COLLEGE OF THE DESERT PROJECT MANAGEMENT TEAM TO MEET SEEKING TO EXPEDITE PALM SPRINGS CAMPUS SCHEMATIC DESIGN

PALM DESERT (April 14, 2023) – The project management team working to expedite completion of the schematic design for the College of the Desert (COD) Palm Springs Development Project (PSDP) will meet April 19, 2023 from 9:30 - 11:30 am.

The agenda for the second public meeting of the group includes a preliminary review and discussion of elements of the master site plan, a review of facilities, functions and features of learning environments planned for the campus as well as an update on the status of steps being taken to incorporate board directed changes to the schematic design. The meeting is open to the public.

The meeting will take place in the COD Multi-Purpose Room at the Donald and Peggy Cravens Student Services Center at the COD Palm Desert Campus and be broadcast live on the College website and [College YouTube](#) page. Comments can be submitted in person or virtually during the online meeting prior to the end of the public comment period.

Earlier this year, the Desert Community College District Board of Trustees approved schematic design plans for the campus in Palm Springs, directing staff to incorporate several adjustments prior to proceeding with design and construction plans for submittal to the state for final approval.

The meeting agenda, meeting links and presentations for the public meeting are posted on the [college website](#) and on the [COD bond Palm Springs projects page](#).
