Student Registration Has Changed

College of the Desert has transitioned from WebAdvisor to Self-Service for online student access. **Beginning Summer 2023,** students began to use Self-Service to add/drop courses, add themselves to waitlists, and utilize the add authorization process to enroll in closed courses. Important information on Self-Service has been placed in the student portal.

Students will still register according to their registration priority in the student planning area of Self-Service. An instructional How to Register video can be found on the student portal.

WebAdvisor will no longer be available and will be shut down on December 17, 2023.

The add code process has been replaced with Add Authorization via Self-Service to add a course during the *Add Authorization period*. Add Codes are not used.

Faculty, staff, and students may verify if a course requires approval to add a course (authorization to add) by using the tool below which is found in the Student Portal, Faculty Resource Webpage, and in the Catalogs & Schedules webpage.

In Self-Service, once the student receives instructor approval to add a course the authorized section will have a blue "Authorized for Add" flag on their schedule. When a student receives instructor approval via Self-Service to add a course, the student will need to click the Register button to finish registering. Registration will process assuming all prerequisites and holds have been cleared.

Also, students should make sure to drop a course they have decided not to attend. Faculty are no longer required to drop during the semester. Not dropping a course will result in an FW grade.

What Is Work Experience Education?

College of the Desert's Work Experience Education is a unique academic program where students apply what they have learned in the classroom to a real work environment - all while earning college credit!

By enrolling in a Work Experience course, students will participate in experiential learning activities that will enhance their skill set and strengthen effective work habits. Additionally, students have the opportunity to be coached and mentored by a faculty advisor as a subject matter expert in the student's field of study.

All students who currently work, volunteer, intern, or that have a student worker or federal work study position are eligible to enroll. Credits earned are transferrable to the CSU system. Students may enroll in General Work Experience or an Occupational course based on the student's educational goal and current job-related duties.

General Work Experience (WEG-095A)

WEG-095A is for students who currently have a position that **does not** relate to the student's occupational/educational goal. 1-5 credits of General Work Experience per semester can be earned per semester providing that the hour requirement is met. See chart below.

Occupational Work Experience (XXX-095A)

Occupational courses, such as: AUTO-095A, KINE-095A, BUHM-095A, etc. are for students majoring in the respective field and have a current position that directly aligns with the major/educational goal. If their current position **does** relate to their educational/ occupational goal, 1-5 credits in any occupational work experience course can be earned per semester, providing that the hour requirement is met. See chart below. Here's a full list of participating Work Experience programs.

Registration Details

1. Student must have a job, internship, volunteer, student worker, or federal work study position to enroll.
2. Determine the number of units to enroll in (based on the hours you work, see chart below).
3. Determine which course you will be enrolling in: General or an Occupational course (see description above). If you need further assistance, contact the Work Experience Office before enrolling.
4. Enroll via Self Service:
   • Use the chart below to help you pre-determine up to how many units you may qualify to earn based on the number of hours you will complete. When registering via Self Service, you must choose from the drop-down menu to select the number of units you qualify for. There are no exceptions to the minimum hour requirement.
5. Check CANVAS by the first day of class to complete required forms and get started on the course.

   Additional occupational courses may be available if not listed on Self Service. Call the Work Experience office for details.

Student Education Plans (SEP)

Did you know that the Student Success Act of 2012 (SB 1456) requires students with 15 degree applicable units or three semesters of attendance (whichever comes first), to have an SEP in order to receive priority registration.

In compliance with this law, students that meet those conditions and do not have an SEP will have to register much later than other students during Open Enrollment.

If you need more information about the SEP process, contact the Counseling Center at 760 773-2521.

COD is a Smoke Free Campus

College of the Desert and all of its campuses are smoke-and tobacco-free. At the request of the Associated Students of College of the Desert, the College's Board of Trustees adopted Policy 3570 on July 19, 2018, which bans smoking, vaping and all tobacco products.

This policy applies to all students, faculty and staff and includes all activities occurring on the College's campuses, including the weekend Street Fair.

Anyone who needs help quitting tobacco can call 1-(800) NO-BUTTS, visit www.NoButts.org, or go to Student Health Services to obtain smoking cessation information.

Whether you are a smoker or a non-smoker, College of the Desert knows that the campus community will demonstrate thought-fulness, consideration and cooperation as we work together to successfully implement this new policy.
