note: State of California also requires 175 days of experience working in a child care program to apply for a Teacher Permit.*

## Early Childhood Education Master Teacher Certificate of Achievement

Early Childhood Education (ECE) is the study of child development and developmentally appropriate practices for young children. Students completing the **Early Childhood Education Master Teacher Certificate** will be prepared for positions such as mentor teachers, curriculum specialists, and leaders in early care and education programs. A Master Teacher certificate enables the holder to serve as a lead teacher in Private Early Care and Education Programs, State-Funded Early Care and Education Programs, or State Preschool Program. Master Teachers can supervise teachers, student teachers and interns.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Mentor and supervise assistants, student teachers, parents, and volunteers in preschool programs.
2. Write developmentally appropriate curriculum in all developmental domains and provide guidance in their area of specialization to other staff.

## Early Childhood Education Site Supervisor Certificate of Achievement

Early Childhood Education (ECE) is the study of child development and developmentally appropriate practices for young children. Students completing the **Early Childhood Education Site Supervisor Certificate** will

be prepared for positions such as mentor teachers, site supervisors and directors of private preschool programs.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Apply California Community Care Licensing regulations to the operation of a privately funded early care and education program.
2. Supervise and evaluate staff to effectively operate an early care and education program.
3. Create and follow a budget, manage enrollments, supply ordering and maintenance of a functioning child development program.

## Family Child Care Certificate of Achievement

The **Family Child Care Certificate of Achievement** has been designed to provide Licensed Family Child Care Providers, students, and potential providers with a comprehensive overview of principles and theories of child development in the areas of physical, psychosocial, and cognitive/language milestones. Special emphasis will be provided in the areas of health, safety, nutrition, child guidance practices, and the application of Community Care Licensing Title 22 regulations, and Family Child Care Rating Scale (FCCRS) in an early learning setting.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Apply for a license to operate a family child care home business.
2. Work as an assistant in a licensed child care facility.

## Economics

The purpose of the Economics program is to provide as many students as possible with an opportunity to:

- acquire a basic knowledge of economics;
- become aware of the role and place of economics in their personal and public life;
- get exposure to the critical thinking approach especially in the context of addressing economic issues; and
- achieve their academic and career objectives as well as their personal development goals.

## Economics AA-T Degree

The **Associate in Arts in Economics for Transfer**, also called the Economics AA-T Degree, is designed to prepare students for a seamless transfer with junior status to a CSU campus in a program or major in Economics for completion of a baccalaureate degree.

This Economics AA-T degree requires students to meet both of the following requirements:

1. Completion of 60 semester units that are eligible for transfer to the California State University, including both of the following:
  - a. The Intersegmental GE Transfer Curriculum (IGETC) or the California State University GE-Breadth Requirements (CSU GE-B).
  - b. A minimum of 18 semester units in a major or area of emphasis. All courses in the major or area of emphasis must be completed with a grade of "C" or better.
2. Obtainment of a minimum grade point average of 2.0.

There are no additional graduation requirements. Students are advised to consult with a counselor to verify transfer requirements.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Use the demand and supply model to critically analyze real-world examples and deviations from the optimal output level.
2. Apply accounting and economic concepts and principles in making decisions about firm operations.
3. • Apply fundamental economic concepts and standard economic models to explain the interaction of the major components of the economy regarding relevant economic issues in both the short and long run.

4. Evaluate fundamental macroeconomic topics, the effect and measures of economic fluctuation, fiscal and monetary policies, and international trade.

## Program Requirements

<b>DEGREE TOTAL</b>		<b>60</b>

<sup>1</sup> Units for the major may be double counted for CSU GE or IGETC, confer with Counselor.

<sup>2</sup> Elective units to reach 60 unit total must be CSU transferable, confer with Counselor.

Please refer to Associate Degree for Transfer (SB 1440).

## Elementary Education

College of the Desert offers three paths for students wishing to work in elementary school. Elementary school teachers are required to have a bachelor's degree and a fifth year of teacher education. Our Elementary Teacher Education transfer degree will prepare students to transfer to CSU to work towards that goal.

We also offer two certificates that prepare students to work as Teacher Assistants/Paraeducators. Students completing these certificates will be prepared to work in an elementary school setting as a special education assistant and may choose to continue on towards an AA degree and/or transfer to a four year college.

## Elementary Teacher Assistant Special Education Certificate of Achievement

This course of study prepares the student with basic competencies to serve as an assistant in an elementary school classroom under the supervision of a credentialed teacher. Teacher assistants are also called: teacher aides, instructional aides, paraprofessionals, education assistants and paraeducators. This certificate of achievement is designed to provide a foundation of introductory but essential skills for students preparing for a career in education. Students completing this certificate may work as assistant teachers and can also continue on towards more advanced degrees to become credentialed teachers.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Apply educational and developmental theories to elementary school classroom practices.
2. Continue towards the AA-T Elementary Teacher Degree.
3. Serve as an assistant in an elementary school classroom under the supervision of a credentialed teacher.
4. Take the paraeducator exam.

## Elementary Teacher Assistant Special Education, Bilingual Certificate of Achievement

This course of study prepares the student with basic competencies to serve as a bilingual assistant in an elementary school classroom under the supervision of a credentialed teacher. Teacher assistants are also called: teacher aides, instructional aides, paraprofessionals, education assistants and paraeducators. This certificate of achievement is designed to provide a foundation of introductory but essential skills for students preparing for a career in education. Students completing

this certificate can work as assistant teachers and can also continue on towards more advanced degrees to become credentialed teacher.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Apply educational and developmental theories to elementary school classrooms.
2. Continue towards the Elementary Teacher AA-T Degree.
3. Serve as a bilingual assistant in an elementary school classroom under the supervision of a credentialed teacher.
4. Take the Bilingual Paraeducator Exam.

## Elementary Teacher Education AA-T Degree

The **Associate in Arts in Elementary Teacher Education for Transfer**, also called the Elementary Teacher Education AA-T Degree, is designed to prepare students for a seamless transfer with junior status to a CSU campus in a program or major in Liberal Studies, Integrated Teacher Education Programs for completion of a baccalaureate degree. Upon successful completion of courses leading to the *Elementary Teacher Education AA-T Degree* the student will be able to know and understand the established as well as recent theories of child development and apply human development theory to observation and practice. The successful student will be able to analyze and think critically about the teacher's role in early learning and development settings.

This degree requires students to meet both of the following requirements:

1. Completion of 60 semester units that are eligible for transfer to the California State University, including both of the following:
  - a. The Intersegmental GE Transfer Curriculum (IGETC) or the California State University GE-Breadth Requirements (CSU GE-B).

- b. A minimum of 18 semester units in a major or area of emphasis. All courses in the major or area of emphasis must be completed with a grade of "C" or better.
2. Obtainment of a minimum grade point average of 2.0.

The *Elementary Teacher Education AA-T Degree* requires students to complete 60 CSU transferable units including completion of CSU GE-B or IGETC and 55 units in the major with a cumulative GPA of 2.0 or better. Title 5 requires that students earn a grade of "C" or better in all courses required for the major or area of emphasis. There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

## Emergency Medical Services

The Emergency Medical Services Program prepares individuals to recognize illnesses and injury symptoms and to provide legally permissible emergency treatment set forth by the standards of the Riverside County EMS Agency.

Note: Pursuant to California Health and Safety code Section 1799.100, by participating in a course of instruction in emergency medical training you

have waived your rights to collect civil damages against the College in the event you sustain an injury.

The code states: "No local agency, entity of state or local government, or other public or private organization which sponsors, authorizes, supports, finances, or supervises the training of people, excluding physicians and surgeons, registered nurses, and licensed vocational nurses, as defined, in emergency medical services in training programs under this part, shall be liable for any civil damages alleged to result from such training program."

Students cannot register for the NREMT (National Registry of Emergency Medical Technicians) Certification Exam or be certified as an EMT in the state of California without a social security number.

## Emergency Medical Responder Certificate of Completion

The need for emergency medical personnel in the Coachella Valley continues to increase.

The College of the Desert's Emergency Medical Responder Certificate of Completion will help prepare current and future first responder professionals for the dynamic challenges of succeeding in a field of emergency medical services. This will help students develop a sense of the basic requirements for success in the future. This certificate allows students to complete the program while working part or full-time, with lab and lecture courses offered during weekday evenings.

### Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

1. Identify the nature of a patient's condition at the emergency medical responder level.
2. Analyze and communicate a patient's condition and initiate basic intervention as the team leader and as a team member.
3. Demonstrate the basic knowledge and understanding of emergency medical technology and systems at an emergency medical responder level.

### Program Requirements

Course Code	Title	Units
EMR 380A	Emergency Medical Responder 1A	0
EMR 380B	Emergency Medical Responder 1B	0

## Emergency Medical Responder, Intermediate Certificate of Completion

This Emergency Medical Responder (EMR) Intermediate Certificate prepares the EMR student to provide emergency prehospital assessment and care for patients of all ages with a variety of medical conditions and traumatic injuries. Areas of study include an introduction to emergency medical services systems, roles, and responsibilities of the EMR(s), anatomy and physiology, medical emergencies, trauma, and special considerations for working in the prehospital environment. The certificate also introduces ambulance driver defensive driving techniques and responses to emergencies, including active shooter situations.

### Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

1. Identify the areas of scene safety as an entry-level emergency medical responder.
2. Assess a patient's condition as an entry-level emergency medical responder team leader and team member.
3. Demonstrate fundamental knowledge and understanding of emergency medical technology and systems as it pertains to an entry-level emergency medical responder.
4. Meet or exceed the requirements necessary to successfully complete the Public Safety First Aid course as specified under Title 22 California Code.

## Program Requirements

Course Code	Title	Units
Required Courses:		
EMR 380A	Emergency Medical Responder 1A	0
EMR 380B	Emergency Medical Responder 1B	0
EMR 381	Ambulance Operations (Elective)	0
Elective (Optional):		
EMR 386	Public Safety First Aid (Optional Elective)	0

## Emergency Medical Services (EMS) Certificate of Achievement

The **Emergency Medical Services (EMS) Certificate of Achievement** is designed to offer a full range of both required and elective courses that prepare students for immediate entry into the emergency medical care field. The certificate is structured to ensure gradual, systematic and comprehensive attainment of the practical knowledge, skills, and abilities desired by both private and public organizations. It also provides an excellent foundation from which to pursue both paramedic and related degree programs. Although the job-ready Emergency Medical Technician (EMT) certification is the overriding goal of the program, the courses offered, take into account that many students experience significant difficulty in satisfactorily completing the core 8-unit EMT course without additional preparation. Therefore, a more fundamental 3-unit Emergency Medical Responder (EMR) course is provided as a prerequisite to the 8-unit EMT course, as well as a required Medical Terminology course. A basic anatomy and physiology course (Your Living Body) is also offered as an advisory to EMR in the list of electives. The certificate also assists both students and emergency medical care providers by offering an ambulance operations course that provides both operator information and driving skills training. Additionally, the certificate addresses today's communication/information and interpersonal relations workplace needs by offering a variety of other highly relevant elective courses.

## Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

1. Identify the situational safety and nature of a patient's condition.
2. Analyze and communicate a patient's condition and initiate interventions as the team leader and as a team member. Demonstrate fundamental knowledge and understanding of emergency medical technology and systems.
3. Meet or exceed the requirements necessary to successfully complete the National Registry of Emergency Medical Technicians (NREMT) EMT-Basic written examination.
4. Demonstrate knowledge of techniques for operating an ambulance vehicle prior to the run, during the run, while at the emergency scene, to the hospital and when returning to quarters.

## Program Requirements

or PSY 029	Abnormal Psychology	
<b>Required Subtotal</b>		<b>14</b>
<b>Elective Subtotal</b>		<b>3-6</b>
<b>CERTIFICATE TOTAL</b>		<b>17-20</b>

<sup>1</sup> EMR 080 is a prerequisite for EMT 084.

## Emergency Medical Services Certificate of Completion

The **Emergency Medical Services (EMS) Certificate of Completion** is designed to offer a full range of both required and elective courses that prepare students for immediate entry into the emergency medical care field. The certificate is structured to ensure gradual, systematic and comprehensive attainment of the practical knowledge, skills and abilities desired by both private and public organizations. It also provides an excellent foundation from which to pursue both paramedic and related degree programs. Although job-ready Emergency Medical Technician certification is the overriding goal of the program, the courses offered take into account that many students experience significant difficulty in satisfactorily completing the core 324 hour EMT course without additional preparation. Therefore, a more fundamental 90-hour Emergency Medical Responder (EMR) course is provided as a prerequisite to the 324 hour EMT course, as well as a required Medical Terminology course. The certificate also assists both students and emergency medical care providers by offering an ambulance operations course that provides both operator information and driving skills training.

## Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

1. Identify the situational safety and nature of a patient's condition.
2. Analyze and communication a patient's condition and initiate intervention as the team leader and as a team member.
3. Demonstrate fundamental knowledge and understanding of emergency medical technology and systems.

- Meet or exceed the requirements necessary to successfully to complete the National Registry of Emergency Medical Technicians (NREMT) EMT-Basic Written Examination.
- Demonstrate knowledge of techniques for operating an ambulance vehicle prior to the run, during the run, while at the emergency scene, to the hospital, and when returning to quarters.

## Program Requirements

Course Code	Title	Units
EMR 380A	Emergency Medical Responder 1A	0
EMR 380B	Emergency Medical Responder 1B	0
EMR 381	Ambulance Operations	0
EMT 384	Emergency Medical Technician I	0

## Emergency Medical Technician

EMT 084 meets the state coursework minimum requirements for EMT-I programs. Field and clinical experience is arranged outside of scheduled theory and skills lab time. CPR certification is required prior to students attending clinical experience. Students must be eighteen (18) years of age to enroll in this course. Students are required to purchase malpractice insurance in conjunction with this course. Students will be required to provide a negative criminal background clearance. You will be required to provide proper identification including your Social Security number. The student shall be responsible for paying any associated costs of program requirements. Information sessions are provided for prospective students. Call 760.568.3083 or visit the department website for dates and times of sessions.

On completion of EMT 084 with an 80% or higher, the student is eligible to apply to the local EMS Authority for the county-issued certification as an Emergency Medical Technician-I which is valid for 2 years.

EMT 085 refresher course is offered each Fall and Spring semester. The course meets the requirements for EMT-I recertification.

This program meets all criteria of the Riverside County EMS Agency for the Emergency Medical Technician-I training.

*This certificate is locally approved and is NOT notated on the student's academic transcript in accordance with State regulations.*

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

- Demonstrate basic knowledge of the emergency medical system.
- Demonstrate the ability to administer the medications within the Emergency Medical Technicians' scope of practice.
- Meet or exceed the requirements necessary to successfully complete the National Registry of Emergency Medical Technicians (NREMT) EMT-Basic written examination.
- Demonstrate the knowledge of the care and treatment of patients with medical and traumatic conditions.

## Program Requirements

Course Code	Title	Units
<b>Required Courses</b>		
EMR 080	Emergency Medical Responder	3
EMR 080A	Emergency Medical Responder 1A	1.5
EMR 080B	Emergency Medical Responder 1B	1.5
EMT 084	Emergency Medical Technician I	8
<b>Required Subtotal</b>		<b>11</b>
<b>CERTIFICATE TOTAL</b>		<b>11</b>

<sup>1</sup> EMR 080 is a prerequisite for EMT 084.

## Public Safety Certificate of Achievement

The Public Safety Certificate of Achievement is focused towards students pursuing a career in Public Safety or as a First Responder. Students will be introduced to courses in Criminal Justice, Fire Service and Emergency Medical Services. Completion of this certificate will provide students with the basic knowledge to pursue a career in the Public Safety field.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

- Exhibit a working knowledge of the various aspects of the Fire Service to include but not limited to Fire Department structure, operations, educational and experiential requirements for fire service jobs.
- Describe employment criteria required in Criminal Justice and Law Enforcement industries.
- Display aptitude and knowledge necessary to qualify for employment in Emergency Medical Service industries.

## Program Requirements

Course Code	Title	Units
<b>Required Courses:</b>		
CJ 001	Introduction to Criminal Justice	3
FIRE 001	Principles of Emergency Services	3
OR		
FIRE 001A & FIRE 001B	Principles of Emergency Services 1A and Principles of Emergency Services 1B	3
EMR 080	Emergency Medical Responder	3
OR		
EMR 080A & EMR 080B	Emergency Medical Responder 1A and Emergency Medical Responder 1B	3
<b>CERTIFICATE TOTAL</b>		<b>9</b>

## Engineering

The Engineering program at College of the Desert is designed to:

- Provide students with the fundamental knowledge and skills in mathematics, science, and engineering to prepare them for successful transfer to four-year engineering programs and complete their degree in a timely manner.
- Produce engineering transfer students that recognize the importance of and engage in life-long learning, as they pursue their four-year degrees and perhaps a graduate level education while at the same time encouraging others to have this same motivation.
- Produce students that have an understanding of ethical responsibility and service toward their peers, employers, and society and follow these precepts in their daily lives.

Upon completion of this program students will be able to:

- Analyze real world engineering problems and apply appropriate theory to solve them.
- Acquire the skills necessary to interact and communicate in an effective manner in a technical environment such as Engineering.

- Demonstrates the skills relevant to the engineering field.
- Apply and transfer to an engineering program at a four-year school.

## Engineering AS Degree

The **Associate of Science Degree in Engineering** prepares students for transfer to the four year college or university to complete a bachelor's degree program in one of the following engineering disciplines: aerospace, biomedical, chemical, civil, computer, electrical, environmental, manufacturing, mechanical, and nuclear. The program covers courses typically offered in freshman and sophomore years of an accredited engineering curriculum in the United States. Students are strongly recommended to keep themselves informed of the rules and requirements related to the major department at the transfer institution. Students are advised to use the counseling expertise available via the Counseling Center and faculty advisors to establish an individual educational plan specific to their academic goal.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Apply knowledge of mathematics and scientific principles to engineering problems.
2. Apply critical thinking skills in evaluating information, solving problems and making decisions.
3. Analyze and interpret data.
4. Apply knowledge of mathematics and scientific principles to engineering problems.
5. Collaborate with peers on diverse, multi-disciplinary teams.
6. Research and evaluate information from a variety of sources including the Internet.
7. Demonstrate professional and ethical behavior and responsibility.
8. Communicate effectively with written, oral, and visual means.
9. Recognize the need for and an ability to engage in life-long learning.

## English

College of the Desert's English program offers a wide range of courses meant to help students develop writing, research, problem-solving, and critical-thinking skills that are applicable across disciplines and the varied career paths that our diverse student body pursues. Currently, there are between 100 and 120 sections of English offered each semester.

The English program's composition courses prepare incoming students with the fundamentals of sentence structure and academic expository essay structures, critical thinking skills, and basic research techniques to assure competency in their freshman-level writing requirements, other college-level writing assignments, and vocational and professional needs. These skills translate into use across the disciplines and across career paths.

The English program also offers an AA-T degree in English, in compliance with SB 1440, as well as courses leading to transfer to a four-year college or university. English majors are well prepared for virtually any professional career that requires skills in communication, writing, and complex thinking. Students who choose to continue their studies toward a bachelor's degree should consult with a counselor for specific information regarding the transfer requirements of their preferred college or university.

For more information about the English program, please call 760.773.2572.

## English AA-T Degree

College of the Desert's **Associate in Arts in English for Transfer**, also called the English AA-T Degree, offers a wide range of courses designed to help students develop writing, research, problem solving, and critical thinking skills that are applicable across disciplines and the varied career paths that our diverse student body will pursue. Courses in writing and literature prepare students to write effective essays, conduct in-depth research on many topics, and use problem solving and critical thinking strategies in synthesizing and relaying information to specific audiences. These skills translate across all disciplines and career paths that students will pursue. Students earning an AA-T degree in English are well prepared for a variety of career fields in the liberal arts. Students may also choose to continue their study in the discipline toward a bachelor's degree. This degree requires students to complete 60 CSU transferable units including completion of CSU GE or IGETC and 19-21 units in the major with a cumulative GPA of 2.0 or better. Title 5 requires that students must earn a "C" or better in all courses required for the major or area of emphasis. There are no additional graduation requirements.

Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

## Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

1. C3 – ARTS, HUMANITIES, AND CULTURE The Arts, Humanities, and Culture areas allow students to appreciate and develop philosophical, cultural, and literary perspective, encouraging independence, and aesthetic sensibility, adapt, respond, and grow in the diverse, global, and rapidly changing environment of the 21st century. Students completing courses in this category will demonstrate an ability to:
  - communicate effectively in many different situations involving diverse people and viewpoints.
  - analyze the variety of forms of expression and how those are used to communicate social, cultural, and personal ideas, feelings, and concepts.
  - show how and why the visual and performing arts are unique and how inherent meaning in the arts transcend written and verbal communication.
  - effectively communicate and express themselves and make themselves understood through visual, auditory, tactile, and symbolic means.
  - understand and appreciate diverse local, national, and world contexts.
  - connect knowledge of self and society to larger cultural contexts.
  - articulate the differences and similarities between and within cultures.

2. C4.B – Communication and Analytical Thinking Communication and Analytical Thinking emphasize active participation in clear communication, logical thought and quantitative reasoning. Students completing courses in this category will demonstrate an ability to:
  - raise questions and problems, formulating them clearly and precisely.
  - gather, assess, and interpret relevant information
  - compare and contrast ideas from conclusions and solutions based on relevant criteria and standards.
  - recognize and assess assumptions, implications, and practical consequences of alternative systems of thought.
  - express solutions to complex problems using language and logic.
  - apply logical and critical thinking to solve problems; explain conclusions; and evaluate, support, or critique the thinking of others.
3. C4 – LANGUAGE AND RATIONALITY C4.A – English Composition English Composition courses emphasize active student participation in writing and speaking assignments, including accurate reporting and evaluation of information, as well as advocating points of view in a logical, well-organized, and clear manner. Students completing courses in this category will demonstrate an ability to:
  - communicate in many different situations, involving diverse people and viewpoints.
  - listen and analyze the substance of others' comments.
  - summarize and analyze fiction and nonfiction.
  - conduct research, synthesize and evaluate information, develop arguments and organize evidence into oral and written presentations, using proper research methods and documentation.
  - recognize public presentation of oral and written work as a process subject to brainstorming, organizing, drafting, and revising.

## Language and Thought Certificate of Competency

The **Language and Thought Certificate of Competency** critical thinking skills about language use and personal experience conveyed through writing. The certificate examines language in context as well as how personal experience can be used to support arguments. This certificate asks students to examine the political, social, and cultural meaning behind language and narratives. It explores word choice and how the meaning of language changes depending on setting, and how the way in which a story is told reveals knowledge and insight. Attention begins at the individual word level then moves narratives.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Examine individual words and how their connotations changes depending on context and setting.
2. Examine how language shapes people's perceptions of society.
3. Explore how narratives and personal experiences have social, professional, and academic value.
4. Compose narratives relevant to students' personal and professional lives.

## Program Requirements

Course Code	Title	Units
<b>Required Courses</b>		
ENG 305	Language in Context	0
ENG 306	Narrative Writing and Writing from Personal Experience	0

## Organization Certificate of Competency

The **Organization Certificate of Competency** develops writing skills that help students communicate ideas, opinions, arguments, facts, and evidence in a coherent structure intended for a reading audience. These organizational principles will benefit students in academic classes at the community college level as well as in the workplace.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Write developed paragraphs that use topic sentences, evidence, and analysis of evidence.
2. Practice writing a variety of paragraphs for different purposes.
3. Understand the basic structure of an academic essay, including introductory paragraphs, body paragraphs, and conclusions.
4. Practice writing essays for varying purposes.

## Program Requirements

Course Code	Title	Units
<b>Required Courses</b>		
ENG 303	Developing Paragraphs	0
ENG 304	Basic Essay Principles	0

## Research and Argument Certificate of Competency

### Learning Outcomes

The **Research and Argument Certificate** explores the basic elements of academic research and argumentative writing. The courses in this certificate prepare students for the rigors of academic research and argumentative writing that are expected in courses across the curriculum.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Evaluate the relevance and validity of research sources.
2. Employ the rules of citation and documentation in academic writing.
3. Analyze the rhetoric of various genres of argument (e.g., academic, journalistic, and political).

## Program Requirements

Course Code	Title	Units
<b>Required Courses</b>		
ENG 307	Introduction to Research and Documentation	0
ENG 308	Introduction to Rhetoric and Argument	0

## Sentence Certificate of Competency

The **Sentence Certificate of Competency** delves into the basic elements of Standard Written English (SWE), namely the rules of grammar and syntax, and the conventions of SWE usage. The courses that make up this certificate begin with the basic grammatical units of SWE, followed by an overview of common grammar errors that impede communication and an overview of syntactic and usage problems.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Recognize and revise errors in grammar and usage.
2. Develop an understanding of standard English usage in various writing situations.

### Program Requirements

Course Code	Title	Units
<b>Required Courses</b>		
ENG 301	Basic Grammar and Punctuation	0
ENG 302	Sentences and Syntax	0

## English as a Second Language

College of the Desert's English as a Second Language program offers credit and noncredit courses preparing students for entry to academic programs at COD.

The English as a Second Language (ESL) program offers two levels: high intermediate and advanced. The purpose of these classes is to provide students with college preparation and academic language instruction. The focus is to prepare students for the GED, vocational certificate, and degree programs, and transfer to a University. Tuition fees apply for credit classes, and Financial Aid is available for those who qualify. Interested students may also consider coursework in ESLN (p. 187). Further resources are available via the International Student Office and the TASC Language Lab.

## English as a Second Language Advanced Academic Credit Certificate of Proficiency

The **Certificate in Advanced Academic ESL** provides students, prospective employers, and others with documented evidence of persistence and academic accomplishment in English as a Second Language. The certificate demonstrates satisfactory completion of the ESL program designed to enable non-native English language students to develop college-level oral, aural, reading, and written fluency. *This certificate is locally approved and is NOT noted on the student's academic transcript in accordance with State regulations.*

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Demonstrate ability to write college essays using various grammatical structures to establish sequence and coherence.

2. Speak with increasing confidence and fluency of vocabulary and pronunciation in formal and informal oral communication.

### Program Requirements

Course Code	Title	Units
<b>Required Courses</b>		
ESL 052	Pronunciation	3
or ESL 053	Speech Pronunciation & Listening	
ESL 071	ESL/Academic English II	4
ESL 071A	Advanced Grammar & Editing	2
<b>CERTIFICATE TOTAL</b>		<b>9</b>

## Advanced Academic English as a Second Language Noncredit Certificate of Competency

The noncredit Certificate of Competency in Advanced Academic ESL provides students, prospective employers, and others with documented evidence of persistence and academic accomplishment in English as a Second Language. The certificate demonstrates satisfactory completion in a sequence of six courses in the ESL program designed to enable non-native English language students to develop college-level oral, aural, reading, and written fluency.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Demonstrate comprehension of and ability to read critically a variety of authentic texts.
2. Demonstrate ability to write expository essays.
3. Demonstrate ability to use various grammatical structures to establish sequence and coherence.
4. Speak with increasing confidence, fluency, and control in formal and informal oral communication.
5. Recognize and correct pronunciation and speech problems that impede successful communication.

### Program Requirements

Course Code	Title	Units
<b>Required Courses</b>		
ESL 352	Pronunciation	0
ESL 353	Speech Pronunciation & Listening	0
ESL 370	ESL/Academic English I	0
ESL 370A	Grammar & Editing	0
ESL 371	ESL/Academic English II	0
ESL 371A	Advanced Grammar & Editing	0

## English as a Second Language Noncredit

The English as a Second Language Noncredit (ESLN) program consists of a series of courses which meet the needs of students not fluent in English. The program offers six levels of English, ranging from a Foundations level for true beginners to a low-advanced Level 5. Students acquire the skills required for their daily lives and prepare themselves to enter high school completion, vocational, or academic programs. Students can enroll in comprehensive courses, which are 3-hour multi-

skills classes (M-Th) or in conversation and pronunciation courses, which help students enhance speaking, listening, and pronunciation proficiency. In addition, students can enroll in vocational ESLN courses, as well as a computer literacy class to prepare them for employment. Classes are open-entry, thereby allowing students to register at any time during the school year. Classes are held day and evening at Palm Desert, Indio, and other off-campus locations.

Anyone 18 years of age and older regardless of their educational background is welcome to enroll in this program.

The ESLN program also offers three noncredit certificate options to students. The English Proficiency Certificate focuses on the essential English language skills needed in day-to-day living and working situations. The Academic English Certificate is for students who are planning on pursuing a college degree or vocational certificate. The Certificate of Completion in Vocational ESL Noncredit is a sequence of courses designed to prepare students for employment in a variety of fields. Please refer to the sequence of noncredit ESL courses required for these certificates. For more information, please call 760.776.7348 or email abepd@collegeofthedesert.edu.

Interested students may also consider coursework in ESL (p. 187).

## Inglés Como Segundo Idioma No Credito

El programa de inglés como segundo idioma sin crédito (ESLN) consiste de una serie de cursos para estudiantes que no dominan el inglés.

El programa ofrece seis niveles de inglés, empezando con un nivel básico para verdaderos principiantes, hasta el nivel 5, que es nivel bajo-avanzado. En este programa, los estudiantes aprenden inglés para su vida diaria y después de completar el programa de ESLN, pueden ingresarse en programas vocacionales o académicos. Los estudiantes pueden inscribirse en cursos integrales, que son clases de habilidades múltiples de 3 horas (lunes-jueves), o en cursos de conversación y pronunciación que ayudan a los estudiantes a conversar en inglés y mejorar su comprensión auditiva y pronunciación. Los estudiantes también pueden inscribirse en cursos de inglés para el trabajo (VESL) en donde practican el inglés que se usa en el empleo o donde aprenden a usar una computadora.

Las clases son de entrada abierta, permitiendo que los estudiantes se registren en cualquier momento durante el año escolar. Las clases se llevan a cabo día y noche en Palm Desert, Indio, y en otros sitios fuera del campus.

Todas las personas mayores de 18 años, independientemente de su nivel educativo, pueden inscribirse en este programa.

El programa ESLN también ofrece tres opciones de certificados sin crédito. El Certificado de English Proficiency se enfoca en el inglés necesario en situaciones de vida diaria y trabajo. El Certificado de Inglés Académico es para estudiantes que planean obtener un título universitario o un certificado vocacional. El Certificado Vocacional de ESLN consiste de una secuencia de cursos que preparan a los estudiantes para el empleo. Consulte la secuencia de cursos de ESLN requeridos para estos certificados. Para obtener más información, llame al 760.776.7348 o mande un correo electrónico a abepd@collegeofthedesert.edu.

Los estudiantes interesados también pueden considerar cursos en ESL (p. 187).

## English Proficiency Certificate of Completion: Life & Work Skills

This sequence of courses will teach the student the English grammar, reading, writing, listening, and speaking skills that he or she will need to be an active and productive member of the community at large. The sequence of courses will also give students the necessary skills to find and maintain a job, as well as advance in a current job that he or she may have.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. The students will be able to orally communicate with others in basic social, family, community, and work situations.
2. The students will be able to demonstrate adequate reading and writing skills to be active members of the community and/or work place.

### Program Requirements

Course Code	Title	Units
<b>Required Courses</b>		
ESLN 309A	ESL - Foundations	0
ESLN 310A	ESL - Comprehensive I	0
ESLN 310B	ESL - Comprehensive II	0
ESLN 310C	ESL - Comprehensive III	0
<b>Electives (Optional)</b>		
ESLN 387A	ESL Conversation & Vocabulary - Foundations	0
ESLN 388A	ESL Conversation I - Low Beginning	0
ESLN 388B	ESL Conversation II - High Beginning	0
ESLN 388C	ESL Conversation III - Low Intermediate	0
ESLN 390A	ESL - Pronunciation & Vocabulary 1	0

## Academic English Certificate of Completion

This series of courses will teach the students English grammar, reading, writing, listening and speaking skills that they will need to be adequately prepared for college-credit classes where they will be able to earn vocational certificates, earn an Associate degree, and/or transfer to a baccalaureate institution. The sequence of courses will also give students the necessary skills to find and maintain a job, as well as advance in a current job that he or she may have.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. English language learners will be able to apply academic language skills to be prepared for Adult Basic Education or credit classes, and/or be successful in the workforce.

### Program Requirements

Course Code	Title	Units

ESLN 388E	ESL Conversation V - Low Advanced	0
ESLN 390B	ESL - Pronunciation & Vocabulary 2	0

## Vocational ESLN Certificate of Completion

The Certificate of Completion in Vocational ESL Noncredit is a sequence of courses designed to prepare students for employment in a variety of fields. The core courses focus on work-related vocabulary and strategies to help students find and retain a job, whereas the elective course focuses on more specialized skills.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Communicate meaningfully with others.
2. Demonstrate reading skills to multiple texts.
3. Apply English conventions of grammar, mechanics, usage, punctuation, and format according to course intensity.

### Program Requirements

ESLN 389A	ESL - Introductory Computer Skills	0

## Ethnic Studies

Ethnic studies is the critical interdisciplinary study of race and racism utilizing intersectional, comparative, relational, and transnational approaches that focus on the histories, experiences, cultures, and struggles of historically minoritized ethnoracial groups in the United States while centering a praxis of racial justice. Emerging from the historic campus and community civil rights struggles of the late 1960s, the field focuses primarily on Indigenous/Native American studies, Black/African American studies, Latinx/Chicanx studies, and Asian American/Pacific Islander studies, each with their own epistemological and methodological frameworks, while also engaging in the analysis of other racialized ethnic groups in the U.S. An emphasis is placed on the hierarchical and systemic power relations (settler colonialism, white supremacy, cishetero-patriarchy, classism etc.) that arise from institutional, cultural, and global productions/hierarchies of "race." Ethnic Studies also investigates how race and ethnicity intersect with class, gender, ability, and sexuality in order to help students develop a critical understanding of the complex and intersecting historical struggles and movements for social transformation, resistance, and liberation in the U.S. and beyond.

For more information, please call 760.776.5487

Mzilikazi Koné  
mkone@collegeofthedesert.edu  
760.776.5487

### Ethnic Studies AA Degree

Ethnic studies is the critical interdisciplinary study of race and racism utilizing intersectional, comparative, relational, and transnational approaches that focus on the histories, experiences, cultures, and struggles of historically minoritized ethnoracial groups in the United

States while centering a praxis of racial justice. Emerging from the historic campus and community civil rights struggles of the late 1960s, the field focuses primarily on Indigenous/Native American studies, Black/African American studies, Latinx/Chicanx studies, and Asian American/Pacific Islander studies, each with their own epistemological and methodological frameworks, while also engaging in the analysis of other racialized ethnic groups in the U.S. An emphasis is placed on the hierarchical and systemic power relations (settler colonialism, white supremacy, cishetero-patriarchy, classism etc.) that arise from institutional, cultural, and global productions/hierarchies of "race." Ethnic Studies also investigates how race and ethnicity intersect with class, gender, ability, and sexuality in order to help students develop a critical understanding of the complex and intersecting historical struggles and movements for social transformation, resistance, and liberation in the U.S. and beyond.

Upon satisfactory completion of this program students will be able to:

1. Evaluate scholarship and other cultural forms that center the traditions, experiences, and liberation struggles of Latinx/Chicanx, African American/Black, Asian American, and Native American & Indigenous people in the United States.
2. Clearly articulate counternarratives to white supremacist, Eurocentric, and colonialist systems and discourses.
3. Develop a historically-aware analysis of race and racism in the United States, including how racism interacts with other axes of power and oppression, using critical interdisciplinary methodologies.
4. Evaluate and participate in collective action that support racial equity and coalition building.

Through social justice-oriented, culturally responsive, and community engaged curriculum and pedagogy, students in the program develop their capacities in collaborative leadership, critical self-awareness, sociopolitical consciousness, interdisciplinary research, community empowerment, media and information literacy, critical thinking, oral and written communication, racial justice literacy, and cultural competency. The major prepares students for careers that work with under-served/minoritized populations in areas such as education and research, community and social services, public policy and government, human and health services, communications, museums, and cultural centers. This degree requires students to meet the following requirements:

- Completion of 60 semester units or 90 quarter units of degree-applicable courses,
- Minimum overall grade point average of 2.0,
- Minimum grade of "C" (or "P") for each course in the major, and
- Completion of IGETC and/or CSU GE-Breadth.

The Associate in Arts in Ethnic Studies, prepares students to transfer to campuses that offer bachelor's degrees in Ethnic Studies. This degree requires students to complete required subtotal of 18 units and the degree requires 60 total units or 90 quarter units of degree-applicable courses. Title 5 requires that students earn a grade of "C" (or "P") better in all courses required for the major or area of emphasis. There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Evaluate scholarship and other cultural forms that center the traditions, experiences, and liberation struggles of Latinx/Chicanx, African American/Black, Asian American, and Native American & Indigenous people in the United States.

- Clearly articulate counternarratives to white supremacist, Eurocentric, and colonialist systems and discourses.
- Develop a historically-aware analysis of race and racism in the United States, including how racism interacts with other axes of power and oppression, using critical interdisciplinary methodologies.
- Evaluate and participate in collective action that support racial equity and coalition building.

## Program Requirements

Course Code	Title	Units
<b>Required Core Course (3 Units)</b>		
ETHN 001	Introduction to Ethnic Studies	3
<b>Required: Select 3 courses from the following (9 units)</b>		
ETHN 002	Introduction to Chicanx & Latinx Studies	3
ETHN 003	Introduction to Black Studies	3
ETHN 004	Introduction to Native American Studies	3
ETHN 005	Introduction to Asian American Studies	3
<b>Elective: Select 1 Course from the Following (3 Units)</b>		
GEOG 002	Cultural Geography	3
SOC 002	Social Problems	3
SOC 005	Sociology of Gender and Sexuality	3
SOC 014	Introduction to Race & Ethnicity	3
SOC 015	Mexican American Culture & Society	3

Units for the major may be double counted for CSU GE or IGETC, confer with Counselor. <sup>1</sup>		
Elective units to reach 60 unit total must be CSU transferrable, confer with Counselor. <sup>2</sup>		

## Fire Technology

Fire Technology is the study of the organization and function of fire prevention and suppression techniques; fire behavior, combustible

materials, extinguishing agents, hazardous and toxic material; fire protection techniques and systems; fire command and fire management (supervision).

Career paths chosen by students pursuing undergraduate and/or baccalaureate degrees in fire technology or fire service commonly include firefighter, fire engineer, paramedic, forest service worker, health and safety officer, fire prevention specialist, fire inspector, and hazardous materials specialist.

College of the Desert's (COD) fire technology curriculum includes course offerings that provide a general overview of the discipline, and specific courses in design and operation of fire detection and alarm systems; fire protection features in building design and construction; wildland fire behavior and fireline techniques; trench rescue, confined space awareness and automobile extraction. Additional information on the programs is available on the Public Safety Academy's website.

The college offers a Certificate of Achievement in Fire Technology and an Associate of Science degree. The Certificate of Achievement is designed to provide students with skills necessary for employment or advancement as an entry-level firefighter. Students earning the certificate may also choose to continue their study toward an associate or baccalaureate degree in the field.

Past recipients of the COD Certificate of Achievement in Fire Technology have obtained positions as firefighter, firefighter/EMT and paramedic. Students earning an associate's degree in Fire Technology may pursue positions as a firefighter, paramedic or firefighter/EMT or may choose to continue their study in fire technology or fire service toward a bachelor's degree.

## Public Safety Certificate of Achievement

The Public Safety Certificate of Achievement is focused towards students pursuing a career in Public Safety or as a First Responder. Students will be introduced to courses in Criminal Justice, Fire Service and Emergency Medical Services. Completion of this certificate will provide students with the basic knowledge to pursue a career in the Public Safety field.

## Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

- Exhibit a working knowledge of the various aspects of the Fire Service to include but not limited to Fire Department structure, operations, educational and experiential requirements for fire service jobs.
- Describe employment criteria required in Criminal Justice and Law Enforcement industries.
- Display aptitude and knowledge necessary to qualify for employment in Emergency Medical Service industries.

## Fire Technology Certificate of Achievement

Fire technology is the study of the organization and function of fire prevention and suppression techniques; fire behavior, combustible materials, extinguishing agents, hazardous and toxic material; fire protection techniques and systems; fire command and fire management (supervision).

The certificate of achievement is designed to provide students with skills necessary for employment or advancement as an entry-level firefighter. Students earning the certificate may also choose to continue their study toward an associate or baccalaureate degree in the field.

Past recipients of the COD (College of the Desert) Certificate of Achievement in Fire Technology have obtained positions as firefighter, firefighter/Emergency Medical Technician (EMT) and paramedic. This program follows the Fire and Emergency Services Higher Education (FESHE) model from the National Fire Academy.

This program prepares individuals for an entry-level career in the fire service by providing a foundation of core concepts, practices, vocabulary, culture, safety and requirements for the fire service. Public and private careers can be pursued with completion of this certificate program. Courses listed in the Fire Technology Certificate of Achievement will also count towards the **Associate of Science in Fire Technology** (transfer preparation and employment preparation).

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Display aptitude and knowledge necessary to qualify for employment in fire prevention and fire suppression industries.
2. Exhibit a working knowledge of the various aspects of the Fire Service to include but not limited to Fire Department structure, operations, educational and experiential requirements for fire service jobs.

## Fire Technology AS Degree (employment preparation)

Fire technology is the study of the organization and function of fire prevention and suppression techniques; fire behavior and combustion, fire chemistry, extinguishing agents, hazardous and toxic material; fire protection systems; fire command and fire management (supervision). Career paths chosen by students pursuing an undergraduate and/or baccalaureate degree in fire technology commonly include firefighter, fire engineer, paramedic, forest service worker, health and safety officer, fire prevention specialist, fire inspector, fire investigator, fire protection engineer and hazardous materials specialist.

College of the Desert's Fire Technology curriculum includes course offerings that provide a general overview of fire service disciplines, as well as specific courses in fire suppression, fire tactics and strategy, fire prevention, design and operation of fire detection and alarm systems, hazardous materials, fire protection building design and construction. In addition, Fire Service Training & Education Program (FSTEP) and California Fire Service Training & Education System (CFSTES) courses through the California State Fire Marshal's office are offered in this program.

College of the Desert is recognized by the California State Fire Marshal as an Accredited Regional Training Program offering a Firefighter 1 Basic Training Academy. The objective for this program are to develop

teamwork, skills, attitudes and public service commitment necessary for employment in the fire service.

Students earning an **Associate of Science in Fire Technology (employment preparation)** may pursue positions as a firefighter, paramedic or firefighter/ EMT or may choose to continue their study in fire technology or fire service toward a bachelor's degree.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Recognize the characteristics of fire behavior caused by external influences of weather and chemicals during stages of fire behavior, heat transfer and extinguishment.
2. Exhibit a working knowledge of the various aspects of the Fire Service to include but not limited to Fire Department structure, operations, educational and experiential requirements for fire service jobs.
3. Explain the various types of fire protection systems as they relate to design, inspections and certifications in the fire service.
4. Identify building construction types and the anticipated building collapse conditions that will occur during fire emergency situations.
5. Display aptitude and knowledge necessary to qualify for employment in fire prevention and fire suppression industries.

## Fire Technology AS Degree (transfer preparation)

Fire technology is the study of the organization and function of fire prevention and suppression techniques; fire behavior and combustion, fire chemistry, extinguishing agents, hazardous and toxic material; fire protection systems; fire command and fire management (supervision). Career paths chosen by students pursuing an undergraduate and/or baccalaureate degree in fire technology commonly include firefighter, fire engineer, paramedic, forest service worker, health and safety officer, fire prevention specialist, fire inspector, fire investigator, fire protection engineer and hazardous materials specialist. Students enrolled in this **Associate of Science in Fire Technology** (transfer preparation) program will be able to transfer to California State University Los Angeles to pursue a Baccalaureate of Science degree in Fire Protection Administration and Technology.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Display aptitude and knowledge necessary to qualify for employment in fire prevention and fire suppression industries.

2. Explain the Fire Technology Associate Degree transfer requirements to California State University Los Angeles for a Bachelor's Degree in Fire Protection Administration and Technology.
3. Exhibit a working knowledge of the various aspects of the Fire Service to include but not limited to Fire Department structure, operations, educational and experiential requirements for fire service jobs.
4. Identify building construction types and the anticipated building collapse conditions that will occur during fire emergency situations.
5. Explain the various types of fire protection systems as they relate to design, inspections and certifications in the fire service.

## Foreign Languages

College of the Desert offers courses in American Sign Language, French, German, Japanese, and Spanish.

Any student who feels qualified to take a more advanced course than indicated in his prior work will be encouraged to do so by recommendation of the instructor.

Colleges and universities consider it essential that any student receiving the Bachelor of Arts degree have at least some knowledge of a language and civilization of other cultures. Students who are planning to transfer to a four-year institution should consult their respective catalogs for more specific information.

## Spanish AA-T Degree

The Associate in Arts in Spanish for Transfer, also called the Spanish AA-T degree, will provide students with a strong foundation to develop their skills at high-intermediate or advanced levels in Spanish according to the Five C's from the World-Readiness Standards for Learning Languages created by the American Council on the Teaching of Foreign Languages (ACTFL): communication, cultures, connections, comparisons, and communities. Students will acquire language proficiency through the three modes of communication: presentational (speaking, writing), interpretative (listening/watching and reading), and interpersonal (speaking and writing). Furthermore, students will produce the language, exchange information, and negotiate and clarify meaning in Spanish by analyzing and discussing daily life situations and academic topics related to the history and culture of the diverse Hispanic world. In addition, students will develop global competence by investigating, explaining, and analyzing current global issues that affect the Hispanic world. Also, students will identify and reflect on different cultural perspectives and practices in order to successfully interact with diverse people from around the world.

The Spanish AA-T degree prepares students to transfer to CSU campuses that offer bachelor's degrees in Spanish. It also complements majors in international relations, political science, business, education, sociology, and other areas of study. Students earning the Spanish AA-T degree will be granted priority for admission as Spanish major to a local CSU, as determined by the CSU campus to which the student applies. This Spanish AA-T degree requires students to meet both of the following requirements:

- (1) Completion of 60 semester units that are eligible for transfer to the California State University, including both of the following:
    - The Intersegmental GE Transfer Curriculum (IGETC) or the California State University GE-Breadth Requirements (CSU GE-B).
    - A minimum of 18 semester units in a major or area of emphasis. All courses in the major or area of emphasis must be completed with a grade of "C" or better.
  - (2) Obtainment of a minimum grade point average of 2.0.
- There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Acquire language proficiency in Spanish through the three modes of communication: presentational, interpretative, and interpersonal.
2. Analyze, orally and in writing, daily life situations and academic topics related to the history and culture of the Hispanic world according to the language conventions.
3. Analyze a variety of texts and audio sources related to the history and culture of the Hispanic world in order to negotiate and clarify meaning.
4. Develop global and cultural competence by reflecting on different cultural perspectives and practices within the Hispanic world.

## Program Requirements

Course Code	Title	Units
<b>Required Core</b>

## Translating and Interpreting in Spanish in the School Environment Certificate of Completion

This certificate provides basic training in translating and interpreting in Spanish in the school environment to those students who are interested in pursuing a career in this field or are already working as translators and/or interpreters but need the appropriate training. The courses will be conducted in both Spanish and English.

**Upon satisfactory completion of this program students will be able to:**

1. Perform as a translator and interpreter in the school environment according to the Code of Ethics for translators and interpreters.

Course Code	Title	Units
Required Courses:		
SPAN 325A	Translating in Spanish in the School Environment	0
SPAN 325B	Interpreting in Spanish in the School Environment	0

## Geography AA-T Degree

Geography is concerned with the spatial variations and interrelationships between the natural and cultural features of the earth. The Geography major is designed to develop and deepen a student's ability to interpret and explain the occurrence, distribution, and interrelationships of the earth's physical and social elements. Geographers examine where are things located; why are they located in that manner; and how their location affects them? The geographer's challenge is to provide continuing interpretation of the constantly changing physical and human landscapes of the world.

Geography is often paired with an environmental component intended to develop and deepen an understanding of environmental issues. It emphasizes a systems approach to understanding the major environmental problems facing our society and the world at large. Students gain an understanding of geographical perspectives of human impacts on natural systems, and on the implications of environmental

change on local, regional and global human systems. This is an especially attractive major for liberal arts students as well as those who want to specialize in areas such as international issues, development, the environment and remote-sensing GIS. Geography's body of theory and its methodologies provide ideas and techniques applicable to a wide range of questions about our environment; it also provides both the regional and world perspectives required of responsible citizens. The **Associate in Arts in Geography for Transfer**, also called the Geography AA-T Degree, requires students to complete 60 CSU transferable units including completion of CSU GE or IGETC and 19-23 units in the major with a cumulative GPA of 2.0 or better. Title 5 requires that students earn a grade of "C" or better in all courses required for the major or area of emphasis. There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

## Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

1. Students will develop a solid understanding and will be able to define and describe the concepts of "space," "place" and "region" and their importance in explaining world affairs.
2. Students will be able to locate on a map major physical features, cultural regions, and individual states and urban centers.
3. Students will be able to describe and explain general demographic principles and their patterns at regional and global scales.
4. Students will describe and explain global and regional patterns of cultural, political and economic institutions, and their effects on the preservation, use and exploitation of natural resources and landscapes.

## Global Studies AA-T Degree

Students pursuing a degree in Global Studies will acquire a broad, knowledge of the interdisciplinary field of global studies. Students will understand the impact of globalization on politics, culture, and economics. They will also assess key global issues, including but not limited to, the environment, human needs, human rights, population growth and migration, economic development, and global governance. Students will develop skills and knowledge that will allow them to work in an increasingly globalized world. They will be able to understand how various disciplines approach the topic of globalization and its consequences. They will also be able to hone skills, such as critical thinking and problem solving, that encourage them to become more effective global citizens.

Career paths chosen by students pursuing undergraduate studies in Global Studies commonly include government service, activism, consulting, lobbying, and journalism. Careers in the discipline that generally require graduate-level degrees include college teaching, law, policy analysis, diplomacy, etc.

The **Associate in Arts in Global Studies for Transfer**, also called the Global Studies AA-T Degree, prepares students to transfer to CSU campuses that offer bachelor's degrees in Global Studies or related major. Students earning the Global Studies AA-T Degree will be granted priority for admission as a Global Studies or related major to a local CSU, as determined by the CSU campus to which the student applies. This Global Studies AA-T degree requires students to meet both of the following requirements:

- Completion of 60 semester units that are eligible for transfer to the California State University, including both of the following:
  - The Intersegmental GE Transfer Curriculum (IGETC) or the California State University GE-Breadth Requirements (CSU GE-B).
  - A minimum of 18 semester units in a major or area of emphasis. All courses in the major or area of emphasis must be completed with a grade of "C" or better.
- Obtainment of a minimum grade point average of 2.0.

There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

- Students will demonstrate the ability to write, speak, and critically analyze complex global events and processes of globalization. (Critical Thinking 2)
- Students will develop the ability to form an original argument in response to a contemporary globalization issue and propose theoretical and/or practical solutions. (Global Citizenship: Scientific and Technological Literacy 1)
- Students will analyze and interpret texts, images, and experiences in order to understand global problems. (Critical Thinking 6)
- Students will demonstrate an understanding of the interactions among various dimensions of globalization including but not limited to culture, politics, ecology, and the economy. (Critical Thinking 4)

## Golf Management

Golf Management encompasses the comprehensive study of overseeing and executing various tasks within public, private, or resort golf facilities. Undergraduate students pursuing this field commonly incorporate business, marketing, and management into their academic journey. All students can benefit from the Golf Management coursework, enhancing their problem-solving and communication skills.

At College of the Desert, the Golf Management curriculum provides both theoretical knowledge and practical training aligned with industry standards. The offerings include a Certificate of Achievement, an Associate of Arts degree, and transferable courses. The certificate equips students with essential skills for entry-level positions in golf management, with options to further their education. Graduates have secured roles as General Manager, Director of Golf, and Head Professional across the country.

Those earning an associate degree can pursue apprentice positions as PGA golf professionals or continue their studies towards higher degrees. The program prepares students for diverse career paths within

the golf industry, emphasizing both practical expertise and academic advancement.

## Golf Management AA Degree

Golf management is the study of all aspects pertaining to the operation of public and private golf facilities and the responsibilities of the golf professional in them. Career paths chosen by students pursuing undergraduate studies in golf management commonly include Assistant Golf Professionals, Head Professionals, Teaching Professionals, Tournament Coordinators, Merchandise Managers. Even students who choose not to major in golf management find that coursework in the field can improve their problem solving and communication abilities.

College of the Desert's golf management curriculum includes course offerings that provide skills and knowledge that lead directly to career success in the golf industry, as well as hands-on training that can be measured for industry needs and standards. Work experience is a recommended piece of the program that will help students develop their abilities and experience level.

Students pursuing an **Associate of Arts Degree in Golf Management** may opt for supervisory-level positions as apprentice PGA professionals or may choose to continue their studies in the discipline toward a bachelors or graduate degree. Generally starting into middle management in this industry is the outcome from the continuing education.

### Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

1. Develop an improvement plan to effectively enhance a player's golf swing and overall game.
2. Apply golf management principles to grow revenue, control costs, and lead a team at a golf facility.
3. Explain the most important turf practices that make a well-maintained, playable golf course.

## Golf Management Certificate of Achievement

Golf management is the study of all aspects pertaining to the operation and the responsibilities of the golf professional in managing a public or private golf facility. Career paths chosen by students pursuing undergraduate studies in golf management commonly include marketing and management as part of their work load. Even students who choose not to major in golf management find that coursework in the field can improve their ability to clearly articulate relating to problem solving. **Golf Management Certificate of Achievement** is designed to provide students with skills necessary for employment or advancement as entry level golf course employees. Past recipients of the COD Certificate of Achievement in Golf Management have obtained positions as directors of golf at golf facilities nationwide. Students earning the certificate may also choose to continue their study toward an associate, baccalaureate or advance degree in the field.

### Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

1. Demonstrate the skills necessary to work at a golf facility in a supervisory capacity.
2. Execute the fundamental shots in golf in accordance with the rules and best practices of the game.

## Health Sciences

The Department of Health Sciences offers transferable associate degrees in Nutrition and Dietetics, Public Health Sciences, as well as a local degree in Health Sciences. The Department also offers Certificates in Community Health Worker and Pharmacy Technician. The U.S. Department of Labor has estimated that one in every four new jobs will be in the field of health care and health care support between now and 2028. These degrees allow students to enter the field in a variety of roles and/or transfer to a four-year institution. Students interested in transferring should consult with a counselor to discuss the transfer process and the appropriate sequence of courses.

## Nutrition and Dietetics AS-T Degree

The **Associate in Science in Nutrition and Dietetics for Transfer**, also called the Nutrition and Dietetics AS-T Degree, introduces students to the principles and methodologies used in the study of nutrition and dietetics. Students will acquire the foundational knowledge necessary to pursue post-secondary degrees in nutrition and dietetics. To earn an AS-T in Nutrition and Dietetics degree, a student must complete 60 semester units that are eligible for transfer to the California State University (CSU) system that consist of the Intersegmental General Education Transfer Curriculum (IGETC) pattern or CSU General Education breadth and a major of 18 units more. Students must have a minimum GPA of 2.0 in all CSU-transferable coursework to receive an associate degree for transfer and all courses in the major must be completed with a C or better. Students earning this AS-T degree will not be required to complete any other local graduation requirements. Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is a designated "high-unit" major).

Course Code	Title	Units
<b>Required Courses</b>		
HS 013	General Nutrition	3
BI 015	General Microbiology	5
CH 001A	General Chemistry I	5
CH 001B	General Chemistry II	5
PSY 001	General Psychology	3
SOC 003	Fundamentals of Statistics	3
or		

MATH 014	Statistical Methods	4
Select one course from the following: (3-4 units)		
HS 014	Principles of Food	3
BI 004	Elements of Biology	4
CH 003	Introductory General Chemistry	4
CH 004		4
CH 005	Bio-organic Chemistry	4
KINE 008	Introduction to Kinesiology	3
PSY 003	Developmental Psychology	3
<b>Required Subtotal</b>		<b>27-29</b>
Select one of the following: <sup>1</sup>		
CSU General Education (p. 89)		
IGETC Pattern (p. 93)		
Transferable Electives (as needed to reach 60 transferable units) <sup>2</sup>		
<b>DEGREE TOTAL</b>		<b>60</b>

<sup>1</sup> Units for the major may be double counted for CSU GE or IGETC, confer with Counselor.

<sup>2</sup> Elective units to reach 60 unit total must be CSU transferable, confer with Counselor.

Please refer to Associate Degree for Transfer (SB 1440).

## Public Health Science AS-T Degree

The **Associate in Science in Public Health Science for Transfer**, also called the Public Health Science AS-T Degree, prepares students to transfer to the California State University campuses that offer bachelor's degrees in Health, Health Science and Public Health Science. The Public Health Science AS-T degree focuses on an understanding of the health of populations. This degree is designed to prepare students in the study of public health science and provide comprehensive preparation for upper-division work. Students choosing this degree program will study a range of topics related to human health and disease including: core functions and disciplines of public health; human anatomy and physiology; diseases and their causes, including risk factor; distributions of diseases; primary prevention strategies; and behavior-change theory and application. Students will be gain understanding of the biopsychosocial basis for health and healthy populations. Further, they will be able to understand and assess the burden of disease on the health of populations, including the impact of environmental exposures; use of data to support evidence based practices; develop and deliver health programs and interventions that are based on behavior frameworks; and evaluate health programs and initiatives for effectiveness. Public Health Science bridges the gap between scientific discoveries and the application of this knowledge to improve the quality of life. To earn an AS-T in Public Health Science degree, a student must complete 60 semester units that are eligible for transfer to the CSU system that consist of the IGETC pattern or CSU GE breadth and a major of 18 units more. Students must have a minimum GPA of 2.0 in all CSU-transferable coursework to receive an associate degree for transfer and all courses in the major must be completed with a C or better. Students earning this AS-T degree will not be required to complete any other local graduation requirements. Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is a designated "high-unit" major).

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Assess and monitor the prevalence of disease and environmental exposure on the health of populations.
2. Develop and deliver health programs, policies, and interventions.
3. Be prepared and eligible for transfer in a related public health science program.

## Health Science AS Degree

The **Associate of Science in Health Science** provides courses which are the foundation to professional career opportunities in the health science, public health and environmental fields. The degree emphasizes an ecological approach to health issues in the community and to provide students with the tools and knowledge necessary to understand factors contributing to the promotion of optimal health and well-being.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Students will be eligible and prepared for transfer to related nursing and health science degree programs.
2. Students will describe the anatomy and organization of human cells, tissues, organs, and systems.
3. Students will explain how common diseases negatively impact normal human anatomy and physiology of essential body systems.
4. Students will identify major health issues and evaluate how human behaviors impact various dimensions of health and wellness.
5. Students will be equipped with specific knowledge and skills important for maintaining a healthful individual and community environment.

## Community Health Worker: Children and Families Certificate of Achievement

The Community Health Worker (CHW): Children and Families Certificate trains students to serve a critical role in the community by supporting mental and physical health for children and families. Students completing the certificate will be qualified to provide appropriate health education and information to help children and families get the mental and physical healthcare they need. Students will be equipped with a community resource file and strategies to provide support and guidance for children and families. They will also be trained to perform basic health care procedures and to advocate for health needs of their clients.

<b>CERTIFICATE TOTAL</b>		<b>17</b>

## Pharmacy Technician Certificate of Achievement

Pharmacy Technician Certificate of Achievement provides both the technical and practical training that enables the technician, upon licensure, to function as a competent entry-level assistant to the pharmacist. Program curriculum consists of lecture and laboratory instruction in a simulated clinical environment. Pharmacy Technicians may be employed in hospitals, community pharmacies, home health care settings. Students completing the required courses under the Pharmacy Technician Certificate of Achievement will be prepared for the Pharmacy Technician Certification Board exam and for entry-level employment as a pharmacy technician.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Develop the skills necessary to be hired as Pharmacy Assistant.
2. Students will demonstrate the ability to pass the Pharmacy Technician Certification Board Exam and license application.

### Program Requirements

### History AA-T Degree

History is the study of the people and events of the past, especially their social and political effects. History ranges from the study of wars, religion, technology, industrialization and urbanization to social movements, political movements and cultural developments. Students in history courses learn more than dates, names, and events. They also learn how to interpret, debate, and draw conclusions. History majors acquire a broad perspective on the human experience and appreciate how the past shaped the present. A History degree is an excellent general preparation for careers in education, law, historical research, historical preservation, the national and state park systems, government, journalism, media, and communication. The **Associate in Arts in History for Transfer**, also called the History AA-T Degree, prepares students to transfer to CSU campuses that offer bachelor's degrees in History. Students earning the History AA-T degree will be granted priority for admission as a History major to a local CSU, as determined by the CSU campus to which the student applies. This degree requires students to complete 60 CSU transferable units including completion of CSU GE or IGETC and 18-20 units in the major with a cumulative GPA of 2.0 or better. Title 5 requires that students must earn a "C" or better in all courses required for the major or area of emphasis. There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Identify diverse cultural histories and their impact on race, gender, and class including their influence on human and societal development.
2. Distinguish the difference between primary and secondary sources and utilize and interpret the sources to compose conclusions about historical trends.
3. Explain and analyze the chronology, importance and connection of major eras and milestones in U.S. and World history from ancient times to the present; including the ability to identify important events and persons in U.S. and World history and their historic significance.

### Human Services/Alcohol & Drug Studies

The **Alcohol and Drug Studies** program is the study of chemical addiction and treatment. Career paths chosen by students pursuing undergraduate

studies in alcohol and drug studies commonly include supervised alcohol and drug counseling. Even students who choose not to major in alcohol and drug studies find that coursework in the field can improve their ability to understand the issues surrounding chemical dependency and treatment. Student learning outcomes include the ability to: recognize the philosophy, values, terminology, and practice of the field of addiction studies; describe and interpret theory and research in areas relating to addictive behavior in individuals, families; groups, and communities; Identify and describe addiction-related social policy; and identify knowledge, skill, and attitudes as they apply to the roles and responsibilities of the helping profession.

The College offers a Certificate of Achievement in Alcohol and Drug Studies and a non-transferable Associate of Science degree in Alcohol and Drug Studies. The Certificate of Achievement is designed to provide students with skills necessary for employment as supervised chemical dependency counselors, as well as advancement toward the California Consortium of Addiction Programs and Professionals (CCAPP) and California Association of Alcohol and Drug Educators (CAADE) certification. Students earning the certificate may also choose to continue their study toward an Associate of Science degree in the field. Past recipients of the COD Certificate of Achievement in Alcohol and Drug Studies have obtained positions as supervised chemical dependency counselors, locally and throughout California.

Upon completion of the HSAD program students will be able to: transfer to a higher level learning institution; fulfill the requirements for an entry-level position in their field; apply critical thinking skills to execute daily duties in their area of employment; apply critical thinking skills to research, evaluate, analyze and synthesize information; demonstrate the skills and aptitude necessary to pass certification exams in their field; and exhibit effective written, oral communication and interpersonal skills.

Furthermore, students completing the entire HSAD program at College of the Desert will demonstrate competency in the following areas as related to the treatment of substance use disorders: individual, group and family counseling; case management; pharmacology; law and ethics; dual diagnosis; personal and professional development; and cultural competence.

Students earning an associate's degree in Alcohol and Drug Studies may pursue entry level positions as supervised chemical dependency counselors or may choose to continue their study in the discipline toward a bachelor's or graduate degree in psychology or social work.

Transfer requirements at four year colleges and universities vary from institution to institution; students should consult with an academic advisor for specific information regarding the transfer requirements of their preferred college or university.

## Requirements for Internship

1. Completion of the COD application.
2. Completion of the nine core courses - HSAD 001, HSAD 002, HSAD 004, HSAD 020, HSAD 022, HSAD 024, HSAD 025, HSAD 030, and HSAD 034 with a minimum grade of "C".
3. Students who have completion of HSAD 036 will receive placement priority.
4. Course currency - completing the nine core courses within five years of applying for the internship OR currently working directly with clients at a substance abuse facility.
5. 24 months of continuous sobriety – required for placement in many facilities.
6. There is a **75%** attendance requirement for HSAD courses to earn credit.
7. Many facilities require interns to have evidence of student registration with a certification organization: ex: CCAPP-Registered Alcohol Drug Trainee (RADT -1) at the students' expense.

8. LiveScan – background checks are also required by the majority of the facilities (at the students' expense).

Please contact program advisors with questions and concerns. For more information please call 760.773.2574. **Returning HSAD students who have been out of the HSAD program for over 4 years must schedule an appointment with the COD program co-advisors to discuss currency of required coursework.**

## Kinesiology

Kinesiology is the study of the science and art of human movement. The Kinesiology program is dedicated to the study of anatomy, physiology of movement, biomechanics and motor control, fitness and health, psychology of movement, injury and prevention, and career opportunities in Kinesiology.

The department of Kinesiology is a learning centered community that educates and inspires its students to understand and appreciate human movement throughout one's lifespan. The coursework in the field can improve students' ability to think critically, manage stress, and value the human body as an integrated organism with systematic functions such as movement, nutrition, growth, reproduction and aging. Coursework also promotes intellectual exploration, personal responsibility, personal safety and to value diverse cultures and populations, all contributing to personal and community wellness.

The diverse curricula in Kinesiology studies offers learning opportunities and skill development in professional preparation for future careers in allied health such as physical therapist, athletic training, teaching and coaching, health and wellness, fitness specialist, personal training, group fitness, yoga and meditation teacher and aquatic specialist.

Students have opportunities to earn an AA-T degree in Kinesiology and may choose to transfer to a California State University or a University of California in this discipline and program. Students may also pursue an AS degree in Sports Medicine, developing important skills in many allied health settings. There are numerous CTE certificates in health and fitness such as Fitness Specialist, Personal Training, and Yoga Teacher.

There are also noncredit CTE certificates in Advanced First Aid and Safety, Lifeguard Training, and Water Safety instructor increasing career related skills and knowledge for employment in the field of Kinesiology.

The newest Associate of Science degree in Physical Therapy Assistant will be offered beginning summer 2023. This will provide many job related skills and a strong knowledgeable foundation for a valuable career in the allied health settings. This degree came to fruition with strong support from nearby Physical Therapy hospital and clinical facilities in our Coachella Valley.

## Athletics

College of the Desert is a California Community College Athletics Association (CCCAA) institution competing state-wide in fifteen sports. We are a member of the Inland Empire Athletic Conference (IEAC), whose membership includes the following colleges: Barstow College, Chaffey College, Cerro Coso College, Copper Mountain College, Crafton Hills College, College of the Desert, Mt. San Jacinto College, Norco College, Palo Verde College, San Bernardino Valley College, and Victor Valley College. Football competes in the Southern California Football Alliance (SCFA) in the American Mountain Division.

COD offers the following sports: for **men** - baseball, basketball, cross country, football, golf, soccer, and tennis; for **women** - basketball, cross country, golf, beach volleyball, soccer, softball, tennis, and volleyball. Students interested in participating in Athletics should complete the online questionnaire found on the Athletics webpage or contact the Athletic Department at 760.773.2591.

## Courses Related in Content

### Limitation on Enrollment by Courses Related in Content

Many Kinesiology courses have enrollment limitations. Active participatory courses that share a similar educational objective in Kinesiology are grouped together as a "family" of courses related in content. Students are allowed four enrollments within each "family", but each course in the "family" is limited to one enrollment unless it has been designated as repeatable, per Title 5, Section 55040 (c), California Code of Regulations:

"The policies and procedures adopted by the governing board of each community college district pursuant to subdivision (a) may not permit student enrollment in active participatory courses, as defined in section 55000, in physical education/kinesiology, visual arts or performing arts that are related in content, **more than four times** for semester courses. This limitation applies even if a student receives a substandard grade or "W" during one or more of the enrollments in such a course or petitions for repetition due to extenuating circumstances as provided in section 55045." The following groups of courses related in content were approved by the Curriculum Committee:

## Kinesiology AA-T Degree

Kinesiology is the study of movement as it relates to physical activity, health, disease prevention, exercise, and sport. Kinesiology majors are grounded in an interdisciplinary body of knowledge which encompasses the biological, psychological, physical, and social sciences. They use this knowledge to understand how the human body responds to movement, exercise, exercise training, and overall fitness. Employment opportunities include health care, coaching, sports officiating, athletic training, and education. A baccalaureate degree in Kinesiology can serve as the foundation to Physical Therapy, Occupational Therapy, or medical school. The Associate in Arts Degree in Kinesiology for Transfer, also called Kinesiology AA-T, will be awarded upon completion of course work totaling 60 California State University (CSU) transferable units including the major requirements and the IGETC or CSU GE requirements with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of "C" or better. Students completing this degree are not required to fulfill additional COD graduation requirements.

Course Code	Title	Units
<b>Required Core Courses</b>		
KINE 008	Introduction to Kinesiology	3
BI 013	Human Anatomy and Physiology I	4
BI 014	Human Anatomy and Physiology II	5
<b>Movement Based Courses</b>

### List A

Select 2 courses from the following: (6-9 units)		
CH 001A	General Chemistry I	5
KINE 001	First Aid and Safety	3
PH 002A	College Physics I	4
SOC 003	Fundamentals of Statistics	3
OR		
MATH 014	Statistical Methods	4

**Required Subtotal** **21-25**

Select one of the following: <sup>1</sup> 37-39

CSU General Education (p. 89)

IGETC Pattern (p. 93)

Transferable Electives (as needed to reach 60 transferable units) <sup>2</sup>

**DEGREE TOTAL** **60**

<sup>1</sup> Units for the major may be double counted for CSU GE or IGETC, confer with Counselor.

<sup>2</sup> Elective units to reach 60 unit total must be CSU transferable, confer with Counselor.

Please refer to Associate Degree for Transfer (SB 1440).

## Sports Medicine AS Degree

The **Associate of Science degree in Sports Medicine** is a two-year course of study designed for students interested in becoming various allied health care professionals such as athletic trainers, physical therapists, physical therapists assistants, chiropractic care, occupational therapy, physician assistant etc. It provides academic and clinical experience to prepare students for further study or to obtain employment in an entry level rehabilitation and/or allied health setting. Earning this degree may facilitate the student's transfer to a four-year college and/or professional program.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Demonstrate the ability to evaluate an orthopedic injury using the history, observation, palpation, special test protocol.

2. Demonstrate proficiency in extremity taping and wrapping for both injury prevention and post acute injury management.
3. Transfer to a four year degree in a related sports medicine field

## Program Requirements

Course Code	Title	Units
<b>Required Courses</b>		
BI 013	Human Anatomy and Physiology I	4
BI 014	Human Anatomy and Physiology II	5
KINE 001	First Aid and Safety	3
KINE 003	Introduction to Sports Medicine	3

KINE 012	Clinical Experiences In Sports Medicine, Clinical Experiences in Sports Medicine I	2
KINE 013	Clinical Experiences in Sports Medicine II	2
<b>Select one course from the following (1 unit):</b>		
KINE 094	Personal Fitness	1
KINE 096	Weight Training	1
KINE 096A	Biomechanics of Strength Training	1
<b>Required Courses</b>		<b>26</b>
Select one of the following:		37-39
CSU General Education (p. 89)		
IGETC Pattern (p. 93)		
<b>DEGREE TOTAL</b>		<b>63-65</b>

*KINE courses may be double counted for the kinesiology/activity degree requirement.*

## Fitness Specialist Certificate of Achievement

The **Fitness Specialist Certificate of Achievement** is a comprehensive certification that prepares students in the field of personal training, group fitness, exercise leadership and a variety of career opportunities in fitness. The diverse curriculum taught in the certificate includes courses that specialize in principles of anatomy, physiology of movement, energy pathways, cardiorespiratory system, biomechanics, motor learning, fitness assessment, nutrition and weight management. The courses also prepare students with exercise leadership principles for various methods of communication and learning styles along with how to develop class engagement and motivation. The courses prepare the students for industry driven standards and future exam certifications in personal training with the National Academy of Sports Medicine and an exam certification in Group Fitness with Athletics and Fitness Association of America. These certifications are accepted nationally in the world of fitness and exercise leadership.

### Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

1. Student will be able to create an effective and safe exercise program based on observation, client assessment and risk stratification to improve fitness level of target population.
2. Students will be prepared for career opportunities in the fitness industry such as fitness specialist, personal trainer manager, group fitness instructor, and fitness program director.

## Program Requirements

Course Code	Title	Units

KINE 098A	Yoga I-Fundamentals of Yoga	1
KINE 099	Vinyasa Power Yoga	1
<b>CERTIFICATE TOTAL</b>		<b>20</b>

## Physical Therapist Assistant AS Degree

The Physical Therapist Assistant program prepares students for employment as physical therapist assistants (PTA). The PTA functions through the direction of a physical therapist (PT) to implement the PT's plan of care. The ultimate goal of physical therapy is to aid patients and clients in their return to maximal function. PTA students are instructed in thinking processes and skills such as therapeutic exercise, orthopedic and neurological interventions, therapeutic modalities, and the art of patient care. In addition to patient treatment courses, students study the basic sciences of anatomy, physiology, clinical pathology, and kinesiology. Clinical education experiences are integrated throughout the curriculum and offer students the opportunity to practice the techniques learned and practiced each semester. Students can complete the program in two years.

It is recommended that students interested in the Physical Therapist Assistant Program see a counselor in the counseling department and read the information on the School of Health Sciences & Education webpage.

*Program Entrance Requirements:* Acceptance under the existing eligibility and selection criteria available on the School of Health Sciences & Education webpage. Program eligibility and selection processes are subject to change. Prospective students are encouraged to check the school web page periodically or call 760.773.2578

## Accreditation:

Effective April 25, 2023, College of the Desert's Physical Therapist Assistant Program has been granted Candidate for Accreditation status by the Commission on Accreditation in Physical Therapy Education (3030 Potomac Ave., Suite 100, Alexandria, Virginia 22305-3085; phone: 703-706-3245; email: accreditation@apta.org). If needing to contact the program/institution directly, please call 760-773-2578 or email PTAAAdmissions@collegeofthedesert.edu.

Candidate for Accreditation is an accreditation status of affiliation with the Commission on Accreditation in Physical Therapy Education that indicates the program may matriculate students in technical/professional courses. Achievement of Candidate for Accreditation status does not assure that the program will be granted Initial Accreditation.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Demonstrate entry-level competency of all required skills of a PTA for employment in a variety of Physical Therapy clinical settings.
2. Competently perform as a Physical Therapy Assistant adhering to the ethical codes of conduct.
3. Report and record client data, which effectively communicates the need and rationale for physical therapy intervention using appropriate medical terminology.
4. Qualify to take the National Physical Therapist Assistant licensing examination.

## Personal Trainer Certificate of Achievement

The Personal Trainer Certificate program provides students with the skills and knowledge needed to prepare them for employment within the fitness industry. Students will gain an understanding of the physiology of exercise, fitness assessment procedures and methodologies, sports nutrition, treating activity-related injuries, and designing exercise programs. The program includes a hands-on experience with an exercise population. This certification also prepares students for industry standard personal trainer examinations including the National Academy of Sports Medicine (NASM).

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Be prepared for industry standard personal trainer examinations such as the National Academy of Sports Medicine (NASM).
2. Explain the skillsets necessary for employment within the fitness industry.

## Program Requirements

Course Code	Title	Units

<b>CERTIFICATE TOTAL</b>		<b>9</b>

## Yoga Teacher Training Certificate of Achievement

This yoga instructor certification program prepares students to meet the requirements to become a 200-hour registered yoga teacher (RYT) with Yoga Alliance. Yoga Alliance sets forth widely recognized standards for yoga teachers and teacher-training programs, including the minimum number of hours of training in each of five areas: teaching methodology, techniques of teaching, anatomy and physiology, philosophy and lifestyle and teaching practicum. This comprehensive and wisdom-based program

provides students with a broad background and practical experience to enhance their teaching skills and to build confidence in meeting the diverse needs of future students and populations. After students earn their status as registered yoga teachers they can apply for positions at yoga studios, health and fitness centers, country clubs, recreation districts, hospitals and health and wellness centers.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Students will fulfill the recognized educational standards for the 200 hour registered yoga teacher credential with industry recognized Yoga Alliance.
2. Students will be prepared for career opportunities as a registered yoga teacher.

## Program Requirements

<b>CERTIFICATE TOTAL</b>		<b>8</b>

## Health and Wellness Coach Certificate of Achievement

College of the Desert's Health and Wellness Coach Certificate will equip students with the practical skills necessary to translate concepts of health and wellness into a plan of action that creates lasting changes for clients' health status and well-being. Health and Wellness Coaches will work with clients to evaluate their desired wellness outcomes as well as their individual strengths and challenges. They will assist clients in developing a series of personal wellness goals and guide them through the steps needed for them to achieve measurable and realistic health outcomes. Completion of the Health and Wellness Coach Certificate of Achievement will qualify students to sit for the National Board for Health and Wellness Coaching examination.

HS 013	General Nutrition	3
KINE 020	Health and Wellness Coach	3
<b>CERTIFICATE TOTAL</b>		<b>12</b>

## Liberal Arts

## Educational Options

Every student has a number of options that he or she can strive for relative to their educational goals; from taking one or two classes in a

specific subject matter, or attaining an Associate Degree with the intent to transfer to another school in hopes of earning further degrees. Some of those options are discussed and laid out here. Seeing a counselor will further clarify your choices and assist you in making the best choices.

## Certificate of Achievement Program Associate Degree with Emphasis on Occupational or Vocational Preparation

Students planning to earn an Associate Degree with emphasis on occupational or vocational preparation, and who have no plans to pursue a bachelor's degree, must follow the requirements listed in the catalog. Students must complete the course requirements as specified in the program of study for the declared major, in addition to the general education courses.

The Occupational or Vocational Degree is not designed to prepare students for university transfer and is identified in the catalog as: Associate Degree with emphasis on Career and Technical Preparation.

## General Education Courses for California State University Certification

(Requirements for the COD Associate Degree)

Students preparing to transfer to the California State University (CSU) may follow the General Education requirements outlined in the CSU Certification pattern or the Intersegmental General Education Transfer Curriculum (IGETC) pattern. See a counselor for exceptions.

## UC and CSU Intersegmental General Education Curriculum (IGETC)

Students preparing to transfer to the University of California (UC) system may follow the IGETC, see a counselor for exceptions.

The transfer preparation degree is identified in the catalog as: Associate Degree with Emphasis on Transfer Preparation, page 79 in the 2020-2021 catalog.

For certain high-unit majors students must see a counselor for General Education requirements and recommended electives.

## CSU GE-Breadth Certificate of Achievement

Students may complete their lower division general education coursework at College of the Desert prior to transfer to a four year institution. The California State University system requires 60 completed transferable units for students to enter as an upper division student. The general education units, totaling 39 at minimum, combined with major preparation must be equal to or greater than 60 transferable units prior to enrollment. Students should view major specific requirements on ASSIST.org and consult with a counselor for major-specific transfer planning.

The remaining coursework to earn a bachelor's degree is to be completed in the upper division at the institution granting the degree. Once a student has earned the California State University (CSU) General Education Certificate of Achievement, the Office of Admissions and Records will automatically award the certificate provided the student completes a degree or certificate application through the student portal.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Students will be prepared to begin junior-level coursework at a California State University.
2. Students will be able to differentiate between GE preparation and major coursework.

- Students will be able to express diversity through multiple disciplines and across various cultures through reading, speaking, and writing.

## Program Requirements

Students may earn a certificate of achievement by completing a minimum of 39 units of the California State University (CSU) General Education Certification pattern. Please consult with a counselor for questions or for additional information.

Course Code	Title	Units
<b>Required Courses</b>		
CSU General Education-Breadth (p. 89)		39
<b>MINIMUM CERTIFICATE TOTAL</b>		<b>39</b>

## Intersegmental GE Transfer Curriculum (IGETC) Certificate of Achievement

Students may complete their lower-division general education coursework at College of the Desert prior to transfer to a four-year institution. The UC system requires 60 completed transferable units for students to enter as an upper-division student. The general education units, 35-43, combined with major preparation must be equal to or greater than 60 transferable units prior to enrollment. Students should view major specific requirements on ASSIST.org and consult with a counselor for major-specific transfer planning.

The remaining coursework to earn a bachelor's degree is to be completed in the upper-division at the institution granting the degree. Once a student has earned the Intersegmental General Education Transfer Curriculum (IGETC) Certificate of Achievement, the Office of Admissions and Records will automatically award the certificate provided the student completes a degree or certificate application through the student portal.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

- Students will be prepared to begin junior-level coursework at a four year university.
- Students will be able to differentiate between GE preparation and major coursework.
- Students will be able to express diversity through multiple disciplines and across various cultures through reading, speaking, and writing.

## Program Requirements

Students may earn a certificate of achievement by completing 35-43 units of the Intersegmental General Education Transfer Curriculum (IGETC) pattern. Please consult with a counselor for questions or for additional information.

Course Code	Title	Units
<b>Required Courses</b>		
IGETC Pattern (p. 93)		35-43
<b>CERTIFICATE TOTAL</b>		<b>35-43</b>

## Liberal Arts AA Degree with Emphasis in Arts, Humanities, and Communication Studies

These courses emphasize the study of cultural, literary, humanistic activities and artistic expression of human beings. Students will evaluate and interpret the ways in which people through the ages in different

cultures have responded to themselves and the world around them in artistic and cultural creation. Students will also learn to value aesthetic understanding and incorporate these concepts when constructing value judgments.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

- Students will be eligible for transfer to four-year colleges and universities in majors related to Arts, Humanities, and Communication Studies.
- Explain diversity as it is expressed in Arts, Humanities, or Communication Studies and across various cultures through reading, speaking and writing. (Institutional Outcome: Critical Thinking and Communication)
- Utilizing various communication modalities, display creative expression, original thinking, and symbolic discourse. (Institutional Outcome: Critical Thinking and Communication)

## Liberal Arts AA Degree with Emphasis in Business and Technology

These courses emphasize the integration of theory and practice within the fields of business and technology. Students will develop the ability to effectively manage and lead organizations. Students will demonstrate an understanding of the place of business and technology within the global economy. Students will critically apply ethical standards to business practices and decisions.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Students will be eligible for transfer to four-year colleges and universities in majors related to Business and Technology.
2. Produce oral and written information in various modes and media, using technology such as computers and the internet. (Institutional Outcome: Scientific & Technological Literacy)
3. Explain how the application of business and technology ethics can help individuals and organizations make ethical decisions. (Institutional Outcome: Personal and Professional Development)

### Program Requirements

## Liberal Arts AA Degree with Emphasis in Math and Science

These courses emphasize the natural sciences which examine the physical universe, its life forms and its natural phenomena. Courses in Math emphasize the development of mathematical and quantitative reasoning skills beyond the level of intermediate algebra. Students will be able to demonstrate an understanding of the methodologies of science as investigative tools. Students will also examine the influence that the acquisition of scientific knowledge has on the development of the world's civilizations.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Students will be eligible for transfer to four-year colleges and universities in majors related to Math and Science.
2. Synthesize and interpret information, data, and experience to innovate, solve problems, and explore solutions. (Institutional Outcome: Scientific & Technological Literacy)
3. Analyze quantitative and qualitative data to make decisions and judgments and pose questions. (Institutional Outcome: Scientific Inquiry)

## Liberal Arts AA Degree with Emphasis in Social and Behavioral Sciences

These courses emphasize the perspective, concepts, theories and methodologies typically found in the vast variety of disciplines that comprise study in the Social and Behavioral Sciences. Students will study about themselves and others as members of a larger society. Topics of discussion will stimulate critical thinking about ways people have acted in response to their societies and will allow students to evaluate how societies and social subgroups operate.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Students will be eligible to transfer to four-year colleges and universities in majors related to Social and Behavioral Sciences.
2. Explain the complexity of global relationships between self and others, as well as self and the environment. (Institutional Outcome: Ethical Behavior)
3. Explain the value of diverse cultures and populations from a social and behavioral sciences perspective. (Institutional Outcome: Personal and Professional Development)

## Library and Learning Resources

Programs and courses in the Library and Information Studies (LIS)

Department have been developed for students who wish to:

- Take a general education course, LIS 001, that is transferrable as a general elective to the UC system, CSU GE pattern E eligible, and COD GE C4.B eligible.
- Improve the critical research and information evaluation skills that students need to succeed both academically and in their chosen career paths.
- Earn a non-credit certificate in research or take open-entry, open-exit non-credit courses to improve their basic research skills.

Students should consult with an advisor or a counselor to determine if the courses offered by Library and Information Studies are appropriate for their individual academic or career objectives. Counselors are available both in-person and online via appointment. For additional information or to make an appointment, please visit the online Counseling page (<https://www.collegeofthedesert.edu/students/counseling/online-counseling.php>). Drop-in appointments for quick questions are also available by calling 760.773.2521. Please leave your name, phone

number, student ID, and the reason for your call and a counselor will call you back.

## Mathematics

Mathematics is the study of quantity, structure, space, and change.

People with degrees in mathematics commonly pursue careers in teaching, computer science, actuarial science, statistical analysis, business, financial analysis, physics, data science, and engineering.

Students eager to improve their critical thinking and problem solving skills benefit from completing mathematics courses and programs.

College of the Desert's mathematics curriculum includes course offerings that cover a variety of topics that are applicable to students in any program of study. The College offers a Mathematics Associate of Science degree for Transfer (AS-T) that is ideal for students planning to transfer to a California State University. The College also offers a Mathematics Associate of Science degree (AS) that may be customized for students' particular needs that may include satisfying requirements for transfer to non-CSU institutions or employment requirements. Transfer requirements at four-year colleges and universities vary, and students should consult with an advisor for specific information regarding the transfer requirements of their preferred college or university.

The College also offers three noncredit mathematics certificates for students who wish to increase their arithmetic skills and confidence related to such skills, relearn specific arithmetic concepts in preparation for another course, learn vocabulary related to arithmetic, or otherwise develop their mathematics knowledge.

For more information please call 760.773.2573.

## Mathematics AS-T Degree

The **Associate in Science in Mathematics for Transfer**, also called the Mathematics AS-T Degree, provides students with sufficient mathematical knowledge and skills to transfer with upper division status in mathematics to a university that is part of the CSU system.

This degree is intended for students who are interested in the theory of mathematics and are planning to transfer to a CSU with a declared major in mathematics, physics, engineering, computer science, or statistics.

Students who complete the Mathematics AS-T will receive priority admission with junior status to an institution in the California State University system.

This Mathematics AS-T degree requires students to meet both of the following requirements:

(1) Completion of 60 semester units that are eligible for transfer to the California State University, including both of the following:

- The Intersegmental GE Transfer Curriculum (IGETC) or the California State University GE-Breadth Requirements (CSU GE-B).
- A minimum of 18 semester units in a major or area of emphasis.

All courses in the major or area of emphasis must be completed with a grade of "C" or better.

(2) Obtainment of a minimum grade point average of 2.0. There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

## Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

1. Satisfy the requirements to successfully transfer to a CSU program for a degree in mathematics or a related field.
2. Understand, analyze, and communicate mathematical arguments based on deductive reasoning.
3. Demonstrate proficiency using quantitative reasoning and spatial reasoning in applications.

## Program Requirements

Course Code	Title	Units
<b>Required Core Courses</b>		
MATH 001A	Calculus	4
MATH 001B	Calculus II	4
MATH 002A	Multivariate Calculus	4
MATH 002B	Linear Algebra	4
	or MATH 002C Ordinary Differential Equations	
PH 003A	Engineering Physics	4
<b>Required Subtotal</b>		<b>20</b>
Select one of the following: <sup>1</sup>		37-39
CSU General Education (p. 89)		
IGETC Pattern (p. 93)		
Transferable Electives (as needed to reach 60 transferable units) <sup>2</sup>		
<b>DEGREE TOTAL</b>		<b>60</b>

<sup>1</sup> Units for the major may be double counted for CSU GE or IGETC, confer with Counselor.

<sup>2</sup> Elective units to reach 60 unit total must be CSU transferable, confer with Counselor.

Please refer to Associate Degree for Transfer (SB 1440).

## Mathematics AS Degree

The Associate in Science in Mathematics, also called the Mathematics AS degree, provides students with knowledge of and experience with the study of quantity, structure, space, and change. Students who complete this degree also develop skills and knowledge involving abstraction and logical reasoning.

This Mathematics AS degree requires students to do the following:

- Complete 28 semester units of required Mathematics, Physics, and Computer Science courses;
- Complete an additional 32 semester units (which should be approved by a counselor) of transferable courses, a subset of which satisfy the General Education requirements for College of the Desert; and
- Completion of 60 semester units or 90 quarter units of degree-applicable courses,
- Minimum overall grade point average of 2.0,
- Minimum grade of “C” (or “P”) for each course in the major, and
- Completion of IGETC and/or CSU GE-Breadth

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Satisfy the requirements to successfully transfer to a 4-year educational institution for a degree in mathematics or a related field.
2. Understand, analyze, and communicate mathematical arguments based on deductive reasoning.
3. Demonstrate proficiency using quantitative reasoning and spatial reasoning in applications.

## Integers Certificate of Competency

This program covering the basic arithmetic operations of integers consists of two courses, Math 370C and Math 370D. This program is noncredit, lab based, and can be run as a self-paced and open entry program when appropriate. Students can repeat the program as often as needed to develop foundational numeracy skills. In order to receive the Certificate of Competency in Integers, the students need to successfully complete these two courses. After completing this certificate, students should be able to demonstrate number sense involving the integers and exhibit skills involving addition, subtraction, multiplication, and division of integers and their applications.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Perform addition, subtraction, multiplication, and division with integers.
2. Use integer arithmetic skills to solve application problems and number sense to determine the reasonableness of answers.

## Program Requirements

Course Code	Title	Units
<b>Required Courses</b>		
MATH 370C	Arithmetic of Integers-Module 1	0
MATH 370D	Arithmetic of Integers-Module 2	0

## Pre-Algebra and Beginning Algebra Certificate of Competency

This program consists of two courses, Math 372 and Math 374. This noncredit program

covers various topics to prepare students for algebra and to introduce students to algebra fundamentals. Topics include operations on integers, fractions, decimals, and mixed numbers; the concept and uses of variables; percents, ratios, rates, and proportions; properties of the real numbers; the metric and American systems of measurement and conversions of units; square roots; simplifying algebraic expressions; arithmetic of algebraic expressions including polynomials and polynomial fractions (rational expressions); solving linear equations and inequalities in one variable; factoring polynomials; the Cartesian coordinate system; equations and graphs of linear equations in two variables; and concepts from elementary geometry such as perimeter, area, and volume and algebraic applications involving those concepts.

Students can repeat the program as often as needed to develop foundational numeracy skills. In order to receive the Certificate of Competency in Integers, the students need to successfully complete these two courses. After completing this certificate, students should be able to demonstrate number sense involving the integers and exhibit skills involving addition, subtraction, multiplication, and division of integers and their applications.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Perform operations on integers, fractions, decimals, and mixed numbers and use these operations to solve application problems.
2. Define variables and use linear and quadratic expressions, equations, and inequalities in those variables to model and solve application problems.

## Program Requirements

Course Code	Title	Units
MATH 372	Foundations of Mathematics Support - Noncredit (This course is in the process of being created.)	0
MATH 374	Algebra Concepts Support - Noncredit (This course is in the process of being created.)	0

## Rational Numbers Certificate of Competency

This program covering the basic arithmetic operations of rational numbers consists of two courses, Math 370E and Math 370F. This

program is noncredit, lab based, and can be run as a self-paced and open entry program when appropriate. Students can repeat the program as often as needed to develop foundational numeracy skills. In order to receive the Certificate of Competency in Rational Numbers, the students need to successfully complete these two courses. After completing this certificate, students should be able to demonstrate number sense involving the rational numbers and exhibit skills involving addition, subtraction, multiplication, and division of rational numbers and their applications.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Perform addition, subtraction, multiplication, and division with fractions.
2. Use arithmetic of fractions skills to solve application problems and number sense to determine the reasonableness of answers.

## Program Requirements

Course Code	Title	Units
<b>Required Courses</b>		
MATH 370E	Arithmetic of Rational Numbers-Module 1	0
MATH 370F	Arithmetic of Rational Numbers-Module 2	0

## Whole Numbers Certificate of Competency

This program covering the basic arithmetic operations of whole numbers consists of two courses, Math 370A and Math 370B. This program is noncredit, lab based, and can be run as a self-paced and open entry program when appropriate. Students can repeat the program as often as needed to develop foundational numeracy skills. In order to receive the Certificate of Competency in Whole Numbers, the students need to successfully complete these two courses. After completing this certificate, students should be able to demonstrate number sense involving the whole numbers and exhibit skills involving addition, subtraction, multiplication, and division of whole numbers and their applications.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Perform addition, subtraction, multiplication, and division with fractions.
2. Use arithmetic of whole numbers skills to solve application problems and number sense to determine the reasonableness of answers.

## Program Requirements

Course Code	Title	Units
<b>Required Courses</b>		
MATH 370A	Arithmetic of Whole Numbers-Module 1	0
MATH 370B	Arithmetic of Whole Numbers-Module 2	0

## Media, Film, and Journalism

The Media, Film and Journalism program prepares students for careers in mass media including: radio; television; film and video production; sound, video and effects editing; screen, radio and television writing; print, broadcast, and video journalism; and public relations. Students will be ready to work in entry-level jobs in the media industry and will also be able to transfer into a four-year program of study in film, television, electronic media and journalism. Students in this program will gain a critical understanding of the mass media and how they function,

as well as practical skills in writing, producing, directing and editing films, videos, radio programs, news stories, and other multimedia content. Careers in Media, Film and Journalism include, but are not limited to, multimedia artists and animators; producers and directors; writers and authors; sound engineering technicians; camera operators for television, video and motion pictures; film and video editors, broadcast, print, and online news reporters and editors; broadcast announcers; and public relations practitioners.

Transfer requirements at four-year colleges and universities vary, so students should consult with a counselor and faculty advisor for specific information regarding the transfer process and lower division requirements.

## Basic Radio Production Certificate of Achievement

Digital technology has transformed radio production and broadcasting, making it possible to produce programming without huge budgets, expensive audio equipment or large studios. Today radio programming reaches massive audiences through streaming platforms that include Apple, Pandora, Spotify. Add to this the continued strength of traditional and satellite radio broadcasting and you have an industry that is strong and growing.

In this certificate program, students receive direct, hands-on experience creating radio programming that is intelligent, creative, compelling, entertaining and informative. The certificate covers the basic aspects of radio production, including scripting, recording, editing and broadcasting. Students will learn:

- Audio programming concepts, including story development, radio vocabulary, audio production tools, studio protocol and production workflow
- Writing and producing techniques including script formatting, studio management, on-air reporting and interviewing, communicating with collaborating
- Audio recording fundamentals, basic sound editing and mixing
- Broadcast techniques

This Certificate provides a platform from which to launch further study of radio production as well as offer students basic entry-level industry skills, processes and practices. It gives students crucial communication and storytelling tools they may apply in almost any area of study. Students emerge with radio programming for their personal or professional portfolio.

## Basic Film Production Certificate of Achievement

Digital film and video technology has transformed filmmaking, making it possible to produce independent movies and video projects without huge budgets, expensive cameras or large crews. This development allows many different organizations today use film and video as part of their work. Whether the goal is to fulfill a personal artistic vision, market a product or advance a cause, the fundamental need to tell a story remains paramount and film is a powerful means to do it.

The **Basic Film Production Certificate of Achievement** provides a platform from which to launch further study of film production as well as a basic entry level industry skills, processes and practices. It gives students crucial communication and storytelling tools they may apply in almost any area of study. Students emerge with short films for their personal or professional portfolio.

In this three-course certificate program, students receive direct, hands-on experience creating visual stories that are intelligent, emotional, compelling, succinct and informative. The program covers the primary aspects of film production including scripting, camera, sound, directing, editing and broadcasting.

### Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

1. Students will demonstrate the skills necessary to write produce, direct and edit, short films and videos.
2. Students will demonstrate the skills necessary to obtain entry level jobs or better in areas related to film and video development, production, post production and distribution.

### Program Requirements

Course Code	Title	Units
<b>Required Courses</b>		
FILM 001	Introduction to Film	3
FILM 002A	Film Production I: Basic Film Production	3
FILM 003	Screenwriting	3
<b>CERTIFICATE TOTAL</b>		<b>9</b>

## Advanced Film Production Certificate of Achievement

Digital film and video technology has transformed filmmaking, making it possible to produce independent movies and video projects without huge budgets, expensive cameras or large crews. This development allows many different organizations today to use film and video as part of their work. Whether the goal is to fulfill a personal artistic vision, market a product or advance a cause, the fundamental need to tell a story remains paramount, and film is a powerful means to do it.

In this thirty-nine unit certificate program, students receive direct, hands-on experience creating visual stories that are intelligent, emotional, compelling, succinct and informative. The program covers the primary

aspects of film production, including scripting, camera, sound, directing, editing and broadcasting. Students will learn:

- Visual storytelling concepts, including story development, script format, film vocabulary, production tools, filmmaking protocol and workflow
- Directing and producing techniques including camera placement, blocking scenes, directing on-camera performers, documentary interviewing, communicating with collaborators and crew management,
- Camera skills including basic camera angles, moving image composition and lighting
- Audio recording fundamentals, basic sound editing and mixing
- Editing skills including how to write and shoot with the edit in mind, and creating visual effects and graphics

The Advanced Certificate provides the necessary industry skills, processes and practices to work on a film crew, produce an independent film, create and run a small film/video business and monetize video in the many social media outlets available today. This certificate also gives students crucial communication and storytelling tools they may apply in almost any area of study where film and video are utilized today. Students emerge with short films and other film project materials for their personal or professional portfolio.

The course content of this certificate in terms of required and elective courses is identical to the content of the AS Degree in Film Production less the General Education requirements of that degree.

### Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

1. Students will demonstrate the skills necessary to write, produce, direct and edit short films and videos at an advanced level.
2. Students will demonstrate the skills necessary to obtain entry level jobs or better in areas related to film and video development, production, post production and distribution at an advanced level.
3. Students will demonstrate the skills necessary to run their own film or video production company and produce short narrative and documentary films.

### Program Requirements

<b>CERTIFICATE TOTAL</b>		<b>39</b>

## Film Post-Production Certificate of Achievement

A movie is made three times: when it's written; when it's shot; when it's edited. Jean Luc Goddard said, "Film is truth at twenty-four frames per second" and no one knows this better than a film editor. He or she must decide frame by frame where the audience needs to be in relation to the story. Stay in a shot or transition to another and if so, what shot and how to get there? Working side-by-side with the director to craft the movie that ultimately hits the screen, large or small, editing is about manipulating the audience, in the best possible way, in the service of storytelling.

Likewise, effects artists - many of whom are among the endless list of names that roll at the end of a movie - utilize the latest software and technologies to enhance digital storytelling during the post-production process. Sound editors and mixers, graphic artists and many others are involved in this expansive, job-rich area of film production.

The Certificate of Achievement in Film Post-Production will teach students the terminology and concepts of narrative film editing and effects as well as amplify their knowledge and skills using a variety of editing software. Students experience hands-on the film editing process, learning aesthetic principles of narrative continuity editing and the technological workflow for picture and sound editing.

This certificate is valuable for anyone interested in working in film post-production and will offer students the tools and training they need to get hired at that valuable foot-in-the-door job of Production Assistant and perform that job knowledgeably and professionally.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Students will edit short films and videos.
2. Students will have the skills necessary to get entry-level jobs or better in areas related to film and video post-production.
3. Students will have the skills necessary to work within or run their own film or video post-production company.

### Program Requirements

Course Code	Title	Units
FILM 002A	Film Production I: Basic Film Production	3

<b>CERTIFICATE TOTAL</b>		<b>18</b>

## Film Production Management Certificate of Achievement

Movies are make-believe. The work done to make them is not. Long before cameras roll, and continuing when and long after they do, line producers, production managers, locations managers, first assistant

directors, post-production managers and others are working hard to prepare for, manage and carry out a process that will utilize the talents of a small army of creative and technical filmmakers and allocate valuable, irreplaceable resources not the least of which are time and money. There is no just "going out and shooting" this. The seeming madness of the creative process that is filmmaking is in reality managed in a process of its own that evolved with the medium.

The Certificate of Achievement in Film Production Management will teach students the process, practices, protocols and personnel involved in budgeting, scheduling, set management, location scouting and management and finally, post-production supervision. In doing so, they will learn all of the various departments, resources and personnel that are required to make a film production possible. And they will learn to allocate two most valuable resources required to make a film - time and money.

This certificate is valuable for anyone interested in producing, line producing, production managing, assistant directing, location managing, set managing, post-production supervising and even directing a movie.

Most important it will give a student all of the tools needed to get the valuable foot in the door job of production assistant almost anywhere in the film production process and perform that job knowledgeably and professionally.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Students will have the skills necessary to get entry level jobs or better in areas related to film and video production management, set operations, location scouting and management and post production supervision.
2. Students will have the skills necessary to work for a production company or manage their own production company to produce creative video content for clients.

### Program Requirements

## Film Production AS Degree

Digital film and video technology has transformed film making, making it possible to produce independent movies and video projects without huge budgets, expensive cameras or large crews. This development allows many different organizations today to use film and video as part of their work. Whether the goal is to fulfill a personal artistic vision, market a product or advance a cause, the fundamental need to tell a story remains paramount, and film is a powerful means to do it.

The **Film Production Associate of Science Degree** provides a platform from which to launch further study of film production as well as necessary industry skills, processes and practices to work on a film crew, produce an independent film, create and run a small film/video business and monetize video in the many social media outlets available today.

This degree also gives students crucial communication and storytelling tools they may apply in almost any area of study where film and video are utilized today. Students emerge with short films and other film project materials for their personal or professional portfolio.

In this 2-year/60-unit program, students receive direct, hands-on experience creating visual stories that are intelligent, emotional, compelling, succinct and informative. The program covers the primary aspects of film production, including screenwriting, production, cinematography, editing, sound, film acting and directing, as well as more advanced and specialized areas such as post production sound, animation and motion, video journalism and documentary, mass and social media, marketing and the business of film.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Students will demonstrate the skills needed to produce short films and videos at an advanced level utilizing a broad understanding of the textual and contextual elements of filmmaking.
2. Students will demonstrate the skills necessary to obtain entry level jobs or better in areas related to film and video development, production, post production and distribution at an advanced level utilizing a broad understanding of the textual and contextual elements of filmmaking.
3. Students will demonstrate the skills necessary to run their own film or video production company and produce short narrative and

documentary films utilizing a broad understanding of the textual and contextual elements of filmmaking.

## Film, Television, and Electronic Media AS-T Degree

The **Associate in Science in Film, Television and Electronic Media for Transfer**, also called the Film, Television & Electronic Media AS-T Degree, offers students a comprehensive lower division program that prepares them for entry-level jobs in film production companies, radio and television stations or multimedia businesses. This program enables students to transfer into a four-year program of study in film, television and electronic media. Students in this program will gain a critical understanding of mass media, as well as practical skills in writing, producing, directing and editing films, videos, radio programs and other multimedia content. Students earning this degree are well prepared for careers in motion picture production, radio and television broadcast and the electronic media.

The Film, Television & Electronic Media AS-T degree is intended particularly for students who plan to complete a Bachelor's degree in a similar major at a CSU campus. Students completing this degree are guaranteed admission to the CSU system, but not to a particular campus or major.

This AS-T degree requires students to meet both of the following requirements:

1. Completion of 60 semester units that are eligible for transfer to the California State University, including both of the following:

- a. The Intersegmental GE Transfer Curriculum (IGETC) or the California State University GE-Breadth Requirements (CSU GE-B).
  - b. A minimum of 18 semester units in a major or area of emphasis. All courses in the major or area of emphasis must be completed with a grade of "C" or better.
2. Obtainment of a minimum grade point average of 2.0.

There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Students will apply introductory analytical and production skills to the design and creation of content for film, television and electronic media with a focus on writing, storytelling, teamwork and leadership in preparation for further study at the university level.
2. Students will be prepared to transfer to a university for further study in film, television and electronic media production in preparation for employment in this field.
3. Students will be able to utilize the skills necessary to get entry level jobs or better in areas related to film and video development, production, post production and distribution.

## Basic Film Production Certificate of Completion

Digital film and video technology has transformed filmmaking, making it possible to produce independent movies and video projects without huge budgets, expensive cameras or large crews. This development allows many different organizations today to use film and video as part of their work. Whether the goal is to fulfill a personal artistic vision, market a product or advance a cause, the fundamental need to tell a story remains paramount, and film is a powerful means to do it.

The **Basic Film Production Certificate of Completion** provides an introduction to the theory, terminology, and process of digital film and video production. Topics include basic camera and sound acquisition techniques including the operation, function and creative uses of digital cameras and post-production production software. The emphasis is on abstract short films and music videos and short documentary films that help the students find their filmmaking voice and style. Students learn basic production management and directing skills as well as basic scripting, camera operation, picture editing and sound editing and mixing.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Pre-produce, produce and post-produce short films and videos.
2. Demonstrate the skills necessary to get entry-level jobs in and video development, production and post-production.

## Program Requirements

Course Code	Title	Units
<b>Required Courses</b>		
FILM 302D	Film Production IA: Basic Film Production	0
FILM 302E	Film Production IB: Basic Film Production	0

## Introduction to Film Certificate of Completion

Movies play a tremendously important role in our culture. How much do we know about the history and making of our favorite films and do we really know how to watch them?

The **Introduction to Film Certificate of Completion** explores the powerful impact film has on us and the techniques filmmakers use to make us respond.

Students examine how elements like narrative & genre, mise-en-scene, camera work, editing and sound work together to create meaning in films. We'll examine the business and history of film along with various narrative forms of cinema, including documentary, animated films, and experimental films.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Analyze elements including narrative & genre, mise-en-scene, camera work, editing and sound in a film and evaluate how well they are used to communicate the film's major themes.
2. Analyze film writing and write about film themselves.

## Program Requirements

Course Code	Title	Units
<b>Required Courses</b>		
FILM 301A	Introduction to Film	0
FILM 301B	Introduction to Film 2	0

## Introduction to Screenwriting Certificate of Completion

The **Introduction to Screenwriting Certificate of Completion** explores conceptual and stylistic issues related to writing fiction scripts for entertainment purposes.

The first questions we must ask as filmmakers is "Who am I?," "What is my story?" and "Who is my audience?" Students create original fiction scripts for film and electronic media and participate in both self and peer evaluation to learn more about themselves and the work they produce.

### Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

1. Identify and analyze the structural elements of a narrative screenplay.
2. Self and peer evaluate a professionally formatted original short narrative screenplay.

## Program Requirements

Course Code	Title	Units
<b>Required Courses</b>		
FILM 303A	Screenwriting 1	0
FILM 303B	Screenwriting 2	0

## Journalism AA-T Degree

College of the Desert's Journalism program offers an **Associate in Arts in Journalism for Transfer**, also called the Journalism AA-T Degree. Students earning this degree are well prepared for career fields in radio and television broadcasting, newspaper and magazine writing and production, motion picture, television and video production. The program is designed to train students how to write, report and think critically. The study of Journalism covers the collection, writing, editing and presentation of news or news articles in the media. It is designed to train graduates to be ethical, objective, and critical writers, with the skills and knowledge needed to pursue careers working for newspapers, magazines, broadcast stations and publishing outlets in the online community, and any setting that involves the relaying and reporting of information. The Journalism AA-T degree is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing this degree are guaranteed admission to the CSU system, but not to a particular campus or major. This AA-T degree requires students to complete 60 CSU transferable units including completion of CSU GE or IGETC and 18-19 units in the major with a cumulative GPA of 2.0 or better. Title 5 requires that students must earn a C or better in all courses required for the major or area of emphasis. There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

## Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

1. Explain basic skills and techniques to report and write to a diverse audience across multiple platforms using proper, grammar, punctuation, word usage and spelling, sentence and storytelling structures that adhere to the Associated Press style.
2. Analyze the vital role journalism plays in a democracy, the First Amendment, media history and current trends in the industry.
3. Apply personal and professional standards, ethics and media law, especially in journalism practices.
4. Be prepared to transfer to a university or four-year college with a major in journalism, public relations or a related field.

## Mass Communication AA Degree

The **Mass Communication AA Degree** introduces students to the major forms of Mass Communication including Journalism, Film, Radio and Broadcast Media, and Digital Multimedia, and offers an opportunity for hands-on experience and study of a variety of media. The degree offers a platform from which to launch further study of Mass Communication

and prepares students for transfer to UC and CSU four-year programs in Mass Communication, as well as providing students with basic entry-level industry skills, processes and practices. However, transfer requirements at four-year colleges and universities vary from institution to institution; students should consult with a counselor for specific information regarding the transfer requirements of their preferred college or university.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Students will distinguish and articulate the differences between various mass communication industries.
2. Students will be prepared to transfer to a university for further study in mass communication, including journalism, film, broadcast and electronic media, and digital design and production, in preparation for employment in the mass communication industries.
3. Students will demonstrate the skills necessary to pursue entry-level jobs or better in areas related to: media writing; film, video and multimedia production and distribution; basic digital design and production; newspaper and broadcast reporting; and broadcast announcing.
4. Students will be able to analyze and explain the primary influences of mass communication on society, human behavior, politics, and major cultural practices.

## Natural Resources

The Natural Resources (NR) program at College of the Desert is a gateway to many different environmentally focused careers in such fields as: wildlife management, ecosystem management, wildlife ecology, landscape ecology, parks and recreation planning, environmental consulting, GIS (Geographic Information Systems), natural resources law enforcement, forensic entomology, urban planning, alternative energy, and many more. Transfer students who wish to prepare for four-year colleges will find not only the coursework but also the practical experience required for their majors and fields of interest.

NR programs also serve students who wish to enter directly an environmentally-related occupation (e.g., park ranger, zookeeper) upon completion of the two-year associate's degree.

Short term certificates (Desert Naturalist, Desert Ecologist, Field Ranger, and Geographic Information Systems) provide a well-rounded introduction to the desert environment. These certificates are of special interest to nature enthusiasts including: docents, volunteers, and paid employees who work at museums, libraries, schools, zoos, botanical gardens, parks and other local, state, and federal agencies. In addition, teachers will be able to add many natural science activities to their current curriculum. These certificates may be completed in one or two semesters and will provide students with the academic training and skills necessary for job advancement or employment at any of the natural resource-related agencies in and around the Coachella Valley. Only the Desert Naturalist certificate (12 units) is locally approved and is NOT currently notated on the student's academic transcript in accordance with State regulations.

**Kurt Leuschner**  
kleuschner@collegeofthedesert.edu

## Natural Resources AS Degree (transfer preparation)

The **Associate of Science in Natural Resources** (NR) program at College of the Desert prepares students for transfer to a four-year college or university. Students will complete the necessary coursework and also attain the practical experience required in their fields of interest. This program is a gateway to many different environmentally focused majors in such fields as: wildlife management, ecosystem management, wildlife ecology, landscape ecology, parks and recreation planning, environmental consulting, GIS (Geographic Information Systems), natural resources law enforcement, forensic entomology, urban planning, alternative energy, and many more. NR programs also serve students who wish to enter directly into an environmentally-related occupation (e.g., park ranger, zookeeper) upon completion of the two-year associate's degree.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Understand and explain the problems facing wildlife and ecosystem managers.
2. Apply GIS technology to solve conservation challenges.

## Natural Resources AS Degree (employment preparation)

The Natural Resources Associate's Degree with Employment Preparation is a two-year degree that prepares students to work in a variety of different environmentally focused fields including: wildlife management/ ecology, ecosystem management, landscape ecology, restoration ecology, fire ecology, parks and recreation planning, environmental consulting, GIS (Geographic Information Systems), natural resources law enforcement, forensic entomology, urban planning, nature interpretation, ecotourism,

alternative energy, water treatment/management, zookeeping, environmental education, and more.

Short-term certificates (Desert Naturalist, Desert Ecologist, and Field Ranger) may also be obtained in one to two semesters by taking a variety of Natural Resources (NR) courses (these courses also apply to the two-year degree). These three certificates (as well as the Associate's degree) provide a well-rounded introduction to the desert environment and are of special interest to nature enthusiasts including: docents, volunteers, and paid employees that work at museums, libraries, schools, zoos, botanical gardens, parks and other local, state, and federal agencies throughout southern California. In addition, teachers will be able to add many natural science activities to their current curriculum and move up on the pay scale with each additional unit. Students will receive academic training and learn specific skills (GIS mapping and GPS use for example) that will aid in job advancement and employment with a natural-resources related agency in the Coachella Valley and beyond.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Fulfill the requirements for an entry-level position in their field.
2. Apply critical thinking skills to execute daily duties in their area of employment.
3. Apply critical thinking skills to research, evaluate, analyze, and synthesize information.
4. Display the skills and aptitude necessary to qualify for certification exams in their field.
5. Exhibit effective written, oral communication and interpersonal skills.

## Desert Ecologist Certificate of Achievement

The Desert Ecologist Certificate prepares students for jobs as docents, volunteers, or paid employees working with a variety of local, state, federal and tribal agencies. Students successfully completing this certificate may find entry-level positions in various natural resources specializations, such as:

- Zookeeper or Museum worker
- Ecological Consultant
- State or National Park Ranger
- Lab Technician
- Ecosystem Manager
- Environmental Educator
- Ecotourism Industry

The Desert Ecologist Certificate is intended to prepare students to directly enter the conservation field in various capacities. Students who achieve this certificate will become familiar with a broad range of ecological topics that are applicable anywhere but are also pertinent to the local desert environment. There are no prerequisite skills or limitations on enrollment required for this certificate.

### Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

1. Understand and explain the problems facing wildlife and ecosystem managers.
2. Recognize and interpret wildlife violations and prepare reports.
3. Describe, identify using a taxonomic key, and sketch local wildlife species.
4. Apply GIS technology to solve conservation challenges.
5. Utilize a GPS device for navigation in a wilderness setting.
6. Gain an in-depth understanding of career opportunities in the field of natural resources.
7. Write a research paper dealing with the subject of ecosystem management.

## Field Ranger Certificate of Achievement

The Field Ranger Certificate prepares students for jobs as docents, volunteers, or paid employees working with a variety of local, state, federal and tribal agencies. Students successfully completing this certificate may find entry-level positions in various natural resources specializations, such as:

- State, Tribal, B.L.M. or National Park Ranger
- U.S. Forest Service or Calif. Dept. of Forestry Firefighter
- Fish and Wildlife Game Warden
- Ecological Consultant
- Zookeeper of Museum Worker
- Lab Technician
- Ecosystem Manager
- Environmental Educator
- Ecotourism Industry

The Field Ranger Certificate is intended to prepare students to directly enter the conservation field in various capacities. Students who achieve this certificate will become familiar with a broad range of ranger skills and techniques as well as ecological topics that are applicable anywhere but are also pertinent to the Southwest and the local desert environment. There are no prerequisite skills or limitations on enrollment required for this certificate.

### Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

1. Understand and demonstrate proper fire-fighting skills and techniques.
2. Understand and explain the problems facing wildlife and ecosystem managers.
3. Recognize and interpret wildlife violations and prepare reports.
4. Describe, identify using a taxonomic key, and sketch local wildlife species.
5. Apply GIS technology to solve conservation challenges.
6. Utilize a GPS device for navigation in a wilderness setting.
7. Gain an in-depth understanding of career opportunities in the field of natural resources.
8. Write a research paper dealing with the subject of ecosystem management.

## Geographic Information Systems Certificate of Achievement

Geographic Information Systems (GIS) are software systems that allow users to integrate spatially related information from spreadsheets with smart mapping capabilities. In the Geographic Information Systems Certificate of Achievement, students work with ESRI ArcGIS software to learn Geographic Information Systems (GIS) tasks including: identification and acquisition of GIS data; assessment of vector and raster systems, scale, resolution, map projection, coordinate systems; spatial analysis; geoprocessing; georeferencing and Global Positioning Systems; creation of online and interactive maps. Geographic Information Systems provides basic information for a variety of careers including urban planning, community services, emergency services, resource extraction, business development, demographics and census research and Electives in this certificate allow students to investigate multiple pathways or concentrate on one area of impact.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Demonstrate competence in using the ESRI ArcGIS Desktop and Pro software to create an accurate map.
2. Demonstrate competence in using ArcGIS online products to create online and interactive maps for modelling and analyzing complex spatial relationships.
3. Articulate how GIS can be used in scientific, business and government applications.
4. Using critical thinking skills, evaluate accuracy and effectiveness of different map projections and data management scales.

## Geographic Information Systems for Business Certificate of Completion

Geographic Information Systems (GIS) are software systems that allow users to integrate spatially related information from spreadsheets with smart mapping capabilities. In the Geographic Information Systems for Business Certificate of Completion, students work with ESRI ArcGIS software to apply Geographic Information Systems (GIS) tasks including:

identification and acquisition of GIS data; assessment of vector and raster systems, scale, resolution, map projection, coordinate systems; spatial analysis; geoprocessing; georeferencing and Global Positioning Systems; creation of online and interactive maps for the resolution of business problems and identification of business opportunities.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Demonstrate competence in using ArcGIS online products to create online and interactive maps to resolve business problems and identify opportunities.
2. Evaluate how GIS impacts business decisions.
3. Using critical thinking skills, evaluate accuracy and effectiveness of different map projections and data management scales.

## Program Requirements

## Geographic Information Systems Data Acquisition Certificate of Completion

Geographic Information Systems (GIS) are software systems that allow users to integrate spatially related information from spreadsheets with smart mapping capabilities. In the Geographic Information Systems Data Acquisition Certificate of Completion, students learn the technology required to acquire and manage GIS digitized data. Students work with ESRI ArcGIS software to apply Geographic Information Systems (GIS) tasks including: identification and acquisition of GIS data; assessment of vector and raster systems, scale, resolution, map projection, coordinate systems; spatial analysis; geoprocessing; georeferencing and Global Positioning Systems; and creation of online and interactive maps to model and analyze complex spatial relationships.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Demonstrate competence in using ArcGIS online products to digitize GIS data and create and manage complex database systems.
2. Using critical thinking skills, evaluate the functionality of Geographic Information Systems database systems as an effective tool for analyzing complex spatial relationships.

## Nursing

Nursing is an exciting and challenging profession of responsibility, integrity, and personal growth. Nursing provides an essential service to others, involving the care of people, sick and well. As career professionals, nurses are dedicated individuals who have committed themselves to improving the quality of health care for others. Nursing offers numerous career opportunities. The demand for nurses is high and is projected to remain high for years to come. Nursing is both an art and a science; "a heart and a mind. At its heart, lies a fundamental respect for human dignity and an intuition for a patient's needs. This is supported by the mind, in the form of rigorous core learning" (ANA, 2022). College of the Desert offers a range of nursing pathways to suit any educational and career goal including associate degrees in Nursing for Registered Nursing (RN) and Vocational Nursing (VN) as well as certificates for Vocational Nursing (VN and Nurse Assistant (NA).

Nursing programs are highly impacted programs that are highly regulated. **Nurse Assistant is locally approved and is NOT notated on the student's academic transcript in accordance with State regulations.**

Consult the Nursing webpage under Academic Programs on the College of the Desert website for policies and procedures for each of the programs. For specific questions please call 760.773.2578.

College policy requires each student enrolled in Nursing programs with clinical components to purchase insurance coverage against liability for malpractice as well as materials for nursing student practice kits. A materials fee may be required for Nursing kits. These fees are paid at the time of registration. All programs offered by the Nursing Department demand a grade of "C" or better (2.0) in any course fulfilling program requirements. All Nursing courses require a 75% or higher to fulfill course requirements.

College of the Desert is designated as a continuing education provider by the Board of Registered Nursing. The provider number is 00284.

### Hospital Requirements

Affiliation agreements with clinical facilities require that College of the Desert Nursing Program students meet specific requirements prior to being placed at a facility for a clinical rotation. These requirements include but are not limited to, COVID vaccination and booster, clearance of a recent physical examination, specific immunizations or titers, negative TB status, negative criminal background clearance, negative drug test, and current American Heart Basic Life Support CPR Certification. Requirements are subject to change as specified by the clinical facility. Policies and procedures for all requirements are available in the Nursing Programs Student Handbook located on the Nursing webpage. You will be required to provide proper identification including your Social Security number (SSN) or Individual Tax ID Number (ITIN). The student shall be responsible for paying any associated costs of program requirements. Information on the average cost of the program can be located on the Nursing webpage.

All students enrolled in Nursing Program courses requiring patient care contact must provide evidence of meeting these requirements prior to the start of the term (dates set by the department 30-60 days prior to the start of the term). Students will be dropped from the course/program if requirements are not submitted by the due dates set by the department.

### Core Performance Standards

In compliance with the Americans with Disabilities Act (ADA), students must be, with reasonable accommodation, physically and mentally capable of performing the essential functions of the program. The Core Performance Standards adopted by the Department of Health Sciences include the following:

- Critical Thinking** - Critical thinking ability for effective clinical reasoning and clinical judgment consistent with the level of educational preparation
  - Identification of cause/effect relationships in clinical situations
  - Use of the scientific method in the development of patient care plans
  - Evaluation of the effectiveness of nursing interventions

**Professional Relationships** - Interpersonal skills sufficient for professional interactions with a diverse population of individuals, families, and groups

- Establishment of rapport with patients/clients and colleagues
- Capacity to engage in successful conflict resolution
- Peer accountability

**Communication** – Communication adeptness sufficient for verbal and written professional interactions

- Explanation of treatment procedures, initiation of health teaching.
- Documentation and interpretation of nursing actions and patient/client responses

**Mobility** - Physical abilities sufficient for movement from room to room and in small spaces

- Movement about patient's room, workspaces, and treatment areas
- Be on your feet 6-12 hours at a time and perform activities that include reaching, balancing, carrying, pushing, pulling, stooping, bending, and crouching
- Administration of rescue procedures-cardiopulmonary resuscitation

**Motor Skills** - Gross and fine motor abilities sufficient for providing safe, effective nursing care

- Calibration and use of equipment
- Therapeutic positioning of patients

**Hearing** - Auditory ability sufficient for monitoring and assessing health needs

- Ability to hear monitoring device alarm and other emergency signals
- Ability to discern auscultatory sounds and cries for help

**Visual** - Visual ability sufficient for observation and assessment necessary for patient care

- Visually discriminate depth and color perception
- Perform close and distinct visual activities involving persons, computers, and paperwork
- Ability to observe patient's condition and responses to treatments

**Tactile Sense** - Tactile ability sufficient for physical assessment

- Ability to palpate in physical examinations and various therapeutic interventions

**Other**

- Identify and distinguish odors that are pungent, or the products of infection or metabolic imbalance (e.g., ketones)
- Work and make safe decisions in stressful situations

Students enrolled in the clinical program are subject to special guidelines developed to protect patient safety. A student may be asked to withdraw from a program in the Health Science Department for academic reasons or for other reasons such as drug/alcohol abuse, inappropriate social or emotional behavior, or documented acts of dishonesty. The faculty reserves the right to remove from the clinical area any student who, in the faculty member's professional judgment, places the patient in physical or emotional jeopardy. See the Nursing Programs Student Handbook on the Nursing website for more information.

## VN Licensing Requirements

Upon program completion, students are awarded a vocational nursing certificate or degree and become eligible to apply to the California Board of Vocational Nurses and Psychiatric Technicians (BVNPT) to take the licensure examination. The role of the California Board of Vocational Nursing and Psychiatric Technicians is to protect the public by screening applicants for licensure to identify potentially unsafe practitioners. A State board of nursing may deny licensure on the basis of conviction of a crime substantially related to the practice of nursing; any act involving dishonesty, fraud, or deceit with the intent to substantially benefit self or another or to substantially injure another; any act which is grounds for revocation of a license; making a false statement on the application for license; and/or breach of examination security. Fingerprints are required when applying for licensure. Students interested in a career as a nurse

who has questions regarding licensure limitations should contact the California Board of Vocational Nursing and Psychiatric Technicians at 916.263.7800 or visit BVNPT website.

## VN Program Application Process

Application to the Vocational Nursing program is separate from application to the College. An application form is available during specific application periods and can be obtained from the Nursing webpage.

Enrollment in the Vocational Nursing program is limited. Detailed information regarding the Vocational Nursing program is available on the Nursing webpage.

The program is three semesters long, commencing each fall. It is a limited enrollment program.

**Students interested in the VN Program should:**

1. Visit the Nursing webpage for detailed information.
2. Attend an informational session. Call 760.773.2578 for dates and times of sessions.

**Completion of the VN program does not guarantee licensure.** To apply for licensure, disclosure of your Social Security number or ITIN is mandatory on the California Application for Licensure by Examination form.

## Eligibility and Selection Process

**Program Eligibility:**

To be eligible to apply to College of the Desert's Vocational Nursing Program, the applicant must be at least 17 years of age and be able to provide proof of High School graduation or GED equivalency. Applicants must also:

1. Have a minimum GPA of 2.5 in the following prerequisite courses:
  - HS 062, Your Living Body or BI 013 and BI 014 (or equivalent courses)
  - HS 013, General Nutrition (or equivalent course)
  - HS 067, Intro to Med Dosage Calculations
  - PSY 001, General Psychology (or equivalent course)

**Application and Selection Process:**

Please see the Nursing webpage for specific selection processes and application dates:

1. **Application:** The Nursing webpage contains information regarding application dates.
2. **Selection:** A random selection process of qualified applicants will be used to determine entrance once all applications are evaluated.
3. Applicants will be notified of acceptance status via e-mail.

## RN Licensing Requirements

Graduates are awarded the Associate in Science Degree in Nursing and are eligible to apply to the State Board of Nursing to take the National Council Licensing Examination (NCLEX-RN) and become licensed as Registered Nurses. The role of the California Board of Registered Nursing is to protect the public by screening applicants for licensure to identify potentially unsafe practitioners. A State board of nursing may deny licensure on the basis of: conviction of crime substantially related to the practice of nursing; any act involving dishonesty, fraud, or deceit with intent to substantially benefit self or another or to substantially injure another; any act which is grounds for revocation of a license; making a false statement on the application for license; and/or breach of examination security. Fingerprints are required when applying for licensure. Students interested in a career as a nurse who has questions regarding licensure limitations should contact the California Board of Registered Nursing at 916.322.3350 or visit <https://rn.ca.gov/>.

**Graduation from the Associate Degree Nursing Program does not guarantee licensure.** To apply for licensure, disclosure of your Social

Security number or ITIN is mandatory on the California Application for Licensure by Examination form.

## RN Program Application Process

Application to the nursing program is separate from application to the College. An application form is available during specific application periods and can be obtained from the Nursing webpage. It is recommended that students interested in a Nursing degree meet with a nursing counselor prior to working on prerequisite courses. Enrollment in the Registered Nursing program is limited. Detailed information regarding the nursing program, selection, and other important particulars is available on the Nursing webpage.

### Eligibility and Selection Process

#### Program Eligibility:

To be eligible to apply to College of the Desert's Associate Degree Registered Nursing Program, the applicant must:

1. Have a minimum GPA of 2.5 in the following prerequisite science courses taken within the past ten (10) years, with no grade less than a "C".
  - Human Anatomy with a lab component
  - Human Physiology with a lab component
  - Microbiology with a lab component
2. Have no more than one repeat of any one of the three science courses. A "W", "I", "D", and "F" mark is considered a repeat. Repetitions within the past seven (7) years will be used in determining eligibility.
3. Have a "C" or better in any 3-unit college-level transferable English course. (English 1A, Freshman Composition, is a highly recommended course. English courses must have a research component).

#### Application and Selection:

1. The Nursing webpage contains information regarding application dates.
2. New admission to the program is competitively based on a multicriteria point system. These criteria include: prerequisite course GPA, general education GPA, TEAS test scores, previous degrees, work experience, life experience, and second language proficiency. The Nursing webpage contains information regarding specific selection processes.
3. Applicants will be notified of acceptance status via email.
4. A diagnostic readiness test (TEAS exam) will be required of all accepted students. Details are on the Nursing webpage.

## Nursing Program Advanced Placement Options

Prospective students who have had prior education in nursing or other health-related areas may request consideration for entry into the nursing program with advanced placement. Applicants would include licensed Vocational/Practical Nurses and International Registered Nurses, Veterans, and transfer students from Board approved nursing programs. Specific information regarding the advanced placement procedure is available through the Nursing website. All advanced placement applicants are accepted to the program on a space-available basis.

#### LVN to RN

Licensed Vocational Nurses may enter the associate degree program at an advanced level. For this option, enrollment is limited and the following is applicable to the LVN to RN:

#### Program Eligibility

To be eligible to apply to College of the Desert's LVN to RN Transition Option, the applicant must:

1. Have an unencumbered California LVN license.
2. Have a minimum GPA of 2.5 in the following prerequisite science courses taken within the past ten (10) years, with no grade less than a "C".
  - Human Anatomy with a lab component
  - Human Physiology with a lab component
  - Microbiology with a lab component
3. Successful completion (C or better) of N-057: Transition to Registered Nursing.
4. Have no more than one repeat of any one of the three science courses. A "W", "I", "D", and "F" mark is considered a repeat. Repetitions within the past seven (7) years will be used in determining eligibility.
5. Have a "C" or better in any 3-unit college-level transferable English course with a research component. (English 001A, Freshman Composition, is a highly recommended course. Eligible English courses must have a research component).

#### Application and Selection

1. The Nursing webpage contains information regarding application dates.
2. New admission to the program is competitively based on a multicriteria point system. These criteria include: prerequisite course GPA, general education GPA, TEAS test scores, previous degrees, work experience, life experience, and second language proficiency. The Nursing webpage contains information regarding specific selection processes.
3. Applicants will be notified of acceptance status via email.
4. A diagnostic readiness test (TEAS exam) will be required of all accepted students. Details are on the Nursing webpage.

### Transfer

Students with previous nursing education from a Board of Registered Nursing-approved registered nurse program may request transfer into the program. All transfer requests will be evaluated on an individual basis.

Students should visit the Nursing webpage and make an appointment with the Nursing Counselor to assess eligibility. Transfer students must meet the same enrollment requirements as all students entering the nursing program. General education courses must be completed to correspond with the nursing program's requirements respective to the semester for which the student is seeking transfer. Transfer students must submit a letter from their previous Director/Dean of Nursing to verify that the student had no safety violations while enrolled in the nursing program from which they are transferring. A minimum of twelve units must be completed at COD to earn a degree from COD. All transfer students are accepted on a space available basis.

### Veterans

Military-trained healthcare personnel have the opportunity to apply for advanced placement in the nursing program. Detailed information is available on the Nursing webpage.

### International RN

For Registered Nurses from outside the USA needing to fulfill California Board of Registered Nursing requirements. Detailed information is available on the Nursing webpage.

### LVN to RN (30-Unit Option)

The non-degree option requires that interested students fulfill the following requirements:

1. Current licensure as a California LVN;
2. Proof of high school diploma/GED;
3. Completion of courses in Human Physiology and Microbiology with a minimum GPA of 2.5 with no grade less than a "C".

Thirty-unit option students are accepted to the third semester of the nursing program on a space-available basis. Students will complete the final two semesters of the nursing program. It is important to note that LVNs choosing to take the 30-unit option can never be qualified as graduates of the COD ADN/RN Program and will permanently be referred to as having attained a Nursing Non-Degree/Non Graduate Status. Lack of a degree may create limitations for licensure in other states. Students who do not receive an Associate's degree in Nursing may not be eligible for licensure by endorsement in other states. Interested students must make an appointment with the Director of Nursing and Allied Health or designee to obtain further information and to complete an application.

*All advanced placement students will be accepted on a space-available basis.*

*Detailed information is available on the Nursing webpage.*

**Nursing Counselor:**

Students seeking advising should see the Nursing Counselor.

Appointments for the Nursing Counselors can be obtained by calling the Nursing department at 760.773.2578.

## Vocational Nursing Program Outcome Behaviors

Using the nursing process, the graduate demonstrates the following competencies:

- Assesses basic physical, emotional, spiritual, and socio-cultural needs of clients using a variety of resources
- Contributes to the development of nursing care plans, establishing priorities, and revising as necessary
- Provides safe, competent nursing care using the accepted standard of practice and making appropriate referrals
- Evaluates care to determine priorities, goals, and effectiveness of care
- Uses effective communication skills in the nursing role, in therapeutic relationships with clients and families, and in collaboration with members of the health team
- Assumes responsibility and accountability for managing one's own actions and care delegated to those with lesser preparation
- Practices within the scope of practice of the licensed Vocational nurse • Adheres to the nursing Code of Ethics
- Seeks opportunity for continued professional growth and performance • Advocates for health care consumers through political, economic, and societal activities

## Registered Nursing End of Program Student Learning Outcomes (EPSLO)

- Demonstrates accountability for the delivery of nursing care while influencing the behavior of others to achieve shared goals.
- Demonstrate the Professional Identity of Nursing (PIN)
- Assimilate clinical judgment, rooted in evidence-based practice, to provide nursing care at an entry-level.
- Design client-centered care for individuals that recognizes the client as a full partner with individual preferences and beliefs.
- Integrates communication principles to foster a respectful environment that supports shared decision-making in the efforts of improving client's optimal wellness.
- Competently manages all aspects of safety for clients through system effectiveness, individual performance, and quality improvement to minimize risk of harm to clients.

## Nursing Assistant

### Certified Nurse Assistant/CNA

The Nurse Assistant (NA) program prepares men and women to assist with the routine care and treatment of patients in health care facilities. Working under the direction of the nursing and medical staff, activities of the Certified Nursing Assistant include providing personal care, maintaining safety, and assisting with activities of daily living. Successful completion of the program results in eligibility to take the state approved tests that lead to certification as a nursing assistant.

The course of study includes 63 hours of classroom instruction and at least 100 hours of clinical practice in long-term care facilities. The first 16 hours of class is mandatory. Students missing any portion of the first 16 hours of class will be dropped.

Students submitting initial application to the Department of Health Services for this course will need to complete information disclosing any past criminal record. Electronically transmitted fingerprinting (LiveScan) is required for this course. If a history exists that has not been cleared

with the California Department of Public Health, the student will not be able to continue in the class.

Students must provide a valid Social Security number as required by the California Department of Public Health, Licensing and Certification, Aide and Technician Certification Section (ATCS) under Health and Safety Code, Sections 1337 through 1338.5 and 1736.1-1736.6 in order to process requests for nurse assistant and home health aide certification. Specific information regarding the program may be obtained by contacting the Office of Health Sciences & Education.

Nurse Assistant certificates are locally approved and are NOT notated on the student's academic transcript in accordance with the State regulations.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Provide care of residents in long-term care with an emphasis on assistance with client ambulation.
2. Demonstrate components of safe, effective care for residents of long-term care facilities.
3. Identify the scope and limitations of practice for a Certified Nursing Assistant.
4. Provide care of residents in long-term care with an emphasis on vital signs.
5. Provide care of residents in long-term care with an emphasis on personal care (hygiene).
6. Identify and define effective communication with clients and peers

## Program Requirements

Course Code	Title	Units
HS 064	Nurse Assistant	6

## Registered Nursing AS Degree

The Associate Degree Nursing Program prepares graduates to care for individuals in hospitals, long term care facilities, doctors' offices and clinics in a beginning staff nurse position. The curriculum consists of courses in general education and science in addition to prescribed nursing courses. Once accepted to the nursing program, the student will complete four semesters of nursing courses.

The nursing program is approved by the California Board of Registered Nursing.

College of the Desert is designated as a continuing education provider by the Board of Registered Nursing. The provider number is 00284.

### Registered Nursing Course Sequence

Students can complete the nursing program in two years **once accepted to the nursing program**.

It is recommended that students interested in a Nursing degree see a counselor in the counseling department and read the information on the School of Health Sciences & Education webpage.

*Program Entrance Requirements:* Acceptance under the existing eligibility and selection criteria available on the School of Health Sciences & Education webpage. Program eligibility and selection processes are subject to change. Prospective students are encouraged to check the school web page periodically or call 760.773.2579 or 760.568.3093.

**Please note:** Students are strongly encouraged to complete all general education courses prior to the program application. Licensure can be achieved when all courses required for the degree are completed. Graduates eligible for Registered Nurse Licensing Examination in California. All courses must be completed with a grade of "C" or better.

## Vocational Nursing AS Degree

### Licensed Vocational Nursing (VN/LVN)

Acceptance criteria, program eligibility and selection processes are subject to change. Prospective students are encouraged to check the College webpage periodically to remain updated.

The Vocational Nursing (VN) Program prepares graduates to qualify to take the national licensing examination (NCLEX-PN) to become a Licensed Vocational Nurse. Licensed vocational nurses assist in data collection, plan and implement nursing care, administer medications and treatments, and maintain a safe environment for patients and families. Approved by the California Board of Vocational Nursing and Psychiatric Technicians (BVNPT), the 12-month, full-time VN program provides student-centered instruction and meets all State regulations. Classroom instruction is offered concurrent with clinical practice, assisting the student in the application of nursing theory to actual nursing situations. Students are in class and clinical instruction approximately 34 hours each week.

Graduates eligible for Vocational Nurse Licensing Examination in California.

Program Acceptance Requirements: See School of Health Sciences & Education web page. All courses must be completed with a grade of "C" or better.

## Performing Arts

Performing Arts programs offer a wide range of courses in music, theater and dance, including fundamentals, appreciation, theory, history, technique and performance practice.

Instrumental and vocal ensembles along with theatrical productions provide public performance opportunities to majors and non-majors alike. Performing Arts at College of the Desert is rooted in the passionate belief that the arts are an essential part of life and education, integral in the social development of every person, and vital to the understanding of diverse cultures. Students learn to express themselves artistically, both as individuals and in collaboration with others. Our community sees, supports, and sustains performing arts education not only for the immediate values of performance, but for ways of understanding the world, for the development of the mind and body, and for many underlying skills and understandings that are necessary for success in life. It is the goal of the performing arts program to:

- help students develop their artistic and intellectual potential to the highest possible level.
- provide a broad foundation of knowledge in the theory, history, literature and practice of performing arts for students wishing to pursue degree, certificate, transfer and vocational agendas.
- promote community awareness of the relationship between the performing arts and the history of human values, cultural diversity and the liberal arts tradition.
- promote the development of discipline-specific skills appropriate to the training of those who wish to teach, those who will pursue advanced studies or professional employment, and those who will use their artistic training in community settings and other cultural service areas.
- enable all students to benefit from the cultural richness of our heritage through both traditional and experimental performance practices.

Careers in Performing Arts include, but are not limited to, performer, educator, designer, director, choreographer, stage manager, conductor, composer, arranger, accompanist, audio engineer, dramaturg, critic, special effects artist and music/drama therapist. Professional union affiliations include SAG-AFTRA, Actors' Equity Association (AEA), the Society of Directors & Choreographers (SDC), the American Federation of Musicians (AFM) and the American Guild of Musical Artists (AGMA). Transfer requirements at four-year colleges and universities vary, so students should consult with a counselor and faculty advisor for specific information regarding the transfer process and lower division requirements.

## Courses Related in Content

### Limitation on Enrollment by Courses Related in Content

Many Performing Arts courses have enrollment limitations. Active participatory courses that share a similar educational objective in Performing Arts are grouped together as a “family” of courses related in content. Students are allowed four enrollments within each “family”, but each course in the “family” is limited to one enrollment unless it has been designated as repeatable, per Title 5, Section 55040 (c), California Code of Regulations:

“The policies and procedures adopted by the governing board of each community college district pursuant to subdivision (a) may not permit student enrollment in active participatory courses, as defined in section 55000, in physical education/kinesiology, visual arts or performing arts that are related in content, **more than four times** for semester courses.

This limitation applies even if a student receives a substandard grade or “W” during one or more of the enrollments in such a course or petitions for repetition due to extenuating circumstances as provided in section 55045.” The following groups of courses related in content were approved by the Curriculum Committee:

## Advanced Commercial Music Certificate of Achievement

Digital technology has transformed commercial music, making it possible to produce commercial music projects without huge budgets, expensive studio set-ups or large crews. Whether the goal is to fulfill a personal artistic vision, market a product or advance a cause, the fundamental need for commercial music remains a powerful one.

In this certificate program, students receive direct, hands-on experience creating commercial music that is entertaining, emotional, sophisticated and compelling. The program builds on the elements learned in the basic certificate program, covering advanced aspects of commercial music production, including writing, directing, performing, producing, editing and marketing.

The **Advanced Commercial Music Certificate of Achievement** provides a deeper study of commercial music production as well as more advanced industry skills, processes and practices. It gives students crucial musical and audio engineering tools. Students emerge with commercial music for their personal or professional portfolio.

### Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

1. Students will have the skills necessary to compose, direct, and perform commercial music at an advanced level.
2. Students will have the skills necessary to produce, record, edit, and mix commercial music at an advanced level.
3. Students will have the business, marketing, and management skills necessary to produce a variety of commercial music events in a variety of venues at an advanced level.
4. Students will produce multi-track commercial music.

- Multi-track recording fundamentals including basic audio editing and mixing
- Music industry marketing

This Certificate provides a platform from which to launch further study of commercial music production as well as basic entry-level industry skills, processes and practices. It gives students crucial musical and audio engineering tools. Students emerge with commercial music for their personal or professional portfolio.

## Music AA-T Degree

The Music program at College of the Desert is rooted in the passionate belief that the arts are integral to the social development of every individual and an essential part of life that is vital to the understanding of diverse cultures. Students learn to express themselves artistically, both as individuals and in collaboration with others. Our community sees, supports, and sustains music education not only for the immediate values of performance, but for ways of understanding the world, for the development of the mind and body, and for many underlying skills and understandings that are necessary for success in life.

The **Associate in Arts in Music for Transfer**, also called the Music AA-T Degree, is designed to prepare students to transfer to a CSU or UC campus to complete a bachelor's degree in Music. Course offerings include music theory and musicianship, ensembles, piano, and applied lessons on an instrument or voice. Students earning the *Music AA-T Degree* will receive "priority admission with junior status to the CSU system." Students completing a bachelor's degree typically choose careers in music that include performer, educator, conductor, composer, arranger, accompanist, recording engineer, radio/television audio engineer, music minister, music therapist, or private instructor.

This Music AA-T degree requires students to meet both of the following requirements:

1. Completion of 60 semester units that are eligible for transfer to the California State University, including both of the following:
  - The Intersegmental GE Transfer Curriculum (IGETC) or the California State University GE-Breadth Requirements (CSU GE-B).
  - A minimum of 18 semester units in a major or area of emphasis. All courses in the major or area of emphasis must be completed with a grade of "C" or better.
2. Obtainment of a minimum grade point average of 2.0.

There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Demonstrate the ability to analyze and compose music that makes use of tonal and post tonal approaches in a variety of musical and cultural contexts.
2. Demonstrate the ability to perform music from a variety of musical and cultural contexts in both solo and ensemble formats on their chosen instrument or voice.
3. Demonstrate the ability to perform music and technical exercises for the piano at a lower intermediate level.
4. Demonstrate the ability to apply aural skills to the performance, composition, and analysis of music.

## Program Requirements

Course Code	Title	Units
<b>Required Core Courses</b>		
MUS 001	Music Theory I	4

Take four semesters total of the following (0.5 units each):		2
MUS 099A	Applied Music, Instrumental	
MUS 099B	Applied Music, Vocal	
Large Ensemble (4 semesters total) - select from the following (1 unit each):		4
MUS 027	Jazz Band	
MUS 028	Jazz Ensembles	
MUS 029	Jazz Singers	
MUS 031	Chamber Singers	
MUS 033	Symphonic Band	
<b>Required Subtotal</b>		<b>24</b>
Select one of the following: <sup>1</sup>		37-39
CSU General Education (p. 89)		
IGETC Pattern (p. 93)		
Transferable Electives (as needed to reach 60 transferable units) <sup>2</sup>		
<b>DEGREE TOTAL</b>		<b>60</b>

<sup>1</sup> Units for the major may be double counted for CSU GE or IGETC, confer with Counselor.

<sup>2</sup> Elective units to reach 60 unit total must be CSU transferable, confer with Counselor.

Please refer to Associate Degree for Transfer (SB 1440).

## Musical Theatre Certificate of Achievement

Musical theatre actors must be able to effectively interpret scripts and songs while also being well versed in a variety of dance styles. This certificate allows students to explore interdisciplinary skills required for success in the field, to understand professional ethics and to prepare themselves for the rigorous physical and emotional demands of a musical theatre career.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Students will effectively interpret musical theatre scripts and songs.
2. Students will integrate interdisciplinary performance skills required for success in the musical theatre field.

## Program Requirements

## Theatre Arts AA-T Degree

Theatre Arts is the study of the creative, historical, technical, and cultural aspects of performance. Career paths chosen by students pursuing undergraduate studies in Theatre Arts commonly include performance, education, design, and communication. Careers in the

discipline that generally require graduate-level degrees include dramatic criticism and education. Even students who choose not to major in Theatre Arts find that coursework in the field can improve their ability to communicate, problem solve, speak publicly, build self-confidence, and work successfully both collaboratively and independently. College of the Desert's Theatre Arts curriculum includes course offerings that provide a general overview and history of the discipline, training in acting, makeup, design, technical production, and script analysis.

The **Associate in Arts in Theatre Arts for Transfer**, also called the Theatre Arts AA-T Degree, consists of courses and training allowing students to pursue entry-level positions as performers and technicians or to continue their study in the discipline toward a B.A. or Graduate degree. College of the Desert offers transfer agreements with California State Universities, the University of California systems and independent colleges and universities. The Theatre Arts AA-T requires students to complete 60 CSU transferable units including completion of CSU GE or IGETC and 18 units in the major with a cumulative GPA of 2.0 or better. Title 5 requires that students must earn a "C" or better in all courses required for the major or area of emphasis. There are no additional graduation requirements.

Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Demonstrate artistic and technical growth and personal enrichment through theatrical performance.
2. Analyze major artists, media, genres, and periods of theater history from ancient Greece to the present.
3. Demonstrate vocational skills necessary for a career in the theater.
4. Be prepared to transfer to a university or four-year college with a major in theatre arts or a related field.

## Program Requirements

Course Code	Title	Units
<b>Required Core Courses</b>		
TA 001	Introduction to Theatre	3
TA 002	Acting I	3
Select maximum of 3 units from either Rehearsal and Performance or Technical Theatre Practicum:		
Rehearsal and Performance (maximum 3 units)		
TA 020	Play Production - Acting	1
TA 021	Play Production - Acting	2
TA 022	Play Production - Acting	3
or Technical Theater Practicum (maximum 3 units)		
TA 030	Technical Theatre Production (Repeatable 3 times)	1
<b>List A</b>		
Select 3 courses from the following: (9 units)		
TA 003	Acting II	3
TA 004	Script Analysis	3
TA 009	Stagecraft	3
TA 010	Introduction to Design & Production	3
TA 080	Theatre Makeup	3
3 units maximum from the following if not used in core		
TA 020	Play Production - Acting	1
TA 021	Play Production - Acting	2
TA 022	Play Production - Acting	3

Or 3 units maximum from the following if not used in core		
TA 030	Technical Theatre Production (Repeatable 3 times)	1
<b>Required Subtotal</b>		<b>18</b>
Select one of the following: <sup>1</sup>		37-39
CSU General Education (p. 89)		
IGETC Pattern (p. 93)		
Transferable Electives (as needed to reach 60 transferable units) <sup>2</sup>		
<b>DEGREE TOTAL</b>		<b>60</b>

<sup>1</sup> Units for the major may be double counted for CSU GE or IGETC, confer with Counselor.

<sup>2</sup> Elective units to reach 60 unit total must be CSU transferable, confer with Counselor.

Please refer to Associate Degree for Transfer (SB 1440).

## Philosophy AA-T Degree

Philosophy, which can be called "the science of the Big Picture", is the systematic study of concepts such as knowledge, truth, reality, logic and rationality, ethics and morality, justice, beauty, mind, and God. Philosophy is concerned with posing and answering questions as difficult and varied as, What is truth?, Could each person have her own truth?, What is the relation of formal logic to ordinary reasoning?, How should human beings live their lives?, How does our familiar human world of thoughts, sensations, and feelings fit into the larger world that is described by the natural sciences? Can there be human actions that are morally right (or wrong) independently of a society's judgment?, Does beauty exist only in the eye of the beholder?, and finally, Does God exist?

Career paths chosen by students pursuing undergraduate studies in philosophy commonly include the foreign service, computer science, and creative writing. Careers in the discipline that generally require graduate-level degrees include college teaching, law, medicine, psychiatry, and social work.

The **Associate in Arts in Philosophy for Transfer**, also called the Philosophy AA-T Degree, prepares students to transfer to CSU campuses that offer bachelor's degrees in Philosophy. Students earning the Philosophy AA-T Degree will be granted priority for admission as a Philosophy major to a local CSU, as determined by the CSU campus to which the student applies. This Philosophy AA-T degree requires students to meet both of the following requirements:

1. Completion of 60 semester units that are eligible for transfer to the California State University, including both of the following:
  - The Intersegmental GE Transfer Curriculum (IGETC) or the California State University GE-Breadth Requirements (CSU GE-B).
  - A minimum of 18 semester units in a major or area of emphasis. All courses in the major or area of emphasis must be completed with a grade of "C" or better.
2. Obtainment of a minimum grade point average of 2.0.

There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Critique generalizations and popular opinion about human behavior and society, distinguishing opinion and values from scientific observations and study.

2. Understand and think critically about different cultures (including topics such as race, gender, and class) and their influence on human development or society.
3. Develop individual responsibility, personal integrity, and respect for diverse people and culture.
4. Identify and analyze key concepts and theories about human and/or societal development.
5. Examine the biological, psychological, and sociological factors that influence the personalities and behaviors of females and males from a multicultural perspective.

## Program Requirements

Course Code	Title	Units
<b>Required Core Courses</b>		
PHIL 006	Introduction to Philosophy	3
PHIL 007	Ideas of the Great Philosophers	3
PHIL 010	General Logic	3
PHIL 014	Introduction to Ethics	3
PHIL 017	Philosophy of Religion	3
<b>List A</b>

## Police Science

College of the Desert's Police Science Program:

- Prepares current and future law enforcement students and professionals for the dynamic challenges of succeeding in the field of law enforcement and the Criminal Justice System.
- Helps students develop a sense of the basic requirements for successful careers in Criminal Justice.
- Allows students to complete the Degree program while working part or full-time, with courses offered during evenings and on weekend days.

Please refer to the Public Safety Academy under Academic Programs on the College of the Desert website for more detailed program information or call 760.346.8041 Ext. 3765.

## Public Safety Certificate of Achievement

The Public Safety Certificate of Achievement is focused towards students pursuing a career in Public Safety or as a First Responder. Students will be introduced to courses in Criminal Justice, Fire Service and Emergency Medical Services. Completion of this certificate will provide students with the basic knowledge to pursue a career in the Public Safety field.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Exhibit a working knowledge of the various aspects of the Fire Service to include but not limited to Fire Department structure, operations, educational and experiential requirements for fire service jobs.
2. Describe employment criteria required in Criminal Justice and Law Enforcement industries.
3. Display aptitude and knowledge necessary to qualify for employment in Emergency Medical Service industries.

## Program Requirements

Course Code	Title	Units
<b>Required Courses:</b>		
CJ 001	Introduction to Criminal Justice	3
FIRE 001	Principles of Emergency Services	3
OR		
FIRE 001A & FIRE 001B	Principles of Emergency Services 1A and Principles of Emergency Services 1B	3
EMR 080	Emergency Medical Responder	3
OR		
EMR 080A & EMR 080B	Emergency Medical Responder 1A and Emergency Medical Responder 1B	3
<b>CERTIFICATE TOTAL</b>		<b>9</b>

## Basic Correctional Officer Certificate of Achievement

The Basic Correctional Officer Certificate of Achievement prepares students for entry-level positions in the field of corrections. This program will introduce the student to adult corrections procedures, interviewing, counseling techniques, defensive tactics, public relations, and oral and written communications. Security and supervision techniques in adult institutions are stressed. The Correctional Officer Training course meets or exceeds the mandates of the California Board of Corrections and Rehabilitation. Check the program website for additional information.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Interpret codes, statutes, and policies as they relate to the care and custody of inmates in a correctional facility.
2. Discuss the importance of physical fitness in meeting the demands of the corrections environment and identify the different types of training styles best suited for correctional officers.
3. Apply the principles of group dynamics to maintain control and security while working with groups of inmates in a correctional facility.

- Demonstrate the ability to provide basic first aid and life support measures as prescribed by the California Code of Regulations.
- Explain the importance of teamwork as it pertains to a correctional facility.
- Critically compare and contrast basic techniques for evaluating and analyzing occupationally hazardous situations and selection of the appropriate response procedure.
- Identify proper application of defensive tactics techniques and their responsibility after the use of force has occurred.
- Discuss the proper application of safe tactical less-lethal munitions techniques.
- Articulate the basic concepts of law enforcement writing.
- Outline the duties and responsibilities of a correctional deputy/officer in a city or county jail.
- Recite and explain the Correctional Deputy Code of Ethics.

- Analyze the various aspects of police work.
- Be prepared to perform the duties and responsibilities of a Police Reserve Officer – Level I in the state of California.
- Perform physical fitness exercises as prescribed by the California Commission on Peace Officer Standards and Training (POST).
- Be prepared for the POST exam.
- Be prepared for entry-level employment as a peace officer.

## Program Requirements

Course Code	Title	Units
<b>Required Courses</b>		
BCOT 010	Basic Correctional Officer Training	16
Select one course from the following: (3 units)		
CJ 001	Introduction to Criminal Justice	3
CJ 030	Introduction to Corrections	3
<b>CERTIFICATE TOTAL</b>		<b>19</b>

## Reserve Police Officer Certificate of Achievement

The Reserve Police Officer program is designed to serve students seeking either to enter or enhance their careers in the law enforcement profession. The courses in the Reserve Police Officer Certificate program will provide the foundational knowledge for a person to enter the profession of law enforcement as a Level-III or Level-II Reserve Officer.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

- Be prepared for entry level employment in the field of Reserve Police or similar field.

## Program Requirements

Course Code	Title	Units
<b>Required Courses</b>		
All courses must be completed with a grade of "C" or better.		
BPOT 001	Basic Peace Officer Training-Module III	7

<b>CERTIFICATE TOTAL</b>		<b>19</b>

## Basic Peace Officer Certificate of Achievement

The Basic Peace Officer Certificate of Achievement is designed to serve students seeking either to enter or enhance their careers in the law enforcement profession. The courses in this program will provide the foundational knowledge for a person to enter the profession of law enforcement as a Level-I reserve officer or a full-time police officer.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

## Program Requirements

Course Code	Title	Units
<b>Required Courses</b>		
BPOT 003	Basic Peace Officer Training-Module I	19
Select one course from the following: (3 units)		
CJ 002	Concepts of Criminal Law	3
CJ 004	Criminal Court Process	3
CJ 006	Criminal Investigation	3
CJ 010	Juvenile Procedures	3
CJ 024	Investigative Report Writing	3
CJ 030	Introduction to Corrections	3
<b>CERTIFICATE TOTAL</b>		<b>22</b>

## Police Science AS Degree

The Police Science program provides training for careers in law enforcement as well as related fields in corrections, probation, security and community service. The program offers three levels of job-entry training, as well as an Associate's Degree designed to enhance professional skills and qualifications. The job-entry training levels include the Reserve Police Officer Certificate of Achievement, Basic Peace Officer Certificate of Achievement and the Basic Correctional Officer Training Certificate of Achievement. These levels consist of the Peace Officer Standards and Training (POST) certified Module III, Module II, and Module I Basic Peace Officer Training courses and the Correctional Peace Officer Standards and Training (CPOST) certified Basic Correctional Officer course. Satisfactory completion of the POST Training requirements for hire as a Level-III or Level-II or Level-I Reserve Peace Officer or the CPOST requirements for hire as a Correctional Deputy establishes eligibility for hire in the State of California.

With the BPOT 001-Module III (7 units) and BPOT 002-Module II (12 units) or BPOT 003-Module I (19 units), a Police Science Associate's Degree is attainable with an additional 18 units of required courses, 18 units of General Education, 3 units of electives, and 2 units of Kinesiology activity courses.

With the BCOT 010 - Basic Correctional Officer Training Course (16 units), a Police Science Associate's Degree is attainable with an additional 18 units of required courses, 18 units of General Education, 6 units of electives, and 2 units of Kinesiology activity courses.

Basic Peace Officer Training and Basic Correctional Officer Training courses are non-traditional courses subject to state regulations prescribed by the California Commission on Peace Officer Standards and Training (POST) and California Commission of Correctional Peace Officer Training (CPOST). Students desiring to enroll in any POST or CPOST certified training courses must be 18 years of age, possess a valid driver's license, be fingerprinted and present a Department of Justice signed clearance letter to possess a firearm on the first day of class. There are also certain physical and moral character requirements. Students wanting to register for these courses at COD who are unsure if they meet the POST or CPOST requirements are urged to contact the Academy Director or Police Academy Manager prior to enrollment. Please refer to

the COD website [www.collegeofthedesert.edu](http://www.collegeofthedesert.edu) for more detailed program information or call 760.346.8041 Ext. 3765 or 3083.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Prepare current and future law enforcement professionals for the dynamic challenges of succeeding in the field of law enforcement and the Criminal Justice System.
2. Develop a sense of the basic requirements for success in the future.

## Program Requirements

**Note:** With advisor approval, up to 19 units of any Peace Officer Standards and Training (POST) certified Basic Peace Officer Training Module I course may be substituted for some or all of the 19 units of required CJ courses.

## Political Science AA-T Degree

Political Science is the scientific study of politics, structure of governments at the national, state and local levels, policy making and policy makers. As such, it encompasses a wide range of interdisciplinary subjects, including economics, history, law, and philosophy. One major concern of political science is educating each generation of how democracy works, what are its benefits relative to other governmental systems. Lacking such knowledge can threaten our very existence since democracy is dependent upon a well-informed and civic-minded citizenry. This degree is an excellent general preparation for careers in conflict resolution, criminal justice, diplomacy, civil service, education, elections, journalism, the practice of law, public administration and public policy, public service, and research. The **Associate in Arts in Political Science for Transfer**, also called the Political Science AA-T Degree, prepares students to transfer to CSU campuses that offer bachelor's degrees in Political Science. Students earning the Political Science AA-T Degree will be granted priority for admission as a Political Science major to a CSU, but not to a particular campus. This degree requires students to complete 60 CSU transferable units including completion of CSU GE or IGETC and 18-19 units in the major with a cumulative GPA of 2.0 or better. Title 5 requires that students earn a grade of "C" or better in all courses required for the major or area of emphasis. There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

Course Code	Title	Units
<b>Required Core Courses: (6 - 7 units)</b>		
PS 001	Introduction to Government	3
SOC 003	Fundamentals of Statistics	3
	or MATH 014 Statistical Methods	
<b>List A</b>		
Select 2 courses from the following (6 units):		
PS 002	Introduction to Comparative Governments	3
PS 003	Introduction to Political Theory	3
	or PHIL 003 Introduction to Political Theory	
PS 004	Introduction to International Relations	3
<b>List B (6 units)</b>		
Select 2 courses from the following: 6		
ANTH 002	Cultural Anthropology	
ECON 001	Principles of Macroeconomics	
HIST 017	US History through Reconstruction	
PS 005	The American Presidency	
<b>Required Subtotal</b>	<b>18-19</b>	
CSU General Education Pattern (p. 89) <sup>1</sup>	37-39	
IGETC Pattern (p. 93)		

Transferable Electives (as needed to reach 60 transferable units)<sup>2</sup>

**DEGREE TOTAL** **60**

<sup>1</sup> Units for the major may be double counted for CSU GE or IGETC, confer with Counselor.

<sup>2</sup> Elective units to reach 60 unit total must be CSU transferable, confer with Counselor.

Please refer to Associate Degree for Transfer (SB 1440).

## Sciences

The Science Department has available a broad offering of courses in the biological and physical science disciplines. The aim of the department is to provide instruction to a large number of general students as well as those with a goal of majoring in science. To this end, courses for the non-science major are transferable to other institutions for general education requirements. Courses designed for science majors parallel content, level of instruction, and units found in university systems. The department also offers a complete sequence of science courses leading to a nursing program and related allied health programs.

Specified high-unit majors do not complete the transfer general education certification and must meet with their faculty advisors for general education requirements for graduation.

## Biological Sciences

Biology is the study of living organisms and their processes. Organisms studied by biologists include bacteria, protists, plants, fungi, and animals. In addition to biological processes, biology also covers molecular and cellular structures, organismal behavior, the relationship between structure and function, and anatomy and physiology.

Career paths chosen by students pursuing undergraduate studies in biology commonly include pharmaceutical sales, biomedical research, biomedical engineering, fish and wildlife biology, animal handler/trainer, zoo/aquarium biologist, forestry and national parks service, environmentalist, and biology education.

Careers in biology that require graduate-level degrees include medicine, pharmacy, veterinary, optometry and dentistry, bioinformatics (biology with computer science), and medical and biological research. Even students who do not major in biology find that coursework in the field can improve their skills in critical thinking, complex problem solving, writing, research and analysis. Additionally, biology coursework gives students the opportunity to explore current scientific, medical, and environmental topics, as well as their own health.

College of the Desert's biology curriculum includes course offerings in general biology, for non-science majors, human anatomy and physiology as well as microbiology for students preparing for careers in health care, and introductory biology coursework for science majors in molecular and cell biology and organismal biology.

The College offers an Associate in Science in Biology for Transfer (AS-T) degree which prepares students for seamless transfer with junior status to a CSU campus in a program or major in Biology. Students earning the Biology AS-T degree may pursue entry-level positions as laboratory assistants or may choose to continue their studies in the discipline toward a bachelor's or graduate degree at any college or university. Transfer requirements at four-year colleges and universities vary from institution to institution. Students should consult with a counselor for specific information regarding the transfer requirements of their preferred college or university.

## Physical Sciences

Courses in physical science aim to engage students with subjects such as astronomy, chemistry, geology, and physics, that study the structure

and function of non-living systems. Studying these systems, students will use the scientific method to investigate materials ranging from subatomic particles to the vast scale of the Earth, solar system, dark matter and energy within our universe.

Students who choose not to major in physical sciences find that coursework in the field can improve their ability to solve complex problems using critical thinking and to perform research and analysis. Satisfy your curiosity of the physical sciences and initiate your development of knowledge to improve our quality of life.

Most careers in this discipline require an undergraduate or graduate-level degree. However, minimum qualifications for some entry-level positions require an associate degree. Career paths chosen by students pursuing undergraduate studies in physical sciences commonly include, but are not limited to, laboratory and/or field technician positions with an emphasis in astronomy, chemistry, engineering, environmental science, geology, and physics.

College of the Desert's physical science curriculum includes course offerings that provide a general overview of the disciplines for students seeking to satisfy general education requirements, a bachelor's degree in a nursing program, or students planning to become educators at elementary and secondary schools. Additionally, coursework is offered for students majoring in science or engineering and intending to transfer to a four-year program in their chosen discipline.

College of the Desert offers Associate in Science for Transfer (AS-T) Degrees in Chemistry, Environmental Science, Geology, and Physics. These degrees prepare students for a seamless transfer with junior status to a CSU or UC in their chosen program or major for completion of a baccalaureate degree. Transfer requirements at four-year colleges and universities vary from institution to institution; students should consult with a counselor for specific information regarding the transfer requirements of their preferred college or university.

## Biology AS-T Degree

The **Associate in Science in Biology for Transfer**, also called the Biology AS-T Degree, is designed to prepare students for a seamless transfer with junior status to a CSU campus in a program or major in Biology for completion of a baccalaureate degree. Upon successful completion of courses leading to the Biology AS-T Degree the student will be able to know and understand Biology concepts, skills and applications to attain upper division status in Biology at a CSU institution. This Biology AS-T degree requires students to meet both of the following requirements:

1. Completion of 60 semester units that are eligible for transfer to the California State University, including both of the following:
  - The Intersegmental GE Transfer Curriculum (IGETC) for STEM.
  - A minimum of 18 semester units in a major or area of emphasis. All courses in the major or area of emphasis must be completed with a grade of "C" (or "P") or better for each course in the major.
2. Obtainment of a minimum grade point average of 2.0. There are no additional graduation requirements. Students are advised to consult with a counselor to verify transfer requirements.

## Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

1. Describe the mechanisms of reproduction and heredity, from both classical and molecular perspectives, and link genetic influences to evolutionary processes and adaptation.
2. Explain the relationship between structure and function in biological systems.
3. Use mathematical, physical, and chemical principles to understand the functioning of biological processes.
4. Students will be prepared to transfer to a four-year university biology program.

<b>Required Subtotal</b>		<b>36</b>
IGETC for STEM (p. 96)		
Transferable Electives (as needed to reach 60 transferable units) <sup>2</sup>		
<b>DEGREE TOTAL</b>		<b>60</b>

<sup>1</sup> Units for the major may be double counted for IGETC for STEM, confer with Counselor.

<sup>2</sup> Elective units to reach 60-unit total must be CSU transferable, confer with Counselor.

**Please refer to Associate Degree for Transfer (SB 1440).**

## Chemistry AS-T Degree

The **Associate in Science in Chemistry for Transfer**, also called the Chemistry AS-T Degree, is designed to prepare students for a seamless transfer with junior status to a CSU campus in a program or major in Chemistry for completion of a baccalaureate degree. Upon successful completion of courses leading to the Chemistry AS-T Degree the student will be able to know and understand Chemistry concepts, skills and applications to attain upper division status in Chemistry at any CSU institutions.

This degree requires students to meet both of the following requirements:

1. Completion of 60 semester units that are eligible for transfer to the California State University, including both of the following:
  - The Intersegmental GE Transfer Curriculum (IGETC) or the California State University GE-Breadth Requirements (CSU GE-B).
  - A minimum of 18 semester units in a major or area of emphasis. All courses in the major or area of emphasis must be completed with a grade of "C" or better.
2. Obtainment of a minimum grade point average of 2.0.

The Chemistry AS-T degree requires students to complete 60 CSU transferable units including completion of IGETC for STEM and 36 units in the major with a cumulative GPA of 2.0 or better. Units for the major may be double counted for **IGETC for STEM only** (*not CSU GE*). The IGETC for STEM requires a student to complete their general education pattern by taking an additional 6 units after transfer. There are no additional graduation requirements. Students are advised to consult with a counselor to verify transfer requirements.

### Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

1. Demonstrate an understanding of general, inorganic and introductory organic chemistry, including nomenclature and writing formulas and chemical equations.
2. Use appropriate scientific terminology and evaluate the merit of scientific data using critical thought.
3. Demonstrate an understanding of general, inorganic and introductory organic chemistry, including nomenclature and writing formulas and chemical equations.
4. Describe basic atomic theory and apply its principles to chemical reactions.
5. Describe reactions of acids/bases, oxidation-reduction reactions, as well as reactions of gases, liquids, and solids.
6. Explain functional group categories that differentiate the various organic chemicals and the physical, chemical and physiological properties of each.
7. Describe and demonstrate correct use of laboratory equipment.
8. Prepared for transfer to 4-year university chemistry programs and upper-division chemistry courses.

### Program Requirements

Course Code	Title	Units
<b>Required Core Courses</b>		
CH 001A	General Chemistry I	5
CH 001B	General Chemistry II	5
CH 010A	Organic Chemistry I	5
CH 010B	Organic Chemistry II	5
MATH 001A	Calculus	4
MATH 001B	Calculus II	4
PH 003A	Engineering Physics	4

PH 003B	Engineering Physics	4
<b>Required Subtotal</b>		<b>36</b>
IGETC for STEM (p. 96) <sup>1</sup>		31
<b>DEGREE TOTAL</b>		<b>60</b>

<sup>1</sup> Units for the major may be double counted for **IGETC for STEM only** (*not CSU GE*), confer with Counselor.

Please refer to Associate Degree for Transfer (SB 1440).

## Environmental Science AS-T Degree

The **Environmental Science Associate in Science for Transfer Degree**, also called *Environmental AS-T Degree*, is designed to prepare students for a seamless transfer with junior status to a California State University (CSU) campus in a program or major in Environmental Science for completion of a baccalaureate degree. The program focuses on science methodology and applied analysis to study natural and human environments from an interdisciplinary perspective. The curriculum builds on natural sciences (biology, chemistry, geology, and physics), integrated social and applied science (economics, geography, and bioregional studies), and mathematics (including calculus and statistics).

This *Environmental Science AS-T* degree requires students to meet both of the following requirements:

1. Completion of 60 semester units that are eligible for transfer to the California State University, including both of the following:
  - The Intersegmental GE Transfer Curriculum (IGETC) or the California State University GE-Breadth Requirements (CSU GE-B).
  - A minimum of 18 semester units in a major or area of emphasis. All courses in the major or area of emphasis must be completed with a grade of "C" or better.
2. Obtainment of a minimum grade point average of 2.0. There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

The *Environmental Science AS-T Degree* requires students to complete 60 CSU transferable units including completion of **IGETC for STEM** *and* 41 units in the major with a cumulative GPA of 2.0 or better. Units for the major may be double counted for **IGETC for STEM only** (*not CSU GE*). The **IGETC for STEM** requires a student to complete their general education pattern by taking an additional 6 units after transfer. There are no additional graduation requirements. Students are advised to consult with a counselor to verify transfer requirements.

### Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

1. Evaluate and analyze concepts and methods from physical and applied sciences and their application in environmental problem solving.
2. Examine the relationship between ethical, cross-cultural, and historical environmental issues with anthropogenic and natural systems.
3. Demonstrate proficiency in quantitative methods, qualitative analysis, critical thinking, and written and oral communication of environmental processes.
4. Ability to transfer to a four-year university environmental science program.

### Program Requirements

Course Code	Title	Units
<b>Required Core</b>		
BI 005	Molecular and Cell Biology	5

CH 001A	General Chemistry I	5
CH 001B	General Chemistry II	5
ECON 002	Principles of Microeconomics	3
MATH 014	Statistical Methods	4
MATH 001A	Calculus	4
G 001	Physical Geology	4
or GEOG 001 & 001L	Physical Geography and Physical Geography Lab	
G 022	Introduction to Environmental Sciences	3
or NR 001	Conservation of Natural Resources	
PH 002A & PH 002B	College Physics I and College Physics II	8
or PH 003A & PH 003B	Engineering Physics and Engineering Physics	
<b>Required Subtotal</b>		<b>41</b>
IGETC for STEM (p. 96) <sup>1</sup>		31
Transferable electives as needed to reach 60 transferable units <sup>2</sup>		
<b>DEGREE TOTAL</b>		<b>60</b>

<sup>1</sup> Units for the major may be double counted for **IGETC for STEM only** (*not CSU GE*), confer with Counselor.

<sup>2</sup> Elective units to reach 60 unit total must be CSU transferable, confer with Counselor.

Please refer to Associate Degree for Transfer (SB 1440).

## Geology AS-T Degree

The **Associate in Science in Geology for Transfer**, also called the Geology AS-T Degree, is designed to prepare students for a seamless transfer with junior status to a CSU campus in a program or major in Geology for completion of a baccalaureate degree. Upon successful completion of courses leading to the Geology AS-T Degree the student will be able to know and understand Geology concepts, skills and applications to attain upper division status in Geology at any CSU institution.

This Geology AS-T degree requires students to meet both of the following requirements:

- Completion of 60 semester units that are eligible for transfer to the California State University, including both of the following:
  - The Intersegmental GE Transfer Curriculum (IGETC) or the California State University GE-Breadth Requirements (CSU GE-B).
  - A minimum of 18 semester units in a major or area of emphasis. All courses in the major or area of emphasis must be completed with a grade of "C" or better.
- Obtainment of a minimum grade point average of 2.0.

There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

- Ability to transfer to a four-year university geology program.
- Demonstrate proficiency in quantitative methods, qualitative analysis, critical thinking, and written and oral communication of geologic processes.
- Evaluate and analyze concepts of the theory of plate tectonics, its mechanisms, and its central role in shaping the planet.

- Examine and identify common Earth materials and interpret their composition, origin, and uses.

## Program Requirements

Course Code	Title	Units
<b>Required Core Courses</b>		
G 001	Physical Geology	4
G 002	Historical Geology with Laboratory	4
CH 001A	General Chemistry I	5
CH 001B	General Chemistry II	5
MATH 001A	Calculus	4
MATH 001B	Calculus II	4

<sup>1</sup> Units for the major may be double counted for CSU GE or IGETC, confer with Counselor.

<sup>2</sup> Elective units to reach 60-unit total must be CSU transferable, confer with Counselor.

Please refer to Associate Degree for Transfer (SB 1440).

## Physics AS-T Degree

The **Associate in Science in Physics for Transfer**, also called the Physics AS-T Degree, is designed to prepare students for a seamless transfer with junior status to a CSU campus in a program or major in Physics for completion of a baccalaureate degree. Upon successful completion of courses leading to the Physics AS-T Degree the student will be able to know and understand Physics concepts, skills and application to attain upper division status in Physics at most 4-year institutions. This degree requires students to complete 60 CSU transferable units including completion of CSU GE or IGETC *and* 24 units in the major with a cumulative GPA of 2.0 or better. Title 5 requires that students earn a grade of "C" or better in all courses required for the major or area of emphasis. There are no additional graduation requirements. Students are advised to consult with a counselor to verify transfer requirements.

Course Code	Title	Units
<b>Required Core Courses</b>

<b>DEGREE TOTAL</b>		<b>60</b>

<sup>1</sup> Units for the major may be double counted for CSU GE or IGETC, confer with Counselor.

<sup>2</sup> Elective units to reach 60 unit total must be CSU transferable, confer with Counselor.

Please refer to Associate Degree for Transfer (SB 1440).

## Social Sciences

The Social Sciences program at College of the Desert consists of eight disciplines: anthropology, geography, global studies, history, philosophy, political science, psychology, and sociology. The courses offered in these disciplines generally serve as surveys of each field and/or as general education and transfer requirements.

Social Sciences majors find jobs in social service agencies, non-profit organizations, government agencies, educational institutions, hospitals, rehabilitation centers, libraries, probation departments, and correctional institutes. Social Sciences majors also find jobs in business and industry in market research, survey research, public relations, management, advertising, human resources, sales, counseling, and as forensic anthropologists and archeologists. Careers that generally require graduate-level degrees include teacher, researcher, field anthropologist, historian, counselor, criminologist, urban planner, lawyer, political consultant, pollster, political campaign manager, philosopher, psychologist, psychiatrist, and human resources director. Even students who choose not to major in the Social Sciences find that coursework in the various disciplines prepares them to understand organizational and group dynamics, incorporate logic and reasoning in everyday life, understand research and statistical analysis, and connect personal problems to social issues through critical analysis.

College of the Desert's Social Sciences program is designed to provide students with a general overview of various disciplines of the Social Sciences, help students meet general education requirements for transfer to four-year institutions, and provide them with supporting courses for majors in other programs. Even students who choose not to major in Social Sciences find that coursework in the field can improve their ability to think critically, problem solve, manage their lives, and understand the issues that engage our world, our country, and our community.

Within the Social Sciences program, students can earn an Associate of Arts degree in any of the eight disciplines and/or a Certificate of Achievement in Alcohol & Drug Studies. Students earning an associate's degree within the Social Sciences program have a choice of pursuing positions as community support worker, gerontology aide, compensation/benefits worker, consumer survey advisor, delinquency counselor, insurance agent/broker, social welfare examiner, peace corps/VISTA worker, research assistant, claims representative, case aid worker, human resources assistant, public opinion surveyor, community service agency worker, or continuing their studies toward a bachelor's or graduate degree.

College of the Desert offers associate degrees for transfer to the CSU in Social Science disciplines. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. California Community College students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses.

Students who have been awarded an AA-T or AS-T are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60 semester or 90 quarter units. To view the most current list of College

of the Desert Associate Degrees for Transfer please go to Academic Programs.

COD has various transfer agreements with the California State Universities and University of California systems in the disciplines contained within the Social Sciences program. However, transfer requirements at four-year colleges and universities tend to vary from institution to institution; students should consult with a counselor for specific information regarding the transfer requirements of their preferred college or university. Current and prospective community college students are encouraged to meet with faculty advisors and a counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs. For more information please call 760.773.2574 or contact the program faculty advisor(s).

## Anthropology AA-T Degree

Anthropology is the comparative study of human societies and cultures. Anthropology concerns all aspects of being human, throughout all time

and worldwide. It is an examination of human nature, human society, and human past. The study of Anthropology provides an understanding of the globally interconnected world in which we live, the human past and present, and the unity and diversity that characterize the human species. Anthropology prepares students for dealing with the challenges of an increasingly international economy, globally connected communities, and multicultural peoples.

The three anthropology courses offered at College of the Desert (Introduction to Cultural Anthropology, Introduction to Physical Anthropology, Introduction to Archaeology/ Prehistory) introduce fundamental concepts, theories, methods, data, and references in ways that are exciting and informative for students. The **Associate in Arts in Anthropology for Transfer**, also called the Anthropology AA-T Degree, requires students to complete 60 CSU transferable units including completion of CSU GE or IGETC and 18-20 units in the major with a cumulative GPA of 2.0 or better. Title 5 requires that students must earn a "C" or better in all courses required for the major or area of emphasis. There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

Course Code	Title	Units
<b>Required Core Courses</b>		
ANTH 001	Human Evolution: Introduction to Biological Anthropology	3
ANTH 002	Cultural Anthropology	3
ANTH 003	Archaeology, Introduction to Prehistory	3
<b>List A</b>		
Select one course from the following (3-4 units):		
MATH 014	Statistical Methods	4
SOC 003	Fundamentals of Statistics	3
<b>List B</b>		
Select one course from the following (3-4 Units):		
BI 013	Human Anatomy and Physiology I	4
G 001	Physical Geology	4
G 005	Environmental Geology	4
G 010	The Earth Sciences	4
NR 021	Introduction to GIS	3
PHIL 018	Philosophy of Science	3
PSY 025	Intro to Research Methods for Soc Sciences	3
<b>List C</b>		
Select one course from the following (3 units):		
GEOG 002	Cultural Geography	3
PHIL 012	Religions of the World	3
SOC 001	Introductory Sociology	3
SOC 014	Introduction to Race & Ethnicity	3
SOC 015	Mexican American Culture & Society	3
<b>Required Subtotal</b>		<b>18-20</b>
Select one of the following: <sup>1</sup>		37-39
CSU General Education (p. 89)		
IGETC Pattern (p. 93)		
Transferable Electives (as needed to reach 60 transferable units) <sup>2</sup>		
<b>DEGREE TOTAL</b>		<b>60</b>

<sup>1</sup> Units for the major may be double counted for CSU GE or IGETC, confer with Counselor.

<sup>2</sup> Elective units to reach 60 unit total must be CSU transferable, confer with Counselor.

Please refer to Associate Degree for Transfer (SB 1440).

## Geography AA-T Degree

Geography is concerned with the spatial variations and interrelationships between the natural and cultural features of the earth. The Geography major is designed to develop and deepen a student's ability to interpret and explain the occurrence, distribution, and interrelationships of the earth's physical and social elements. Geographers examine where are things located; why are they located in that manner; and how their location affects them? The geographer's challenge is to provide continuing interpretation of the constantly changing physical and human landscapes of the world.

Geography is often paired with an environmental component intended to develop and deepen an understanding of environmental issues. It emphasizes a systems approach to understanding the major environmental problems facing our society and the world at large. Students gain an understanding of geographical perspectives of human impacts on natural systems, and on the implications of environmental change on local, regional and global human systems. This is an especially attractive major for liberal arts students as well as those who want to specialize in areas such as international issues, development, the environment and remote-sensing GIS. Geography's body of theory and its methodologies provide ideas and techniques applicable to a wide range of questions about our environment; it also provides both the regional and world perspectives required of responsible citizens. The **Associate in Arts in Geography for Transfer**, also called the Geography AA-T Degree, requires students to complete 60 CSU transferable units including completion of CSU GE or IGETC and 19-23 units in the major with a cumulative GPA of 2.0 or better. Title 5 requires that students earn a grade of "C" or better in all courses required for the major or area of emphasis. There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Students will develop a solid understanding and will be able to define and describe the concepts of "space," "place" and "region" and their importance in explaining world affairs.
2. Students will be able to locate on a map major physical features, cultural regions, and individual states and urban centers.
3. Students will be able to describe and explain general demographic principles and their patterns at regional and global scales.
4. Students will describe and explain global and regional patterns of cultural, political and economic institutions, and their effects on the preservation, use and exploitation of natural resources and landscapes.

## Program Requirements

Course Code	Title	Units
<b>Required Core Courses</b>		
GEOG 001	Physical Geography	3
GEOG 001L	Physical Geography Lab	1
GEOG 002	Cultural Geography	3

## Global Studies AA-T Degree

Students pursuing a degree in Global Studies will acquire a broad, knowledge of the interdisciplinary field of global studies. Students will understand the impact of globalization on politics, culture, and economics. They will also assess key global issues, including but not limited to, the environment, human needs, human rights, population growth and migration, economic development, and global governance. Students will develop skills and knowledge that will allow them to work in an increasingly globalized world. They will be able to understand how various disciplines approach the topic of globalization and its consequences. They will also be able to hone skills, such as critical thinking and problem solving, that encourage them to become more effective global citizens.

Career paths chosen by students pursuing undergraduate studies in Global Studies commonly include government service, activism, consulting, lobbying, and journalism. Careers in the discipline that generally require graduate-level degrees include college teaching, law, policy analysis, diplomacy, etc.

The **Associate in Arts in Global Studies for Transfer**, also called the Global Studies AA-T Degree, prepares students to transfer to CSU campuses that offer bachelor's degrees in Global Studies or related major. Students earning the Global Studies AA-T Degree will be granted priority for admission as a Global Studies or related major to a local CSU, as determined by the CSU campus to which the student applies. This Global Studies AA-T degree requires students to meet both of the following requirements:

- Completion of 60 semester units that are eligible for transfer to the California State University, including both of the following:
  - The Intersegmental GE Transfer Curriculum (IGETC) or the California State University GE-Breadth Requirements (CSU GE-B).
  - A minimum of 18 semester units in a major or area of emphasis. All courses in the major or area of emphasis must be completed with a grade of "C" or better.
- Obtainment of a minimum grade point average of 2.0.

There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

- Students will demonstrate the ability to write, speak, and critically analyze complex global events and processes of globalization. (Critical Thinking 2)
- Students will develop the ability to form an original argument in response to a contemporary globalization issue and propose theoretical and/or practical solutions. (Global Citizenship: Scientific and Technological Literacy 1)
- Students will analyze and interpret texts, images, and experiences in order to understand global problems. (Critical Thinking 6)
- Students will demonstrate an understanding of the interactions among various dimensions of globalization including but not limited to culture, politics, ecology, and the economy. (Critical Thinking 4)

## Program Requirements

## History AA-T Degree

History is the study of the people and events of the past, especially their social and political effects. History ranges from the study of wars, religion, technology, industrialization and urbanization to social movements, political movements and cultural developments. Students in history courses learn more than dates, names, and events. They also learn how to interpret, debate, and draw conclusions. History majors acquire a broad perspective on the human experience and appreciate how the past shaped the present. A History degree is an excellent general preparation for careers in education, law, historical research, historical preservation, the national and state park systems, government, journalism, media, and communication. The **Associate in Arts in History for Transfer**, also called the History AA-T Degree, prepares students to transfer to CSU campuses that offer bachelor's degrees in History. Students earning the History AA-T degree will be granted priority for admission as a History major to a local CSU, as determined by the CSU campus to which the student applies. This degree requires students to complete 60 CSU transferable units including completion of CSU GE or IGETC and 18-20 units in the major with a cumulative GPA of 2.0 or better. Title 5 requires that students must earn a "C" or better in all courses required for the major or area of emphasis. There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Identify diverse cultural histories and their impact on race, gender, and class including their influence on human and societal development.
2. Distinguish the difference between primary and secondary sources and utilize and interpret the sources to compose conclusions about historical trends.
3. Explain and analyze the chronology, importance and connection of major eras and milestones in U.S. and World history from ancient times to the present; including the ability to identify important events and persons in U.S. and World history and their historic significance.

### Program Requirements

Course Code	Title	Units
<b>Required Core Courses</b>		
HIST 017	US History through Reconstruction	3
HIST 018	US History from Reconstruction to Present	3

<b>DEGREE TOTAL</b>		<b>60</b>

<sup>1</sup> Units for the major may be double counted for CSU GE or IGETC, confer with Counselor.

<sup>2</sup> Elective units to reach 60 unit total must be CSU transferable, confer with Counselor.

Please refer to Associate Degree for Transfer (SB 1440).

## Philosophy AA-T Degree

Philosophy, which can be called "the science of the Big Picture", is the systematic study of concepts such as knowledge, truth, reality, logic and rationality, ethics and morality, justice, beauty, mind, and God. Philosophy is concerned with posing and answering questions as difficult and varied as, What is truth?, Could each person have her own truth?, What is the relation of formal logic to ordinary reasoning?, How should human beings live their lives?, How does our familiar human world of thoughts, sensations, and feelings fit into the larger world that is described by the natural sciences? Can there be human actions that are morally right (or wrong) independently of a society's judgment?, Does beauty exist only in the eye of the beholder?, and finally, Does God exist?

Career paths chosen by students pursuing undergraduate studies in philosophy commonly include the foreign service, computer science, and creative writing. Careers in the discipline that generally require graduate-level degrees include college teaching, law, medicine, psychiatry, and social work.

The **Associate in Arts in Philosophy for Transfer**, also called the Philosophy AA-T Degree, prepares students to transfer to CSU campuses that offer bachelor's degrees in Philosophy. Students earning the Philosophy AA-T Degree will be granted priority for admission as a Philosophy major to a local CSU, as determined by the CSU campus to which the student applies. This Philosophy AA-T degree requires students to meet both of the following requirements:

1. Completion of 60 semester units that are eligible for transfer to the California State University, including both of the following:
  - The Intersegmental GE Transfer Curriculum (IGETC) or the California State University GE-Breadth Requirements (CSU GE-B).
  - A minimum of 18 semester units in a major or area of emphasis. All courses in the major or area of emphasis must be completed with a grade of "C" or better.
2. Obtainment of a minimum grade point average of 2.0.

There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Critique generalizations and popular opinion about human behavior and society, distinguishing opinion and values from scientific observations and study.

- Understand and think critically about different cultures (including topics such as race, gender, and class) and their influence on human development or society.
- Develop individual responsibility, personal integrity, and respect for diverse people and culture.
- Identify and analyze key concepts and theories about human and/or societal development.
- Examine the biological, psychological, and sociological factors that influence the personalities and behaviors of females and males from a multicultural perspective.

## Program Requirements

Course Code	Title	Units
<b>Required Core Courses</b>		
PHIL 006	Introduction to Philosophy	3
PHIL 007	Ideas of the Great Philosophers	3
PHIL 010	General Logic	3
PHIL 014	Introduction to Ethics	3
PHIL 017	Philosophy of Religion	3

Select one of the following: <sup>1</sup>		37-39
CSU General Education Pattern (p. 89)		
IGETC Pattern (p. 93)		
Transferable Electives (as needed to reach 60 transferable units)		
<b>DEGREE TOTAL</b>		<b>60</b>

<sup>1</sup> Units for the major may be double counted for CSU GE or IGETC, confer with Counselor.

<sup>2</sup> Elective units to reach 60 unit total must be CSU transferable, confer with Counselor.

Please refer to Associate Degree for Transfer (SB 1440).

## Political Science AA-T Degree

Political Science is the scientific study of politics, structure of governments at the national, state and local levels, policy making and policy makers. As such, it encompasses a wide range of interdisciplinary subjects, including economics, history, law, and philosophy. One major concern of political science is educating each generation of how democracy works, what are its benefits relative to other governmental systems. Lacking such knowledge can threaten our very existence since democracy is dependent upon a well-informed and civic-minded citizenry. This degree is an excellent general preparation for careers in conflict resolution, criminal justice, diplomacy, civil service, education, elections, journalism, the practice of law, public administration and public policy, public service, and research. The **Associate in Arts in Political Science for Transfer**, also called the Political Science AA-T Degree, prepares students to transfer to CSU campuses that offer bachelor's degrees in Political Science. Students earning the Political Science AA-T Degree will be granted priority for admission as a Political Science major to a CSU, but not to a particular campus. This degree requires students to complete 60 CSU transferable units including completion of CSU GE or IGETC and

18-19 units in the major with a cumulative GPA of 2.0 or better. Title 5 requires that students earn a grade of "C" or better in all courses required for the major or area of emphasis. There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

## Psychology AA-T Degree

The **Associate in Arts in Psychology for Transfer**, also called the Psychology AA-T Degree, prepares students to transfer to CSU campuses that offer bachelor's degree in Psychology. This degree is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing Psychology AA-T are guaranteed admission to the CSU system, but not to a particular campus or major. This degree requires students to complete 60 CSU transferable units including completion of CSU GE or IGETC and 18-20 units in the major with a cumulative GPA of 2.0 or better. Title 5 requires that students must earn a "C" or better in all courses required for the major or area of emphasis. There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

- Demonstrate familiarity with the major concepts, theoretical perspectives, and the scientific approach to solve problems related to behavior and mental processes, and the historical trends in psychology.

- Recognize basic research methods in psychology, including research design, data analysis, and interpretation.
- Facilitate transfer to a California State University campus or other institution.

## Psychology AA Degree

A diverse field of academic study and practical application, psychology deals with personal behaviors such as mental life and personal development, and how development depends on individual and cultural experience and biological variables. The emphasis of the program is to enable students to understand and apply psychological principles to everyday life situations, understand the needs or special concerns of people and the impact of certain stresses that affect human behavior.

Students investigate how humans and other species develop and adapt to everyday problems. Maladaptive behavior creates personal, interpersonal, cultural, and numerous other difficulties. Psychology explores not only how these difficulties can be avoided or removed, but is also interested in how psychology can enhance well-being. Students will develop the knowledge that is basic to a career in areas of professional

psychology, marriage and family therapy, and human services. The curriculum provides appropriate courses to support areas such as the natural sciences, mathematics, language arts, and the humanities. Psychologists may work in academic, research, industrial and governmental settings. Many clinical psychologists are employed in clinics or in hospitals or are engaged in private practice, focusing on the diagnosis and treatment of psychological disorders. Also, skills developed through a psychology program are utilized in jobs such as Marriage Family Therapists (MFT), case workers, counselor aides, sales, marketing, personnel, and management positions. The **Associate of Arts in Psychology** program offers students a comprehensive education in the content and method of the discipline. A variety of courses allow students to expand their intellectual horizons and acquire the core ideas and skills of psychology. The missions of the program are to provide a major that presents psychology as a rational science of affect, behavior and cognition; and to provide a major that fulfills the general requirements for transfer, including of the California State University transfer requirements. Two tracks are offered: the Psychology A.A. and the Psychology AA-T. Students who complete the AA-T or "associate degree for transfer" will receive "priority admission with junior status to the California State University system."

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

- Demonstrate familiarity with the major concepts, theoretical perspectives, and the scientific approach to solve problems related to behavior and mental processes, and the historical trends in psychology.
- Recognize basic research methods in psychology, including research design, data analysis, and interpretation.
- Transfer to a higher level learning institution.

## Social Science AA Degree

Social science is a broad category rooted in how humans interact with the world, society, and institutions. It branches off into multiple disciplines such as anthropology, history, psychology, sociology, ethnic studies, philosophy, and political science, which use research to understand various aspects of thought and behavior. Social Science courses are designed to provide you with an understanding and appreciation of the many differing areas and cultural experiences in the United States, all while strengthening your analytical and critical thinking skills. A social science degree can prepare you for success in a number of professional fields.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Demonstrate an understanding of the methods by which the social sciences study individuals, cultures, and societies.
2. Apply concepts from the social sciences to explain or analyze a social phenomenon, process, event, conflict, or issue.
3. Analyze a variety of primary and secondary sources in the fields of anthropology, geography, history, philosophy, political science, psychology, and/or sociology and draw scholarly interpretations.

## Sociology AA-T Degree

The Sociology program provides students with a core curriculum that instills the knowledge, skills, and practices of sociological content, theory, and methodology. In addition to helping students meet general education and core requirements for transfer to an upper-level Sociology program, the courses are designed to help students understand the structure, processes, and functions of society, the key theoretical approaches and insights that inform sociology, and the role of social theory and research methods in understanding society. Further, the program seeks to foster critical and systemic thinking and increase self-knowledge and awareness of the diversity of the human condition.

The **Associate in Arts in Sociology for Transfer**, also called the Sociology AA-T Degree, requires students to complete 60 CSU transferable units including completion of CSU GE or IGETC and 18-19 units in the major with

a cumulative GPA of 2.0 or better. Title 5 requires that students must earn a "C" or better in all courses required for the major or area of emphasis. There are no additional graduation requirements. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. The Sociology AA-T is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing this degree are guaranteed admission to the CSU system, but not to a particular campus or major.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. View their life within the broader society in which they live. This provides a more global and multicultural perspective.
2. Students will understand the critical role social factors play in determining the health of individuals, groups, and the larger society.
3. Students will have increased critical thinking skills that will enable them to analyze, evaluate, and make decisions concerning complex contemporary social issues.
4. Students will be able to evaluate the impact of culture, social class, sex, race/ethnicity, and age on people's life chances, practices, and attitudes.
5. Understand how their own culture and socialization, along with social inequality and institutions, have influenced their personal lives.
6. Demonstrate an understanding of the perspectives, methods and core concepts of sociology.
7. Demonstrate an understanding of and ability to describe the contribution and perspectives of women, ethnic and other minorities, and Western and non-Western peoples.
8. Explain the major problems and issues in the disciplines in their contemporary, historical, and geographical contexts.

## Studio Art

Studio Art is the study of communicating concepts and ideas visually. The Studio Art program offers a wide range of courses in studio art and design, including two and three-dimensional foundation courses, studio courses in drawing, painting, photography, printmaking, sculpture, ceramics, and digital art. The Studio Art program offers an Associate in Arts for Transfer (AA-T) degree in Studio Art, Certificate of Achievement in Art Entrepreneurship, Certificate of Achievement in Photography, and the AA-T in Art History. It is the goal of the Studio Art program to:

- Help students develop their artistic and intellectual potential to the highest possible level, so that majors and non-majors alike develop skill in creative problem-solving, critical thinking, and interpersonal communication through visual and verbal forms.
- Equip students with technical skills in both traditional and digital media and provide hands-on experience with the tools and technologies used in the art industry.
- Provide knowledge of art history and contemporary art practices and help students understand the cultural, social, and political contexts of art
- Promote the development of discipline-specific skills appropriate to the training of those who wish to teach, those who will pursue advance studies or professional employment, and those who will use their artistic training in community settings and other cultural service areas.

- Encourage critical analysis of art and foster creative problem-solving skills and develop students' ability to think conceptually and express their ideas visually.

Careers in the art field are diverse and encompass a wide range of opportunities, including studio artist, art educator, art consultant, art therapist, conservator, art historian, photographer, designer, illustrator, and animator. Additionally, professionals can find employment in museums and galleries in roles such as curatorial, administrative, educational, registration, installation, and conservation. Other career paths include art director, art critic and writer, exhibition designer, public art coordinator, creative director, art appraiser, and art entrepreneur.

These roles allow individuals to contribute to society and the creative industries through their passion for creativity and culture.

Transfer requirements at four-year colleges and universities vary, so students should consult with a counselor and faculty advisor for specific information regarding the transfer process and lower division requirements.

**Limitation on Enrollment by Courses Related in Content**

Many Art courses have enrollment limitations. Active participatory courses that share a similar educational objective in Art are grouped together as a "family" of courses related in content. Students are allowed four enrollments within each "family", but each course in the "family" is limited to one enrollment unless it has been designated as repeatable, per Title 5, Section 55040 (c), California Code of Regulations:

"The policies and procedures adopted by the governing board of each community college district pursuant to subdivision (a) may not permit student enrollment in active participatory courses, as defined in section 55000, in physical education/kinesiology, visual arts or performing arts that are related in content, **more than four times** for semester courses. This limitation applies even if a student receives a substandard grade or "W" during one or more of the enrollments in such a course or petitions for repetition due to extenuating circumstances as provided in section 55045." The following groups of courses related in content were approved by the Curriculum Committee:

Course Code	Title	Units

## Studio Arts AA-T Degree

Art is the study of communicating concepts and ideas visually. Career paths chosen by students pursuing undergraduate to graduate studies in art include, but are not limited to: studio artist, art educator, art consultant, art therapist, conservator, gallery assistant, preparator and museum curator. Students who choose not to major in studio art can improve their ability in complex and creative problem solving, critical analysis, research skills, understanding the intuitive process and in their ability to visualize. College of the Desert's Studio Arts curriculum includes course offerings that provide a general overview and history of the discipline as well as specific training in the myriad of studio areas. The Associate in Arts in Studio Arts for Transfer, also called the Studio Arts AA-T Degree, requires students to complete 60 CSU transferable units including completion of CSU GE or IGETC and 24 units in the major with a cumulative GPA of 2.0 or better. Title 5 requires that students must earn a "C" or better in all courses required for the major or area of emphasis. There are no additional graduation requirements. Students should consult with a general counselor when planning to complete the degree for more information on university admission and transfer requirements.

## Learning Outcomes

**Upon satisfactory completion of this program students will be able to:**

1. Apply the principles, elements, and language of art/design by objectively critiquing their own work as well as work of their peers.
2. Develop individual and group aesthetic awareness.
3. Produce a complete portfolio or "body of work".
4. Analyze the variety of forms of expression and how those are used to communicate social, cultural, personal ideas, and concepts.

## Arts Entrepreneurship in Ceramics Certificate of Achievement

Provide students and the community with the opportunity to develop and pair their artistic skill set in a specific medium with essential business

skills to become the driving force of their own careers in the arts. This is a focus on ceramics.

This certificate focuses on starting and managing a visual arts business for students to represent and sell their artwork while developing their skill set in ceramics. It will serve the needs of students looking to start or further develop an independent arts business.

In completing the certificate students will:

- Demonstrate competence in the technical skills in ceramics.
- Produce a professional physical and digital art portfolio.
- Develop the basic entrepreneurial skills in marketing, self-promotion, and business planning.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Demonstrate competence in the technical skills in ceramics.
2. Produce a professional physical and digital art portfolio.
3. Develop the basic entrepreneurial skills in marketing, self-promotion, and business planning.

## Arts Entrepreneurship in Painting Certificate of Achievement

Provide students and the community with the opportunity to develop and pair their artistic skill set in a specific medium with essential business skills to become the driving force of their own careers in the arts. This is a focus on painting.

This certificate focuses on starting and managing a visual arts business for students to represent and sell their artwork while developing their skill set in painting. It will serve the needs of students looking to start or further develop an independent arts business.

In completing the certificate students will:

- Demonstrate competence in the technical skills in painting.
- Produce a professional physical and digital art portfolio.
- Develop the basic entrepreneurial skills in marketing, self-promotion, and business planning.

## Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Demonstrate competence in the technical skills of painting.
2. Produce a professional physical and digital art portfolio.
3. Develop the basic entrepreneurial skills in marketing, self-promotion, and business planning.

## Using Employability/Soft Skills to Create Pathways

Workers in the 21st Century must be prepared for changes that could completely transform their careers at any time.

The "Using Employability/Soft Skills to Create Pathways" program provides curriculum that strengthens your skills in the areas identified as the top "Professional Competencies" required for success in the 21st Century workplace: solving problems; developing a design mindset; recognizing change as opportunity; facing challenges and accepting failure as a learning experience; communication, collaboration and empathy on the job; digital fluency; and social diversity awareness. The "Using Employability/Soft Skills to Create Pathways" program was developed under the framework of the California Community College system and implemented at College of the Desert through Strong Workforce funds administered through the Inland Empire/Desert Regional Consortium (IEDRC).

### Noncredit Certificates

- New World of Work Adaptability Certificate of Completion (p. 253)
- New World of Work Analysis/Solution Mindset Certificate of Completion (p. 254)
- New World of Work Collaboration Certificate of Completion (p. 254)
- New World of Work Communication on the Job Certificate of Completion (p. 254)
- New World of Work Digital Fluency Certificate of Completion (p. 254)
- New World of Work Empathy on the Job Certificate of Completion (p. 255)
- New World of Work Entrepreneurial Mindset Certificate of Completion (p. 255)
- New World of Work Resilience on the Job Certificate of Completion (p. 255)
- New World of Work Self-Awareness Certificate of Completion (p. 255)
- New World of Work Social Diversity Awareness Certificate of Completion (p. 256)

## New World of Work Adaptability Certificate of Completion

Twenty-first Century workers need to be tolerant of inevitable changes in the work environment and adapt accordingly. Improve your Adaptability strength by seeing change as opportunity; being open to new experiences; learning how to face challenges; considering a variety of viewpoints and suggestions to get the job done; learning techniques to handle a normal amount of stress; accepting feedback in a positive way and learning from things that go wrong.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

1. Identify strategies for managing change, facing challenges, and reducing job stress.

- Using critical thinking skills, demonstrate an awareness of one's own adaptability skills and areas where improvement could enhance employability, job satisfaction and opportunities for advancement.

## Program Requirements

Course Code	Title	Units
EMP 310A	New World of Work Skills: Recognizing Change as Opportunity	0
EMP 310B	New World of Work Skills: Facing Challenges	0

## New World of Work Analysis/Solution Mindset Certificate of Completion

Twenty-first century workers need to be tolerant of inevitable changes in the work environment and adapt accordingly. Improve your Analysis strength in the workplace by learning how to collect relevant information; develop alternatives based on research; evaluate alternatives; reframe the problem based on research and development of alternatives; make and support the best decision. Learn the principles of design thinking including the roles of inspiration, ideation and implementation.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

- Demonstrate skills in collecting relevant information.
- Demonstrate analysis skills in evaluating alternatives and making the best decision.
- Use critical thinking skills to evaluate and reframe a problem based on research and development of alternatives.
- Demonstrate appropriate use of inspiration, ideation and implementation in selecting the best decision.

## Program Requirements

Course Code	Title	Units

EMP 316B	New World of Work Skills: Design Thinking	0

## New World of Work Collaboration on the Job Certificate of Completion

Twenty-first Century workers need to be tolerant of inevitable changes in the work environment and adapt accordingly. Improve your Collaboration on the Job skills by recognizing and valuing diversity; building an effective team by recognizing people's differences and commonality; demonstrate leadership skills by gathering ideas; develop positive conflict resolution strategies and recognize failures as an opportunity to learn.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

- Recognize, build and value diversity.
- Develop strategies for turning failures into a way to learn new lessons.
- Demonstrate leadership by gathering ideas and using the skills of all team members..
- Using critical thinking skills, develop positive conflict resolution strategies.

## Program Requirements

Course Code	Title	Units
EMP 314A	New World of Work Skills: Team Building	0
EMP 314B	New World of Work Skills: Transformational Leadership	0

## New World of Work Communication on the Job Certificate of Completion

Twenty-first century workers need to be tolerant of inevitable changes in the work environment and adapt accordingly. Improve your Communication on the Job by becoming familiar with electronic communications tools used in the business world; developing a professional vocabulary, accurate spelling and good grammar; learning the implications of non-verbal communication; using social media appropriate for the workplace; and learning to evaluate the effectiveness of communication by listening attentively, asking questions, and repeating back to verify the message.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

- Demonstrate professional communication with appropriate content, correct spelling and grammar, and appropriate word choice.
- Demonstrate competence with a variety of electronic communication tools including e-mail, PowerPoint, and LinkedIn.
- Understand the implications of non-verbal communication.
- Using critical thinking skills, evaluate the effectiveness of both written and oral communication through listening attentively and asking questions or repeating back to verify the message.

## Program Requirements

Course Code	Title	Units
EMP 313A	New World of Work Skills: Communication Etiquette	0
EMP 313B	New World of Work Skills: Communication Effectiveness	0

## New World of Work Digital Fluency Certificate of Completion

Twenty-first Century workers need to be tolerant of inevitable changes in the work environment and adapt accordingly. Improve your Digital Fluency by becoming familiar with hardware and software used in the business world; understanding the technology tools that are available to help people work together; understand the moral and legal responsibilities of using and sharing pictures and document or accessing personal or private information. Be able to identify the "usefulness" and "truthfulness" of online information sources.

### Learning Outcomes

Upon satisfactory completion of this program students will be able to:

- Demonstrate a basic understanding of workplace hardware and software.
- Understand the moral and legal responsibilities in using or sharing documents or accessing private or personal information.
- Using critical thinking skills, identify appropriate online tools and sources to find data, answer questions or solve a problem.
- Using critical thinking skills identify the "truthfulness" and "usefulness" of an online resource.

## Program Requirements

Course Code	Title	Units
EMP 312A	New World of Work Skills: Online Presence and E-Resumes	0

## Work Experience Education

Work Experience Education (WEE) provides College of the Desert students with an integrated instructional program that provides opportunities to apply classroom theory into applied experiential learning.

WEE is integrated in educational pathways to allow students to achieve both educational and occupational goals. WEE involves jobs, internships, volunteer activities, fellowships, federal work study, and apprenticeships to provide meaningful work experiences related to the course of study, or specific career pathway training, combined with instruction in critical 21st century employability skills. Work experience education may include paid or unpaid employment, full or part-time employment, assists students in developing career awareness, knowledge of industry culture, competencies and norms, and develop professional networks in their desired field to support career mobility. Additionally, WEE provides economically disadvantaged students with opportunities to earn a wage while completing program requirements and earning college credit.

**Work Experience Education provides students additional benefits such as:**

- Earning CSU transferable college units
- Career exploration
- Networking opportunities with professionals in desired field of study
- Practical hands-on experience
- Exposure to 21st century employability skills

## Types of Work Experience Education Courses

Students may use their current job, internship, volunteer, fellowship, federal work study, or apprenticeship

1. **General Work Experience (WEG095A)** is supervised employment of students with the intent to assist them in acquiring desirable work habits, positive job attitudes, and career awareness. Students’ jobs need not be directly related to their educational or occupational goals. Credit may be accrued at the rate of one to five (1-5) units per semester based on the student’s ability to meet the hours required per unit enrolled. Students must complete 54 hours per unit earned at their respective job site.
2. **Occupational Work Experience (i.e. AUTO095A, FIRE095A, BUHM095A, etc.)** is supervised employment of students designed to extend their classroom-based occupational learning at an on-the-job site. This type of Work Experience is available to students whose job is directly related to their educational or occupational goals. Credit may be accrued at the rate of one to five (1-5) units per semester based on the student’s ability to meet the hours required per unit enrolled. Students must complete 54 hours per unit earned at their respective job site.

## Requirements to Enroll in Work Experience Education Courses

Students must:

1. Have a declared major or career goal.
2. Have a job, internship, student worker, or volunteer position secured before enrolling.
3. Commit to the work experience position for the duration of the enrollment term (for example: 16-weeks, 12-weeks, or 8-weeks during summer).
4. Be enrolled as a College of the Desert student.

**Note:** Students with an F-1 visa, please contact the International Student Office for more information. Students who are justice-impacted or AB540 without work authorization documentation, please contact the Work Experience Education Office for further assistance. Students participating in work-based learning opportunities, such as: internships (paid or unpaid) or volunteer activities, must consult with the Work Experience Education Office **prior** to start date.

### How to Enroll

- Visit the Work Experience Education webpage and follow the “Work Experience Guide” for step-by-step instructions.
- Once registered via Self-Service, log into Canvas the first day of class to begin course and submit initial required application form.

### Participating Programs

- Agriculture/Environmental Horticulture
- Air Conditioning Heating and Ventilation
- Automotive Technology
- Business Hospitality Management
- Business Accounting
- Business Finance Management
- Culinary Arts
- Computer Information Systems
- Criminal Justice
- Digital Design & Production

- Energy Systems Technology
- Film
- Fire Technology
- General Work Experience (for students who have a job or internship not related to their major)
- Golf Management
- Journalism
- Kinesiology
- Music
- Natural Resources
- Radio & Television

Additional work experience courses eligible as COD electives, but not included in the academic program:

- Anthropology
- Architecture
- Art
- Biology
- Computer Science
- Construction Management
- Emergency Medical Services
- English
- Health Science
- History
- Human Services/Alcohol & Drug Studies
- Mass Communication
- Mathematics
- Physics
- Political Science
- Psychology
- Sociology
- Theatre

- Phone: 760.862.1344
- In person: Palm Desert Campus, Administration Building, Rooms 5 & 6 inside the Career and Workforce Solutions Center.
- Online: Work Experience Education webpage for additional information and other career resources.

# COURSES OF INSTRUCTION

## Classification of Courses

There are three types of courses/classes offered by College of the Desert:

1. **Credit Courses** - Credit courses are designated as either associate degree credit courses or nondegree credit courses. Associate degree credit courses may be used as required or elective courses in a degree or certificate program. Nondegree credit courses are designed to assist the student in preparation for college level course work. Units earned in nondegree credit courses may not be applied toward a degree or certificate.
2. **Noncredit Courses** - Noncredit developmental and Career Technical Education courses are offered in Adult Basic Education (ABE), Air Conditioning/HVAC (ACR), Applied Construction Technology (ACT), Automotive Technology (AUTO), Building Inspection Technology (BIT), Culinary Arts (CART), College (COLL), Counseling (COUN), Disabled Students Programs and Services (DSPS), Employability Skills (EMP), Energy Systems Technology (ESYS), English (ENG), English as a Second Language Noncredit (ESLN), Health Sciences (HS), Kinesiology (KINE), Mathematics (MATH), and Natural Resources (NR). All noncredit courses are graded only on a pass (P) and no pass (NP) basis

## Abbreviations and Symbols

### Transfer Status

CSU = meets baccalaureate criteria for the California State University system.

UC = accepted by the University of California system.

UC\* = University of California will accept course but with some unit limitations or other stipulations. Please consult a counselor.

### Degree Applicability

AA/AS = applies to the Associate of Arts or Associate of Science and/or Associate in Arts for Transfer or Associate in Science for Transfer degree

NAA = offered for credit but does not apply to the A.A. or A.S. degree

NONC = noncredit course

COD GE = meets General Education criteria for COD's occupational/vocational non-transfer degrees

CSU GE = meets criteria for California State University and College of the Desert General Education

IGETC = meets criteria for Intersegmental General Education Transfer Curriculum (applicable to both the California State University system and the University of California system)

# COURSE DESCRIPTIONS

## Academic Skills Center (ASC)

### ASC 300 Supervised Tutoring **Units: 0**

Supervised Tutoring is an open entry/open exit environment where COD students with learning needs in academic subjects receive drop-in tutoring, small group instruction, and computer assisted or mediated instruction that supplements classroom instruction. Registration may be completed in the Tutoring and Academic Skills Center. The course is inclusive of discipline areas including, but not limited to, writing, English as a Second Language, foreign languages, math, sciences, and general tutoring.

Noncredit Hours: 96 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

## Adult Basic Education (ABE)

### ABE 300 Adult Basic Education **Units: 0**

This course is designed to provide basic skills instruction in reading, writing, math, and survival skills in everyday living.

Noncredit Hours: 80 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

### ABE 320A Fundamentals of English **Units: 0**

This course provides basic grammar skills which prepare students for high school completion and GED testing. Students prepare to pass the adult high school proficiency essay examination, the GED essay examination, or the college assessment test.

Noncredit Hours: 80 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

### ABE 320B Fundamentals of English **Units: 0**

This course provides a secondary level in English grammar and further experience in essay writing. Students learn to write coherent descriptive, definition, expository and current event essays.

Noncredit Hours: 80 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: ABE-320A and/or transcript evaluation.

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

### ABE 320C Fundamentals of English **Units: 0**

This course provides students the opportunity to refine their skills in writing the narrative and persuasive argumentative writing. Students learn to write coherent expository, narrative, persuasive and current event essays. They also type a job application letter and resume.

Noncredit Hours: 80 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

### ABE 320D Fundamentals of English **Units: 0**

This course prepares students to use critical thinking and dictionary skills.

Noncredit Hours: 80 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: ABE-32C and/or transcript evaluation.

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

### ABE 323A American Literature **Units: 0**

This course provides a study of representative American writers.

Students evaluate two novels written by a selected author according to point of view, plot, style, emotional appeal, and character development. Students critique the author, comparing their opinion of the work to that of a published opinion.

Noncredit Hours: 80 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

### ABE 323B World Literature **Units: 0**

This course provides an opportunity to explore the works of a few of the world's greatest authors. Students research the life of one or two authors from a provided list. Students address point of view, plot, style, emotional appeal, characters and how the book has affected the history of society.

Noncredit Hours: 80 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

### ABE 324A Reading Control Lab I **Units: 0**

This course is designed to assess vocabulary and comprehension levels in students.

Noncredit Hours: 80 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**ABE 324B Reading Control Lab II**

**Units: 0**

This course is designed to teach reading to adults. Credit is applicable towards a high school diploma.

Noncredit Hours: 80 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**ABE 326A U.S. History I**

**Units: 0**

This course provides the history of the United States from exploration through the Civil War.

Noncredit Hours: 80 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**ABE 326B U.S. History II**

**Units: 0**

This course provides the history of the United States from Reconstruction of 1865 to the present.

Noncredit Hours: 80 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**ABE 328A American Government**

**Units: 0**

This course is designed to give students an understanding of the principles and structure of government.

Noncredit Hours: 80 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**ABE 328B Economics**

**Units: 0**

This course is designed to help students recognize the role and importance of the individual consumer in the world economy.

Noncredit Hours: 80 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**ABE 332A World History I**

**Units: 0**

This course covers major elements in Western Civilization related to the Modern World. Emphasis is placed upon prehistory to the 18th century cultures.

Noncredit Hours: 80 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**ABE 332B World History II**

**Units: 0**

This course covers major elements in Western Civilization related to the Modern World from the 18th century to today's world.

Noncredit Hours: 80 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**ABE 334 U.S. Citizenship**

**Units: 0**

This course provides instruction of American History and United States Government in preparation for becoming a citizen of the United States.

Noncredit Hours: 40 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**ABE 335A World Geography I**

**Units: 0**

This course provides basic information on regions of the United States, Latin America, Europe, and Russia, emphasizing their geographical features.

Noncredit Hours: 80 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**ABE 335B World Geography II**

**Units: 0**

This course provides basic information on regions of Africa, the Middle East, Asia, and the Pacific, emphasizing their geographical features.

Noncredit Hours: 80 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**ABE 348A Life Science****Units: 0**

This course is designed to provide students with the basic knowledge of science as related to all living things. Students study animals, plants, the human body, ecology, heredity and evolution.

Noncredit Hours: 80

Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**ABE 348B Physical Science****Units: 0**

This course is designed to provide students with an understanding of the forms of matter and energy that make up the physical universe. Students study the things around them. Two areas covered are chemistry and physics.

Noncredit Hours: 80

Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**ABE 348C Earth Science****Units: 0**

This course is designed to provide students with the basic knowledge of science as related to themselves and their range of experiences. Students study the earth's land, water and air. Fields of focus are geology, oceanography, meteorology and astronomy.

Noncredit Hours: 80

Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**ABE 351A Marine Science****Units: 0**

This high school level course provides the study and understanding of the ocean. Students will investigate the scientific world of ocean organisms and its physical characteristics. Science concepts such as plate tectonics, food and energy transfer and the properties of water will be comprehensively explained.

Noncredit Hours: 80

Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**ABE 361A Fine Arts: Art** **Units: 0**

This course teaches the student the history of art through the perspective of artists from around the world. The course focuses not only on the artists' work, but also on various biographical facts of the artist.

Noncredit Hours: 80 Repeatable: Yes  
Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**ABE 361B Fine Arts: Music** **Units: 0**

This course familiarizes the student with the different forms of music and provides a survey of the history of music.

Noncredit Hours: 80 Repeatable: Yes  
Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**ABE 361C Fine Arts: Theater** **Units: 0**

This course introduces and familiarizes the student with the various forms of theatrical performances.

Noncredit Hours: 80 Repeatable: Yes  
Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**ABE 364 GED Test Preparation** **Units: 0**

This course is designed to prepare students for the GED examination.

Noncredit Hours: 80 Repeatable: Yes  
Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**ABE 368A Beginning Typing - Keyboarding I** **Units: 0**

This course focuses on basic keyboarding skills using a computer. Students learn all keys on the keyboard by using a computerized exercise program.

Noncredit Hours: 80 Repeatable: Yes  
Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**ABE 391A Health Issues I** **Units: 0**

This course provides information on health issues with emphasis on methods for coping and guidelines for planning good health.

Noncredit Hours: 80 Repeatable: Yes  
Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**ABE 391B Health Issues II** **Units: 0**

This course provides information on health issues with emphasis on substance abuse, prevention of diseases, and recognition of warning signs.

Noncredit Hours: 80 Repeatable: Yes  
Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

## Agriculture/Business (AGBU)

**AGBU 059A Leadership** **Units: 1**

This course emphasizes basic principles of group and personal leadership for students within applied technology areas. Students study parliamentary procedure, organizational structure and meeting formats. Opportunities are provided for students to develop leadership skills, such as planning, communication, facilitation and problem solving through small group and formal meeting settings. In addition, concepts of personal leadership are explored including mission statements, defining roles, goal setting, time management, weekly planning and self-evaluation.

Lecture Hours: 18 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**AGBU 059B Careers** **Units: 1**

This course emphasizes basic methods for enhancing one's success when seeking employment. Students study strategies for locating potential employers, completing applications, preparing resumes and interviewing techniques. Opportunities are provided for students to experience the interview process.

Lecture Hours: 18 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**AGBU 095A Agriculture-Business Work Experience****Units: 1-5**

This work experience course of supervised employment provides students the opportunity to connect academics to applied experiential learning in the workplace. It assists students in developing transferable employability skills, career awareness, learning industry culture, competencies and norms, and developing professional networks that support career mobility. To enroll, students must have a job or internship placement in a part-time or full-time capacity. Credit may be accrued at the rate of one to five (1-5) units per semester based on the student's ability to meet the hours required per unit enrolled. Students must work 54 hours per unit earned. This Work Experience course is available to students whose job or internship placement is directly related to Agriculture/Business.

Lecture Hours: None    Lab Hours: 270    Repeatable: Yes

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

## Agriculture/Environmental Horticulture (AGEH)

**AGEH 001 Horticulture****Units: 3**

A general course in Environmental Horticulture with emphasis on nursery operations, landscaping, and turfgrass management. Topics include basic botany, cultural practices, propagation, structures and layout, pest management, planting, container gardening and houseplants, plant identification, turfgrass installation and care, and survey of career opportunities.

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C1    CSU GE: B2    IGETC: None

**AGEH 001L Horticulture Laboratory****Units: 1**

This laboratory is the companion of AGEH 001. It is intended to provide an introduction to basic horticultural skills as well as direct experience with horticultural operations. Included are: plant propagation, tree and shrub pruning, transplanting, nursery practices, landscape practices, and the use of pesticides and fertilizers.

Lecture Hours: None    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: Concurrent enrollment or prior completion of AGEH 001.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C1    CSU GE: B3    IGETC: None

**AGEH 004 Turfgrass Management****Units: 2**

This course introduces the basic turfgrass principles used in the maintenance of turfgrass areas. It covers the major factors in turfgrass management which control the quality of grass. Emphasis is placed on management practices used to produce a good turfgrass area in a desert environment.

Lecture Hours: 36    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**AGEH 004L Turfgrass Management Laboratory****Units: 1**

This laboratory is intended to supplement AGEH 004 by providing laboratory and field experiences in turfgrass management subject areas.

Lecture Hours: None    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** AGEH 004 or concurrent enrollment

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**AGEH 005 Ornamental Plant Identification****Units: 3**

This course first acquaints the student with the principles of plant taxonomy and the descriptive language necessary to discuss plants accurately. It then goes on to introduce 240 species of perennials, interior plants, vine, ground covers, and succulents for California's low elevation deserts. Each plant is covered with respect to its identification, growth habits, culture, use, and pests. (C-ID AG-EH 108L)

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**AGEH 008 Landscape Management****Units: 3**

This course prepares students to enhance the function and aesthetic value of public and private landscapes by applying appropriate management skills and techniques. Topics include planting, pruning, irrigation, soil fertility, turf, pest management, weed control, and landscape management business practices.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: AGEH 001.

Limitation on enrollment: None

Transfer Status: CSU    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**AGEH 009 Landscape Planning & Design**

**Units: 3**

The study and implementation of the art and science of landscape design, including principles of design, the design process, drafting, graphics, and presentation methods. Project emphasis is placed upon residential and small commercial sites. Course includes introduction to computer landscape design software programs. Emphasis is placed on residential and commercial properties landscape designs.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No  
Grading: Letter

**Prerequisite:** None

Advisory: AGEH 001 or AGPS 005.

Limitation on enrollment: None

Transfer Status: CSU            Degree Applicable: AA/AS

COD GE: None            CSU GE: None            IGETC: None

**AGEH 016 Arboriculture**

**Units: 2**

This course addresses all aspects of tree care. Students learn the morphology, anatomy and physiology of trees. Topics include plant interactions with soil, air, water, and micro and macroorganisms; human intervention, including pruning, planting, climbing, fertilization, watering, pest control, vandalism and aesthetics. Class instruction prepares students for the International Arborists Certification Exam.

Lecture Hours: 18    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: AGEH 001 or AGPS 005.

Limitation on enrollment: None

Transfer Status: CSU            Degree Applicable: AA/AS

COD GE: None            CSU GE: None            IGETC: None

**AGEH 020 Landscape Construction**

**Units: 2**

Covers the fundamentals of landscape construction, including soil preparation, paving and construction materials, hand and power tool use, turf and plant installation, plan reading, estimating and bid preparation.

Lecture Hours: 18    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: AGEH 001 or AGPS 005.

Limitation on enrollment: None

Transfer Status: CSU            Degree Applicable: AA/AS

COD GE: None            CSU GE: None            IGETC: None

**AGEH 024 Advanced Turfgrass Management**

**Units: 3**

This course uses the basic principles of turfgrass science learned in the introductory turfgrass management courses; those principles are applied to golf course maintenance procedures. Golf course operational procedures for the desert environment are emphasized.

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU            Degree Applicable: AA/AS

COD GE: None            CSU GE: None            IGETC: None

**AGEH 027 Turfgrass & Landscape Pest Management**

**Units: 3**

This course provides current state of the art and science of turfgrass and landscape pest management. The course is designed to provide the student with a comprehensive knowledge of disease, insect, and weed pests. Emphasis is placed on how to identify pests, where and why they occur, the damage that they may cause, life cycles of pests; cultural, chemical and other control measures designed to keep pest damage to a minimum.

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**AGPS 002 Entomology - General & Applied****Units: 4**

This course is a study of insects including external and internal structures, major life systems, growth and development, classification, ecology, behavior, economic importance, and an overview of pest management. Suggested for Biological Science General Education Requirements.

Lecture Hours: 54 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C1 CSU GE: B2, B3 IGETC: 5B, 5C

**AGPS 005 Plant Science****Units: 3**

This course offers an opportunity to learn the basic structure and function of plants, their place in the world of human activity and the methods used to manipulate the botanical world to human advantage. Students can expect to be exposed to plant anatomy, morphology and physiology as well as such practical matters as plant propagation, pruning and fertilization. (C-ID AG-PS 106L)

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** ENG 061.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C1 CSU GE: B2 IGETC: 5B

**AGPS 005L Plant Science Lab****Units: 1**

This laboratory is the companion of AGPS 005. It is intended to provide an introduction to some biological science procedures as well as direct experience with horticultural operations. Included are: plant propagation, pruning, anatomy, morphology, taxonomic keys, transplanting and plant use and pesticides. (C-ID AG-PS 106 L)

Lecture Hours: None Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: Concurrent enrollment or prior completion of AGPS 005.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C1 CSU GE: B3 IGETC: 5C

**AGPS 032 Pesticide Laws & Regulations****Units: 2**

This course covers state and federal laws regulating the use of pesticides and prepares students to take California's Certified Applicator examinations. Proper and safe methods of applying agricultural chemicals are discussed, along with procedures for calculating the amount of material needed. In addition, students study alternative pest control methods.

Lecture Hours: 36 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

## Air Conditioning/HVAC (ACR)

**ACR 060 Air Conditioning & Refrigeration I****Units: 3**

This course is a basic study of the theory of thermodynamics and heat transfer as applied to mechanical vapor compression refrigeration cycle and system components. Classes include lectures with practical demonstrations and hands-on experience, including laboratory projects that demonstrate heat transfer theories and vapor compression mechanical system cycle components and accessories. A lab uniform is required for this course.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: RDG 061 & ESYS 004.

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ACR 061 Air Conditioning & Refrigeration II****Units: 3**

Basic types of compressors are introduced. This course covers the operation of condensers within the refrigeration system. The basic evaporation process is studied. Metering devices are included with an emphasis on the specifics of modulating and fixed orifice controls. Laboratory experience allows the student to practice the methods and techniques presented in the classroom.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No  
Grading: Letter

**Prerequisite:** Prerequisite: ACR 060.

Advisory: ESYS 004 and RDG 061.

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ACR 064 Air Conditioning & Refrigeration Electricity I****Units: 3**

This course introduces the basic theory of electricity and electronics skills needed to install and service air conditioning and refrigeration system electrical circuits. Also, components and symbols, wiring diagrams, and wiring diagram exercises are included. A lab uniform is required for this course.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No  
Grading: Letter

**Prerequisite:** None

Advisory: RDG 061 &amp; ESYS 004.

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ACR 065 Air Conditioning & Refrigeration Electricity II****Units: 3**

This course introduces the procedures, techniques, and instruments utilized for troubleshooting the motors, circuitry, and control elements for air conditioning and refrigeration equipment. Variations in control systems, including solid state, are described and analyzed.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No  
Grading: Letter

**Prerequisite:** Prerequisite: ACR 064.

Advisory: ESYS 004 and RDG 061.

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ACR 074A Residential System Installation****Units: 3**

Residential Air Conditioning Installation, including residential split systems and Ductless mini-split, zoned systems. Title 24 requirements including proper duct sizing and sealing. The class will consist of air balance and basic unit sizing. Course material \$70 for uniform, gloves, and safety glasses.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No  
Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ACR 075 HVACR Systems Design****Units: 3**

Presents current industry practices for quality installation and design of residential air distribution systems as well as calculating heating and cooling loads to properly select air conditioning and heating systems.

Lecture Hours: 45 Lab Hours: 27 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ACR 060.

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ACR 076 Facilities Maintenance - Chillers****Units: 3**

Presents current industry practices in maintaining chilled water, hot water, steam, cooling towers, pumps and energy management for central station systems. A lab uniform is required for this course.

Lecture Hours: 45 Lab Hours: 27 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ACR 060 or concurrent enrollment.

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ACR 077 Energy Conservation Methods for HVACR****Units: 3**

Presents current industry practices for auditing energy losses in residential and light commercial buildings. Methods of conserving energy and sustaining natural resources are presented. Blower door diagnostics are featured. A lab uniform is required for this course.

Lecture Hours: 45 Lab Hours: 27 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ACR 060.

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ACR 078 Safe Refrigerant Handling & Management****Units: 3**

Presents current industry practices for recovery, reclamation, recycling and retrofitting. Emphasis is on safe use and management of common refrigerants as well as efficient use of pressure and temperature measurement to determine system operating parameters.

Lecture Hours: 45 Lab Hours: 27 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ACR 080 Gas Heating****Units: 3**

This course presents the basic principles of gas-fired furnaces. Students are introduced to gas heating, gas combustion, gas burners, gas ignition systems, safety and operating controls, installation practices, ventilation, venting, combustion air and gas troubleshooting. Emphasis is on service and maintenance of residential gas furnaces.

Lecture Hours: 45 Lab Hours: 27 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ACR-064 or concurrent enrollment.

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ACR 083 All Weather Heating & Cooling Systems****Units: 3**

Presents current industry practices for year-round conditioned air including air to air heat pumps, geothermal heat pumps, water source heat pumps, electric heat and fuel oil heating.

Lecture Hours: 45    Lab Hours: 27    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ACR-060 and/or ACR-064.

Limitation on enrollment: None

Transfer Status: None    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**ACR 084 Boiler & Hydronic Heating****Units: 3**

This course includes lectures and laboratory projects involving the design, assembly, and operation of hot water boilers, hot water piping distribution (hydronic), and associated controls and control valves.

Included in the course content is the proper use of the related tools and safety. A lab uniform is required for this course.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ESYS 004.

Limitation on enrollment: None

Transfer Status: None    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**ACR 090 Building Automation Fundamentals****Units: 3**

Basics of commercial HVAC control theory as it applies to electric, pneumatic, and digital control systems. Principles of chiller plant operation, air distribution, variable air volume(VAV), constant air systems, and multizone systems are discussed. A lab uniform is required for this course.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: RDG 061 & ESYS 004.

Limitation on enrollment: None

Transfer Status: None    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**ACR 091 Advanced Building Control Networks****Units: 3**

Building Control Network implementations and protocol standards including web-based applications, Building Automation and Control Networks (BACnet), local operating network(LonTalk), and proprietary Zero Net Energy (ZNE) monitoring systems will be introduced. BACnet is a communications protocol for building automation and control networks. It is an ASHRAE, ANSI, and ISO 16484-5 standard [1] protocol. LonTalk is a networking platform specifically created to address the needs of control applications. Routers, installation, and troubleshooting will also be studied.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ACR 090, ESYS 004 & RDG 061.

Limitation on enrollment: None

Transfer Status: None    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**ACR 092 Advanced Building Automation Networks and Programming****Units: 3**

Programming methods used in Heating Ventilation and Air Conditioning (HVAC) direct digital controllers including line (text) programming, icon-based programming, and template programming. Stresses good programming practices including complete program documentation.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ACR 090, ESYS 004 & RDG 061.

Limitation on enrollment: None

Transfer Status: None    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**ACR 095A Air Conditioning Refrigeration Work,Experience****Units: 1-5**

This work experience course of supervised employment provides students the opportunity to connect academics to applied experiential learning in the workplace. It assists students in developing transferable employability skills, career awareness, learning industry culture, competencies and norms, and developing professional networks that support career mobility. To enroll, students must have a job or internship placement in a part-time or full-time capacity. Credit may be accrued at the rate of one to five (1-5) units per semester based on the student's ability to meet the hours required per unit enrolled. Students must work 54 hours per unit earned. This Work Experience course is available to students whose job or internship placement is directly related to Air Conditioning Refrigeration.

Lecture Hours: None    Lab Hours: 270    Repeatable: Yes

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**ACR 378A Introduction to Refrigerants Management****Units: 0**

This course is module 1 of 3. This course is designed for both the novice and existing workforce to understand the basic terms as they apply to Environmental Protection Agency (EPA) laws. This course also covers the basic refrigeration process and how to apply these principles to a refrigeration system.

Noncredit Hours: 18    Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None    Degree Applicable: NONC

COD GE: None    CSU GE: None    IGETC: None

**ACR 378B Recovery and Evacuation Practices in,Refrigerant Management****Units: 0**

This course is module 2 of 3. This course is designed for both the novice and existing workforce to understand the proper recovery and evacuation processes necessary to meet EPA 608 standards.

Noncredit Hours: 18    Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None    Degree Applicable: NONC

COD GE: None    CSU GE: None    IGETC: None

**ACR 378C EPA-608 Preparation for Refrigerant,Management Units: 0**

This course is the final module (3 of 3) Completion and for the proper system preparation and system charging Certificate of Completion. The course is designed for both the novice and existing workforce to prepare for the EPA-608 refrigerant handling license, which is a proctored exam. EPA-608 exam and materials fees are required of each student that successfully completes this course for the EPA-608 industry certification.

Noncredit Hours: 18 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** ACR 378A & ACR 378B.

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**ACR 378D System Performance and Charging,Procedures Units: 0**

This course is designed for to teach students how to properly prepare and charge an air conditioning system to meet or exceed industry standards and Enviromental Protection Agency (EPA) laws.

Noncredit Hours: 18 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** ACR 378B & ACR-378C or EPA-608 Universal License.

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**ACR 378E Study of Air Properties & Human Comfort Units: 0**

The course is designed to teach students how to understand air properties and how they affect human comfort. Students will learn how to work with and understand the process of plotting a psychrometric diagram and use it in system charging and economizer setup.

Noncredit Hours: 18 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** ACR 378A.

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**ACR 378F Indoor Air Quality & Economizers Units: 0**

The course is designed to teach students how to properly diagnose and repair economizers. This course will also cover replacement, installation, and setup of economizers.

Noncredit Hours: 18 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** ACR 378A & ACR 378E.

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

# American Sign Language (ASL)

**ASL 001 Elementary American Sign Language I Units: 5**

This course presents the fundamentals of American Sign Language in an intensive method, with many lectures conducted in ASL. Students learn basic grammar and vocabulary of ASL, with an emphasis on both expressive and receptive skills. The history, values, and attitudes of American Deaf culture are explored.

Lecture Hours: 90 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC\* Degree Applicable: AA/AS

COD GE: C3 CSU GE: C2 IGETC: 6A

**ASL 002 Elementary American Sign Language II Units: 5**

This course further develops material introduced in American Sign Language 1. Increasingly complex grammar and vocabulary will be introduced, with the class conducted primarily in ASL. Equal focus is placed on expressive and receptive skill development. Students will explore simple Deaf humor and poetry, and examine writings by American Deaf persons to discover values, attitudes, and themes of the American Deaf culture.

Lecture Hours: 90 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** ASL 001 or two years high school American Sign Language.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C3 CSU GE: C2 IGETC: 3B, 6A

**ASL 003 Intermediate American Sign Language I Units: 4**

This course continues to develop material introduced in American Sign Language 2. Students expand their sign vocabulary and idioms, develop normal conversational signing speed, and express and receive complex ASL sentences. Students comprehend ASL narratives and develop discourse skills with special emphasis on spatial grammar structures. Students increase Deaf culture awareness through the study of Deaf cultural texts and other concepts.

Lecture Hours: 72 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** ASL 002.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C3 CSU GE: C2 IGETC: 3B, 6A

**ASL 004 Intermediate American Sign Language II****Units: 4**

This course continues to develop material introduced in ASL 003. Students demonstrate mastery of ASL vocabulary and idioms, complex ASL sentences and fingerspelled loan signs, and develop ASL storytelling skills while refining discourse skills. Students attain conversational speed in fingerspelling. Students comprehend, examine, and discuss ASL literature. Sensitivity to Deaf cultural issues will be extended through the study of Deaf cultural texts and related concepts. The ability to navigate Deaf culture will be demonstrated in the classroom and the Deaf community.

Lecture Hours: 72    Lab Hours: None    Repeatable: No  
Grading: Letter

**Prerequisite:** ASL 003.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C3    CSU GE: C2    IGETC: 3B, 6A

## Anthropology (ANTH)

**ANTH 001 Human Evolution: Introduction to Biological Anthropology****Units: 3**

This course introduces the concepts, methods of inquiry, and scientific explanations for biological evolution and their application to the human species. It examines the origins of humans and their place in nature.

Topics presented include: basic biological and genetic background for understanding human evolution; evolutionary theory; human variation and biocultural adaptations; modes of evolutionary change and how these evolutionary mechanisms operate on contemporary human populations; an understanding of geological history; principles of classification; physical form and behavior of non-human primates; and the archaeological evidence for hominine development and worldwide diffusion. (C-ID ANTH 110)

Lecture Hours: 54    Lab Hours: None    Repeatable: No  
Grading: Letter

**Prerequisite:** ENG 061.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C1    CSU GE: B2    IGETC: 5B

**ANTH 001L Human Evolution: Introduction to Biological Anthropology Lab****Units: 1**

This laboratory course is offered as a complement to ANTH 001: Introduction to Biological Anthropology, either taken concurrently or in a subsequent term. Laboratory exercises are designed to introduce students to the scientific method and techniques used in physical/biological anthropology research. Application of the scientific method to explore molecular biology, Mendelian and population genetics, modern human variation, comparative human and non-human primate anatomy and behavior, the primate and hominin fossil record, forensic anthropology, forensic analysis, and other resources to investigate processes that affect human evolution. May require participation in field trips at alternative class meeting times. (C-ID: ANTH 115L)

Lecture Hours: None    Lab Hours: 54    Repeatable: No  
Grading: Letter

**Prerequisite:** Corequisite: ANTH 001 or prior completion

Advisory: ENG 061.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C1    CSU GE: B3    IGETC: 5C

**ANTH 002 Cultural Anthropology****Units: 3**

This course explores how anthropologists study and compare human culture. Cultural anthropologists seek to understand the broad arc of human experience focusing on a set of central issues: how people around the world make their living (subsistence patterns); how they organize themselves socially, politically and economically; how they communicate; how they relate to each other through family and kinship ties; what they believe about the world (belief systems); how they express themselves creatively (expressive culture); how they make distinctions among themselves such as through applying gender, racial and ethnic identity labels; how they have shaped and been shaped by social inequalities such as colonialism; and how they navigate culture change and processes of globalization that affect us all. Ethnographic case studies highlight these similarities and differences, and introduce students to how anthropologists do their work, employ professional anthropological research ethics and apply their perspectives and skills to understand humans around the globe. (C-ID ANTH 120)

Lecture Hours: 54    Lab Hours: None    Repeatable: No  
Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C2    CSU GE: D1    IGETC: 4A

**ANTH 003 Archaeology, Introduction to Prehistory****Units: 3**

This course is an introduction to the study of concepts, theories, data and models of archaeological archaeology that contribute to our knowledge of the human past. The course includes a discussion of the nature of scientific inquiry; the history and interdisciplinary nature of archaeological research; dating techniques; methods of survey, excavation, analysis, and interpretation; cultural resource management; professional ethics; and selected cultural sequences. (C-ID ANTH 150)

Lecture Hours: 54    Lab Hours: None    Repeatable: No  
Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C2    CSU GE: D1    IGETC: 4A

**ANTH 007 Anthropology of Religion, Magic, Witchcraft, and Healing****Units: 3**

This course is an introduction to the anthropological study of religion and examines the way religion is lived and practiced in diverse cultures and the role of religious beliefs in human experiences of health and healing. Topics include the origins, forms, functions, and expressions of belief systems and ritual within their cultural contexts, varieties of religious and spiritual beliefs and practices cross-culturally, mythology, symbolism, totemism, syncretism, shamanism, the healer, traditional healing and medical systems, magic, divination, witchcraft, ancestor worship, and death. Requires participation in field trips at alternative class meeting times.

Lecture Hours: 54    Lab Hours: None    Repeatable: No  
Grading: Letter

**Prerequisite:** None

Advisory: ENG 061.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C2    CSU GE: D    IGETC: 4

**ANTH 095A Anthropology Work Experience**

**Units: 1-5**

This work experience course of supervised employment provides students the opportunity to connect academics to applied experiential learning in the workplace. It assists students in developing transferable employability skills, career awareness, learning industry culture, competencies and norms, and developing professional networks that support career mobility. To enroll, students must have a job or internship placement in a part-time or full-time capacity. Credit may be accrued at the rate of one to five (1-5) units per semester based on the student's ability to meet the hours required per unit enrolled. Students must work 54 hours per unit earned. This Work Experience course is available to students whose job or internship placement is directly related to Anthropology.

# Applications and Information Systems (AIS)

**AIS 002A Introductory Microsoft Outlook**

**Units: 1**

This course utilizes Microsoft Outlook to organize and plan personal and business information. Emphasis is placed on the use of Outlook for communication and sharing information with persons within a company or small business.

Lecture Hours: 9    Lab Hours: 27    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**AIS 003A Introductory Microsoft Word**

**Units: 1**

Students will learn the basics of Windows and Microsoft Word. Specific topics covered include: creating and formatting a document; creating a business letter with graphics and tables; creating a research paper with references and sources; mail merge.

Lecture Hours: 9    Lab Hours: 27    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**AIS 004A Introductory PowerPoint**

**Units: 1**

This course provides basic concepts and practical applications using PowerPoint for Windows. Students receive instruction and practice in creating presentations with pictures, shapes, transitions, and animations; evaluation of presentation effectiveness; technology of packaging presentations and portability across multiple mediums.

Lecture Hours: 9    Lab Hours: 27    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**AIS 005 Office Technology Skills**

**Units: 3**

This course provides the introductory technology skills necessary for success in an entry level office support role. Students become comfortable with Learning Management System, email systems and file management; understand the basics of how computers and mobile devices work. Students learn how to use common functions of email, word processing, and presentation software, Internet basics, and exploring the web as tools for academic and vocational success. Students also have an opportunity to develop keyboarding skills. (C-ID BSOT 106X)

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**AIS 006 Business Research**

**Units: 2**

An introduction to effective business research techniques using electronic resources. Students learn how to express information needs, access information from appropriate sources, evaluate retrieved data, and organize the data to solve business problems.

Lecture Hours: 36    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: AIS 005.

Limitation on enrollment: None

Transfer Status: CSU    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**AIS 007A Introductory Excel**

**Units: 1**

This course provides basic concepts and practical applications using Excel for Windows.

Lecture Hours: 9    Lab Hours: 27    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: AIS 005.

Limitation on enrollment: None

Transfer Status: CSU    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**AIS 007B Advanced Excel**

**Units: 2**

Students receive instruction and computer experience using electronic spreadsheets to solve common numerical and business, finance and/or accounting-based problems.

Lecture Hours: 27    Lab Hours: 27    Repeatable: No

Grading: Letter

**Prerequisite:** AIS 007A or CIS 010.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**AIS 012 Office Support Skills****Units: 3**

Topics covered in this course include a survey of office support skills and applied procedures; practical application of office technologies; applied organization skills; meeting and travel planning; human relations, company politics and ethics; job attitudes and burnout prevention tools; and servant leader office support role wellbeing.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: AIS 005.

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**AIS 013 Office Workplace Employment Preparation****Units: 3**

Topics covered in this course will be intertwined with practical use of software, media, and technology; people and communication skills; creativity, collaboration, flexibility, and leadership skills; and employment preparation tools necessary for an office support work environment.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: Take AIS-005.

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**AIS 020 Accessibility for Office Professionals****Units: 3**

This class explores accessibility guidelines of The Americans with Disabilities Act (ADA) and Section 508 of the Rehabilitation Act. Students are guided through criteria and provided insight into the need and reality of implementing accessible material. Students will discover and apply criteria learned from Microsoft Office documents, and learn how those guidelines can also be applied when updating a business website. It is recommended that students have some experience with Microsoft Office (specifically Word and PowerPoint).

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**AIS 023 Digital Security & Cloud Storage for Office Professionals****Units: 2**

The Computer Security and Cloud Storage for Home Office Professionals course teaches the students how to protect proprietary digital data in their home office and mobile devices. It provides an introduction to security issues affecting individual computers and internet access. Protection strategies from viruses, Trojan-Horse programs, e-mail attacks, and other forms of intrusion. Selection, installation, and use of anti-virus software. It also covers the different cloud options and using it for digital encrypted data and information storage. This course is a key element of the Business Remote Worker Certificate of Achievement that allows the student the flexibility of working from home and for multiple employers.

Lecture Hours: 18 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: CIS 010.

Limitation on enrollment: None

**AIS 074 Presentation Software**

**Units: 3**

This course provides common concepts and practical applications of creating effective slide presentations using different presentation software. Students receive instruction and practice in creating presentations with pictures, shapes, transitions, and animations; evaluation of presentation effectiveness; technology of packaging presentations and portability across multiple mediums.

# Applied Construction Technology (ACT)

**ACT 020 Introduction to Construction Technology**

**Units: 3**

This course provides students with in-depth analysis of the organization and structure of the construction industry and the many career choices the industry offers. The course emphasizes green construction practices, jobsite safety, practical knowledge of tool and equipment use, basic construction math, basic rigging techniques, and communication as well as employability skills. Guest speakers and site visits provide students a wide view of the expectations of entry-level work, wages, benefits, and work place culture. (Equivalent to CM 020.)

Lecture Hours: 36      Lab Hours: 54      Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: RDG 061 & MATH 060 or MATH 065.

Limitation on enrollment: None

Transfer Status: CSU      Degree Applicable: AA/AS

COD GE: None      CSU GE: None      IGETC: None

**ACT 021 Site Preparation and Layout**

**Units: 1**

This course provides the understanding and skills necessary to complete the initial stages of building construction. General topics include project site clearance, reading and implementing the information from the Precise Grading Plan, concept of cutting and filling, and site layout. Students participate in Service Learning by way of a practical lab or an actual project site under close supervision of trade professionals.

Lecture Hours: 9      Lab Hours: 27      Repeatable: No

Grading: Letter

**Prerequisite:** ACT 020 or CM 020.

Advisory: None

Limitation on enrollment: None

Transfer Status: None      Degree Applicable: AA/AS

COD GE: None      CSU GE: None      IGETC: None

**ACT 022 Concrete & Formwork****Units: 1**

This course introduces the significance of concrete as a building material. Topics include the properties of cement, composition of concrete, reinforcement materials, and the various types of forms needed for each particular footing. Students participate in Service Learning by way of a practical lab or an actual project site under close supervision of trade professionals.

Lecture Hours: 9    Lab Hours: 27    Repeatable: No  
Grading: Letter

**Prerequisite:** ACT 020 or CM 020.

COD GE: None    CSU GE: None    IGETC: None

**ACT 023 Framing Carpentry****Units: 4**

This course provides the understanding of framing systems and the practical framing techniques used to construct the floor, walls, and roof of a simple structure. Topics include the fundamentals of wood, lumber, fasteners, adhesives, layout, assembly, bracing, sheathing, and truss identification. In addition to learning vocabulary associated with framing, students participate in Service Learning by way of a practical lab or an actual project site under close supervision of trade professionals.

Lecture Hours: 18    Lab Hours: 162    Repeatable: No  
Grading: Letter

**Prerequisite:** ACT 020 or CM 020.

Advisory: None

Limitation on enrollment: None

Transfer Status: None    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**ACT 024 Roofing Applications****Units: 2**

This course introduces the application of typical roof materials on different types of residential and light commercial structures. Safety procedures are emphasized as preparation for roofing application is demonstrated. Topics include roofing tools and proper roof ventilation. Some of the roof materials discussed include composite shingles, shakes, metal roofing, slate and tile, single ply roofing and foam application. Students participate in Service Learning by way of a practical lab or an actual project site under close supervision of trade professionals.

Lecture Hours: 18    Lab Hours: 54    Repeatable: No  
Grading: Letter

**Prerequisite:** ACT 020 or CM 020.

**ACT 095A Applied Construction Technology**

**Units: 1-5**

This work experience course of supervised employment provides students the opportunity to connect academics to applied experiential learning in the workplace. It assists students in developing transferable employability skills, career awareness, learning industry culture, competencies and norms, and developing professional networks that support career mobility. To enroll, students must have a job or internship placement in a part-time or full-time capacity. Credit may be accrued at the rate of one to five (1-5) units per semester based on the student's ability to meet the hours required per unit enrolled. Students must work 54 hours per unit earned. This Work Experience course is available to students whose job or internship placement is directly related to Applied Construction Technology.

# Architecture (ARCH)

## ARCH 001 Intro to Architectural Professions

Units: 3

This course provides students with an overview of professional occupations in Architecture, Construction Management, Building Inspection Technology, City and Regional Planning, Architectural Engineering and Landscape Architecture.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: RDG 061.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

## ARCH 002 Materials of Construction

Units: 4

This course is an introduction to construction materials and processes.

Lab demonstrations in construction techniques and field trips to construction sites will be utilized to assist students' understanding of construction principles and practices. Emphasis on the selection of materials in a design context will help develop students' spatial and three dimensional skills.

Lecture Hours: 54 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 061.

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

## ARCH 003A Architectural Practice I

Units: 3

This is an introductory course in wood construction methods and processes. It focuses on the use of drafting tools, office equipment and references to assist in selection and drawing of architectural details, including foundation, floors, walls and roofs.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** DRA 001.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

## ARCH 003B Architectural Practice II

Units: 3

This is an advanced drafting course and a continuation of the content and issues introduced in ARCH 003A which includes the development of site plan, floor plans, exterior elevations, roof plan, sections and architectural details. In addition, this course also incorporates a comprehensive study of the development of construction documents.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** ARCH 003A.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

## ARCH 005A Introduction to Drawing & Perspective

Units: 3

This course is the first in a series of two graphics courses. It is an introduction to basic techniques used for graphic communication in the design profession. It includes the study of orthographic and isometric projections, mechanical and freehand perspectives, shading, shadows and reflection. Students begin the process of compiling work to implement into a comprehensive portfolio.

Lecture Hours: 18 Lab Hours: 108 Repeatable: No

Grading: Letter

**Prerequisite:** DRA 001.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

## ARCH 005B Architectural Delineation

Units: 3

This course is a continuation of ARCH 005A. It focuses on drawing and sketching as a communication tool in the field of environmental design. Student development of basic skills in architectural illustration and proper use of various drawing media are emphasized. Students finalize the design portfolio in preparation for employment or for admission to a transfer institution.

Lecture Hours: 18 Lab Hours: 108 Repeatable: No

Grading: Letter

**Prerequisite:** ARCH 005A.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

## ARCH 008 Architectural Design Fundamentals I

Units: 3

This course is an introductory study of design problems in three dimensions. The concept of space, form, structure, color and materials are studied in addition to the universal principles common to all design disciplines. This course focuses on the analysis of design techniques, and exercises to develop students' skills.

Lecture Hours: 18 Lab Hours: 108 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: DRA 001.

Limitation on enrollment: None

## ARCH 009 Architectural Design Fundamentals II

Units: 3

This is the second in a three-semester sequence of design courses. This course is a case-study application of design theories of the 20th Century and their impact on contemporary spatial and conceptual ideas permeating architecture, art and the environment.

Lecture Hours: 18 Lab Hours: 108 Repeatable: No

Grading: Letter

**Prerequisite:** ARCH 008.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ARCH 010 Environmental Control Systems****Units: 3**

This course is an introduction to the physical relationships between people and their environment. It includes a study of the physical phenomena of heat, light, and sound. This course also examines the climatological relationship between vernacular building solutions and the natural conditioning systems of architecture.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** ARCH 002.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ARCH 011 Architectural Blueprint Reading****Units: 3**

This course is a study of basic information for reading blueprints and construction drawings. It is designed for those who must assimilate information found in working drawings and specifications.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: DRA 001 &amp; RDG 061.

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ARCH 014 History of Architecture I****Units: 3**

This is an introductory course in the history of architecture. It examines Western ideals from the beginning of time to Classical Greece and Rome. The course covers architecture from the birth of Christianity and the Age of Reason, through the discovery of the New Worlds and periods of transition to Modernism and Post-Modernism, to the present.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: RDG 061.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C3 CSU GE: C1 IGETC: None

**ARCH 017 Architectural Design Fundamentals III****Units: 3**

This is the final course in a three-semester design series. It focuses on the application of both theoretical and environmental issues involved in the Student Design Competitions. Students study site and environmental issues and architectural programming as design stimulus.

Lecture Hours: 18 Lab Hours: 108 Repeatable: No

Grading: Letter

**Prerequisite:** ARCH 009 & ARCH 010.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ARCH 095A Architecture Work Experience****Units: 1-5**

This work experience course of supervised employment provides students the opportunity to connect academics to applied experiential learning in the workplace. It assists students in developing transferable employability skills, career awareness, learning industry culture, competencies and norms, and developing professional networks that support career mobility. To enroll, students must have a job or internship placement in a part-time or full-time capacity. Credit may be accrued at the rate of one to five (1-5) units per semester based on the student's ability to meet the hours required per unit enrolled. Students must work 54 hours per unit earned. This Work Experience course is available to students whose job or internship placement is directly related to Architecture.

Lecture Hours: None Lab Hours: 270 Repeatable: Yes

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ARCH 100 Introduction to Design Theories and Methods****Units: 3**

This foundational, First-Year Experience course introduces students to 'design thinking,' exploring the nature of design as a rational, problem-solving activity and the advantages and disadvantages of various systematic approaches. Includes typical modes of reasoning; philosophies and styles of design; and tools, techniques, and methods relevant in the design process.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ARCH 120 Visual Literacy and Civilization: An Architect's View****Units: 3**

This course focuses on the role of visual explanation in Western European civilization, while also emphasizing its cultural relativity. It analyzes the rules of representational conventions in the context of their rich cultural history and contrasts them with non-western traditions. The course introduces several 20th-century schools of thought that have been critical of the hegemonic visual regime of modernity, and its role in colonial expansion and domination of non-western cultures.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

## Art (ART)

### ARCH 150 Foundation Digital Design

Units: 3

Facilitates student access to digital design drawing and modeling, tools, skills and concepts actively used in concurrent design studio. Assignments support concurrent design studio. Discussion with an emphasis on introductory digital design drawing. This course will provide a theoretical and practical step-by-step introduction to current digital 3D design modeling software paired with 2D editing software. In addition, students will be introduced to compositional and diagram making techniques as well as the use of info graphics.

Lecture Hours: None Lab Hours: 162 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

### ARCH 202 Second Year Design 2

Units: 3

A continuation of basic design exercises focusing on simple buildings and their relationship to site and program. Introduction to architectural programming and the influence of context. Students will meet with an instructor in a lab setting to conduct research and to develop an architectural project. Typically the studio will follow a structure of 1) research and analysis of the design problem 2) development of a design idea 3) iterative development that incorporates material studies; additional research, and external feedback and 4) representation of project through drawings, models and other media.

Lecture Hours: 18 Lab Hours: 108 Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: ARCH 017. Corequisite: ARCH 220.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

### ARCH 210 Introduction to Sustainable,Architectural Design

Units: 3

Basic principles for the design of sustainable, low carbon environments at the urban, site and building scale. Emphasis on site design and the design of sustainable buildings and their connection to the environment such as energy, materials, water and waste management.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

### ARCH 220 Architectural Programming

Units: 3

Study of the role that architectural programming and behavioral factors play in the design of buildings. Architect's responsibility to respond to the physical, social and regulatory conditions of the building site and context.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** ARCH 017 & ARCH 210.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

### ARCH 230 Structures 1

Units: 3

Theories of structural design and the relationship of structure to form, function and economics. Analysis of structural systems including statics, strength of materials and structural properties as well as the demonstration of forces and stresses.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** MATH 005 PH 002A.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

### ARCH 250 Intermediate Digital Design

Units: 3

Facilitates student access to digital design drawing and modeling, tools, skills and concepts actively used in concurrent design studio. Use of sketching and digital modeling for design study, iteration and variation.

Students work individually on weekly assignments, software training, and the application of acquired software skills in an exercise within their concurrent design studio project.

Lecture Hours: None Lab Hours: 162 Repeatable: No

Grading: Letter

**Prerequisite:** ARCH 150.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

## Art (ART)

### ART 001A Beginning Drawing & Composition

Units: 3

This course is an introduction to the fundamentals of drawing and composition. Through hands-on assignments, drawing techniques covered include traditional approaches of line application, charcoal shading and ink wash techniques. Throughout the course, emphasis is placed on the use of basic visual elements and organizational principles of compositional structure. These techniques enable the student to communicate visual images as creative statements. (C-ID ARTS 110)

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: Courses Related in Content

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C3 CSU GE: None IGETC: None

### ART 001B Intermediate Drawing & Composition

Units: 3

This is an intermediate course in the methods of drawing and composition with an emphasis on the use of color. Students build on beginning level skills through a continued study of traditional drawing approaches and are then introduced to intermediate drawing problems. An emphasis on experimental applications with color media and mixed media occurs. Focus is on the development of images that are created through the use of intermediate applications of technical processes, color theory use and compositional structure. (C-ID ARTS 205)

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** ART 001A.

Advisory: None

Limitation on enrollment: Courses Related in Content

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ART 003A Basic Design & Color****Units: 3**

This course is an introduction to the fundamentals of two dimensional design. Through hands-on assignments, various traditional and contemporary design techniques are covered which include the use of pencil, paper and paint. Mixed media applications are introduced at the end of the course. Throughout the course, emphasis is placed on the study and use of basic visual elements of line, shape, texture, space, time, color theory, conceptual development, and organizational principles of compositional structure. These techniques enable students to gain experience in organizing their thoughts in solving design problems and to communicate visual images as creative statements. (C-ID ARTS 100)

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: Courses Related in Content

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C3 CSU GE: C1 IGETC: None

**ART 004 Three-Dimensional Design****Units: 3**

Introduction to the concepts, applications, and historical references related to three-dimensional design and spatial composition, including the study of the elements and organizing principles of design as they apply to three-dimensional space and form. Development of a visual vocabulary for creative expression through lecture presentations and use of appropriate materials for non-representational three-dimensional studio projects. (C-ID ARTS 101)

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: Courses Related in Content

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ART 005A Beginning Figure Drawing****Units: 3**

Introduction to drawing the nude human figure from observation using a wide variety of drawing media and techniques. Topics include an introduction to human anatomy and the historical and contemporary roles of figure drawing in the visual arts. Students in this course will learn both descriptive and interpretive approaches to drawing the figure. This is a basic course in the study of the human figure from a nude model. Composition and expressive aspects of gesture, weight, and line on a beginning level are investigated through study of the human figure using pencil and charcoal exercises. (C-ID: ARTS 200)

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C3 CSU GE: None IGETC: None

**ART 005B Intermediate Figure Drawing****Units: 3**

This is an intermediate course in the study of the human figure from a nude model. Students continue exploration with black and white media and are then introduced to color applications. Students explore these variety of drawing materials and techniques on an intermediate level leading toward personal growth and style.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** ART 005A.

Advisory: None

Limitation on enrollment: Courses Related in Content

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C3 CSU GE: None IGETC: None

**ART 006A Intermediate Design & Color****Units: 3**

This is an intermediate two-dimensional design course with an emphasis on the methods and applications of color theory. Students develop images that are created through the use of progressive applications of color within compositional structure. Topics include major historical and contemporary color systems, production of projects in applied color, and the elements of design as they apply to color. Multiple types of water-based media, the use of collage and mixed media applications are investigated. (C-ID ARTS 270)

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** ART 003A.

Advisory: None

Limitation on enrollment: Courses Related in Content

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ART 007 Ceramics****Units: 3**

This course introduces the use of clay as an expressive medium on a global scale. The content includes: preparation of clay, hand building, wheel throwing, design, techniques and glaze application.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A.

Limitation on enrollment: Courses Related in Content

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C3 CSU GE: None IGETC: None

**ART 007B Intermediate Ceramics****Units: 3**

This is an intermediate course which expands students' knowledge and expertise in both hand building and throwing on the potter's wheel. Students explore intermediate glaze application, kiln loading and firing techniques.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** ART 007.

Advisory: None

Limitation on enrollment: Courses Related in Content

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ART 008 Fiber Art****Units: 3**

Introduction to basic materials, methods and vocabulary used in fiber and textile media as well as the hands-on development of expressive visual ideas. Contemporary and historical development and cultural relevance of the fiber media is also explored.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: Courses Related in Content

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: C3 CSU GE: None IGETC: None

**ART 009A Beginning Printmaking****Units: 3**

Introduction to the basic materials, equipment, and processes of printmaking, including relief (i.e., linocut and woodcut), intaglio (i.e., drypoint and etching), monotype and stencil (i.e., screenprint). (C-ID ARTS 220)

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: Courses Related in Content

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ART 009B Intermediate Printmaking****Units: 3**

In this course students build on skills learned in the beginning printmaking course. Students create prints using intermediate level technical processes where the focus is on edition printing skills, work in series, and multiple color work. With faculty guidance, students develop personal imagery utilizing one or more of the intermediate level hand printmaking processes.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** ART 009A.

Advisory: None

Limitation on enrollment: Courses Related in Content

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ART 011A Beginning Sculpture****Units: 3**

This is a basic course in the principles, theories and techniques of sculpture. Students explore three-dimensional forms with a variety of materials and techniques. Additive, subtractive and assemblage formats are explored.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: Courses Related in Content

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ART 011B Intermediate Sculpture****Units: 3**

This is an intermediate course in the principles, theories, and techniques of additive, subtractive and mold making approaches in sculpture.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** ART 011A.

Advisory: None

Limitation on enrollment: Courses Related in Content

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ART 014A Beginning Screen Printing****Units: 3**

This is an introductory course in screen printing. Basic silkscreen printing techniques are studied, including stencil formation, edition printing, and various substrate concerns. Class work focuses on attaining competence in direct screen printing processes. Emphasis is placed on composition theory, print quality, concept, and design throughout the course. These techniques enable the student to communicate visual images as creative print statements. Basic drawing skills are recommended.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ART 001A.

Limitation on enrollment: Courses Related in Content

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ART 014B Intermediate Screen Printing****Units: 3**

In this course students use a variety of intermediate screen printing techniques, materials, and equipment. Students further build competence in screen printing skills and aesthetics. With faculty guidance, students develop their individual expression and personal style.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** ART 014A.

Advisory: None

Limitation on enrollment: Courses Related in Content

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ART 019 Introduction to Painting****Units: 3**

This course is an introduction to the principles, elements and practices of painting. Focus is on the exploration of painting materials, paint mixing techniques, perceptual skills, color theory and compositional structure as applied to painting. Exploration of traditional and contemporary approaches and techniques applied to painting as well as creative responses to materials and subject matter are explored. This course also applies the basic development of painting as a means of self-expression.

C-ID: ARTS 210

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ART 020A Beginning Ceramic Sculpture****Units: 3**

This course explores the basic techniques of the ceramic sculptural art form. Emphasis is on the understanding of the medium of clay, the appreciation of the basic ceramic sculpture modeling processes and glazing techniques. The students will also begin to explore their own personal expression in clay.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ART 007A.

Limitation on enrollment: Courses Related in Content

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ART 020B Intermediate Ceramic Sculpture****Units: 3**

Students study intermediate ceramic sculpture modeling techniques, decoration and embellishing techniques, glaze formulation and kiln loading and firing techniques. This course expands student knowledge and expertise in the technologies of the ceramic sculpture art form. With faculty guidance, students move toward development of a personal creative style.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No  
Grading: Letter

**Prerequisite:** ART 020A.

Advisory: None

Limitation on enrollment: Courses Related in Content

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**ART 021A Beginning Watercolor Painting****Units: 3**

This course is an introduction to the fundamentals of transparent watercolor painting. Through hands-on assignments, painting techniques covered include traditional applications of wash, wet-in-wet, direct painting and layering techniques. Throughout the course, emphasis is placed on the use of basic visual elements, organizational principles of compositional structure, color theory and concept development. These techniques enable the student to communicate visual images as creative statements. Historical applications of watercolor techniques and different conceptual approaches to painting are studied. Basic drawing skills are recommended.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**ART 021B Intermediate Watercolor Painting****Units: 3**

This is an intermediate course in the methods of transparent and opaque watercolor painting. Aspects acquired in Beginning Watercolor Painting are developed further through a continued building on the study of traditional watercolor painting approaches and which are then followed by intermediate approaches. Focus is on the development of images that are created through the use of intermediate of technical processes, color use and compositional structure.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** ART 021A.

Advisory: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**ART 025A Beginning Acrylic Painting****Units: 3**

This course is an introduction to the fundamentals of acrylic painting. Through hands-on assignments, painting techniques covered include traditional approaches of opaque, transparent, under and over painting, palette knife and wet-on-wet painting. Throughout the course, emphasis is placed on the use of basic visual elements, organizational principles of compositional structure, color theory and concept development. These techniques enable the student to communicate visual images as creative statements. Historical applications of acrylic techniques and different conceptual approaches to painting are studied. Basic drawing skills are recommended.

COD GE: None    CSU GE: None    IGETC: None

**ART 026 Museum Studies****Units: 3**

This course is an introduction to the history of museums, and to professional practices in museums and art galleries. Course provides overview of exhibition development, design, installation, and evaluation, along with study of exhibition interpretation and education practices, event management and marketing, visitor relations, collections management, conservation and archival practices, copyright and artists' rights, cultural diversity and repatriation of cultural artifacts, accreditation and professional standards, non-profit management, and fundraising and development.

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ART 010.

Limitation on enrollment: None

Transfer Status: CSU    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**ART 030A Beginning Black & White Photography****Units: 3**

Introduction to the processes, principles, and tools of photography. Topics include the development of technical and aesthetic skills, elements of design and composition, camera technology, materials and equipment, and contemporary trends in photography including digital black and white. A 35mm film camera with manually adjustable f-stops and shutter speeds is required. (Equivalent to DDP 135)

Lecture Hours: 36    Lab Hours: 54    Repeatable: No  
Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: Courses Related in Content

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C3    CSU GE: None    IGETC: None

**ART 030B Intermediate Photography****Units: 3**

This intermediate level course expands upon traditional film processing, printing and introduces medium format camera and film. Students strengthen technical applications and further explore photography as a means of creative expression and communication. Intermediate archival printing techniques, alternative print processes, medium format film camera use, and studio lighting are covered. Print quality, concept, and composition are emphasized throughout the course in "wet" lab environments.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** ART 030A or permission of instructor based on a portfolio presentation of student's previous work.

Advisory: None

Limitation on enrollment: Courses Related in Content

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**ART 031 Digital Photography****Units: 3**

This course provides an introduction to the tools, materials and techniques of digital photography. Students learn to capture images using a digital camera to demonstrate and master basic standards in photographic technique. Topics include the use of digital interfaces, printers and file formats as well as the preparation of images for electronic display. A digital camera with manually adjustable f-stops and shutter speeds and a corresponding camera manual is required. (Equivalent to DDP 131.)

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

IGETC: 5A, 5C

### A 003 Planetary Astronomy

Units: 4

This course is an introduction to the current solar system. A comparative study will be made of the planets and their satellites, dwarf planets, asteroids and comets. An overview of the formation, evolution and structure of the solar nebula will be presented. Highlights from previous, current and future interplanetary missions will be incorporated and interpretation of mission results and analysis will be discussed.

Lecture Hours: 54 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 061 &amp; MATH 049.

### AUTO 011B Auto Electronics & Electrical Systems

Units: 4

This course provides theory and hands-on experience in the fundamentals of automotive electricity and electronics including basic electrical principles, circuit components, circuit types, electrical system service and maintenance, diagnosis and repair of common circuit malfunctions. The focus is then placed on foundational automotive electrical components and systems including: batteries, starting systems and charging systems with an emphasis on troubleshooting, diagnosis and repair of common electrical system malfunctions. A \$20.00 test fee for the appropriate Automotive Service Excellent (ASE) Student Exam is required. A uniform is required for this course.

**AUTO 095A Automotive Technology Work Experience****Units: 1-5**

This work experience course of supervised employment provides students the opportunity to connect academics to applied experiential learning in the workplace. It assists students in developing transferable employability skills, career awareness, learning industry culture, competencies and norms, and developing professional networks that support career mobility. To enroll, students must have a job or internship placement in a part-time or full-time capacity. Credit may be accrued at the rate of one to five (1-5) units per semester based on the student's ability to meet the hours required per unit enrolled. Students must work 54 hours per unit earned. This Work Experience course is available to students whose job or internship placement is directly related to Automotive Technology.

Lecture Hours: None    Lab Hours: 270    Repeatable: Yes

Grading: Letter

**Prerequisite:** None

**AUTO 340A CNG Component Function & Operation****Units: 0**

This course provides classroom lecture/discussion and interactive training on compressed natural gas (CNG) vehicle components, their function, and operation. This equips technicians to better service and repair CNG vehicles.

Noncredit Hours: 18 Repeatability: Yes

Grading: Pass/No Pass

**Prerequisite:** AUTO 340.

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**AUTO 340B CNG Maintenance & Repair****Units: 0**

This course provides classroom lecture/discussion and interactive training on compressed natural gas (CNG) maintenance and repair procedures. This class is targeting skills required to obtain an entry-level position working on CNG vehicles.

Noncredit Hours: 18 Repeatability: Yes

Grading: Pass/No Pass

**Prerequisite:** AUTO 340.

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**AUTO 340C CNG Diagnosis & Troubleshoot****Units: 0**

This course provides classroom lecture/discussion and interactive training on CNG vehicle diagnosis and repair. The course is designed to introduce the service technician to safety, diagnostic and troubleshooting practices and procedures unique to gaseous fuel vehicles including: ignition, fuel delivery and emissions systems design, operation, diagnosis and service.

Noncredit Hours: 18 Repeatability: Yes

Grading: Pass/No Pass

**Prerequisite:** AUTO 340.

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**AUTO 340D CNG Diagnosis with Scan Tool****Units: 0**

This course provides classroom lecture/discussion and interactive training on compressed natural gas (CNG) vehicle diagnosis utilizing current scan tool diagnostics. The course is designed to introduce the service technician to intermediate and advanced scan tool diagnosis.

Noncredit Hours: 18 Repeatability: Yes

Grading: Pass/No Pass

**Prerequisite:** AUTO 340.

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**AUTO 341A CNG Conversion & Installation A****Units: 0**

This course will introduce learners to basic compressed natural gas (CNG) conversion and installation, focusing on applicable legislation, regulations and procedures for conversion of vehicle from gasoline to CNG. Topics include: review of gaseous fuel safety, CNG conversion/ installation and advantages and disadvantages.

Noncredit Hours: 30 Repeatability: Yes

Grading: Pass/No Pass

**Prerequisite:** AUTO 340.

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**AUTO 341B Compressed Natural Gas (CNG) Conversion, & Installation B****Units: 0**

This course is designed to introduce learners to compressed natural gas (CNG) conversion/ installation basic service and repair. The following topics are covered in this course: review of gaseous fuel safety, review of CNG conversion/installation and service and repair of CNG conversions/ installations.

Noncredit Hours: 30 Repeatability: Yes

Grading: Pass/No Pass

**Prerequisite:** AUTO 340.

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**AUTO 349 CNG Fuel System Inspection****Units: 0**

This course helps to prepare technicians for the (CNG) Fuel System Inspection Certification Exam. It covers safety, fundamental operation and the information related to the installation and conversion regulations of CNG vehicles.

Noncredit Hours: 18 Repeatability: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: AUTO 340.

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**AUTO 380A Oscilloscope Basics**

**Units: 0**

This course offers knowledge and skills related to an industry standard, automotive oscilloscopes. The learner will be shown navigation, interpretation, and application of state-of-the-art automotive oscilloscopes. This will enhance one of the required skills for employment and advancement within the automotive service industry.

## Basic Correctional Officer Training (BCOT)

**BCOT 010 Basic Correctional Officer Training**

**Units: 16**

The Basic Correctional Officer Training provides entry-level training for correctional officers. The course will introduce the student to adult corrections procedure, interviewing, counseling techniques, defensive tactics, public relations, and oral and written communications. Security and supervision techniques in adult institutions are stressed. The Correctional Officer Training meets or exceeds the mandates of the California Board of Corrections and Rehabilitation. Check the program website for additional information.

Lecture Hours: 218.5      Lab Hours: 241.5      Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: KINE 037.

Limitation on enrollment: Completion of POST reading and writing, examination. Completion of POST physical fitness, assessment. Possession of a valid California, driver's license. Successful completion of medical, examination. Fingerprint clearance through the, California Department of Justice.

Transfer Status: None                  Degree Applicable: AA/AS

**BCOT 020 Basic Juvenile Correctional Officer, Training**

**Units: 10**

The Basic Juvenile Correctional Officer Training provides students with entry-level training for Juvenile correctional officers and other probation positions. The course will introduce the student to juvenile corrections procedure, interviewing, counseling techniques, defensive tactics, public relations, and oral and written communications. Security and supervision techniques in juvenile institutions are stressed. The curriculum is designed to meet or exceed the requirements of the California Board of State and Community Corrections (BSCC -California). Students attend the Academy in full uniform and will be able to attend an orientation 3 weeks prior to the course. The orientation date will be listed in the Schedule of Classes. There is an additional fee of \$200-\$300 for the uniform and gear.

## Basic Fire Fighter Academy (BFFA)

### BFFA 063 Basic Fire Fighter I Academy,(Full Time)

Units: 19

Successful completion of BFFA 063 will meet the minimum requirements as mandated by the California State Fire Marshal. This course provides students with the skills and knowledge needed for the entry-level professional fire fighter position to perform his/her duties safely, effectively, and competently. The curriculum is based on the 2019 edition of the National Fire Protection Association (NFPA 1001 Standard for Fire fighter Professional Qualifications, the 2012 edition of NFPA 1051 Standard for Wildland Fire fighter Professional Qualifications, and the 2008 edition of NFPA 72 Standard for Competence of Responders to Hazardous Materials/Weapons of Mass Destruction Incidents. Completion of this course satisfies the requirements as established by the State Fire Marshal for the (2019) Fire fighter I curriculum. Completion of this course requires students to complete all summative tests with a minimum of 80%, complete all activities and formative tests, and complete all mandatory skills testing as established by the State Fire Marshal Firefighter Firefighter I 2019 course plan. Students will be required to attend one of two Orientation sessions to be held during the Fall semester, after the initial application deadline. Students will be issued CSFM certificates upon successful completion of the scheduled training modules during the Fire Academy. Upon completion of a specific California State Fire Training modules a fee of \$1,410.00 is required for this course to cover the California State Fire Training Certificate of Completion, CSFM Diploma For Individual Instructional Topics, CSFM Testing Fees, and helmet suspensions/helmet shield. Check the program website for additional information. Students will be required to rent NFPA compliant structural protective equipment to enroll in this course.

Lecture Hours: 206      Lab Hours: 431      Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: EMT 084 FIRE 001 or FIRE 001A & FIRE 001B;.

**Corequisite:** CSFM 070 or previous completion KINE 037 or previous completion.

**Advisory:** ENG 061.

**Limitation on enrollment:** Successful completion of a Certified Physical,Ability Test (CPAT) or BIDDLE test within one year,prior to the start of the fire academy. Students,must complete a mandatory respiratory examination,(FIT) test before using the SCBA equipment. Safety,gear and SCBA will be required of all students.,Complete IS 100: Introduction to the Incident,Command System,(<http://training.fema.gov/EMIweb/IS/is100lst.asp>),and IS 700: National Incident Management, An,Introduction,(<http://training.fema.gov/EMIweb/IS/is700alst.asp>),during the BFFA 063 fire academy.

COD GE: None      CSU GE: None      IGETC: None

### BFFA 063A Basic Fire Fighter I Academy (Part 1)

Units: 10.25

This course is Part 1 of the Basic Firefighter 1 Academy. Students must successfully complete this course to be eligible to enroll in BFFA 063B (Part 2). Successful completion of both BFFA 063A and BFFA 063B are required to meet the minimum requirements as mandated by the California State Fire Marshal. This course provides students with the skills and knowledge needed for the entry-level professional fire fighter position to perform his/her duties safely, effectively, and competently. The curriculum is based on the 2019 edition of the National Fire Protection Association (NFPA 1001 Standard for Fire fighter Professional Qualifications, the 2012 edition of NFPA 1051 Standard for Wildland Fire fighter Professional Qualifications, and the 2008 edition of NFPA 72 Standard for Competence of Responders to Hazardous Materials/Weapons of Mass Destruction Incidents. Completion of this course satisfies the requirements as established by the State Fire Marshal for the (2019) Fire fighter I curriculum. Completion of this course requires students to complete all summative tests with a minimum of 80%, complete all activities and formative tests, and complete all mandatory skills testing as established by the State Fire Marshal Firefighter I 2019 course plan. Students will be required to attend one of two Orientation sessions to be held during the summer months prior to the Fall semester, after the initial application deadline. Students will be issued CSFM certificates upon successful completion of the scheduled training modules during the Fire Academy. Upon completion of a specific California State Fire Training modules a fee of \$465.00 is required for this course to cover the California State Fire Training Certificate of Completion. Check the program website for additional information. Students will be required to rent NFPA compliant structural protective equipment to enroll in this course.

Lecture Hours: 121      Lab Hours: 197      Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: EMT 084 FIRE 001 or FIRE 001A & FIRE 001B.

**Corequisite:** CSFM 070 or previous completion KINE 037 or previous completion and.

**Advisory:** ENG 061.

**Limitation on enrollment:** Successful completion of a Certified Physical,Ability Test (CPAT) or BIDDLE test within one year,prior to the start of the Fire Academy. KINE 037,may be substituted for this requirement. Students,must complete a mandatory respiratory,examination (FIT) test before using the SCBA,equipment. Safety gear and SCBA will be required,of all students. Complete IS-100: Introduction to,the Incident Command System,(<http://training.fema.gov/EMIweb/IS/is100lst.asp>),and IS-700: National Incident Management, An,Introduction,(<http://training.fema.gov/EMIweb/IS/is700alst.asp>),during BFFA 063A Academy.

**BFFA 063B Basic Fire Fighter I Academy (Part 2)**

**Units: 8.75**

This course is Part 2 of the Basic Firefighter 1 Academy. Students must have successfully completed BFFA 063A (Part 1) to be eligible to enroll in BFFA 063B (Part 2). Successful completion of both BFFA 063A and BFFA 063B are required to meet the minimum requirements as mandated by the California State Fire Marshal. This course provides students with the skills and knowledge needed for the entry level professional fire fighter position to perform his/her duties safely, effectively, and competently. The curriculum is based on the 2019 edition of the National Fire Protection Association (NFPA 1001 Standard for Fire Fighter Professional Qualifications, the 2012 edition of NFPA 1051 Standard for Wildland Fire Fighter Professional Qualifications, and the 2008 edition of NFPA 72 Standard for Competence of Responders to Hazardous Materials/Weapons of Mass Destruction Incidents.) Completion of this course satisfies the requirements as established by the State Fire Marshal for the Fire Fighter 1 and 2 (2019) curriculum. Completion of this course requires students to complete all summative tests with a minimum of 80%, complete all activities and formative tests, and complete all mandatory skills testing as established by the State Fire Marshal Fire Fighter 1 and 2 (2019) course plans. Students will be issued CSFM certificates upon successful completion of the scheduled training modules during the Fire Academy. 1. Students will be required to rent or purchase NFPA compliant structural protective equipment to enroll in this class. 2. Students will be required to purchase black leather boots that include a vibrant rubber sole, steel shank and steel toe. 3. Students will be required to purchase two complete Fire Academy uniforms. Uniform specifications and vendors are identified in the Fire Academy Standard Operating Procedures. 4. Students will be required to pay for the California State Fire Marshal Fire Service Training & Education System (FSTEP) certificates at time of specific course completion for approximate total of \$600.00. 5. Students will be required to pay for the California State Fire Marshal Fire Fighter 1 and 2 IFSAC and Pro Board written examination fees for a total of approximately \$300.00. The BFFA 063B Firefighter 1 Academy has specific California State Fire Training courses built into the program. Upon completion of each specific California State Fire Training modules a fee of \$75.00 is required for the course to cover the California State Fire Training Diploma for each individual module course.

Lecture Hours: 85    Lab Hours: 234    Repeatable: No

Grading: Letter

**Prerequisite:** BFFA 063A with a minimum grade of "B" .

Advisory: None

Limitation on enrollment: Students must complete all activities and formative tests. Students must complete all summative tests with a minimum score of 80%. Students must complete all mandatory skills testing.

# Basic Peace Officer Training (BPOT)

**BPOT 001 Basic Peace Officer Training-Module III**

**Units: 7**

This course is referred to as the Module III Academy and is designed to meet the minimum requirements of a Level III Reserve Officer as established by the Commission on Peace Officer Standards and Training (POST). It is the first of three components of the Regular Basic Course-Modular Format Academy required to become a full time peace officer. The Module III Academy is a discipline/stress oriented program with an emphasis on Professionalism/Ethics & Leadership, Physical Fitness, Vehicle Operations, Arrest Methods/Defensive Tactics, Report Writing, First Aid/CPR, and Firearms training. In addition there are inspections, drill training (formation, facing movements, marching, etc.), and physical exercises (running, push-ups, sit-ups, jumping jacks, etc.). Recruits attend the Academy in full uniform. There are 2 knowledge based examinations administered during the course which require a recruit to receive a passing score in order to successfully complete the Module III Academy. Students must also successfully pass Arrest Methods/Defensive Tactics and Firearms testing. There are a total of 168 hours required in this course.

Lecture Hours: 99    Lab Hours: 81    Repeatable: No

**BPOT 002 Basic Peace Officer Training-Module II**

**Units: 12**

This course is referred to as the Module II Academy and is designed to meet the minimum requirements of a Level II Reserve Officer as established by the Commission on Peace Officer Standards and Training (POST). It is the second of three components of the Regular Basic Course-Modular Format Academy required to become a full time peace officer. The Module II Academy is a discipline/stress oriented program with an emphasis on Community Relations, Physical Fitness, Cultural Diversity, Arrest Methods/Defensive Tactics, Investigative Report Writing, Chemical Agents training and Firearms/Shotgun training. In addition there are inspections, drill training (formation, facing movements, marching, etc.), and physical exercises (running, push-ups, sit-ups, jumping jacks, etc.). Recruits attend the Academy in full uniform. There is 1 knowledge based examination administered during the course that require a recruit to receive a passing score in order to successfully complete the Module II Academy. Students must also successfully pass Arrest Methods/Defensive Tactics and Firearms testing. There are a total of 268 hours required in this course.

## Biology (BI)

**BI 004 Elements of Biology****Units: 4**

An introduction to biology for non-science majors including the study of plants, animals, ecology, and evolution. The foundations of biology, including biochemistry, cell biology, genetics, anatomy and physiology, and the impact of humans on the environment will be covered in this course.

Lecture Hours: 54    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 061.

Limitation on enrollment: None

Transfer Status: CSU/UC\*    Degree Applicable: AA/AS

COD GE: C1    CSU GE: B2, B3    IGETC: 5B, 5C

**BI 005 Molecular and Cell Biology****Units: 5**

This course presents a survey of basic biological principles with a strong emphasis on biochemistry, cell biology and genetics. Topics include: structure and function of prokaryotic and eukaryotic cells, origin and evolution of cellular life and molecular evolution, organelle structure and function, membrane structure and function, cellular transport, cellular chemistry and biomolecules, cellular metabolism (respiration and photosynthesis), cell reproduction and its controls, cell communication, classic and molecular genetics, DNA structure and function, gene structure, gene expression and control of gene expression, biotechnology, and scientific inquiry. This course is primarily designed for students pursuing careers in science, medicine, dentistry, veterinary medicine and other health fields requiring a strong foundation in biology. Together, BI 005 and BI 006, Biology of Organisms, provide students with the basic biology core curriculum for transfer. (C-ID BIOL 190; BIOL 135S)

Lecture Hours: 72    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** CH 001A; BI 004 or high school biology;.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C1    CSU GE: B2, B3    IGETC: 5B, 5C

**BI 006 Biology of Organisms****Units: 5**

This course covers classification, development, physiology and regulation at the organismal level. Additional topics include population dynamics, community ecology, evolution, and population genetics. This course is primarily designed for students pursuing careers in science, medicine, dentistry, veterinary medicine and other health fields requiring a strong foundation in biology. Together, BI-006 and BI-005, Molecular and Cell Biology, provide students with the basic biology core curriculum for transfer. (C-ID BIOL 140; BIOL 135S)

Lecture Hours: 72    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** BI 004 or high school biology;.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C1    CSU GE: B2, B3    IGETC: 5B, 5C

**BI 007 Biology of Mammals****Units: 3**

This course covers classification, development, physiology, and regulation of mammals. Additional topics covered include zoogeography, echolocation, domestication, conservation ethics, and diseases and zoonoses. This course is primarily designed for students pursuing careers in science, veterinary medicine, and other fields requiring a strong foundation in biology.

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: BI 004 &amp; ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C1    CSU GE: B2    IGETC: 5B

**BI 007L Biology of Mammals Lab**

**Units: 1**

This course covers classification, development, physiology, and regulation of mammals. Additional topics covered include: zoogeography, evolution, identification of mammals based on skulls and teeth, and anatomy. This course is designed for students obtaining a general elective in natural science, as well as students pursuing careers in science, veterinary medicine, and other fields requiring a strong foundation in biology.

Lecture Hours: None    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: BI 004 & ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C1    CSU GE: B3    IGETC: 5C

**BI 011 Biology of Viruses**

**Units: 3**

This course is designed for science and non-science major students. The course emphasizes molecular and cellular biology, epidemiology, and development of diseases caused by human viruses. This includes the study of viral structure, classification, natural viral habitats, viral replication methods, host immune responses to viral infections, human viral diseases, viral isolation techniques, immunization and treatments. The scientific method is introduced and specific examples of its application to the study of viruses are included.

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 061.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C1    CSU GE: B2    IGETC: 5B

**BI 013 Human Anatomy and Physiology I**

**Units: 4**

This course involves an integrated study of human body organization and function. Topics include anatomical terminology, cells and tissues, the integumentary system, the skeletal system, articulations, the muscular system, the nervous system, and special senses. This is the first part of a two-course sequence that studies the fundamental concepts of anatomy and physiology and provides a foundation for advanced study of the human body. Both BI 013 and BI 014 must be taken to study all of the major body systems. This two-course sequence is designed to meet the prerequisites for health professional programs, e.g. nursing, physical therapy. (C-ID BIOL 115BS)

Lecture Hours: 54    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: MATH 054.

Advisory: ENG 061.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C1    CSU GE: B2, B3    IGETC: 5B, 5C

**BI 014 Human Anatomy and Physiology II**

**Units: 5**

This course involves an integrated study of human body organization and function. Topics include the endocrine, immune, cardiovascular, respiratory, digestive, urinary and reproductive systems. This is the second part of a two-course sequence that studies the fundamental concepts of anatomy and physiology and provides a foundation for advanced study of the human body. Both BI 013 and BI 014 must be taken to study all of the major body systems. This two-course sequence is designed to meet the prerequisites for health professional programs; e.g. nursing, physical therapy. (C-ID BIOL 115BS)

Lecture Hours: 72    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: BI 013 & CH 005 OR BI 013 & CH 007 CH 004 has become CH 007. Students who have already taken CH 004 will be allowed to register for this class and do not need to take CH 007. CH-004 CH-005 or CH-007;.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C1    CSU GE: B2, B3    IGETC: 5B, 5C

**BI 015 General Microbiology**

**Units: 5**

This course is a comprehensive study of the microbial world. It is designed to develop an appreciation and understanding of microorganisms and their relationship to humans and their environment. A knowledge of the principles of microbiology and their practical applications is stressed. Subject matter includes medical microbiology, microbial physiology, microbial genetics, and industrial microbiology. The laboratory experience explores the development of current methods, techniques, and skills necessary to culture, propagate and identify microorganisms.

Lecture Hours: 72    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** BI 013 & CH 007 OR BI 013 & CH 005.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C1    CSU GE: B2, B3    IGETC: 5B, 5C

**BI 031 Undergraduate Research Experience**

**Units: 2**

Under the supervision of STEM faculty, students will select a project to be completed during the semester. Topics will include information retrieval, computer skills applied to laboratory research, time management and organizational skills, application of modern research methods, experimental design, data collection and analysis, presentation skills (written and oral), and investigating summer internship opportunities. This course is intended for students pursuing a STEM degree and who have completed a minimum of 35 college level units.

Lecture Hours: 18    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: BI 005 or BI 006.

Advisory: LIS 001.

Limitation on enrollment: None

Transfer Status: CSU    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**BI 095A Biology Work Experience****Units: 1-5**

This work experience course of supervised employment provides students the opportunity to connect academics to applied experiential learning in the workplace. It assists students in developing transferable employability skills, career awareness, learning industry culture, competencies and norms, and developing professional networks that support career mobility. To enroll, students must have a job or internship placement in a part-time or full-time capacity. Credit may be accrued at the rate of one to five (1-5) units per semester based on the student's ability to meet the hours required per unit enrolled. Students must work 54 hours per unit earned. This Work Experience course is available to students whose job or internship placement is directly related to Biology. Lecture Hours: None Lab Hours: 270 Repeatable: Yes

## Business/Accounting (BUAC)

### BUAC 003 Accounting for Government & Non-Profit Units: 3

This course focuses on the study of accounting for governmental and not-for-profit agencies. Topics include financial reporting; federal, state and local government accounting; budgetary accounting; general and special revenue funds; proprietary funds; trust and agency funds; fixed assets and long term debt; and nonprofit accounting for entities such as public colleges, universities and health care providers.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No  
Grading: Letter

**Prerequisite:** BUAC 020A.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU            Degree Applicable: AA/AS  
COD GE: None            CSU GE: None            IGETC: None

### BUAC 004 Income Tax - Individuals Units: 3

This course is designed to provide students with tax information for both personal and career interests. Students learn tax information with the current laws and regulations available for preparation of personal tax returns and tax returns of others. Tax planning issues for the current and later years are considered.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No  
Grading: Letter

**Prerequisite:** None

Advisory: MATH 065.

Limitation on enrollment: None

Transfer Status: CSU            Degree Applicable: AA/AS  
COD GE: None            CSU GE: None            IGETC: None

### BUAC 004A Income Tax - Individuals / CTEC Units: 4

This course covers federal and California individual income tax planning and preparation. Topics include filing status, exemptions, income and exclusions, business expenses, itemized deductions, credits, capital gains, depreciation, tax payments, California tax, IRS and FTB, and audits. This Course fulfills the 60-hour "qualifying education" requirement by the California Tax Education Council (CTEC) for California tax preparers and prepares students to meet the federal guidelines for paid tax preparers.

Lecture Hours: 54    Lab Hours: 54    Repeatable: No  
Grading: Letter

**Prerequisite:** None

Advisory: BUMA 031 or MATH 065 and BUAC 066.

Limitation on enrollment: None

Transfer Status: CSU            Degree Applicable: AA/AS  
COD GE: None            CSU GE: None            IGETC: None

### BUAC 005 Income Tax - Corporations / Partnerships, / Estates / Trusts Units: 3

This course provides students with tax information for both corporations and partnerships. Students learn tax information with the current laws and regulation available for preparation of personal tax returns and tax returns of others. Tax planning issues for the current and later years are considered.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No  
Grading: Letter

**Prerequisite:** Prerequisite: BUAC-020A.

Advisory: MATH-065.

Limitation on enrollment: None

Transfer Status: CSU            Degree Applicable: AA/AS  
COD GE: None            CSU GE: None            IGETC: None

### BUAC 010 Accounting with QuickBooks Units: 3

Introduction to the use of QuickBooks Accounting Software to process accounting transactions related to both a service and merchandising company. Students learn to record and process transactions in the following major accounting activities: journalizing, preparation of financial statements, budgeting, adjusting entries, receipts and payments, cash flow, and payroll. Course work prepares students for actual situations using up-to-date equipment and software. Additional topics include a review of basic accounting concepts and the creation of a company using QuickBooks.

Lecture Hours: 18    Lab Hours: 108    Repeatable: No  
Grading: Letter

**Prerequisite:** None

Advisory: CIS 010 and BUAC 020A or BUAC 051 or BUAC 066.

Limitation on enrollment: None

Transfer Status: CSU            Degree Applicable: AA/AS  
COD GE: None            CSU GE: None            IGETC: None

### BUAC 013 Payroll Accounting Units: 3

This course provides a comprehensive overview of all phases of payroll accounting including a working background in federal and state payroll laws and their effect on payroll records and required government reporting. Worker's compensation and state disability benefits will be studied, as well as current accounting practices in regards to pension plans, health plans, vacation and sick leave, and other employee benefits.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No  
Grading: Letter

**Prerequisite:** BUAC 020A or BUAC 066.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU            Degree Applicable: AA/AS  
COD GE: None            CSU GE: None            IGETC: None

### BUAC 019 Excel Spreadsheets for Accounting Units: 2

This course covers the fundamentals of electronic spreadsheets using Microsoft Excel software. Students will concentrate on solving accounting problems and completing accounting projects with Excel.

Lecture Hours: 18    Lab Hours: 54    Repeatable: No  
Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None            Degree Applicable: AA/AS  
COD GE: None            CSU GE: None            IGETC: None

### BUAC 020A Financial Accounting Units: 4

This course covers the accounting information system and the recording and reporting of business transactions with a focus on the accounting cycle, the application of generally accepted accounting principles, and financial statements. It also includes issues relating to asset, liability, and equity valuation, revenue and expense recognition, cash flow, internal controls and ethics. (C-ID ACCT 110)

Lecture Hours: 72    Lab Hours: None    Repeatable: No  
Grading: Letter

**Prerequisite:** None

Advisory: MATH 065.

Limitation on enrollment: None

Transfer Status: CSU/UC            Degree Applicable: AA/AS  
COD GE: None            CSU GE: None            IGETC: None

**BUAC 020B Managerial Accounting**

This course covers the study of how managers use accounting information in decision-making, planning, directing operations and controlling. Focuses on cost terms and concepts, cost behavior, cost structure and cost-volume-profit analysis. Includes issues relating to cost systems, cost control, profit planning, and performance analysis in manufacturing and service environments. (C-ID ACCT 120)

Lecture Hours: 72 Lab Hours: None Repeatable: No  
Grading: Letter

**Prerequisite:** BUAC 020A.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**BUAC 050 Accounting in the Business Environment****Units: 3**

This course is a comprehensive study of the accountant's role in providing management with information to assist in the decision making process. Approximately one half of the course emphasizes how the accountant organizes, analyzes, and presents financial information, but excludes actual preparation of financial statements. The course incorporates the use of spread sheets in meeting those objectives. The balance of the course introduces students to the integrative nature of business and the cross-functional relationships within the professional environment. Included are the accountants' role in Human Resources, Entrepreneurship, and small business management.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: MATH 060.

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**BUAC 051 Accounting for Entrepreneurs & Business Managers****Units: 3**

This course is designed for students who need to develop an understanding of fundamental accounting principles and their application in the business environment. This course covers the basic principles of both financial and managerial accounting with an emphasis placed on how accounting information is used by owners, managers, and other stakeholders.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: MATH 060 & RDG 061.

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**BUAC 066 Fundamentals of Bookkeeping****Units: 3**

This course covers the essential elements of bookkeeping practice upon which advanced work in other accounting courses is based. Topics include the basic accounting equation, uses of journals and ledgers, preparation of financial statements, adjusting and closing entries, bank account reconciliation, and payroll.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: MATH 065.

Limitation on enrollment: None

This course provides information on general administrative functions, the implementation of department policies and procedures, and addresses conveying the fire department's role, image, and mission to the public. Upon successful completion of the course, a CSFM diploma fee of \$140 is required for this course to cover the California State Fire Training Certificate of Completion. (C-ID FIRE 210 X)

Lecture Hours: 20    Lab Hours: None    Repeatable: No

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: Must meet the educational requirements for Fire, Fighter II as stated in the California State Fire, Training certification process.

Transfer Status: None    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**CSFM 083C Company Officer 2C: Fire Inspections and Investigations** **Units: 2**

This course provides information on conducting inspections, identifying hazards and addressing violations, performing a fire investigation to determine preliminary cause and securing the incident scene and preserving evidence. Upon successful completion of the course, a CSFM diploma fee of \$140 is required for this course to cover the California State Fire Training Certificate of Completion. (C-ID FIRE 220 X)  
Lecture Hours: 40 Lab Hours: None Repeatable: No  
Grading: Pass/No Pass

**Prerequisite:** None

**Advisory:** None

**Limitation on enrollment:** Must meet the educational requirements for Fire, Fighter II as stated in the California State Fire, Training certification process.

Transfer Status: None Degree Applicable: AA/AS  
COD GE: None CSU GE: None IGETC: None

**CSFM 083D Company Officer 2D: All Risk Command, Operations** **Units: 2**

This course provides information on conducting incident size-up, developing and implementing an initial plan of action involving single and multi-unit operations for various types of emergency incidents to mitigate the situation following agency safety procedures, conducting preincident planning, and develop a post-incident analysis. Upon successful completion of the course, a CSFM diploma fee of \$140 is required for this course to cover the California State Fire Training Certificate of Completion. (C-ID FIRE 230 X)

Lecture Hours: 40 Lab Hours: None Repeatable: No  
Grading: Pass/No Pass

**Prerequisite:** None

**Advisory:** None

**Limitation on enrollment:** Must meet the educational requirements for Fire, Fighter II as stated in the California State Fire, Training certification process., ICS-200.B: ICS for single resources and initial, action incidents., Hazardous Material Incident Commander (as offered, by the California Specialized Training Institute)

Transfer Status: None Degree Applicable: AA/AS  
COD GE: None CSU GE: None IGETC: None

**CSFM 083E Company Officer 2E: Wildland Incident, Operations** **Units: 2**

This course provides information on evaluating and reporting incident conditions, analyzing incident needs, developing and implementing a plan of action to deploy incident resources, completing all operations to suppress a wildland fire, establishing an incident command post, creating an incident action plan, and completing incident records and reports. Upon successful completion of the course, a CSFM diploma fee of \$140 is required for this course to cover the California State Fire Training Certificate of Completion. (C-ID FIRE 240 X)

Lecture Hours: 40 Lab Hours: None Repeatable: No  
Grading: Pass/No Pass

**Prerequisite:** CSFM 083D.

**Advisory:** None

**Limitation on enrollment:** Completion of S-290 Intermediate Fire Behavior, (classroom delivery only), Must meet the educational requirements for Fire, Fighter II as stated in the California State Fire, Training certification process.

Transfer Status: None Degree Applicable: AA/AS  
COD GE: None CSU GE: None IGETC: None

**CSFM 084A Instructor 1: Instructor Methodology** **Units: 2**

This course provides the skills and knowledge needed for the entry level professional instructor to perform his or her duties safely, effectively, and competently. The curriculum is based on the 2012 edition of NFPA 1041 (Standard for Fire Service Instructor Professional Qualifications). At the end of this course, candidates for Instructor I certification will be able to teach and deliver instruction from a prepared lesson plan utilizing instructional aids and evaluation instruments. The Instructor I will also be able to adapt a lesson plan and complete the reporting requirements to the local jurisdiction. Upon successful completion of the course, a CSFM diploma fee of \$140 is required for this course to cover the California State Fire Training Certificate of Completion. (C-ID FIRE 250 X)

Lecture Hours: 40 Lab Hours: None Repeatable: No  
Grading: Pass/No Pass

**Prerequisite:** None

**Advisory:** None

**Limitation on enrollment:** None

Transfer Status: None Degree Applicable: AA/AS  
COD GE: None CSU GE: None IGETC: None

**CSFM 085A Fire Inspector 1A: Duties and Administration** **Units: 1**

This course provides students with a basic knowledge of the roles and responsibilities of a Fire Inspector I including legal responsibilities and authority, codes and standards, the inspection process, confidentiality and privacy requirements, and ethical conduct, and administrative tasks including preparing inspection reports, recognizing the need for a permit or plan review, investigating common complaints, and participating in legal proceedings. Upon successful completion of the course, a CSFM diploma fee of \$140 is required for this course to cover the California State Fire Training Certificate of Completion.

Lecture Hours: 24 Lab Hours: None Repeatable: No  
Grading: Pass/No Pass

**Prerequisite:** None

**Advisory:** None

**Limitation on enrollment:** None

Transfer Status: None Degree Applicable: AA/AS  
COD GE: None CSU GE: None IGETC: None

**CSFM 085B Fire Inspector 1B: Fire and Life Safety** **Units: 1**

This course provides students with a basic knowledge of fire and life safety aspects related to the roles and responsibilities of a Fire Inspector I including building construction, occupancy classifications, occupancy load, means of egress, hazardous conditions, fire growth potential, fire flow, and emergency planning and preparedness measures. Upon successful completion of the course, a CSFM diploma fee of \$140 is required to cover the California State Fire Training Certificate of Completion.

Lecture Hours: 24 Lab Hours: None Repeatable: No  
Grading: Pass/No Pass

**Prerequisite:** CSFM 085A.

**Advisory:** None

**Limitation on enrollment:** None

Transfer Status: None Degree Applicable: AA/AS  
COD GE: None CSU GE: None IGETC: None

**CSFM 085C Fire Inspector 1C: Field Inspection****Units: 1**

This course provides students with a basic knowledge of field inspection roles and responsibilities of a Fire Inspector I. This includes basic plan review, emergency access for an existing system, hazardous materials, and the operational readiness of fixed fire suppression systems, existing fire detection and alarm systems, and portable fire extinguishers. Upon successful completion of the course, a CSFM diploma fee of \$140 is required to cover the California State Fire Training Certificate of Completion.

Lecture Hours: 24    Lab Hours: None    Repeatable: No

Grading: Pass/No Pass

**Prerequisite:** CSFM 085B.

Advisory: None

Limitation on enrollment: None

Transfer Status: None    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**CSFM 085D Fire Inspector 1D: Field Inspection-,California Specific****Units: 1**

This course provides students with a basic knowledge of a Fire Fighter I's field inspection roles and responsibilities specific to California including tents, canopies, and temporary membrane structures; fireworks and explosives; and wildland urban interface environments. Upon successful completion of the course, a CSFM diploma fee of \$140 is required to cover the California State Fire Training Certificate of Completion.

Lecture Hours: 18    Lab Hours: None    Repeatable: No

Grading: Pass/No Pass

**Prerequisite:** CSFM 085C.

Advisory: None

Limitation on enrollment: None

Transfer Status: None    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

## Chemistry (CH)

**CH 001A General Chemistry I****Units: 5**

This is the first course of a two-semester sequence covering the basic principles and concepts of chemistry with emphasis on chemical calculations. Inorganic chemistry is stressed, and the material includes a discussion of atomic structure, chemical bonding, molecules, reaction types, states of matter, and the properties of solutions. The laboratory part of the course complements the lectures and includes qualitative analysis. (C-ID CHEM 110; CHEM 120S)

Lecture Hours: 72    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** CH 003 or one year high school chemistry MATH 012.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C1    CSU GE: B1, B3    IGETC: 5A, 5C

**CH 001B General Chemistry II****Units: 5**

This is the second course of a two-semester sequence covering the basic principles and concepts of chemistry with emphasis on chemical calculations. Inorganic chemistry is stressed, and the material includes a discussion of thermodynamics, reaction kinetics, chemical equilibrium, acid-base equilibria in aqueous solutions, electrochemistry. There is a brief introduction to organic, biological and nuclear chemistry. The laboratory part of the course complements the lectures and also includes one experiment on qualitative analysis of cations and anions. (C-ID CHEM 120S)

Lecture Hours: 72    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** CH 001A.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C1    CSU GE: B1, B3    IGETC: 5A, 5C

**CH 002 Chemistry and Society****Units: 3**

This course explores chemical concepts and their applications to everyday life. Topics cover the fundamental concepts by analyzing environmental, health, social, historical, economic, cultural, and current scientific issues in chemical contexts. The course also reviews properties of elements and compounds, energy and matter, chemical bonding, and major scientific discoveries.

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** MATH 054

Advisory: ENG 061.

Limitation on enrollment: None

Transfer Status: CSU    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**CH 003 Introductory General Chemistry****Units: 4**

This course is the study of the principles of inorganic chemistry. Instruction is given in calculations, atomic theory, periodic law, compounds, bonding, nomenclature, states of matter, reaction types, composition, stoichiometry, acids, bases, pH, gas laws, and solutions. Laboratory is a hands-on experience stressing manipulation, procedure, data, and outcome calculations. Note: This course should be taken by Liberal Studies majors on the Education track to satisfy the chemistry requirement. It should also be taken as a prerequisite for CH 001A for students who have not had high school chemistry within the past 5 years. (C-ID CHEM 101)

Lecture Hours: 54    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: MATH 054.

Advisory: ENG 061.

Limitation on enrollment: None

Transfer Status: CSU/UC\*    Degree Applicable: AA/AS

COD GE: C1    CSU GE: B1, B3    IGETC: 5A, 5C

**CH 005 Bio-organic Chemistry****Units: 4**

This course is a survey of organic chemistry and biochemistry with an emphasis on the health sciences. It covers the major functional groups of organic compounds. The biologically active macromolecules and their components are discussed. Bioenergetics and metabolism are a substantial part of this course. The course is intended for health sciences students in dental hygiene, physician assistant, and related programs.

Note: This course, in conjunction with CH 003 or CH 007, satisfies the requirements for those Health Sciences programs that require one year of chemistry other than general chemistry. C-ID: CHEM 102

Lecture Hours: 54    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: CH 003 or CH 007 Students who have already taken CH 004 will be allowed to register for this class and do not need to take CH 007..

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C1    CSU GE: B1, B3    IGETC: 5A, 5C

**CH 007 Fundamentals of Chemistry****Units: 5**

This course is a survey of basic principles of inorganic, organic and bio-organic chemistry presented on a level for the general student. Note:

This course, in conjunction with CH 005, meets the requirements for Bachelor's degrees in nursing, dental hygiene, and allied health programs. Beginning Fall 2023 CH 004 is becoming CH 007. CH 004 will be offered one last time during Summer 2023 before the course transitions to CH 007.

Lecture Hours: 72    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: MATH 054.

Advisory: ENG 061.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C1    CSU GE: B1, B3    IGETC: None

**CH 008 Environmental Chemistry****Units: 3**

This course presents the fundamentals of chemistry as applied to contemporary environmental topics concerning the atmosphere, water, solids, energy, and green chemistry. This is an introduction to environmental chemistry without assuming any prior knowledge of chemistry. The essential foundational science needed to understand these topics will also be covered.

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** MATH 054 Corequisite: CH 008L

Advisory: ENG 061.

Limitation on enrollment: None

Transfer Status: CSU    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**CH 010A Organic Chemistry I****Units: 5**

This course is the first of a two-semester sequence covering the basic principles and concepts of organic chemistry. An in-depth study is made of the bonding of carbon, stereochemistry, and the reactivity of alkanes, alkyl halides, alkenes, alkynes and alcohols. Addition, elimination, substitution and free radical reactions are discussed. Infrared Spectroscopy, Mass Spectrometry and Nuclear Magnetic Resonance Spectroscopy are being covered in detail. The course is designed for chemistry, biology and pre-professional majors. (C-ID CHEM 160S)

Lecture Hours: 72    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** CH 001B.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C1    CSU GE: B1, B3    IGETC: 5A, 5C

**CH 010B Organic Chemistry II****Units: 5**

This course is the second of a two-semester sequence covering the basic principles and concepts of organic chemistry. Ethers, epoxides, sulfides, conjugated systems, UV spectroscopy, aromatic compounds, ketones and aldehydes, amines, carboxylic acids and carboxylic acid derivatives, and synthetic polymers are covered. An introduction is made to biochemical compounds: carbohydrates, nucleic acids, amino acids, peptides, proteins, and lipids. Condensation and Alpha substitution reactions are introduced. Review from the first semester of Organic Chemistry includes IR, Mass Spectroscopy, NMR Spectroscopy, kinetics, thermodynamics, and molecular orbital theory. The course is designed for chemistry, biology and pre-professional majors. (C-ID CHEM 160S)

Lecture Hours: 72    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** CH 010A.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C1    CSU GE: B1, B3    IGETC: 5A, 5C

**CH 031 Undergraduate Research Experience****Units: 2**

Under the supervision of STEM faculty, students will select a project to be completed during the semester. Topics will include information retrieval, computer skills applied to laboratory research, time management and organizational skills, application of modern research methods, experimental design, data collection and analysis, presentation skills (written and oral), and applying for summer internship opportunities. This course is intended for students pursuing a STEM degree and who have completed a minimum of 35 college level units.

Lecture Hours: 18    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: CH 001B.

Advisory: LIS 001.

Limitation on enrollment: None

Transfer Status: CSU    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

## Child Development & Education (CDE)

### CDE 095A Child Development & Education Work Experience **Units: 1-5**

This work experience course of supervised employment provides students the opportunity to connect academics to applied experiential learning in the workplace. It assists students in developing transferable employability skills, career awareness, learning industry culture, competencies and norms, and developing professional networks that support career mobility. To enroll, students must have a job or internship placement in a part-time or full-time capacity. Credit may be accrued at the rate of one to five (1-5) units per semester based on the student's ability to meet the hours required per unit enrolled. Students must work 54 hours per unit earned. This Work Experience course is available to students whose job or internship placement is directly related to Child Development & Education.

Lecture Hours: None    Lab Hours: 270    Repeatable: Yes

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

### CDE 101 Child Growth & Development **Units: 3**

This course examines the major physical, psychosocial, and cognitive/language developmental milestones for children, both typical and atypical, from conception through adolescence. There will be an emphasis on interactions between maturation processes and environmental factors. While studying developmental theory and investigative research methodologies, students will observe children, evaluate individual differences, and analyze characteristics of development at various stages. (C-ID CDEV 100)

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C5    CSU GE: D7, E    IGETC: None

### CDE 102 Child, Family, & Community **Units: 3**

The process of socialization focusing on the interrelationship of family, school, and community. Examines the influence of multiple societal contexts. Explores the role of collaboration between family, community and schools in supporting children's development. (C-ID CDEV 110)

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: CDE 101.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C5    CSU GE: D7, E    IGETC: None

### CDE 103 Principles & Practices of Teaching **Units: 3**

This course presents an examination of the underlying theoretical principles of developmentally appropriate practice in early care and education. Emphasis on the role of the early childhood educator, the importance of teacher-child relationships, and effective teaching strategies and environmental design for supporting development in young children. This course includes a review of the historical roots of early childhood programs and the evolution of the professional practices promoting advocacy, ethics, and professional identity. C-ID: ECE 120

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

### CDE 104 Introduction to Curriculum **Units: 3**

This course presents an overview of knowledge and skills related to providing appropriate curriculum and environments for young children. Students examine teacher's role in supporting development and fostering the joy of learning for all young children using observation and assessment strategies emphasizing the essential role of play. An overview of content areas will include, but not be limited to: Language and literacy, social and emotional learning, sensory learning, art and creativity, math and science. (C-ID ECE 130)

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** CDE-101 or ECE-010 CDE-102 or ECE-012

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

### CDE 201 Health, Safety, & Nutrition **Units: 3**

Introduction to the laws, regulations, standards, policies, procedures, best practices and early childhood curriculum related to child health, safety, and nutrition. Includes prevention strategies, nutrition, and meal planning for various ages and planning education experiences integrated into daily routines designed to teach children positive health, safety, and nutrition habits. The key components that ensure physical health, mental health and safety for both children and staff will be identified along with the importance of collaboration with families and health professionals. (C-ID ECE 220)

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: CDE 104.

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**CDE 202 Teaching in a Diverse Society**

**Units: 3**

Examination of the development of social identities in diverse societies including theoretical and practical implications of oppression and privilege as they apply to young children, families, programs, classrooms and teaching. Various classroom strategies are explored emphasizing culturally and linguistically appropriate anti-bias approaches supporting all children in becoming competent members of a diverse society. Course includes self-examination and reflection on issues related to social identity, stereotypes and bias, social and educational access, media and schooling. (C-ID ECE 230)

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**CDE 203 Observation and Assessment**

**Units: 3**

This course focuses on the appropriate use of assessment and observation strategies to document development, growth, play and learning in order to join with families and professionals in promoting children's success and maintaining quality programs. Recording strategies, rating systems, portfolios, and multiple assessment methods are explored. (C-ID ECE 200)

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**CDE 204 Practicum in Early Childhood Education**

**Units: 4**

A demonstration of developmentally appropriate early childhood teaching competencies under guided supervision. Students will utilize practical classroom experiences to make connections between theory and practice, develop professional behaviors, and build a comprehensive understanding of children and families. Child centered, play-oriented approaches to teaching, learning, and assessment; and knowledge of curriculum content areas will be emphasized as student teachers design, implement and evaluate experiences that promote positive development and learning for all young children. (C-ID ECE 210)

Lecture Hours: 36 Lab Hours: 108 Repeatable: No

Grading: Letter

**Prerequisite:** ECE 101 or CD 101 ECE 001 or CDE 103 ECE 046B or CDE 203 ECE 012 or CDE 102 ECE 040 or CDE 104.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**CDE 220 Infant/Toddler Growth & Development**

**Units: 3**

This course studies the process of human development from conception through age three as determined by heredity, society, and human interaction with implications for child guidance. Prenatal development and the birth process are emphasized. Theoretical frameworks are applied to interpret behavior and interactions between heredity and environment. Multiple influences on development are analyzed including cultural, linguistic, and ability differences are emphasized. The role of family and relationships in development are emphasized.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** CDE 101.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**CDE 221 Infant/Toddler Curriculum**

**Units: 3**

This course prepares students to apply current theory and research to the care and education of children from birth to 36 months including design of a developmentally appropriate learning environment. Licensing requirements and teacher competency necessary for working with children from birth to 36 months are explored. Essential policies and practices that contribute to high quality care for children from birth to 36 months are examined.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** CDE 101 & CDE 220.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**CDE 223 The Mentor Teacher/Adult Supervision**

**Units: 2**

Methods and principles of supervising student teachers, volunteers, staff, and other adults in early care and education settings. Emphasis is on the role and development of early childhood education professionals as mentors and leaders.

Lecture Hours: 36 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** CDE 203.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**CDE 224 Administration of Programs for Young Children**

**Units: 3**

Introduction to the administration of early childhood programs. Covers program types, budget, management, regulations, laws, development and implementation of policies and procedures. Examines administrative tools, philosophies, and techniques needed to organize, open, and operate an early care and education program. It is required by the State Department of Social Services for directors of private preschools and child care programs.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: CDE 101 & completion of 9 additional units of CDE course work.

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**CDE 225 Advanced Administration of Programs for Young Children** **Units: 3**

Effective strategies for personnel management and leadership in early care and education settings. Includes legal and ethical responsibilities, supervision techniques, professional development, and reflective practices for a diverse and inclusive early care and education program.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** CDE 224.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**CDE 226A Parenting Infants & Toddlers** **Units: 1**

This course explores parent-child interaction patterns for parents of infants and toddlers. Students examine age-appropriate behaviors, problem behaviors, observation and communication strategies. Special attention is given to family structures, cultural backgrounds, and parenting children with disabilities.

Lecture Hours: 18 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**CDE 226B Parenting the Preschool Child** **Units: 1**

This course explores parent-child interaction patterns for parents of preschool aged children. Students examine age-appropriate behaviors, problem behaviors, observation and communication strategies. Special attention is given to family structures, cultural backgrounds, and parenting children with disabilities.

Lecture Hours: 18 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**CDE 226C Parenting the Young Child** **Units: 1**

This course explores parent-child interaction patterns for those parenting children ages 5-8. Students examine age-appropriate behaviors, problem behaviors, observation and communication strategies. Special attention is given to family structures, cultural backgrounds, and parenting children with disabilities.

Lecture Hours: 18 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**CDE 227 Child Guidance** **Units: 3**

This course presents a developmentally appropriate approach to the guidance of children, including children with special needs. Effective guidance techniques, effective communication and working with children in groups will be covered. The role of and collaboration with family as a means to effective guidance will be covered. This course is intended for teachers and professionals who work with children in a variety of settings.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: CDE 101 & ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C2, C5 CSU GE: None IGETC: None

**CDE 228 Child Maltreatment, Intervention, & Prevention** **Units: 3**

This course examines physical, emotional and sexual abuse, neglect, and exploitation of minors (children and youth), as well as issues which contribute to child maltreatment. The developmental consequences of stress and trauma on children are explored. Emphasis is placed on appropriate ways to support family strengths, foster positive mental health and prevent, detect and intervene in cases of suspected child maltreatment. California Mandated Reporter Training will be completed as a part of this course.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**CDE 229 Children's Literature** **Units: 3**

This course introduces students to a formal study of literature for children from preschool through middle school, including critical examination of genres, themes, and cultures depicted in these texts; in addition, students study the professional literary criticism of this literature. (Equivalent to ENG 036.)(C-ID ENGL 180)

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** ENG 001A.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C3 CSU GE: C2 IGETC: 3B

**CDE 230 English Language Learners in ECE** **Units: 3**

This course focuses on principles for promoting language, literacy, and learning for preschool English language learners. Upon successful completion of this course, students will demonstrate the ability to foster an environment that respects and values linguistic and cultural diversity while assisting children toward the eventual mastery of English as a second language.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** CDE 101.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**CDE 231 Creativity in Young Children**

**Units: 3**

This course examines materials and techniques for teaching creative activities to young children. Developing creativity and cognitive flexibility are emphasized. Various sensory modalities are explored. Alignment of curriculum with California State Standards while providing a play-based creative environment is highlighted.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** CDE 101.

**CDE 233 Introduction to Young Children with Special Needs**

**Units: 3**

This course provides an introduction to special education in early childhood settings. Introduces the variations in development of children with special needs ages birth through eight and the resulting impact on families. Includes an overview of historical and societal influences, laws relating to children with special needs, and the identification and referral process. The role of child development professionals and paraprofessionals in serving children with disabilities is emphasized. Strategies to include children with special needs in full inclusion settings are emphasized.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**CDE 234 Inclusion Strategies for Children with Special Needs**

**Units: 3**

This course prepares students to become professionals in programs serving children with special needs and their families. Covers curriculum and intervention strategies for working with children with special needs in partnership with their families and communities. Focuses on the use of observation and assessment in meeting the individualized needs of children in inclusive and natural environments. Including the role of the teacher and other professionals working with families, collaboration with interdisciplinary teams and cultural competence. Strategies to support children with challenging behaviors are emphasized.

Lecture Hours: 54 Lab Hours: None Repeatable: No

**CDE 236 Music and Movement for Young Children**

**Units: 3**

This course emphasizes the creation of developmentally appropriate curriculum ideas for using music and movement to develop listening skills, basic music concepts, and identification of instruments in a whole child approach. Emphasis is placed on using music and movement to enhance curriculum in all domains of development. The use of music and movement concepts to explore child guidance and emergent curriculum will be covered.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** CDE 101.

Advisory: None

**CDE 237 Inclusion Practicum**

**Units: 3**

Designed to develop both planning and intervention skills for working with children with special needs and their families. Students will plan educational programs which include use of specific intervention techniques and practices from recognized early intervention programs for children showing atypical development. Attention will be given to adopting strategies to include exceptional children in programs for typically developing young children. Students will be required to complete 54 hours of supervised field experience in an approved inclusion classroom.

## Communication Studies (COMM)

**COMM 001 Introduction to Public Speaking****Units: 3**

This course emphasizes theory and the practice of basic techniques for successful public communication. Students learn to develop an effective interpersonal style of public communication. Informative, expository, persuasive, extemporaneous, and impromptu forms of speaking are covered. (C-ID COMM 110)

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C4b CSU GE: A1 IGETC: 1C

**COMM 005 Survey of Human Communication**

**Units: 3**

This introductory communication course focuses on the basic foundations of public speaking, interpersonal communication, and small group communication. Students will be introduced to the breadth of the communication discipline. Additionally, students will examine and practice human communication principles and theories to develop critical thinking and communication competencies in a variety of contexts. (C-ID COMM 115)

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A.

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C4b    CSU GE: A1    IGETC: 1C

**COMM 009 Intro to Interpersonal Communication**

**Units: 3**

The course enables students to understand and demonstrate interpersonal communication skills. Students focus on knowledge of communication theories, self-concept, methods of resolving conflict, issues of human perception, nonverbal communication, rhetorical principles, and improvement of listening skills. Significant speaking assignments are an integral part of the course. (C-ID COMM 130)

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C4b    CSU GE: A1    IGETC: 1C

**COMM 013 Small Group Communication**

**Units: 3**

This course covers principles of communication in a variety of group contexts. Topics include theory, application, and evaluation of group processes, including problem solving, conflict management, and leadership. Significant speaking assignments are an integral part of the course. (C-ID COMM 140)

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C4b    CSU GE: A1    IGETC: 1C

**COMM 017 Intercultural Communication**

**Units: 3**

This course focuses on the communication behaviors and values common to all cultures and on the differences that insulate and divide people of one culture from others. The study leads to a better understanding of domestic traditions, an increased appreciation of the behaviors of others, and an awareness of more effective methods of communication. Significant writing, research, and speaking assignments are an integral part of the course. (C-ID COMM 150)

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C4b    CSU GE: A1, D7    IGETC: 1C

**COMM 021 Introduction to Persuasion**

**Units: 3**

This course examines historical and contemporary approaches to persuasive messages throughout time. The primary goal of this course is to provide students with a solid grounding in theories, principles, and strategies of social influence as they relate to everyday life. It will also focus on the oral presentation of persuasive appeals, and learning to construct, deliver, and critique persuasive messages. Significant speaking assignments are an integral part of the course. (C-ID COMM 190)

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C4b    CSU GE: A1    IGETC: 1C

**COMM 025 Argumentation and Debate**

**Units: 3**

This course focuses on methods of critical inquiry and advocacy. It covers identifying fallacies in reasoning and language, testing evidence and evidence sources, advancing a reasoned position, and defending and refuting arguments. Analysis, presentation, and evaluation of oral and written arguments required. (C-ID COMM 120)

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C4b    CSU GE: A3    IGETC: None

**COMM 030 Forensics**

**Units: 2**

This course prepares students for intercollegiate speech and debate tournaments. Studies include argumentation, public address, and oral interpretation of literature. Involves research, writing, and one-on-one direction. Requires participation at interscholastic competitions. (C-ID COMM 160B)

Lecture Hours: 18    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A & COMM 001.

## Computer Information Systems (CIS)

**CIS 009 Mathematical Modeling for Business**

**Units: 3**

The study of functions including polynomial, rational, radical, exponential, absolute value, logarithmic, and power equations and functions. Applications to business, technology, government, science, and other fields. Use of spreadsheets and other technologies for visualization, experimentation, and problem solving. This college level course is designed for students majoring in Business Administration or Computer Information Systems (CIS) for transfer to California State University system.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** MATH 040 or MATH 049 .

Limitation on enrollment: None

Transfer Status: CSU/UC            Degree Applicable: AA/AS

COD GE: None            CSU GE: None            IGETC: None

**CIS 040 Information & Communication Technology,Essentials** **Units: 4**

CompTIA certifications help students build a solid foundation of essential knowledge and skills that will help them earn employment in technology-related careers. The CompTIA A+ certification assures employers that their applicant is prepared to enter the workforce as an entry-level computer support technician. Computer support technicians provide technical assistance to computer users. They may answer questions or resolve computer problems for clients in person, or via telephone or electronically. They may provide assistance concerning the use of computer hardware and software, including printing, installation, word processing, electronic mail, and operating systems. Completion of this course prepares students for the CompTIA A+ Core 1 (220-1001) and Core 2 (220-1002) industry certification exams. (C-ID ITIS 110)

COD GE: None            CSU GE: None            IGETC: None

**CIS 054 Routing and Switching Essentials****Units: 3**

This course describes the architecture, components, and operations of routers and switches in a small network. Students learn how to configure a router and a switch for basic functionality. By the end of this course students will be able to configure and troubleshoot routers and switches and resolve common issues with RIPv1, RIPv2, single-area and multi-area OSPF, virtual LANs, and inter-VLAN routing in both IPv4 and IPv6 networks. This course, along with CIS 053 - Computer Network Fundamentals, should prepare students for the current version of the Cisco Certified Entry-level Network Technician (CCENT) certification exam. C-ID: ITIS 151

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** CIS 053 or equivalent.

Transfer Status: CSU            Degree Applicable: AA/AS

COD GE: None            CSU GE: None            IGETC: None

**CIS 055 Systems and Network Administration****Units: 3**

This course will provide a student with the knowledge and skills at the administrator level to be able to do the job in any environment. The course covers essential hardware and software technologies of on-premise and hybrid server environments including high availability, cloud computing, and scripting. The course includes performance-based questions that require the candidate to demonstrate multi-step knowledge to securely deploy, administer and troubleshoot servers. This course requires the student to build, maintain, troubleshoot and support server hardware and software technologies. The student will be able to identify environmental issues; understand and comply with disaster recovery and physical/software security procedures; become familiar with industry terminology and concepts; understand server roles/specializations and interaction within the overall computing environment. This course will prepare students to take the current version of CompTIA's Server+ Certification exam. C-ID: ITIS 155

**CIS 064 Intro to Ethical Hacking****Units: 3**

This course introduces the network security specialist working in a red team environment to the various methodologies for attacking a network and gaining access to networks, applications, databases, and other critical data on a secured system. Students will be introduced to the concepts, principles, and the latest hacking techniques, supplemented by hands-on exercises, for attacking and disabling a network within the context of properly securing a network, along with the most advanced hacking tools and exploits, the appropriate defenses, and countermeasures. Students will receive course content information through a variety of methods: lecture and demonstration of hacking tools will be used in addition to a virtual environment. Students will experience a hands-on practical approach to penetration testing measures and ethical hacking. (C-ID ITIS 164)

**CIS 080 Database Management Systems****Units: 3**

This course provides the students with an introduction to the core concepts in data and information management. It is centered around the core skills of identifying organizational information requirements, modeling them using conceptual data modeling techniques, converting the conceptual data models into relational data models and verifying its structural characteristics with normalization techniques, and implementing and utilizing a relational database using an industrial-strength database management system. The course will also include coverage of basic database administration tasks and key concepts of data quality and data security. Moreover, students will develop practical skills in the use of SQL for data design, manipulation, interrogation, and application development. In addition to developing database applications, the course helps the students understand how large-scale packaged systems are highly dependent on the use of Database Management Systems (DBMSs). Building on the transactional database understanding, the course provides an introduction to data and information management technologies that provide decision support capabilities under the broad business intelligence umbrella. C-ID: ITIS 180

**CIS 081 Introduction to Data Analytics****Units: 3**

This course presents a gentle introduction to the concepts of data analysis, the role of a Data Analyst, and the tools that are used to perform daily functions. The student will gain an understanding of the data ecosystem and the fundamentals of data analysis, such as data gathering or data mining. The student will then learn the soft skills that are required to effectively communicate your data to stakeholders, and how mastering these skills can give you the option to become a data-driven decision-maker. This course will help the student differentiate between the roles of a Data Analyst, Data Scientist, and Data Engineer. They will learn the responsibilities of a Data Analyst and exactly what data analysis entails. They will be able to summarize the data ecosystem, such as databases and data warehouses. You will then uncover the major vendors within the data ecosystem and explore the various tools on-premise and in the cloud. Continue this exciting journey and discover Big Data platforms such as Hadoop, Hive, and Spark. By the end of this course, you will be able to visualize the daily life of a Data Analyst, understand the different career paths that are available for data analytics, and identify the many resources available for mastering this profession.

**CIS 095A Computer Information Systems Work,Experience****Units: 1-5**

This work experience course of supervised employment provides students the opportunity to connect academics to applied experiential learning in the workplace. It assists students in developing transferable employability skills, career awareness, learning industry culture, competencies and norms, and developing professional networks that support career mobility. To enroll, students must have a job or internship placement in a part-time or full-time capacity. Credit may be accrued at the rate of one to five (1-5) units per semester based on the student's ability to meet the hours required per unit enrolled. Students must work 54 hours per unit earned. This Work Experience course is available to students whose job or internship placement is directly related to Computer Information Systems.

**CIS 323A Introduction to Amazon Web Services Units: 0**

This course introduces the fundamentals of cloud computing including the different cloud computing models; Infrastructure as a Service, Platform as a Service, and Software as a Service on cloud platform. This course reviews the basic concepts of server, networking, and storage virtualization. Course participants will develop the knowledge and skills necessary to effectively demonstrate an overall understanding of the Amazon Web Services (AWS) Cloud Environment.

**CIS 340A Information & Communication Technology,Essentials I Units: 0**

CompTIA certifications help students build a solid foundation of essential knowledge and skills that will help students earn employment in technology-related careers. The CompTIA A+ certification assures employers that their applicant is prepared to enter the workforce as an entry-level computer support technician. Computer support technicians provide technical assistance to computer users. They may answer questions or resolve computer problems for clients in person, or via telephone or electronically. They may provide assistance concerning the use of computer hardware and software, including printing, installation, word processing, electronic mail, and operating systems. Completion of this course prepares students for the CompTIA A+ 220-901 industry certification exam.

## Computer Science (CS)

**CS 007A Computer Science I****Units: 4**

This course is an introduction to computer programming and is designed primarily for computer science and related transfer majors. Its main objective is to teach principles and practices of computer science, but students will also engage in problem solving using the C++ programming language. Topics include structured procedural programming with program control structures (sequence, selection, iteration), modular program structures (functions and parameter passing), data types (primitive types, arrays, files and structures) and an intro to object-oriented programming. (C-ID COMP 122)

Lecture Hours: 54

Lab Hours: 54

Repeatable: No

Grading: Letter

**Prerequisite:** MATH 005.

Advisory: None

**CS 095A Computer Science Work Experience Units: 1-5**

This work experience course of supervised employment provides students the opportunity to connect academics to applied experiential learning in the workplace. It assists students in developing transferable employability skills, career awareness, learning industry culture, competencies and norms, and developing professional networks that support career mobility. To enroll, students must have a job or internship placement in a part-time or full-time capacity. Credit may be accrued at the rate of one to five (1-5) units per semester based on the student's ability to meet the hours required per unit enrolled. Students must work 54 hours per unit earned. This Work Experience course is available to students whose job or internship placement is directly related to Computer Science.

## Counseling (COUN)

**COUN 011 Introduction to Scholarships Units: 1**

Introduces students to scholarship and financial aid opportunities at the local, state, and national levels. Learn research techniques and utilize publications, software, Internet sites, and community resources. Emphasis is on development of a personal organizational system to manage the process of the scholarship search. Identify scholarships that meet personal criteria. Personal statements, interview techniques, resumes, organization and time management skills are also covered.

Lecture Hours: 9 Lab Hours: 27 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: Basic knowledge of the Internet; basic word processing.

Limitation on enrollment: None

**COUN 061 College Success/International Students Units: 0.5**

This course is required for all first-semester F-1 Visa students. This course is designed to introduce International Students to various college services and programs. It includes enrollment procedures, interpretation of the College of the Desert Assessment, information on educational programs and assistance in developing a personalized Student Educational Plan in order to assist in accomplishing their future goals. Students are introduced to the requirements for Certificates, the Associate in Arts/Science (A.A. or A.S.) degree, and for transferring to a four-year institution. Campus policies and resources are reviewed as well as an overview of American culture, cultural adaptation issues, career planning, and F-1 Visa issues. This course helps F-1 Visa students gain an understanding of the critical elements involved in living and studying successfully in the United States of America. In addition to becoming acquainted with regulations affecting International Students, the class reviews graduation and transfer requirements along with other policies and procedures at College of the Desert.

**Criminal Justice (CJ)****CJ 001 Introduction to Criminal Justice****Units: 3**

This course introduces students to the characteristics of the criminal justice system in the United States. Focus is placed on examining crime measurement, theoretical explanations of crime, responses to crime, components of the system, and current challenges to the system. The course examines the evolution of the principles and approaches utilized by the justice system and the evolving forces that have shaped those principals and approaches. Although justice structure and process is examined in a cross cultural context, emphasis is placed on the US justice system, particularly the structure and function of US police, courts, and corrections. Students are introduced to the origins and development of criminal law, legal process, and sentencing and incarceration policies. (C-ID AJ 110)

**CJ 020 Introduction to Social Justice Studies****Units: 3**

Introduction to Social Justice Studies is an interdisciplinary course introducing students to the history, psychology and sociology of racial, ethnic, class, gender and sexual oppression in the United States and the history, strategy and structure of movements for social justice and liberation. It will explore the major theories of race, ethnicity, class, gender and sexuality as they are linked to social structures and institutional processes. Specific examples of persecution, segregation, and asymmetric power relations will be drawn from the testimony of the oppressed throughout American history - in art, film, literature and music. The practices of oppression and resistance in the United States will be compared and contrasted to the experiences of other nations and cultures. (Equivalent to SJS 020)

**CJ 026 Homeland Security and Intelligence, Gathering****Units: 3**

This course is a study of the fundamental components and historical evolution of intelligence. Included is an examination of the different methods of intelligence collection, the need for analysis, and the measurement of success in meeting the requirements of the policymaker. This examination will address the evolution of intelligence collection from the basic concept of spying to the latest methods of employing technology and Open Source methods. The course focuses on the intelligence process from the defining of the requirements, to collection, analysis, distribution and the use of feedback to optimize the results. The Intelligence course is a vital supplement to our counterterrorism efforts and to law enforcement's expanding role in the future of homeland security.

**CART 073 Culture and Cuisine****Units: 2**

This course is a study of the evolution of food production, food preservation and preparation techniques, and food habits and beliefs about food. We will delve into geographical, historical, technological and religious factors that have influenced the food-related behaviors of various ethnic groups in the past and present. We will explore how all cultures impact individual's beliefs about food. Several areas of the world will be focused on to help demonstrate the relationship between food and culture. The United States (U.S.) has been referred to as a "melting pot" of many different cultures, which have been, and are being, fused to form the "American" culture. The influence of this fusion on food processing, and culinary methods in the home and in food service establishments will be examined. An introduction to cultural differences in verbal and non-verbal communication-styles will also be examined in-order to prepare students to work most effectively with co-workers and clients.

**CART 360A Safety & Sanitation Basics**

**Units: 0**

This is a study of principles of hygiene and sanitation and the control and prevention of foodborne illnesses in food service operations. Emphasis is placed on the food handler's responsibility in maintaining high sanitation and safety standards.

Noncredit Hours: 8 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**CART 360B Safety & Sanitation in Culinary Facilities**

**Units: 0**

Principles of safety and maintenance of sanitation and hygiene in food service facilities. Emphasis is placed on management's responsibility in maintaining high sanitation and safety standards.

Noncredit Hours: 8 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**CART 370 Home Culinary Enterprises**

**Units: 0**

This class will explore ways for students to legally start their own culinary business from home.

Noncredit Hours: 18 Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NONC

## Dance (DANC)

### DANC 010 Introduction to Choreography

This course is an introduction to the fundamental elements of choreography and their practical application in creating dance composition.

Lecture Hours: 18    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: None    CSU GE: C1    IGETC: None

**Units: 2**

### DANC 015 History of Dance

This survey course examines the chronological development of dance and includes the study of pre-classic through contemporary forms. It emphasizes the interconnections between aesthetic practice and people, events, and ideas.

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C3    CSU GE: C1    IGETC: 3A

**Units: 3**

### DANC 025 Dance Performance

This course exposes the student to the methods and execution of dance as it applies directly to a fully mounted musical theater production or dance concert. It includes exposure to both acting areas and dancing areas as needed by the director and choreographer of the actual production. Emphasis is on rehearsal and performance techniques.

Dance Performance courses (DANC 024, DANC 025, and DANC 026) may be taken for a maximum of 4 times up to a total of 12 units.

Lecture Hours: None    Lab Hours: 108    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: Audition or consent of instructor

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**Units: 2**

### DANC 070 Dance, Modern

This course provides instruction in modern dance techniques as a vehicle for creating original movement.

Lecture Hours: 9    Lab Hours: 27    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: Courses Related in Content

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**Units: 1**

### DANC 073A Dance, Jazz

This course introduces instruction in jazz dance technique. (Equivalent to KINE 053)

Lecture Hours: 9    Lab Hours: 27    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: Courses Related in Content

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**Units: 1**

### DANC 073B Dance, Jazz

**Units: 1**

This course builds on beginning jazz dance movement vocabularies, techniques, and fundamentals.

Lecture Hours: 9    Lab Hours: 27    Repeatable: No

Grading: Letter

**Prerequisite:** DANC 073A or KINE 053 .

Advisory: None

Limitation on enrollment: Courses Related in Content

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

### DANC 075 Dance, Tap

**Units: 1**

This course provides instruction in basic tap dance steps and simple choreography forms for the improvement of coordination and physical conditioning.

Lecture Hours: 9    Lab Hours: 27    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: Courses Related in Content

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

### DANC 076A Dance, Ballet

**Units: 2**

This course provides instruction in beginning ballet technique and terminology.

Lecture Hours: 18    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: Courses Related in Content

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

### DANC 076B Dance, Ballet

**Units: 2**

This course builds upon basic ballet technique and terminology, expanding skills in ballet movement vocabulary, proprioception and other ballet fundamentals.

Lecture Hours: 18    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** DANC 076A.

Advisory: None

Limitation on enrollment: Courses Related in Content

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

## Digital Design & Production (DDP)

### DDP 095A Digital Design & Production Work, Experience **Units: 1-5**

This work experience course of supervised employment provides students the opportunity to connect academics to applied experiential learning in the workplace. It assists students in developing transferable employability skills, career awareness, learning industry culture, competencies and norms, and developing professional networks that support career mobility. To enroll, students must have a job or internship placement in a part-time or full-time capacity. Credit may be accrued at the rate of one to five (1-5) units per semester based on the student's ability to meet the hours required per unit enrolled. Students must work 54 hours per unit earned. This Work Experience course is available to students whose job or internship placement is directly related to Digital Design and Production.

Lecture Hours: None    Lab Hours: 270    Repeatable: Yes

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

### DDP 100 Introduction to Digital Art & Media **Units: 3**

This overview course is open to all students wanting to know more about the different areas of Digital Art and Media. Introduction to fundamental concepts, practices and theories of digital art and media. Topics include: integration of traditional design, color, and compositional principles with contemporary digital tools. Demonstrations of digital image capture, image manipulation, illustration, layout, animation, 3D, and emerging technologies will also be given. (Equivalent to ART 034.) (C-ID ARTS 250)

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C3    CSU GE: None    IGETC: None

### DDP 101 Digital Imaging **Units: 3**

This course is an introduction to the use of industry standard digital imaging software. Students will learn image capture, creation, enhancing, retouching, color correction, restoring, balancing, filtering and applying special effects will be explored as well as, type effects, patterns, icons, textures, montages and composites. Emphasis on image formats, resolution, workflows, automated processing, and output for multiple applications.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

### DDP 102 Digital Illustration **Units: 3**

This course provides an introduction to the process of creating vector graphics images using Adobe Illustrator, the industry standard vector graphics editor for graphics professionals. Adobe Illustrator is used for creating graphic design, typography, logos, and sharp-edged artistic illustration on the computer.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

### DDP 103 Publication Design & Production **Units: 3**

This hands-on course focuses on the principles of graphic design to create multi-page solutions using industry standard software. Students learn to integrate typography, photography and graphics into projects that explore the technical and aesthetic nature of digital publication design through print and electronic publication (EPUB). Advanced typographic controls and production specifications, multi-page document management, output solutions including print, Extensible Markup Language (XML) capabilities and the creation of interactive documents for online distribution are also discussed. The creation of portfolio level work is stressed throughout the course. Verbal and visual presentation skills are emphasized to communicate with future clients. Critiques focus on appropriate solutions, visual interest and craftsmanship.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

### DDP 104 Print Production **Units: 1.5**

This course provides an overview of print history and its impact on society as well as current trends. Learn the life cycle of a print job and how to prepare your artwork to be professionally printed. Discover how to better communicate with your printer. Think about printing as you're designing. Choose the correct paper, inks, colors, and fonts for your project.

Lecture Hours: 18    Lab Hours: 27    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**DDP 110 Graphic Design****Units: 3**

In this course, students learn about graphic design terminology, history, career options, concepts, the design process, project research, generating ideas, elements and principles. Emphasis is placed on the process of design development from research, brainstorming ideas, thumbnail sketches, digital roughs to final comprehensive layouts. Students use current industry software working individually and in groups on assignments and projects developing concept, visualization, documentation, and professional presentations. With an emphasis on visual communication strategies, students explore the fundamental text and image interaction to develop graphic design solutions for web, film, and print.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ART 003A and DDP 102.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**DDP 111 Advertising Design****Units: 3**

This studio course introduces students to type and typography, grid systems, visual coding, interaction and motion design as well as what it takes to become a designer/content creator. With an emphasis on visual problem-solving strategies, students will generate design criteria research, analysis, design implications, and design system development. Students will work individually and in groups to development of multi-faceted promotional design programs with an emphasis on unifying concepts with meaning for various formats.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** DDP 102

Advisory: DDP 110 .

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**DDP 112 Digital Typography****Units: 3**

This comprehensive course emphasizes the use of typography in the design process for use in branding, marketing collateral, web development, and film. The study of letter forms and fundamental typographic principles will be covered. Students study typography terms, type as image, and typography's relationship to message making and meaning with an emphasis on understanding current and historical typographic trends including the importance of technology in the development of their own type face including digitizing for use on the computer.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: DDP 102.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**DDP 113 Design for Social Change****Units: 3**

This course examines the history, theory and mechanisms through which content creators, designers, artists, photographers and other socially-conscious activists put their professional skills in service to an idea of social justice. In this course, instead of selling shoes, students will explore design as a catalyst for social change with a focus on marrying design to activism, and examine established methodologies for developing and fostering a successful call to action. Through lectures, in-class activities, and critiques, students learn the role design and designers play in social activism, as well as strategies for research, ideation, prototyping, and testing design solutions. This course is open to all levels, though a very basic familiarity with Adobe CC (or equivalent software) is useful.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C2, C3    CSU GE: None    IGETC: None

**DDP 116 Social Media Design****Units: 3**

Social Media enables individuals to create, collaborate, and share information with others. Students will explore the possibilities and limitations of social media and will have hands-on experience to create content for several forms of social media technology, such as Facebook, Twitter, blogs, and wikis. Those who complete this course will know how to use social media productively and have a framework for understanding and evaluating new tools and platforms.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A, DDP 110 and DDP 101 or DDP 102 strongly recommended.

Limitation on enrollment: None

Transfer Status: CSU    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**DDP 120 Video Post Production****Units: 3**

This course focuses on the fundamental techniques, skills, and theories of editing as well as the technical requirements for assembling digital video projects. Through a series of hands-on projects, students will put traditional theories of picture and sound editing into practice. The course will also cover the history of non-linear editing and provide an overview of the post production process. Students use the computer to create digital presentations that synthesize photography, graphics, video, sound, and animation. This introductory course familiarizes students with the fundamental aspects of digital video production. Covering acquisition formats, authoring formats and delivery formats, the class provides a strong foundation for working with digital picture (both motion picture and still pictures) and digital sound in non-linear digital video post production. Topics will include digital vs. analog, time code, frame rates, frame size, frame aspect ratio, pixel aspect ratio, data transfer rates, key frames, NTSC and PAL television standards, image composition and acquisition, video capture, compression and output.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**DDP 121 Motion Graphics**

**Units: 3**

Motion Graphics is a form of communication with a range of applications: film, television, graphic design, branding, advertising and web. This hands-on course focuses on communication design and common professional uses of motion graphics. Students will conceptualize, design and produce innovative time-based visual communication solutions using motion design theory and techniques. Exploring a wide range of applications (film, web, television, communication design, branding and advertising), students will create projects with advanced techniques for animation and visual effects in broadcast design, film titles and video production by combining typography, graphics and narrative storytelling.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**DDP 128 Portfolio Preparation**

**Units: 1.5**

This course will concentrate on developing students' soft skills and preparing students to enter a professional creative environment.

Students will create an online portfolio, curriculum vitae, artist statement, and a personal marketing plan. The course is designed for those students preparing to enter a professional creative environment or transfer to a bachelor's program. The course is also recommended for students pursuing a degree or certificate at College of the Desert with an emphasis in Film, Photography, Digital Design and Production, Architecture, Art or other creative fields. The course is organized for students who work two-dimensionally, three-dimensionally or in mixed-media formats.

Students will develop a custom marketing plan and will work on real-world assignments designed around students' marketing plan. Final Capstone Assignment will consist of students working collaboratively to design and execute a public exhibition of student work.

Lecture Hours: 18 Lab Hours: 27 Repeatable: No

Grading: Letter

**Prerequisite:** Completed a minimum of two courses in Art (ART) Digital Design & Production (DDP) Architecture (ARCH) or Theater Arts (TA).

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**DDP 130 Digital Darkroom**

**Units: 1.5**

This digital photography course teaches students valuable skills in asset management and image processing, using cutting edge, industry software. Students will check the camera before a session and follow post-capture steps of transferring pictures from the camera; reviewing, organizing, and ranking them; then adjusting, publishing and archiving them. Students need to bring their own Digital Single-Lens Reflex (DSLR camera). Field trips may be required.

Lecture Hours: 18 Lab Hours: 27 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**DDP 131 Digital Photography**

**Units: 3**

This course provides an introduction to the tools, materials and techniques of digital photography. Students learn to capture images using a digital camera to demonstrate and master basic standards in photographic technique. Topics include the use of digital interfaces, printers and file formats as well as the preparation of images for electronic display. A digital camera with manually adjustable f-stops and shutter speeds and a corresponding camera manual is required. (Equivalent to ART 031.)

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C3 CSU GE: None IGETC: None

**DDP 132 Commercial Photography**

**Units: 3**

This course provides intermediate and advanced instruction in digital photography. Students expand their basic digital photography skills to produce digital photographs for the web, advertising, print and presentations. Emphasis is placed on taking high quality digital photographs, utilizing advanced image editing software and producing images suitable for prints, publication or the web. A digital camera of at least 3 megapixels is required and image editing software is recommended. Students should have access to a computer capable of handling digital photo files, a photo quality printer and USB connections.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** DDP 131 or ART 031.

Advisory: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**DDP 133 Nature Photography**

**Units: 1.5**

This course teaches you how to take beautiful nature and wildlife photographs. Learn to fine-tune your technical skills while examining the aesthetics of nature photography. Nature locations are designed to offer a wide variety of opportunities and challenges while photographing on location at places like Joshua Tree, The Living Desert, Big Morongo Canyon Preserve, Painted Canyons, Anza Borrego, etc.. You will learn to identify your creative point of view, provide constructive feedback to others and prepare images for your portfolio. Topics include exposure, depth of field, simple close-up techniques and helpful equipment. Wildlife photography also will be discussed. Weather permitting: a chance to practice photography around campus will be included. Bring camera and camera manual to class. Students will learn to identify their creative point of view, sharpen their skills through participation in field trips, and prepare a selected group of images for sale and/or exhibition in a show.

Lecture Hours: 18 Lab Hours: 27 Repeatable: No

Grading: Letter

**Prerequisite:** DDP 131 Digital Photography or ART 031 Digital Photography.

COD GE: C3 CSU GE: None IGETC: None

**DDP 136 Introduction to Drone Imaging****Units: 3**

This course provides instruction in digital imaging, cinematography, colorization and photo editing while participating in hands-on or virtual flight activities to develop, practice, and optimize Unmanned Aircraft System flight and photography skills. Students will learn how to manage and edit photographic imagery captured by drones. High-end photo equipment and drones or drone-simulators will be used. This course is a media management and image editing course for drone operators, which focuses on developing careers in digital media capturing and editing images for a variety of industries across multiple sectors. Some information pertaining to FAA certifications will be discussed; this is not an FAA certification course.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

COD GE: None CSU GE: None IGETC: None

**DDP 140 Character Animation****Units: 3**

This course will introduce students to the basic forms and terminology of animation, and provide training in fluid representations of motion and expression. Instruction will emphasize traditional character animation techniques such as character development, exaggeration, timing, acting and weight. The course will provide a good grounding for basic animation skills and production processes. The classes will often include film screening from across styles and animation historical contexts to further demonstrate the topics covered in class.

**DDP 142 Digital Storyboarding****Units: 3**

This course is an introduction to the methods and tools of digital storytelling. It includes creating visual story images from written or spoken ideas, development of story structure, and honing verbal storytelling skills using industry standard software. Students explore fundamentals of the storyboarding process used in the entertainment industry. Through the use of computer software and the digital drawing tablet, students will learn the basic principles of visual storytelling including techniques such as staging, composition and camera movement. The class will analyze and discuss the various applications of digital storyboarding for advertising, film, games, web, 2D and 3D animation, video, and visual effects.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

COD GE: None CSU GE: None IGETC: None

**DDP 144 3D Animation****Units: 3**

Students will learn the basics of industry standard 3D animation software, user interface, essential modeling, rendering, character set up, and animation tools and techniques. This course is intended to provide students with an understanding of theoretical concepts and will provide conceptually based guidelines that evoke personal creativity, and design fundamentals. This hands-on introductory course provides a basic overview of the tools used in the creation of 3D digital animation. Topics covered include modeling, character rigging, animation, shading, lighting and rendering. This course emphasizes the fundamental concepts of 3D digital animation as well as an understanding of the software. In addition to completing weekly exercises, students will apply the skills they learn to create an individual project.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ART 003A, ART 005A, &amp; ART 011A.

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**DDP 151 User Experience Design** **Units: 3**

Focuses on the quality of experience a person has when interacting with a specific design. A UX Designer focuses on the needs and wants of the user, as well as ease-of-use, and designs for the best possible user experience. Covers the design process, documentation, and tools used within the UX field. Topics include user research, information architecture, interaction design, prototyping, and usability testing. Following a design process, students will collaborate to research, critique, and design a project that includes prototyping and user-testing.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**DDP 160 History of Games** **Units: 3**

This course includes a comprehensive study of the evolution of games throughout human history, with an emphasis on early games' impact and influence on video games. Review of the technological and artistic antecedents, with analysis of how video games reflect the beliefs, aspirations and values of the cultures where they flourish. Study includes gameplay experience and analysis of notable game genres, identifying significant artistic and technological innovations. Students will investigate gameplay and create a non-digital game that is informed by the study of game history.

**DDP 301B Digital Imaging B****Units: 0**

This course prepares you to take the Adobe Certified Associate (ACA) exam for Photoshop. A Photoshop ACA earned certification validates entry-level skills in visual communication, for careers including, but not limited to, marketing, Web development, photography, digital media, and graphic design. It indicates an intermediate level of depth and breadth of Photoshop knowledge and experience and enhances the recipients' value in the job market. You will continue your Photoshop training and begin taking practice tests in preparation for the ACA exam. You will also develop Photoshop projects to build your online portfolio.

## Disabled Students Programs & Services (DSPS)

**DSPS 040 Survey of Resources for DSPS Students**

**Units: 2**

This course focuses on an in-depth assessment of the student with a disability. It also introduces the student to the information and skills necessary for success in college. Course topics include development of personal goals, self-advocacy skills, use of services provided by DSPS as well as other student support services on campus, and available community resources. Students will learn to implement their Student Education Plans (SEPs), prepared by a DSPS counselor, to work toward their educational goals and will learn what accommodations are necessary to achieve these goals.

## Emergency Medical Responder (EMR)

**EMR 080 Emergency Medical Responder****Units: 3**

This course prepares the EMR student to provide emergency prehospital assessment and care for patients of all ages with a variety of medical conditions and traumatic injuries. Areas of study include an introduction to emergency medical services systems, roles and responsibilities of EMRs, anatomy, and physiology, medical emergencies, trauma, and special considerations for working in the prehospital setting. "Cardiopulmonary resuscitation" (CPR) means establishing and maintaining an open airway, ensuring adequate respiration, and ensuring adequate circulation either spontaneously or by means of closed-chest cardiac compression, according to standards promulgated by the current American Heart Association (AHA) Guidelines for Cardiopulmonary Resuscitation (CPR) and Emergency Cardiovascular Care (ECC). A \$12.50 fee is required for this course to cover the AHA Basic Life Support (BLS) certificate. Students are required to purchase a uniform and attend a mandatory orientation prior to the start of the course. Check the program website for additional information. Note: Authority cited: Section 1797.107, Health and Safety Code. Reference: Sections 1797.182 and 1797.183, Health and Safety Code; and Section 13518, Penal Code.

COD GE: None      CSU GE: None      IGETC: None

**EMR 386 Public Safety First Aid****Units: 0**

This course will provide Basic Life Support (BLS) skills in patient assessment, bleeding control, muscular-skeletal injuries, respiratory emergencies, cardiopulmonary resuscitation (CPR) and automated external defibrillator (AED). The course complies with California Health and Safety Code, Division 2.5, CCR Title 22, Division 9 and American Heart Association (AHA). A Public Safety First Aid (PSFA) Certificate and BLS CPR/AED cards will be issued upon completion. Public Safety First Aid is the recognition of and immediate care for injury or sudden illness, including medical emergencies, by public safety personnel prior to the availability of medical care by licensed or certified health care professionals. PSFA is used by lifeguards, firefighter and peace officers. This course meets the prerequisite for the Cal Fire Basic Wildland Academy. A \$12.50 fee is required for the BLS certificate.

## Emergency Medical Technology (EMT)

**EMT 084 Emergency Medical Technician I Units: 9**

This course prepares students for National Registry of Emergency Medical Technicians (NREMT) EMT-Basic Written Examination. Students study and practice the fundamental principles and skills required to provide care to patients experiencing traumatic and medical conditions in an emergent setting. This course is approved by Riverside Emergency Medical Services Agency, California Health and Safety Code and California Code of Regulations, Title 22 requirements. This course provides training in basic emergency care skills, theory instruction, use of definitive airway adjuncts and assisting patients with certain medications. All students must be eighteen years of age (18) on the first day of class, have a current TB test, have a current AHA Healthcare Provider Level CPR certification and meet the functional job requirements of the Emergency Medical Technician (Title 22, Division 9, Chapter 2, Section 100066b2 California Code of Regulations.) Check the program website for additional information.

Lecture Hours: 135 Lab Hours: 81 Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: EMR 080 or EMR 080A & EMR 080B with a passing grade of B.

Advisory: ENG 061, EMR 081, HS 062.

Limitation on enrollment: Students must be eighteen (18) years of age on the first day of class. Students must have an American Heart Association BLS certification current through the end of the course. Students will need proof of a negative TB test or chest X-ray and will need to provide proof of vaccinations and/or titer. Current American Heart Association BLS certification valid till the last day of the semester.

**EMT 085 EMT Refresher Course Units: 2**

This refresher course for Emergency Medical Technician (EMT) personnel meets or exceeds the requirements specified in the California Code of Regulations, Title 22, Chapter 5, section 9. This course is for those who have completed a recognized EMT training course and are in the process of obtaining certification or renewing their current certification. The course contains information on new EMT techniques and procedures, review of cardiopulmonary resuscitation, and a review of current local protocols. Passing performance on both written and skills competency examinations are required for course completion. To meet legally mandated training requirement, students may re-enroll in this course as many times as needed by completing a petition electronically via the @MyCod Student Portal, A&R Forms.

**EMT 095A Emergency Medical Services Work Experience Units: 1-5**

This work experience course of supervised employment provides students the opportunity to connect academics to applied experiential learning in the workplace. It assists students in developing transferable employability skills, career awareness, learning industry culture, competencies and norms, and developing professional networks that support career mobility. To enroll, students must have a job or internship placement in a part-time or full-time capacity. Credit may be accrued at the rate of one to five (1-5) units per semester based on the student's ability to meet the hours required per unit enrolled. Students must work 54 hours per unit earned. This Work Experience course is available to students whose job or internship placement is directly related to Emergency Medical Services.

## Energy Systems Technology (ESYS)

**ESYS 001 Energy Generation & Distribution,Industry Units: 3**

An overview of our current power generation infrastructure, methods of power generation and potential employment opportunities will be examined in this course. These areas will be supported by the fundamentals of the power industry including; safety practices, power industry economics and the future of the power industry. An introduction to electrical and construction calculation will be applied to electricity. Hand tools, power tools, construction drawings, material handling and basic rigging will form the basis of knowledge for entering into the power industry.

**ESYS 006 Fundamentals of Building Commissioning****Units: 3**

Building Commissioning (Cx) is the process of verifying that a building's systems operate as intended. Commissioning Technicians (CxT) and Commissioning Agents (CxA) work in a team environment, coordinating directly with architects, engineers, subcontractors, and the building owner to oversee, examine, and verify that the building systems are designed, installed, and tested according to the project's design specifications.

This introductory course focuses on how the building commissioning process is applied to new and existing buildings. Students will learn the fundamentals of the commissioning process through each step of a construction project - from predesign to occupancy and operations.

**ESYS 012 Residential Solar Installation**

**Units: 4**

This entry-level course is for students interested in installing and maintaining photovoltaic (PV) systems and obtain or furthering a career in the solar industry. The installation principles, techniques, and functions of the PV systems will be presented along with installation and maintenance of all necessary components. Discussion and instruction will also serve current solar installers wanting to earn an industry-recognized credential. Installation practices will be aligned to help students prepare for the North American Board of Certified Energy Practitioners (NABCEP). Per NABCEP website, "The NABCEP PV Installation Professional certification is a voluntary certification that provides a set of national standards by which PV Installation Professionals with skills and experience can distinguish themselves from their competition." Certification provides a measure of protection to the public by giving them a credential for judging the competency of practitioners.

Lecture Hours: 54    Lab Hours: 54    Repeatable: No

COD GE: None    CSU GE: None    IGETC: None

**ESYS 021 Residential Energy Modeling**

**Units: 3**

This course is for students interested in a career in the building energy consulting industry. Energy consultants select the energy systems, documents, and verify energy code is being met. Energy consultants work in a team environment, coordinating directly with architects, engineers, subcontractors, and the building owners to oversee, and examine multiple pathways to achieve the energy goals set by the owners. The student will model the building with alternative wall systems, roofs, window, and energy systems to meet the owner's energy goals. The student will receive comprehensive training in energy analysis software programs that may be used to document compliance with CA Building Energy Efficiency Standards (Title 24, Part 6), ASHRAE 90.1 Standards, HERS energy rating systems as well as residential and nonresidential Green Building rating systems, such as GreenPoint Rated and LEED.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: BIT 024.

Advisory: ACR 075, ARCH 011, ESYS 004, & ESYS 005.

Limitation on enrollment: None

Transfer Status: None    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**ESYS 022 Residential Energy Modeling Design,Project**

**Units: 2**

This course provides training in applying the principle techniques of energy modeling software to residential buildings. Students with a major or interest in architecture, drafting, landscape design, energy engineering, mechanical engineering, electrical engineering, or environmental engineering will select specialized projects, with the approval of their professor, to model energy usage using Californian Energy Commission approved software.

Lecture Hours: 18    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** ESYS 021.

Advisory: None

Limitation on enrollment: None

Transfer Status: None    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**ESYS 033 Residential House Electrical Wiring**

**Units: 3**

This course will focus on safely wiring a single-family dwelling as per the National Electrical Code using laboratory mock-up walls: Lighting and appliance branch circuits, special purpose outlets, service-entrance calculations, and grounding; project estimating and pricing.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ESYS 002 & ESYS 004.

Limitation on enrollment: None

Transfer Status: None    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**ESYS 034 Lighting Efficiency Technology**

**Units: 3**

This course will review the current technology in energy efficient lighting controls and systems; the latest advances in lamp, ballast, luminaire and control technologies, as well as recent developments in energy legislation.

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ESYS 005.

Limitation on enrollment: None

Transfer Status: None    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**ESYS 035 Advanced Lighting Controls**

**Units: 3**

This course will focus on advanced lighting controls with a specific application in the lighting industry and efficiency of: automatic controls, switches and dimmers, sensors and LED lighting sources, outdoor lighting, daylighting and energy efficiency for residential and commercial buildings, and use of data to apply the Title 24 requirements, for Acceptance Test Technician qualification. The certificates will provide a comprehension knowledge base for students pursuing the Acceptance Lighting Controls credential.

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

COD GE: None    CSU GE: None    IGETC: None

**ESYS 095A Energy Systems Technology Work,Experience**

**Units: 1-5**

This work experience course of supervised employment provides students the opportunity to connect academics to applied experiential learning in the workplace. It assists students in developing transferable employability skills, career awareness, learning industry culture, competencies and norms, and developing professional networks that support career mobility. To enroll, students must have a job or internship placement in a part-time or full-time capacity. Credit may be accrued at the rate of one to five (1-5) units per semester based on the student's ability to meet the hours required per unit enrolled. Students must work 54 hours per unit earned. This Work Experience course is available to students whose job or internship placement is directly related to Energy Systems Technology.

Transfer Status: None Degree Applicable: NONC

COD GE: None CSU GE: None IGETC: None

**ESYS 312A Module 1 Residential Solar Installation Units: 0**

This entry level course is Module 1 of 3 for students interested in installing and maintaining photovoltaics systems and obtain a career in the solar industry. The installation principles, technics and functions of the photovoltaic will be presented along with installation and maintenance of all necessary components for a photovoltaic system. Discussion and instructions will also serve current solar installers wanting to earn industry recognized credential. Installation practices are aligned to help students prepare for the North American Board of Certified Energy Practitioners (NABCEP). The NABCEP PV Installation Professional certification is a voluntary certification that provides a set of national standards by which PV Installation Professionals with skills and experience can distinguish themselves from their competition. Certification provides a measure of protection to the public by giving them a credential for judging the competency of practitioners.

## Engineering, General (ENGR)

**ENGR 006A Electric Circuits for Engineering & Science Units: 4**

This course is the first semester of a one year course designed to provide students with a broad knowledge of the theoretical background and experimental application of modern electronic devices and circuitry. It covers basic electronic concepts, solid state devices such as diodes and transistors, and an introduction to basic analog and digital circuit design and analysis emphasizing practical applications, including Ohm's Law and Kirchhoff's laws; nodal and loop analysis; analysis of linear circuits; network theorems; transients in RLC circuits; sinusoidal steady-state analysis and application of PSPICE to circuit analysis. (Equivalent to PH 006A.)

Lecture Hours: 54 Lab Hours: 54 Repeatability: No  
 Grading: Letter  
**Prerequisite:** MATH 001A.  
 Advisory: None  
 Limitation on enrollment: None  
 Transfer Status: CSU/UC Degree Applicable: AA/AS  
 COD GE: C1 CSU GE: None IGETC: None

**ENGR 009 Introduction to Engineering Units: 3**

This course is a basic introduction to Engineering and its different fields. Covers procedures and pathways to reach full academic potential in each student's field of choice. Discusses ethics and communication skills while applying design and analysis techniques to projects from various areas of engineering. This course is intended for students pursuing a degree in engineering. (C-ID ENGR 110)

Lecture Hours: 36 Lab Hours: 54 Repeatability: No  
 Grading: Letter  
**Prerequisite:** None  
 Advisory: MATH 054.  
 Limitation on enrollment: None  
 Transfer Status: CSU/UC Degree Applicable: AA/AS  
 COD GE: None CSU GE: None IGETC: None

**ENGR 011 Statics Units: 3**

This course is an introduction to the analysis of forces on engineering structures in equilibrium. Vector analysis is utilized to study two- and three-dimensional frames, machines, and trusses. Principles of friction, centroids, center of gravity, and moment of inertia for areas and masses are applied to analyze complex real-world problems. (Equivalent to PH 011.)

Lecture Hours: 54 Lab Hours: None Repeatability: No  
 Grading: Letter  
**Prerequisite:** PH 003A & MATH 001B .  
 Advisory: None  
 Limitation on enrollment: None  
 Transfer Status: CSU/UC Degree Applicable: AA/AS  
 COD GE: None CSU GE: None IGETC: None

**ENGR 012 Dynamics Units: 3**

This course is intended for engineering majors planning to transfer to four-year institutions. It covers the fundamentals of kinematics and kinetics of particles and rigid bodies. Topics include kinematics of particle motion, Newton's Second Law, planar and three dimensional motion of rigid bodies, momentum and energy principles for rigid body motion, and an introduction to vibrations and oscillations. (Equivalent to PH 012.)

Lecture Hours: 54 Lab Hours: None Repeatability: No  
 Grading: Letter  
**Prerequisite:** ENGR 011 or PH 011.  
 Advisory: None  
 Limitation on enrollment: None  
 Transfer Status: CSU/UC Degree Applicable: AA/AS  
 COD GE: None CSU GE: None IGETC: None

**ENGR 013 Materials Science Units: 3**

Application of basic principles of chemistry and physics to the mechanical, electrical, optical, thermal, magnetic, and deteriorative properties of materials. Special emphasis is given to the relationship between microstructure and the properties of metals, polymers, ceramics, and semiconducting materials.

Lecture Hours: 54 Lab Hours: None Repeatability: No  
 Grading: Letter  
**Prerequisite:** Prerequisite: CH 001A & MATH 001A.  
 Advisory: PH 003A.  
 Limitation on enrollment: None  
 Transfer Status: CSU/UC Degree Applicable: AA/AS  
 COD GE: None CSU GE: None IGETC: None

## Engineering Technology (ENGT)

**ENGT 009 Introduction to Robotics Units: 2**

This course is an introduction to robotics. The history of robots along with the components that constitute a robot will be covered. Students will learn to manipulate the basic building blocks of a robot by programming a microcontroller and interfacing with basic circuits, sensors and motors.

Lecture Hours: 18 Lab Hours: 54 Repeatability: No  
 Grading: Letter  
**Prerequisite:** None  
 Advisory: None  
 Limitation on enrollment: None  
 Transfer Status: None Degree Applicable: AA/AS  
 COD GE: None CSU GE: None IGETC: None

**ENGT 015A Computer Numerical Controls IA****Units: 1**

This course is the first of an introduction to Computer Numerical Control (CNC) programming course series. Students will learn about the manufacturing processes, product design, robotics and automation. Computer Aided Design and Manufacturing skills will be utilized to produce products using a Computer Numerical Control (CNC) mill.

Lecture Hours: 9 Lab Hours: 27 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ENGT 015B Computer Numerical Controls IB****Units: 2**

This course is the second of an introduction to Computer Numerical Control (CNC) programming course series. The use of M&G code programming to produce CNC programs for machined parts will be taught. Specific areas of programming including linear and circular interpolation, canned cycles, drilling, reaming, tapping, boring, face milling, end milling and the use of sub programs will be covered. Machine operation will be covered and used to proof run programs.

Lecture Hours: 18 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** ENGT 015A.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ENGT 016 Computer Numerical Controls II****Units: 3**

This advanced course in Computer Numerical Controls (CNCs) is a continuation of ENGT 015A and ENGT 015B with great depth and scope. An introduction to a CNC lathe with advanced part geometry will be covered along with an introduction to CNC Wire Electrical Discharge Machining (EDM). Emphasis is placed on cycle time efficiency and the incorporation of flexible manufacturing concepts.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** ENGT 015B

Advisory: ESYS 004.

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ENGT 020 DC Circuit Analysis I****Units: 3**

This is the first course in a two-part series in Direct Current (DC) circuit analysis. Topics to be covered include Ohm's Law, series and parallel circuit analysis, voltage and current dividers.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: MATH 060, PH 001, ESYS 004.

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ENGT 021 DC Circuit Analysis II****Units: 3**

This is the second course in a two-part series of DC Circuit Analysis courses. Topics covered in this course include: Ohm's Law, series and parallel circuit analysis, voltage and current dividers, Kirchhoff's laws, magnetic circuits, and network theorems.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** ENGT 020.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ENGT 022 AC Circuit Analysis I****Units: 4**

This course is an in depth study in Alternating Current (AC) circuit analysis. Topics to be covered include AC generation and transformation, inductance and inductive circuits, capacitance and capacitive circuits, time constants, rectangular and polar notation, AC circuit analysis, resonance, and filters.

Lecture Hours: 54 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** ENGT 021.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ENGT 024 Manufacturing of Circuits****Units: 3**

This course covers electronic schematic capture, simulation, export to printed circuit board design, layout and auto-routing software. It includes basic Computer Aided Design (CAD) drafting, block diagrams, library component templates, and printed circuit board (PCB) design, fabrication, and assembly, using through-hole and surface-mount technology and devices (SMT and SMD).

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** ENGT 022

Advisory: MATH 060 or ESYS 004.

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ENGT 030 PLCs and Industrial Controls I****Units: 3**

This course offers students the fundamentals of a Programmable Logic Controller (PLC). Students learn the basic parts of a PLC system, digital fundamentals, and PLC addressing.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: MATH 060 or ESYS 004.

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ENGT 031 PLCs and Industrial Controls II****Units: 3**

In this course students learn to program a PLC for advanced sequencing operation. Students also learn to program timers and counters that are used in a PLC application, as well as to write a PLC program using advanced math and data functions. An introduction of SCADA systems and ControlLogix Controllers will also be given.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** ENGT 030.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ENGT 050 Digital Logic Analysis****Units: 3**

This course covers combinational logic utilizing Boolean algebra and the binary numbering system. Topics include Karnaugh maps, truth tables, coding, switching circuits, converters, logic circuit elements, timers, digital-to-analog and analog-to-digital conversions, decoders, multiplexers, demultiplexers, and displays.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: MATH 060 or ESYS 004.

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ENGT 060 Industrial Electronics****Units: 4**

This course includes basic topics related to industrial electronics. A brief review of analog circuits is expanded upon to develop more advanced circuit concepts. Topics include FETs, SCRs, basic components involved in motor control, DC and AC motors, and their controller circuits will be covered. Operational amplifiers will be covered, and their applications to sensor instrumentation. Transducers and applications to various sensors for heat, flow, force, etc. will be developed. Troubleshooting techniques for the above topics will be incorporated with each section.

Lecture Hours: 54 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** ENGT 022.

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ENGT 061 Industrial Sensors and Advanced Applications****Units: 2**

Course includes topics related to basic process instrumentation and control. A brief review of industrial electronics is expanded upon to develop more advanced process instrumentation and control concepts.

Topics include advanced applications of components used in both DC and AC motor control, recorders, control valves and actuators, temperature sensors, pressure sensors, level sensors, flow sensors and instrumentation maintenance techniques.

Lecture Hours: 36 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** ENGT 060.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**English (ENG)****ENG 001A English Composition****Units: 4**

This course focuses on the elements of academic writing, including genre, audience, purpose, and argumentation. Students learn critical thinking, textual analysis, and research techniques, as they apply to the writing process, and they will compose essays using proper documentation, following MLA and/or APA rules. (C-ID ENGL 100)  
Note: All students now can enroll in this transfer-level course without completing posted requisites. Please refer to AB 705 (under How do I enroll in courses at COD?) or see a Counselor.

Lecture Hours: 72 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** ENG 061 or ESL 071.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C4a CSU GE: A2 IGETC: 1A

**ENG 001X English Composition with Co-Curricular Support****Units: 5**

This course focuses on the elements of academic writing, including genre, audience, purpose, and argumentation. Students learn critical thinking, textual analysis, and research techniques, as they apply to the writing process, and they will compose essays using proper documentation, following MLA and/or APA rules. This course also includes a laboratory component during which students will work on reading and writing assignments and will practice academic literacy skills that are directly linked to essay and other assignments. Note: All students now can enroll in this transfer-level course without completing posted requisites. Please refer to AB 705 (under How do I enroll in courses at COD?) or see a Counselor. C-ID: ENGL 100

Lecture Hours: 72 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** ENG-061 or ESL-071.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C4a CSU GE: A2 IGETC: 1A

**ENG 002 Argumentative Writing and Critical Thinking through Literature****Units: 4**

This course offers expanded instruction in analytical and argumentative writing, critical thinking, research strategies, information literacy, and textual documentation through the study of literary works from multiple genres. Students develop close-reading skills and an appreciation for the aesthetic qualities of literature. This course builds upon the skills begun in ENG 001A. (C-ID ENGL 110; ENGL 120)

Lecture Hours: 72 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** ENG 001A.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C3, C4b CSU GE: A3, C2 IGETC: 1B, 3B

**ENG 003 Argumentative Writing and Critical, Thinking** Units: 3

This course offers instruction in argumentation, critical writing, critical thinking, analytical evaluation of primarily non-fiction texts, research strategies, information literacy, and documentation.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** ENG 001A.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: C3, C4b CSU GE: None IGETC: None

**ENG 005A Introduction to Creative Writing** Units: 3

This course introduces students to the theories, skills, and techniques of all forms of creative writing, with primary emphasis on fiction and poetry.

C-ID: ENGL 200

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** ENG-001A.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ENG 005B Advanced Creative Writing** Units: 3

This is an advanced course in creative writing, designed to enable students to refine their creative writing skills in their chosen genre(s).

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** ENG 005A.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**ENG 010A American Literature I** Units: 3

This course presents a survey of American literature, both formal and informal, extending from the period preceding Columbus' voyages through the time of the Civil War. Selections include writings that reflect the rich and diverse cultural backgrounds that make up America's unique and complex heritage. (C-ID ENGL 130)

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: ENG 001A.

Advisory: ENG 001B.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C3 CSU GE: C2 IGETC: 3B

**ENG 010B American Literature II** Units: 3

This course presents a survey of late 19th and 20th Century American literature. Selections include writings of traditional and non-traditional American authors that reflect the rich and diverse cultural backgrounds that make up America's unique and complex heritage. (C-ID ENGL 135)

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: ENG 001A.

Advisory: ENG 001B.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C3 CSU GE: C2 IGETC: 3B

**ENG 011A English Literature I** Units: 3

This course surveys the major writers and works of English literature, spanning from Old English through the late Eighteenth Century (C-ID ENGL 160).

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** ENG 001A.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C3 CSU GE: C2 IGETC: 3B

**ENG 011B English Literature II** Units: 3

This course surveys the major writers and works of English literature of the Romantic, Victorian, and Twentieth and Twenty-First Centuries (C-ID ENGL 165).

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** ENG 001A.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C3 CSU GE: C2 IGETC: 3B

**ENG 012A Global Literature 1** Units: 3

Global Literature 1 is a survey course, exploring major works of literature from early civilizations to the 17th century. Students will increase their awareness of social and historical events that contributed to literary development, engage in critical reading, thinking, and writing, and deepen their cultural sensitivity. Classics in a variety of genres are studied for their artistic merit and their contributions to the development of literature. (C-ID ENGL 140)

**ENTR 004 Entrepreneurship Basics** **Units: 3**

Entrepreneurship has been described as the capacity and willingness to develop, organize and manage a business venture along with any of its risks in order to make a profit. This course will expose students to the basics of entrepreneurship, including design thinking, customer assessment, and problem-solving. Additionally, students will focus on lean market strategies for testing product/service validity.

**ENTR 005 Starting a Business with Limited,Resources** **Units: 3**

Entrepreneurs start and grow businesses in home offices, garages, and even on public transportation using a laptop or smartphone. Social media and technology have leveled the playing field for the ordinary person wanting to become an entrepreneur. These entrepreneurs are finding creative ways of starting businesses, in spite of limited networks and financial resources. This course will introduce students to bootstrapping (limited-resource startup concepts and strategies), social media strategies and platforms, cybersecurity, and tactics to launch their business or expand their reach. Students will experience entrepreneurial situations and best practices through case studies, interactive sessions, and class exercises.

**ENTR 012 Building an Entrepreneurial Team** Units: 3

The composition of the entrepreneurial founding team can be an important indicator of future revenue and project success. This course will provide students with critical insights into the often-overlooked basics of founding-team formation. Why are some motivations of the team more profitable than others? This course covers finding the right hires for your team and common mistakes in hiring key players. At the successful completion of this course, students will be better prepared to position their start-up for success by making evidence-based decisions about founding partners, early hires, first managers and distribution of ownership.

## Film (FILM)

### **ETHN 004 Introduction to Native American, Studies**

**Units: 3**

This course is an introduction to the interdisciplinary field of Native American Studies. It is designed to acquaint students with the most significant social, political, religious, and artistic aspects of various Native American peoples of North America within a transnational context, focusing on the twentieth century to the present. Students will critically analyze topics including Native philosophy and religious traditions, settler colonialism, urbanization, intertribal relations, identity, gender and sexuality, art, literature, cultural production, environmental justice, and the context in which Native American peoples have sought to maintain their sovereignty.

## Film (FILM)

### **FILM 001 Introduction to Film**

**Units: 3**

By the age of 18 the average person has watched over 900 movies, but do we really know how to watch them? This course explores the impact film has on us, and the techniques filmmakers use to make us respond. Drawing from the American Film Institute's "Top 100 Movies of All Time" plus others, the class goes beyond movies as entertainment, into the fascinating world of how movies use color, music, story structure, visual effects and cinematography to make us forget we're even watching a movie.

### **FILM 002A Film Production I: Basic Film Production**

**Units: 3**

This course provides an introduction to the theory, terminology, and process of digital film and video production. Topics include basic camera and sound acquisition techniques including the operation, function and creative uses of digital cameras and post-production production software. The emphasis is on documentary or abstract short films and music videos that help the students find their filmmaking voice and style. Students learn basic production management and directing skills as well as basic scripting, camera operation, picture editing and sound editing and mixing. (C-ID FTVE 150)

COD GE: None CSU GE: None IGETC: None

**FILM 006 Documentary Filmmaking****Units: 3**

At a time when filmmaking is undergoing rapid change and new forms of documentary filmmaking are emerging across digital platforms, we seek to challenge and train a new generation of film documentarians to find innovative and socially responsible ways to create non-fiction film stories. The focus in this course is on finding and telling the visual story, story development and focusing on the crucial third act climax/resolution, difficult enough in scripted films, far more elusive in documentaries.

Students produce short-form documentary films with the emphasis on developing the producer/director's craft through practice and repetition.

**FILM 007 Film Editing****Units: 3**

A movie is made three times: when it's written; when it's shot; when it's edited. Jean Luc Goddard said, "Film is truth at twenty four frames per second," and no one knows this better than a film editor. He or she must decide frame by frame where the audience needs to be in relation to the story. Stay in a shot or transition to another and if so, what shot and how to get there? Working side-by-side with the director to craft the movie that ultimately hits the screen, large or small, editing is about manipulating the audience, in the best possible way, in the service of storytelling. In this immersive class, students study the terminology and concepts of narrative film editing. Students experience hands-on the film editing process, learning aesthetic principles of narrative continuity editing and the technological workflow for picture and sound editing.

**FILM 009 Film Producing & Distribution****Units: 3**

This course is designed for students who want to produce a movie through all stages of a film's journey: buying/development, financing, pre-production, production, post-production, and release/marketing. While key components of the pre-production and production aspects are explored in depth in the Production Management series of courses, the focus of this course is to explore the effect each stage has on the others, and how the producer guides their interdependency. Students learn to recognize and solve problems before they turn in a full-blown crisis and how to make good decisions that help drive a project forward.

**FILM 010 Film Directing**

**Units: 3**

Film directing is serious business. In fact, it is the business. So much so that the French, in defining their New Wave movement decided the "author" of a film was not the screenwriter but the director. This lofty idea affected filmmakers and the films they made the world over. But one thing did not change. The director's job. A director must understand the practical application of a vision communicated to a group of collaborators and brought to fruition through the contributions of that group of creatives. That "author" must be one part visionary, one part tactician, one part psychologist and one part deal closer. He or she must know what a film story requires structurally in order to be told effectively and must have the discipline and skill necessary to deliver it. The director is the only contributor, other than the producer, who shepherds the vision through from beginning to end. The artistry and vision required can't be taught but can be discovered through process and discipline. The collaborative and business aspects required to support process and deliver the product can be learned and applied as well. This course is designed to offer a student both: first, for those who will direct, to teach them how to lead the filmmaking process; and then, for those who will work with directors, to teach them how to support and enrich a director's vision.

**FILM 010A Film Production Management: Scheduling**

**Units: 1.5**

Movies are make-believe. The work done to make them is not. Long before cameras roll, and continuing when and long after they do, line producers, production managers, locations managers, first assistant directors and others are working hard to prepare for, manage and carry out a process that will utilize the talents of a small army of creative and technical filmmakers and allocate valuable, irreplaceable resources not the least of which are time and money. There is no just "going out and shooting" this. The seeming madness of the creative process that is filmmaking is in reality managed in a process of its own that evolved with the medium. Scheduling is the basis of the entire film production. This course will teach students one of the most important parts of this process - creating a shooting schedule. In doing so, they will learn how to allocate the resources allowed by the budget in a day-to-day schedule that incorporates talent, crew, equipment, locations settings, costumes, props, effects and other elements that are required to shoot on any given day. And they will learn to manage one of the two most valuable resources required to make a film - time. This course is valuable for anyone interested in producing, line producing, production managing, set managing, location scouting and managing and producing or directing a movie.

**FILM 012A Creative Content - Basic** Units: 1

This beginning course facilitates participation and employment of skills in creative content production progressing from a basic to an intermediate level of work. Starting with the fundamentals of creative content production, students get hands-on experience in execution of budgeting, scheduling, producing, editing and delivering videos for clients. Students work as members of a small production company and the tools and processes of filmmaking are applied to the client's creative content needs.

**FILM 021 Contemporary World Film Units: 3**

This course surveys modern international cinema. Through the examination of narrative, documentary and experimental films from around the world, the medium's technical, aesthetic and theoretical development will be investigated. Particular attention will be given to the historical, cultural and economic influences that contribute to this international art form.

Lecture Hours: 54 Lab Hours: None Repeatable: No

**FILM 022 American Film to the 1960s Units: 3**

Study of the development, history and aesthetics of the Hollywood studio system, as well as its impact on our culture. Study of classic films as forms of popular entertainment and cinematic art, including various Hollywood genres and their independent counterparts. Lectures, discussions and readings are supplemented by the screening and critical analysis of representative films.

**FILM 095A Film Work Experience Units: 1-5**

This work experience course of supervised employment provides students the opportunity to connect academics to applied experiential learning in the workplace. It assists students in developing transferable employability skills, career awareness, learning industry culture, competencies and norms, and developing professional networks that support career mobility. To enroll, students must have a job or internship placement in a part-time or full-time capacity. Credit may be accrued at the rate of one to five (1-5) units per semester based on the student's ability to meet the hours required per unit enrolled. Students must work 54 hours per unit earned. This Work Experience course is available to students whose job or internship placement is directly related to Film.

**FILM 301A Introduction to Film Units: 0**

Roger Ebert wrote, "We live in a box of space and time. "Movies are windows in its walls." Movies play a tremendously important role in our culture. But how much do we know about the history and making of our favorite films and do we really know how to watch them? This class provides an introduction to the basic tools of film analysis. We will examine how elements like narrative & genre, mise-en-scene, camera work, editing and sound work together to create meaning in films. We will examine the business of film, other narrative forms of cinema such as documentary, animated and experimental films and the history of film. And we will examine writing about films, such as Roger Ebert, and others have done since film began. Students will: Analyze elements including narrative & genre, mise-en-scene, camera work, editing and sound in a film and evaluate how well they are used to communicate the film's major themes; Analyze film writing and write about film's themselves.

Noncredit Hours: 27 Repeatable: Yes

**FILM 302D Film Production IA: Basic Film,Production****Units: 0**

This course provides an introduction to the theory, terminology, and process of digital film and video production. Topics include basic camera and sound acquisition techniques including the operation, function and creative uses of digital cameras and post-production production software. The emphasis is on abstract short films and music videos that help students find their filmmaking voice and style. Students learn basic production management and directing skills as well as basic scripting, camera operation, picture editing and sound editing and mixing.

**FILM 310A Film Production Management: Scheduling****Units: 0**

Movies are make-believe. The work done to make them is not. Long before cameras roll, and continuing when and long after they do, line producers, production managers, locations managers, first assistant directors and others are working hard to prepare for, manage and carry out a process that will utilize the talents of a small army of creative and technical filmmakers and allocate valuable, irreplaceable resources not the least of which are time and money. There is no just "going out and shooting" this. The seeming madness of the creative process that is filmmaking is in reality managed in a process of its own that evolved with the medium. Scheduling is the basis of the entire film production. This course will teach students one of the most important parts of this process - creating a shooting schedule. In doing so, they will learn how to allocate the resources allowed by the budget in a day-to-day schedule that incorporates talent, crew, equipment, locations settings, costumes, props, effects and other elements that are required to shoot on any given day. And they will learn to manage one of the two most valuable resources required to make a film - time. This course is valuable for anyone interested in producing, line producing, production managing, set managing, location scouting and managing and producing or directing a movie.

## Fire Technology (FIRE)

**FIRE 001 Principles of Emergency Services** **Units: 3**

This course provides: an overview to fire protection and emergency services; career opportunities in fire protection and related fields; culture and history of emergency services; fire loss analysis; organization and function of public and private fire protection services; fire departments as part of local government; laws and regulations affecting the fire service; fire service nomenclature; specific fire protection functions; basic fire chemistry and physics; introduction to fire protection systems; introduction to fire strategy and tactics; life safety initiatives. This Course meets the Fire and Emergency Services Higher Education (FESHE) model curriculum for an Associates Degree as recognized by the National Fire Academy. (C-ID FIRE 100 X)

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**FIRE 001A Principles of Emergency Services 1A** **Units: 1.5**

FIRE 001A is part 1 of 2 courses that meet the requirements of FIRE 001 (Principles of Emergency Services). FIRE 001A provides: an overview to fire protection and emergency services; career opportunities in fire protection and related fields; culture and history of emergency services; fire loss analysis; basic fire chemistry and physics; and fire service nomenclature. Completion of both FIRE 001A and FIRE 001B will meet the Fire and Emergency Service Higher Education (FESHE) model curriculum for Principles of Emergency Services.

**FIRE 002 Fire Prevention** **Units: 3**

This course provides fundamental knowledge relating to the field of fire prevention. Topics include: history and philosophy of fire prevention; organization and operation of a fire prevention bureau; use and application of codes and standards; plans review; fire inspections; fire and life safety education; and fire investigation. This course is designated Fire 2 by the California State Board of Fire Services and the State Fire Marshal and is part of the designated core curriculum. This course meets the Fire and Emergency Service Higher Education (FESHE) model curriculum for an Associate Degree as recognized by the National Fire Academy. (C-ID FIRE 110X)

**FIRE 004 Building Construction for Fire Protection****Units: 3**

This course provides the components of building construction related to firefighter and life safety. The elements of construction and design of structures are shown to be key factors when inspecting buildings, preplanning fire operations, and operating at emergencies. This course is designated as Fire 4 by the California State Board of Fire Services and the State Fire Marshal as part of the core curriculum. This course meets the Fire and Emergency Service Higher Education (FESHE) model curriculum for an Associate Degree as recognized by the National Fire Academy. (C-ID FIRE 130X)

**FIRE 006 Hazardous Materials/ICS****Units: 3**

This course introduces the student to the world of hazardous chemicals, including their physical properties, uses in industry, and characteristics when involved in spills, fires and accidents. Basic information is covered regarding emergency procedures, legal requirements, compliance to regulations, health effects and treatment, and fire department protocols and responsibilities. This course is designed to meet the core competencies for hazardous materials first responders as outlined in OSHA 1910.120, NFPA 472, Professional Competencies of Responders to Hazardous Materials Incidents. This course is designated Fire 6 by the State Board of Fire Services and California State Fire Marshall.

**FIRE 009 Fire Protection Hydraulics and Water, Supply****Units: 3**

This course provides the Fire Technology student with a foundation of theoretical knowledge in order to understand the principles of water usage in fire protection. Students learn to apply hydraulic principles to analyze and solve water supply problems. Topics include the design principles of fire service pumping apparatus, community fire flow demand criteria, pump theory, pumping and hydraulic calculations, fire ground hydraulics, drafting operations, and the testing and inspecting of water-based suppression systems.

Lecture Hours: 54    Lab Hours: None    Repeatable: No

**FIRE 024 Report Writing for the Fire Service****Units: 3**

This course covers forms, formats, and techniques of written reports used in the Fire Service. Topics report content and form; principles of clear writing; report writing steps; applications of report writing that meet statistical, legal requirements in the Fire Service; and the use of report writing technology. Students learn how to gather, record, and organize facts from a fire or Emergency Medical Services (EMS) incident and then use those facts to describe the incident in a complete, clear, concise, and correctly formatted narrative report. Students also learn to prepare various personnel-related reports. This course is intended for students majoring in Fire Prevention, Fire Investigation or preparing for employment as a firefighter.

# Geographic Information Systems (GIS)

## GIS 021 Introduction to GIS

**Units: 3**

Geographic Information Systems (GIS) are software systems that allow users to integrate spatially related information from spreadsheets with smart mapping capabilities. In this course, students work with ESRI ArcGIS software to learn fundamental concepts of performing GIS tasks: identification and acquisition of GIS data; assessment of vector and raster systems, scale, resolution, map projection, coordinate systems; georeferencing and Global Positioning Systems (GPS); spatial analysis and modeling with GIS. Students will also learn how GIS technology can be applied to many fields including environmental research, government, business, real estate, health care, urban planning, fire technology, agriculture, landscape design, anthropology, and more. (Equivalent to NR 021.) (C-ID GEOG 155)

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: AIS 005.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

## GIS 022 Data Acquisition and Management in Geographic Information Systems

**Units: 3**

This course provides a general survey of basic methods of data acquisition, database design and management for Geographic Information System (GIS) and focuses on the specific data requirements of GIS. Students will examine methods of digitizing preexisting data and explore database development and management. Students will use their knowledge to complete GIS projects.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: NR 021 or GIS 021.

Advisory: AIS 005 or CIS 010.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

## GIS 023 Spatial Analysis in Geographic, Information Systems

**Units: 3**

This course provides a general survey of the fundamentals of spatial information systems and a survey of quantitative techniques applicable to spatial data. This course is focused on the functionality of GIS as an effective tool for modeling and analyzing complex spatial relationships. The applications of a variety of quantitative methods will be explored using GIS software including ArcGIS and ArcInfo. Students will use their knowledge to complete a GIS project.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: NR 021 or GIS 021.

Advisory: AIS 005 or CIS 010.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

## GIS 024 Geographic Information Systems for Business

**Units: 3**

This introductory course focuses on understanding and utilizing Geographic Information Systems (GIS) solutions in business. It is not a substitute for the basic GIS course. Students will apply the use of ArcGIS to identify and display retail markets, evaluate the suitability of sites for establishing or relocating a business or to expand sales territories.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: NR 021 or GIS 021.

Advisory: AIS 005 or CIS 010.

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

## GIS 321A Map Layout & Presentation

**Units: 0**

Geographic Information Systems (GIS) are software systems that allow users to integrate spatially related information from spreadsheets with smart mapping capabilities. In this course, students work with ESRI ArcGIS software to learn fundamental concepts of performing GIS tasks: identification and acquisition of GIS data; assessment of vector and raster systems, scale, resolution, map projection, coordinate systems; georeferencing and Global Positioning Systems (GPS). Students will also learn how GIS technology can be applied to many fields including environmental research, government, business, real estate, health care, urban planning, fire technology, agriculture, landscape design, anthropology, and more. (Equivalent to NR 321A.)

## Geography (GEOG)

**GEOG 001 Physical Geography** **Units: 3**

This course examines the major features of the natural environment including land, water, air and life forms. The relationship between humans and their natural environment is emphasized, and map-reading skills are developed. (C-ID GEOG 110)

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C1 CSU GE: B1 IGETC: 5A

**GEOG 001L Physical Geography Lab** **Units: 1**

Laboratory exercises and experiments designed to explore and understand the primary areas of physical geography. Exercises and applications related to map scales and projections, stereoscopic, topographic and aerial photo interpretation, meteorological tools and models and weather prognostication, geomorphologic models and processes, and landform interpretation. (C-ID GEOG 111)

Lecture Hours: None Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** GEOG 001 or concurrent enrollment

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C1 CSU GE: B3 IGETC: 5C

**GEOG 002 Cultural Geography** **Units: 3**

This course focuses on the distribution of and interrelationships between features of humankind's modern cultural environment. Among the topics discussed are world population, forms of livelihood, territoriality, urbanization, and material culture. Emphasis is also placed on the development of map-reading skills. (C-ID GEOG 120)

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C2 CSU GE: D5 IGETC: 4E

**GEOG 007 Regional Geography** **Units: 3**

This course describes and explains the major cultural characteristics of the earth's diverse geographic regions. Emphasis is placed on the development of regional patterns through time and the processes responsible for the existing patterns. The development of map-reading skills is an essential aspect of this investigation. (C-ID GEOG 125)

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C2 CSU GE: D5 IGETC: 4E

**GEOG 010 Geography of California** **Units: 3**

This is a study of the natural and cultural environments of California including its climate, topography, biogeography, economy, urbanization and population diversity. Emphasis is placed on people and the environment, map interpretation and their changes over time. Both topical and regional formats are introduced. (C-ID GEOG 140)

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C1 CSU GE: D5 IGETC: 4E

## Geology (G)

### G 001 Physical Geology

Units: 4

This course serves as an introduction to the study of the origin and composition of Earth. Subject matter for this course includes Earth materials and processes such as minerals, rocks, plate tectonics, earthquakes, and volcanoes. Physical Geology provides a broad understanding and appreciation of Earth and its evolution over time. The laboratory component studies aspects of geology on a practical and applied basis with possible field trips that emphasize the study of local geological systems. (C-ID GEOL 101)

Lecture Hours: 54 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A &amp; MATH 054.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C1 CSU GE: B1, B3 IGETC: 5A, 5C

### G 002 Historical Geology with Laboratory

Units: 4

An introduction to Earth's history and the life it supports with a laboratory. Subjects include geologic dating, plate tectonics, stratigraphy, fossils, biological evolution, the planet's origin and the processes that have influenced paleogeography during the past 4.6 billion years. (C-ID GEOL 111)

Lecture Hours: 54 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: BI 004 &amp; G 001.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C1 CSU GE: B1, B3 IGETC: 5A, 5C

### G 005 Environmental Geology

Units: 4

This course surveys geologic hazards such as flooding, landslides, earthquakes, and volcanic eruptions that affect humanity and studies means by which they may be mitigated. Geologic resources such as groundwater, surface water, and soil are studied to assess supply, conservation practices, and contamination mitigation. Mineral, fossil fuel, and alternate energy resources are examined for potential and for environmental assessment of production and consumption. Land-use planning and environmental impact analysis integrate the foregoing. The laboratory portion applies, on a practical basis, aspects of the above in the classroom and in approximately 16 hours in the field. This course is suggested for students in any major which deals with human interactions with the physical environment, such as architecture, engineering, environmental studies, city planning, natural resources, geology, and geography. (C-ID GEOL 131)

Lecture Hours: 54 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A &amp; MATH 054.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C1 CSU GE: B1, B3 IGETC: 5A, 5C

### G 010 The Earth Sciences

Units: 4

This course is intended for students with a strong science background. This rigorous, fast-paced course is a survey of astronomy, meteorology, climatology, oceanography, and geology. The Earth Sciences provides a general understanding and appreciation of the physical, chemical, and historical evolution of our planet and the universe. Explore the interrelationship of the Earth Sciences and the influences of humanity upon the Earth's systems. The laboratory portion studies aspects of each area on a practical and applied basis. Potential field trips emphasize the study and interaction of local Earth systems. (C-ID GEOL 121)

Lecture Hours: 54 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A &amp; MATH 040.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C1 CSU GE: B1, B3 IGETC: 5A, 5C

### G 022 Introduction to Environmental Sciences

Units: 3

This course covers the physical, biological and chemical systems that constitute the Earth's environment. Topics include geological processes, hydrology, climatology and weather, air and water pollution, population biology, ecosystems, and biodiversity. This course will include analyses of how human behavior and institutions affect the environment. C-ID: ENV5 100

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: MATH 054 &amp; ENG 061.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C1 CSU GE: B1 IGETC: 5A

## German (GER)

### GER 001 Elementary German I

Units: 5

This course presents the fundamentals of German. Fluency in understanding, speaking, reading and writing within the context of the German society, history, and culture is emphasized.

Lecture Hours: 90 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC\* Degree Applicable: AA/AS

COD GE: C3 CSU GE: C2 IGETC: 6A

### GER 002 Elementary German II

Units: 5

This course continues the development of the skills and essentials of the German language begun in GER 1. Fluency in understanding, speaking, reading, and writing within the context of the German society, history, and culture is emphasized.

Lecture Hours: 90 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** GER 001 or two years high school German.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C3 CSU GE: C2 IGETC: 3B, 6A

## Global Studies (GS)

### GS 010 Global Studies

Units: 3

This course is an introduction to the interdisciplinary field of Global Studies, including the history of globalization, and economic, political, social, cultural and ecological developments related to the process of globalization. (C-ID GLST 101)

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A &amp; PS 001.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C2    CSU GE: D7    IGETC: 4G

### GS 011 Global Issues

Units: 3

This course introduces students to the origins, current status, and future trends of major transnational issues confronting the global community.

Topics can include population trends, economic development and inequality, basic human needs (for food, water health care), human rights, international conflict and security concerns, and environmental problems. The course also focuses on global governance, including the study of collective global responsibilities. (C-ID GLST 102)

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: GS 010, ENG 001A, &amp; PS 001.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C2    CSU GE: D7    IGETC: 4G

## Golf Management (GOLF)

### GOLF 025 Golf Shop Operations

Units: 2

This course is the study of the principles and techniques involved in managing the modern professional golf shop: selling techniques, customer service, merchandise displays, and an understanding that the golf shop is the heart of all golf activity at the facility. The ability to purchase, price, control and sell golf equipment, golf apparel, and golf accessories is an important aspect of this course. The course emphasizes the principles of organizing, financing, budgeting and controlling a golf facility's revenue and cost centers.

Lecture Hours: 18    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

### GOLF 029 Methods of Teaching Golf

Units: 2

This course will provide students a foundation in the methods of teaching the game of golf. Students in the course will learn how to take a systematic approach to helping clients improve their golf game. Students will learn best practices about how to give a golf lesson. Students will understand the cause and effect in terms of golf ball flight, and will learn to use that information to improve outcomes of their clients. Students will be able to diagnose golf swing errors, relate them to ball flight, and offer corrections and ways to practice the corrections.

Lecture Hours: 36    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

### GOLF 030 Teaching the Short Game

Units: 2

This course is the study of the techniques used to develop an effective short game and putting stroke. It emphasizes basic swing fundamentals and the modern approach to chips, pitches, greenside sand shots and putting. This course is intended for students pursuing a career in golf.

Lecture Hours: 18    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC\*    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

### GOLF 032 Golf Teaching Laboratory

Units: 2

This course is the study and practice of the methods used in teaching the game of golf. It includes learning the techniques and instructional skills necessary to teach golf to individuals and groups. It emphasizes how to adapt golf swing fundamentals to the physical attributes and prior experience of the client (student). It also includes practical application of these methods in a golf practice range environment. This course is intended for students pursuing a career in golf.

Lecture Hours: None    Lab Hours: 108    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC\*    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

### GOLF 036 Fundamentals & Rules of Golf

Units: 2

This course is the study of the basic fundamentals of playing golf and the application of the rules of the game of golf. It emphasizes understanding of the rules of golf and the responsibility of the golf professional to ensure compliance with the rules in order to uphold the integrity of the sport. Students will learn the fundamental skills and knowledge necessary to play the game. This course is intended for students pursuing a career in golf.

Lecture Hours: 18    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC\*    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**GOLF 038 Golf Tournament Administration****Units: 2**

Students taking Golf Tournament Administration will gain valuable skills and hands-on experience at running golf events. Students will learn all aspects of running a golf tournament program from best practices of marketing the events, planning a tournament schedule, daily tournament operations, and the business and sales of golf events. This class will provide marketable skills for students looking to join the golf industry.

Lecture Hours: 18    Lab Hours: 54    Repeatable: No  
Grading: Letter

**Prerequisite:** None

Advisory: GOLF-036.

Limitation on enrollment: None

Transfer Status: CSU                      Degree Applicable: AA/AS

COD GE: None                      CSU GE: None                      IGETC: None

**GOLF 040 Advanced Methods of Golf Instruction****Units: 2**

Students in this course will learn advanced techniques to help golf instruction clients improve and reach their goals. Students will access the latest teaching technology and learn the best practices that top instructors and coaches use to help players reach their potential. Students will also learn about how to build a coaching business and ways to make themselves more marketable to golf facilities and potential clients.

Lecture Hours: 18    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** GOLF-036 and GOLF-029.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU                      Degree Applicable: AA/AS

COD GE: None                      CSU GE: None                      IGETC: None

**GOLF 042 Clubfitting and Golf Club Repair****Units: 2**

Students in this course will learn the essential skills in custom fitting a set of clubs for a golfer. Students will also learn some basic elements of club repair and how to evaluate a client's current set of clubs by doing a "bag check." This course will cover all elements of clubfitting such as clubhead design, club length, lie angle, loft, swing weight, and the process of a clubfitting session. Students will also get hands-on training in a clubfitting environment.

Lecture Hours: 18    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU                      Degree Applicable: AA/AS

COD GE: None                      CSU GE: None                      IGETC: None

**GOLF 044 Golf Player Development****Units: 1**

Students in this course will learn the techniques to become better golfers and improve their scoring average dramatically. Students will work with their instructor to set goals, and then they will build and execute a plan to reach that goal. Topics in this course will include practice planning, assessing your game, making swing changes, tracking golf statistics, improving play with the scoring clubs, as well as course strategy.

Lecture Hours: None    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC                      Degree Applicable: AA/AS

COD GE: None                      CSU GE: None                      IGETC: None

**GOLF 046 Golf Career Pathways****Units: 2**

Students in this course will learn about the many diverse and exciting career opportunities in the one-billion dollar golf industry. Students will be able to understand important aspects about each career path in the industry to help them make decisions about the career options best for them. In addition, students will receive best practices about job preparedness and applying for jobs specific to the golf industry.

Lecture Hours: 36    Lab Hours: None    Repeatable: No  
Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU                      Degree Applicable: AA/AS

COD GE: None                      CSU GE: None                      IGETC: None

**GOLF 095A Golf Work Experience****Units: 1-5**

This work experience course of supervised employment provides students the opportunity to connect academics to applied experiential learning in the workplace. It assists students in developing transferable employability skills, career awareness, learning industry culture, competencies and norms, and developing professional networks that support career mobility. To enroll, students must have a job or internship placement in a part-time or full-time capacity. Credit may be accrued at the rate of one to five (1-5) units per semester based on the student's ability to meet the hours required per unit enrolled. Students must work 54 hours per unit earned. This Work Experience course is available to students whose job or internship placement is directly related to Golf.

Lecture Hours: None    Lab Hours: 270    Repeatable: Yes

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU                      Degree Applicable: AA/AS

COD GE: None                      CSU GE: None                      IGETC: None

## Health Sciences (HS)

**HS 013 General Nutrition****Units: 3**

This course is a study of the chemical composition of foods and their utilization by the body. Students study the roles, functions, and interactions of proteins, fats, carbohydrates, vitamins, minerals, and water. Practical problems of nutrition and relationship of adequate diet to fitness, energy balance, disease risk, and lifespan. C-ID: NUTR 110

Lecture Hours: None    Lab Hours: None    Repeatable: Yes

Grading: Student Option

**Prerequisite:** None

Advisory: ENG 061

Limitation on enrollment: None

Transfer Status: None                      Degree Applicable: None

COD GE: None                      CSU GE: D                      IGETC: E

**HS 014 Principles of Food****Units: 3**

Application of food science principles with emphasis on ingredient function and interaction, food preparation techniques, sensory evaluation standards, food safety and sanitation, and nutrient composition of food. (C-ID NUTR 120)

Lecture Hours: 36    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 061.

Limitation on enrollment: None

Transfer Status: CSU                      Degree Applicable: AA/AS

COD GE: None                      CSU GE: None                      IGETC: None

**HS 015 Advanced Nutrition: Modified Diets**

**Units: 3**

This course covers principles of nutrition care for acute and chronic illnesses in order to provide modified diets and menu development for individuals with a variety of health care conditions and needs. The focus is on how dietary modifications improve a person's food intake and health.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** HS 013.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**HS 016 Certified Dietary Manager**

**Units: 3**

Techniques and procedures of management roles are explored and developed as they relate to food handling and preparation within commercial and institutional facilities. Topics include: functions of management, marketing, menu development, effective cost controls in purchasing, as well as food labor and service techniques.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: HS 013 HS 015.

Advisory: ENG 061.

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**HS 017 Certified Dietary Manager: Clinical Lab, Experience**

**Units: 3**

Application of techniques and procedures of management roles are explored and developed as they relate to food preparation, food handling, food safety and sanitation, and nutrient composition of food within the following types of facilities: general acute-care hospitals, psychiatric hospitals, skilled nursing facilities, and residential-care facilities.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: HS 013 HS 015 and HS 016.

Advisory: ENG 061.

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**HS 061 Medical Terminology**

**Units: 3**

This course introduces medical terminology as used by all health service personnel, including medical doctors, dentists, nurses, respiratory therapists, physical therapists, EMTs, medical secretaries and doctors' office assistants.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 061.

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**HS 062 Your Living Body**

**Units: 3**

This course provides a basic overview of body structures and functions, correlated with discussion of the major diseases affecting each of the major systems. This course is required for Vocational Nursing Program.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: HS 061 & ENG 061.

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**HS 064 Nurse Assistant**

**Units: 6**

This course includes basic nursing principles used in the care of clients in long-term care facilities. The content addresses the basic needs of clients; concepts of ethics and confidentiality; techniques of communication; reporting and recording of observations and basic assessments; performance of special treatments, procedures and skills required for client care. Successful completion of the course results in eligibility to take the state-approved test that leads to certification as a nursing assistant. Malpractice Fee of \$15.00.

Lecture Hours: 63 Lab Hours: 135 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**HS 065 Basic Pharmacology**

**Units: 3**

This course provides an introduction to basic pharmacology. Content covers major categories and classes of pharmacological agents. The actions, untoward actions, and desired and undesired effects of commonly used drugs in the major classifications are presented.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: BI 004.

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**HS 066 Home Health Aide**

**Units: 2**

This course expands on the content taught in the nursing assistant course to provide preparation for care of residents in home care settings. The content emphasizes personal care, basic communications, safety, meal planning, and maintaining a healthful environment. With a blend of theoretical knowledge and hands-on experiences, students will be well-equipped to provide high-quality care in home health settings, and ready to meet the demands of the contemporary health care landscape.

Lecture Hours: 27 Lab Hours: 27 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NAA

COD GE: None CSU GE: None IGETC: None

**HS 067 Introduction to Med/Dosage Calculations****Units: 1**

This course provides a basic foundation for the study of pharmacology and covers the general principles of drug administration with a review of arithmetic and the calculation of math dosages. It utilizes a nursing process approach which focuses on the understanding of pharmacological principles, medication administration, and the evaluation of the client's responses in the health care setting. This course is designed for the beginning vocational nursing student and other allied health care disciplines.

Lecture Hours: 18 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: MATH 060 &amp; ENG 061.

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**HS 068 Pharmacy Technician****Units: 4**

This course provides technical and practical training to prepare students for the Pharmacy Technician Certification Board exam and to function as a competent entry-level assistant to the pharmacist. Topics covered include pharmacy law and regulations, sterile and non-sterile compounding, pharmacy billing and reimbursement, pharmacy inventory management, and pharmacy system usage and application.

Lecture Hours: 54 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: HS 065, HS 067, HS 074, ENG 061 &amp; MATH 060.

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**HS 069 Optical Dispensing Technician****Units: 4**

This course provides technical and practical training to prepare students for the National Opticianry Competency Examination (NOCE) and the Contact Lens Registry Examination (CLRE). Topics covered include optical principles and lens technology, frame materials and measurements, contact lens fitting and evaluation, ocular anatomy and physiology, and optical laws and regulations.

Lecture Hours: 54 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: HS 061, HS 067, HS 074, ENG 061 and MATH 060.

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**HS 070 Introduction to Health Sciences****Units: 1**

This course is strongly recommended for all students entering the VN or ADN programs offered at College of the Desert. It is designed to provide students interested in Health Sciences programs with detailed information about program requirements and career objectives.

Lecture Hours: 18 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 061.

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**HS 071 Strategies for Success/Nursing Program****Units: 2**

This course is designed to prepare students for the successful completion of any undergraduate nursing program. Students will be given an overview of nursing program requirements and expectations and they will acquire information and skills that facilitate student success once admitted into a program. Students will also explore nursing career options, which will guide the development of their educational plan.

Lecture Hours: 36 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: NAA

COD GE: None CSU GE: None IGETC: None

**HS 073 Introduction to Public Health****Units: 3**

This course provides an introduction to public health. Students will gain an understanding of the basic concepts and terminologies of public health, and the history and accomplishments of public health officials and agencies. Topics include the epidemiology of infectious and chronic disease; prevention and control of diseases in the community including the analysis of the social determinants of health and strategies for eliminating disease, illness and health disparities among diverse populations; community organizing and health promotion programming; environmental health and safety; global health; and, healthcare policy and management. (C-ID PHS 101)

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: None CSU GE: E IGETC: None

**HS 074 Informatics for Health Science****Units: 3**

This course provides an overview of the computer software used by members of the Health Science profession. It will introduce students to the software in: assessment, planning, education, program implementation and management currently used in health science and allied health. It will introduce students to programs such as statistical packages, Project management, GIS, and Electronic Health Records. The course will also cover the legal and ethical use of software linked to client care.

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**HS 080 Electrocardiogram (ECG) Interpretation****Units: 3**

This course is designed for persons interested in working with patients who require cardiac monitoring. It provides an overview of the anatomy and physiology of the heart and the conduction system. Students apply analytical thinking to interpret graphic representations of normal and abnormal electrical activity of the heart. The emphasis of this course is on the interpretation of heart rhythms, lead placement, obtaining a 12 lead electrocardiogram and interpretation of cardiac rhythms that require immediate intervention.

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

Transfer Status: None    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**HS 083A Basic Phlebotomy****Units: 1.5**

The course will prepare students to perform basic blood collection methods using appropriate techniques. Through lecture and lab experiences, students will receive training in basic infection prevention, proper patient identification, proper labeling of specimens, and quality assurance. Students will be taught specimen handling, and processing.

Lecture Hours: 18    Lab Hours: 27    Repeatable: No

Grading: Letter

**Prerequisite:** HS 064.

Advisory: None

Limitation on enrollment: None

Transfer Status: None    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**HS 083B Advanced Phlebotomy****Units: 1.5**

The course will prepare students to perform advanced blood collection methods using appropriate techniques. Through lecture and lab experiences, students will receive training in infection prevention, proper labeling of specimens, and quality assurance. Students will be taught advanced specimen handling, arterial puncture blood cultures and special processing. The course will be educated in the agencies that regulate phlebotomy.

Lecture Hours: 18    Lab Hours: 27    Repeatable: No

Grading: Letter

**Prerequisite:** HS 083A.

Advisory: None

**HIST 005 History of Western Civilization I****Units: 3**

This course surveys the emergence of Western Civilization from its roots in the valleys of the Tigris-Euphrates and Nile Rivers to 16th century Europe. In addition to covering the major cultures and civilizations of the ancient world, it also addresses the development of the classical civilizations of Greece, the Hellenistic world and Rome; the transition through the medieval period, including the development of the Byzantine Empire, the rise and expansion of Islam, and the emergence of a new civilization, "Christendom," in Western Europe; to the transformations of the Age of Exploration, the Renaissance, and the Reformation. In particular, the course introduces the major social, economic, political, intellectual and cultural developments that shaped what came to be known as "the West." (C-ID HIST 170)

## Japanese (JPN)

**JPN 001 Elementary Japanese I****Units: 5**

This course concentrates on developing basic skills in listening, reading, speaking and writing of Japanese. Emphasis is placed on acquisition of vocabulary, structures and grammatical patterns necessary for comprehension of native spoken and written Japanese at the Novice Low to Novice mid-range of the ACTFL Proficiency Guidelines. As articulated in Standards for Foreign Language Learning in the 21st Century. The course also prepares students to be able to demonstrate their proficiencies across the three communication modes: interpretive, interpersonal, and presentational. In addition to communication, the 5 C's of the National Standards for Japanese Language Learning are integrated in instruction. The student will through the coursework to cover the area of cultural competence, connections to other disciplines, comparisons between the Japanese language and culture and those of the students, and the use of the language in multilingual communities beyond the school setting.

**KINE 008 Introduction to Kinesiology****Units: 3**

This course is an introduction to the interdisciplinary approach to the study of human movement, including knowledge derived from performing physical activity, studying historical, ethical and philosophical foundations of physical activity, and professional practice centered in physical activity. It includes an analysis of the importance of physical activity in daily life, the relationship between physical activity and the discipline of Kinesiology, and the general effects of physical activity experiences. The course surveys the general knowledge base of the discipline as reflected in the major sub-disciplines and reviews selected in each, showing how they contribute to our understanding of the nature and importance of physical activity. In addition, the course introduces students to the general characteristics of the professions, to specific types of physical activity professions typically pursued by Kinesiology students and assists them in making some early career decisions. **KINE 009 Essentials for Group Fitness, Professionals****Units: 3**

This course provides students with guidance in professional development and client interaction in the fitness industry. There is emphasis on group fitness and individual fitness assessment as related to gender, age and special health circumstances. The class will cover the industry of group fitness, foundations of exercise science, the human movement system, integrated fitness, teaching methodologies, teaching multi-training and exercise technique, class planning and preparation, and adapting to class dynamics. The course will expand upon diverse communication and learning styles, how to increase class engagement and motivation and professional and legal responsibilities for group fitness professionals. The course will examine principles of adherence and motivation, and the role of positive psychology to increase motivation. Current, future and past group fitness trends will be analyzed as a way to compliment exercise program design and progression of vast individual and group ability levels. The course will include the important roles of growing a personal business both small and large, self-marketing, and ethical and legal responsibilities of the group fitness industry. The students will also be exposed and learn from community leaders in fitness, health and wellness in the Coachella Valley.

**KINE 095A Kinesiology Work Experience****Units: 1-5**

This work experience course of supervised employment provides students the opportunity to connect academics to applied experiential learning in the workplace. It assists students in developing transferable employability skills, career awareness, learning industry culture, competencies and norms, and developing professional networks that support career mobility. To enroll, students must have a job or internship placement in a part-time or full-time capacity. Credit may be accrued at the rate of one to five (1-5) units per semester based on the student's ability to meet the hours required per unit enrolled. Students must work 54 hours per unit earned. This Work Experience course is available to students whose job or internship placement is directly related to Kinesiology.

## Library & Information Studies (LIS)

### LIS 001 An Introduction to Basic Research, Skills Units: 3

Appropriate for students pursuing almost any major, this course presents an introduction to the basic concepts and tools used in research.

Emphasis is placed on how to develop a research topic and how to locate, evaluate, use, and cite relevant information. Students will learn to develop strategies for finding relevant research information in different modalities to address a variety of information needs.

Lecture Hours: 54    Lab Hours: None    Repeatable: No  
Grading: Student Option

**Prerequisite:** None

Advisory: CIS 010 & RDG 051.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C4b    CSU GE: None    IGETC: None

### LIS 301 Introduction to Academic Research 1 Units: 0

Applicable to almost all majors, this course is designed to support college students to develop or strengthen their information competency and academic research skills. In this course, students will learn what it means to be information competent, how to obtain assistance in completing research assignments, and the different types of information sources.

Noncredit Hours: 2    Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None    Degree Applicable: NONC

COD GE: None    CSU GE: None    IGETC: None

### LIS 302 Introduction to Academic Research 2 Units: 0

Applicable to almost all majors, this course is designed to support college students develop or strengthen their information competency and academic research skills. In this course, students will learn how to create an answerable research topic, select the right keywords, select and evaluate research databases, and evaluate information sources. Advisory: LIS 301

Noncredit Hours: 2    Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

COD GE: None    CSU GE: None    IGETC: None

## Makerspace (MAKR)

### MAKR 301 Basic Makerspace Skills I Units: 0

Introduces students and other individuals to the skills and equipment used in makerspaces. Skills include but are not limited to basic makerspace safety, basic equipment safety, and basic prototyping. Equipment includes 3D printers, vinyl/paper printers & cutters, sewing/embroidery, soldering, etc. Students will be able to learn independently and in groups to enhance their personal skills in using equipment safely and effectively to create and build items for personal and educational uses. After completing the two-course sequence of ENTR 301 and 302, students will receive training, badges, and a certificate of completion to safely use equipment at a beginning level. Students will be more prepared for entering STEM and maker career paths in education, community centers, and libraries. This course cannot be taken for credit.

Noncredit Hours: 5    Repeatable: Yes

Grading: Pass/No Pass

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: None    Degree Applicable: NONC

COD GE: None    CSU GE: None    IGETC: None

### MAKR 302 Basic Makerspace Skills II Units: 0

Provides additional instruction on the skills and equipment used in makerspaces. More advanced practice is provided for skills related to makerspace safety, equipment safety, and prototyping. Equipment includes a CNC machine, resin 3D printer, resin casting, laser engraver/cutter, airbrush painting, vacuum forming, etc. Students will be able to learn independently and in groups to enhance their personal skills in using equipment safely and effectively to create and build items for personal and educational uses. After completing the two-course sequence of ENTR 301 and 302, students will receive training, badges, and a certificate of completion to safely use equipment at a beginning level. Students will be more prepared for entering STEM and maker career paths in education, community centers, and libraries. This course cannot be taken for credit.

## Mass Communication (MC)

### MC 001 Introduction to Mass Media

Units: 3

This course introduces students to the influences and contributions of mass media in popular culture. It traces the historical development of the mass media, from earliest inventions to today's state-of-the-art digital technologies. This course surveys the impact of mass media on each of us as individuals and on American and world culture: where we might be going and what we can do about it. The course also examines how mass culture continually influences and shapes the media. (C-ID JOUR 100)

### MC 095A Mass Communication Work Experience

Units: 1-5

This work experience course of supervised employment provides students the opportunity to connect academics to applied experiential learning in the workplace. It assists students in developing transferable employability skills, career awareness, learning industry culture, competencies and norms, and developing professional networks that support career mobility. To enroll, students must have a job or internship placement in a part-time or full-time capacity. Credit may be accrued at the rate of one to five (1-5) units per semester based on the student's ability to meet the hours required per unit enrolled. Students must work 54 hours per unit earned. This Work Experience course is available to students whose job or internship placement is directly related to Mass Communication.

## Mathematics (MATH)

### MATH 001A Calculus

Units: 4

This course is a study of the meaning, computation and analysis of the derivative with an introduction to the integral. Topics include the definitions and analysis of limits, continuity, and differentiability; methods for differentiating polynomial, rational, exponential, logarithmic and trigonometric functions, together with functions represented numerically and graphically; applications of the derivative; and an introduction to the integral. (C-ID MATH 210)

Lecture Hours: 54 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: MATH 012.

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C4b CSU GE: B4 IGETC: 2A

### MATH 001B Calculus II

Units: 4

This course is a study of the meaning, methods and applications of integration and infinite series. Topics include the definition of the definite integral, the Fundamental Theorem of Calculus, techniques of integration, applications of integration, first order separable differential equations, modeling exponential growth and decay, infinite series and approximation of functions using Taylor series with remainder. (C-ID MATH 220)

Lecture Hours: 54 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** MATH 001A.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C4b CSU GE: B4 IGETC: 2A

### MATH 002A Multivariate Calculus

Units: 4

This course extends the concepts of differentiation and integration introduced in the first two semesters of calculus to functions of several variables. Topics include solid Euclidean geometry, vector algebra in 3 dimensions, line and surface integrals, multiple integration in rectangular, cylindrical and spherical coordinates, extreme values, parameterized space curves and surfaces, divergence, directional derivatives, gradients, Gauss', Green's and Stokes' theorems. (C-ID MATH 230)

Lecture Hours: 54 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** MATH 001B.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C4b CSU GE: B4 IGETC: 2A

### MATH 002B Linear Algebra

Units: 4

This course is a standard introductory course in linear algebra. Topics include vectors in  $R^n$ , matrices and systems of linear equations, determinants, vector spaces, linear independence, linear transformations, eigenvalues, eigenvectors, and diagonalization of certain quadratic forms. (C-ID MATH 250)

Lecture Hours: 54 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** MATH 001B.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C4b CSU GE: B4 IGETC: 2A

**MATH 002C Ordinary Differential Equations**

**Units: 4**

This is a standard introductory course in differential equations and their applications in modeling dynamic phenomena. Topics include first, second and higher order differential equations; systems of first order equations, linear, homogeneous and nonhomogeneous differential equations; solutions by power series; numerical methods, LaPlace transforms; and applications. (C-ID MATH 240)

Lecture Hours: 54 Lab Hours: 54 Repeatable: No  
Grading: Letter

**Prerequisite:** MATH 001B.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C4b CSU GE: B4 IGETC: 2A

**MATH 005 Trigonometry**

**Units: 5**

This course is the first of a two semester sequence preparing students for calculus. In this course, students will study functions with an emphasis on the trigonometric functions along with topics in analytic geometry. Topics will include a review of plane and coordinate geometry, functions including function notation, transformations and inverses, definitions and graphs of the trigonometric functions, modeling periodic behavior, solving triangle problems with the Law of Sines and Cosines, the conic sections, parametric equations and vectors.

Lecture Hours: 90 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: MATH 049 or qualifying placement.

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: C4b CSU GE: B4 IGETC: None

**MATH 009 Business Calculus**

**Units: 4**

Presents a study of the techniques of calculus with emphasis placed on the application of these concepts to business and management-related problems. The applications of derivatives and integrals of functions including polynomials, rational, exponential and logarithmic functions are studied. Students in STEM majors are advised to take MATH 001A and MATH 001B instead.

Lecture Hours: 54 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: MATH 010 or MATH 012.

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC\* Degree Applicable: AA/AS

COD GE: C4b CSU GE: B4 IGETC: 2A

**MATH 010 College Algebra**

**Units: 4**

This is a function oriented course that includes an examination of the general concept of a function and function notation, as well as an in depth investigation of polynomial, rational, exponential, and logarithmic functions, particularly their equations, graphs, and behavior. Other topics include the binomial theorem, conic sections, and matrices as they apply to systems of linear equations. (C-ID MATH 150) Note: All students now can enroll in this transfer-level course without completing posted prerequisites. Please refer to AB 705 (under How do I enroll in courses at COD?) or see a Counselor.

Lecture Hours: 54 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: MATH 049 or qualifying placement.

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC\* Degree Applicable: AA/AS

COD GE: C4b CSU GE: B4 IGETC: 2A

**MATH 011 Math Concepts for Elementary School, Teachers - Number Systems**

**Units: 3**

This course covers mathematical topics needed for elementary school teaching with a focus on quantitative reasoning, problem solving, and communication. Topics include structure of the real number system, numeration systems, computation algorithms, problem solving strategies, and elementary number theory. The course meets requirements for elementary school teacher certification. (C-ID MATH 120) Note: All students now can enroll in this transfer-level course without completing posted prerequisites. Please refer to AB 705 (under How do I enroll in courses at COD?) or see a Counselor.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: MATH 045.

Advisory: ENG 001A.

COD GE: C4b CSU GE: B4 IGETC: 2A

**MATH 013 Liberal Arts Math**

**Units: 4**

This course is designed for social science and liberal arts majors. It emphasizes applications of mathematics in the areas of management science, probability and statistics, social choice and decision making, game theory, and consumer finance. Topics include sets, logic & counting, probability, linear systems and linear programming, scheduling, statistics, mathematics of finance and other applications for liberal arts majors. Note: All students now can enroll in this transfer-level course without completing posted prerequisites. Please refer to AB 705 (under How do I enroll in courses at COD?) or see a Counselor.

Lecture Hours: 54 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: MATH 045 or MATH 049 or qualifying placement.

Advisory: ENG 001A.

COD GE: C4b CSU GE: B4 IGETC: 2A

**MATH 014 Statistical Methods**

This course is an introduction to descriptive and inferential statistics; how to use measures of central tendency and dispersion among population samples to draw inferences about a population and to compare two or more populations. Discrete and continuous probability density distributions are analyzed including the binomial, normal, Student-t, chi-squared, and F-distributions. Confidence intervals for population means, proportions and variance are set. Additional topics include regression and correlation analysis and techniques of hypothesis testing, including ANOVA, and use of calculator and software applications. (C-ID MATH 110) Note: All students now can enroll in this transfer-level course without completing posted requisites. Please refer to AB 705 (under How do I enroll in courses at COD?) or see a Counselor. Lecture Hours: 54 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: MATH 045 or MATH 049 or qualifying placement.

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC\* Degree Applicable: AA/AS

COD GE: C4b CSU GE: B4 IGETC: 2A

**MATH 015 Discrete Mathematics for Computers**

This course is an introduction to discrete mathematics and its applications for computer science students. Topics to be covered include logic and sets, methods of proof, relations and functions, combinatorics, probabilities, graph and tree theory, recurrence relations, Boolean algebra, algorithms, and finite-state machines. (C-ID COMP 152)

Lecture Hours: 54 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: MATH 012 & CS 007A.

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C4b CSU GE: B4 IGETC: 2A

**MATH 016 Finite Mathematics**

This course covers linear functions, systems of linear equations, matrices, linear programming, mathematics of finance, sets and Venn diagrams, combinatorial techniques and an introduction to probability as well as applications from business, economics, social science, and personal finance.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: MATH 049 or MATH 045 or qualifying placement.

Advisory: ENG 001A.

Limitation on enrollment: None

COD GE: C4b CSU GE: B4 IGETC: 2A

**MATH 020 Programming and Problem Solving in, MATLAB Units: 3**

This course utilizes the MATLAB environment to provide students with a working knowledge of computer-based problem-solving methods relevant to science and engineering. It introduces the fundamentals of procedural and object-oriented programming, numerical analysis, and data structures. Examples and assignments in the course are drawn from practical applications in engineering, physics, and mathematics.

Lecture Hours: 36 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** MATH 001A.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C4b CSU GE: None IGETC: None

**MATH 031 Undergraduate Research Experience Units: 2**

Under the supervision of STEM faculty, students will select a project to be completed during the semester. Topics will include information retrieval, computer skills applied to laboratory research, time management and organizational skills, application of modern research methods, experimental design, data collection and analysis, presentation skills (written and oral), and applying for summer internship opportunities. This course is intended for students pursuing a STEM degree and who have completed a minimum of 35 college level units.

Lecture Hours: 18 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: MATH 001B.

Advisory: LIS 001.

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**MATH 045 Math Fundamentals for Social Science Units: 3**

This course focuses on solving problems using linear, exponential, and other models with an introduction to the concept of a function. Topics include solving and graphing linear and exponential functions, systems of linear equations and inequalities, evaluating rational exponential functions, evaluating and solving root functions and equations, evaluating multivariate functions, creating and analyzing a variety of tables and diagrams, and applications to social sciences and financial mathematics. This course satisfies the Math Competency for an Associate Degree.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** MATH 054 or qualifying placement.

Advisory: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: C4b CSU GE: None IGETC: None

**MATH 054 Beginning Algebra**

**Units: 4**

This course is an introduction to the real number system and to the use of variable expressions and equations in problem solving. Topics include properties of the real numbers, square roots, arithmetic of variable expressions including polynomials and algebraic fractions, solving linear equations and inequalities in one variable, factoring, and an introduction to the Cartesian coordinate system and the equations and graphs of linear equations in two variables. Also, the proper use of math notation is emphasized along with an introduction to Pythagorean Theorem and basic geometric formulas, some dimensional analysis with modeling applications is included.

Lecture Hours: 54 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: MATH 060 or MATH 065.

Advisory: ENG 061.

Limitation on enrollment: None

**MATH 095A Math Work Experience****Units: 1-5**

This work experience course of supervised employment provides students the opportunity to connect academics to applied experiential learning in the workplace. It assists students in developing transferable employability skills, career awareness, learning industry culture, competencies and norms, and developing professional networks that support career mobility. To enroll, students must have a job or internship placement in a part-time or full-time capacity. Credit may be accrued at the rate of one to five (1-5) units per semester based on the student's ability to meet the hours required per unit enrolled. Students must work 54 hours per unit earned. This Work Experience course is available to students whose job or internship placement is directly related to Mathematics.

## Music (MUS)

### MUS 001 Music Theory I

Units: 4

This course is a study of the basic materials of music (harmony, melody, rhythm, form, etc.) and how those materials combine to create the tonal music of the common practice period. Activities include critical analysis of representative compositions and creative work in counterpoint and harmony combined with historical perspective from the common practice period. Lab activities include sight singing, ear training, and dictation practice related to the theoretical material. (C-ID MUS 120, C-ID MUS 125)

Lecture Hours: 54

Lab Hours: 54

Repeatable: No

Grading: Letter

**Prerequisite:** MUS 012.

Advisory: None

## Natural Resources (NR)

**NR 001 Conservation of Natural Resources**

**Units: 3**

This environmental science course encompasses a study of general ecological principles including biological energy relationships, biogeochemical cycles, population dynamics, limiting factors, biotic communities, principles of ecosystem sustainability, ecosystem change, and biodiversity. Environmental issues are examined from an ecological perspective and include such topics as water availability and quality, fossil fuels and renewable energy resources, air pollution, global atmospheric issues, hazardous materials, and human population growth. Emphases are placed on the effects of environmental problems upon all living organisms, and the role of human beings in reducing their impact on this planet. Suggested for Biological Sciences General Education Requirements.

**NR 021 Introduction to GIS****Units: 3**

Geographic Information Systems (GIS) are software systems that allow users to integrate spatially related information from spreadsheets with smart mapping capabilities. In this course, students work with ESRI ArcGIS software to learn fundamental concepts of performing GIS tasks: identification and acquisition of GIS data; assessment of vector and raster systems, scale, resolution, map projection, coordinate systems; georeferencing and Global Positioning Systems (GPS); spatial analysis and modeling with GIS. Students will also learn how GIS technology can be applied to many fields including environmental research, government, business, real estate, health care, urban planning, fire technology, agriculture, landscape design, anthropology, and more. (Equivalent to GIS 021.) (C-ID GEOG 155)

## Nursing (N)

### N 001 Basic Concepts in Nursing Practice

**Units: 8**

This course introduces students to the organizing framework of the program and to the nursing process. The focus is on optimum wellness.

Basic care concepts and skills common to promoting, maintaining or restoring health are presented in the classroom and practiced in college and clinical laboratories. Care is focused on the needs of medical, surgical and geriatric clients. A materials fee of \$80.00 - \$120.00 is required for this course to cover lab learning activities.

Lecture Hours: 72 Lab Hours: 216 Repeatable: No

Grading: Letter

**Prerequisite:** None

### N 003A Concepts of Nursing Practice - Complex,Alterations in Health

**Units: 9**

Previously learned principles of medical surgical nursing will be built upon in this course. Nursing 3A focuses on promoting, maintaining or restoring health of clients with alterations in psychological and/or physiological functioning. Specific topics covered in this course include men's and women's health, health alterations in respiratory and cardiac systems, conditions of immune response, and psychosocial alterations impacting individuals and families. Clinical experiences will include both inpatient and community-based settings. A materials fee of \$80.00 - \$175.00 is required for this course to cover lab learning activities.

### N 057 Transition to Registered Nursing

**Units: 2.5**

This course is designed for licensed vocational nurses (LVN) seeking to transition into the role of a registered nurse (RN). It provides theoretical knowledge and practical skills necessary for success in the second year of the Associate Degree Nurse (ADN) program. Students will gain a deeper understanding of nursing concepts and refine their clinical skills through both theoretical and hands-on-laboratory experiences. This course is required for application to the LVN to RN program and must occur within 2 years of successful completion of the course. A materials fee of \$90.00-\$135.00 is required for this course to cover lab learning activities skills kit.

**PHIL 006 Introduction to Philosophy****Units: 3**

This course surveys the traditional philosophical problems of knowledge, logic, ethics, aesthetics, religion and metaphysics. A special emphasis is placed upon the ancient Greek philosophers as the foundational thinkers of Western civilization. The historical and conceptual links between ancient Greece and ancient India are discussed. Some relevant developments in medieval and modern philosophy are highlighted.

Lecture Hours: 54    Lab Hours: None    Repeatable: No  
Grading: Letter

**Prerequisite:** None

Advisory: ENG 061.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS  
COD GE: C3    CSU GE: C2    IGETC: 3B

**PHIL 007 Ideas of the Great Philosophers****Units: 3**

An introduction to the practice of philosophy through the analysis of selected original writings of some of our greatest philosophers. Topics include the nature of reality, the existence and nature of God, the mind/body problem, skepticism and knowledge, and the foundations of morality. This course is offered in the Fall semester.

Lecture Hours: 54    Lab Hours: None    Repeatable: No  
Grading: Letter

**Prerequisite:** None

Advisory: ENG 061.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS  
COD GE: C3    CSU GE: C2    IGETC: 3B

**PHIL 010 General Logic****Units: 3**

An introduction to the basics of deductive and inductive logics. Emphasis is placed on the syntax and semantics of elementary deductive logic.

Inductive reasoning, the identification of informal fallacies, and the rudiments of the scientific method are also studied. (C-ID PHIL 110)

Lecture Hours: 54    Lab Hours: None    Repeatable: No  
Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A & MATH 060.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS  
COD GE: C4b    CSU GE: A3    IGETC: None

**PHIL 012 Religions of the World****Units: 3**

An historical and conceptual introduction to the world's principal religious philosophies -- Hinduism, Jainism, Buddhism, Sikhism, Taoism, Confucianism, Shintoism, Zoroastrianism, Judaism, Christianity and Islam -- with an examination of their original writings and subsequent commentaries

Lecture Hours: 54    Lab Hours: None    Repeatable: No  
Grading: Letter

**Prerequisite:** None

Advisory: ENG 061.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS  
COD GE: C3    CSU GE: C2    IGETC: 3B, 4G

**PHIL 013 Perspectives on Death & Dying****Units: 3**

The phenomenon of human mortality as presented, analyzed, and critically evaluated from cross-cultural perspectives in philosophy, religion, literature, psychology, medicine, and law. Students will develop an understanding of death and dying, terminal illness, and attitudes and practices related to death.

Lecture Hours: 54    Lab Hours: None    Repeatable: No  
Grading: Letter

**Prerequisite:** None

Advisory: ENG 061.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS  
COD GE: C2, C3    CSU GE: C2, E    IGETC: 3B

**PHIL 014 Introduction to Ethics****Units: 3**

A systematic examination of the concepts of moral right and wrong and the application of moral principles and/or virtues in the attempted resolution of significant moral difficulties. Theories of normative ethics and meta-ethics are stressed, but are supplemented with cases from applied ethics. (C-ID PHIL 120)

Lecture Hours: 54    Lab Hours: None    Repeatable: No  
Grading: Letter

**Prerequisite:** None

Advisory: ENG 061.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS  
COD GE: C3    CSU GE: C2    IGETC: 3B

**PHIL 017 Philosophy of Religion****Units: 3**

An in-depth examination of some of the significant commonalities and major differences among and between the three great monotheistic religions: Judaism, Christianity, and Islam. Particular attention will be paid to the logical analyses of some of the distinctive doctrines endorsed by each faith, and how these doctrines may have reinforced and exacerbated the historic and contemporary conflicts between civilizations.

Lecture Hours: 54    Lab Hours: None    Repeatable: No  
Grading: Letter

**Prerequisite:** None

Advisory: PHIL 006 or PHIL 012 &amp; ENG 061.

Limitation on enrollment: None

Transfer Status: CSU/UC                      Degree Applicable: AA/AS  
COD GE: C3                      CSU GE: C2                      IGETC: 3B

**PHIL 018 Philosophy of Science****Units: 3**

An introduction to the core philosophical issues raised by the unprecedented success of scientific inquiry since the beginning with the origins of modern science in the 16th century through the conceptual revolution in physics in the twentieth century. Topics include the logic and epistemology of scientific discoveries, observation vs. explanation, causation and the laws of nature, realism and antirealism regarding scientific knowledge, and the conflicts and compatibilities between the sciences and religions. This course is offered in the Spring semester.

Lecture Hours: 54    Lab Hours: None    Repeatable: No  
Grading: Letter

**Prerequisite:** .

Advisory: ENG 061, and at least one previous college-level course in philosophy or the natural sciences.

Limitation on enrollment: None

Transfer Status: CSU/UC                      Degree Applicable: AA/AS  
COD GE: None                      CSU GE: C2                      IGETC: 3B

## Physics (PH)

**PH 001 Introductory Physics****Units: 4**

This course is an introduction to the basic concepts, theories, and principles of physics. Topics include mechanics, properties of matter, heat, electricity and magnetism, waves, and modern physics. Note: This course is designed for students in general education who need to satisfy a laboratory requirement in the physical sciences, and for those in technical programs who need an introduction to physical concepts.

Lecture Hours: 54    Lab Hours: 54    Repeatable: No  
Grading: Letter

**Prerequisite:** Prerequisite: MATH 054.

Advisory: ENG 061.

Limitation on enrollment: None

Transfer Status: CSU/UC\*                      Degree Applicable: AA/AS  
COD GE: C1                      CSU GE: B1, B3                      IGETC: 5A, 5C

**PH 002A College Physics I****Units: 4**

This is an algebra and trigonometry-based physics course designed for majors not seeking a degree in the sciences or engineering. This course is the first semester of the Physics 2 sequence. Topics include mechanics, sound, fluids, thermodynamics, and wave motion. This course is offered in the Fall semester of even-numbered years. (C-ID PHYS 100S; PHYS 105)

Lecture Hours: 54    Lab Hours: 54    Repeatable: No  
Grading: Letter

**Prerequisite:** MATH 005 & ENG 061 .

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC\*                      Degree Applicable: AA/AS  
COD GE: C1                      CSU GE: B1, B3                      IGETC: 5A, 5C

**PH 002B College Physics II****Units: 4**

This is an algebra and trigonometry-based physics course designed for majors not seeking a degree in the sciences or engineering. This course is the second semester of the Physics 2 sequence. Topics include electricity, magnetism, optics, and selected topics from modern physics. This course is offered in the Spring semester of odd-numbered years.

Note: The physics 2 sequence satisfies the physics requirement for some pre-professional students. (C-ID PHYS 110; PHYS 100S)  
Lecture Hours: 54    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** PH 002A.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC\*                      Degree Applicable: AA/AS  
COD GE: C1                      CSU GE: B1, B3                      IGETC: 5A, 5C

**PH 003A Engineering Physics****Units: 4**

This is the first semester of the three-semester calculus-based physics sequence for scientists and engineers including those entering the computer fields. Topics include mechanics, wave motion, and sound. (C-ID PHYS 205)

Lecture Hours: 54    Lab Hours: 54    Repeatable: No  
Grading: Letter

**Prerequisite:** Prerequisite: MATH 001A.

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC\*                      Degree Applicable: AA/AS  
COD GE: C1                      CSU GE: B1, B3                      IGETC: 5A, 5C

**PH 003B Engineering Physics****Units: 4**

This is the second semester of the calculus-based physics sequence for scientists and engineers including those entering the computer fields. Topics include electricity, magnetism, and thermodynamics. (C-ID PHYS 210)

Lecture Hours: 54    Lab Hours: 54    Repeatable: No  
Grading: Letter

**Prerequisite:** PH 003A and.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC\*                      Degree Applicable: AA/AS  
COD GE: C1                      CSU GE: B1, B3                      IGETC: 5A, 5C

**PH 003C Engineering Physics****Units: 4**

This is the third semester of the calculus-based physics sequence for scientists and engineers including those entering the computer fields. Topics include electromagnetic waves, geometric and physical optics, relativity, quantum physics, and the physics of atoms, nuclei, and elementary particles. (C-ID PHYS 215)

Lecture Hours: 54    Lab Hours: 54    Repeatable: No  
Grading: Letter

**Prerequisite:** PH 003B.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC\*                      Degree Applicable: AA/AS  
COD GE: C1                      CSU GE: B1, B3                      IGETC: 5A, 5C

**PH 006A Electric Circuits for Engineering & Science****Units: 4**

This course is the first semester of a one year course designed to provide students with a broad knowledge of the theoretical background and experimental application of modern electronic devices and circuitry. It covers basic electronic concepts, solid state devices such as diodes and transistors, and an introduction to basic analog and digital circuit design and analysis emphasizing practical applications, including Ohm's Law and Kirchhoff's laws; nodal and loop analysis; analysis of linear circuits; network theorems; transients in RLC circuits; sinusoidal steady-state analysis and application of PSpice to circuit analysis. (Equivalent to ENGR 006A.)

Lecture Hours: 54    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** MATH 001A.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C1    CSU GE: None    IGETC: None

**PH 011 Statics****Units: 3**

This course is an introduction to the analysis of forces on engineering structures in equilibrium. Vector analysis is utilized to study two- and three-dimensional frames, machines, and trusses. Principles of friction, centroids, center of gravity, and moment of inertia for areas and masses are applied to analyze complex real-world problems. (Equivalent to ENGR 011.)

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** PH 003A & MATH 001B.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**PH 012 Dynamics****Units: 3**

This course is intended for engineering majors planning to transfer to four-year institutions. It covers the fundamentals of kinematics and kinetics of particles and rigid bodies. Topics include kinematics of particle motion, Newton's Second Law, planar and three dimensional motion of rigid bodies, momentum and energy principles for rigid body motion, and an introduction to vibrations and oscillations. (Equivalent to ENGR 012.)

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** ENGR 011 or PH 011.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**PH 017 Introduction to Meteorology****Units: 3**

This course includes the study of the earth's atmosphere, its composition and vertical structure, energy budgets, air pollution and global warming, clouds and precipitation, weather systems and forecasting, severe weather, and atmospheric optics. (C-ID GEOG 130)

Lecture Hours: 54    Lab Hours: None    Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: MATH 054.

Advisory: ENG 061.

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C1    CSU GE: B1    IGETC: 5A

**PH 017L Introduction to Meteorology Lab****Units: 1**

This laboratory course is designed to reinforce and enhance the material covered in PH 017, Introduction to Meteorology. It includes activities about the earth's atmosphere, energy budgets, air pollution and global warming, clouds and precipitation, weather systems and forecasting, and severe weather.

Lecture Hours: None    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: MATH 054 & ENG 061. Corequisite: PH 017 or previously completed.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C1    CSU GE: B3    IGETC: 5C

**PH 020A Physics for Life Sciences Majors I****Units: 4**

This is a calculus-based physics course designed for life science majors and transfers. This course is the first semester of the two semester Physics 20 sequence. Topics include mechanics, simple harmonic motion, fluids, and thermodynamics. This course is offered in Fall semesters.

Lecture Hours: 54    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** MATH 001A.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C1    CSU GE: B1    IGETC: 5A

**PH 020B Physics for Life Sciences Majors II****Units: 4**

This is a calculus-based physics course designed for majors not seeking a degree in the sciences or engineering. This course is the second semester of the Physics 20 sequence. Topics include electricity, magnetism, waves, optics, and selected topics from modern physics. This course is offered in the Spring semester of odd-numbered years. Note:

The Physics 20 sequence satisfies the physics requirement for some pre-professional students. (C-ID PHYS 100 S and PHYS 110)

Lecture Hours: 54    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: PH 020A. Corequisite: MATH 001B.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC    Degree Applicable: AA/AS

COD GE: C1    CSU GE: B1    IGETC: 5A

**PH 031 Undergraduate Research Experience****Units: 2**

Under the supervision of STEM faculty, students will select a project to be completed during the semester. Topics will include information retrieval, computer skills applied to laboratory research, time management and organizational skills, application of modern research methods, experimental design, data collection and analysis, presentation skills (written and oral), and applying for summer internship opportunities. This course is intended for students pursuing a STEM degree and who have completed a minimum of 35 college level units.

Lecture Hours: 18    Lab Hours: 54    Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: PH 003B.

Advisory: LIS 001.

Limitation on enrollment: None

Transfer Status: CSU    Degree Applicable: AA/AS

COD GE: None    CSU GE: None    IGETC: None

**PH 095A Physics Work Experience**

**Units: 1-5**

This work experience course of supervised employment provides students the opportunity to connect academics to applied experiential learning in the workplace. It assists students in developing transferable employability skills, career awareness, learning industry culture, competencies and norms, and developing professional networks that support career mobility. To enroll, students must have a job or internship placement in a part-time or full-time capacity. Credit may be accrued at the rate of one to five (1-5) units per semester based on the student's ability to meet the hours required per unit enrolled. Students must work 54 hours per unit earned. This Work Experience course is available to students whose job or internship placement is directly related to Physics.

Lecture Hours: None      Lab Hours: 270      Repeatable: Yes

Grading: Letter

**Prerequisite:** None

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU      Degree Applicable: AA/AS

COD GE: None      CSU GE: None      IGETC: None

## Political Science (PS)

**PS 001 Introduction to Government**

**Units: 3**

This course is an introduction to the principles, organization and politics of the National Government of the United States, including the study of State and local government. In considering government at the State level, specific emphasis is given to the government of the State of California. Throughout the course, current issues in American and State politics are stressed. (C-ID POLS 110)

Lecture Hours: 54      Lab Hours: None      Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC      Degree Applicable: AA/AS

COD GE: C2      CSU GE: D8      IGETC: 4H

**PS 002 Introduction to Comparative Governments**

**Units: 3**

This course involves the comparative analysis of different kinds of political systems, including their history, political institutions, processes and policies, the environments in which they occur, and their consequences. (C-ID POLS 130)

Lecture Hours: 54      Lab Hours: None      Repeatable: No

Grading: Letter

**Prerequisite:** PS 001.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC      Degree Applicable: AA/AS

COD GE: C2      CSU GE: D8      IGETC: 4H

**PS 003 Introduction to Political Theory**

**Units: 3**

This course is an introduction to the nature and tradition of political inquiry as articulated by classical, modern and contemporary theorists. This course focuses on basic theoretical debates such as, but not limited to, justice, equality, and the best form of government. Throughout the course, the application of theoretical debates to the contemporary world is stressed. (Equivalent to PHIL 003.) (C-ID POLS 120)

Lecture Hours: 54      Lab Hours: None      Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: PS 001.

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC      Degree Applicable: AA/AS

COD GE: C2      CSU GE: D8      IGETC: 4H

**PS 004 Introduction to International Relations**

**Units: 3**

This course is an introduction to the nature of political relations among nations, including the basic factors which influence international relations. Emphasis will be placed on an examination of contemporary world politics. (C-ID POLS 140)

Lecture Hours: 54      Lab Hours: None      Repeatable: No

Grading: Letter

**Prerequisite:** PS 001.

Advisory: None

Limitation on enrollment: None

Transfer Status: CSU/UC      Degree Applicable: AA/AS

COD GE: C2      CSU GE: D8      IGETC: 4H

**PS 005 The American Presidency**

**Units: 3**

This course focuses on the evolution of the American presidency, with an emphasis on the modern presidency. Students will examine the expectations gap: what we expect from our president and what he can accomplish within the confines of the Constitution. Students will also learn about the presidential selection process, from the primaries to the general election.

Lecture Hours: 54      Lab Hours: None      Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC      Degree Applicable: AA/AS

COD GE: C2      CSU GE: None      IGETC: None

**PS 006 Latinx Politics**

**Units: 3**

This course provides an examination of United States structures of political, social, and economic power from the history and experiences of the Latinx population. Students will survey demographic research on the diversity of Latinx identity and political behavior in the U.S. as well as the institutional relationship that Latinx groups have established and challenged within the U.S. political system. Students will also analyze the political relationship Latinx groups have with the U.S. Constitution and civil society organizations.

Lecture Hours: 54      Lab Hours: None      Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: PS 001.

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC      Degree Applicable: AA/AS

COD GE: C2      CSU GE: D      IGETC: 4

**PS 007 African American Politics****Units: 3**

Students will analyze the relationship African Americans have within the US American political system. This course will provide an in-depth understanding of how enslaved Africans and African Americans were able to shape American political thought and culture since the framing of the nation. This course will analyze their influence in the distribution of political power at all levels of the local, state, and federal governments. The course will evaluate African American political movements, and their contribution to feminism, socialist, and nationalist ideology.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: PS 001.

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU Degree Applicable: AA/AS

COD GE: C2 CSU GE: None IGETC: None

**PS 008 Women and Politics****Units: 3**

This course focuses on how women participate in and effect political change. It examines women's subordination and political underrepresentation through an intersectional lens, as well as the wide-range of emancipatory struggles women have undertaken to achieve equality.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A and PS 001.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C2 CSU GE: None IGETC: None

**PS 009 Race and Ethnic Politics****Units: 3**

This course provides an examination of United States institutions of social, political and economic power from the history and experiences of minoritized populations such as African Americans, Latinas/os, Native Americans, Women, Asian Americans, and Immigrants. Students will analyze the U.S. Constitution as well the legislative, executive and judicial branches of governance with regard to citizenship, pluralism, and civil rights and liberties. Other emphases will be on diverse forms of political participation and how it influences U.S. institutions at the local, state and federal levels in movements towards achieving social justice. (C-ID POLS 170)

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: PS 001.

Advisory: ENG 001A.

Limitation on enrollment: None

## Psychology (PSY)

**PSY 001 General Psychology****Units: 3**

This course is an introduction to psychology and defines the principles and theories governing the scientific study of affect, behavior and cognition. Included are such topics as developmental psychology, states of consciousness, psychotropic agents, learning, memory, motivation, emotion, intelligence, personality, stress, and social psychology, psychotherapy, research methodology, and psychological disorders. This survey course offers a foundation and preparation for additional study in psychology and social sciences, for understanding self and others, and principles of psychology to apply to daily life. (C-ID PSY 110)

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 061.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C2 CSU GE: D9 IGETC: 4I

**PSY 003 Developmental Psychology****Units: 3**

This is a life span course that focuses on the behavioral patterns found at each level of normal human development, including the interrelationships of psychological, sociological, cognitive, and physical development from birth to senescence. The implications for both personal development and professional practice are considered. (C-ID PSY 180)

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: PSY 001 &amp; ENG 061.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C2, C5 CSU GE: D9, E IGETC: 4I

**PSY 007 Positive Psychology**

**Units: 3**

The course provides an introduction to positive psychology. Positive psychology uses the tools of rigorous science to examine the sources and nature of positive human strengths, characteristics, resources, and aspirations. This course is designed to explore the concepts, research behind the concepts, techniques, resiliency factors and exercises to enhance optimism, decrease stressors, and significantly increase wellbeing. Topics include happiness, self-esteem, self-knowledge, empathy, compassion, friendship, hope, goal setting, love, parenting, achievement, positive education, positive organizations, resilience, creativity and flow, mindfulness, spirituality, and humor. This course is offered in the Spring semester of even-numbered years.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 061.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C2 CSU GE: E IGETC: None

**PSY 009 Psychology of Prejudice and Discrimination**

**Units: 3**

This course focuses on the psychology of stereotyping, prejudice, and discrimination. An examination of phenomena and processes associated with one's beliefs, attitudes and evaluative responses and behaviors toward members of a social group will be included. Traditional and contemporary theories are covered and applied to current events and issues. The course will primarily concentrate on group differences or identity such as race, ethnicity, gender, sexual orientation, and religion.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C2 CSU GE: D IGETC: 4

**PSY 010 Psychological Aspects/Marriage & Family**

**Units: 3**

This course is designed to develop the student's repertoire of behavioral skills and an understanding of the principles governing marriage and family life. Included are areas such as communication, decision-making, human sexuality, divorce, single parenting, alternative family lifestyles and coping with stress.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 061.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C2, C5 CSU GE: D4, E IGETC: None

**PSY 012 Human Sexuality**

**Units: 3**

This course examines the development and practice of human sexuality through exploration of the psychological, social, cognitive, and physiological dimensions of human behavior. (C-ID PSY 130)

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C2, C5 CSU GE: D7, E IGETC: 4G

**PSY 020 Adolescent Psychology**

**Units: 3**

This course is an introduction to both research and theory related to the growth and development of adolescents. Major areas emphasized include physical and psychological growth, adolescents and their families, the influence of peers, youth subcultures, sex roles, sexual behavior, self image and the impact of society at large. A special emphasis is placed on practical techniques useful to parents and professionals who work with adolescents. This course is offered in the Fall semester of odd-numbered years.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C2, C5 CSU GE: D9, E IGETC: 4I

**PSY 023 Psychology of Women and Gender**

**Units: 3**

This course presents an overview of the psychological and physiological development and perspectives of gender. Theories, myths, and stereotypes in society about gender and femininity along with differences and arguments identified in research will be covered. Topics include research used to study gender, sex-related comparisons and the influence of gender in many areas including relationships, health and communication. This course is offered in the Spring semester of odd-numbered years.

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** None

Advisory: ENG 001A.

Limitation on enrollment: None

Transfer Status: CSU/UC Degree Applicable: AA/AS

COD GE: C2,C5 CSU GE: D4,D9,E IGETC: 4I

**PSY 025 Intro to Research Methods for Soc Sciences**

**Units: 3**

This course is an introduction to the research methodology utilized in the social sciences. This survey of contemporary approaches for study designs and research techniques will include theory development, application of methods, and the systematic nature of data collection. The major qualitative and quantitative research designs and methods such as observation, surveys, experimentation, and correlation will be addressed. This course is offered in the Spring semester. (C-ID PSY 200)

Lecture Hours: 54 Lab Hours: None Repeatable: No

Grading: Letter

## Social Justice Studies (SJS)

### SJS 020 Introduction to Social Justice Studies

Units: 3

Introduction to Social Justice Studies is an interdisciplinary course introducing students to the history, psychology and sociology of racial, ethnic, class, gender and sexual oppression in the United States and the history, strategy and structure of movements for social justice and liberation. It will explore the major theories of race, ethnicity, class, gender and sexuality as they are linked to social structures and institutional processes. Specific examples of persecution, segregation, and asymmetric power relations will be drawn from the testimony of the oppressed throughout American history - in art, film, literature and music. The practices of oppression and resistance in the United States will be compared and contrasted to the experiences of other nations and cultures. (Equivalent to CJ 020)

**TA 080 Theatre Makeup****Units: 3**

This course teaches the basic principles and application techniques of theatrical, film, print, television, and special effects makeup. It executes the learned skills in a laboratory atmosphere utilizing current sanitation rules and regulations as established by the state of California. Students will create an accurate pictorial dictionary, a "morgue," and use it as a reference in creating makeup executions. Students will learn to create characters from scripts using design, timeline plots, visual renderings, and written descriptions. Students learn facial anatomy and its relationship to make-up placement and color. Students will learn product knowledge, including how to access appropriate materials. Other topics include pre- and post-production responsibilities of a makeup designer/artist applicable to various venues. C-ID: THTR 175

**TA 095A Theatre Arts Work Experience**

**Units: 1-5**

This work experience course of supervised employment provides students the opportunity to connect academics to applied experiential learning in the workplace. It assists students in developing transferable employability skills, career awareness, learning industry culture, competencies and norms, and developing professional networks that support career mobility. To enroll, students must have a job or internship placement in a part-time or full-time capacity. Credit may be accrued at the rate of one to five (1-5) units per semester based on the student's ability to meet the hours required per unit enrolled. Students must work 54 hours per unit earned. This Work Experience course is available to students whose job or internship placement is directly related to Theatre Arts.

## Vocational Nursing (VN)

**VN 010 Vocational Nursing I**

**Units: 9**

This course introduces concepts related to the role of the vocational nurse, basic skills, legal and ethical issues, critical thinking, culturally congruent care, pharmacology, fluid/electrolytes, communication and confidentiality. A foundation in normal growth and development including the gerontologic client and end of life care is presented. Using a nursing process format, care of clients with alterations in various body systems is covered.

Lecture Hours: 162 Lab Hours: None Repeatable: No

Grading: Letter

**Prerequisite:** Prerequisite: ENG 061 & HS 013 & HS 062 & HS 067 & PSY 001;. Corequisite: VN 010L.

Advisory: None

Limitation on enrollment: Acceptance to the Vocational Nursing Program

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**VN 010L Vocational Nursing I Lab**

**Units: 7**

This course provides an opportunity for the practice and application of skills needed to meet the clients' basic needs and the maintenance of optimum wellness. Students care for clients with common alterations in the function various body systems. Learning experiences are provided in the on-campus lab and various clinical sites. A materials fee of \$50.00 - \$90.00 is required for this course to cover lab learning activities.

Lecture Hours: None Lab Hours: 378 Repeatable: No

Grading: Pass/No Pass

**Prerequisite:** Prerequisite: HS 013 & HS 062 & HS 067;. Corequisite: VN 010.

Advisory: None

Limitation on enrollment: Acceptance to the Vocational Nursing Program

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

**VN 020 Vocational Nursing II****Units: 9**

Building on the concepts presented in VN 010, this course discusses content related to care of the surgical client and alterations in function of gastrointestinal, urinary, reproductive, neurologic, and spinal cord. Students are also introduced to leadership, supervision of the VN. Introduction to maternity nursing, clients ante, intra and postpartum. Healthy newborn and alterations related to the newborn.

Lecture Hours: 162 Lab Hours: None Repeatable: No  
Grading: Letter

**Prerequisite:** Prerequisite: VN 010 & VN 010L;. **Corequisite:** VN 020L.

**Advisory:** None

**Limitation on enrollment:** None

**Transfer Status:** None **Degree Applicable:** AA/AS

**COD GE:** None **CSU GE:** None **IGETC:** None

**VN 020L Vocational Nursing II Lab****Units: 7**

This course provides opportunity to care for clients with alterations in various body systems and across the life span including the pregnant woman and family. Students will practice in a variety of health care settings.

Lecture Hours: None Lab Hours: 378 Repeatable: No  
Grading: Pass/No Pass

**Prerequisite:** Prerequisite: VN 010 & VN 010L;. **Corequisite:** VN 020.

**Advisory:** None

**Limitation on enrollment:** None

**Transfer Status:** None **Degree Applicable:** AA/AS

**COD GE:** None **CSU GE:** None **IGETC:** None

**VN 030 Vocational Nursing III****Units: 5**

This course builds on all concepts from previous semesters. Students will focus on the care of children with various health care needs. The course concludes with concepts to aid the student transition to the role of professional vocational nurse.

Lecture Hours: 90 Lab Hours: None Repeatable: No  
Grading: Letter

**Prerequisite:** Prerequisite: VN 020 & VN 020L;. **Corequisite:** VN 030L.

**Advisory:** None

**Limitation on enrollment:** None

**Transfer Status:** None **Degree Applicable:** AA/AS

**COD GE:** None **CSU GE:** None **IGETC:** None

**VN 030L Vocational Nursing III Lab****Units: 4**

This course is a continuation of skills that were acquired in VN 010 and VN 020. Students apply concepts of team leading and management skills to care for clients of all ages. Students meet the needs for the hospitalized child and clients experiencing labor, delivery, and postpartum.

Lecture Hours: None Lab Hours: 216 Repeatable: No  
Grading: Pass/No Pass

**Prerequisite:** Prerequisite: VN 020 & VN 020L;. **Corequisite:** VN 030.

**Welding (WELD)****WELD 011A Introduction to Shielded Metal Arc,Welding****Units: 2**

This course covers basic or beginning level SMAW welding. This course includes safe work practices, safety in the welding industry, welding equipment selection, beginning technical drawings used in the welding industry, measuring and cutting, the five basic welds, and thermal cutting processes including OFC and Plasma. Students will demonstrate the ability to weld the five basic welds (Butt, Lap, Outside corner, Tee, and Edge) in the horizontal and flat positions using the SMAW process.

Lecture Hours: 18 Lab Hours: 54 Repeatable: No  
Grading: Letter

**Prerequisite:** None

**Advisory:** None

**Limitation on enrollment:** None

**Transfer Status:** None **Degree Applicable:** AA/AS

**COD GE:** None **CSU GE:** None **IGETC:** None

**WELD 011B Intermediate Shielded Metal Arc Welding****Units: 2**

This course covers intermediate level SMAW welding. This course includes safe work practices, safety in the welding industry, CNC plasma cutting processes, and the four positions of welding: Horizontal, Flat, Vertical, and Overhead. Student will demonstrate the ability to select the proper machine and settings and to perform the five basic welds in the four welding positions.

Lecture Hours: 18 Lab Hours: 54 Repeatable: No  
Grading: Letter

**Prerequisite:** WELD 011A.

**Advisory:** None

**Limitation on enrollment:** None

**Transfer Status:** None **Degree Applicable:** AA/AS

**COD GE:** None **CSU GE:** None **IGETC:** None

**WELD 011C Advanced Shielded Metal Arc Welding****Units: 2**

This capstone course covers the necessary information, preparation, and application to prepare for the AWS Welding Certification in SMAW welding. The completion of the course will include the opportunity to test for AWS SMAW welding certifications in all positions as defined in the SENSE certification.

Lecture Hours: 18 Lab Hours: 54 Repeatable: No  
Grading: Letter

**Prerequisite:** WELD 011B.

## Welding (WELD)

### WELD 012B Intermediate Gas Metal Arc Welding

Units: 2

This course covers intermediate level GMAW welding. This course includes safe work practices, safety in the welding industry, CNC plasma cutting processes, and the four positions of welding: Horizontal, Flat, Vertical, and Overhead. Student will demonstrate the ability to select the proper machine and settings and to perform the five basic welds in the four welding positions.

Lecture Hours: 18 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** WELD 012A.

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

### WELD 012C Advanced Gas Metal Arc Welding

Units: 2

This capstone course covers the necessary information, preparation, and application to prepare for the AWS Welding Certification in GMAW welding. The completion of the course will include the opportunity to prepare sample welds and written tests for certification in all positions as defined in the SENSE certification.

Lecture Hours: 18 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** WELD 012B.

Advisory: None

Limitation on enrollment: None

### WELD 013C Advanced Gas Tungsten Arc Welding

Units: 2

This capstone course covers the necessary information, preparation, and application to prepare for the AWS Welding Certification in GTAW welding. The completion of the course will include the opportunity to prepare sample welds and written tests for certification in all positions.

Lecture Hours: 18 Lab Hours: 54 Repeatable: No

Grading: Letter

**Prerequisite:** WELD 013B.

Advisory: None

Limitation on enrollment: None

Transfer Status: None Degree Applicable: AA/AS

COD GE: None CSU GE: None IGETC: None

### WELD 095A Welding Work Experience

Units: 1-5

This work experience course of supervised employment provides students the opportunity to connect academics to applied experiential learning in the workplace. It assists students in developing transferable employability skills, career awareness, learning industry culture, competencies and norms, and developing professional networks that support career mobility. To enroll, students must have a job or internship placement in a part-time or full-time capacity. Credit may be accrued at the rate of one to five (1-5) units per semester based on the student's ability to meet the hours required per unit enrolled. Students must work 54 hours per unit earned. This Work Experience course is available to students whose job or internship placement is directly related to Welding.

Lecture Hours: None Lab Hours: 270 Repeatable: Yes

Grading: Letter

**Prerequisite:** None

Advisory: None

# ANNOUNCEMENT OF FACULTY AND ADMINISTRATION

---

that society are represented as those of a private citizen rather than those of a spokesperson for the College.

## Academic Freedom

Academic freedom is the right of college faculty to interpret their fields and to communicate conclusions without being subject to interference or penalty because these conclusions may be at variance with those of constituted authorities, organized groups or individuals. The Board of Trustees of the Desert Community College District believes that academic freedom of the college faculty is indispensable to the success of the Desert Community College District in fulfilling its obligations to students and society.

It is the policy of the Board of Trustees of the Desert Community College District to recognize the importance of academic freedom in pursuit of academic excellence for the College, consistent with the following: College faculty are entitled to freedom in the classroom in discussing their subject. The faculty member has license to present whatever he or she may feel is appropriate and the faculty member's individual judgment and discretion shall be responsibly exercised.

College faculty are citizens as well as members of the learned professions. When they speak as citizens, they should be free from institutional censorship or discipline. As persons of learning and members of the College faculty, they must remember that the public may judge their profession and the College by their statements. College faculty should, therefore, make every effort to indicate that when they are speaking or acting as private citizens, they are not speaking or acting for the College. As citizens engaged in a profession that depends upon academic freedom for its health and integrity, College faculty have a particular obligation to promote conditions of free inquiry and to further public understanding of academic freedom.

College faculty are entitled to full freedom in research and in the publication of the results, subject to adequate performance of their other academic duties.

College faculty will ensure the academic freedom of students: the freedom to express and to defend their views and the freedom to question and to differ with the College faculty or the College without penalty.

## The Faculty Code of Professional Ethics

Guided by a profound belief in and respect for the inherent dignity and worth of each individual in the culturally diverse community we serve, the faculty at College of the Desert endeavor to:

- place as their highest priority excellence in teaching, continually striving to improve scholarly and professional competence, maintaining personal and academic integrity, and accepting the role of intellectual guide and facilitator;
- encourage the free pursuit of learning, honoring the confidential nature of the relationship between instructor and student, avoiding exploitation of students for private advantage, and holding before them high scholarly standards for their discipline and appreciation and respect for others;
- accept accountability for maintaining honest academic conduct, high standards of performance, and evaluation that reflects the true merit of students, courses, programs, and services;
- accept the obligations associated with membership in a community of scholars that includes practicing, fostering and defending intellectual honesty, freedom of inquiry and instruction, social responsibility, and respect for the opinion of others;
- acknowledge the rights and obligations associated with the role of citizen within the community ensuring that views expressed within

Associate Professor, Early Childhood Education  
B.A. 2011 Chapman University  
M.A. 2012 Brandman University

**HEATHER BASYE** (2019)

Assistant Professor, Counseling  
B.A. 2010 Chapman University  
M.S. 2017 California State University - San Bernardino

**BRYAN BATRES** (2023)

Assistant Professor, Nursing  
A.S. 2014 College of the Desert  
B.S.N. 2019 University of Texas at Arlington  
M.S.N. 2021 Grand Canyon University

**VICTORIA BAUTISTA** (2019)

Assistant Professor, Counseling  
A.A. 2010 Ventura Community College  
B.S. 2014 California State University - Northridge  
M.S. 2018 California Lutheran University

**ELIU BENAVIDES** (2015)

Professor, History  
B.A. 1998 California State University - San Bernardino  
M.A. 2004 California State University - Fullerton  
Ed.D. 2013 Argosy University - Inland Empire

**YOLANDA BENDER** (2020)

Assistant Professor, Hospitality Management  
B.A. 1979 University of Southern California  
M.B.A. 2022 University of the People

**DONBERT M. BITANGA** (2002)

Professor, Architecture  
B.ARCH. 1992 California Polytechnic State University - San Luis Obispo  
M.ARCH. 2010 Woodbury University

**AMBER BLACK** (2016)

Professor, Sociology  
B.A. 2004 California State University - San Marcos  
M.A. 2011 California State University - San Marcos

**DONNA BLANTON** (2017)

Associate Professor, Mathematics  
B.A. 2005 California State University - Long Beach  
M.S. 2010 California State University - Long Beach

**TANNER BOWN** (2024)

Instructor, Small Business Development  
B.S. 2007 Saint Cloud State University  
M.S. 2014 Canisius University

**KIMBERLY BROOKS** (2018)

Associate Professor, Counseling, Disabled Students Programs and Services  
B.A. 2004 California State University - San Bernardino  
M.A. 2008 California State University - San Bernardino

**GEORGE J. BROWN** (2012)

Professor, Heating, Air Conditioning, and Ventilation  
A.S. 2012 El Camino College

**RICHARD BURNS** (2017)

Associate Professor, Geology  
B.S. 2013 East Carolina University  
M.S. 2015 East Carolina University

**ADELL BYNUM** (2000)

Professor, Coordinator/Counseling, TRiO ACES  
B.A. 1975 University of California - Berkeley  
M.P.A. 1982 California State University - East Bay

**KRISTIE CAMACHO** (2017)

Professor, English  
B.A. 2003 California State University - San Bernardino  
M.A. 2007 National University

**MONICA CAMARGO** (1998)

Professor, Nursing  
B.S.N. 1995 Southern Connecticut State University  
M.S.N. Ed 2019 Grand Canyon University

**JENNE CAREY** (2021)

Professor, Music  
B.S. 2006 McGill University  
M.M. 2012 Westminster College of the Arts Rider University  
M.S. 2021 Purdue University

**ADRIAN CASAS** (2021)

Associate Professor, Health Science  
B.S. 2006 University of California - Los Angeles  
M.P.H. 2014 Loma Linda University  
M.S. 2018 Concordia University Chicago

**MARICELA CASTILLO** (2022)

Associate Professor, Nursing  
B.S.N. 2017 Grand Canyon University  
M.S.N. 2021 Grand Canyon University

**JERMAINE CATHCART** (2017)

Professor, Sociology  
A.A. 2007 Orange Coast College  
B.A. 2009 California State University - Long Beach  
M.A. 2011 University of California - Riverside

Ph.D. 2016 University of California - Riverside

**SURIA Y. CEJA VAZQUEZ** (2021)

Professor, Spanish

B.A. 2009 University of California - Riverside

M.A. 2011 University of California - Riverside

Ph.D. 2015 University of California - Riverside

**CARL CHRISTMAN** (2016)

Professor, Speech

B.A. 2001 La Sierra University

M.A. 2005 California State University - Fullerton

**OCEANA COLLINS** (2015)

Professor, History

B.A. 2004 University of California - Santa Cruz

M.A. 2010 California State University - San Bernardino

**SCOTT M. COOPER** (2011)

Professor, Counseling, Transfer Center

B.A. 1996 Hanover College

M.A. 2000 Chapman University

**MARIA ELENA CRUZ SANTOYO** (2018)

Professor, Counseling, English as a Second Language Noncredit

B.A. 2005 California State University - Long Beach

M.A. 2008 California State University - Long Beach

**DUSTIN S. CULHAN** (2005)

Professor, Mathematics

B.S. 1999 University of California - Riverside

M.S. 2001 University of California - Riverside

Ph.D. 2005 University of California - Riverside

**VICTORIA CURRY** (2016)

Professor, Counseling, Disabled Students Programs and Services

B.A. 1990 San Diego State University

M.A. 1994 California State University - San Bernardino

M.B.A. 1994 California State University - San Bernardino

**VERONICA DAUT** (2016)

Associate Professor, Sociology

B.A. 2006 Vanguard University

M.S. 2011 National University

Ed.D. 2017 Concordia University

**AHRON deGRASSI** (2023)

Assistant Professor, Geography

B.A. 2000 University of California-Berkley

M.A. 2004 University of Sussex

Ph.D. 2015 University of California-Berkley

**MARIA G. DeSANTIAGO** (2004)

Professor, Counseling, EOPS/CARE

A.A. 1998 San Diego City College

B.A. 2000 University of California - Berkeley

M.S. 2002 San Francisco State University

**MARIA ELENA DIAZ** (2015)

Professor, Speech

B.A. 2005 California Baptist University

M.A. 2008 University of Southern California

**MEREDITH DILLON** (2017)

Professor, Kinesiology

A.A. 1996 Santa Barbara City College

A.A. 1998 Santa Barbara City College

B.S. 1998 California Polytechnic State University - San Luis Obispo

M.A. 2000 San Jose State University

Ed.D. 2014 San Francisco State University

**KIMBERLY S. DOZIER** (2005)

Professor, English

B.A. 1991 University of California - Riverside

M.A. 1994 California State University - Sacramento

Ph.D. 1998 Illinois State University

M.A. 2018 Lenoir-Rhyne University

**GWENDOLYN D. EARLE** (2019)

Associate Professor, Business

B.S. 1981 California State University - Fullerton

M.B.A. 2015 Webster University

**MARY EDEN** (2021)

Instructor, Counseling, Black Student Success Center

M.A. 2017 San Diego State University

**AHMED ELSHAFIE** (2015)

Associate Professor, Astronomy/Physics

B.S. 2005 Cairo University

M.S. 2012 University of Arkansas

Ph.D. 2012 University of Arkansas

**LINDA EMERSON** (2004)

Professor, Psychology

B.A. 1995 California State University - San Bernardino

M.S. 1998 California State University - San Bernardino

**JOSEPH C. FARMER** (2000)

Professor, MESA Program Director, Math & Science

B.S. 1974 California State University - Fresno

M.S. 1975 California State University - Fresno

Ph.D. 1982 University of Arizona

**ANTHONY FESMIRE** (2008)

Professor, Music

B.M. 1997 Berklee College of Music

M.M. 2000 University of Southern California

D.A. 2006 University of Northern Colorado

**MELISSA FLORA** (2008)

Professor, Mathematics

B.A. 2003 University of California - Santa Barbara

M.A. 2005 University of California - Santa Barbara

**MARTIN FLORES** (2019)

Assistant Professor, Cyber Security

B.S. 2018 California State University - San Bernardino

**BRIAN FOTINAKES** (2015)

Professor, English

B.A. 2005 California Polytechnic State University - San Luis Obispo

M.A. 2007 California Polytechnic State University - San Luis Obispo

Ph.D. 2014 Indiana University of Pennsylvania

**DIANA GALINDO** (2022)

Vice President, Human Resources and Employee Relations

B.A. 2010 California State University - San Bernardino

M.P.A. 2015 California State University - Long Beach

Professor, Biology  
 B.A. University of California-Berkeley  
 M.S. University of Montana

**JORGE PEREZ (2016)**

Associate Professor, Mathematics  
 B.S. 2008 University of California - Riverside

## Faculty & Administration

M.S. 2009 University of California - Riverside

**DUYEN PHAM** (2023)

Assistant Professor, Chemistry

B.S. 2019 University of California-Riverside

M.S. 2023 California State University-Northridge

**AMANDA F. PHILLIPS** (2012)

Dean, Counseling Services

B.A. 2001 Randolph Macon Woman's College

M.A. 2008 University of Redlands

**JEFFREY W. PLACE** (1997)

Professor, Turfgrass Management and Ornamental Horticulture

A.A. 1973 College of the Desert

B.S. 1975 California State Polytechnic University - Pomona

**GARY PLUNKETT** (2014)

Dean, School of Health Sciences & Education

B.S. 1998 California State University - Dominguez Hills

M.S. 2003 California State University - Long Beach

**BARTLOMIEJ S. PODLESNY** (2005)

Professor, Mathematics

B.S. 2002 California State Polytechnic University - Pomona

M.S. 2004 University of California - Riverside

**FRANCISCO RAMIREZ** (2014)

Professor, Counseling, Career Workforce Solutions Center

B.A. 1999 University of California - Los Angeles

M.Ed. 2003 University of California - Los Angeles

Ed.D. 2019 California State University - San Bernardino

**CHRISTOPHER H. REBA** (2019)

Professor, Commercial Music

A.A. 2001 MiraCosta Community College

B.A. 2004 University of California - San Diego

M.A. 2006 University at Buffalo

**DOUGLAS REDMAN** (2007)

Professor, Automotive

A.A. 1994 Fullerton College

B.A. 1998 California State University - Fullerton

M.S. 2006 California State University - Fullerton

**EDWIN A. REED** (2006)

Professor, Speech

B.S. 1995 Bradley University

M.S. 1997 Illinois State University

**MICHELLE A. RICHARDS** (2000)

Professor, Application and Information Systems

B.S. 1990 Oregon State University

M.Ed. 1994 Oregon State University

**ERIN RICHARDSON** (2023)

Professor, Art

B.A. 2007 California State University - Northridge

M.A. 2009 California State University - Northridge

M.F.A. 2013 California State University - Long Beach

**EDITH ROJAS SALAZAR** (2018)

Assistant Professor, Geology

B.A. 2013 California State University - Los Angeles

M.A. 2016 California State University - Los Angeles

**JOSE PABLO ROMERO** (2016)

Professor, Accounting

B.A. 2011 California State University - San Bernardino

M.S. 2011 California State University - San Bernardino

**ROBERT ROSTECK** (2007)

Professor, Biology

B.A. 1987 Georgetown College

M.S. 1993 University of Tennessee - Knoxville

**REID T. SAGARA** (2014)

Professor, English

B.A. 1998 University of Hawaii

M.A. 2000 University of California - Riverside

M.Ed. 2013 University of Washington

**PHILIP SALAS** (2016)

Associate Professor, Counseling, Student Support Services

B.A. 2007 University of California - Irvine

M.S. 2009 California State University - San Bernardino

**SENORINA S. SALDIVAR** (2008)

Professor, Counseling

A.A. 2003 College of the Desert

B.A. 2004 California State University - San Bernardino

M.A. 2008 Chapman University

Ed.D. 2022 University of Maryland

**HEATHER SANCHEZ** (2008)

Professor, English

A.A. 2003 Copper Mountain College

B.A. 2005 California State University - San Bernardino

M.A. 2007 California State University - San Bernardino

Professor, English as a Second Language

B.A. 1994 University of California - Irvine

M.A. 1996 California State Polytechnic University - Pomona

**MICHAEL L. SMITH** (2001)

Professor, Philosophy

B.A. 1989 University of California - Riverside

M.A. 1994 University of California - Riverside

**LISA SOCCIO** (2006)

Professor, Art History

B.A. 1994 California State University - San Bernardino

M.A. 1997 California State University - Fullerton

Ph.D. 2007 University of California - Riverside

**KURT SPURGIN** (2018)

Professor, Health Science

B.A. 1994 University of California - Santa Barbara  
 D.C. 1998 Southern California University of Health Sciences  
 Ph.D. 2014 University of California - Riverside

**PAMELA STEGEMAN (2017)**

Professor, Business

B.A. 1985 Hamilton College

M.B.A. 1990 Cornell University

Ed.D. 2021 Kansas State University

**ANA M. STOCKWELL (2007)**

Professor, Counseling, Health Sciences

B.A. 2004 California State University - San Bernardino

M.S.W. 2006 California State University - San Bernardino

Psy.D. 2021 California Southern University

**KURT STRUWE (2017)**

Professor, Culinary Arts

B.S. 2006 Art Institute of California

M.B.A. 2010 Southwest Minnesota State University

Ed.D. 2021 Kansas State University

**MARY ROSE SUAREZ (2021)**

Associate Professor, Simulation R.N.

B.S.N. 2011 California State University - San Bernardino

M.S. 2018 Western Governors University

**DIANE E. TARAS (2006)**

Professor, English as a Second Language, English

B.A. 1997 Laurentian University

B.A. 1981 University of Waterloo

M.A. 2004 California State University - Northridge

**ANTHONY M. TESCH (2004)**

Professor, Biology, Human Anatomy, Physiology

B.S. 1995 University of California - Davis

Ph.D. 2004 University of California - Davis

**MARTHA TORRES-MENDEZ (2022)**

Associate Professor, Spanish

B.A. 2013 California State University - Channel Islands

M.A. 2015 University of California - Irvine

Ph.D. 2020 University of California - Irvine

**EVELYN TREJO (2016)**

Professor, Counseling, Veterans

B.A. 2014 California State University - San Bernardino

M.S. 2017 California State University - San Bernardino

**EDUARDO VACA (2016)**

Associate Professor, Environmental Horticulture / Turfgrass Management

A.S. 2005 College of the Desert

B.A. 2021 California State University - San Bernardino

**FREDERICK VESCIAL, JR. (1995)**

Professor, English as a Second Language and Adult Basic Education

B.A. 1987 University of California - Irvine

B.A. 1991 University of California - Irvine

M.A. 1993 Monterey Institute of International Studies

**GIUSEPPE VEZZOLI (2017)**

Professor, Biology

B.S. 2002 Università degli Studi di Milano

M.S. 2006 Università degli Studi di Milano

Ph.D. 2014 University of California - Davis

**SHARON VILARINO (2023)**

Professor, Kinesiology

B.A. 1991 San Diego State University

M.A. 1999 Adams State College

**ELIZABETH WALKER (2021)**

Professor, Political Science

B.A. 2004 Pepperdine University

M.P.A. 2006 Seton Hall University

M.A.Ed. 2011 Claremont Graduate University

M.P.S. 2012 Claremont Graduate University

Ph.D. 2020 Claremont Graduate University

**CORBYN WILD (2015)**

Associate Professor, English

B.A. 2012 California State University - San Bernardino

M.A. 2013 California State University - San Bernardino

Ed.D. 2022 Kansas State University

**CHANTAE WILSON (2018)**

Professor, EMT Paramedic

B.S. 2009 Grand Canyon University

M.S. 2017 Grand Canyon University

**MATTHEW WILSON (2019)**

Assistant Professor, Physical Therapy

B.S. 2012 University of Miami

D.P.T. 2015 University of St. Augustine for Health Sciences

**MARIANA ZEPEDA (2017)**

Associate Professor, Counseling

B.A. 2012 University of California - Los Angeles

M.S. 2016 California State University - San Bernardino

Ed.D. 2022 Kansas State University

## Faculty and Administration Emeriti

**LaVONNE ABRUZZI (1987-1998)**

Associate Professor Emeritus, Nursing

**DAVID ACQUISTAPACE (1999-2015)**

Professor Emeritus, Digital Design and Production

**STEVEN R. ACREE (2001-2014)**

Professor Emeritus, English

**PILAR AGUDELO (2006-2021)**

Professor Emeritus, Spanish

**HORTENSIA "SANDY" ALWAN (1984-2001)**

Adjunct Instructor Emeritus, Spanish

**EVE-MARIE ANDREWS (1999-2014)**

Counselor Emeritus

**JOHN A. ANELLO (1980-1987)**

Professor Emeritus, Music

**FRANKLIN Y. ATTOUN (1967-2014)**

Professor Emeritus, French and Spanish

**BASIL M. AUGUSTINE (2006-2022)**

Professor Emeritus, Counseling

**BETTY BALUSKI (2006-2015)**

Associate Professor Emeritus, Nursing

**MARISSA BAÑUELOS (2018)**

Professor Emeritus, Sociology

**ZERRYL BECKER (1999-2021)**

Professor Emeritus, Business

**ARTHUR W. BENDER (1969-1994)**

Professor Emeritus, Microbiology

**STEPHEN BENO (1985-2017)**

Professor Emeritus, Culinary Arts

**GARY R. BERGSTROM (1992-2021)**

Professor Emeritus, Reading

**ROBIN A. BEST (1997-2022)**

Professor Emeritus, Applications Information Systems

**BARBARA A. BOLAÑOS (1971-1995)**

Professor Emeritus, Sociology

**PAUL D. BOWIE (1970-2006)**

Professor Emeritus, Biology and Botany

**WAYNE E. BOYER (2005-2015)**

Director Emeritus, Nursing and Allied Health

**JUDITH BRAE (1988-2006)**

## Faculty & Administration

Counselor Emeritus, Physical Disabilities  
**CATHLEEN M. BRANT** (1991-2003)  
Professor Emeritus, English  
**FAYE R. CASTILLEJA** (1972-1994)  
Professor Emeritus, Nursing  
**JOANA G. CIURASH** (2006-2024)  
Professor Emeritus, Chemistry  
**JOHN R. COEFIELD** (1963-1995)  
Professor Emeritus, Health, Physical Education and Recreation  
**JOHN COLLIGAN** (1987-1999)  
Professor Emeritus, English and Reading, Copper Mountain Campus  
**JUDITH E. COOK** (1994-2021)  
Professor Emeritus, Art  
**LUIS CORONA** (1975-2000)  
Counselor Emeritus  
**JOHN D. CRAIG** (1972-1983)  
Professor Emeritus, Engineering, Copper Mountain Campus  
**MARGARET A. CURRLIN** (1975-1986)  
Professor Emeritus, Developmental Education  
**LARRY M. DaSHIELL** (1974-2006)  
Professor Emeritus, Auto Mechanics  
**RITA R. DEAN** (1973-2004)  
Professor Emeritus, Developmental Education  
**MILFORD C. DECKER** (1996-2012)  
Professor Emeritus, Computer Information Systems  
**CLAUDIA F. DERUM** (1997-2021)  
Reference Librarian Emeritus, Library and Learning Resources  
**DENISE DIAMOND** (2002-2021)  
Professor Emeritus, English  
**MARCELINO DIAZ, JR.** (1972-2005)  
Counselor Emeritus Coordinator EOPS & CARE Programs  
**WALLACE G. DOHMAN** (1969-1992)  
Professor Emeritus, English, Copper Mountain Campus  
**RALPH DORRE** (1996-2011)  
Adjunct Instructor Emeritus, English  
**STEVE E. DOSTAL** (1985-2018)  
Professor Emeritus, Mathematics  
**KAREN DOSTAL** (1985-2006)  
Professor Emeritus, Mathematics  
**DAVID EINSTEIN** (1994-2012)  
Adjunct Instructor Emeritus, Art  
**SAUNDRA EMERSON** (1999-2007)  
Dean Emeritus, Health Sciences and ECE  
**ROBERT F. ESCUDERO** (1974-1987)  
Professor Emeritus, Spanish  
**JONATHAN D. FERNALD** (2021-2020)  
Professor Emeritus, Library and Learning Resources  
**CHARLES B. FLATT** (1964-2001)  
Professor Emeritus, Sociology and Philosophy  
**ELIZABETH B. FRINCKE** (1977-1998)  
Professor Emeritus, Drafting & Interior Design  
**LEANORA R. FURR** (1962)  
Professor Emeritus, English  
**JOSEPHINE G. GALLEGOS** (1967-2001)  
Director Emeritus, Vocational Education  
**FRANK J. GARCIA** (1968-1998)  
Professor Emeritus, Health, Physical Education & Recreation  
**DAVID A. GEORGE** (1986-2021)  
Professor Emeritus, Business  
**DEEANN GERKEN** (1992-2006)  
Professor Emeritus, Nursing  
**RICHARD O. GILLICK** (1975-1987)  
Director Emeritus, Business/Institutional Services, Copper Mountain Campus  
**THOMAS L. GILLMAN** (1989-2015)  
Professor Emeritus, Computer Sciences  
**RALPH T. GRANNAN** (1973-1997)  
Professor Emeritus, Physics  
**CHARLES R. GREEN** (1966-1997)  
Dean Emeritus, Student Services and Relations  
**EDWARD GROFER** (1998-2015)  
Adjunct Instructor Emeritus, Journalism and Speech  
**WILLIAM A. GUDELUNAS** (1990-2012)  
Professor Emeritus, Political Science and American History  
**EILEEN C. HACKETT** (1993-2006)  
Professor Emeritus, Nursing  
**GEOFF HAGOPIAN** (1989-2021)  
Professor Emeritus, Mathematics  
**KELLY HALL** (2008-2019)  
Dean Emeritus, School of Social Sciences & Arts  
**CELIA C. HARTLEY** (1992-1999)  
Professor Emeritus Nursing, Division Chair Health Sciences, Director of A.D.N, VN, C.N.A and EMT Programs  
**BEVERLY A. HARTNETT** (1968-94)  
Professor Emeritus, Nursing  
**SANDRA D. HAUF** (2006-2022)  
Professor Emeritus, Counseling  
**CYNTHIA HAY** (2000-2014)  
Associate Professor Emeritus, Nursing  
**FRANCIS J. HEDQUIST** (1970-1991)  
Professor Emeritus, Psychology  
**STEPHANIE HERRINGTON** (1999-2015)  
Adjunct Instructor Emeritus, Early Childhood Education  
**WENDY J. HINRICHS SANDERS** (2005-2022)  
Professor Emeritus, Early Childhood Education  
**DEAN W. HOOVER** (1973-1992)  
Professor Emeritus, Reading  
**JAMES M. HOPP** (1974-2001)  
Professor Emeritus, English  
**CHERYL HOUSTON** (1981-2017)  
Adjunct Instructor Emeritus, Kinesiology  
**KATHLEEN HUDGINS** (2006-2014)  
Associate Professor Emeritus, Nursing  
**JOSEPH B. IANTORNO** (1974-1986)  
Professor Emeritus, English  
**C.D. JACKSON Jr.** (1988-2012)  
Professor Emeritus, Developmental Education  
**MARIA C. JASSO** (1996-2022)  
Professor Emeritus, Counseling  
**PENNY S. JENISON** (1999-2009)  
Professor Emeritus, History / Political Science  
**DORIS F. KELLER** (1972-1987)  
Professor Emeritus, Nursing  
**ELISE KING** (1996-2022)  
Professor Emeritus, Counseling  
**JOEL L. KINNAMON** (2012-2021)  
President Emeritus  
**CHARLES D. KROLL** (2001-2014)  
Associate Professor Emeritus, History  
**PAULA N. KROONEN** (1984-2001)  
Adjunct Instructor Emeritus, Japanese and ESL  
**WILLIAM R. KROONEN** (1969-2001)  
Superintendent/President  
**JOHN B. LaFONTAINE** (1996-2005)  
Assistant Professor Emeritus, Air Conditioning and Refrigeration

- IRENE M. LARSEN** (1995-2014)  
Professor Emeritus, Nursing
- CAROL A. LASQUADE** (2005-2015)  
Counselor Emeritus, Coordinator EOPS & CARE Programs
- JAN B. LAWSON** (1970-1994)  
Professor Emeritus, English
- MARIAN T. LEE** (1973-1981)  
Professor Emeritus, Mathematics, Copper Mountain Campus
- JUAN LUJAN** (1989-2012)  
Director Emeritus, Education Centers
- PAUL MAAG** (2000-2015)  
Counselor Emeritus, Alternative Media Specialist
- DOUG A. MacINTIRE** (2002-2015)  
Professor Emeritus, Physics and Computer Science
- MICHAEL MANIS** (1985-2010)  
Professor Emeritus, Business
- JOHN L. MARMAN** (1969-2002)  
Professor Emeritus - Health PE & Recreation, Director Athletics, Division Chair - Health PE & Recreation
- ELEANOR MARTIN** (1977-1989)  
Counselor Emeritus
- ELIZABETH MARTIN** (1979-1994)  
Professor Emeritus, Nursing
- JOHN W. MARZICOLA** (1972-1985)  
Professor Emeritus, Mathematics

Professor Emeritus, English
- VICTOR RIOS, JR.** (1999-2016)  
Professor Emeritus, Sociology
- DARLENE ROMANO** (1988-2020)  
Professor Emeritus, Music
- BRETT ROMER** (1964-2002)  
Professor Emeritus, Physics and Mathematics, Division Chair, Science and Mathematics
- MARGARET K. ROSE** (1994-2014)  
Professor Emeritus, Nursing
- VIDA ROSSI** (2007-2022)  
Professor Emeritus, English
- DAVID SALTER** (1975-2004)  
Professor Emeritus, Biology
- CHRISTINE SCHAEFER** (2016-2024)  
Professor Emeritus, Counseling
- HUSHANG SHAHIDI** (1989-2020)  
Professor Emeritus, Economics and Finance
- MARIA C. SHEEHAN** (2001-2007)  
Superintendent/President Emeritus
- GWENDOLYN J. SMITH** (1980-1992)  
Professor Emeritus, Nursing
- DOMENICO SOTTILE** (1969-2010)  
Professor Emeritus, Italian and Spanish
- KAREN TABOR-REGIS** (1992-2019)  
Dean Emeritus, School of Mathematics & Sciences
- JOHN C. TAMULONIS** (1971-2004)  
Professor Emeritus, Automotive Technology
- JACK R. TAPLESHAY** (1986-2017)  
Professor Emeritus, Communication
- TYRONE R. THOMAS** (1990-2021)  
Professor Emeritus, Adult Basic Education
- DONALD D. THOMPSON** (1965-1996)  
Professor Emeritus, Physical Education
- NORMAN THU** (1975-2001)  
Professor Emeritus, Political Science
- LESLIE TODD** (1995-2006)

Professor Emeritus, Nursing  
**CHRISTINE J. TOMLINSON** (1976-1982)  
Professor Emeritus, Music  
**MARY K. (CHRIS) TOTTEN** (1994-2012)  
Professor Emeritus, Biology  
**RODERICK S. TRACEY** (1984-2014)  
Professor Emeritus, Chemistry  
**DAVID VALENZUELA** (2002-2016)  
Adjunct Instructor Emeritus, Art  
**ALLEN SCOTT VENTURA** (2014-2021)  
Associate Professor Emeritus, Fire Technology  
**ANTHONY VERIVE** (2003-2018)  
Adjunct Instructor Emeritus, Early Childhood Education  
**ANNE M. WALKER** (1984-2005)  
Adjunct Professor Emeritus, Mathematics  
**DOUGLAS J. WALKER** (1971-2005)  
Professor Emeritus Natural Resources and Entomology, Dean - Applied Sciences & Fine Arts, Division Chair - Applied Sciences  
**JOAN L. WALKER** (2004-2014)  
Assistant Professor Emeritus, Nursing  
**HARRY WALTHALL** (1962-1994)  
Librarian Emeritus  
**KENNETH A. WATERS** (1968-91)  
Professor Emeritus, Agriculture and Mechanics  
**FLOYD L. WATSON** (1974-2005)  
Professor Emeritus, Business  
**DON A. WELTY** (1965-2004)  
Coordinator Emeritus, Continuing Education  
**JOY E. WENTZ** (1989-2004)  
Professor Emeritus, English and Composition  
**CHAR WHITAKER** (1991-2005)  
Coordinator Emeritus, Library Services  
**LYNN K. YORK** (1998-2018)  
Adjunct Instructor Emeritus, Computer Information Systems  
**LESLIE YOUNG** (1998-2019)  
Dean Emeritus, School of Health Sciences & Education

## Faculty and Administration In Memoriam

**MARISSA BAÑUELOS** (2018)  
Professor Emeritus, Sociology  
**HAROLD L. BIRD, JR** (1974-1976)  
Professor Emeritus, Nursing  
**MARION BLONDIS** (1965-1976)  
Professor Emeritus, Nursing  
**PAUL D. BOWIE** (1970-2006)  
Professor Emeritus, Biology and Botany  
**MARY A. BOYD** (1989-2012)  
Professor Emeritus, Reading  
**SANDRA R. BRANDON** (1990-2007)  
Professor Emeritus, Computer Information Systems  
**DAN A. BURKE** (1966-1985)  
Professor Emeritus, Developmental Education  
**BRYAN R. BURRAGE** (1973-2004)  
Professor Emeritus, Biology, Anatomy and Zoology  
**DAVID BUTTLES** (1997-2010)  
Athletic Academic Advisor Emeritus  
**THOMAS CIASTKO** (1981-99)  
Professor Emeritus, Respiratory Therapy  
**BUFORD CRITES** (1976-2006)  
Professor Emeritus, Speech  
**EDGAR L. De FOREST** (1962-78)

Professor Emeritus, English and Speech  
**DANIEL V. DETI** (1962-2004)  
Professor Emeritus, French and Spanish  
**STANLEY M. DUPREE** (2012-2014)  
Executive Director Emeritus, Human Resources and Labor Relations  
**M. W. ELLERBROEK** (1961-1981)  
Professor Emeritus/Past Dean of Business Services  
**KATHLYN A. ENCISO** (2006-2024)  
Professor Emeritus, English  
**RON R. EVANS** (1971-2010)  
Professor Emeritus, Art  
**SUSAN EVANS** (1987-2011)  
Adjunct Professor Emeritus, Art  
**CAROLYN L. FISHER** (1963-82)  
Professor Emeritus, Counseling  
**WENDELL C. FORD** (1965-89)  
Media Specialist Emeritus  
**LAWRENCE FREDERICK** (1962-81)  
Professor Emeritus, Mathematics  
**MICHELE GAINES** (2002-2008)  
Professor Emeritus, Theatre Arts  
**ALDEN N. GODFREY** (1991-2006)  
Adjunct Instructor Emeritus, Journalism  
**GEORGE D. GOODWIN** (1962)  
Professor Emeritus, Philosophy and Religion  
**ROBERT M. GRIFFIN** (1966)  
Professor Emeritus, Special Education  
**EUGENE K. HANSON** (1969-1992)  
Professor Emeritus, Philosophy and Religion  
**DONALD HARRISON** (1971-1988)  
Professor Emeritus, Business  
**CHARLES HAYDEN** (1983-2012)  
Trustee Emeritus  
**ROY HUDSON** (1962)  
Professor Emeritus, Rhetoric and Public Address  
**EDWIN T. INGLES** (1960-1974)  
Professor Emeritus/Past Dean of Instruction  
**ROBERT B. JORDAN** (1966-2004)  
Professor Emeritus, Psychology  
**MARIAN M. KATZ** (1967-1992)  
Professor Emeritus, Nursing  
**AUSTIN KILIAN** (1970 -1987)  
Professor Emeritus, Art  
**WILLIAM A. KOHL** (1976-2006)  
Professor Emeritus, Art  
**CHARLES D. KROLL** (2001-2014)  
Associate Professor Emeritus, History  
**KEN LaMONT** (1986-2006)  
Counselor Emeritus  
**ROY MALLERY** (1962)  
Associate Professor Emeritus, Fine Art  
**JUDITH M. MANDEL** (1989-2006)  
Adjunct Instructor Emeritus, French  
**ANTHONY MANZONI** (1986-2018)  
Professor Emeritus, Golf  
**JOHN L. MARMAN** (1969-2002)  
Professor Emeritus - Health PE & Recreation, Director Athletics, Division Chair - Health PE & Recreation  
**J.R. MASTERS, JR** (1964)  
Professor Emeritus, Speech  
**ROY C. McCALL** (1959-73)  
President Emeritus/Past President, Past Superintendent, Coachella Valley Community College District

**ASHLEY T. McDERMOTT** (1964-1999)  
 Professor Emeritus, Astronomy and History

**BARBARA McFADYEN** (1965-87)  
 Professor Emeritus, Political Science

**MARTIN McKELL** (1965-1985)  
 Professor Emeritus, Business

 Professor Emeritus, English and Speech

**LISA WILANDER** (1997-2021)  
 Professor Emeritus and Learning Disability Specialist, Disabled Students Programs & Services

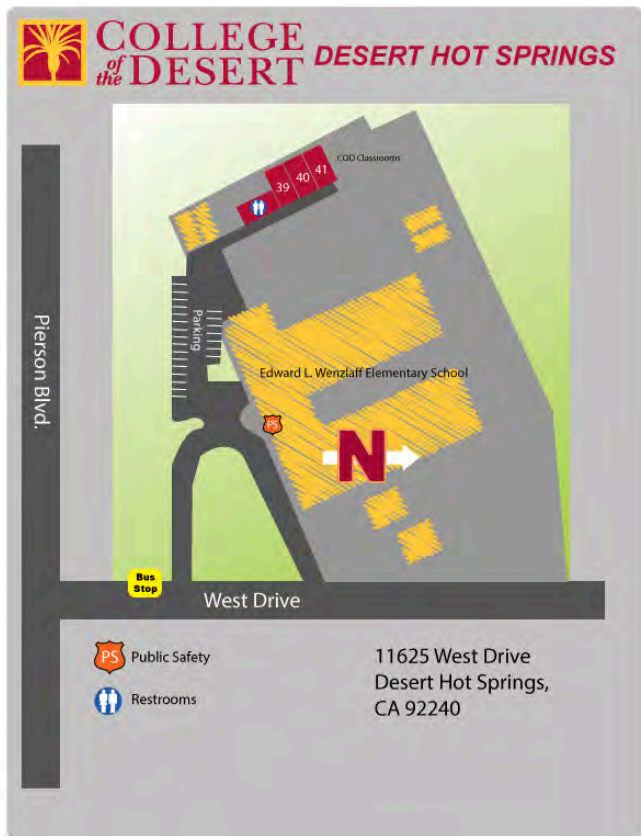

**FRANCES De LONG WILSON** (1969-1984)  
 Professor Emeritus, Developmental Education

# PALM DESERT CAMPUS GUIDE

The map shows the Palm Desert campus of College of the Desert, bounded by Magnesia Falls Drive to the north, Monterey Avenue to the west, and Fred Waring Drive to the south. The campus is divided into several lots (LOT 1 through LOT 28) and contains numerous buildings, parking areas, and recreational facilities. A vicinity map in the lower right corner shows the campus location relative to Monterey Ave, Fred Waring Dr, and Hwy 111. A legend at the bottom identifies various campus features and buildings.
